

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

| Local Educational Agency (LEA) Name | Contact Name and Title | Email and Phone |
|--|------------------------------------|--------------------------------------|
| University Preparatory Academy Charter | David Porter Executive Director | dporter@upatoday.com 408-759-5726 |

Plan Summary [2024-25]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

University Preparatory Academy (UPA) was founded on the belief that students will succeed in college if given a foundation of rigorous expectations and outcomes. UPA is intended to be a school where the dream of college success becomes a reality for students from all backgrounds, religions, orientations, and experiences. The core structure to enable this success is a caring, dedicated, and creative staff that genuinely believes in the mission and believes that every student can succeed. The success of UPA is not based solely on academic performance, but also on the attainment of critical skills and experiences that help students thrive at the best universities in the nation.

University Preparatory Academy was granted a countywide charter by the Santa Clara County Office of Education (SCCOE) in August 2006. UPA serves a diverse population of students who reside in East and Central San Jose along with the South County areas of Santa Clara County acting as a college preparatory alternative for students who are not performing to their potential and may get lost in traditional large middle and high school environments.

UPA parents actively support the work of the staff and are important bearers of the mission. Multiple levels of support are available to help students understand that they are surrounded by a community that recognizes their strengths and expects them to rise to their full potential.

Students at UPA thrive which is illustrated by our academic outcomes, CAASPP assessments, and SAT results. Extending UPA's tremendous success to all students is a passion. The staff, students, and community are aligned and dedicated to the mission that every student will flourish and every student's dream of college success will become a reality.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

For the past three years, 83% of all students have passed every class every semester. This includes challenging Advanced Placement courses which are found in every department. The average SAT score is 1023, and over 70% of testing seniors passed with an average score of 1303. With a 76% met or exceeded rate on the CAASPP in English, UPA outperforms the county and the state by over 30 points. In Math, UPA students met the exceeded rate of 63% and demonstrated a 5% increase. Not only does this math score outpace the state and county, but UPA also improved while the state regressed.

Currently, our unduplicated, at-risk, Black/African-American, and Hispanic/LatinX students are demonstrating growth in the SAT and CAASPP. However, we are not seeing the same performance rates as their peers regarding comparative scores or passing rates.

Highlighted below are three key successful actions defined in the 2020-2023 LCAP.

First is Professional Development (PD) focused on culturally responsive pedagogy and student grade success data. This granular evaluation, tied to curricular improvements demonstrated increases in our CAASPP, graduation rates, and more.

Second, the expansion of mental health supports has contributed to a general decrease in school-related anxiety, dropping from the number one student concern to number five.

Third has been our credit recovery program for unduplicated and at-risk students. Run by our Director of Student Support and Alumni Outreach, this program ensures that all struggling students can recover coursework and stay graduation-eligible and college-bound.

Strengths:

- A low rate of 1.2% of UPA students were chronically absent.
- 98.3% of seniors graduated in 2023 (all sub-groups in the highest blue CA Dashboard band).
- 81.9% of seniors were prepared for College/Career based on the CA Dashboard.
- 100% of students were enrolled in A-G courses.
- UPA tested 62.9 points above standard on the ELA CAASPP.
- UPA tested 31.3 points above standard on the Math CAASPP, an increase of 5.8 points.

Challenges:

- 5.2% chronic absenteeism rate for Socioeconomically Disadvantaged (SED) students (ORANGE on State Dashboard - excellent compared to 29.9% Statewide).
- Suspension rate increased by 2.8% to a total of 3.44%.
- 11.8% of EL students were suspended (RED on State Dashboard - 34 EL students total = 4 students suspended).
- 6.8% of SED students were suspended (RED on State Dashboard - 219 SED students total = 15 students suspended).
- 12.9% of EL students (5 students) with decreased scores on the ELPAC.
- EL students tested 46.5 points below standard on the ELA CAASPP.

- EL students tested 91.4 points below standard on the Math CAASPP, a decrease of 11.8 points.

The 2020-2023 LCAP focus on targeted support, intervention, and advancement for UPA’s unduplicated students is not fully realized. The 2024-2027 LCAP is being revised while UPA is concurrently participating in the WASC (Western Association of Schools and Colleges) accreditation process and aligning these two evaluation and planning processes.

The alignment of these two reflective processes sharpens our LCAP goals by focusing on struggling students while continuing our best practices for all students.

This document will exhibit the lessons learned from the last LCAP cycle. For example, the previous LCAP had five goals and 81 action items. That wide focus required us to be all things to all people which was not sustainable. This LCAP will still have five goals but only 21 action items with one of the action items serving three goals and another serving two goals. UPA remains proud of our general academic results, but the excellent results must apply to all students. UPA is up to the task.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

| Educational Partner(s) | Process for Engagement |
|------------------------|--|
| Teachers | Teachers have monthly staff meetings, professional development, and department chairperson meetings. In these meetings, the administration brings goals and action items from the LCAP and WASC for review and feedback. UPA is in the middle of the WASC process and we have had twice monthly staff meetings to get feedback on the LCAP and the WASC. In addition to these conversations, we sent out a teacher survey. The Executive Director also holds a 1:1 with each teacher to gain feedback. |
| Principals | Administrators, called Directors and Dean, participate in all staff meetings and give feedback or guide small group conversations. The Directors and Dean participate in the annual staff survey. |
| Staff | Staff have monthly staff meetings, professional development, and department chairperson meetings. In these meetings, the administration brings goals and action items from the LCAP and WASC for review and feedback. UPA is in the middle of the WASC process and we have had twice monthly staff meetings to get feedback on the LCAP and the WASC. In addition to these conversations, we sent out a staff survey. The Executive Director also holds a 1:1 with each staff member to gain feedback. |
| Parents and Community | UPA holds three annual parent meetings which were administered over Zoom. These have been scheduled for the second week of December, January, and February. Starting in 2023, UPA added a Coffee Talk with the Executive Director which allowed parents to share feedback on school events and discuss the goals of the LCAP from their perspective. In addition to these conversations, we send out |

