- During a gun incident outside, instruct students to "Drop to the Ground" or "Run into the Building Quickly." Teachers will quickly escort students to an area away from the perpetrator in an occupied classroom.
- During an incident involving a hostage or weapons, staff should direct students to move to an alternate secure area away from perpetrator(s)
- All school personnel must remain quiet in a secured area of the building, on the floor, away from windows and doors, and with all lights turned off and shades drawn (if available).

Teacher with students:

- Do not allow any students to leave the room.
- Take custody of any students in your immediate hallway or common area.
- Close and lock your door. Make sure your phone ringer is on but do not use the phone to call out. Lines must be kept open, unless there is an emergency situation in the classroom.
- Use caution and discretion in allowing students entry into the classroom.
- Assemble students in the safest area of your room…on the floor, out of sight, away from windows and doors, with all lights turned off and shades drawn.
- Advise students that there is some type of emergency but you don't know what it is.
- Once the room is locked, take attendance. Prepare a list of missing students and extra students in the room.
- Keep the attendance sheet with you and be prepared to provide it to a member of the SET when directed by a member of the SET.
- **DO NOT ANSWER YOUR DOOR FOR ANYONE – THE EMERGENCY IS ONGOING!!**
- If you are not in your room, stay where you are. DO NOT ATTEMPT TO RETURN TO YOUR ROOM. If you are caught outside, take your students to the Emergency Assembly Area and call for help if it is safe to do so.
- **Ignore any bells or fire alarms** – the school will not be evacuated using this method.
- Stay in the room and wait for further instructions from a member of the SET or a police officer, and prepare for a possible building evacuation.
- Remain calm and matter of fact. Be aware of the emotional response some students may have; be prepared if frightened students vomit or faint. Keep Classroom Emergency Backpack & cleaning supplies nearby.
- If or when students are moved out of the classroom, assist them in moving quietly and quickly.

- When “All Clear” is announced by the incident commander or a SET member, return to normal activity.

Shelter-in-Place

((((LOUDSPEAKER))))

Followed by:

“YOUR ATTENTION, PLEASE. WE ARE EXPERIENCING AN URGENT SITUATION AND NEED TO SECURE THE SCHOOL IMMEDIATELY. TEACHERS LOCK YOUR DOORS AND KEEP STUDENTS INSIDE TO “SHELTER-IN-PLACE” UNTIL FURTHER NOTICE: STUDENTS OR STAFF ARE TO RETURN TO THE NEAREST CLASSROOM OR OFFICE. IGNORE ALL ALARMS AND BELLS UNLESS ADVISED OTHERWISE.”

General Concept

Shelter-in-place (SIP) will be used for external events or a developing situation in the nearby area. It is used when there is no time to evacuate or when it may be harmful to leave the building. Students and staff are held in the building and windows and doors are locked. All students and staff that are outdoors or in common areas must enter a classroom or office to shelter-in-place.

Action Steps: Shelter-in-Place

Incident Commander (IC) and School Emergency Team (SET):

- Use the loudspeaker to notify the campus to shelter-in-place. A reverse evacuation will also be called for students and staff that are outside.
- Directs that all windows be closed and all doors be locked.
- Calls 911 and notifies the police, fire and HAZMAT team.
- Assembles the SET before or immediately after the announcement to plan next steps.
- Monitors the situation with all communication devices available. This may require turning on radio/TV for further information.

Teacher with students:

- Take the closest and safest route to shelter in shelter-in-place areas (classrooms and offices).
- Assist those needing special assistance.
- Close and lock all windows and doors (that can be opened) in designated shelter-in- place areas.
- Take attendance: be prepared to report missing and extra students.

- Do not allow anyone to leave the shelter-in-place area.
- Stay away from all doors and windows.
- Remain calm and in charge of students
- Engage students in quiet activities.
- Monitor students for signs of anxiety and stress.
- Wait for further instructions.

Following SIP activation, members of the School Emergency Team (SET):

- Prepare communications for parents explaining what occurred and how it was resolved.
- Debrief with staff.

In planning for SIP, members of the SET:

- Inform parents about the school's procedures for using SIP.
- Plan for the availability of first aid supplies and critical medications.
- Work out details for restroom needs.

For chemical incidents that occur inside the building:

- The Operations Manager/Director assembles the SET, assigns chemical containment tasks, and calls 911.
- An evacuation is more likely with this scenario.

When “All Clear” is announced by the incident commander or a SET member, return to normal activity

THREAT

(THREAT alerts supersede set protocol for FIRE and EARTHQUAKE protocols. Use your best judgment.)

Run, Hide, Defend:
Surviving an "Active Shooter, Persona Armada"

An Active Shooter is a subject or subjects actively engaged in killing or attempting to kill people in a confined and populated area; Active Shooters primarily use firearms and there is no pattern or method to their selection of victims.

Communication: "Active Shooter, Persona Armada" to everyone via texts, emails, radio, PA

RUN = Evacuate

- Decide if you can escape safely
- If safe, necessary and possible, jump out the window
- If it is safe, run as fast as you can away from the direction of the gunshots
- Get away from the threat and identify a safe place as listed below:
  - North location - Subway Parking Lot on White Road
  - South location - James Lick Parking Lot
  - West location - Elementary School Parking Lot on Gay Avenue

- DO NOT stop running until you are far away in a safe place
- All students who escape should meet at one of the safe places
- Leave your belongings behind
- Help others escape, if possible
- Prevent individuals from entering the area, but not at the risk of your own safety
- When fleeing from danger, keep buildings, cars or other objects between you and the threat
- Do not attempt to move wounded people
- Call 911 when safe

HIDE = Lockdown

- Close and lock all doors.
- Turn OFF the lights.
- Turn off or put on “vibrate” all cell phones.
- Move students away from windows/doors.
- Build door barricades at ALL entrances into the classroom.
- Make sure the door barricades are high and cover the entire doorway if possible.
- Build an interior barricade.
- Have students crouch down behind barricades and remain quiet.
- Everyone must stay behind and below the interior barricade.
- Close the shades or cover all the windows.
- Keep quiet and avoid making unnecessary noises.
- If you have a seriously injured person in the classroom, please attend with first aid kit
- **IMPORTANT –** Everyone must stay **inside** until officers arrive and knock on door
  - Remain calm and follow officers’ instructions
  - Put down any items in your hands (i.e., bags, jackets)
  - Immediately raise hands and spread fingers
  - Keep hands visible at all times
  - Avoid making quick movements toward officers such as trying to hold on to them for safety
  - Avoid pointing, screaming, and/or yelling
  - Do not stop to ask officers for help or direction when evacuating; just proceed in the direction officers are indicating

DEFEND = Fight for your Life

- This is a last resort
- Commit to your actions!
- Act as aggressively as possible
- Improvised weapons
- Attack in a group (middle school students and older only)
- Yell and make loud noises to disorient the shooter

- If possible, grab the shooter's limbs and head, take them to the ground and hold them there

Shelter in Place:
Shelter in place is in response to situations nearby that may be a threat to the safety of staff and students. Business as usual, except that it will be conducted indoors and in a controlled environment. All outside activities should cease and students/staff should move into the building.
***It is possible that a shelter in place will be raised to Active Shooter level.**
Communication: "shelter in place, refugiarse" to everyone via texts, emails, radio, PA

1. Get everyone inside a classroom/office immediately.
2. Close and lock ALL entrances into the classroom or building where staff and students are located.
3. Close windows. (no barricades)
4. Remain inside; engage in normal indoor activities.
5. If an **Environmental Hazard** shelter is in place, leave doors unlocked for persons outside seeking shelter. Turn off air/heating elements.

IMPORTANT – Everyone must stay **inside** until the "all clear" is sounded by an administrator via a communication system.

Other Universal Emergency Procedures

(For use when conditions inside are safer than outside.)

When an announcement is made:
- Move students and staff inside as quickly as possible.
- Assist those needing special assistance.
- Report to the classroom.
- Check for injuries.
- Take attendance; report missing and extra students according to Student Accounting and Release procedures.
- Wait for further instructions.

Action Steps
When the School Emergency Team is not immediately available, supervising adults must take quick, responsible and independent actions in response to an emergent situation. Here are points to remember for individual staff and for the SET when called upon to implement the Emergency Management Plan.
- **Expect to be surprised**
- **Assess the situation and choose the appropriate response.** Determine whether a crisis exists and if so, the type of crisis, the location, and the magnitude.

After basic protective steps are in place, more information can be gathered to adjust later responses.

Drop, Cover and Hold

(For use in earthquake or other imminent danger to building or immediate surroundings)

When the command "Drop" is made:

- Drop – to the floor, take cover under a nearby desk or table and face away from the windows.
- Cover – your eyes by leaning your face against your arms.
- Hold – on to the table or desk legs, and maintain the present location/position.
- Assist those needing special assistance.
- Wait for further instructions.

Student Restraint

There may be times when it is appropriate for school staff to use pre-established student restraint procedures when a student perpetrates a violent incident and school staff members want to prevent the student from further injuring themselves and others. The Student and Family Services Director, Student and Family Engagement Specialists, and other trained staff members will be asked to respond to situations involving conflict and physical aggression.

Response for Off-site Activities

General Concept

Off-site school activities take on many different forms and include, but are not limited to: field trips; athletics; performing arts; social service; recreation; club events; out-of-state and international school trips; etc. Specific action steps must be followed for all events. The faculty person-in-charge of the group attending the activity is expected to add action steps to enhance the safety and security of students and staff, depending on the conditions of the trip. Overnight and out-of-state events, for instance, are obvious examples where additional measures must be taken. The minimum required action steps for off-site school-sponsored activities are as follows:

Action Steps

- School staff will always be present for any off-site school-sponsored activity.
- One full-time faculty will always accompany, and be designated as, the faculty person-in- charge of the group attending the activity.
- The faculty-person-in-charge will coordinate and schedule all off-site school activities and will submit a written trip plan to the front office for approval at least 4 weeks in advance. The trip plan will also serve as a request for transportation. Once approved, the faculty person-in-charge will update the school office of any changes to the plan prior to departure. Elements of the written trip plan include:
  - Name of the faculty person-in-charge.
  - Name and location of the activity.
  - Itinerary to include time of departure, estimated time of arrival, and estimated time of return.
  - Total number of travelers broken down by: students, staff, and others (specify).
  - Mode of transportation and number of vehicles (bus, personal vehicle(s), etc.)
  - Phone number where the person-in-charge can be reached throughout the trip.
  - Name of bus company, route, and en-route stop information.
- The faculty-person-in-charge will contact the Operations Manager/Director during or immediately after the trip about any issues or incidents that occurred during the trip. Examples include, but are not limited to:
  - Injuries;
  - accidents;

- missing students/staff;
- issues of discipline;
- altercations with students or staff from other schools or members of the host community;
- other potentially dangerous or embarrassing situations for EP; etc
- The person-in-charge will follow-up by completing a Serious Incident Report and submitting it to the front office as soon as possible
- Action steps for accidents, crashes or other emergencies en-route to or from the off-site activity are addressed in the Hazard-Specific response section.

NOTE: While en-route to a destination, the bus driver is the incident commander for all incidents involving his/her vehicle & passengers while the faculty-person-in charge of students is in a support role.

Student Accounting and Release Procedures

During an emergency, traditional student release procedures are frequently unsafe or otherwise inoperable. Accordingly, the following procedures are to be followed:

General Student Accounting
Teachers with students are responsible for accounting for those students throughout the course of an emergency. Attendance will be taken at each stage of an evacuation or relocation and submitted to the Student Accounting Leader. Points at which attendance must be taken include Emergency Assembly Areas (inside or outside the school), Evacuation Relocation Sites and at Parent Reunion/Student Release Points.

Student Rosters

One copy of the roster will be placed in the Classroom Emergency Backpack.

Emergency Cards

Hard copy emergency cards are taken to evacuation locations during emergencies.

Parent Reunion/Student Release

Locations

- Escuela Popular: INDOOR:
- Parking Lot White Rd/Alum Rock - Relocation Site: OUTDOOR

Emergency Staging Areas

Timely and accurate communications to the following audiences is critical: school faculty, staff and students; parents of students and families of staff; fire, law enforcement and other local emergency services; the superintendent's office; parent and teacher organizations and advisory councils; and other partners within the community.

Internal Communications

School Emergency Team (SET)

The SET will oversee all internal communications regarding the facts relating to the emergency and the School's response. It will also determine the information that should be shared and the timing and means of the communication.

- Upon receiving a report of an emergency, the Operations Manager/Director or assistant Operations Manager/Director will make a decision to activate all or part of the SET.
- The Operations Manager/Director or Incident Commander will activate SET members by notifying them via telephone, or cell phone. Email will be used to supplement these forms of communication but never used alone. Members will use 2-way radios in hand for subsequent communications.
- If an obvious school-wide emergency occurs (eg, power outage), SET members will automatically report to the school office. Remaining faculty and staff will stay in place until notified by a SET member.

Faculty, Staff and Students

- ***Reports of Emergencies:*** All faculty, staff and students are expected to report all emergencies to the school office. A decision will be made at that time whether to activate all or part of the SET. Appropriate lifesaving or life protection measures must be rendered or coordinated (calling 911) until the SET can respond.
- ***Loudspeaker:*** In the event of an emergency, the following means of communication may be used: Loudspeaker system.
- ***Staff Meeting***: If a separate meeting with senior staff is needed, the Incident Commander (IC) will call them to the conference room prior to or during the general assembly. The IC will reemphasize that only one spokesperson has been authorized to speak to the media.
- ***Email:*** If timeliness is not critical, the school office will email messages to all staff and school personnel when appropriate.

In the event that hard-wired electronic devices are not operational, such as the intercom and telephone systems, the following alternatives will be used:

- ***Messengers; 2-way radios:*** With no intercom or phone, the Operations Manager/Director or Incident Commander will initially communicate with SET members

via messenger.

- Sample call out: “Teachers and Staff, please report to the hallway for an important message” This technique is useful during end of day power outages when faculty, staff, and students must quickly know about the status of after school activities.
- ***Faculty Meeting.*** The Operations Manager/Director or Incident Commander reserves the option to hold a faculty meeting as soon as possible to provide accurate and updated information about the emergency, to review emergency procedures and to plan for the upcoming period of time. This will facilitate the response and reduce misinformation and rumors.

Special Situations

- ***School not in session.*** When school is not in session, Parent Square will be used to inform faculty, staff, and students/parents of emergencies that require immediate communication.
- ***School sponsored events, off campus.*** The faculty member in charge of an off- campus school event (sporting event, debate, concert, etc.) will file a trip plan with the administration prior to the trip and report incidents during the trip.

Parents

Parents or guardians of all students directly involved in or affected by an emergency will be contacted by the Operations Manager/Director or designated SET member as soon as possible. The SET member will inform parents fully of the circumstances and the School’s response. The IC will consider guidance provided by the district’s medical, counseling, legal or other advisors in addressing the situation.

- ***School Website***. Updates for parents, parent organizations, community leaders, etc. may be posted on the School’s website wscacademy.org. Recovery activities such as counseling sessions, memorials, post event question & answer meetings and post recovery open houses for parents, etc. will also be posted. Messages will be approved by the SET and provided for posting.
- ***Director Notification.*** The Director, at his/her discretion, will contact all members of the School Board to inform them of the emergency.

External Communications

The School Emergency Team (SET) will oversee all external communications with the community and the media regarding the facts relating to the emergency and the School's response. It will also determine the information that should be shared with the community and the media and the timing and means of the communication.

General Media Policies and Guidelines

- All faculty, staff, students and visitors will direct news media calls and questions to the Operations Manager/Director, Incident Commander, or the Information and Media Representative who will in turn address the media and remain available, as needed, for continued media updates.
- The Operations Manager/Director or Incident Commander will decide whether to allow the media on the school grounds. The media is not allowed inside the school unless specifically authorized by the Operations Manager/Director.
- In order to ensure goodwill and credibility, the school will make every effort to accommodate reasonable requests for information by the media and to provide for their comfort and effective functioning.
- The Operations Manager/Director, in consultation with the Director's media and legal counsel, will prepare necessary press releases, which will be consistent with information provided to faculty, staff, students, and parents.
- All requests for faculty, staff, or student interviews by the media must be submitted to the Operations Manager/Director or Incident Commander for his/her approval in advance of the interview. No unauthorized information should be provided to the media. If cleared, faculty, staff or students will follow the guidelines below:
- Be honest with media personnel. If the answer to a question is not known, tell the reporter that you will get back to them as soon as possible.
- Don't provide information "off the record", say "no comment", or use jargon.
- Student confidentiality must be maintained at all times.

Media Staging Areas

Media Staging Area Location(s): Front Lawn (Corner of White Rd. and Gay Ave)

Special Traffic or Security Concerns for this Area: Campus Security will assign staff to direct media personnel and vehicles to that location until barrier tape is emplaced and local police arrive to secure the area.

Incident Command Post Location(s):

Primary location:Operations Manager/Director's office, upstairs Administration area.

Note: Upon transfer of incident command from the Operations Manager/Director to the local fire or police, or upon the establishment of a Unified Command, the CP will likely shift to a fire/police command vehicle located somewhere on or near the school grounds at a location to be determined.

Special Traffic or Security Concerns for this Area: School Emergency Team members are expected to check with the CP when further information or instructions are needed about the incident or to report on their respective area. Remaining staff should notify the CP for all matters affecting the health and safety of the students/staff in their charge. All other communications should be done directly through the appropriate member of the School Emergency Team. It is important to reduce the physical presence of students/staff in and around the CP during an incident so that external emergency responders will have free access.

Emergency Responders Assembly Area

Location(s):
Located on the traffic circle in front of the main entrance to the school (White Rd,). This location is subject to change due to emergency conditions inside the building or at the entryway.

Special Traffic or Security Concerns for this Area: All school staff, parents, and onlookers must keep the traffic circle free and clear for emergency vehicles during an incident. Non- emergency vehicles will be towed.

Evacuation Assembly Area (EAA)

Location(s): Primary: Located Back Field- Entrance via Comet Lane. The Parent Reunion Area and Family Information Center will normally be co-located. In the event of an evacuation to an off-site location (relocation site), a second information point will be made available to parents who arrive at EP looking for their children. Parents can access the EP building at the south entrance (gymnasium entrance) for information about where students were evacuated, whom to contact and how. If conditions don't allow for access into or near the building, a staff member will be available to give out information to parents. .
Information will also be available on the school's website and/or the school's messaging system Parent Square will be used.

Location(s):
Onsite. Primary location: School Field. Enter the building's south entrance nearest the gymnasium. Alternate location: Adjacent to the Emergency Assembly Area located on the parking lot on the south side of the building.

Off-site. Russo Academy Field

Note to Parents: EP is one of the safest places for students to be during most crises or natural disasters. The following emergency procedures have been established to keep them safe:

- In most cases, students will be kept at school until the emergency is determined to be over. For example, a chemical spill may delay student release when there is risk of exposure.
- Under certain circumstances students may be evacuated to another site. If this occurs, parents will be notified through the school website, the school messaging system and through phone calls made to contacts found on the student's Emergency Care Card (EC).
- We ask parents and guardians not to telephone the school and tie-up the few telephone lines that will be needed for emergency use.
- Students will be released to parents who come to get them. Procedures for release to other authorized parties, however, will not occur unless pre-release is documented on the student's Emergency Card, which is filled out at the beginning of the school year. Parents must ensure that information on the emergency card is current.
- The family information center will provide up-to-date information on the incident, the status of their children and information on what parents can do to assist.

Recovery

General Response to Emergencies

Goal
The goal of recovery is to return to learning and restore the infrastructure of the school as quickly as possible. Escuela Popular will focus on students and the physical site, and will take as much time as needed for recovery. One of the major goals of recovery is to provide a caring and supportive school environment.

Action Steps
- Identify recovery roles & responsibilities and training requirements (located in the Preparedness section of this plan).
- Assemble the School Emergency Team and plan post-incident recovery (lead –Operations Manager/Director or Incident Commander).
- Return to the “business of learning” as quickly as possible (lead – School Deans coordinate emotional recovery effort)
- Keep students, families, and the media informed (lead – Information and Media Representative)
- Focus on the building, as well as the people, during recovery (lead – Custodial staff)
- Provide an assessment of the emotional needs of staff, students, families, and responders and determine who needs intervention and what interventions will be employed (lead by Deans)
- Provide stress management during class time for students and staff (coordinated by – School Deans)
- School/classroom-based stress management may be conducted for all students. Those with more severe reactions will be referred for evaluation and possibly counseling.
- The School Deans will offer preliminary counseling services to students and staff. Pre-screened and credentialed community service providers may be consulted for interventions.
- Conduct daily debriefings for staff, responders, and others assisting in recovery.
- Take as much time as needed for recovery (recovery is not linear and individuals recover at different rates).
- Remember anniversaries of emergencies

Emotional Management of Faculty & Staff

During and after a crisis, school leaders and teachers are at risk of succumbing to mental and emotional stress or injury. In schools, we rush to bring in psychologists and social workers to counsel children. We are sometimes too quick to dismiss the idea that we adults may need help too—and that's where we make a mistake.

In crisis, human beings often experience one or more physical responses, including shock or numbness, an adrenaline rush, a raised heartbeat, sweating, and hyperventilation. These are normal responses, part of our fight-or-flight syndrome. We also experience emotional reactions like shock, disbelief, denial, anger or rage, sorrow, confusion, frustration, self-blame, and guilt.

