Introduction:

LEA: Rocketship Los Suenos Contact (Name, Title, Email, Phone Number): Principal Judy Lavi, jlavi@rsed.org 408-684-4028 LCAP Year: 2016-17

Local Control and Accountability Plan and Annual Update Template

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)

Implementation of State Standards: implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)

Course access: pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)

Expelled pupils (for county offices of education only): coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)

Foster youth (for county offices of education only): coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)

B. Pupil Outcomes:

Pupil achievement: performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

Other pupil outcomes: pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

C. Engagement:

Parental involvement: efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

Pupil engagement: school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

School climate: pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process		Impact on LCAP
Rocketship Los Suenos's LCAP was developed with	n input from multiple stakeholders,	Rocketship Los Suenos provides regular opportunities for
including Rocketship Los Suenos's school leadersh	ip team, staff, families, students, and	parents to give input on the running of their school. These
Rocketship Education's Network staff and board.	The details of this engagement and th	e opportunities include, but are not limited to, monthly coffee
impact on the LCAP plan are explained to the right	t.	chats with the principal, community meetings, and 1:1 meetings
		with the school leadership team.
The LCAP is grounded in the school's specific cont	ext including its student population,	
instructional program, and community priorities.		In all of these engagement opportunities, RLS encourages
		parents to comment on the strengths they see in the school and
Rocketship Los Suenos opened in August 2010, the	e third Rocketship campus to open in	San any operational or instructional concerns they may have, which
Jose. The campus serves K-5 students.		in turn influence the school's plans for LCFF investments.
		In addition to these regular engagement channels, RLS held an
Rocketship Los Suenos Fast Facts	s (as of April 2016):	in-person community meeting on April 15, 2016 to understand
Enrollment	581	the components of LCAP (including the state priorities) and to
FRL Population	89.30%	discuss how we could best use the LCFF funds to serve our

EL Population	55.90%
Special Education Population	4.60%
Population by Ethnicity (as of A	vpril 2016):
Population by Ethnicity (as of A	• •
Asian: 8.8% African-American: 2.1%	
Hispanic: 87.8%	
White: 0.5%	
Other: 0.8%	

Given the majority FRL and EL population, Rocketship Los Suenos's instructional program is built around ELD principles and recognizes incoming students may be several grade levels behind. As a result, all teachers are trained in Guided Language Acquisition Design, small group instruction and differentiation to meet the needs of all students in their classrooms. As outlined in RLS's charter, the key instructional practices include:

- **Personalization.** Students receive targeted small group instruction through core strategies such as Guided Reading, 1:1 and small group tutoring during their time in the Learning Lab.
- **Blended Learning.** Students benefit from access to adaptive online curriculum that provides them content at or slightly above their skill level, as well as the integration of technology into the classroom for project and writing work.
- Data driven instruction. RLS uses a variety of benchmark, formative and summative assessments to continually ensure that students are making progress towards mastery of the CCSS and receiving instruction that is targeted towards their needs. Teachers gather for quarterly professional development "data days" to analyze the interim assessment data.
- **Response to Intervention (RtI).** The RtI framework organizes all of our academic initiatives at RLS. RtI is an ongoing process of using student data to make universal and individual instructional and intervention decisions. The ultimate goal of RtI is for all students to perform at a proficient or advanced level because they have received appropriate instruction, accommodations, and modifications throughout the year.
- **Teacher Specialization.** All of our teachers specialize in either Humanities (ELA / Social Studies) or Math/Science. Advantages for elementary schools that follow the

students and improve services in alignment with the state priorities. In addition to sharing the state's goals, we shared information about services and resources currently offered by the school that align with those priorities and initial proposals for additional services and resources we could offer. Parent representatives from all student subgroups attended the meeting.

To provide the opportunity for all school stakeholders' voices to be heard, Rocketship shared a survey (which was available in English, Spanish, and Vietnamese to reflect our student/family population) with all parents. The survey asked parents to indicate their preferences regarding to which services or resources Rocketship Los Suenos should allocate LCFF funds. 160 parents responded to the survey. The results of the surveys were tallied and then presented to the School Site Council. The SSC, using the results from the LCAP survey, created a formal recommendation to school leaders and Rocketship staff detailing their priorities for increased funding.

In addition to soliciting parental input into the LCAP, we used a portion of our Thursday PD time, which school staff could attend to learn about LCFF and give feedback regarding how to use the funds. We also shared a survey with all school staff, including school leaders, teachers, tutors, enrichment staff, and operational and support staff, to solicit their preferences regarding how to allocate LCFF funds and which services Rocketship Los Suenos should offer to best serve our students. 24 staff members responded to the survey. We also consulted our charter petition to ensure our LCFF investments mirrored the priorities and approach detailed in Rocketship Los Suenos's charter application. We have updated the flow of our LCAP to better align with our charter, making it more transparent for how we will meet and exceed the goals laid out in our charter through our educational program.