| Educational Partner(s) | Process for Engagement |
|------------------------|--|
| | <p>a parent/community survey. UPA believes that parent and community engagement is important and has a dedicated person on campus who provides outreach and support to our parent groups. As we prepare for LCAP or WASC meetings, our parent engagement person identifies potential families to specifically reach out to and then provides a more general response. Our targeted outreach includes marginalized groups, families of unduplicated students, and community members (like school founders).</p> |
| Students | <p>The Executive Director holds monthly meetings with students to get feedback and perspective. The Director of Student Support and Alumni Outreach has held a series of student interview panels that give us context to the classroom and campus environment. In addition to these conversations, we send out a student survey.</p> |

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

UPA is successful because all stakeholders believe in the mission and their valuable feedback has been included in our LCAP and WASC processes. The WASC is included this year because it has been a companion in our LCAP work which includes data analysis, reflection on practice, reflection on previous goals, and planning for new goals. In the 2023-2024 LCAP, the following areas were influenced by our stakeholders:

- Goal 1: Provide targeted support, intervention, and advancement for UPA’s unduplicated students.
 - -Teachers - Pushed for EL, IEP, and 504-specific professional development.
 - -Principals - Pushed for data days and in-service to guide teachers in student success analysis.
 - -Staff - Counselors pushed for SST/ILP (student study teams and individual learning plans) for students.
 - -Parents and Community - Asked for summer school, summer bridge, and enrichment courses like community college.
 - -Students - Wanted to see more enrichment courses to allow for variation in our world language courses or to advance in mathematics.

- Goal 2: Provide a safe and caring environment where students feel their mental, physical, and emotional needs are met.
 - -Teachers - Pushed for expanded mental health services, more communication (like the newsletter), and more emergency training/drills.
 - -Principals - Wanted to see expanded mental health services and yearly surveys.
 - -Staff - Wants to see expanded mental health services and increased communication.
 - -Parents and Community - Increased communication (weekly) and schoolwide celebrations.
 - -Students - Increased ASB schoolwide activities, more mental health services, and awareness.

- Goal 3: Ensuring students receive the counseling and academic support needed to make their college dream a reality.

- -Teachers - Streamline the Senior project and tie it to our mission.
- -Principals - Continue with credit recovery options.
- -Staff - Bring back all the college tours to 100%.
- -Parents and Community - Continue prioritizing college drives, FAFSA support, and college essay assistance.
- -Students - Need credit recovery options like Edgenuity.

- Goal 4: Continue student academic growth as demonstrated in the CAASPP through developing, implementing, and monitoring course-level growth assessments.
 - -Teachers - Staff wanted to move away from culturally responsive pedagogy and focus on EL, IEP, and 504 strategies.
 - -Principals - Wanted to see course-level assessments to help track student success.
 - -Staff - Liked the goal and action items.
 - -Parents and Community - Wanted to continue to see the middle and high school support courses for English and Mathematics.
 - -Students - Wanted more courses to prepare them for the next level of courses.

- Goal 5: Create and provide enrichment for students to challenge themselves through opportunities to take on rigorous courses either on-site, digitally, or through a local college.
 - -Teachers - Teachers wanted the Edgenuity action item to have more controls around it so that the student does not drop a course and then turn around and take it online.
 - -Principals - Support the Edgenuity and grade recovery options.
 - -Staff - Wanted to see more summer school courses.
 - -Parents and Community - Wanted to see more enrichment opportunities in the summer.
 - -Students - Want to have access to more enrichment courses on campus during summer or after school.

Goals and Actions

Goal

| Goal # | Description | Type of Goal |
|--------|--|--------------|
| 1 | <p>ELA (English Language Arts) Increase the number and percentage of under-represented students in higher-level courses.</p> <p>Update educational program and course content in terms of literacy (reading, writing, speaking, and listening) to improve overall student proficiency.</p> <p>Actions will focus on decreasing the academic gap for underrepresented (Black/African American and Hispanic/LatinX) students as measured by performance results on CAASPP and NWEA assessments and increasing access to higher-level courses for these student groups which will be reflected in AP course enrollment by subgroup. State measures used to assess progress:</p> <p>1.1 CAASPP ELA scores from State Dashboard 1.2 CAASPP Summative ELPAC scores 1.3 ELPI level scores for EL progress 1.4 English Learner Reclassification Rate</p> | Focus Goal |

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 2: State Standards (Conditions of Learning)
- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

The philosophy of UPA is to provide an equitable playing field. School leadership evaluated grade data and results from GPAs, SAT, CAASPP, and NWEA demonstrating that while UPA's unduplicated and underrepresented students exceed county-wide and state averages, they continue to lag behind their peer groups at UPA in English Language Arts.

After reviewing the data and our current educational program, we have identified the following areas of action that we believe will have a substantial impact on the subgroup's performance. These include:

- 1) Clear and positive expectations for learning;
- 2) Developing skills and habits of persistence and sustained effort;
- 3) Varied language and images for context and understanding;
- 4) Voice and choice for learning;

- 5) Course/class-specific executive functioning; and
- 6) Multiple methods for student demonstration of learning.