Although we may feel some of these emotions immediately, we may not experience some emotions for days or weeks. These too are normal responses, but sometimes they take us by surprise. If we do not acknowledge their power, they can cause us damage. According to research, some traumatic events are more apt to cause serious reactions than others are. High on the stress list are:

- Human-caused events.
- Events that are life-threatening.
- Events that violate our sense of how the world is or should be.
- Events that attract high media coverage.
- Events that we can identify with.

Crises that involve children in schools often fit all these categories, and adults who must support students and their families through a crisis are vulnerable to stress (critical incidents stress) responses. Many of these responses will emerge within the first 24 hours. Some, unheeded, might not show up for a year or more.

The symptoms vary and are sometimes deceptive. A formerly secure, functional adult may suddenly be unable to concentrate, may get angry or feel violent at the smallest provocation, may feel constantly tired or bored, may be obsessed with guilt, may no longer feel pleasure, or may experience feelings of paranoia or vulnerability.The good news is that there are simple intervention techniques that – especially if they are used soon after the event – can help the caretaker adults understand their reactions and begin to heal. Our Student Services team – made up of administration and Deans– to provide immediate help to faculty and staff. The team will continue support to EP faculty and staff until which time acute cases of psychological trauma have been appropriately treated. The student services team will make referrals for those needing longer term help for more chronic conditions.

Emotional Management of Students

General

The three step process teachers can use when dealing with/explaining a crisis situation to children:

- First – Clear the air
- Second – Process emotions
- Third – Evaluation and resources

What to Expect After Trauma Possible Reactions in Students:

- Feelings of anxiety, worries, and fears about safety of self and others
- Worries about reoccurrence or consequences such as war, as well as worries about school violence
- Changes in behavior:
- Decreased attention and/or concentration
- Increase in hyperactivity
- Changes in academic performance
- Irritability with friends, teachers, events
- Anger outbursts and/or aggression
- Withdrawal
- Absenteeism
- Increased somatic complaints (e.g., headaches, stomach aches, chest pains)
- Discomfort with feelings, particularly those associated with revenge
- Increased likelihood to discuss the gruesome details
- Repeated discussions of event
- Increased sensitivity to sounds (e.g., sirens, planes, thunder, backfires, loud noises)
- Negative impact on issues of trust and perceptions of others, particularly of those that are "different"
- Repetitive thoughts and comments about death and dying

In addition, at home parents may see:

- Changes in sleep or appetite
- Withdrawal
- Lack of interest in usual activities (e.g., after-school activities, time with friends)
- Increased negative behaviors (e.g., defiance) or emotions (e.g., sadness, fears, anger, worries)
- Hate or anger statements
- Denial of impact

Reactions in Teachers:

- Increased irritability and impatience with students and staff (decreased tolerance of minor student infractions- remember, they are trying to cope, too)
- Difficulty planning classroom activities and lessons
- Decreased concentration
- Worries and fears that answers or responses to students could make things worse for them
- Worries about recurrence and repercussions
- Increased concern about school violence (e.g., hypersensitivity)
- Feelings of discomfort with intense emotions, such as anger and fear
- Denial that the traumatic event may impact the students

Reinforce ideas of safety and security. This may be needed multiple times, particularly in response to changes/loud sounds/or other events that may remind the students of the tragedy. After any classroom discussion of the event, end the discussion with a focus on their current safety and a calming activity, such as taking deep breaths, working together on an art project, or having a moment of quiet reflection. Listen to and tolerate your students retelling of events, as well as playing out the events. Maintain a predictable class schedule and rules to provide support and consistency for the students. Schedule specific times for discussion during the school day to allow for opportunities to express their thoughts and feelings about the tragedy.
This may need to be done in multiple classes; however, set limits on scary or hurtful talk (e.g., specific threats of retribution).

Encourage the students to talk about confusing feelings, worries, daydreams, and disruptions of concentration by accepting the feelings, listening carefully, and reminding the students that these are normal reactions (any of these feelings are okay) following a very scary event.

Discuss students' perceptions of media descriptions of events. Information focused on safety will be important. For example, school staff and first responders (e.g., the firefighters, military, police, doctors) are all working together to make us safe (give examples). Review of school safety rules may also be helpful.

Some students might express hate toward a large group of people. It can be helpful to validate their strong feelings of anger. However, it will be critical to help the students separate thoughts and feelings about the specific people who caused the tragedy from generalizing it to larger groups of people, including their classmates or other people they might know (e.g., all people of Arab descent). It may be helpful to have discussions about how world leaders can help with reducing hate and preventing future violent acts.

Students will often process the information about the events at unpredictable times throughout the day. As they try to develop an understanding of what has happened, they may ask questions that may be initially shocking to adults, including questions that have gruesome details or focus on death. Try to respond in a calm manner, answering the

questions in simple and direct terms and helping the students transition back to their activity. Use simple direct terms to describe what happened, rather than terms designed to "soften" the information, which inadvertently further confuses the students. For example, use the term "died", rather than "went to sleep".

Students will often misunderstand information about the event as they are trying to make sense of what happened. For example, they may blame themselves; may believe things happened that did not happen, or may believe that terrorists are in the school. Gently help students develop a realistic understanding of the event.

Students may ask the same types of questions repeatedly, which can be confusing and/or frustrating for the teacher. Understand that students may need to hear the information multiple times before being able to integrate and understand it. Give the students time to cope with fears. Expect some angry outbursts from students. Try to catch students before they "act out", by taking them aside, and helping them calm down and regain control of their behavior. In addition, redirect students who are being irritable with each other which could escalate to direct conflict.

Do classroom activities that will reinforce the message that one person can make a difference to help and heal. Activities can include drawing pictures and sending cards or class projects of collecting pennies or aluminum cans or making origami cranes.

Encourage some distraction times, which would include doing school work that does not require high levels of new learning as well as enjoyable activities. Help students do activities that allow them to experience mastery and build self-esteem.

Expect some brief (temporary) declines in the students' school performance. Consider suspending standardized testing and classroom testing for the rest of the week. Also, consider reducing homework as the school and community heals until the school routine is stabilized.

Provide reassurance to the students that feelings will get smaller and easier to handle over time. Protect students from re-exposure to frightening situations and reminders of trauma. This includes limiting teacher-to-teacher conversations about the events in front of the students.

Maintain communication with other teachers, school personnel, and parents to monitor how the students are coping with the demands of school, home, and community activities. Should difficulties coping with the event persist and interfere with the students' functioning, consider seeking help from a mental health professional. In addition to helping those who are clearly angry or depressed, monitor students who are withdrawn and isolated from others.
Remain aware of your own reactions to student's "trauma. It is okay to express emotions to your students, such as "I am feeling sad about what happened." However, if you are feeling overwhelmed with emotion, it is important to take care of yourself and to seek support from other teachers and staff.

Incident After Action Review (AAR)

Assessment after an emergency is a critical evaluation and learning step in emergency management. Procedures for an after action review include the following:

- Account for all personnel and resources following the emergency
- Hold a non-critical debriefing meeting of all school-based personnel involved in resolving the emergency
- Ensure there is proper follow-up on all necessary areas of concern
- Identify and request any additional resources needed to have school return to normal
- Document findings and implement changes in the emergency management plan to facilitate improvements

FIRE ALARM DEACTIVATION

The following steps must be performed in order:
Simplex Display Board

1. Press Acknowledge (shows trouble area)
2. Press Silence alarm
3. Reset Panel

FIRE SPRINKLER WATER SHUT-OFF

The fire system sprinkler valves are located in the fire riser room. This is the only method that can be used to turn off the sprinklers.

1. Requires a school fire alarm key . Access will need to be made from the triggered fire alarm.

Annex C: Forms and Templates

Serious Incident Report (SIR)

Faculty and staff witnessing or responding to an incident involving students and staff during school related activities, on or off the school campus, are expected to fill out this SIR and return it to the Operations Manager/Director as soon as possible after an incident. This report will serve as a record of the events and will be used for follow-up actions, if needed.

Communications Tips for School Administrators

Challenge	Suggested Response
Day One	
Rumor Control A common reaction to fear is to generate rumors or stories to fill in information that is not available. Making an uninformed declaration about information can be empowering for frightened individuals. Crises are fertile ground for rumors, and rumors are unfortunately self-perpetuating.	Clear and frequent communication. Emergency communicators should be involved, visible, and convey leadership. Survivors, victims' families, and local citizens will look to the school for leadership. Its presence will help calm fears and rumor mongering.
Phone Line Jams Natural disasters and major news making events can create massive phone traffic, jamming cellular connections.	Use a combination two-way radio/cell phones and if possible keep one line open to the superintendent's office. If a connection is made, don't hang up, just put the phone down for use later.
Media Intrusion School crises can create a crush of media, often making it hard to distinguish parents and students from journalists. Helicopters and cameras stationed outside the school provide live coverage that can put many lives at risk.	Determine and maintain a perimeter around the school that media may not cross. Ask for law enforcement help in policing violators. Violators may later be denied access to official school or law enforcement briefings.
Scattering of Schools and School Staff Acting on instinct, staff and students facing danger flee the building, often not knowing where they are running. This makes it difficult to ensure that students are moving toward safety, not danger, and makes it difficult to account for students and staff. Parents who come to school often cannot find their children are understandably upset. Natural disasters can disperse children, families, and entire communities. Recent disasters have spawned effective people and even pet locator systems that often involve internet communication.	Establish pre-identified locations (reunion areas) that students and staff should retreat to in the event of an emergency. Ensure that a procedure has been established for releasing students to parent or guardian care; the procedure should be able to account for when and into whose custody the child was released. Provide information about dispersed colleagues and students.
Media Mistakes Fact verification. In the absence of information and the pressure of live coverage, verification of facts is often sacrificed for good pictures and sound.	Establish trust before the emergency strikes. Provide as much information as you can as quickly as you can without speculating or releasing unverified information. Even if all you can say are a few sketchy sentences, you can communicate your concern and compassion and the action being taken to investigate. Advise the media of the potential destructiveness of being wrong.
Challenge	**Suggested Response**
Day Two	

Potential for Eroded Credibility When bad things happen, past behavior is used to predict future actions. When past behaviors are considered good and helpful, the current and future behaviors don't match those expectations, there is a loss of credibility.	Implement trust-building, fear-reducing, credibility fixing behaviors. **Suggestions:** ❑ Provide advanced information. ❑ Ask for input from all, even perceived opponents ❑ Listen carefully. ❑ Demonstrate you've heard, adjust action. ❑ Stay in touch. ❑ Speak in plain language. ❑ Bring victims/involuntary participants into the decision-making process.

Constant Need for Information The need for a constant streaming of information to the community is enormous. Questions and anxieties can escalate.	Organize separate all-school staff and all community meetings to provide information and opportunity to express concerns. Immediately implement information channels that are accessible to all members of the community and media -- an interactive website for questions and answers, an emergency response hotline, and a regularly updated fact sheet.
Panic and Alienation Normal routines and support systems are suspended and survivors can feel very alone and panicked.	Drop-in centers should be made available in several locations throughout the community for parents, students, teachers and others to receive information, counseling, and contact with other grieving members of the school and community.
Media Feeding Frenzies Reporters are scrambling for pictures of students, interviews with school staff and students, and sometimes implement specious means of gaining access to schools and hospitals.	Implement a system for coordinating and responding to media and set parameters for coverage.
Challenge	**Suggested Response**
Day Three and Beyond	
Community Feelings - Bitterness and Blame Victims and victims' families and the school community may feel bitter and may take action that causes divisiveness. There may also be a tendency to place blame or emphasize simplistic solutions to violence or community emergencies.	Care must be taken to sustain open, responsive communication lines with all facets of the school community, particularly the victims and their families. Liaisons to victims should make frequent contact with the families and be responsive to their concerns and needs. In addition, affirming community-wide activities should be scheduled to allow citizens to contribute to memorials and expressions of compassion.
Victims' Feelings - Anxiety, Frustration, Anger Victims (of varying degrees) declare their needs are not being met or considered and resist solutions.	Promote the understanding that victims have a special mentality and their perception and behavior is altered in ways that are fundamentally predictable. Victims designate themselves and determine when they are no longer victims.
Anxiety and Media Interest in Return to School Anxieties escalate around returning to school. There is a heightened media interest in covering the first day back.	Establish drop-in support groups within school during lunch hour and before and after school. Carefully plan re-entry and make adequate counseling support available. Communicate well first day plans and set limits with the media.

Charter School Employee Criminal Record Summary Policy

Charter School Employee Criminal Record Summary Policy (EC 47605.6.F.i; EC 44237) The original content for this policy is in our employee handbook. Escuela Popular School recognizes the importance of maintaining a safe workplace with employees who are honest, trustworthy, qualified, reliable, and nonviolent, and do not present a risk of harm to students, coworkers or others. . Escuela Popular School will perform applicant background checks and employee investigations as required by Education Code section 47605 [b][f], which requires that “each employee of the school furnishes the school with a criminal record summary”. All employees must have Live Scan fingerprint results on file with . Escuela Popular School. Proof of Live Scan fingerprinting is a requirement of employment and the results must be provided to . Escuela Popular School prior to the first day of work. Live Scan fingerprinting will be required of all job applicants, employees, and volunteers as required by California and federal law. Background checks may also be required of employees whose job duties involve care of students, handling of money, valuables or confidential information, or as otherwise deemed prudent by the school. These background checks are performed through a fingerprinting service coordinated by the California Department of Justice (DOJ) and the Federal Bureau of Investigation (FBI). Any and all information obtained by. Escuela Popular School may be taken into consideration in evaluating one’s suitability for employment, promotion, reassignment, or retention as an Employee. . Escuela Popular School shall also request subsequent arrest notification from the Department of Justice and take all necessary action based upon such further notification. Escuela Popular School may occasionally find it necessary to investigate current employees, where behavior or other relevant circumstances raise questions concerning work performance, reliability, honesty, trustworthiness, or potential threat to the safety of coworkers, students or others. Employee investigations may, where appropriate, include credit reports and investigations of criminal records, including appropriate inquiries about any arrest for which the employee is out on bail. In the event that a background check is conducted, it will comply with the federal Fair Credit Reporting Act and applicable state laws, including providing the employee with any required notices and forms. Employees subject to an investigation are required to cooperate with Escuela Popular School’s lawful efforts to obtain relevant information, and may be disciplined up to and including suspension without pay and/or termination for failure to do so. Employees with adverse background information (such as certain specific criminal convictions) may be ineligible for employment with Escuela Popular School.

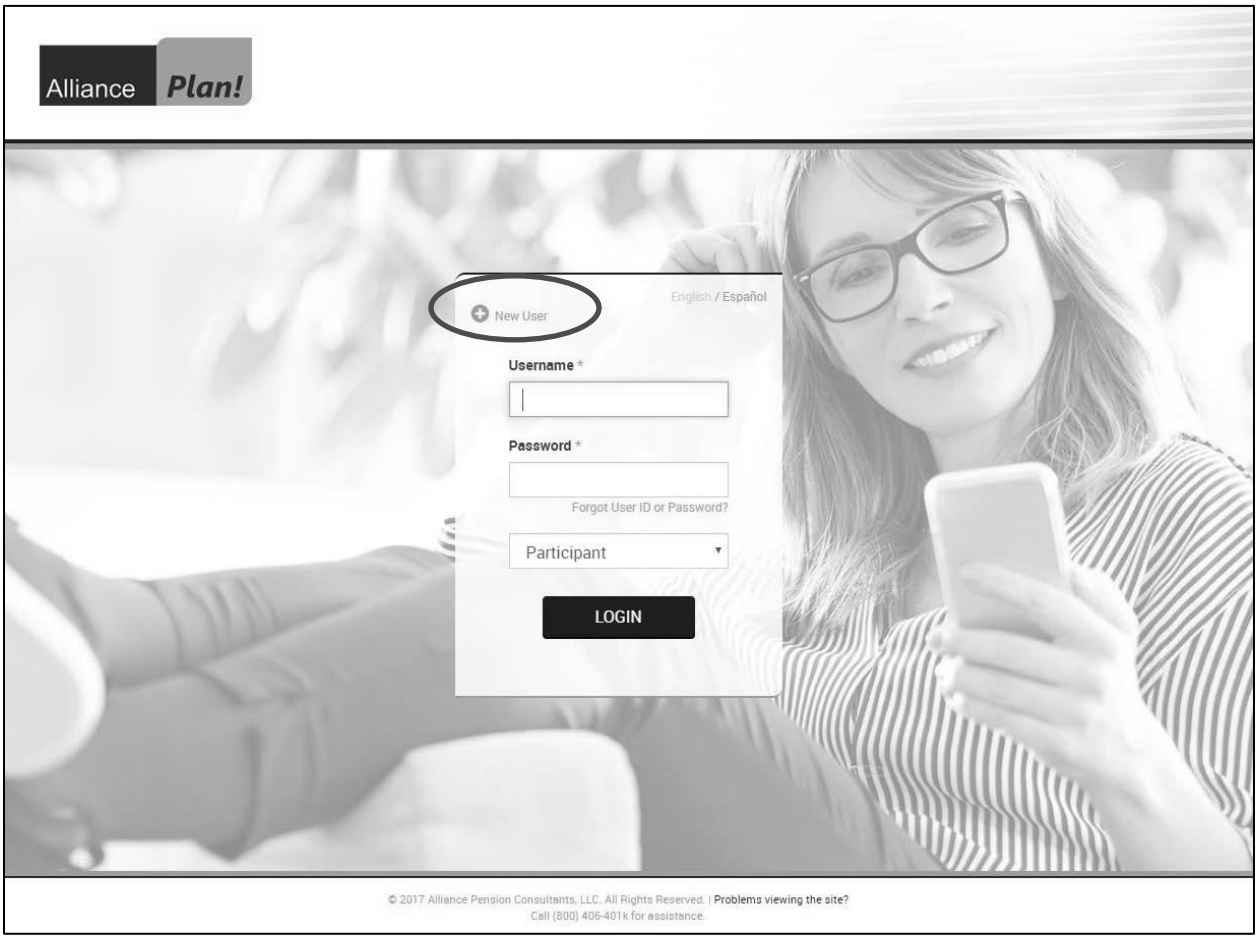
Summary Plan Description
The above highlights provide only a brief overview of the Plan's features and are not a legally binding document. A more detailed summary is provided in the Summary Plan Description (SPD) and is available on the ***Plan!*** website. Please read it carefully and contact your Plan Administrator if you have any further questions.

A Guide to Online Enrollment
Instructions for New Web Users

Go to www.Alliance-Plan.com.

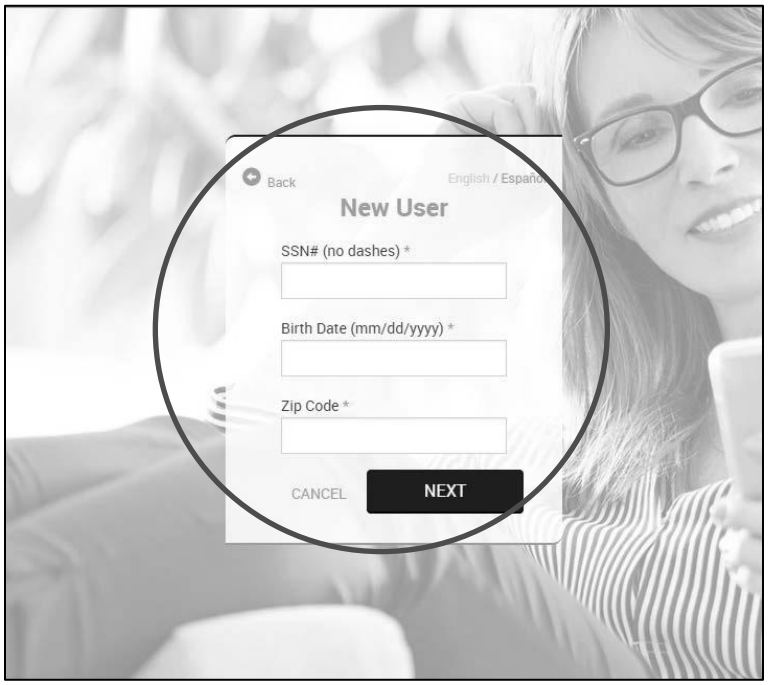
Click on "***New User***" to get started.



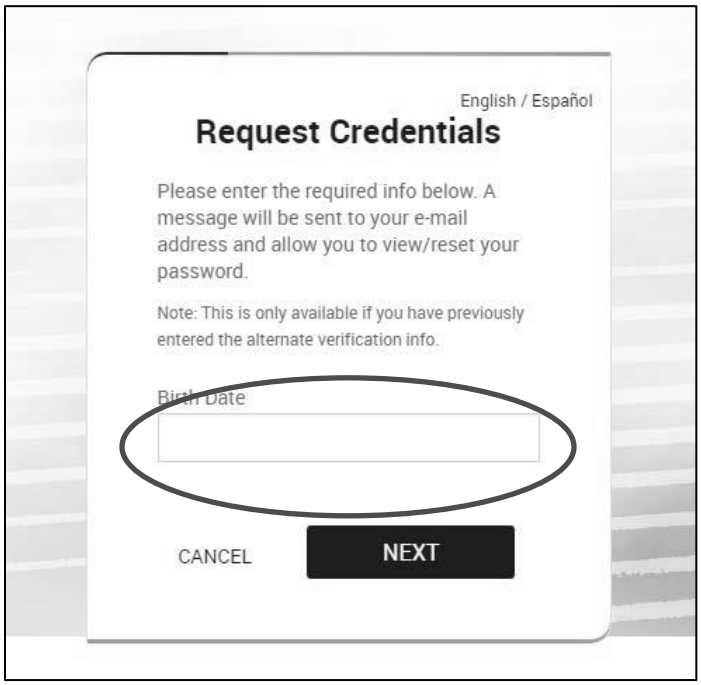
IMPORTANT NOTE: Your elections and changes will not be processed until all enrollment steps are completed and submitted. You will receive a confirmation once submitted (see the last page of this instruction guide for more information).