Additional groups engaged with during the LCAP process

 team teaching approach include deeper content knowledge, a team structure allowing better collaborative focus, easier transition to middle school, and more flexibility in student grouping. Community priorities at RLS include: Core Values: All Rocketship campuses share four core values respect, responsibility, empathy and persistence—and develop a fifth core value as a community. At RLS this fifth core value is community. At Rocketship Los Suenos, our students and their families are committed to making healthy choices for their bodies and minds. We supplement our students' learning by exposing them to concepts of food system sustainability, various forms of physical exercise, growing plants, and visiting the nearby community garden. 	 include: School Leadership Team Rocketship Education governing board Rocketship Education network staff and leadership Students were also consulted in conversations with teachers during regular classroom community meetings. These efforts focused primarily on third through fifth graders. These students were also surveyed to gather data on school safety via a written survey. The ideas and preferences expressed in parent and staff surveys were totaled and used to influence to what services RLS will allocate LCFF funds. The results were reported to the RLS School Site Council, which came up with a formal recommendation for
essential to the academic success of their student. Through outreach efforts such as conferences, home visits, and community meetings, Rocketship Los Suenos creates a community and fosters parent engagement as a critical element of a Rocketeer's success. RLS has an active parent leadership team and School Site Council.	 LCFF uses. These services are explained in full in the below sections of the LCAP. RLS's preferred uses for LCFF funds are, in order of priority: Additional staff for small group learning and/or language specialist Class Size Reduction ISE paraprofessionals Professional development to retain teachers
Annual Update:	Annual Update:
RLS welcomed Judy Lavi as Principal this year. In her first year as Principal, it was critical for	RLS gathered input from a wide range of stakeholders in
RLS to build strong relationships with families and the local community. The results of that engagement are included in the section to the right.	determining investments for next year and the use of LCFF funds in particular. Given the preferences of schools staff and families, Rocketship Los Suenos will make the following
2014-15 was the first year of SBAC implementation. This new test set a much higher bar for	investments aligned with the state priorities:
our Rocketeers that is calibrated better with our school mission and model. However,	
because of this new assessment, we are unable to compare SBAC results with previous	 maintaining class size reductions
standardized tests and our 2014-15 results serve as a baseline for which we will measure	• investing in school staffing including support staff,
future growth. RLS ended the 2014-15 school year with 39% of 3rd-5 th grade students	enrichment center coordinators, the Business
meeting or exceeding standards in mathematics (compared to 23% for socioeconomically disadvantaged students in nearby schools) and 26% of 3rd-5 th grade students meeting or	Operations Manager and Office Manager positions
exceeding standards in literacy (compared to 28% of their peers). While RLS students are	 investing in additional curricular resources including classroom libraries, and online learning programs

outperforming their socioeconomically disadvantaged and English Learner peers in math,	 supporting technology efforts at the school, including
we are not satisfied with these results. In order to have more students meet or exceed	an investment in additional student computers making necessary building repairs and investing in
standards on state assessments, RLS implemented has continued to modify its academic	custodial services investing in teacher professional development subsidizing the cost of student field trips to provide all
program, which is detailed below.	students with access to enriching opportunities
	The sections below have been updated to reflect these new priority investments. Some of these, such as class size reduction and support staff, are consistent with 2015-16 investments. Parents and staff believed it was critical to maintain these investments. Others, such as personalized learning and data driven instructions, are initiatives we're dedicating supplemental and concentration funding toward for the first time. We will specifically set aside funds for RLS to use toward personnel, such as additional small group or ISE support and for specific professional development.

Section 2: Goals, Actions, Expenditures, and Progress Indicators

Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each

subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.

Goal: Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

Identified Need: Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

Schools: Identify the schoolsites to which the goal applies. LEAs may indicate "all" for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate "all" for all pupils.

Expected Annual Measurable Outcomes: For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

Actions/Services: For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate "all" for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to "ALL."

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education 52052.

Budgeted Expenditures: For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

Guiding Questions:

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning"?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes"?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement" (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

GOAL:	A. Ir	nprove Rocketeers' proficiency in key content areas, overall and for key subgroups	Related State and/or Local Priorities: 1 2_x_ 3 4_x 5 6 7 8_x COE only: 9 10 Local : Specify

Common Core-aligned instruction & materials A-1. The Rocketship Los Suenos curriculum follows the California adoption of the Common Core State Standards ("CCSS") for the subject areas of: English/Language Arts (includes Writing), and Mathematics, as well as the state standards for Social Studies, Art and Music and the Next Generation Science Standards. Rocketship has established ELA and Math focus standards – the most rigorous CCSS at each grade level – as the most important markers of success in order to prioritize the focus of instruction while also ensuring that all grade-level standards are addressed in every course. Rocketship Los Suenos operates an inclusion model and therefore this core curriculum will benefit all students including Special Education students. Rocketship teachers will use the ELL framework to embed analytical tasks, receptive tasks and productive language functions				ards Arts ate lext blished CSS at chile ssed in clusion ill etship ical		OR: Low Income pupilsEnglish Learners Foster YouthRedesignated fluent English proficient Other Subgroups:(Specify)	Core Curriculum <i>LCFF-base</i> \$19,900 (4210) Books <i>LCFF-S+C</i>	

into the curriculum to aid language acquisition.			
Rocketship Los Suenos utilizes a Balanced Literacy approach for ELA instruction with a significant focus on Guided Reading. Expanding the breadth and depth of our classroom libraries will ensure that all students have access to a wide variety of texts to meet the different genre requirements in Common Core, as well as ensuring that all students have access to books at their appropriate reading level. For EL students, this can be particularly motivating and a useful strategy to engage reluctant or struggling readers. These expanded libraries will also enable us to loan			
out books for students to take home, so that parents can			
support reading and language acquisition efforts at home. Personalized Learning	School wide	χ ΔΙΙ	Learning Labs
A-2. RLS's key instructional practices include personalization, blended learning, data-driven instruction, Response to Intervention and teacher specialization. The specific investments for Rtl include Rtl curriculum and tutors . Our objective every day is to get the right lesson to the right child at the right time. We assume that every child, especially the children in the neighborhoods we serve, will have unique learning needs that must be addressed individually. The Rocketship model combines traditional classroom instruction with blended learning, which enables online learning programs technology, small group instruction and tutoring. All students, including our Special Education students, access and benefit from this instructional model as Rocketship Los Suenos operates an inclusion model. In particular, our Special Education students benefits from our Rtl model in which they receive additional Tier II and Tier III tutoring from the general education, special education, Learning Lab and paraprofessional staff. This personalized instruction occurs in the learning lab, making investments in Learning Lab Materials and Leveled Libraries important so that each student has the materials to receive instruction at his or her level. In addition, our adaptive Online Learning Programs (OLPs) are able to adapt to each student's level, ensuring that all aspects of our instructional program are appropriately differentiated for our Special Education		OR: Low Income pupilsEnglish Learners Foster YouthRedesignated fluent English proficient Other Subgroups:(Specify)	Claiming Labs OLPs: \$39,100 (4411) LCFF- S+C Chromebooks: \$28,700 (4421) LCFF-S+C Learning Lab Materials \$3,000 (4390) LCFF-base Leveled Libraries \$3,000 (4115) LCFF-base Rtl Curriculum \$1,800 (4120) Tutors \$193,300 (2101) Title I