Reviewing the literature on best practices and concepts, we resolve to create pathways for higher-level courses. These additional actions are intended to address specific gaps in learning considered for the target subgroups. Non-English departments will realign their vertical integration of content and skills and add literacy skills throughout. Our English Department will do the same but with an intended focus on building the skills for students to excel in AP English Literature and AP English Language.

So that UPA can target new practices for addressing the identified subgroups, the Director of Academic Support and Alumni Outreach will create a list of unduplicated, At-Risk, and underrepresented (Black/African American and Hispanic/LatinX) students who historically struggled in their core courses and create learning plans for those students. Staff will also help counsel our students.

In support of the literacy initiative that will cover all subject areas and the five key action items that will positively impact our focus students, UPA will implement Universal Design for Learning.

Measuring and Reporting Results

| Metric # | Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Target for Year 3 Outcome | Current Difference from Baseline |
|----------|--------------------------------------|--|----------------|----------------|--|----------------------------------|
| 1.1 | CAASPP ELA Scores | CAASPP ELA Scores - 2023: Black/African American - 5.9 points above standard. EL - 46.5 points below standard Hispanic/LatinX - 3.9 points below standard. IEP - less than 11 students, data not available. SED - 21.9 points below standard. | | | CAASPP ELA Scores: Black/African American (+) 10.9 points EL (-) 41.5 points Hispanic/LatinX (-) 1.1 points IEP (-) TBD SED (-) 16.9 points | |

|----------|---------------------|--|----------------|----------------|---|----------------------------------|
| 1.8 | Teacher Credentials | In the 2021-2022 SARC, UPA had a staff of 34.7 teachers, 83.4% were appropriately assigned and fully credentialed and 13.9% had emergency credentials. | | | UPA has 87% of the staff appropriately assigned and fully credentialed. 10% have emergency credentials. | |

Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

Actions

| Action # | Title | Description | Total Funds | Contributing |
|----------|---|---|--------------|--------------|
| 1.1 | Universal Design for Learning | <p>UPA will improve Black/African American, EL, Hispanic/LatinX, IEP, and SED student performance on the CAASPP by 5% and on the NWEA by 3%. UDL (Universal Design for Learning) helps all learners by providing educators with the tools to implement instruction with fidelity.</p> <p>Action 1.1 - Staff will be trained and then implement prioritized UDL strategies which include clear and positive expectations for learning, development of persistence and sustained effort, varied language and images for context and understanding, voice and choice for learning, course/class-specific executive functioning, and multiple methods for student demonstration of learning.</p> <p>Action 1.1 addresses metrics: 1.1</p> | \$150,000.00 | Yes |
| 1.2 | Literacy Skill Development in ELA Courses | <p>Students in grades 7-10 will improve by 3% in both the reading and language use portions of the NWEA assessment.</p> <p>Students will improve their literacy (reading, writing, speaking, and listening) in their ELA courses to prepare students for the rigor of AP English Literature, AP English Language, and/or English 12. Teachers across all subject areas will be recruited to participate in the Reading Apprenticeship by WestEd.</p> <p>Action Item 1.2 addresses metrics: 1.2</p> | \$95,500.00 | Yes |
| 1.3 | Literacy across the curriculum | <p>Implementing action item 1.3 will increase underrepresented students in AP and advanced courses, and we will see increases in exam results by an average of 3% (see the attachment titled: 2022-2023 AP Course Enrollment by Ethnicity with 2023-2024 Growth).</p> <p>Students will improve their literacy (reading, writing, speaking, and listening) across all subject areas to prepare students for the rigor of their AP and advanced courses. Teachers across all subject areas will be recruited to participate in the Reading Apprenticeship by WestEd.</p> | \$95,000.00 | Yes |

| Action # | Title | Description | Total Funds | Contributing |
|----------|----------------------------------|--|----------------|--------------|
| | | Action item 1.3 addresses metrics: 1.5 and 1.6. | | |
| 1.4 | Student Support Tier 2 | <p>At the start of each year, the Director of Academic Support and Alumni Outreach will create a list of unduplicated, At-Risk, and underrepresented (Black/African American and Hispanic/LatinX) students who historically struggled in their core courses. The academic counselors and the Director of Academic Support and Alumni Outreach will then coordinate support, student study teams, and tutoring. As a result of these supports, unduplicated students will show a decrease in the number of students failing 2 or more courses by 5%. The whole school population will see a decrease of 3%.</p> <p>Action Item 1.4 addresses metrics: 1.7</p> | \$145,000.00 | Yes |
| 1.5 | High Quality Teachers | <p>UPA will ensure that all staff at UPA have the background and certifications to teach their subject and EL students by providing professional development opportunities. Merit pay incentives will encourage teachers to complete their credentials and continue advancing their education. UPA will see an increase of 4% in the number of teachers fully qualified to teach.</p> <p>Action Item 1.5 addresses metrics: 1.8</p> | \$7,372,929.00 | Yes |
| 1.6 | English Language Learner Support | <p>Action 1.6 will improve English Language Learner progress as measured by the ELPI (an increase of 15% of students measuring level 4 or above), and an increase of reclassification rates by 6%.</p> <p>To accomplish this action item, UPA will support a 0.2 EL Coordinator who will develop an ILP (individual learning plan) for each student and provide in-class EL support. In addition, the UDL training teachers are taking will be focused on serving EL, IEP, and SED students.</p> | \$110,000.00 | Yes |