1 **Security Setup.** Upon selecting “New User”, you will begin the first section, which asks you questions that initiate the enrollment process and establish security protocol.

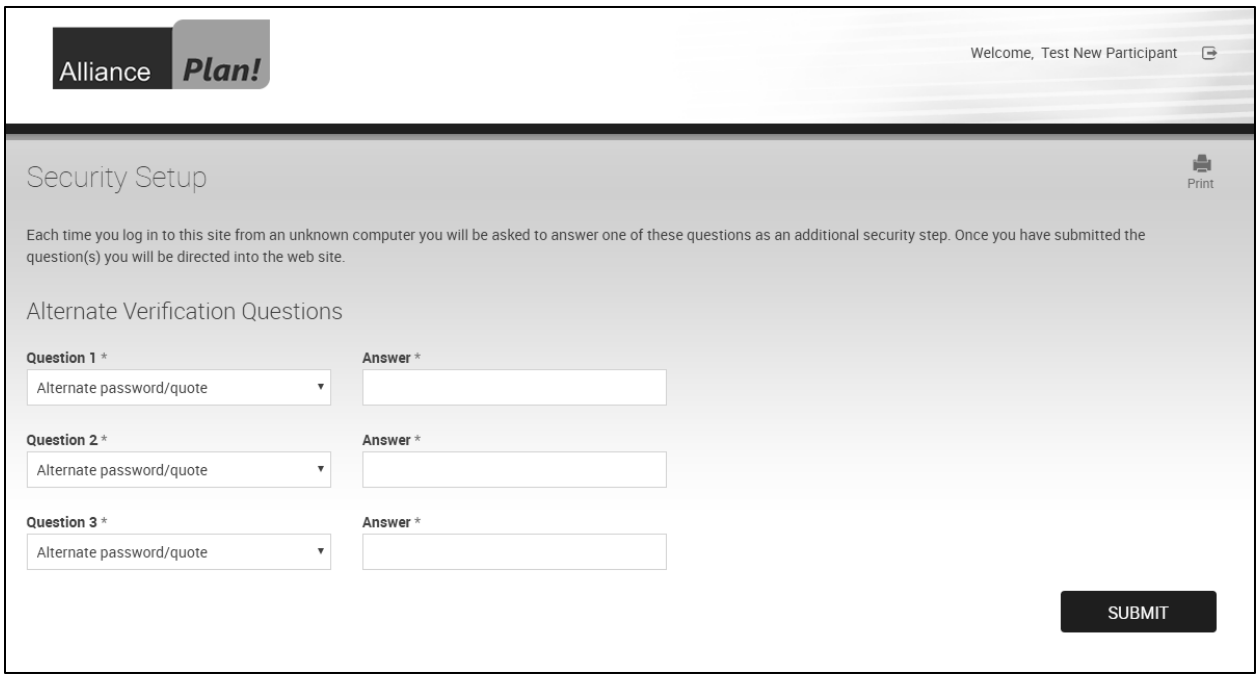
A. Enter your **Social Security Number** (without dashes), **Birth Date** (MM/DD/YYYY) and **Zip Code** (5 digits only), then click **Next.**



B. For security, once again enter your birthdate (MM/DD/YYYY), and click **Next.**

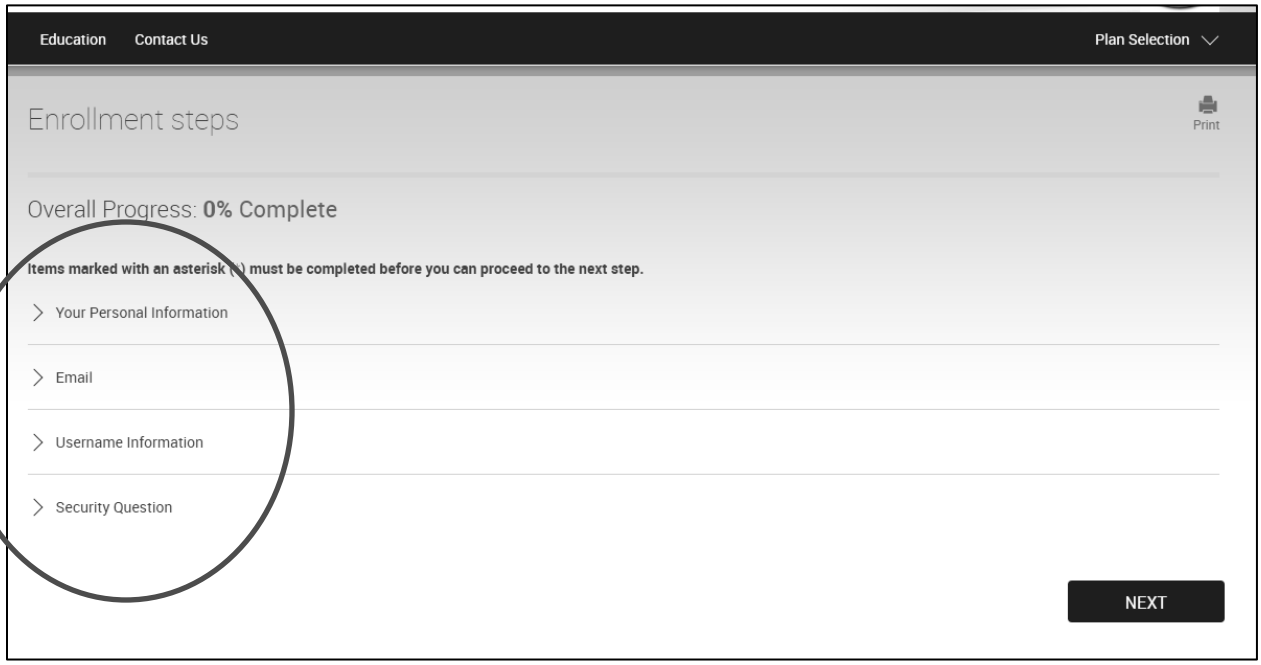


C. **Security Questions.** From the drop down menus, choose three different questions and fill in your answers. These will be used in the future to verify your identity when logging in from a new computer or mobile device. When finished, click **Submit.**



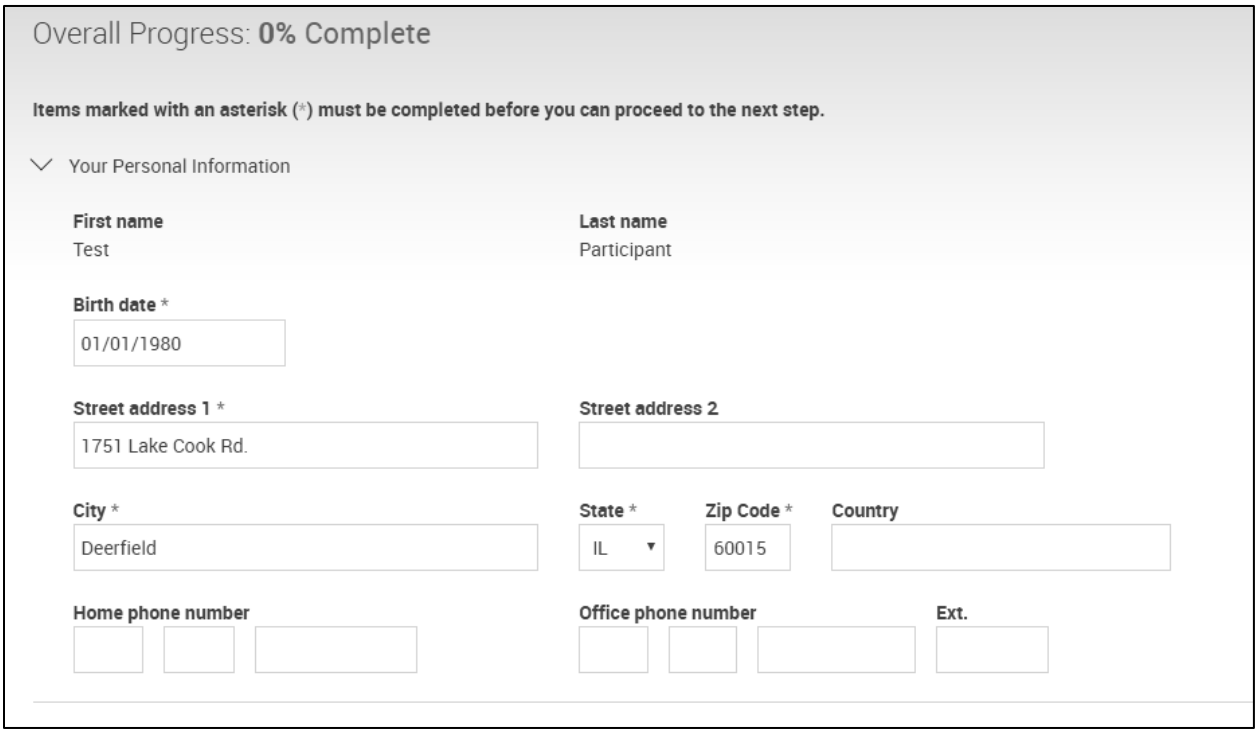
Continue to Step 2 ----->

2 **Enter and Review Your Personal Information.** Within the 4 dropdown menus on the screen, you must review and/or enter information as listed below.



A. Your Personal Information

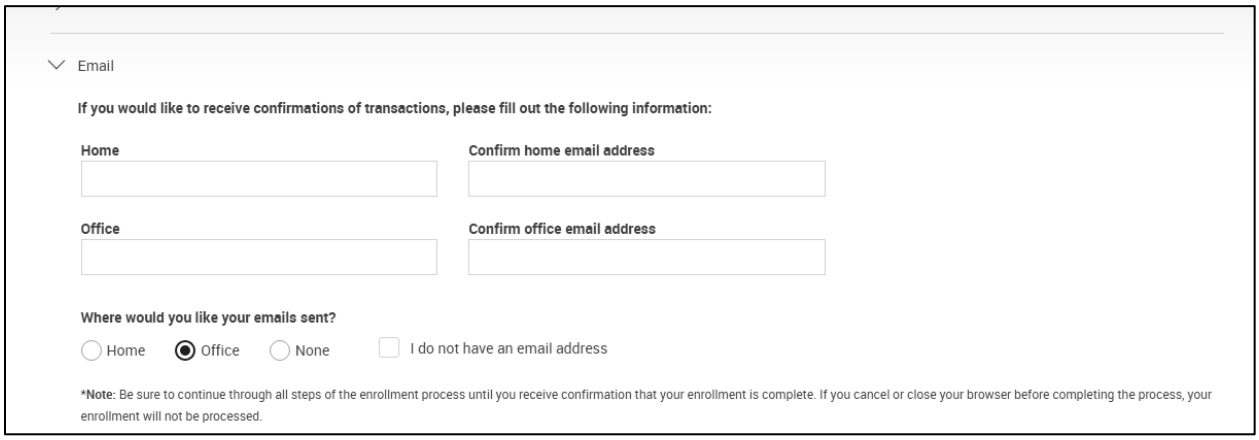
Review the information listed to ensure that it is accurate. You may add a phone number, but it is not required. **If your address is not correct, you must contact your Plan Administrator immediately to have the information updated.**



B. Email

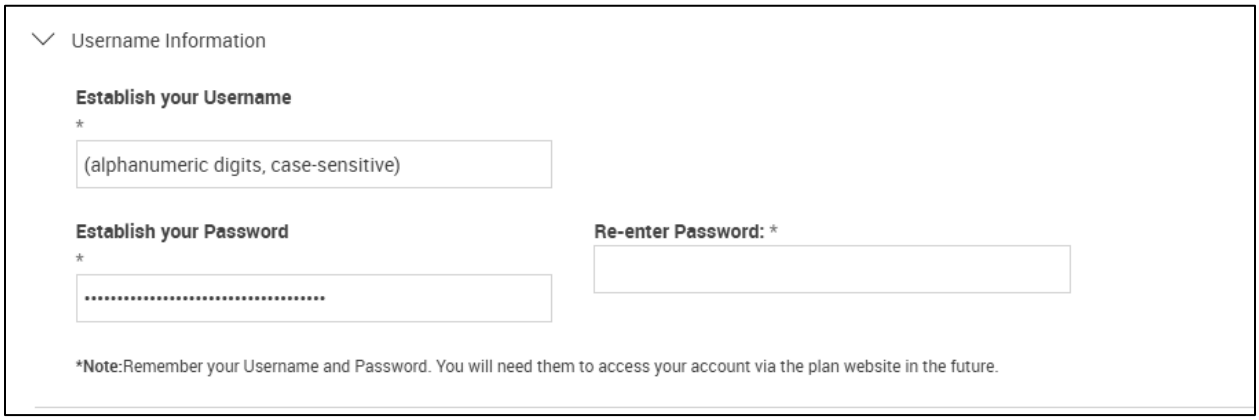
Enter a home and/or office email address and choose where you'd prefer emails to be sent (home or office). If you do not have an email address, you can check the "I do not have an e-mail address" box.

NOTE: Your email will **ONLY** be used for plan-related communications such as transaction confirmations and important messages.



C. Username Information

Enter your new Username and Password. Your Username must be 6-12 characters in length, and your password must be 8-15 characters in length. In addition, both must contain at least one letter and one number.



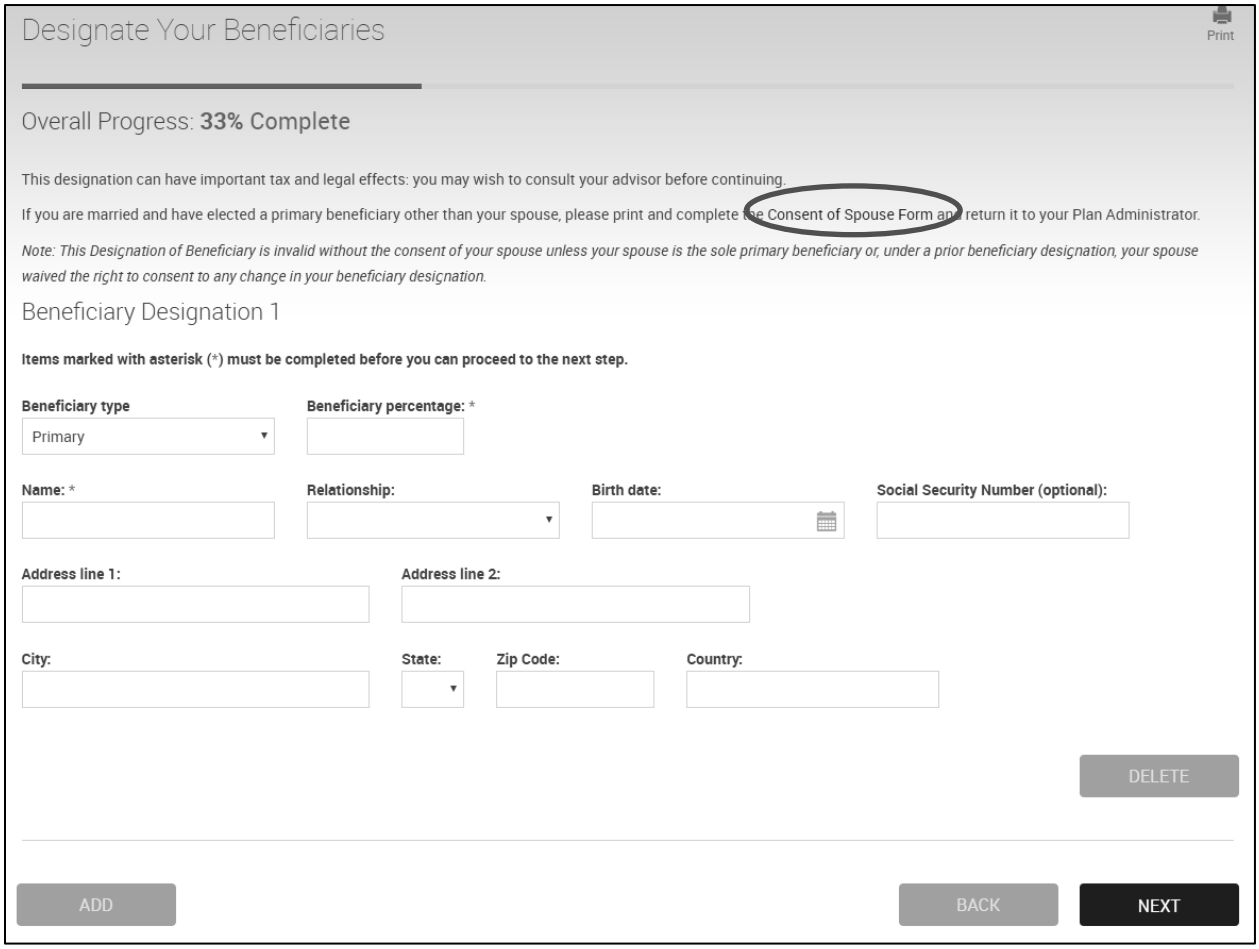
D. Security Question

You may review your security question responses from the previous step. Click **Next**.

Continue to Step 3 ----->

3 **Designate Your Beneficiaries.** Enter Beneficiary Information for primary and secondary (contingent) beneficiaries; click the "Add" button to list each new person. Beneficiary totals must add up to 100%. Click **Next.**

*Note: If you are married, spousal consent is <u>required</u> should you designate anyone other than your spouse as your primary beneficiary. The **Consent of Spouse Form** is provided for you to print. Your spouse must sign this form in the presence of a Plan Representative or a Notary Public.*



Continue to Step 4 ----->

4 **Confirmation.** Review your entries to verify that they are correct, and click **Submit.** You can edit any of the sections by clicking the **Edit** button in that specific section.

ESCUELA POPULAR CLASSIFIED STAFF

RETIREMENT PLAN

SUMMARY PLAN DESCRIPTION

(August 1, 2004)

ESCUELA POPULAR CLASSIFIED STAFF RETIREMENT PLAN
Summary Plan Description
(August 1, 2004)

I. INTRODUCTION

Escuela Popular Accelerated Family Learning Center (the "School") maintains the Escuela Popular Accelerated Family Learning Center Retirement Plan (the "Plan") for the classified staff employees of the School. This document is a summary of the formal Plan provisions that are in the Plan document, and the Plan document will prevail over any inconsistency between this summary and the Plan document. If you have a question regarding the Plan or this summary, or if you would like a copy of the Plan document, please ask the Retirement Plan Coordinator mentioned in Part II, below.

The Plan is a defined contribution plan that requires both employee and employer contributions. This means that a portion of the contributions to the Plan go into an account set up on your behalf, and that your pension benefit under this Plan is equal to the balance in that account. The Plan is tax-qualified under §401(a) of the Internal Revenue Code, which means that you will not pay income taxes on contributions to the Plan, nor on interest and other earnings within the Plan, though you will pay income taxes on payments made to you from the Plan.

Because the School is an instrumentality of the State of California, the Plan is not subject to federal pension law (called the Employee Retirement Income Security Act of 1974 or "ERISA"), but is subject to California laws. This means that any dispute you may have regarding your benefit in the Plan will be resolved under California law, not federal law.

II. GENERAL INFORMATION

Plan Administrator Information

The terms of the Plan are determined by the School's Board of Directors. The School's Retirement Plan Committee (the "Committee") is responsible for seeing that the terms of the Plan are properly administered. Although most of your questions about the Plan can be answered by the Retirement Plan Coordinator, the Committee will respond to any question that cannot be answered by the Retirement Plan Coordinator. Members of the Committee are appointed, and may be replaced, by the School's Board of Directors. The address and telephone number of the Committee are:

Escuela Popular Retirement Plan Committee
_____, Retirement Plan Coordinator
1180 East Julian Street
San Jose, CA 95116

Tel: _____
Fax: _____

The individuals serving on the Committee are listed on Appendix A.

Plan Trustee Information

The Plan's assets (that is, the money and securities held by the Plan) are held in a trust account at a financial institution. The Trustees of the trust hold all Plan assets for the benefit of the Plan's participants. All benefit payments will be made from that trust. The individuals serving as Trustees are listed on Appendix A.

The Trustees can be reached by addressing correspondence to the attention of any of the individual Trustees at the same address as that of the Committee.

III. ELIGIBILITY

In general, you will be eligible for both employer and employee contributions described in Section IV for any month you are employed by the School and you are not covered under another School-sponsored retirement plan. Participation in a §403(b) arrangement does not affect your eligibility to participate in the Plan.

IV. CONTRIBUTIONS

As discussed below, the Plan requires you to make a mandatory employee contribution, requires the School to make a mandatory employer contribution, and (if you wish) allows you to make rollover contributions from another plan in which you may participate.

Contributions

You are required to contribute 8.7% of your pay as an employee contribution. "Pay" means your taxable W-2 pay adjusted by adding back employee contributions, and any 403(b) and cafeteria plan contributions you elect to make. Employee contributions will reduce your taxable pay, and are fully vested at all times. The School will remit to the Plan your employee contributions earned in a calendar month no later than the end of the next calendar month.

The School will contribute another 8.7% of your pay as an employer contribution. Employer contributions are subject to the vesting schedule described in Article V. The School will remit employer contributions earned in a calendar quarter no later than the end of the following calendar quarter.