students. We invest in Chromebooks and invest budget each year to maintaining a 5:2, student to Chromebook ratio. Additionally, we invest in technology consultants to ensure that our Chromebooks and OLPs are working smoothly, Rocketship invests in technology support consultants . Special Education supports A-3. Although RLS runs an inclusion model, we realize that our special education students may require additional supports to achieve academically and in non-cognitive functions. These additional supports include additional assessments, such as psycho-educational assessments, speech-language assessments and occupational therapy assessments; additional staffing supports, such as adaptive PE instructors, physical therapists, mental health supports and assistive technology specialists; additional materials, including instructional supplies for speech lessons, counseling materials for school psychologists and occupational therapy materials; and adaptive technology. Class size reductions	School wide	x_ALL	Education funding/IDEA
A-4. Students receive personalized instruction through targeted small group instruction and effective whole group instruction led by highly qualified teachers. In order to deepen the impact of our teachers and further personalize instruction, we will be maintaining class size reductions originally initiated in the 2014-15 school year. This class size reduction enables teachers to pull even smaller groups for small group instruction. The reduction will also be particularly beneficial for our Special Education and English Learner populations who will have more frequent access small group instruction and will learn in even smaller, more targeted group settings. RLS accomplishes this by not back- filling empty seats in grades 4-5 from natural attrition, forgoing additional per pupil funding.		OR: Low Income pupilsEnglish Learners Foster YouthRedesignated fluent English proficient Other Subgroups:(Specify)	Class size reductions \$191,200 (1101) <i>LCFF-S+C</i>
GLAD Training	School wide	ALL	GLAD Training

A-5. Our goal is to help our EL students make rapid progress out of levels 1 and 2 and into levels 3 and higher on the CELDT Assessment. We believe that the most effective instructional approach for a school with a high EL population is to embed ELD principles in all aspects of the curriculum and to teach explicit ELD during a portion of the day. To embed ELD principles across all subjects, we work with Project GLAD (Guided Language Acquisition Design) to teach our teachers methods to provide additional instructional support to EL students. Our explicit ELD will focus on developing oral language, grammatical constructs and academic vocabulary in English. This period will take place during the Humanities block when EL students may be leveled by English fluency and provided with explicit ELD instruction. In the Rtl tutoring program, ELs who are not making Significant Gains may receive Literacy instruction as well as ELD as appropriate. Special Education students who are also ELs may have a particularly challenging time acquiring English language. In these cases, we provide Tier II and Tier III tutoring in small group or 1:1 settings. Additionally, we also provide ongoing professional development to our literacy teachers to help them with EL instruction throughout the school year.  A-1. The Rocketship Los Suenos curriculum follows the California adoption of the Common Core State Standards ("CCSS") for the subject areas of: English/Language Arts (includes Writing), and Mathematics, as well as the state standards for Social Studies, Art and Music and the Next Generation Science Standards. Rocketship has established ELA and Math focus standards – the most rigorous CCSS at each grade level – as the most important markers of success in order to prioritize the focus of instruction while also ensuring that all grade-level standards are addressed in every course. Rocketship Los Suenos operates an inclusion model and therefore this core curriculum will benefit all students including Special Education students. Rocketship teachers will use the ELL framework to embed analytical tasks, receptive tasks and productive language functions into the curriculum to aid language acquisition. Rocketship Los Suenos utilizes a Balanced Literacy approach for ELA instruction with a significant focus on Guided Reading. Expanding the breadth and depth of our classroom libraries will ensure that all students have access to a wide variety of texts to meet the different genre requirements in Common Core, as well as ensuring that all students have access to books at their appropriate reading level. For EL students, this can be particularly motivating and a useful strategy to engage reluctant or struggling readers. These expanded libraries will also enable us to loan out books for students to take home, so that parents can support reading and language acquisition efforts at home. A-2. RLS's key instructional practices include personalization, blended learning, data-driven instruction, Response to Intervention and teacher specialization. The specific investments for Rtl include Rtl curriculum and tutors . Our objective every day is to get the right lesson to the right child at the right time. We assume that every child, especially the children in the neighborhoods we serve, will have unique learning needs that must be addressed individually. The Rocketship model combines traditional		OR: _Low Income pupilsEnglish Learners _Foster YouthRedesignated fluent English proficient _Other Subgroups:(Specify)	OLPs: \$39,100 (4411) <i>LCFF-</i> <i>S+C</i> Chromebooks: \$28,400 (4421) <i>LCFF-S+C</i> Learning Lab