Goals and Actions

Goal

| Goal # | Description | Type of Goal |
|--------|---|------------------------------|
| 2 | <p>Math</p> <p>Reduce the performance gap between under-represented student subgroups and the general student population in Mathematics. Measurements of GPA and SAT data, CAASP, and NWEA results will be used to determine the success of actions taken. A special focus will be on teaching critical math skills in mathematics and numeracy skills across the curriculum. Numeracy is defined as “the ability to access, use, interpret and communicate mathematical information and ideas to engage in and manage the mathematical demands of a range of situations in adult life,” (Institute of Education Sciences, US Department of Education, 2020).</p> <p>State measures used to assess progress: 2.1 CAASPP Math scores from State Dashboard 2.2 CAASPP Summative ELPAC scores 2.3 ELPI level scores for EL progress</p> | Maintenance of Progress Goal |

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 2: State Standards (Conditions of Learning)
- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

The evaluation of grade data, GPA, SAT, CAASPP, and NWEA results demonstrate that while UPA's unduplicated and underrepresented students are exceeding county-wide and state averages, they continue to lag behind their peer groups at UPA in Math.

After reviewing the data and our current educational program, we have identified the following areas of action that we believe will have a substantial impact on the subgroup's performance. These include:

- 1) Clear and positive expectations for learning;
- 2) Developing skills and habits of persistence and sustained effort;
- 3) Varied language and images for context and understanding;
- 4) Voice and choice for learning;
- 5) Course/class-specific executive functioning; and
- 6) Multiple methods for student demonstration of learning.

In support of the literacy initiative that will cover all subject areas and the five key action items that will positively impact our focus students, UPA will implement Universal Design for Learning.

Non-mathematics departments will realign their vertical integration of content and skills and will add numeracy skills throughout. Our Mathematics Department will do the same but with the intended focus on building the skills for students to excel in AP Calculus AB and AP Calculus BC. Finally, our Director of Academic Support and Alumni Outreach will create a list of unduplicated, At-Risk, and underrepresented (Black/African American and Hispanic/LatinX) students who historically struggled in their core courses and create learning plans. Staff will also help counsel our students.

Measuring and Reporting Results

|----------|-------|---|-------------|--------------|
| | | <p>struggled in their core courses. The academic counselors and the Director of Academic Support and Alumni Outreach will then coordinate support, student study teams, and tutoring. As a result of these supports, unduplicated students will show a decrease in the number of students failing 2 or more courses by 5%. The whole school population will see a decrease of 3%.</p> <p>Action Item 2.4 addresses metrics: 2.3</p> | | |

Goals and Actions

Goal

| Goal # | Description | Type of Goal |
|--------|--|--------------|
| 3 | <p>Advancement and Enrichment Increase the number of under-represented students enrolled in higher-level courses. A focus is to provide outreach through enhanced tracking to ensure the development of executive functioning skills, gradual release of responsibility, and development of student agency.</p> <p>State measures used to assess progress: 3.1 Chronic Absenteeism from State Dashboard 3.2 CAASPP Math scores from State Dashboard 3.3 CAASPP ELA scores from State Dashboard</p> | Broad Goal |

State Priorities addressed by this goal.

Priority 7: Course Access (Conditions of Learning)
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

UPA chose this goal because we compared the population of our Black/African American, Hispanic, IEP, and SED students with their representative populations in our advanced courses. The current student demographics for Black/African American and Hispanic/LatinX students are:

- Black/African American – 17.50%
- Hispanic/LatinX – 19.10%

In an attachment to this document (2022-2023 AP Course Enrollment by Ethnicity with 2023-2024 Growth), it is clear that our underrepresented students are accessing our advanced courses, however, these students are not enrolling in the courses equal to the population in the school. This goal is designed to address this disparity by building student confidence through skill development in all classes that lead to our advanced courses. UPA's EL and SED students continue to struggle compared to their peers and are most impacted by previous student behavior responses. The data shows that there is a direct link between student behavior and how the student feels about the school they attend - "Do I belong?". The result of this mindset is increased absences. We then see a negative feedback loop: Sense of belonging --> decreasing grades --> increased negative behavior --> increased chronic absence. Another unfortunate result of this cycle is decreased CAASPP scores.

Measuring and Reporting Results

| Metric # | Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Target for Year 3 Outcome | Current Difference from Baseline |
|----------|----------------------------|--|----------------|----------------|---|----------------------------------|
| 3.1 | CAASPP Math and ELA Scores | <p>CAASPP ELA Scores - 2023: Black/African American - 5.9 points above standard EL - 46.5 points below standard Hispanic/LatinX - 3.9 points below standard IEP - less than 11 students, data not available SED - 21.9 points below standard</p> <p>CAASPP Math Scores - 2023: Black/African American - 44.1 points above standard EL - 91.4 points below standard Hispanic/LatinX - 40.2 points below standard IEP - less than 11 students, data not available SED - 37.1 points below standard</p> | | | <p>CAASPP ELA Scores: Black/African American (+) 11 points EL (-) 41 points Hispanic/LatinX (+) 2 points IEP - TBD based on testing size SED (-) 17 points</p> <p>CAASPP Math Scores: Black/African Amer. Actions