You may deposit into the Plan distributions you have received from other tax-qualified plans and arrangements. Such a deposit is called a "rollover" contribution and will be placed in a separate rollover account. You should consult your personal tax advisor to determine if a rollover to the Plan is available and in your best interest. The School will not allow your rollover unless you can demonstrate that the rollover is proper under the tax rules.

V. VESTING

Employee contribution and rollover amounts in the Plan are always fully vested. Employer contribution amounts vest according to the following schedules:

Years of Service	Employer Contributions Account
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

To the extent your account is vested, it cannot be taken away from you. To the extent your account is unvested, you must continue to earn employment credit with the School in order to become vested. If you terminate employment with the School and take a distribution of the vested portion of your account, you will forfeit the unvested portion of your account. If you return to employment with the School, your forfeited account will be restored if you repay your prior distribution within 5 years of your previous termination. If you terminate employment with the School and leave a portion of your vested account in the Plan, you will forfeit the unvested portion of your account after you have been absent from service for 5 years. Forfeitures are used by the Plan to offset future employer contributions.

A "year of service" is a 12-month period of continuous employment with the School. You will be treated as having been employed for a month if you earned any compensation during that month. Service with the California Charter Academy earned before the School became a separate entity will be treated as employment with the School. If you terminate employment and return within 1 year, your period of absence will still be counted as employment. If you are employed, but perform no services (perhaps due to a leave of absence), you will be treated as no longer employed after 12 consecutive months of having performed no services. No months will be duplicated, and special credit rules apply for maternity and paternity leaves.

VI. DISTRIBUTIONS

While You Are Still Employed

When you attain age 59½, you may request a distribution of any amount from the fully-vested portion of your account. No more than 1 distribution per calendar quarter may be made to you.

After You Leave Employment with the School

When your employment with the School ends, you may request a distribution of any amount from the fully-vested portion of your account. If your vested account exceeds $5,000, no distribution will be made to you unless and until you consent to the distribution, though you must begin taking distributions no later than the April 1 following the year you turn age 70½. If your account is not more than $5,000 when you terminate employment, it will be distributed to you without your consent.

If you are married at the time of your death, your spouse will be your beneficiary unless you select another beneficiary in writing on an approved form. If you designate someone other than your spouse as your beneficiary, your spouse must consent to the designation, in writing and witnessed by a notary or a plan representative. If your spouse has properly waived any right to your account, or if you are unmarried at the time of your death, then your account will be paid to your designated beneficiary. Your account generally must begin to be paid to your beneficiary over his or her life expectancy by the end of the year following your death, except that if your spouse is the beneficiary payments may begin as late as the year you would have attained age 70½. Alternatively, your beneficiary may elect to have your entire account distributed as late as, but no later than, the end of the 5th year after your death.

Taxes and Rollovers

Distributions from the Plan that you do not directly transfer to another plan or individual retirement account (IRA) are subject to 20% federal tax withholding (plus state tax withholding), and then taxed in full on your tax return for the year in which you receive the distribution. A 10% penalty may apply to your distribution if it is paid to you before you reach age 59½, though an exception may apply depending on the circumstances of your distribution. You may reduce or defer the tax due on your distribution by rolling all or a portion of it to an IRA or another qualified employer plan within 60 days of receiving the distribution. When you receive a distribution, you will be given a more detailed explanation of these tax and rollover rules. You may also want to consult with your tax advisor.

VII. LOANS

You may request a loan from your account, subject to a number of requirements and administration fees. In general, you may request a loan if you are an active employee with an account balance. Principal and interest payments you make will be credited back to your account and any default will reduce your account. The minimum loan amount is $1,000 and the maximum loan amount is the lesser of (i) 50% of your vested account balance or (ii) $50,000 (though this amount is reduced if you had a loan outstanding in the preceding year). Although you may use the loan proceeds however you wish, the loan may have a term of no more than 60 months, will bear interest at 2% above the prime rate (as published in the Wall Street Journal), must be paid off through regular payroll

deductions from your pay, and will be due and payable in full 30 days after your termination of employment. A temporary suspension of loan payments is available for an approved leave of absence. You may have only 1 loan outstanding at any one time. A fee will be imposed upon the setup of a loan, and an administration fee will be imposed each year the loan is outstanding. You should refer to the Plan's loan policy for more complete loan information.

VIII. INVESTMENTS

Your Money Is Held In Trust

All amounts contributed to the Plan are held in a trust fund by a Trustee (or several Trustees). The Trustee is the legal owner of the assets of the Plan, and is responsible for the safekeeping and proper disbursements of plan assets.

Plan Investments

Although the Trustee holds the assets of the Plan, the Retirement Plan Committee selects and monitors the available investments in which your account will be invested. A description of the Plan's investments is set forth in Appendix B.

IX. DOMESTIC RELATIONS ORDERS

In general, nobody (such as your creditors) can take your account away from you while it is in the Plan. However, the Plan will recognize a state court domestic relations order ("DRO") that allocates a portion of your account, ordinarily in connection with a marriage dissolution, for the benefit of your spouse, former spouse, child or other dependent. On request, the Plan will provide you, and anyone the School believes may attempt to file a DRO with the Plan, with a copy of the Plan's procedures relating to the administration of DROs. You should obtain a copy of these procedures as early as possible in any proceeding that is likely to result in the issuance of a DRO with respect to your account. If you are an individual (such as a former spouse of a participant) for whom an account has been established under the Plan pursuant to a DRO, you may (i) designate a beneficiary should you die before your account is distributed to you in full and (ii) request a distribution even though a distribution may not yet be available to the participant.

X. OTHER MATTERS

USERRA

The Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA") provides you special rights under the Plan should you leave the School to perform military service. These special rights relate to contributions, loan payment suspensions and service credit. If you leave to serve in the military, you should contact the School for more information about your rights.

Plan Expenses

The School may require the Plan to pay for some or all costs of Plan administration. These costs include fees for accounting, auditing, consulting, legal and investment advice. Currently, the School (and not the Plan) is paying most of the costs of Plan administration with participants paying only the costs of certain transactions associated with their account (such as loan fees) and investment management costs. The School intends that the Plan will eventually pay a greater portion of administration costs. The School will inform you in advance when these additional costs will be charged to the Plan.

Your Rights

As a participant in the Plan you are entitled to:

- Examine, without charge, all Plan documents, including Plan descriptions. This examination may take place at the School's office and at other specified employment locations of the School.
- Obtain copies of all Plan documents described in the paragraph above upon written request to the School. A reasonable charge may be imposed.

In addition to creating rights for Plan participants, the law imposes duties upon the people who are responsible for the operation of the Plan. Those people are called "fiduciaries" of the Plan, have a duty to operate the Plan prudently and in the interest of you and other participants and beneficiaries. No one, including the School or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a pension benefit or exercising your rights.

If you have a claim which is denied or ignored, in whole or in part, you may file suit in a state court. If the Plan's fiduciaries misuse the Plan's money, or if you are discriminated against for asserting your rights, you may file suit in a state court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees if, for example, it finds your claim is frivolous.

If you have questions about the Plan, contact the Committee.

XI. CLAIMS

Informal Benefit Claim

You (or your beneficiaries) may obtain Plan benefits by making informal requests as explained on routine forms available from the School. If your informal claim is denied and you believe that you are entitled to benefits, you or your authorized representative may make a formal claim for benefits. You should not file a lawsuit until you have followed all the steps required by the claims procedures (including appeals) and obtained an adverse benefit determination, unless the School significantly misapplies the formal claims procedures.

Formal Benefit Claim

All formal benefit claims under the Plan should be made in writing addressed to the Retirement Plan Committee under these claims procedures that are designed to ensure and to verify that benefit claim determinations are made in accordance with the Plan document, and that the Plan's provisions have been applied consistently with respect to similarly situated claimants.

If your formal benefit claim is denied, you will be notified within a reasonable period of time, but not later than 90 days after receipt of the claim by the Committee, unless special circumstances require an extension of time for processing the claim. If an extension is required, you will be given written notice before the end of that 90-day period. Any extension will not exceed an additional 90 days (30 days, for a disability claim), and will state the reasons for the extension of time, the unresolved issues, the additional information needed and the date by which the Committee expects to make a determination. Notice of an adverse benefit determination may be written or electronic, and will state the reason(s) for the adverse determination, reference the specific Plan provisions on which the determination is based, describe any additional material or information necessary for you to perfect the claim, explain why such material or information is necessary, describe the Plan's review procedures and the time limits applicable to such procedures.

Appeals

You will have 60 days following receipt of a notice of adverse benefit determination to appeal the determination, including an opportunity to submit written comments, documents, records, and other information relating to your claim. You will have, on request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim. The review will take into account all comments, documents, records, and other information you submit, without regard to whether such information was submitted or considered in the initial benefit determination. You will be notified of the determination on review within a reasonable time period, but not later than 60 days after receipt of your request for review, unless special circumstances require an extension of time for processing the claim. If an extension is required, you will receive written notice of the extension before the termination of the initial 60-day period, and the extension will not exceed an additional 60 days. The extension notice will indicate the special circumstances requiring an extension of time and the date by which the plan expects to render the determination on review.

You will receive written or electronic notification of the determination on review in the same manner as notification of an adverse determination. In addition any voluntary appeal procedures offered by the Plan will be described.

XII. AMENDMENT AND TERMINATION OF THE PLAN

Amendment

The School has the right to amend the Plan at any time. In no event, however, will any amendment (i) authorize or permit any part of the Plan assets to be used for purposes other than the exclusive benefit of participants or their beneficiaries, (ii) cause any reduction in the amount credited to your account, or (iii) cause any part of the Plan assets to revert to the School or its affiliates.

Termination

The School has the right to terminate the Plan at any time. If the Plan is terminated or if all contributions to it are suspended, all participant accounts in the Plan will become fully vested.

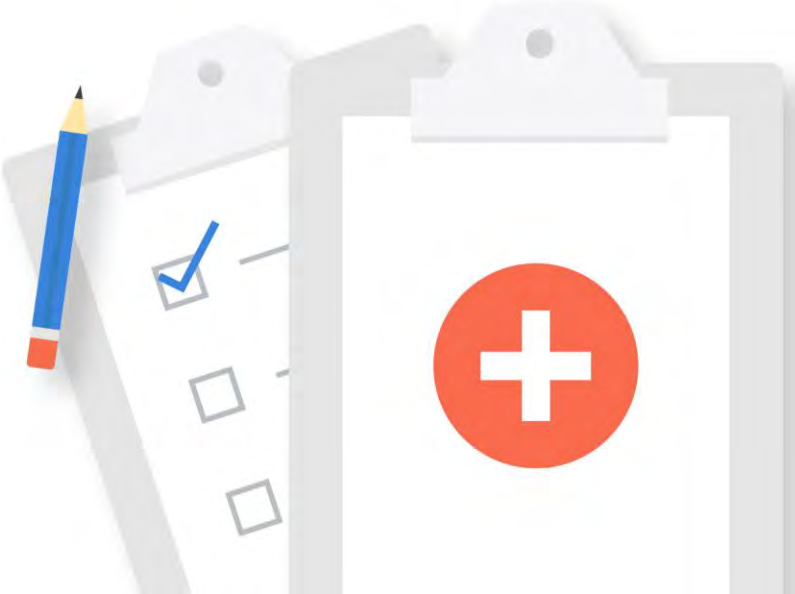
EMPLOYEE BENEFITS GUIDE



January 1, 2025 – December 31, 2025

Welcome to Escuela Popular's Employee Benefits Program!

Escuela Popular is dedicated to transforming the lives of students by offering educational services that meet their needs. Escuela Popular started as a community based grassroots school to address the growing need for English classes in east San Jose and has been providing educational services since 1986. In the 37 years of service, Escuela Popular has sustained itself and continued to grow from the support of its student body and dedicated employees like you.

As an employee of Escuela Popular, you are a vital member of the school community effort to realize this success. All of our employees have been carefully selected and not only have the skills needed to do the job but are passionate about our mission. Our employees understand that teaching is an act of love and that learning is a lifelong activity. Because we consider our employees our most valuable resource, Escuela Popular strives to keep our benefits and compensation plans comprehensive.

Escuela Popular encourages everyone to proactively participate. We welcome feedback and suggestions at all levels of the organization. There is always room for improvement and we are committed to quality. With everyone's help we can continue to operate at the highest possible level.

We are delighted that you have joined us and we hope that you will have a successful and rewarding career with Escuela Popular.

Sincerely,

Patricia Reguerin

ELIGIBILITY & ENROLLMENT

Who Can Enroll?

All full-time employees working at least 30 hours per week are eligible for group insurance benefits.

If you are an eligible employee, you may enroll the following dependents:

- Your spouse or registered domestic partner.
- Your children up to age 26, including stepchildren, legally adopted children, children for whom you are the legal guardian, foster children, or children for whom you are legally responsible to provide health coverage under a Qualified Medical Child Support Order (QMCSO). Due to Affordable Care Act, your medical plan covers dependents to age 26.
- Children are eligible for coverage regardless of their student status or whether they live with you.
- Children of children may not be covered unless they meet the plan's dependent eligibility rules as specified above.
- Disabled children over age 26 if unmarried, incapable of self-support, dependent on you for primary support and the disability occurred before the age of 26. Requirements for such coverage and documentation of disability depend on the insurance carrier.

Premiums for domestic partners who do not meet the tax dependent definition of IRS section 152 for the employee, may be considered taxable income (unregistered domestic partners will not meet the relationship test under IRS section 152). Premiums for children/registered Domestic Partners step-children under age 26 are not taxable. Premiums for children/stepchildren over age 26 are taxable if not an IRS section 152 tax dependent.

When and How Do I Enroll?

The Ease enrollment system is available to newly hired employees or during Open Enrollment. Open Enrollment elections will be effective January 1st.

Enrollment is made easy with Ease! You will need your credentials (provided to you during the new hire process) to access the benefit enrollment portal.

- Go to https://escuelapopular.ease.com
- Once you are logged into the system, click "Get Started" and complete your profile. Follow the steps to add dependents.
- Make your benefit selection checking off the icon next to the plan to either enroll or waive. Scroll down and click "Continue".
- After selecting your plans you will then sign the electronic enrollment forms.
- Confirm your election summary by clicking "Next". Then, select "Finish".

Ease Mobile App

Download the Ease mobile app to view your current benefit plans throughout the year! Note that enrollment is not a feature of the mobile app.

Scan the QR code for more information on how to enroll!

ELIGIBILITY & ENROLLMENT

When Does Coverage Begin for New Hires?

Your benefits are effective 1st of the month following 30 days from your date of hire. Once you have completed your new hire waiting period, you must enroll by the deadline date. If you do not enroll within that time period, you will not be eligible for benefits until the next Open Enrollment, unless you have a Qualifying Family Status Change.

Do I have to Enroll?

For information regarding Health Care Reform and the Individual Mandate, please contact HR or visit www.cms.gov/cciio. You can also visit www.healthcare.gov to review information specific to the Health Insurance Marketplace.

You may elect to "waive" medical coverage if you have access to coverage through another plan. It is important to note that if you waive our medical coverage, you must maintain minimum essential health insurance through another source. It is also important to note that if coverage is waived, the next opportunity to enroll in our group benefit plans will be during Open Enrollment in 2026 or if a qualifying status change occurs.

Can I Change My Coverage During the Year?

You are permitted to make changes to your benefits outside of the Open Enrollment period if you have a qualified change in status as defined by the IRS. Generally, you may add or remove dependents from your benefits, as well as add, drop, or change coverage if you submit your request for change **within 30 days of the qualified event, not from written notice or proof**.

Examples of Qualifying Events include:

- Newly hired as full-time benefits-eligible
- Marriage, divorce or legal separation
- Birth or adoption of a child
- Death of a dependent
- Qualified Medical Child Support Order (QMCSO)
- Change in residence causing loss of coverage
- Change in work schedule for you or your spouse (part-time to full-time)
- You or your spouse's / domestic partner's loss or gain of coverage through our organization or another employer
- You enroll, or intend to enroll, in a Qualified Health Plan (QHP) through the State Marketplace (i.e. Exchange) and it is effective no later than the day immediately following the revocation of your employer sponsored coverage.

If your change during the year is a result of the loss of eligibility or enrollment in Medicaid, Medicare or state health insurance programs, you must submit the request for change within 30 days.

Doctors and hospitals may leave or join health plan networks at any time. If your provider leaves your plan's network during the year, this does not qualify as a change in status. As a result, you cannot change your medical coverage.

The above rates reflect the monthly costs for a 100% Full-Time employee after the Employer Contribution has been applied.

MEDICAL PLAN OPTIONS

KAISER PERMANENTE®

Kaiser HMO

Kaiser operates its own facilities and hires all physicians directly. Most services are provided at little or no cost to the enrollees. Under most circumstances, you must use Kaiser facilities and physicians, although emergency care is covered when you are away from home.

Provider Search

1. Visit www.kp.org
2. Click on Doctors & Locations.
3. Choose the Region you are searching in, and enter your zip code.
4. Press "Search" you will get a listing of doctors. Be sure to check the individual doctor bios.

Remember: choosing Kaiser means staying within the Kaiser network, with the limited exception for an approved referral for an outside provider from your PCP.

Looking for Chiropractic or Acupuncture Services?
When you need chiropractic or acupuncture care under the Kaiser HMO plan, you can visit any participating provider in California from the ASH plan network without referral from your HMO PCP. Services must be deemed medical necessary. Find an ASH Plan Participating Provider near you by calling the customer service line at 1-800-678-9133 weekdays from 5am to 6pm (PST) or visiting the website: www.ashlink.com/ash/kp

Looking for your Medication?
Visit https://healthy.kaiserpermanente.org/health-wellness/drug-formulary and select the "California Commercial Formulary" drop down.

MEMBER TOOLS

KAISER PERMANENTE®

Virtual Visits

When you need care — anytime, day or night — virtual visits can be a convenient option. Talk with a doctor 24/7 about mild conditions such as flus, fevers, colds, sore throats, migraines, rashes, allergies, stomach aches, pink eye, and more.

Mobile App & Member ID Cards

Access the convenient features of the free mobile app offered by your insurance carrier. View details about your plan benefits, search for in-network providers, and view claim history. You can also view an electronic copy of your member ID card.

Member Discounts & Wellness

Being healthy can be affordable, too. Take advantage of healthy discounts and extras included with your health plan to help you live better. Find discounts and perks on a variety of services including fitness and weight loss programs, eye care and hearing aids, health assessments, chiropractor and acupuncture visits, and more.

Care While Traveling

If you get hurt or sick while traveling, you are covered for emergency care anywhere in the world. If you have an emergency while traveling, call 911 or go to the nearest emergency facility. Examples of emergency conditions are shortness of breath, excessive bleeding and severe pain to body parts or organs. If you need routine care while outside of your service area, contact your insurance carrier prior to your travel plans.

DENTAL & VISION PLANS

Humana

Humana Dental PPO

The Dental PPO plan is designed to give you the freedom to receive dental care from any licensed dentist of your choice. Savings are greater when you visit an in-network provider because contracted dentists have agreed to provide care at a negotiated rate.

If you have services with a non-participating dentist, you will be responsible for the difference between what the plan pays the dentist and the dentist's charges.

Humana

Humana Vision

The Vision plan provides professional vision care and high quality lenses and frames through a broad network of specialists. The plan also includes discounts for several lens enhancements and vision services. You will receive richer benefits if you utilize an in-network provider.

If you have services with a non-participating vision provider, you will be responsible for the difference between what the plan will reimburse you and the provider's charges.

LIFE INSURANCE

All benefit eligible employees are provided with employer-paid Life and Accidental Death & Dismemberment (AD&D) coverage. All eligible employees are automatically enrolled in Life and AD&D plans. This benefit is paid for 100% by your employer.

Employee Basic Life Insurance & Accidental Death and Dismemberment (AD&D)

- Benefit amount of $100,000
- AD&D provides 100% of the Basic Life benefit
- In the event of death that occurs from a covered accident, both Life and AD&D benefit would be payable each in the amount of the basic life insurance.

Benefits Age Reduction

Your life benefits will reduce after a certain age, and the reduction schedule is as follows:

- Reduce by 50% at age 70

- Consider updating your Life Insurance beneficiary through the Ease enrollment portal.
- You may update your Life Insurance Beneficiary any time during the year as often as you would like.

As an added benefit, you may purchase Supplemental Life and Accidental Death & Dismemberment insurance for you and your dependents. This benefit is voluntary and paid for 100% by eligible employees through post-tax payroll deductions.

Supplemental Employee Life/AD&D

Employees may purchase additional coverage in $10,000 increments not to exceed 5 times salary or $300,000. The New Hire Guaranteed Issue* amount is $100,000.

Supplemental Spouse Life/AD&D

You may purchase additional coverage for your spouse in $5,000 increments to the lesser of 100% of employee coverage or $250,000. The New Hire Guaranteed Issue* amount is $50,000.

Supplemental Child(ren) Life/AD&D

You may purchase additional coverage for your child(ren). For children from birth to 26 years (if full-time student), you may purchase $10,000 of coverage.

Should you choose to elect coverage outside of your initial eligibility period, or you elect coverage above the Guaranteed Issue amount, you or your spouse will need to complete the Evidence of Insurability (EOI) Form for medical underwriting purposes*

BASIC LIFE INSURANCE IMPUTED INCOME

What is Imputed Income?
Imputed income is the value that the Internal Revenue Service (IRS) puts on employer-provided group-term life insurance coverage in excess of $50,000. That "value" is determined by your age and the schedule established by the IRS (see table below). This tax liability is called "imputed income." It is added to your gross wages and is included on your form W-2 at the end of the year.