classroom instruction with blended learning, which enables online learning programs technology, small group instruction and tutoring. All students, including our Special Education students, access and benefit from this instructional model as Rocketship Los Suenos operates an inclusion model. In particular, our Special Education students benefits from our Rtl model in which they receive additional Tier II and Tier III tutoring from the general education, special education, Learning Lab and paraprofessional staff. This personalized instruction occurs in the learning lab, making investments in Learning Lab Materials and Leveled Libraries important so that each student has the materials to receive instruction at his or her level. In addition, our adaptive Online Learning Programs (OLPs) are able to adapt to each student's level, ensuring that all aspects of our instructional program are appropriately differentiated for our Special Education students. We invest in Chromebooks and invest budget each year to maintaining a 5:2, student to Chromebook ratio. Additionally, we invest in technology consultants to ensure that our Chromebooks and OLPs are working smoothly, Rocketship invests in technology support consultants.			Materials \$3,000 (4390) <i>LCFF-base</i> Leveled Libraries \$3,000 (4115) <i>LCFF-base</i> Rtl Curriculum \$1,800 (4120) Tutors \$193,300 (2101) <i>Title I</i> Technology Consultants \$29,700 (5807) <i>LCFF base</i>
Special education supports A-3. Although RLS runs an inclusion model, we realize that our special education students may require additional supports to achieve academically and in non-cognitive functions. These additional supports include additional assessments, such as psycho-educational assessments, speech-language assessments and occupational therapy assessments; additional staffing supports, such as adaptive PE instructors, physical therapists, mental health supports and assistive technology specialists; additional materials, including instructional supplies for speech lessons, counseling materials for school psychologists and occupational therapy materials; and adaptive technology. Complete a copy of this table for each of the LEA's goals. Duplicate and expand the fields as necessary.

Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the

effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Original GOAL from prior year LCAP:	A. Students have access to Common Core standards aligned curriculum and technology and enroll in courses covering a broad array of content areas taught by appropriately assigned COE only: 9_ 10_ COE only: 9_ 10_ Local : Specify

Planned Actions/Services		Actual Actions/Services	
	Budgeted Expenditures		Estimated Actual Annual Expenditures
 A-1. The Rocketship Los Suenos curriculum follows the California adoption of the Common Core State Standards ("CCSS") for the subject areas of: English/Language Arts (includes Writing), and Mathematics, as well as the state standards for Social Studies, Art and Music and the Next Generation Science Standards. Rocketship has established ELA and Math focus standards – the most rigorous CCSS at each grade level – as the most important markers of success in order to prioritize the focus of instruction while also ensuring that all grade-level standards are addressed in every course. Rocketship Los Suenos operates an inclusion model and therefore this core curriculum will benefit all students including Special Education students. For EL students, Rocketship Los Suenos will provide additional small group instruction in both math and ELA in order to build language acquisition and to pre-teach or preview content. Budget Allocation: Core Curriculum 	\$24,003 (Other)	Rocketship Los Suenos continued to implement Common Core-aligned curricula. After implementing new ELA and math curricula last year, RLS used Core Curriculum budget to bolster math curriculum materials, socio-emotional Kimochi materials, and literacy resources. These benefit all students, including EL and special education because of the inclusion model run in our schools. Additionally, we are monitoring the state roll- out of Next Generation Science Standards (NGSS) and have aligned our curriculum accordingly. We encompass the three Disciplinary Core Ideas of the NGSS, physical sciences, life sciences, and earth science. We also administer NGSS-aligned unit assessments. We integrate science instruction throughout various mediums so that skills that can be applied to subject matter at any time (i.e. recording observations, reading maps, using timelines). Our students experienced hands on science in gardening enrichment period. By teaching these core subjects in various modalities, we're helping all students, including special education and English Learners master the concepts via the method they respond to best. Our spending for core curriculum was in line with our budget.	\$24,002 (Other)

A-2. To ensure that our students are ready for success on the CAASPP, Rocketship Los Suenos transitioned to computer based, Common Core aligned benchmark assessments. Consistent with our model of data driven instruction, the results of these benchmarks will be used to adjust instruction to ensure that all students are moving towards mastery of the Common Core standards. All students will use these	\$21,295 (Other)	Rocketship continued to prioritize student readiness on state assessments. Our students took regular computer-based benchmark assessments to both gauge their progress and allow them to become comfortable with online assessments. Using computer-based assessments also allowed for teachers and school leaders to quickly gather and analyze student progress, enabling them to modify	\$7,504 (other)

assessments, with appropriate modifications and accommodations provided to qualifying students. Budget Allocation: Assessment Software & Materials Scope of Service:		UChicago STEP assessme	better suit student needs. We also invested in ents to help gauge student literacy progress. We budget in this area because we did not need to d score assessments. School-wide

 A-3. Rocketship Los Suenos students will be provided access to a broad array of content areas. Science and Social Studies instruction will be embedded in either Humanities or Math instruction through the use of thematically integrated, standards-based Understanding by Design (UbD) units. These thematic units provide an anchor for EL students, rooting math and ELA skills in common content. This approach has been shown to build vocabulary and schema among EL students. In accordance with the ELL framework and CCSS, these thematic units will also provide research opportunities to students to perform receptive tasks such as reading research, analytical tasks such as synthesizing sources and productive language functions such as presenting their findings. While all students will benefit from these units, EL students will receive additional support, such as previewing vocabulary and extra preparation for oral presentations, as needed. Students will have access to Physical Education and the Arts through an Enrichment block, as well as adaptive online curriculum and tutoring during their time in the Learning Lab. All Rocketship Los Suenos teachers hold appropriate credentials and will be assigned to teach in either Humanities or Math/Science classrooms. Budget Allocation: Certification Costs 	\$24,060 (Other)	Students were exposed Humanities and Math in were honed using the U had the ability to experi- enrichment. A-4. Increase classroom libraries that align to Common Core Rocketship Los Suenos utilizes a Balanced Literacy approach for ELA instruction with a significant focus on Guided Reading. Expanding the breadth and depth of our classroom libraries will ensure that all students have access to a wide variety of texts to meet the different genre requirements in Common Core, as well as ensuring that all students have access to books at their appropriate reading level. Additionally, we will invest in culturally relevant literature to ensure our libraries are both accessible and engaging to students of all backgrounds and at all reading levels. For EL students, this can be particularly motivating and a useful strategy to engage reluctant or struggling readers. These expanded libraries will also enable us to loan out books for students to take home, so that parents can support reading and language acquisition efforts at home. Budget Allocation: Classroom Libraries	\$39,890 (Supplemental and Concentration Funds)	Rocketship Los Suenos made significant investment in classroom libraries. These libraries are CCSS-aligned. A major portion of this investment is in Perfection Learning books, which are innovative literature programs for teaching critical thinking skills while incorporating CCSS standards. These books include fiction and nonfiction, print, hybrid print-digital programs and cover both humanities and math subjects. As noted in our plan, expanded libraries enabled us to loan out books so that Rocketeers can practice reading at home. We were over budget for classroom libraries because more books than anticipated needed to be replaced.		\$43,583 (Supplemental and Concentration Funds)