| Action # | Title | Description | Total Funds | Contributing |
|----------|----------------------------------|--|-------------|--------------|
| 3.1 | Universal Design For Learning | <p>UPA will improve Black/African American, EL, Hispanic/LatinX, IEP, and SED student performance on the CAASPP by 5%. UDL (Universal Design for Learning) helps all learners by providing educators with the tools to implement instruction with fidelity.</p> <p>Action 3.1 - Staff will be trained and then implement prioritized UDL strategies which include clear and positive expectations for learning, development of persistence and sustained effort, varied language and images for context and understanding, voice and choice for learning, course/class-specific executive functioning, and multiple methods for student demonstration of learning.</p> <p>Action 3.1 addresses metrics: 3.1</p> <p>Shared with Action Goals 1 and 2.</p> | \$0.00 | Yes |
| 3.2 | Vertical Alignment for AP Access | <p>Departments will realign their vertical integration of standards for grade levels 7-12, with a focus on preparing students for the department's advanced and AP course(s). Each course will continue developing and implementing course-level assessments (pre-mid-post) unless NWEA is being utilized (English 7, 9, Math 7, 8, and IM1). The goal will be to increase participation in Advanced Band, AP Calculus AB/BC, AP Chemistry, AP Computer Science, AP Biology, AP English Language, AP English Literature, AP Physics 1, AP U.S. History, AP World History, and Integrated Math 3+ by an average of 3%.</p> | \$45,000.00 | Yes |

| Action # | Title | Description | Total Funds | Contributing |
|------------|----------------------------------|--|--------------|--------------|
| | | <p>Action 3.2 addresses metrics: 3.3 and 3.4.</p> <p>Shared with Action Goals 1 and 2.</p> | | |
| 3.3 | Counseling Support for AP Access | <p>Teachers and counselors will work with students in January and February to help them identify which AP courses would challenge them and match their interests. They will provide targeted support for unduplicated and At-Risk students.</p> <p>Action item 3.3 will result in an average of 2.5 student-counselor contacts per year with the least being 2.0 counts per grade level.</p> <p>Action 3.3 addresses metrics: 3.5</p> | \$240,000.00 | No Yes |
| 3.4 | From PSAT to AP Bootcamp | <p>Counselors will receive the October PSAT results in mid-November. The counseling department will review the list and identify any unduplicated and underrepresented (Black/African American and Hispanic/LatinX) students who scored well enough to take an advanced or AP course. The counselors will meet with those students to encourage them to sign up for the course and AP Bootcamp.</p> <p>Action 3.4 will result in at least 30 students participating in AP Bootcamp per year and increases in AP course participation (see action item 3.3).</p> <p>Action 3.3 addresses metrics: 3.3 and 3.4</p> | \$60,000.00 | Yes |

Goals and Actions

Goal

| Goal # | Description | Type of Goal |
|--------|---|--------------|
| 4 | <p>School Community</p> <p>Increase the level of family engagement with UPA and provide a safe and caring environment in which students feel that their mental, physical, and emotional needs are met in order to engage with a rigorous curriculum. Through conversations with stakeholder UPA has developed student engagement actions structured to help reduce absenteeism and suspension rates. State measures used to assess progress:</p> <p>3.1 Chronic Absenteeism from State Dashboard</p> <p>3.2 Suspension Rates from the State Dashboard</p> | Broad Goal |

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 3: Parental Involvement (Engagement)
- Priority 5: Pupil Engagement (Engagement)
- Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

UPA conducts student, staff, and parent/community surveys, and one metric that is an opportunity for improvement is parent and family outreach. Only 38% of students have a positive connection between school and their families. The data is similar for parents with the school staff and administration. UPA has a tremendous opportunity for improvement in the area of staff and community engagement. A positive effect of the work that will be done for this goal will allow us greater contact with our underrepresented and unduplicated families.

Measuring and Reporting Results

| Metric # | Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Target for Year 3 Outcome | Current Difference from Baseline |

Actions

| Action # | Title | Description | Total Funds | Contributing |
|----------|---------------------|---|-------------|--------------|
| 4.1 | Student Community | <p>The Director of Student Services and the ASB and Seminar Coordinators will create a year-long plan that provides seminar lessons, student-run breaks, lunchtime, and after-school experiences that foster positive peer relationships, positive adult-to-student relationships, and a greater sense of belonging for students.</p> <p>Action Item 4.1 will result in positive increases in school fit by 5% and school climate by 5%.</p> <p>Action Item 4.1 is associated with metrics: 4.1</p> | \$12,500.00 | No Yes |
| 4.2 | Restorative Justice | <p>The Director of Student Services will implement a restorative justice PBIS program. The goal of the program is to positively intervene with students before an incident becomes more serious. The reflective process helps students improve their actions.</p> <p>Action Item 4.2 will reduce suspensions for all students, but specifically Black/African American students by 3.9%, Hispanic/LatinX students by 3.15%, EL students by 5.3%, and SED students by 3.4%.</p> <p>Action Item 4.2 is associated with metrics: 4.2</p> | \$50,000.00 | Yes |

| Action # | Title | Description | Total Funds | Contributing |
|----------|-----------------|--|-------------|--------------|
| | | | | |
| 4.3 | Absenteeism | <p>The Dean of Student Services and the Student Support Specialist will work together to identify chronically absent students and conduct outreach (including home visits) along with evening parent classes to help families understand the importance of daily attendance.</p> <p>Action Item 4.3 will result in a general decrease in absenteeism for all students, but specifically Black/African American students by 0.8%, Hispanic/LatinX students by 0.7%, and SED students by 3.2%.</p> | \$32,500.00 | Yes |
| 4.4 | Parent Outreach | <p>UPA will extend the sense of belonging to all parents and families through consistent outreach programs (Back to School Night, Parent BBQ, Spring Mixer), volunteerism, Coffee Talks, and weekly newsletters. The Student Support Specialist will provide a calendar of events hosted by UPA and post-family volunteering opportunities.</p> <p>The Executive Assistant will provide a calendar of monthly Coffee Talks with families and will send out weekly newsletters to families.</p> <p>Action Item 4.4 will result in a 20% increase in family engagement as measured by students.</p> <p>Action Item 4.4 is associated with metrics: 4.1</p> | \$90,000.00 | No Yes |