Age*	Cost per $1,000 per month
Under age 25	$0.05
25 to 29	$0.06
30 to 34	$0.08
35 to 39	$0.09
40 to 44	$0.10
45 to 49	$0.15
50 to 54	$0.23
55 to 59	$0.43
60 to 64	$0.66
65 to 69	$1.27
70 and Over	$2.06

**Age is based on the last day of the covered calendar year.*

How Do I Calculate Imputed Income?
The basic formula to calculate imputed income is as follows:
(Total group term coverage - $50,000) / 1,000 x Table 1 rate for employee's age - employee after-tax contributions for the year x 12 months.

The below assume a basic life benefit of 1 x salary

Example 1: 47-year-old employee earning $65,800
Basic Life Benefit = $66,000 benefit
$66,000 benefit - $50,000 = $16,000
$16,000 / 1,000 = 16 units
$16.00 x $0.15 = $2.40/month or $28.80/year additional taxable income

Example 2: 31-year-old employee earning $120,600
Basic Life Benefit = $121,000 benefit
$121,000 benefit - $50,000 = $71,000
$71,000 / 1,000 = 71 units
$71.00 x $0.08 = $5.68/month or $68.16/year additional taxable income

Example 3: 52-year-old employee earning $55,150
Basic Life Benefit = $56,00 benefit
$56,000 benefit - $50,000 = $6,000
$6,000 / 1,000 = 6 units
$6.00 x $0.23 = $1.38/month or $16.56/year additional taxable income

Can I Opt Out?
Yes, you may elect to waive the employer-paid life insurance coverage in excess of $50,000 to avoid imputed income. Please notify Human Resources and you will be asked to complete a Group Term Life Opt Out form to limit your coverage to $50,000.

FLEXIBLE SPENDING ACCOUNTS (FSA)

What is an FSA?

A Flexible Spending Account (FSA) is an account that allows you to set aside pre-tax dollars from your paycheck to use on eligible health care and dependent care expenses. You elect how much you want to contribute each year, and your employer deducts the amount from your paychecks for the plan year.

Health Care Reimbursement FSA

The annual maximum contribution to the Health Care Reimbursement FSA is $3,300

The Health Care Reimbursement FSA allows you to pay for certain health care services and items for you, spouse and dependents. These are items such as:

- Prescriptions
- Co-pays
- Dental & Vision care
- Certain over-the-counter items and medicines

For more information about eligible expenses, please refer to IRS Publication 502 available at www.irs.gov/publications/p502/index.html

Dependent Care Reimbursement FSA

The annual maximum contribution to the Dependent Care Reimbursement FSA is $5,000

The Dependent Care Reimbursement FSA allows you to use pre-tax dollars toward qualified dependent care. Care must be for a tax-dependent child under age 13 who lives with you, or a tax-dependent, spouse or child who lives with you and is incapable of caring for themselves. Also, the care must be needed so that you and your spouse (if applicable) can go to work. Care must be given during normal working hours and cannot be provided by another of your dependents. Typical expenses include:

- Before- and after-school care
- Day care, preschool, nursery school
- Adult day care

"Use-It-or-Lose-It" Rule

The FSA plan year is from January 1, 2025 through December 31, 2025; claims can only be for services/expenses incurred during the plan period. Any funds left unclaimed will be forfeited. The Health Care FSA plans includes a $660 rollover option, which will allow you to roll over up to $660 of unused contributions into the next plan year. Please refer to your plan documents for additional information. Always save receipts in case you are audited.

*The **TAG Benefit Center** Mobile App allows you to view FSA balances and submit claims and receipts.*

Have leftover funds at the end of the year?

Visit www.fsastore.com to purchase FSA-eligible items before the end of the plan year, and also review the updated FSA Eligibility list.

LIG Solutions is here to assist you with finding, comparing, and enrolling in health insurance plans that align with your needs and budget. As your trusted partner, we take the time to speak with you and understand your situation before making any plan recommendations.

4 Easy Steps to Get the Best Health Insurance

Medicare Insurance Solutions

1. **Enroll in Original Medicare**
   There are multiple ways to sign up for Medicare. You can visit your local Social Security office, call 800-772-1213 (TTY 800-325-0778), or apply online at www.ssa.gov.

2. **Determine which additional benefits you'd like.**
   Medicare Advantage vs. Medigap
   - Both supplement Original Medicare, but they differ in how they provide coverage. Medicare Advantage plans replace Original Medicare and often include prescription drug coverage. Medigap plans work alongside Original Medicare and help pay for certain costs like copayments, coinsurance, and deductibles.

3. **Determine your prescription needs.**
   Many retirees opt for a prescription drug plan, particularly in the following situations:
   - They choose a plan that does not provide prescription drug coverage.
   - They incur substantial drug expenses or seek insurance as a safeguard against potential future increases in drug costs.
   - They wish to avoid a late enrollment penalty by adding prescription drug coverage at a later date rather than during their initial eligibility period.

HEALTH INSURANCE MARKETPLACE

Notice of Medical Coverage Options:

THE NEW HEALTH INSURANCE MARKETPLACE

PART A: General Information Even if you are offered health coverage through your employment, you may have other coverage options through the Health Insurance Marketplace ("Marketplace"). To assist you as you evaluate options for you and your family, this notice provides some basic information about the Health Insurance Marketplace and health coverage offered through your employment.

What is the Health Insurance Marketplace? The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options in your geographic area.

Can I Save Money on my Health Insurance Premiums in the Marketplace? You may qualify to save money and lower your monthly premium and other out-of-pocket costs, but only if your employer does not offer coverage, or offers coverage that is not considered affordable for you and doesn't meet certain minimum value standards (discussed below). The savings that you're eligible for depends on your household income. You may also be eligible for a tax credit that lowers your costs.

Does Employment-Based Health Coverage Affect Eligibility for Premium Savings through the Marketplace? Yes. If you have an offer of health coverage from your employer that is considered affordable for you and meets certain minimum value standards, you will not be eligible for a tax credit, or advance payment of the tax credit, for your Marketplace coverage and may wish to enroll in your employment-based health plan. However, you may be eligible for a tax credit, and advance payments of the credit that lowers your monthly premium, or a reduction in certain cost-sharing, if your employer does not offer coverage to you at all or does not offer coverage that is considered affordable for you or meet minimum value standards. If your share of the premium cost of all plans offered to you through your employment is more than 8.39% of your annual household income, or if the coverage through your employment does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit, and advance payment of the credit, if you do not enroll in the employment-based health coverage. For family members of the employee, coverage is considered affordable if the employee's cost of premiums for the lowest-cost plan that would cover all family members does not exceed 8.39% of the employee's household income.

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered through your employment, then you may lose access to whatever the employer contributes to the employment-based coverage. Also, this employer contribution -as well as your employee contribution to employment-based coverage- is generally excluded from income for federal and state income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis. In addition, note that if the health coverage offered through your employment does not meet the affordability or minimum value standards, but you accept that coverage anyway, you will not be eligible for a tax credit. You should consider all of these factors in determining whether to purchase a health plan through the Marketplace.

Health Insurance Marketplace

If you have questions, please visit the Health Insurance Marketplace website at www.healthcare.gov

HEALTH INSURANCE MARKETPLACE

When Can I Enroll in Health Insurance Coverage through the Marketplace? You can enroll in a Marketplace health insurance plan during the annual Marketplace Open Enrollment Period. Open Enrollment varies by state but generally starts November 1 and continues through at least December 15.

Outside the annual Open Enrollment Period, you can sign up for health insurance if you qualify for a Special Enrollment Period. In general, you qualify for a Special Enrollment Period if you've had certain qualifying life events, such as getting married, having a baby, adopting a child, or losing eligibility for other health coverage. Depending on your Special Enrollment Period type, you may have 60 days before or 60 days following the qualifying life event to enroll in a Marketplace plan.

There is also a Marketplace Special Enrollment Period for individuals and their families who lose eligibility for Medicaid or Children's Health Insurance Program (CHIP) coverage on or after March 31, 2023, through July 31, 2024. Since the onset of the nationwide COVID-19 public health emergency, state Medicaid and CHIP agencies generally have not terminated the enrollment of any Medicaid or CHIP beneficiary who was enrolled on or after March 18, 2020, through March 31, 2023. As state Medicaid and CHIP agencies resume regular eligibility and enrollment practices, many individuals may no longer be eligible for Medicaid or CHIP coverage starting as early as March 31, 2023. The U.S. Department of Health and Human Services is offering a temporary Marketplace Special Enrollment period to allow these individuals to enroll in Marketplace coverage.

Marketplace-eligible individuals who live in states served by HealthCare.gov and either- submit a new application or update an existing application on HealthCare.gov between March 31, 2023 and July 31, 2024, and attest to a termination date of Medicaid or CHIP coverage within the same time period, are eligible for a 60-day Special Enrollment Period. That means that if you lose Medicaid or CHIP coverage between March 31, 2023, and July 31, 2024, you may be able to enroll in Marketplace coverage within 60 days of when you lost Medicaid or CHIP coverage. In addition, if you or your family members are enrolled in Medicaid or CHIP coverage, it is important to make sure that your contact information is up to date to make sure you get any information about changes to your eligibility. To learn more, visit **HealthCare.gov** or call the Marketplace Call Center at 1-800-318-2596. TTY users can call 1-855-889-4325.

What about Alternatives to Marketplace Health Insurance Coverage? If you or your family are eligible for coverage in an employment-based health plan (such as an employer-sponsored health plan), you or your family may also be eligible for a Special Enrollment Period to enroll in that health plan in certain circumstances, including if you or your dependents were enrolled in Medicaid or CHIP coverage and lost that coverage. Generally, you have 60 days after the loss of Medicaid or CHIP coverage to enroll in an employment-based health plan, but if you and your family lost eligibility for Medicaid or CHIP coverage between March 31, 2023 and July 10, 2023, you can request this special enrollment in the employment-based health plan through September 8, 2023. Confirm the deadline with your employer or your employment-based health plan.

Alternatively, you can enroll in Medicaid or CHIP coverage at any time by filling out an application through the Marketplace or applying directly through your state Medicaid agency. Visit https://www.healthcare.gov/medicaid-chip/getting-medicaid-chip/ for more details.

How Can I Get More Information? For more information about your coverage offered through your employment, please check your health plan's summary plan description.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit **HealthCare.gov** for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

Model General Notice of COBRA Continuation You're getting this notice because you recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it. When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage. The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

What is COBRA continuation coverage? COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay (or aren't required to pay) for COBRA continuation coverage.
If you're an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:
· Your hours of employment are reduced, or
· Your employment ends for any reason other than your gross misconduct.
If you're the spouse of an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:
· Your spouse dies;
· Your spouse's hours of employment are reduced;
· Your spouse's employment ends for any reason other than his or her gross misconduct;
· Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both);
· OR You become divorced or legally separated from your spouse.
Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:
· The parent-employee dies;
· The parent-employee's hours of employment are reduced;
· The parent-employee's employment ends for any reason other than his or her gross misconduct;
· The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
· The parents become divorced or legally separated; or
· The child stops being eligible for coverage under the Plan as a "dependent child."
If the Plan provides retiree health coverage: Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to your employer and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary. The retired employee's spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

When is COBRA continuation coverage available? The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

· The end of employment or reduction of hours of employment;
· Death of the employee;
· Plan provides retiree health coverage: Commencement of a proceeding in bankruptcy with respect to the employer; or
· The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).The end of employment or reduction of hours of employment;
- Death of the employee;
- The employee is becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days [or enter longer period permitted under the terms of the Plan] after the qualifying event occurs. You must provide this notice to your employer/Human Resources.

How is COBRA continuation coverage provided? Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.
COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.
There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

Disability extension of 18-month period of COBRA continuation coverage If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage.

Second qualifying event extension of 18-month period of continuation coverage If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

Are there other coverage options besides COBRA Continuation Coverage? Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicare, Medicaid, Children's Health Insurance Program (CHIP), or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

Can I enroll in Medicare instead of COBRA continuation coverage after my group health plan coverage ends. In general, if you don't enroll in Medicare Part A or B when you are first eligible because you are still employed, after the Medicare initial enrollment period, you have an 8-month special enrollment period1 to sign up for Medicare Part A or B, beginning on the earlier of
· The month after your employment ends; or
· The month after group health plan coverage based on current employment ends.
If you don't enroll in Medicare and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and later enroll in Medicare Part A or B before the COBRA continuation coverage ends, the Plan may terminate your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if you enroll in the other part of Medicare after the date of the election of COBRA coverage.

If You Have Questions
Questions concerning your Plan or your COBRA continuation coverage rights should be addressed to the contact or contacts identified below. For more information about your rights under the Employee Retirement Income Security Act (ERISA), including COBRA, the Patient Protection and Affordable Care Act, and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit www.dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.) For more information about the Marketplace, visit www.healthcare.gov.

Keep your Plan informed of address changes
To protect your family's rights, let the Plan Administrator know about any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator.

IMPORTANT EMPLOYEE NOTIFICATIONS

If you are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (primary payer) and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to Medicare, even if you are not enrolled in Medicare. For more information visit https://www.medicare.gov/medicare-and-you.

Grandfathered Plans If your group health plan is grandfathered then the following will apply. This group health plan believes this plan is a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the Plan Administrator. You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform This website has a table summarizing which protections do and do not apply to grandfathered health plans.

Patient Protections Disclosure For plans and issuers that require or allow for the designation of primary care providers by participants or beneficiaries:

- Your HMO generally requires the designation of a primary care provider. You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact your Human Resources office

For plans and issuers that require or allow for the designation of a primary care provider for a child:

- For children, you may designate a pediatrician as the primary care provider.
- You do not need prior authorization from your health group or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact your Human Resources office.

Women's Health & Cancer Rights Act If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 ("WHCRA"). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under the plan. If you would like more information on WHCRA benefits, please call your Plan Administrator.

Newborns' and Mothers' Health Protection Act Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Paperwork Reduction Act Statement According to the Paperwork Reduction Act of 1995 (Pub. L. 104-13) (PRA), no persons are required to respond to a collection of information unless such collection displays a valid Office of Management and Budget (OMB) control number. The Department notes that a Federal agency cannot conduct or sponsor a collection of information unless it is approved by OMB under the PRA, and displays a currently valid OMB control number, and the public is not required to respond to a collection of information unless it displays a currently valid OMB control number. See 44 U.S.C. 3507. Also, notwithstanding any other provisions of law, no person shall be subject to penalty for failing to comply with a collection of information if the collection of information does not display a currently valid OMB control number. See 44 U.S.C. 3512.

The public reporting burden for this collection of information is estimated to average approximately seven minutes per respondent. Interested parties are encouraged to send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Labor, Employee Benefits Security Administration, Office of Policy and Research, Attention: PRA Clearance Officer, 200 Constitution Avenue, N.W., Room N-5718, Washington, DC 20210 or email ebsa.opr@dol.gov and reference the OMB Control Number 1210-0137.

HIPPA Notice of Privacy Practices Reminder

Protecting Your Health Information Privacy Rights Your employer is committed to the privacy of your health information. The administrators of the health plan use strict privacy standards to protect your health information from unauthorized use or disclosure. The Plan's policies protecting your privacy rights and your rights under the law are described in the Plan's Notice of Privacy Practices. You may receive a copy of the Notice of Privacy Practices by contacting Human Resources.

Premium Assistance under Medicaid and The Children's Health Insurance Program (CHIP) If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.
If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.
If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.
If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, **and you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of January 31, 2023. Contact your State for more information on eligibility. To see if any other states have added a premium assistance program since January 31, 2023, or for more information on special enrollment rights, contact either:

Medicare Part D Model Individual Creditable Coverage Disclosure Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare prescription drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Your employer has determined that the prescription drug coverage offered is expected to pay, on average, as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan? You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15 to December 7. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare prescription drug plan.

What happens to your current coverage if you decide to join a Medicare prescription drug plan? If you decide to join a Medicare drug plan, your current employer coverage will be affected. For individuals who elect Part D coverage, coverage under the employer plan will end for the individual and all covered dependents. See pages 9–11 of the CMS Disclosure of Creditable Coverage To Medicare Part D Eligible Individuals Guidance (available at http://www.cms.hhs.gov/CreditableCoverage), which outlines the prescription drug plan provisions/options that Medicare eligible individuals may have available to them when they become eligible for Medicare Part D. If you do decide to join a Medicare drug plan and drop your current coverage, be aware that you and your dependents may not be able to get this coverage back.

When Will You Pay a Higher Premium (Penalty) to Join a Medicare Drug Plan? You should also know that if you drop or lose your current coverage with your employer and do not join a Medicare prescription drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later. If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information about This Notice or Your Current Prescription Drug Coverage Contact your Human Resources Department for further information NOTE: You will receive this notice annually, before the next period you can join a Medicare prescription drug plan, and if this coverage through your employer changes. You also may request a copy of this notice at any time.

For More Information about Your Options under Medicare Prescription Drug Coverage More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans. For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit the Social Security Administration (SSA) online at www.socialsecurity.gov, or call SSA at 1-800-772-1213 (TTY 1-800-325-0778). Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare prescription drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

HIPAA Special Enrollment Rights

Notice of Your HIPAA Special Enrollment Rights Our records show that you are eligible to participate in the Health Plan (to actually participate, you must complete an enrollment form and pay part of the premium through payroll deduction). A federal law called HIPAA requires that we notify you about an important provision in the plan - your right to enroll in the plan under its "special enrollment provision" if you acquire a new dependent, or if you decline coverage under this plan for yourself or an eligible dependent while other coverage is in effect and later lose that other coverage for certain qualifying reasons.

Loss of Other Coverage (Excluding Medicaid or a State Children's Health Insurance Program) If you decline enrollment for yourself or for an eligible dependent (including your spouse) while other health insurance or group health plan coverage is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 30 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

Loss of Coverage for Medicaid or a State Children's Health Insurance Program If you decline enrollment for yourself or for an eligible dependent (including your spouse) while Medicaid coverage or coverage under a state children's health insurance program is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage. However, you must request enrollment within 60 days after your or your dependents' coverage ends under Medicaid or a state children's health insurance program.

New Dependent by Marriage, Birth, Adoption, or Placement for Adoption If you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your new dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

Eligibility for Premium Assistance Under Medicaid or a State Children's Health Insurance Program If you or your dependents (including your spouse) become eligible for a state premium assistance subsidy from Medicaid or through a state children's health insurance program with respect to coverage under this plan, you may be able to enroll yourself and your dependents in this plan. However, you must request enrollment within 60 days after your or your dependents' determination of eligibility for such assistance. To request special enrollment or to obtain more information about the plan's special enrollment provisions, contact Human Resources.

SCHOOL BUILDING AND GROUND LEASE

This School Building and Ground Lease ("**Lease**") dated March 15, 2010 (the date of full execution by the parties) ("**Effective Date**") is made and entered into by and between Alum Rock Union Elementary School District, a political subdivision of the State of California and County of Santa Clara, hereinafter called "**Landlord**," and Escuela Popular del Pueblo, a California nonprofit public benefit corporation, hereinafter called "**Tenant**."

Recitals

A. Landlord is the fee owner of the real property and improvements described and depicted on **Exhibit A**, attached hereto ("**Site**").

B. Landlord currently operates Pala Middle School on a portion of the Site at 149 N. White Road, San Jose, California, comprising approximately 8.47 acres of land as generally shown on **Exhibit B** hereto, but intends to close Pala Middle School at the end of the 2009-10 school year. The Site contains the Premises (defined in Section 1.02 below).

C. Tenant is a lawfully organized and existing nonprofit charitable corporation organized and existing in the State of California.

D. Tenant operates a public charter school, including K-8 and high school programs, pursuant to the California Education Code and provides other community services to the East San Jose community.

E. Tenant's charter school currently includes 224 K-8 students, of which 121 currently reside within the jurisdiction of Landlord's school district, and projects 255 students, of which 143 shall reside within Landlord's jurisdiction, in its K-8 charter school program for the 2010-2011 school year.

F. Tenant has requested that Landlord provide facilities for in-district students and Landlord desires to provide such facilities for fair market value rent, in accordance with the terms of this Lease.

G. Landlord desires to lease to Tenant, and Tenant desires to lease from Landlord, the Premises for educational purposes to operate a public charter school and for other community service purposes.

H. Landlord and Tenant now desire to enter into this Lease with respect to the Premises, as follows.

ARTICLE 1. LEASE; PREMISES.

1.01. Lease. For and in consideration of the payment of rentals and the performance of all the covenants and conditions of this Lease, Landlord hereby leases and demises to Tenant, and Tenant hereby leases and hires from Landlord, the Premises described below, for the Term and upon the covenants and conditions set forth in this Lease. Tenant agrees that the Existing

Improvements and rights and benefits provided to Tenant under this Lease shall be in satisfaction of all obligations which Landlord may now or in the future have to provide facilities and/or equipment to Tenant under Education Code sections 47600 *et seq.* and under applicable regulations in the California Code of Regulations (as they respectively currently exist or as they may be amended or modified in the future) for the entire Lease Term and for any of Tenant's charter school or education operations or the operations of any assignee, transferee or affiliate of Tenant.

1.02. Premises. "**Premises**" in this Lease means the Real Property and the Existing Improvements as generally shown on **Exhibit B** hereto, exclusive of the Off Premises Parking Area (to the extent depicted therein) and exclusive of any Tenant Improvements hereafter constructed or located on the Premises by Tenant in accordance with this Lease, all as defined below:

A. "**Real Property**" means an approximately 8.47 acre portion of the Site. The Real Property is shown on **Exhibit B**.