A-5. Increase instructional supplies that assist in the instruction of Common Core Rocketship Los Suenos has invested in Common Core aligned materials for Math and ELA. With our Math curricula we will focus on teaching math reasoning and logical thinking as well as emphasizing visual learning as a way to help students deeply understand the conceptual underpinnings behind mathematical algorithms. Our ELA curricula will support a deeper focus on the three main genres of narrative, opinion and informational reading and writing while also providing a clear K-5 continuum for craft, language skills, and genre study. All students, including those with an IEP, will access this ELA and math curriculum,	\$26,010 (Supplemental and Concentration Funds)	As noted above, RLS continue to invest in CCSS-aligned curriculum. In addition to this curriculum, RLS invested in additional supplies to support this learning, including math manipulatives to support student mastery of content from a concrete to a pictorial to a conceptual understanding of mathematics. Last year, parents indicated that they would like to see continued investment in instructional supplies, so despite spending significantly in this area in 2014-15, RLS maintained budget on		\$22,962 (Supplemental and Concentration Funds)

appropriate modifications access this content. What changes in actions, services, and expenditures will be made as a result of reviewing past progress and eally formative assessments. We have added quinstruction, and daily formative assessments			f have made major investme earning Program Suite, pur arterly cumulative assessment resources, and resources	t few years, including Common Core and online Sn nents to prepare our Rocketeers for success. This h chasing CCSS-aligned instructional materials and a ents aligned to the network scope & sequence ma es for re-assessment after re-teaching to know wh dents have made progress and perform well wher	as included dding additional SBAC p and CCSS to drive en our students have	

We will achieve this through a continued investment in our Personalized Learning program, which includes use of adaptive online learning programs and small group tutoring to supplement our regular classroom instruction. Because personalized learning occurs across all subjects, students receive the targeted help they need in the subject they need it. Personalized learning not only benefits students who are struggling, but our students who are performing above grade level. Additionally, our math instruction will include regular inclusion of math performance tasks in instructional scope & sequence maps, as well as network-aligned unit assessments at the end of every unit. The School Site Council specifically sited adding a staff member (TA) present in classrooms to support increased small group instruction and a language specialist that targets our lower grades in order to develop language proficiency at earlier levels in order to move kids out of the CELDT continuum as potential improvements.
Our SSC would also like to see Professional Development on trauma, culturally relevant professional development/, and an increased investment in GLAD, along with the introduction of collaboration with outside organizations to share best practices. There will be an additional \$10,000 from LCFF S+C funds for the school to dedicate toward this initiative.
To help our English Learners, we will continue to invest in Project GLAD for all new teachers. This year we added more professional development for literacy teachers to help them throughout the year with integrating EL instruction into their everyday classroom model. We have seen success with this and will continue this investment next year. We have also budgeted funds to continue to provide additional supports to our special education students.

B-1. Rocketship Los Suenos works to establish a safe school environment through the use of a Positive Behavior Interventions and Supports (PBIS) system. The fundamental purpose of PBIS is to create learning environments that are more consistent, predictable, positive, and safe, which helps our students develop their socio-emotional intelligence. RLS has implemented Tier I and Tier II behavioral supports and will expand to Tier III behavioral services to mirror our three tiers of academic supports. While all students benefit from PBIS, students with behavioral needs or those with behavior support plans, particularly benefit from a positive behavior system. Budget Allocation: RTI Curriculum	\$1,800 (Other)	Our schools are continuing to work to implement all components of the PBIS framework consistently and with fidelity. This year we have made significant progress in several domains. First, RLS's PBIS team has worked to increase behavior incident documentation in order to make data- based decisions when thinking through school initiatives, incentives, and consequences. Second, and as a result of the first, our team is now able to identify priority areas and common problem behaviors. Teachers have been relying on this data to plan out strategic, skill-based social- emotional learning objectives that align to the needs of their students and classes. RLS is over budget in this area due to additional curriculum that needed to be purchased.		\$4,682 (Other)

B-2. We ensure that school facilities are in good repair through annual inspections aligned with state Office of Public School Construction Facilities Inspection tool. We invest in necessary repairs and upgrades to ensure the school is a safe and welcoming environment for students, families and staff. Budget Allocation: Building Repairs	\$55,700 (Supplemental and Concentration Funds)	Over the course of the 2015-16 school year, RLS dedicated funds to building maintenance and repair. As a 6-year old building, we recognize the importance of budgeting for both preventative maintenance and unscheduled repairs. Repairs needed this year included fixing plumbing issues, such as leaky faucets, replacing tiles, general upkeep in classrooms, and updates to the playground area including striping and replacing turf. In additional, RLS spent \$202,099 on Capital Improvements. These improvements included 2 nd floor corridor renovation and the addition of Controlled Access as a result of parent concerns about safety. The Controlled Access project included installing gates and fences so that		\$97,473 (building repairs) (Supplemental and Concentration Funds) \$202,099 (capital improvements) (Supplemental and Concentration