Goals and Actions

Goal

| Goal # | Description | Type of Goal |
|--------|--|--------------|
| 5 | School Policies and Procedures Increase the level of student, family, and staff participation in school governance. UPA will implement consistent and transparent processes for the creation and update of schoolwide policies and procedures to support UPA staff and students. We will measure the progress of this goal using local indicators with staff and student surveys. | Focus Goal |

State Priorities addressed by this goal.

Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

A significant learning that was revealed in the recent WASC accreditation process highlighted policies, processes, and transparency. This need for improvement was reiterated by our students and parents in other engagement activities. UPA stakeholders want to have greater input in the running of the school when it comes to bigger picture items including the master calendar, professional development, student activities, student rules and discipline, parent clarity for absences, behavior, and grading policies. This goal intends to bring more stakeholders into the process of decision-making through the implementation of several engagement processes.

Actions

| Action # | Title | Description | Total Funds | Contributing |
|----------|-----------------|--|-------------|--------------|
| 5.1 | Feedback Cycles | <p>Implement a consistent, annual, high-quality feedback/coaching cycle for all UPA staff. Leadership will provide annual written feedback to teachers and support staff. By logging multiple annual teacher observations and coaching sessions between each teacher and their evaluator two critical things will happen: 1) teacher implementation of PD will vastly improve and, 2) there will be an improvement in the educational experience for our students.</p> <p>Implementing action item 5.1 will increase by 29% in Feedback and Coaching. This will support each staff member in their professional development, and align to support all students.</p> <p>Action Item 5.1 is associated with metrics: 5.1</p> | \$42,500.00 | Yes |
| 5.2 | Staff Input | <p>Administrators will intentionally create more opportunities for staff input to influence schoolwide policies and decision-making through the development of instructional and leadership committees, staff input at meetings, and participation in the school safety, staff, and student handbooks.</p> <p>Action 5.2 will show an increase of at least 10% in Staff Satisfaction and at least 20% in School Leadership.</p> <p>Action 5.2 is associated with metrics: 5.1</p> | \$30,000.00 | No |

| Action # | Title | Description | Total Funds | Contributing |
|----------|-------------------------------------|--|-------------|--------------|
| 5.3 | Staff Morale | <p>School leaders will create more opportunities for the staff to bond and improve the work culture for all UPA employees. They will also focus on building strong, respectful relationships with all staff members.</p> <p>Action 5.3 will show an increase of at least 10% in Staff Satisfaction and at least 20% in School Leadership,</p> <p>Action 5.3 is associated with metrics: 5.1</p> | \$10,000.00 | No |
| 5.4 | Transparent Policies and Procedures | <p>Establish and implement clear, specific, transparent, and efficient internal procedures and policies so that every employee agrees with these procedures, all employees have access to what they need, and wage scales are transparent.</p> <p>Action 5.4 will show an increase of at least 10% in Staff Satisfaction and at least 20% in School Leadership.</p> <p>Action 5.4 is associated with metrics: 5.1</p> | \$40,000.00 | No |
| 5.5 | Student Engagement | <p>Students need to be active participants in the school community. Students need to learn the school rules, policies, and procedures for all aspects of teaching, learning, and counseling. Furthermore, students need to have an active voice in school governance.</p> <p>Action 5.5 will show an increase of 10% in School Climate - increasing to 73%.</p> <p>Action Item 5.5 is associated with metrics: 5.2</p> | \$40,000.00 | No |