B. "**Existing Improvements**" means the approximately 56,460 square feet of buildings, fields, a track, the black top, parking lots, and landscape areas and all other improvements on, about, over, or under the Real Property as shown on **Exhibit B** and existing as of the Commencement Date.

1.03. Condition of Premises.

A. Landlord, at Landlord's cost and as soon as reasonably practicable after execution of this Lease, but in no event later than August 16, 2010, shall complete or cause to be completed any improvements necessary to ensure (a) that the Premises (including all physical, electrical, mechanical, HVAC, plumbing, and structural components of the Existing Improvements) shall be in good working order on the Commencement Date, (b) that water, gas, electricity, utilities, sewer, and drainage are available at, to and from the Premises and are in good working order, (c) that all fixtures, signage, furnishings, and equipment, except for the Retained Property (defined below), are removed from the Premises, and (d) delivery of the Premises to Tenant in broom clean condition (collectively, "**Landlord's Work**"). Landlord's Work shall be performed in a good and workmanlike manner and in compliance with applicable Laws. Except as to Landlord's Work, Landlord shall deliver the Premises to Tenant in an "as is" condition, without any agreements, representation, warranties of any kind (including warranties of fitness or use for a particular purpose), or obligations on the part of Landlord to perform any alterations, repairs, or improvements. In addition to Landlord's Work, Landlord shall deliver the Premises on the Commencement Date improved with the Retained Property (defined below). Tenant's execution of the Confirmation of Term of Lease pursuant to Section 2.03 or the failure of Tenant to deliver written notice of any deficiencies in Landlord's Work to Landlord within ten (10) days after Landlord's delivery of the Premises to Tenant, whichever is earlier, shall constitute Tenant's acknowledgment that Landlord's Work was completed as required by this Section.

B. Within ninety (90) days following the Effective Date of this Lease, Landlord shall provide Tenant with an inventory of fixtures, furnishings, equipment, and items of

personal property Landlord is willing to leave on the Premises for Tenant's use ("**Inventory Offer**"). Within sixty (60) days after Tenant's receipt of the Inventory Offer, Tenant shall provide Landlord with a list of those fixtures, furnishings, equipment, and items of personal property which Tenant accepts ("**Retained Property**"). Tenant shall be entitled to exclusive use of the Retained Property, without charge, for the duration of the Term of this Lease. The Retained Property shall be and remain Landlord's personal property, and shall revert to Landlord upon expiration or termination of the Lease, in the same condition as when received by Tenant, ordinary wear and tear typical to Tenant's Use excepted.

1.04. Condition Precedent to Effectiveness of Lease. This Lease shall become effective only once Landlord and its Board shall have (duly and in accordance with applicable Laws): (i) approved closure of the existing Pala Middle School currently located on the Premises, such closure to be effective as of the end of the 2009-10 school year, and (ii) authorized use of the Premises for lease to Tenant for a public charter school and other community service purposes, including without limitation as a school facility so that Tenant may commence its operations on the Premises no later than August 16, 2010.

1.05. Negation of Partnership. Neither party shall become or be deemed a partner or a joint venturer with the other by reason of the provisions of this Lease.

ARTICLE 2. TERM.

2.01. Term. The initial term of this Lease ("**Initial Term**") shall be forty (40) years and shall expire at 11:59 p.m. on the day before the fortieth (40th) anniversary of the Commencement Date, unless extended, or sooner terminated, in accordance with the provisions of this Lease. The word "**Term**" as used in this Lease shall refer to the Initial Term plus any extension of the Initial Term, unless specifically provided otherwise.

2.02. Option to Extend Term. Tenant shall have the option to extend the Initial Term on all the terms and conditions contained in this Lease, except for rent which shall be paid in accordance with Sections 3.01 and 3.02, for three (3) consecutive five (5)-year periods (each an "**Extension Term**") following expiration of the Initial Term. Provided Tenant is not in default under this Lease at the time of exercise of any Extension Term (in which case Tenant shall not be entitled to exercise any option for an Extension Term), Tenant shall exercise an Extension Term by giving notice of exercise of the option ("**Option Notice**") to Landlord at least six (6) months but not more than one (1) year before the expiration of the immediately preceding Initial or Extension Term. Rent upon commencement of any Extension Term shall not exceed one hundred and ten percent (110%) of the rent in effect for the immediately preceding final year of the Initial Term or Extension Term, as applicable.

2.03. Commencement. The Initial Term shall commence on August 16, 2010, subject to Landlord's delivery of possession of the Premises to Tenant with Landlord's Work completed in accordance with Section 1.03 herein and applicable Laws and standards (except for minor punch-list items which do not materially interfere with Tenant's Use) ("**Commencement Date**"). When the Commencement Date and expiration date have been ascertained, the parties shall immediately execute a Confirmation of Term of Lease in the form and content set forth as

Exhibit C. Each year during the Term beginning on the Commencement Date and each anniversary of the Commencement Date shall be referred to as a "**Lease Year**."

2.04. Tenant's Right To Terminate; Contingency Period. Tenant shall have from the Effective Date until the earlier of (a) the Commencement Date of this Lease or (b) initiation of the Preparation Period as provided under Section 5.02 ("**Contingency Period**") to conduct any inspections of the Premises and the Existing Improvements and all other due diligence activities and either satisfy or waive the contingencies provided below, each a "**Tenant Contingency**." The Contingency Period may be extended upon mutual agreement of Landlord and Tenant. During and continuing through the Contingency Period and upon reasonable (not less than 24 hours) notice, and subject to the indemnification provisions in Section 8.09 of this Lease and proof of insurance required by Article 8 of this Lease, Tenant and its contractors and representatives shall have right of entry upon the Site, Premises, and Existing Improvements for the purpose of conducting non-destructive due diligence investigations and inspections, as determined necessary or desirable by Tenant, taking into consideration Tenant's Use of the Premises, including as set forth in Section 2.04.B below. If Tenant, in its sole discretion, is unable or unwilling to satisfy or waive each Tenant Contingency within the Contingency Period, or otherwise determines that the Premises are not feasible for or suitable to Tenant's Use or otherwise in conformance with applicable Laws, then Tenant may, at its sole option, terminate the Lease by written notice to Landlord, without any liability to any party, broker or consultant and without the payment of any consideration to any party, broker or consultant. Tenant shall provide written notice to Landlord of Tenant's intent to terminate the Lease or to waive the Tenant Contingencies and proceed with the Lease ("**Election Notice**") on or before expiration of the Contingency Period ("**Notice Date**"). If Tenant does not provide Landlord with said Election Notice or before the Notice Date, then Tenant shall be deemed to have waived all contingencies and the Lease shall be deemed in full force and effect and binding upon all parties. If, during the Contingency Period, Tenant opts to terminate the Lease, such termination shall be in accordance with Article 10.

A. Governmental Approvals and/or Permits Contingency. During the Contingency Period, Tenant shall have obtained, or determined it will be able to timely obtain, all required or discretionary governmental and approvals, entitlements and permits from any and all governmental agencies or entities asserting jurisdiction over the use and development of the Property, the Premises, the Existing Improvements, the Tenant Improvements, Tenant, or Tenant's Use, including all approvals required by the California Division of the State Architect ("**DSA**"), Planning and Building Departments of the City of San Jose, and Alum Rock Union Elementary School District (including in its capacity as Landlord or property owner).

B. Suitability Contingency. During the Contingency Period, Tenant shall have determined that the Premises are suitable for Tenant's Use. Landlord shall use all reasonably diligent efforts to provide Tenant with copies of all reports, agreements, service and other contracts, documents, studies and other materials and information within Landlord's possession or control, to the extent related to or otherwise affecting the Site, the Premises, the Existing Improvements (including the physical and environmental condition thereof), or Tenant's Use; delivery thereof shall be made by Landlord to Tenant no later than twenty (20) days after the Effective Date. Tenant shall have the right, in its sole discretion, to determine whether the Premises and Existing Improvements are feasible for or suitable to Tenant's Use and otherwise in

conformance with applicable Laws. In order to do so, Tenant may, at Tenant's expense, conduct all non-destructive inspections and studies and perform all due diligence (including document review, surveys, studies, assessments, and visual and physical inspections and testing of any and all kinds) which it deems necessary or desirable, including for or related to: (i) title review, surveys, zoning and similar matters; (ii) environmental assessments and other engineering or feasibility studies, including Phase I and Phase II studies, and air quality assessments; (iii) geotechnical, seismic, soils, and other physical or geological conditions (including evaluation of subsurface conditions and any special fault studies zone); and (iv) negotiation of new service contracts on terms acceptable to Tenant in its sole discretion and evaluation of related costs.

C. Financing Contingency. During the Contingency Period, Tenant shall have secured financing from lender(s) and/or bond issuers acceptable to Tenant for Tenant's Use (including development and construction of the Tenant Improvements) in an amount and on terms acceptable to Tenant in its sole discretion. Tenant shall have provided Landlord with (i) documentation providing how Tenant plans on financing, without limitation, construction of the Tenant Improvements and rental payments under the terms of this Lease, and (ii) a copy of its audited financial statements for the last three (3) years. Any lender extending such financing shall automatically be deemed to be an "**Institutional Investor**" as defined in Section 6.01.

ARTICLE 3. RENT; SECURITY DEPOSIT AND OTHER PAYMENTS.

3.01. Base Rent. Tenant shall pay to Landlord on the first (1st) day of each calendar month the Base Rent, without deduction, set-off, prior notice, or demand, for the Premises as follows:

Preparation Period	$7,500 per month
Commencement Date through "Substantial Completion" or June 30, 2012, whichever occurs first:	$30,000 per month
"Substantial Completion" or July 1, 2012, whichever occurs first through Month 60:	$40,000 per month
Months 61 through 480 and any Extension Term:	Pursuant to Section 3.02

Rent for any partial month shall be prorated on the basis of thirty (30)-day months. The Due Diligence Period and Preparation Period are defined in Section 5.02. "**Substantial Completion**" means that the following have occurred: (i) Tenant's completion of the Initial Tenant Improvements in accordance with applicable Laws (except minor punch list items which do not materially interfere with Tenant's Use as determined by Tenant; and (ii) Tenant's receipt of such governmental authorization as may be required for Tenant's Use and commencement of regular operations of Tenant's K-8 program at the Existing Improvements and

the Initial Tenant Improvements; provided that Tenant shall diligently pursue any such required authorizations.

3.02. Adjustments to Base Rent. The Base Rent shall be adjusted at the beginning of the sixty-first (61st) month of the Term and every third Lease Year thereafter, including during any Extension Term(s) (each a "**Rent Adjustment Date**"), by an amount calculated as provided below.

A. The base for computing the adjustment is the Consumer Price Index for All Urban Consumers (base year 1982-1984 = 100) in the San Francisco-Oakland-San Jose Metropolitan Statistical Area, published by the United States Department of Labor, Bureau of Labor Statistics ("**Index**"), which is in effect on January 1 of the calendar year following the calendar year in which the Commencement Date occurs ("**Beginning Index**"). The Index published as of June of the year of the Rent Adjustment Date in question (or, to the extent the June publication date is not relevant, such other publication date immediately preceding the Rent Adjustment Date in question) ("**Extension Index**") is to be used in determining the amount of the adjustment. If the Extension Index has increased over the Beginning Index, the annual rent for the following Lease Year (until the next Rent Adjustment Date in accordance with this Section) shall equal the sum of (i) the Base Rent in effect immediately prior to the applicable Rent Adjustment Date, plus (ii) the product obtained by multiplying such amount by the percentage increase in the Index. Notwithstanding anything to the contrary in the preceding sentence, Base Rent shall not increase less than five percent (5%) or greater than ten percent (10%) at each Rent Adjustment Date. On adjustment of the Base Rent as provided in this Section 3.02, Landlord shall notify Tenant in writing of the new Base Rent.

B. If the Index is changed so that the base year differs from that in effect when the Term commences, the Index shall be converted in accordance with the conversion factor published by the United States Department of Labor, Bureau of Labor Statistics for All Urban Consumers (base year 1982-1984 = 100) in the San Francisco-Oakland-San Jose Metropolitan Statistical Area. If the Index is discontinued or revised during the Term, such other government index or computations with which it is replaced shall be used in order to obtain substantially the same result as would be obtained if the Index had not been discontinued or revised.

3.03. Security Deposit.

A. Within sixty (60) days of the Effective Date, Tenant shall deposit with Landlord a security deposit in the amount of Thirty Thousand Dollars and No Cents ($30,000.00) ("**Security Deposit**").

B. The Security Deposit shall secure the timely, full and faithful performance by Tenant of each and every term, covenant and condition of this Lease. If, at any time, Tenant shall fail to make any payment or fail to keep or perform any term, covenant or condition on its part to be made or performed or kept under this Lease, Landlord may, but shall not be obligated to, without waiving or releasing Tenant from any obligation under this Lease, use, apply or retain the whole or any part of the Security Deposit: (a) to the extent of any sum due to Landlord; (b) to make any required payment on Tenant's behalf; and/or, (c) to compensate Landlord for any loss,

damage, attorneys' fees or expense sustained by Landlord due to Tenant's default. In such event, Tenant shall, within five (5) days of written demand by Landlord, remit to Landlord sufficient funds to restore the Security Deposit to its original sum.

C. Within ninety (90) days after the expiration or termination of this Lease, Landlord shall return that portion of the Security Deposit not used or applied by Landlord, except that Landlord has the right to retain all or any portion of the Security Deposit to cover Rents which will be due in the future or damages for unpaid Monthly Rent (collectively, "**Future Rent Damages**") until (1) the precise amount of such Future Rent Damages are determined by a final judgment in a court of law at which time Landlord may apply the Security Deposit toward payment of such sum, or (2) Landlord has reasonably estimated the amount of such Future Rent Damages at which time it may apply the Security Deposit toward payment of such estimated Future Rent Damages. Tenant expressly waives any requirement in Civil Code section 1950.7 or successor or similar statute for the accounting of or return to Tenant of the Security Deposit within any period shorter that specified by this Lease and further expressly waives any and all other portions of Civil Code section 1950.7 or successor or similar statute that are inconsistent with the provisions of this Lease.

3.04. Taxes; Assessments.

A. No Property Taxes are currently assessed against the Premises or Site. In the event they are assessed, whether due to a change in ownership or otherwise, Tenant shall be responsible to pay any such Property Taxes. "**Property Taxes**" means and includes any and all of the following: all real property taxes, public infrastructure improvement assessments or any other assessments, levies, fees, exactions or charges, general and special, ordinary and extraordinary, unforeseen as well as foreseen (including fees "in lieu" of any such tax or assessment) which are assessed, levied, charged, conferred or imposed by any public authority upon the Premises, any improvements, the Site, or Tenant's operations on the Premises, together with all taxes, assessments or other fees imposed by any public authority upon or measured by any rent or other charges payable hereunder, including any gross receipts tax or excise tax levied by any governmental authority with respect to receipt of rental income, Possessory Interest Taxes, or with respect to or by reason of the development, possession, leasing, operation, management, maintenance, alteration, repair, use or occupancy by Tenant of the Premises or any portion thereof, together with any tax imposed in substitution, partially or totally.

B. This Lease creates a possessory property interest in Tenant. Tenant's property interest may be subject to property taxation, and Tenant or the party in whom the possessory interest is vested may be subject to the payment of Property Taxes levied on Tenant's property interest. Such taxes are referred to herein as "**Possessory Interest Taxes**."

ARTICLE 4. USE.

4.01. Tenant's Use. Tenant shall use the Premises for the operation of a public charter school (elementary school, middle school and/or high school with outdoor recreational facilities, and other related or ancillary administrative office uses) and such other incidental educational uses or community service purposes as Tenant deems necessary or desirable to serve the local population, including construction and operation of the Tenant Improvements and maintenance

and operation of the Existing Improvements ("**Tenant's Use**"). Tenant shall be entitled to exclusive use of the Premises, except as otherwise provided in this Lease, with access thereto on a twenty-four (24) hour per day, seven (7) day per week, three hundred sixty-five (365) day per year basis. Landlord acknowledges and agrees that at least fifty-one (51) classrooms are anticipated to be operated at the Premises. Tenant anticipates that it will actively use the Premises for day and evening classes on a seven (7) day per week basis.

4.02. Shared Use.

A. Track and Field Facilities. Tenant shall have use of the track and field facilities depicted on **Exhibit B** hereto subject only to that certain Joint Use Agreement between the City of San Jose and Landlord dated October 29, 2002, for use of the track, attached hereto as **Exhibit D** ("**Track and Field Agreement**"). Tenant acknowledges the Track and Field Agreement, to which Tenant is not a party, and agrees to observe and recognize the rights granted to the City of San Jose under the Track and Field Agreement to use the track and field facilities, as specified in section 6 of the Track and Field Agreement. The Track and Field Agreement shall not be amended without Tenant's prior approval, which shall not be unreasonably withheld. The parties acknowledge and agree that this Lease does not impose upon Tenant any of the obligations of Landlord under the Track and Field Agreement, and nothing in the Track and Field Agreement shall limit Tenant's maintenance obligations as to the track and field area in accordance with this Lease. Landlord shall indemnify, defend, and hold harmless Tenant for any claims or liabilities arising out of City's use of the Premises in connection with the Track and Field Agreement, so long as the Track and Field Agreement remains in effect. Furthermore, Tenant's obligations under Section 8.09 shall not extend to claims or liabilities arising out of City's use of the Premises in connection with the Track and Field Agreement.

B. Alum Rock Youth Center. The Alum Rock Youth Center ("**Youth Center** ") is subject to that certain Joint Use Agreement between the City of San Jose, the Redevelopment Agency of the City of San Jose, and Landlord dated February 17, 2001, attached hereto as **Exhibit E** ("**Youth Center Agreement**"). Tenant acknowledges, and agrees to recognize, that the Youth Center Agreement grants to the City of San Jose the right to use parking spaces at the Premises and the Site at no cost to the City, all as specified in section 9 of the Youth Center Agreement. Landlord will cooperate with Tenant and will use its best efforts (which shall not be deemed to include any attempt to formally assign or obtain the City of San Jose's approval to an assignment of any of Landlord's rights under the Youth Center Agreement) to secure the City of San Jose's recognition of Tenant's right to exclusive use of the Youth Center gymnasium on the dates and times specified in section 8 of the Youth Center Agreement in place of the District.

4.03. Parking Use.

A. Except as otherwise provided in Section 4.02.B of this Lease, Tenant shall have exclusive use of all existing parking available on the Premises.

B. Tenant requires approximately 85 parking spaces in addition to the existing parking contained within the Premises ("**Off-Premises Parking**"). Landlord shall provide such additional parking spaces off-Premises (but within the Site) in the general area

shown as "Phase 1" in **Exhibit B-1** hereto ("**Off-Premises Parking Area**"), to Tenant at no additional charge other than the Base Rent indicated above until such time as any New Parking Facilities, described below, are completed, or August 31, 2020, whichever occurs first. Landlord and Tenant shall enter into a "**Parking Agreement**" in a form reasonably acceptable to the parties setting forth the terms and conditions for the exclusive use of the Off-Premises Parking Area. The Parking Agreement shall provide at least the following terms: (i) Landlord has no obligation to police, supervise, or control the Off-Premises Parking Area or access to it; and (ii) upon completion of the New Parking Facilities (defined below) or August 31, 2020, whichever occurs first, the Parking Agreement shall automatically terminate and thereafter Tenant shall have no right to use or occupy the Off-Premises Parking Area nor any liabilities or obligations related thereto. **Exhibit B-1** hereto specifies an area of the Site as "Phase 2." The Parties agree that nothing herein shall obligate Tenant to construct, or Landlord to allow any improvements shown as "Phase 2," but that such area is depicted on **Exhibit B-1** as a conceptual plan of parking improvements which Tenant may propose in the future.

C. Tenant is considering improving a certain portion of the Premises that fronts to White Road with new facilities to provide additional parking for its exclusive use ("**New Parking Facilities**"), all at Tenant's sole cost and expense as shown as "Phase 3" on **Exhibit B-1** hereto. Tenant shall use its reasonable commercial efforts to develop a parking plan ("**Parking Plan**"), for review and input by Landlord, for the construction of the New Parking Facilities. Tenant shall develop the Parking Plan within four (4) years of the Commencement Date, and, provided the Parking Plan is mutually agreed upon and is determined to be feasible and affordable by Tenant in its sole discretion, Tenant shall use its reasonable commercial efforts to complete the New Parking Facilities within ten (10) years of the Commencement Date. Planning, approval and construction of the New Parking Facilities, if any, shall be conducted in accordance with Article 5.

4.04. Land Use Restrictions. Tenant may enter into agreements restricting use or granting easements over the Premises (except as expressly prohibited by the Track and Field Agreement with respect to the Track and Field area only) or obtain zoning changes or conditional use permits, provided they are strictly limited to the Term and allowed uses under this Lease. Tenant must obtain Landlord's prior written consent to any such restrictions, easements, zoning charges or conditional use permits on the land, its use, or its alienation, for periods extending beyond the Term. Landlord shall, at Tenant's notice or request, join with Tenant in applications and proceedings to obtain necessary use or zoning changes, but without cost or expense to Landlord.

4.05. Utilities. Tenant shall pay when due all charges for water, gas, sewage, electricity, trash collection, telephone and other utilities and services supplied to and used by Tenant on the Premises. Tenant shall, at its sole cost and expense, make reasonable efforts to cause the Premises to be separately metered and/or to have all utilities billed separately and directly to Tenant.

ARTICLE 5. IMPROVEMENTS.