 B-3. Increase support staff (arrival, dismissal, hourly) In order to continue to strengthen our systems and operations we have decided to invest in additional staff to support daily transition points such as arrival, dismissal, lunch and recess. These transitions represent a significant percentage of behavior issues on campus. By increasing support staff during these transitions, the school will ensure that students are provided with a safe and welcoming environment throughout the day. Students with behavior support needs will benefit from calmer and quieter transitions and additional supervision during this time will enable staff to quickly deescalate any outbursts that occur during this time. Budget Allocation: Support Staff Salaries 	\$155,339 (Supplemental and Concentration Funds)	Additional support staff have been a critical investment at RLS, providing the necessary staffing for our universal breakfast program, lunch, arrival and dismissal. Support staff are consistently sited by parents and staff as one of the most necessary investments to ensure smooth transitions, especially during lunch, recess, arrival and dismal. Support staff are posted at strategic locations around the campus to ensure no one gains entry to the school without an appropriate pass, that all student walkers are accompanied by an adult, and that all cars obey the arrival and dismissal procedures, thereby ensuring greater safety for our students. They also provide a consistent and friendly presence for students and parents during these key interactions. RLS significantly increased Support Staff budget from 2014-15 to 2015- 16 by \$45,000 in response to parent and staff concern. RLS was able to come in under budget by adjusting responsibilities and procedures to make support staff more effective.	\$141,186 (Supplemental and Concentration Funds)

B-4. Rocketship Los Suenos employs a Business Operations Manager to manage support staff and oversee the daily operations of the school including the school breakfast and lunch program, arrival and dismissal, and the safety and cleanliness of all common spaces. This position is critical to meeting RLS's and the state's goals for student safety. Budget Allocation: Business Operations Manager	\$101,992 (Supplemental and Concentration Funds)	The Business Operations Manager has been a critical role for improving daily operations on RLS's campus. One of the BOMs main responsibilities is managing support staff and, as mentioned above, we increased support staff hours this year in response to parent and staff concerns about high transition times. Without the leadership of our BOM, we would not have been able to come under budget with our Support Staff.	\$99,201 (Supplemental and Concentration Funds)

C-1. As described in support of Goal A above, Rocketship Los Suenos's instructional model will be grounded in research based, Common Core aligned curriculum. It is through the combination of these standards and curriculum with key instructional strategies that we will move all of our students towards proficiency in key content areas. As described in section 1, RLS's key instructional practices include personalization, blended learning, data-driven instruction, Response to Intervention and teacher specialization. All students, including our Special Education students, access and benefit from this instructional model as Rocketship Los Suenos operates an inclusion model. In particular, our Special Education students benefits from our Rtl model in which they receive additional Tier II and Tier III tutoring from the general education, our adaptive Online Learning Programs are able to adapt to each student's level, ensuring that all aspects of our instructional program are appropriately differentiated for our Special Education students.			\$51,050 (Supplemental and Concentration Funds)	Rocketship Los Suenos used a variety of curricula, both print and digital. New copies of Leveled Libraries were purchased for the Learning Labs, increasing each student's opportunity to read grade and proficiency- specific materials. RLS utilizes a suite of OLPs to reach students at every level and cover topics in math, literacy and typing. Math OLPs include ST Math, Dreambox and iReady. Our literacy OLPs are Lexia, myON, and iReady. We use Typing Club to teach student typing. The expenditures in this category were used to purchase licenses for the school year. All curriculum purchases are Common Core-aligned. Last year, parents identified investing in additional classroom supplies as a top priority for LCFF funds. Actual expenditures on books were greater than expected, driving up the overall expenditures in this category. We increased expenditures on books, as requested by parents.		\$70,790 (Supplemental and Concentration Funds)

C-2. Our goal is to help our EL students make rapid progress out of levels 1 and 2 and into levels 3 and higher on the CELDT Assessment. We believe that the most effective instructional approach for a school with a high EL population is to embed ELD principles in all aspects of the curriculum and to teach explicit ELD during a portion of the day. To embed ELD principles across all subjects, we work with Project GLAD (Guided Language Acquisition Design) to teach our teachers methods to provide additional instructional support to EL students. Our explicit ELD will focus on developing oral language, grammatical constructs and academic vocabulary in English. This period will take place during the Humanities block when EL students may be leveled by English fluency and provided with explicit ELD instruction. In the Rtl tutoring program, ELs who are not making Significant Gains may receive Literacy instruction as well as ELD as appropriate. Special Education students who are also ELs may have a particularly challenging time acquiring English language. In these cases, we provide Tier II and Tier III tutoring in small group or 1:1 settings. Budget Allocation: Staff Training (GLAD)	\$5,000 (Title III)	RLS continues to partner with Project GLAD to ensure all teachers are trained on the GLAD strategies for ELD instruction and are familiar with the new ELD framework developed by the CDE. These practices are embedded in all parts of instruction so that the 56% of RLS students who are ELs always engage in appropriate and accessible instruction. Rocketship Los Suenos provides GLAD training to any new staff members who have not already attended the 6 day training. RLS had many returning staff members with previous GLAD training and therefore did not need to utilize the full budget.		\$4,300 Title III