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|-------------------|---|---|--|
| 1.1 | <p>Action: Universal Design for Learning</p> <p>Need: Goal 1 focuses on ELA growth for our unduplicated and at-risk (Black/African American, Hispanic/LatinX) students. EL and SED students are significantly below the standard average on the CAASPP, courses and are not corollary represented in AP</p> | <p>UDL is a teaching methodology that addresses the specific needs of unduplicated and at-risk students and provides unilateral support for all students. The teaching strategies that are helpful for EL students are also helpful for all students.</p> | <p>The metrics we will be closely monitoring are CAASP distance from standard, NWEA scores (reading and language), ELPAC level movement, and participation of EL and SED students in AP courses.</p> |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|-------------------|--|---|---|
| | <p>courses. This goal and action item specifically address this disparity.</p> <p>Scope: LEA-wide Schoolwide</p> | | |
| 1.2 | <p>Action: Literacy Skill Development in ELA Courses</p> <p>Need: SED students are currently 21.9 points below the standard on the CAASPP, 16% below the school pass rate for all classes, and are not represented in AP courses equivalent to their population within the school.</p> <p>Scope: Schoolwide</p> | <p>The focus of Goal 1, action item 1.2 is to realign the English Language Arts department’s curriculum and skills. The department will incorporate more reading skills, language attainment, and usage, and make ELA standards and skills more transparent to students, families, and support systems. The impact of this work will benefit students and families. Teachers will know what standards to incorporate so that their students are prepared for the next level of study. Students will have a clear understanding of the standards and skills they need to meet, and the community will have access to the standards and skills progression.</p> | <p>The metrics we will be closely monitoring are CAASPP distance from standard, NWEA scores (reading and language), and participation of SED students in AP courses – specifically AP English Language and AP English Literature.</p> |
| 1.3 | <p>Action: Literacy across the curriculum</p> <p>Need: Goal 1 focuses on ELA growth for our unduplicated and at-risk (Black/African American, Hispanic/LatinX) students. EL and SED students are significantly below the standard average on the CAASPP, are behind in passing all courses, and are not corollary represented in AP courses. This goal and action items address this disparity by bringing more Reading, writing, listening, and speaking to all courses. EL students will greatly benefit</p> | <p>Each department at UPA will go through a process of evaluating its current curriculum and skillsets. Departments will then realign to adjust to the needs of each sequential course. Teachers will identify key literacy skills that they can employ and practice with their students to improve their ability to explain, describe, defend, and demonstrate understanding.</p> | <p>The metrics we will be closely monitoring are CAASPP distance from standard, NWEA scores (reading and language), ELPAC level movement, and participation of EL and SED students in AP courses.</p> |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|-------------------|--|--|--|
| | <p>from literacy skills being provided in every course. SED students will find clarity in standards and skills in all classes which will help them navigate courses.</p> <p>Scope: Schoolwide</p> | | |
| 1.4 | <p>Action: Student Support Tier 2</p> <p>Need: Unduplicated students are disproportionately falling behind in credits as compared to the core groups</p> <p>Scope: Schoolwide</p> | <p>Students are identified based on marking period data and Mr. Yau monitors the students, provides tutoring support, and daily check ins to make sure that they are passing their classes.</p> | <p>The metrics we will be closely monitoring are CAASP distance from standard, NWEA scores (reading and language), ELPAC level movement, and participation of EL and SED students in AP courses.</p> |
| 1.5 | <p>Action: High Quality Teachers</p> <p>Need: 83.4% of UPA teachers are fully credentialed in their subject area with the correct EL training.</p> <p>Scope: Schoolwide</p> | <p>UPA is providing support for staff to convert their emergency or intern credential into a clear credential.</p> | <p>We will continue to measure the percentage of staff that are fully credentialed, are interns, and have an emergency credential.</p> |
| 2.1 | <p>Action: Universal Design for Learning</p> <p>Need:</p> | <p>The focus of Goal 2 - Action Item 2.1 is to realign the mathematics department's curriculum and skills. The department will incorporate more mathematics skills and reasoning and make both</p> | <p>The metrics we will be closely monitoring are CAASPP distance from standard, NWEA scores</p> |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|-------------------|--|--|---|
| | <p>SED students are currently 37.1 points below the standard on the CAASPP, 16% below the school pass rate for all classes, and are not represented in AP courses equivalent to their population within the school.</p> <p>Scope: Schoolwide</p> | <p>more transparent to students, families, and support systems. The impact of this work will benefit students and families. Teachers will know what standards to incorporate so that their students are prepared for the next level of study. Students will have a clear understanding of the standards and skills they need to meet, and the community will have access to the standards and skills progression.</p> | <p>(mathematics), and participation of SED students in AP courses – specifically Statistics, AP Calculus AB, or AP Calculus BC.</p> |
| <p>2.2</p> | <p>Action: Numeracy Skill Development in Mathematics Courses</p> <p>Need: SED students are currently 37.1 points below the standard on the CAASPP, 16% below the school pass rate for all classes, and are not represented in AP courses equivalent to their population within the school.</p> <p>Scope: Schoolwide</p> | <p>The focus of Goal 2 - Action item 2.2 is to realign the mathematics department’s curriculum and skills. The department will incorporate more mathematical skills and reasoning and make both more transparent to students, families, and support systems. The impact of this work will benefit students and families. Teachers will know what standards to incorporate so that their students are prepared for the next level of study. Students will have a clear understanding of the standards and skills they need to meet, and the community will have access to the standards and skills progression.</p> | <p>The metrics we will be closely monitoring are NWEA scores (mathematics) and participation of SED students in AP courses – specifically Statistics, AP Calculus AB, or AP Calculus BC.</p> |
| <p>2.3</p> | <p>Action: Numeracy across the curriculum</p> <p>Need: Goal 2 focuses on Mathematics growth for our unduplicated and at-risk (Black/African American, Hispanic/LatinX) students. EL and SED students are significantly below the standard average on the CAASPP, are behind in passing all courses, and are not corollary represented in AP courses. This goal and action items address this disparity by bringing</p> | <p>Each department at UPA will go through a process of evaluating its current curriculum and skillsets. Departments will then realign to adjust to the needs of each sequential course. Teachers will identify key numeracy skills that they can employ and practice with their students to improve their ability to explain, describe, defend, and demonstrate understanding.</p> | <p>The metrics we will be closely monitoring are CAASPP distance from standard, NWEA scores (reading and language), ELPAC level movement, and participation of EL and SED students in AP courses.</p> |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|-------------------|---|--|--|
| | <p>more numeracy strategies to all courses. EL students will greatly benefit from numeracy skills being provided in every course. SED students will find clarity in standards and skills in all classes which will help them navigate courses.</p> <p>Scope: Schoolwide</p> | | |
| 3.2 | <p>Action: Vertical Alignment for AP Access</p> <p>Need: derrepresented students (Black/African American and Hispanic/LatinX), as well as unduplicated students (IEP, EL, SED), are not enrolling in AP courses compared to the representative population. The following list shows the percentage of advanced courses that are underrepresented (for example: Black/African American students are not fully represented in 47% of all advanced courses): Black/African American - 47% Hispanic/LatinX – 58% EL – 33% IEP – 26% SED – 54%</p> <p>Scope: Schoolwide</p> | <p>UDL is a teaching methodology that addresses the specific needs of unduplicated and at-risk students and provides unilateral support for all students. The teaching strategies that are helpful for EL students are helpful for all students.</p> | <p>The metrics we will be closely monitoring are CAASP distance from standard, NWEA scores (reading and language), ELPAC level movement, and participation of EL and SED students in AP courses.</p> |
| 3.3 | <p>Action: Counseling Support for AP Access</p> | <p>Action 3.3 is designed to build a bridge between unduplicated students and their teachers,</p> | <p>UPA will measure the percentage of</p> |