5.01. Tenant's Election to Construct New Improvements. At any time after the Commencement Date and from time to time during the Term, and subject to the terms and

conditions herein, Tenant may, but is not obligated to, construct or otherwise make new improvements on any part or all of the Premises and to demolish, remove, replace, alter, relocate, reconstruct or add to any Existing Improvements in whole or in part, and to modify or change the contour or grade, or both, of the land, in order to render the Premises suitable for Tenant's Use ("**Tenant Improvements**").

A. Tenant shall not demolish, remove or reconstruct any existing buildings or Existing Improvements without Landlord's prior written consent, which Landlord may grant or deny in its own absolute discretion. Tenant may not commence any construction on the Premises or alterations or modifications of Existing Improvements, and Landlord shall not be required to review or approve any proposed construction plans, at any time Tenant is in default under this Lease and any such default has not been cured. All construction of Tenant Improvements shall be performed by licensed general contractors and subcontractors.

B. The Existing Improvements include an administration and classroom building, identified on **Exhibit B** hereto ("**Bell Tower Building**"), which includes a unique architectural appearance and design including among other things Spanish tile roofs, exterior plaster stucco, original wood floors, interior ceiling designs, interior tile work, mouldings, bell tower and other elements which are of aesthetic significance to Landlord and the school district community. Tenant acknowledges and agrees that notwithstanding any other provision in this Lease, Tenant shall not make any alterations to the exterior appearance of the Bell Tower Building, including any color changes or changes or alterations to the roof or roofing materials. Nor shall Tenant remove any interior walls, or make any other interior or exterior alterations, without Landlord's prior written consent which Landlord may grant or deny in its sole discretion except that: (a) if Tenant requests consent to an alteration that is, at the time of the request, required by Law, Tenant notified Landlord in writing of such requirement in its request for consent, and Landlord denies the request, Landlord will indemnify Tenant from losses and damages related to such denial; and (b) nothing in this sentence is intended to prevent Tenant from performing its maintenance and repair obligations required under Section 5.08.A of this Lease. In addition, and except as may be required by Law, any alterations or repairs to the Bell Tower Building must be performed by Tenant in a manner so as not to alter the exterior appearance of the Bell Tower Building including color schemes and tile roof materials.

5.02. Initial Tenant Improvements.

A. Initial Tenant Improvements may include those improvements necessary to or desirable for Tenant's planned public charter school program or otherwise required by applicable Laws or governmental entities asserting jurisdiction, such as installation of buildings and/or modular classrooms, building upgrades and modifications to conform with existing Law, paving, striping, directional signage, utilities (including installation of new or modification of existing hookups, meters, and submeters) and other items or improvements ("**Initial Tenant Improvements**"). Tenant shall submit to Landlord for review and approval conceptual drawings of proposed Initial Tenant Improvements. Landlord shall approve or reasonably disapprove (with reasonable explanation of grounds for disapproval) the conceptual drawings within ten (10) business days after receipt thereof. Following any disapproval of the conceptual drawings, Tenant shall have ten (10) business days to submit revised conceptual drawings to Landlord for review and approval within ten (10) business days.

B. Beginning on the Effective Date of this Lease and through the earlier of (i) the Commencement Date or (ii) commencement of the Preparation Period (if any) ("**Due Diligence Period**"), Tenant shall have access to the Premises in order to conduct due diligence investigations and inspections as contemplated under Section 2.04 above and to perform minor site preparation activities, including painting the Premises. No Base Rent shall be payable by Tenant during the Due Diligence Period.

C. Tenant shall have the right (but not the obligation) to elect, at its sole discretion and upon providing written notice to Landlord, to have access to and use of the Premises for any period of time commencing after July 1, 2010 and through the Commencement Date ("**Preparation Period**"); the commencement date for the Preparation Period shall be as identified in Tenant's written notice). During the Preparation Period, Tenant may undertake additional site preparation activities, including construction and installation of the Initial Tenant Improvements, utilities, furnishing, fixturization, and otherwise preparing the Premises and classrooms within the Premises for Tenant's Use. Tenant's access to and use of the Premises during the Preparation Period shall be on the terms and conditions of this Lease, including payment of Base Rent and Tenant's indemnification and insurance obligations set forth in this Lease.

5.03. Asbestos Disclosure. Tenant acknowledges that Landlord has advised Tenant that the Existing Improvements contain or, because of their age, are likely to contain asbestos-containing building materials ("**ACMs**"). If Tenant undertakes any alterations, additions, or improvements to the Premises or any of the Existing Improvements, as permitted by this Article 5, Tenant shall, in addition to complying with the requirements of Section 5.04 undertake the alterations, additions, or improvements in a manner that avoids disturbing ACMs present in the buildings or Existing Improvements. If ACMs are likely to be disturbed in the course of such work, Tenant shall encapsulate or remove the ACMs in accordance with an approved asbestos-removal plan and otherwise in accordance with all applicable Laws, including giving all notices required by Health & Safety Code sections 25915-25919.7.

5.04. Conditions of Construction. Before any Major Construction (defined in this Section 5.04) or any Major Repair (as defined in Section 5.08.B, below) is commenced on the Premises, and before any building materials have been delivered to the Premises by Tenant or under Tenant's authority, Tenant shall comply with all the following conditions or procure Landlord's written waiver of the condition or conditions specified in the waiver ("**Conditions of Major Construction**"). "**Major Construction**" shall mean any alterations or modifications to the structural systems of the Existing Improvements, or any work of construction on the Premises with an estimated construction cost exceeding $100,000.00, subject to increase (but not decrease) annually by an amount equal to the increase in the Index for that year, if any. Furthermore, before any Minor Construction (defined in this Section 5.04) or any Minor Repair (as defined in Section 5.08.B, below) is commenced on the Premises, and before any building materials have been delivered to the Premises by Tenant or under Tenant's authority, Tenant shall comply with all the following conditions or procure Landlord's written waiver of the condition or conditions specified in the waiver which are hereinbelow specified as applying to Minor Construction ("**Conditions of Minor Construction**"). "**Minor Construction**" means any alterations or modifications to the structural systems of the Existing Improvements, or any work of construction on the Premises with an estimated construction cost equal to or less than

$100,000.00, subject to increase (but not decrease) annually by an amount equal to the increase in the Index for that year, if any.

A. Plans and Specifications.

(1) Delivery of Detailed Plans to Landlord. Tenant shall deliver to Landlord for Landlord's approval two sets of detailed construction plans and specifications prepared by an architect or engineer licensed to practice in California, including, if applicable, preliminary grading and drainage plans, asbestos removal plus soil tests, utilities, sewer and service connections, locations of ingress and egress to and from public thoroughfares, curbs, gutters, parkways, street lighting, designs and locations for outdoor signs, storage areas and landscaping, sufficient to enable Landlord to make an informed judgment about the design and quality of construction ("**Tenant Improvement Plans**"). All Tenant Improvements shall be constructed within the exterior property lines of the Premises, provided that required work beyond the Premises on utilities, access and conditional use requirements do not violate this provision. This subsection does not apply to Minor Construction.

(2) Landlord's Approval. Except as otherwise provided in this Lease, Landlord shall not unreasonably disapprove the proposed Tenant Improvement Plans. Approval or disapproval shall be communicated in the manner provided for notices, and disapproval shall be accompanied by reasonable specification of the grounds for disapproval. This subsection does not apply to Minor Construction.

(i) Landlord shall have until thirty (30) days from receipt of Tenant's initial submittal of the proposed Tenant Improvement Plans, or five (5) business days after Landlord's next scheduled Regular Board Meeting, whichever period is longer, to communicate its approval or disapproval. If Landlord fails to respond within such period, such failure shall be conclusively considered to be approval of the Tenant Improvement Plans as proposed. If Landlord timely disapproves the initial proposed Tenant Improvement Plans, then the procedures set forth in Subsection (ii) below shall be followed.

(ii) Following Landlord's disapproval of the Tenant Improvement Plans, Tenant shall submit revised Tenant Improvement Plans within thirty (30) days receiving Landlord's notice of disapproval. Landlord shall have thirty (30) days from delivery of Tenant's submittal of the revised Tenant Improvement Plans to communicate its approval or disapproval. If Landlord fails to respond within the thirty (30) day period, such failure shall be conclusively considered to be approval of the Tenant Improvement Plans as revised. If Landlord timely disapproves the revised Tenant Improvement Plans, then the procedures set forth in this Subsection (ii) shall be repeated until Landlord's concerns have been addressed to Landlord's reasonable satisfaction.

(3) Final Tenant Improvement Plans. Tenant shall prepare final Tenant Improvement Plans substantially conforming to preliminary Tenant Improvement Plans previously approved by Landlord, submit them to the appropriate governmental agencies for approval, and deliver to Landlord one complete set as approved by the governmental agencies. Changes from the preliminary Tenant Improvement Plans shall be considered to be within the scope of the preliminary Tenant Improvement Plans if they are not substantial or if they are made

to comply with suggestions, requests or requirements of a governmental agency or official in connection with the application for permit or approval, and if they do not depart substantially in size from the preliminary Tenant Improvement Plans. This subsection does not apply to Minor Construction except that, as to Minor Construction with an estimated construction cost equal to or more than $50,000.00 (subject to increase [but not decrease] annually by an amount equal to the increase in the Index for that year, if any), Tenant shall deliver to Landlord any final plans promptly after completion.

B. Notice of Intent to Construct. Tenant shall notify Landlord of Tenant's intention to commence work on the Tenant Improvements immediately upon making such determination, and in no event less than ten (10) business days before commencement of any such work or delivery of any materials. The notice shall specify the approximate location and nature of the intended Tenant Improvements. The foregoing sentences of this subsection also apply to Minor Construction with an estimated construction cost equal to or more than $50,000.00 (subject to increase [but not decrease] annually by an amount equal to the increase in the Index for that year, if any). For all construction, Major or Minor, Landlord shall have the right to post and maintain on the Premises any notices of nonresponsibility provided for under applicable Law.

C. Construction. Tenant shall be solely responsible for Major Construction. This requirement also applies to Minor Construction.

(1) Tenant shall enter into a written contract with licensed general contractor(s) and subcontractor(s) to perform all work and construct any improvements in accordance with the approved construction documents, and in compliance with all applicable Laws (this subsection also applies to Minor Construction except that, unless specified elsewhere in this Lease, the contracts need not be written and the construction documents need not be approved by Landlord);

(2) Tenant and its contractors and subcontractors shall ensure compliance with any applicable prevailing wage laws and regulations;

(3) Tenant shall require that each contractor and subcontractor agree in writing to indemnify, hold harmless and defend the Landlord, its officers, trustees, employees and agents, the State of California, the project inspector, Tenant and its employees and agents from and against any injury, damage, loss, claim or damages (including payment of attorneys fees and legal costs) to persons or property resulting from, in whole or in part, the contractor's or subcontractor's work on the Premises, except to the extent claims are caused by Landlord's sole or active negligence or willful misconduct;

(4) Prior to the commencement of construction Tenant shall cause a barrier to be installed around the work site and the rest of Landlord's Site surrounding the Premises (this subsection also applies to Minor Construction to the extent that a barrier is reasonably necessary);

(5) Tenant shall be responsible for complying with any applicable public bidding laws;

(6) Prior to commencing any work on the Premises, Tenant shall provide to Landlord, for Landlord's review and written approval, a construction budget for the planned improvements and proof of adequate funding and financing to complete the improvements in accordance with the Construction Documents. Landlord shall complete its review as soon as reasonably possible, and in any event within thirty (30) days after receipt of such materials from Tenant, and provide Tenant its written response. Tenant shall provide Landlord any additional information reasonably requested by Landlord.

D. Payment and Completion Bonds. Prior to commencing any construction, Tenant shall furnish to Landlord payment and performance bonds ("**Bonds**") as described below. The Bonds shall be issued by a responsible surety company/companies, licensed to do business in California, and in an amount not less than one hundred percent (100%) of Tenant's reasonable estimate of the cost of the work of Tenant Improvements and shall remain in effect until completion of the improvement work and the entire cost of the work shall have been paid in full. This subsection does not apply to Minor Construction. The Bonds, as applicable, shall state the following:

(1) That it is to secure the completion of the proposed construction, free from all liens and claims of contractors, subcontractors, mechanics, laborers, and materialmen;

(2) That the construction work shall be effected by Tenant, the general contractor, or on their default, the surety;

(3) That in default of such completion and payment, such part of the amount of the applicable Bonds as shall be required to complete the work shall be paid to Landlord as liquidated and agreed damages for the nonperformance of Tenant's agreements, it being agreed that the exact amount of Landlord's damages is difficult and impractical to ascertain; and

(4) That the surety will defend and indemnify Landlord against all loss, cost, damage, expense and liability arising out of or connected with the work of improvement.

Landlord may, but shall not unreasonably, disapprove the Bonds. The Bonds shall be deemed approved unless notice of disapproval is given with fifteen (15) business days after receipt of the proposed Bonds.

E. Required Governmental Permits. All Tenant Improvement Plans and all construction shall comply with the Field Act, the Education Code, and Title 24 of the California Code of Regulations (except for provisions in such Act and Codes relating to prevailing wages or public bidding, which must be complied with only to the extent applicable to Tenant) and shall also comply with all Laws applicable to the design and construction of public school classroom facilities and/or setting forth the required specifications for the construction of public school classroom facilities. All plans and specifications shall be reviewed and approved by the California Division of State Architect and any other responsible governmental authorities. All such approvals shall be obtained at Tenant's sole cost and expense. Tenant shall procure and

deliver to Landlord at Tenant's expense evidence of compliance with all then applicable codes, ordinances, regulations and requirements for permits and approvals, including a grading permit, building permits, zoning and planning requirements and approvals from various governmental agencies and bodies having jurisdiction. Landlord shall cooperate with Tenant in applying for and obtaining any required permits, approvals, entitlements, and other permissions related to the Tenant Improvements and Tenant's Use (including execution by Landlord of related applications and other governmental submissions) and (if requested by Tenant) attendance at public hearings related to the Tenant Improvements and Tenant's Use. The first sentence of this section (starting with "All Tenant Improvement Plans") also applies to Minor Construction.

F. Builder's Risk and Other Insurance. Prior to commencing construction, and during the course of construction, Tenant shall require that each contractor and design professional provide evidence of the insurance coverages set forth in **Exhibit F**, attached hereto and incorporated herein. Prior to commencing any work, Tenant shall deliver to Landlord certificates of insurance evidencing the coverages required in **Exhibit F**, attached hereto and incorporated herein. Tenant shall maintain, keep in force and pay all premiums required to maintain and keep in force all insurance above at all times during which such work is in progress.

5.05. Soil Conditions. To Landlord's actual knowledge, the Premises contains no substances that might constitute hazardous materials except as disclosed on the following reports, which have been provided to Tenant for review: (i) Phase I Environmental Site Assessment of the Proposed Pala Youth Center on North White Road, San Jose, California, prepared by Environmental Strategies Corporation dated January 19, 2001; and (ii) Six-Month Surveillance AHERA Inspection Report, Pala Middle School, 149 North White Road, San Jose, CA 95127, prepared by Hazmat Doc, dated May 11, 2009. Tenant may enter onto the land before the Commencement Date to make soil and non-destructive structural engineering tests that Tenant considers necessary. All such tests made by or on behalf of Tenant shall be at Tenant's sole expense and shall be evidenced by a separate contract. A copy of any reports shall be delivered to Landlord within thirty (30) days of receipt by Tenant.

5.06. Grant of Easements. Landlord shall cooperate with Tenant in granting to public entities or public service corporations, for the purpose of serving the Premises and, with the reasonable approval of Landlord, other property, rights-of-way or easements on or over the Premises for poles or conduits or both for telephone, electricity, water, sanitary or storm sewers or both and for other utilities and municipal or special district services.

5.07. Completion of Tenant Improvements.

A. Diligent Prosecution to Completion. Once the work is begun, Tenant shall with reasonable diligence prosecute to completion all construction of Tenant Improvements. All work shall be performed in a good and workmanlike manner, shall substantially comply with the Tenant Improvement Plans submitted to Landlord as required by this Lease, and shall comply with all applicable governmental permits and Laws.

B. Protection of Landlord Against Cost or Claim. Tenant shall pay or cause to be paid the total cost and expense of all works of improvement, as that phrase is defined in the

Mechanics' Lien Law in effect in California when the work begins. No such payment shall be construed as rent. Tenant shall not suffer or permit to be enforced against the Premises or any part of it any mechanic's, materialman's, contractor's or subcontractor's lien arising from any work of improvement, however it may arise. However, Tenant may in good faith and at Tenant's own expense contest the validity of any such asserted lien, claim, or demand, provided Tenant has furnished the bond required in California Civil Code section 3143 (or any comparable statute hereafter enacted for providing a bond freeing the Premises from the effect of such a lien claim). In addition to, and not as a limitation on, Tenant's indemnification obligations set forth in this Lease, Tenant shall defend and indemnify Landlord against all liability and loss of any type arising out of work performed on the Premises by Tenant and/or its contractors, subcontractors, consultants and professionals, together with reasonable attorneys' fees and all costs and expenses incurred by Landlord in negotiating, settling, defending or otherwise protecting against such claims in the event of the breach by Tenant of the duty to defend or indemnify Landlord.

C. Landlord's Right to Discharge Lien. If Tenant does not cause to be recorded the bond described in California Civil Code section 3143 or otherwise protect the property under any alternative or successor statute, and a final judgment has been rendered against Tenant by a court of competent jurisdiction for the foreclosure of a mechanic's, materialman's, contractor's or subcontractor's lien claim, and if Tenant fails to stay the execution of the judgment by lawful means or to pay the judgment, Landlord shall have the right, but not the duty, to pay or otherwise discharge, stay or prevent the execution of any such judgment or lien or both. Tenant shall, within ten (10) days, reimburse and indemnify Landlord for all sums, costs, expenses and liabilities incurred by Landlord.

D. Notice of Changes in Plans. No material changes to approved plans may be implemented without Landlord's prior review and written consent. On completion of any work of Tenant Improvements, Tenant shall give Landlord notice of all changes in plans or specifications made during the course of the work and shall, at the same time and in the same manner, supply Landlord with "as built" drawings, both on paper and on CAD, accurately reflecting all such changes.

5.08. Maintenance; Repairs, Alterations; Reconstruction.

A. Tenant Required to Maintain Premises.

(1) Definition of Duty; Compliance with Laws. Throughout the Term, Tenant shall, at Tenant's sole cost and expense, maintain the Premises, grounds, and all Existing Improvements and Tenant Improvements in good condition and repair, ordinary wear and tear excepted, and in accordance with all applicable Laws, rules, requirements and guidelines of: (i) federal, state, county, municipal and other governmental agencies and bodies having or claiming jurisdiction and all their respective departments, bureaus and officials; (ii) the insurance underwriting board or insurance inspection bureau having or claiming jurisdiction; and (iii) all insurance companies insuring all or any part of the Premises or Tenant Improvements or both.

(2) Maintenance Plan. Tenant shall prepare and maintain a maintenance plan and schedule for the Premises and Tenant Improvements to assure proper maintenance, periodic inspection, repair, safe operation and, if and when necessary, replacement

of facilities within the Premises and Tenant Improvements ("**Maintenance Plan**"). As long as Tenant has not exercised its Insurance Election Right under Section 8.01.D(3), the Maintenance Plan shall provide that: (i) Tenant shall maintain service and periodic maintenance agreements with qualified, bonded and licensed contractors for the ongoing maintenance of the HVAC and roof systems on the Premises and Tenant Improvements; (ii) Tenant shall submit to Landlord a quarterly maintenance checklist, in a form reasonably approved by Landlord and Tenant, which shall include Tenant's certification that the HVAC, plumbing, electrical, and roof systems have been maintained and identifying the maintenance conducted on such systems during that quarter; and (iii) Landlord shall conduct annual site inspections on the Premises and Tenant Improvements for purposes of identifying any new items that may need to be included in the Maintenance Plan.

(3) Limit to Tenant's Maintenance Obligations for Purposes of the "Early Termination Right". For the sole and limited purpose of determining the applicability Tenants "Early Termination Right" as set forth in Section 5.08A(3)(iii) below, Tenant's obligation to maintain (repairs or necessary alterations or additions) the HVAC, business structural, or roof system, and plumbing, electrical and sewer systems in the Existing Improvements, and any latent structural defects in the Existing Improvements shall not exceed, for purposes of determining whether such "Early Termination Right" is triggered, $300,000.00 in Maintenance Costs to Tenant in any one Lease Year ("**One Year Cap**") or $600,000.00 in Maintenance Costs to Tenant for any consecutive three (3) Lease Year period ("**Three Year Cap**") (such caps to be referred to individually and collectively as "**Maintenance Caps**"). Costs (not including administrative costs) associated with the maintenance of the HVAC, business structural, or roof system, and plumbing, electrical and sewer systems in the Existing Improvements and any latent structural defects in the Existing Improvements are referred to herein as the "**Maintenance Costs.**" Except as may be specifically provided herein, nothing in this Section 5.08A(3) shall otherwise limit Tenant's obligation to maintain the Premises, the Existing Improvements or the Tenant Improvements in accordance with Section 5.08.A(1) above, or to unreasonably defer such maintenance.