 C-3. Maintain Class Size Reduction Teachers are the most critical ingredient for success at Rocketship. Students receive personalized instruction through targeted small group instruction and effective whole group instruction led by highly qualified teachers. In order to deepen the impact of our teachers and further personalize instruction, we will be maintaining class size reductions originally initiated in the 2014-15 school year. This class size reduction enables teachers to pull even smaller groups for small group instruction. The reduction will also be particularly beneficial for our Special Education and English Learner populations who will have more frequent access small group instruction and will learn in even smaller, more targeted group settings. Budgetary Impact: Maintain Class Size Reduction 	\$246,921 (Supplemental and Concentration Funds)	by admitting fewer new departures in the upper maintaining these reduct attention for students, m congestion during peak e hallway transitions, lunch the smaller class sizes as reductions. E-3. Increase Field Trip Budget Field Trips provide an important opportunity to both deepen students' learning and increase engagement. Many of the field trips taken are science and/or social studies related, enabling teachers to integrate the learning into their thematic units back in the classroom. In addition, parents often attend field trips with their students, thereby increasing parental engagement as well.	\$33,000 (Supplemental and Concentration Funding)	RLS students were able to go on many field trips due to the inver in this area. Field trips allow students to apply concepts learned to the real world, as well as expanding both the content and geo area to which our students are exposed. The cornerstone of our program is fourth and fifth grade overnight trips. Our fourth gra attend Vida Verde for an overnight science trip. Our fifth grader part in a week long science camp at Yosemite. For many of our this trip is often the first time they spend significant time away f		\$27,306 (Supplemental and Concentration Funding)

Budget Allocation: Field Ti	rips			their homes, preparing them for middle school the following year. We were under budget because we were able to utilize discounts for Title I schools.

		(Supplemental and Concentration	The Office Manager is often the face of RLS. The first contact when entering the office, the OM has many roles and maintaining funding for this position is crucial to the success of the school. In addition to coordinating enrollment and parent engagement, our OMs have added responsibility this year for coordinating Immigrant family supports. Further, as controlled access was installed, all Visitors must go through the OM, increasing the importance of this role for keeping the campus safe as well.		\$75,642 (Supplemental and Concentration Funding)

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?RLS met each of its goals for this section with the exception of decreasing chronic absenteeism. School Leaders are working with parents to get to the root causes of student absences and look to improve upon this next year. Rocketship Los Suenos increased the formal role of parent engagement this year. While always promoting active participation by parents in their child's education, this year RLS added new responsibilities to the School Site Council. The SSC met four times, and for the first time ever, provided a formal recommendation to Rocketship for how LCFF S+C funds should be used. Parents have been excited by these changes and feel more empowered not only in their child's education, but the public education system as a whole.We do not have any planned changes to our fieldtrip program for the following year. Our students, parents and staff enjoy these events as					the formal role of ear RLS added new nmendation to wered not only in their	

allocation as the budget allows.

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district's goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated: \$1,323,736			
Rocketship Los Suenos is located in Alum Rock School District where the enrollment of unduplicated pupils is above 55%. As a result, RLS			
qualifies for supplemental and concentration funding. RLS is expected to have an unduplicated pupil population of 88.9%. RLS's estimated			
supplemental and concentration grant for 2016-17 is expected to be \$1,323,736. Rocketship Los Suenos plans to expend these funds on			
maintaining personalized learning, maintaining class size reduction, investing in classroom libraries, increased support staff, a business			
operations manager, facility repairs, professional development, data-driven instruction, enrichment and field trips.			

The majority of the school's population is low income, where many of these school-wide initiatives will be a great benefit to these low income

students. The use of supplemental and concentration funds, while school-wide initiatives, are particularly beneficial for Rocketship Los Suenos's unduplicated population as follows:

- Personalized Learning. Rocketship Los Suenos's instructional model is built on the foundation of personalization. Our unduplicated students, in particular, benefit from our investments in the Learning Labs and RtI curriculum because our model ensures each student is receiving daily instruction specific to his or her needs. Through our suite of Online Learning Programs and Leveled Libraries, each student is exposed to material at his or her level each day. Investments in Chromebooks and related materials with our LCFF funds are used to maintain our Learning Labs and creating a positive academic environment for all students, particularly our unduplicated students who are most at-risk of failing.
- **Class size reduction.** Rocketship Los Suenos's instructional model is built on the foundation of personalization. We believe that targeted small group instruction and 1:1 tutoring are the most effective ways to ensure that all students are moving towards proficiency. For our unduplicated population, and particularly our EL students and Special Education students, targeted small group instruction ensures that a student is able to receive specific language instruction and they are able to further develop their language proficiency through re-tells, explicit vocabulary lessons, and a small group focus on letters, word patterns, spelling, blends, sounds, etc. In addition, during small group guided reading time, staff will provide an EL center, which will be focused on specific language activities (picture cards, writing, vocabulary development, etc.) that are targeted to specific categories of students based on level of progress. By reducing class size, we will ensure that our unduplicated population receive even smaller group instruction and increased attention from their highly-qualified teacher.
- **Classroom libraries.** Rocketship Los Suenos invests in culturally relevant literature to ensure our libraries are both accessible and engaging to students of all backgrounds and at all reading levels. For EL students, this can be particularly motivating and a useful strategy to engage reluctant or struggling readers. These expanded libraries will also enable us to loan out books for students to take home, so that families who cannot afford at-home reading material can support reading and language acquisition efforts at home.
- Increased support staff. We know that our unduplicated population, and particularly our socio-economically disadvantaged students, can benefit from a high level of engagement with positive adult relationships throughout their school day. This investment in additional support staff will ensure that during critical transition points such as arrival, dismissal, lunch and recess, our unduplicated population is supported by adults who are ensuring they are provided with a safe and welcoming environment throughout the day.
- Business Operations Manager. The BOM oversees the daily operations of the school and oversees key processes such as breakfast,

lunch, arrival and dismissal. As such, the BOM interacts with all students and families at the school and therefore plays a critical role in setting and upholding the culture of the school. The BOM is also responsible for maintaining the safety and positive culture of all common spaces. All students, including unduplicated students, benefit from a school environment that is safe, welcoming, and efficiently run.