|-------------------|---|---|---|
| | <p>Need: Unduplicated students do not have equal access to advanced courses compared to the representative population and their preliminary course success is a barrier to AP courses due to prerequisites.</p> <p>Scope: Schoolwide</p> | <p>counselors, and support staff. These supportive relationships will help foster student awareness of potential advanced courses, the pathway to reach those courses, and the confidence to take them.</p> | <p>unduplicated students who are passing their classes and those who are taking advanced courses.</p> |
| <p>3.4</p> | <p>Action: From PSAT to AP Bootcamp</p> <p>Need: Underrepresented students (Black/African American and Hispanic/LatinX), as well as unduplicated students (IEP, EL, SED), are not populating AP courses compared to the representative population. The following list shows the percentage of advanced courses that are underrepresented (for example: Black/African American students are not fully represented in 47% of all advanced courses): Black/African American - 47% Hispanic/LatinX – 58% EL – 33% IEP – 26% SED – 54%</p> <p>Scope: LEA-wide</p> | <p>The PSAT is given to all 8 through 11th-grade students and is administered in October of each year. There has been a significant amount of research correlating PSAT results and AP potential. Counselors and teachers can collaborate on the PSAT results to find students who performed well but have not signed up for a matching AP course. Students who need an extra conversation or encouragement might be more willing to take a challenging course. By pairing this with AP Bootcamp, we can build a pathway for students to enter and do well in that AP course.</p> | <p>The metrics we will be closely monitoring are CAASPP distance from standard, NWEA scores (reading and language), ELPAC level movement, and participation of EL and SED students in AP courses.</p> |

| Goal and Action # | Identified Need(s) | How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis | Metric(s) to Monitor Effectiveness |
|-------------------|--|---|--|
| 4.1 | <p>Action: Student Community</p> <p>Need:</p> <p>Scope: Schoolwide</p> | | |
| 4.2 | <p>Action: Restorative Justice</p> <p>Need: In the 2022-2023 school year:</p> <ul style="list-style-type: none"> • 6.8% of SED students were suspended for at least one day. • 7.1% of Black/African American students were suspended for at least one day. • 11.8% of EL students were suspended for at least one day. <p>Scope: Schoolwide</p> | <p>PBIS and restorative justice will short-circuit the traditional behavior incident-to-suspension process by allowing students to reflect on their actions, reconcile their impact on the community, and work to repair any damage. This process will result in not only lower suspension rates, but will give marginalized students the support they need to succeed behaviorally and academically.</p> | <p>The Director and Dean of Student Services will report the number of incidents and the resolved actions at each marking period.</p> |
| 4.3 | <p>Action: Absenteeism</p> <p>Need: In the 2022-2023 school year:</p> <ul style="list-style-type: none"> • 5.7% of SED students were absent for at least one day. | <p>The collaboration of the Attendance Clerk, Student Support Specialist, and Dean of Students in conjunction with the academic and mental health counselors, will work with students and families to ensure we are properly supporting students and keeping them at school where they can be most successful.</p> | <ul style="list-style-type: none"> • The Dean will supply a monthly list of identified students and what measures have been taken to intervene. |

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

| Staff-to-student ratios by type of school and concentration of unduplicated students | Schools with a student concentration of 55 percent or less | Schools with a student concentration of greater than 55 percent |
|--|--|---|
| Staff-to-student ratio of classified staff providing direct services to students | 1:142 | |
| Staff-to-student ratio of certificated staff providing direct services to students | 1:15 | |

Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA’s final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

School districts and COEs: *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
 - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in EC sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of EC sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

Metric

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

| Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Target for Year 3 Outcome | Current Difference from Baseline |
|--|--|---|---|--|--|
| Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric. | Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric. | Enter information in this box when completing the LCAP for 2025–26 . Leave blank until then. | Enter information in this box when completing the LCAP for 2026–27 . Leave blank until then. | Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric. | Enter information in this box when completing the LCAP for 2025–26 and 2026–27 . Leave blank until then. |

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
 - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
 - Professional development for teachers.
 - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action’s number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering “All,” or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type “Yes” if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type “No” if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If “Yes” is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**

- This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).

- **7. Total Estimated Actual Expenditures for Contributing Actions**

- This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).

- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**

- This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).

- **5. Total Planned Percentage of Improved Services (%)**

- This amount is the total of the Planned Percentage of Improved Services column.

- **8. Total Estimated Actual Percentage of Improved Services (%)**

- This amount is the total of the Estimated Actual Percentage of Improved Services column.

- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**

- This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
 - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
 - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