- **Building repairs.** Students need a safe, clean, and welcoming school environment that functions well so that staff's energy is put towards providing an excellent education and not towards mitigating challenges with the facility. By making strategic investments to repair damages to the building, invest in upgrades, our unduplicated students will enjoy a school that runs smoothly and efficiently and preserves time for instruction. This includes both regular maintenance and capital improvements, and custodial services
- **Teacher professional development.** All students benefit from highly trained and highly motivated teachers. RLS invests heavily in teacher professional development through extensive summer PD. Additionally, over 200 hours during the school year will be devoted to PD through Thursday minimum days. All students, including unduplicated students, benefit from this investment. Further, these professional development opportunities are geared towards content most relevant to our unduplicated population, including Spanish language immersion, teaching in a special education inclusion model, and advanced EL instruction. The costs for this additional PD time is covered by supplemental and concentration funds.
- **Coaching.** Because of Rocketship's unique model, we invest in ensuring that our teachers are comfortable with the rotational model as well as effectively teaching a high percentage of unduplicated students. Principals and Assistant Principals provide customized, targeted one-on-one coaching to each teacher. This is typically about three hours per week to support our newest teachers and less as staff become more comfortable. This particularly benefits our unduplicated students who need unique attention and specialized teaching methods.
- Data-driven instruction. Because of the importance of data to our RtI model, RLS will be a data-driven school. Students are assessed using CAASSP, NWEA MAP, STEP and CELDT. Staff are trained on how to interpret test data, and are engaged in critical analysis of the data quarterly during data days. This helps teachers determine how the school can address any performance deficiencies or negative data trends. The data analysis will be tied to professional development on instruction, so that teachers can enhance their understanding of student performance in light of normative data, and modify their instructional designs accordingly. In this way, staff will continuously be challenged to rethink current pedagogical practices to meet the changing needs of students. Our focus on continual assessment and modification of instructional practices helps our EL and special education students in particular as their needs are addressed quickly and

with data-backed reasoning.

- Enrichment coordinators. Enrichment is a critical component of our unduplicated students' education. In addition to aligning with CCSS standards, time spent in the Enrichment Center provides students with fun and engaging activities that increase their focus and commitment during core instruction. The Enrichment Center Coordinators provide students with the opportunity to engage in physical education, art, and various other enrichment activities that our unduplicated students may not otherwise be able to access. The Coordinators play a critical role in strengthening school culture. RLS will bring in outside consultants, such as gardening, to teach students skills beyond the areas of expertise of the Enrichment Center Coordinators.
- Field trips. Field trips provide an important opportunity to both deepen students' learning and increase engagement. Many of the field trips taken will be science and/or social studies related, enabling teachers to integrate the learning into their thematic units back in the classroom. In addition, parents often attend field trips with their students, thereby increasing parental engagement as well.
 Importantly, field trips provide real-life experiences that our unduplicated students may not otherwise experience, enriching their education and creating engaging learning opportunities. Our fifth grade students will attend a week-long camp near Yosemite National Park, exposing many of our unduplicated students to nature for the first time.
- B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

32

%

Los Suenos's supplemental and concentration grant expenditures in 2015-16 is expected to be \$1,165,182. The estimated supplemental and concentration grant funding for RLS in 2016-17 is estimated to be \$1,323,736 which is a 13.6% increase from this year or \$158,554 in additional funding for our unduplicated pupils. Services for unduplicated students must increase by 32%.

Maintaining class size reduction and staffing investments are the primary contributors in increased services as a result of increased funding. Since 2013-14, we have enjoyed an average class size of two fewer students as a result of LCFF funding. We intend to maintain this 28:1 ratio as funding allows. RLS's instructional model is built on the foundation of personalization. We believe that targeted small group instruction and 1:1 tutoring are the most effective ways to ensure that all students are moving towards proficiency. For our unduplicated population, and particularly our EL students, targeted small group instruction ensures that a student is able to receive specific language instruction and they are able to further develop their language proficiency through re-tells, explicit vocabulary lessons, and a small group focus on letters, word patterns, spelling, blends, sounds, etc. Our investment in personalized learning, through our Learning Labs, which include adaptive online learning programs, technology and leveled libraries, makes state-of-the-art instructional tools available to our students who need it most. In addition, during small group guided reading time, staff will provide an EL center, which will be focused on specific language activities (picture cards, writing, vocabulary development, etc.) that are targeted to specific categories of students based on level of progress. By reducing class size, we will ensure that our unduplicated population receives even smaller group instruction and increased attention from their highly qualified teacher. The commitment to data-driven instruction at RLS, through continual assessment and teacher data training, ensures that our efforts in the Learning Lab and small group instruction are effective. By collecting and analyzing data, we are able to determine in which areas our students are excelling and in which areas they need additional help. Additionally, RLS will invest in our enrichment center coordinators, support staff and business operations, to ensure greater oversight of student activities, leading to a safer and more welcoming environment for all students. In addition, students will have access to greater selection of enrichment offerings. Our investments in classroom libraries, instructional supplies, student computers, and field trips are of particular benefit to our unduplicated students, as they would typically not be able to access such materials or experiences on their own. Many of our unduplicated students do not have access to robust home libraries or home computers so these additional investments provide students with services they would otherwise not access.

LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

- (a) "Chronic absenteeism rate" shall be calculated as follows:
 - (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30) who are chronically absent where "chronic absentee" means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the total number of days and Sundays.

- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30).
- (3) Divide (1) by (2).
- (b) "Middle School dropout rate" shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.
- (c) "High school dropout rate" shall be calculated as follows:
 - (1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).
- (d) "High school graduation rate" shall be calculated as follows:
 - (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).
- (e) "Suspension rate" shall be calculated as follows:
 - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 June 30).
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30).

(3) Divide (1) by (2).

- (f) "Expulsion rate" shall be calculated as follows:
 - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 June 30).
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 June 30).
 - (3) Divide (1) by (2).

01-13-15 [California Department of Education]