(i) If total Maintenance Costs (as reasonably determined by Landlord and Tenant) in any one Lease Year are less than or equal to the sum of the One Year Cap plus one month's then-current Base Rent, Landlord shall pay to Tenant a sum equal to the difference between the actual Maintenance Costs and the One Year Cap, provided such obligation of Landlord shall not exceed the amount of one month's Base Rent then in effect ("**Landlord's One Year Contribution Cap**"). Landlord shall remit such sum to Tenant within fifteen (15) days of Tenant's written request therefor and to be used by Tenant to pay such Maintenance Costs, and this Lease shall remain in full force and effect; if Landlord does not timely remit the requested sum, Base Rent shall be automatically abated until the sum requested has been fully offset against Base Rent.

(ii) If during any consecutive three Lease Year period Maintenance Costs (as reasonably determined by Landlord and Tenant) are less than or equal to the Three Year Cap plus $100,000.00, Landlord shall pay to Tenant a sum equal to the difference between the actual Maintenance Costs for such period and the Three Year Cap, provided such obligation of Landlord shall not exceed $100,000.00 ("**Landlord's Three Year Contribution Cap**"). Landlord shall remit such sum to Tenant within fifteen (15) days of Tenant's written

request therefor and to be used by Tenant to pay such Maintenance Costs, and this Lease shall remain in full force and effect; if Landlord does not timely remit the requested sum, Base Rent shall be automatically abated until the sum requested has been fully offset against Base Rent.

(iii) If Tenant after consultation with Landlord reasonably determines that the Maintenance Costs will exceed either the One Year Cap plus one month's then-current Base Rent in any one Lease Year, or will exceed the Three Year Cap plus $100,000 in any consecutive three (3) Lease Year period, as applicable, Tenant shall have the right (but not the obligation), after prompt written notice to Landlord (to be provided not more than ninety (90) days after such determination), to terminate this Lease early upon no less than ninety (90) days prior written notice to Landlord specifying with reasonable detail the bases upon which it asserts the One Year Cap or the Three Year Cap as applicable, will be exceeded ("**Early Termination Right**"), and the Lease shall terminate as of the termination date specified by Tenant in such notice, but not later than one hundred eighty (180) days after such notice. Within thirty (30) days of such notice Landlord shall notify Tenant if, based on the information provided by Tenant, it disputes Tenant's Early Termination Right. Tenant's election not to exercise its Early Termination Right at any time shall in no way (y) decrease, increase, or be interpreted to increase, Tenant's maintenance obligations or the Maintenance Caps, or (z) limit or be interpreted to limit, Tenant's ongoing right to exercise its Early Termination Right. If Tenant (due to its sole or active negligence or willful misconduct) fails to maintain the Premises or Tenant Improvements substantially in accordance with the Maintenance Plan and such failure causes Maintenance Costs to exceed the Maintenance Caps ("**Overages**"), then Tenant shall not be entitled to an Early Termination Right to the extent triggered by the Overages but shall instead be obligated to effect the maintenance required as a result of such Tenant failure without any contribution by Landlord.

(iv) At any time upon written notice to Landlord, Tenant may unilaterally relinquish its Early Termination Right as of the date of such notice. Tenant's obligations pertaining to the quarterly maintenance checklist and annual inspection provided for in Section 5.08.A(2) shall automatically terminate provided Tenant has exercised its Insurance Election Right in Section 8.01.D(3) herein and has provided proof of such insurance. Upon such termination, any obligation of Landlord to contribute any sums towards maintenance or Maintenance Costs as set forth in this Section 5.08, including but not limited to the Landlord's One Year Contribution Cap or Landlord's Three Year Contribution Cap, shall terminate and be null and void, all such sums to be and remain the sole obligations of Tenant. As of such termination, Landlord shall have no rights and Tenant shall have no liabilities or obligations related thereto; provided, however, that nothing herein shall restrict in any way Landlord's rights to conduct periodic or emergency inspections of the Premises.

(4) No Landlord Obligation to Maintain; Landlord's Inspection Rights. Except as may be provided in this Section 5.08 Landlord shall have no other obligations to contribute to the maintenance of the Premises or the Tenant Improvements. Tenant hereby expressly waives the provisions of subsection 1 of section 1932 and sections 1941 and 1942 of the Civil Code of California and all rights to make repairs at the expense of District as provided in section 1942 of said Civil Code. Landlord shall, throughout the Term, have the right to inspect the Premises upon twenty-four hours notice to Tenant or at all times in the event of emergency.

B. Major and Minor Repairs, Reconstruction, Alterations. Landlord's approval is not required for Tenant's Minor Repairs; provided, however, Tenant shall provide notice to Landlord of any Minor Repairs to the HVAC or roof system. "**Minor Repairs**" means those repairs, alterations or additions with an estimated construction cost not exceeding $100,000.00. "**Major Repairs**" are those repairs, alterations or additions not defined as Minor Repairs above. For Major Repairs, Tenant shall comply with all Conditions of Major Construction set forth in this Lease. For Minor Repairs, Tenant shall comply with all Conditions of Minor Construction set forth in this Lease.

C. CPI Adjustments to One Year Cap, Three Year Cap, Landlord's Three Year Contribution Cap, and Minor Repairs. The One Year Cap and the Three Year Cap shall each be adjusted during the Term at each anniversary of the Commencement Date (each a "**Cap Adjustment Date**"), by an amount calculated as provided herein. The base for computing the adjustment is the Index which is in effect on January 1 of the calendar year following the calendar year in which the Commencement Date occurs ("**Cap Beginning Index**"). The Index published as of June of the year of the Cap Adjustment Date in question (or, to the extent the June publication date is not relevant, such other publication date immediately preceding the Cap Adjustment Date in question) ("**Cap Adjustment Index**") is to be used in determining the amount of the adjustment. If the Cap Adjustment Index has increased over the Cap Beginning Index, the One Year Cap, the Three Year Cap, Landlord's Three Year Contribution Cap, and Minor Repairs for the following Lease Year (until the next Cap Adjustment Date in accordance with this Section) shall equal the sum of (i) the One Year Cap, the Three Year Cap, Landlord's Three Year Contribution Cap, or Minor Repairs, as applicable, in effect immediately prior to the applicable Cap Adjustment Date, plus (ii) the product obtained by multiplying such amount by the percentage increase in the Index. If the Index is changed so that the base year differs from that in effect when the Term commences, the Index shall be converted in accordance with the conversion factor published by the United States Department of Labor, Bureau of Labor Statistics for All Urban Consumers (base year 1982-1984 = 100) in the San Francisco-Oakland-San Jose Metropolitan Statistical Area. If the Index is discontinued or revised during the Term, such other government index or computations with which it is replaced shall be used in order to obtain substantially the same result as would be obtained if the Index had not been discontinued or revised.

5.09. Casualty Damage.

A. During the Term, if the Premises and/or Tenant Improvements, or any part thereof, shall be damaged by fire or other casualty, Tenant shall give prompt written notice thereof to Landlord. Tenant shall be obligated to reconstruct the Premises and/or Tenant Improvements, all to the extent such damage is covered by insurance; provided, however, if insurance proceeds are not sufficient to reconstruct the Premises and/or Tenant Improvements, Tenant may, at its sole option, raise the differential between the insurance proceeds and the cost of reconstruction. If Tenant raises sufficient funds to cover the difference between the insurance proceeds and the cost of reconstruction of the Premises and/or Tenant Improvements, Landlord shall hold any insurance proceeds Landlord has received or will receive in trust for Tenant's benefit. Upon Tenant's delivery to Landlord of invoices from its architect(s), engineer(s), consultant(s) and/or contractor(s) for work performed and materials supplied to the date(s) specified on such invoices Landlord shall make payment to Tenant such sums in the amount(s)

specified by the due dates provided therein, which funds shall be used by Tenant for the payment of such actual amounts due. Immediately upon receiving a notice of intent to construct pursuant to Section 5.04.B from Tenant (and in no event later that ten (10) days after receipt of such notice of intent to construct from Tenant), Landlord shall remit to Tenant the remaining sums of insurance proceeds held in trust for Tenant's benefit (and shall assign to Tenant the right to collect any unpaid insurance proceeds), which sums Tenant shall use solely toward reconstruction of the Premises and/or Tenant Improvements, or that portion so damaged, as applicable. Tenant shall within sixty (60) days after the date of such damage commence to repair and restore the Premises and the Tenant Improvements and shall proceed with reasonable diligence to restore the Premises or Tenant Improvements to substantially the same condition in which they were immediately prior to the happening of the casualty, except that the insurance proceeds may not be used toward replacement of the Retained Property or any part of Tenant's furniture and furnishings or fixtures and equipment removable by Tenant under the provisions of this Lease. In the event Tenant reconstructs the Premises and/or Tenant Improvements pursuant to this Section 5.09.A, Tenant shall have no right to rental abatement.

B. If the Premises and/or Tenant Improvements are so damaged by fire or other casualty that substantial alteration or reconstruction of either or both are required, (i) if such damage cannot be substantially repaired with reasonable diligence within two hundred (200) days thereafter, as reasonably determined by Tenant after consultation with Landlord, (ii) in the event Tenant has exercised its Insurance Election Right under Section 8.01.D(3), if any mortgagee under a mortgage or deed of trust covering the Premises or Tenant Improvements requires that the insurance proceeds payable as a result of said fire or other casualty be used to retire or reduce such mortgage debt, or (iii) if such damage is not covered by insurance carried by Landlord, then Tenant may, at its option, terminate this Lease and the Term and estate granted under this Lease by notifying Landlord in writing of such termination within fifty (50) days after the date of such damage, in which event the Base Rent shall be abated as of the date of such damage. Except as otherwise provided in this Section 5.09, Tenant hereby waives the provisions of California Civil Code section 1933(4). Any insurance which may be carried by Landlord and/or Tenant against loss or damage to the Site or to the Premises shall be for the sole benefit of Tenant and under its sole control, provided that Tenant uses such proceeds for the repair and reconstruction of the Premises and/or Tenant Improvements and except as set forth in the next sentence. Upon termination of this Lease following a casualty as provided under this Section 5.09, insurance proceeds attributable to the Premises and/or Tenant Improvements shall be paid to Landlord. Notwithstanding anything to the contrary in the foregoing two sentences, if any Leasehold Mortgage remains unpaid and the Leasehold Mortgage provides for application of insurance proceeds toward payment of the Leasehold Mortgage, insurance proceeds shall first be paid to the Leasehold Mortgagee toward payment of the Leasehold Mortgage, with any remaining proceeds paid to Landlord.

5.10. Ownership of Improvements; Personalty.

A. Ownership of Tenant Improvements. All Tenant Improvements constructed on the Premises by Tenant as permitted by this Lease shall be owned by Tenant until expiration of the Term or sooner termination of this Lease. Tenant shall not, however, remove any Tenant Improvements from the Premises nor waste, destroy or modify any Tenant Improvements on the Premises, except as may permitted by this Lease. The parties covenant for

themselves and all persons claiming under them that the Tenant Improvements are real property. Subject to the provisions of this Section 5.10, all Tenant Improvements on the Premises at the expiration of the Term or sooner termination of this Lease shall be delivered to Landlord, along with the remaining Existing Improvements free and clear of any liens or encumbrances and shall, upon Landlord's election and without compensation to Tenant, then become Landlord's property free and clear of all liens, encumbrances and claims to or against them by Tenant or any third person, and Tenant shall defend and indemnify Landlord against all liability and loss arising from such claims or from Landlord's exercise of the rights conferred by this paragraph.

B. Equipment, Chattel, Trade Fixtures. All articles of personal property, including all chattel and business and trade fixtures, machinery, equipment, furniture and movable partitions owned by Tenant or any subtenants, and which where installed by Tenant or subtenants at their expense in the Premises, shall remain the property of Tenant or subtenant, respectively, and may be removed at any time during the Term or upon expiration of the Term or sooner termination of this Lease. Tenant shall be responsible for the repair of any damage caused by such removal.

C. Tenant's Duty to Remove. At the expiration or sooner termination of the Term, and notwithstanding anything to the contrary in this Section 5.10, Landlord may, at Landlord's election, demand the removal from the Premises of all fixtures and Tenant Improvements constructed or placed on the Premises by Tenant or of certain fixtures or improvements or both, as specified in the notice provided for below in which case Tenant shall demolish, remove and clear all such Tenant Improvements from the Premises and return such area(s) to level, graded and compacted condition with all utility connections stubbed and capped below grade. A demand to take effect at the normal expiration of the Term shall be effected by notice given at least six (6) months before the expiration date. A demand to take effect on any other termination of the Lease shall be effected by notice given in or concurrently with notice of such termination or within fifteen (15) days after such termination. Tenant shall comply with the notice before the expiration date, for normal termination, and within ninety (90) days after the notice for other terminations. The duty imposed by this Section 5.10.C shall not include an obligation to remove underground utilities, meters, hardscape (including parking and sidewalk areas), or landscaping. In addition, the duty imposed by this Section 5.10.C shall not apply if this Lease is terminated following a casualty as provided under Section 5.09.B and all insurance proceeds have been paid to any Leasehold Mortgagee for application to payment of its Leasehold Mortgage and/or to Landlord as provided in Section 5.09.B. This section 5.10.C also shall not apply to Tenant Improvements to the extent that such Tenant Improvements were approved by Landlord as required by this Lease and were built and maintained in accordance with the terms of this Lease.

ARTICLE 6. ENCUMBRANCE OF LEASEHOLD ESTATE.

6.01. Leasehold Mortgage. Tenant shall have the right to pledge its leasehold estate as security for indebtedness, whether by deed of trust, mortgage, collateral assignment, or other document subject to and in accordance with the terms and provisions set forth in **Exhibit G** attached hereto and incorporated herein by this reference, which also sets forth the rights and interest of any Leasehold Mortgagee. In the event on any occasions hereafter Tenant seeks to mortgage its leasehold estate, Landlord shall amend this Lease from time to time as reasonably

requested by an Institutional Investor proposing to make Tenant a loan secured by Tenant's leasehold estate, provided that no proposed amendments shall (a) affect or alter the Tenant's Use provisions herein; (b) materially and adversely affect the monetary interests of Landlord pertaining to Rent, including any additional rent; or (c) affect the protections granted to Landlord as to the Bell Tower Building under this Lease; and further provided that no proposed amendments shall materially and adversely affect Landlord's rights or materially or adversely increase Landlord's obligations under the Lease and that no proposed amendment shall become effective unless and until such Institutional Investor makes such loan to Tenant.

ARTICLE 7. ASSIGNMENT; SUBLEASING.

7.01. Assignment; Subleasing.

A. Except as hereinafter provided, Tenant shall not assign the Lease or sublease any or all of the Premises and/or the Tenant Improvements without Landlord's prior written consent, which shall not be unreasonably withheld, conditioned, or delayed. Notwithstanding the foregoing, and subject to the terms and conditions herein, Tenant shall have the right to assign the Lease or certain obligations and rights thereunder, or sublease any or all of the Premises and/or the Tenant Improvements to any Permitted Transferee (defined below) provided that Tenant shall provide to Landlord for Landlord's review and approval adequate evidence of any such assignee's or sublessee's, as applicable, financial ability to fully perform the terms and conditions of this Lease. Each of the following constitutes a "**Permitted Transferee**":

(1) Any corporation that controls or is controlled by Tenant.

(2) Another corporation in connection with a corporate reorganization, or the merger of Tenant into, or the consolidation of Tenant with, another corporation or corporations.

(3) Any successor of all or substantially all of Tenant's public charter school or assets.

(4) Any Leasehold Mortgagee.

(5) Any of the following transferees:

(i) Any public charter school;

(ii) Any not-for-profit community service agency to the extent that its use and occupancy of the Premises is not inconsistent with Tenant's Use.

(6) Any assignment for security purposes only, including the grant of a deed of trust, assignment of rents and security agreement to secure the funds necessary for construction of the Tenant Improvements or permanent financing to repay such construction loan and any sale/leaseback, off-balance sheet financing, bond issuances, or other financing mechanisms.

B. Any sublease or assignment to any person shall be conditioned on the proposed sublessee or assignee, as applicable, agreeing in writing to abide by and perform the terms and conditions of this Lease including the use restrictions specified in Article 4. No assignment or subletting shall relieve Tenant from any of its obligations under this Lease.

C. Tenant shall, promptly after execution of such assignment or sublease, notify Landlord of the assignment or sublease with appropriate documentation as evidence that the proposed assignee or sublessee qualifies as a permitted transferee, and shall provide Landlord with a copy of the assignment or sublease. Except as otherwise provided in this Lease for a permitted mortgagee, the proposed transferee shall, in recordable form, expressly assume all the covenants and conditions of this Lease applicable to the portion of Premises or Tenant Improvements so transferred.

ARTICLE 8. INSURANCE AND INDEMNITY.

8.01. Tenant's Insurance Obligations.

A. Liability Insurance. As of the Commencement Date and continuing until expiration of the term of the Lease, Tenant shall procure, pay for and maintain in effect policies of commercial general liability insurance insuring Landlord and its officers, Trustees, employees and agents and Tenant against claims and liabilities arising out of the operation, condition, use, or occupancy of the Premises and / or arising out of the operation, use, or occupancy by Tenant of the Premises and any area appurtenant to the Premises (including the Off-Premises Parking Area). Such insurance shall include broad form contractual liability insurance coverage insuring sexual misconduct and harassment and all of Tenant's indemnity obligations under this Lease. Such insurance shall be in an amount of not less than five million dollars ($5,000,000.00) for bodily injury or death and property damage as a result of any one occurrence and a five million dollar ($5,000,000.00) general aggregate policy. In addition, Tenant shall obtain a products/completed operations aggregate policy in the amount of two million dollars ($2,000,000.00) and a personal injury policy in the amount of one million dollars ($1,000,000.00). The insurance shall be with a carrier approved by Landlord, which approval shall not be unreasonably withheld, conditioned, or delayed. Notwithstanding the provisions of this Section 8.01, Landlord acknowledges that Tenant is currently insured by joint pooled insurance and agrees that Tenant shall have the right to provide the coverage specified in this Section by a program of joint and/or pooled insurance. Prior to possession, Tenant shall deliver to Landlord a certificate of insurance evidencing the existence of the policies required hereunder and stating that such policy shall not be cancellable upon less than thirty (30) days prior written notice to Landlord. All such policies shall be written to apply to all bodily injury, property damage, personal injury and other covered loss however occasioned occurring during the policy term and shall be endorsed to add Landlord as an additional insured. Such coverage shall also contain endorsements: (i) deleting any employee exclusion on personal injury coverage; (ii) including employees as additional insureds; (iii) deleting any liquor liability exclusion; and (iv) providing for coverage of employer's automobile non-ownership liability.

B. Workers' Compensation Insurance. As of the Commencement Date and continuing until expiration of the term of the Lease, Tenant shall procure, pay for and maintain in effect policies of worker's compensation insurance in accordance with California Law, and

employer's liability insurance with a limit of no less than one million dollars ($1,000,000.00) per employee and one million dollars ($1,000,000.00) per occurrence.

C. Subtenant Insurance. Tenant shall require any subtenant of all or any portion of the Premises to maintain in effect during the term of its sublease, insurance coverage equivalent to that required to be maintained by Tenant.

D. Property Insurance.

(1) Additional Rent. In consideration of Landlord procuring and maintaining Property Insurance on the Premises and Tenant Improvements in accordance with Section 8.02 of this Lease, Tenant shall pay as additional rent during each Lease Year an amount equal to one hundred and ten percent (110%) of Landlord's actual out-of-pocket costs for maintaining such insurance, as reasonably allocated and modified by Landlord from time to time, but not more than once during any Lease Year ("**Insurance Expense**"); as of the Effective Date, Landlord has determined that $5,800.00 of its District-wide property insurance costs are allocable to such Property Insurance. Such payments shall be made in monthly installments, commencing as of the Commencement Date. In the event Tenant exercises its Insurance Election Right (defined below) under Section 8.01.D(3), Tenant's obligation to pay the Insurance Expense shall terminate as of the thirtieth (30th) day following the date of such notice. The Insurance Expense may be adjusted no more than annually: any adjustment shall take effect on the first day of the month that is at least thirty (30) days following the month in which Landlord gives Tenant a new notice of Insurance Expense ("**Insurance Expense Notice**"), which Insurance Expense Notice must set forth in reasonable detail the factors relied upon and analysis conducted in determining the new Insurance Expense, including any changes in the scope, type, or amounts of the Property Insurance or Landlord's overall insurance arrangements. For a period of ninety (90) days after Tenant's receipt of the Insurance Expense Notice, Tenant, or its representatives, shall be entitled, upon twenty (20) days prior written notice and during normal business hours, at the office of the District, to inspect, copy and examine those records of Landlord relating to the determination of the new Insurance Expense. If, after inspection and examination of such records, Tenant disputes the amount of the new Insurance Expense was properly calculated, Tenant may, by written notice to Landlord, request an independent review thereof. The independent review shall be conducted by a unbiased consultant, accountant, risk manager, or insurance broker ("**Consultant**") reasonably acceptable to both Landlord and Tenant, who shall be compensated on a fee for service rather than on a contingency fee basis. If, within thirty (30) days after Landlord's receipt of Tenant's notice requesting the independent review, Landlord and Tenant are unable to agree on a Consultant, then Tenant may designate a Consultant not then employed by Landlord or Tenant to conduct such independent review. The independent review shall be limited to the determination of the amount of new Insurance Expense and any changes in any changes in the scope, type, or amounts of the Property Insurance or Landlord's overall insurance arrangements, and Consultant shall produce a brief report of its findings. Landlord and Tenant shall meet and confer in good faith regarding the findings and any overpayments agreed to by the parties shall be refunded to Tenant within thirty (30) days of the date of the Consultant's report.

(2) Tenant Responsibility for Landlord's Deductible. Tenant shall be responsible for the payment of deductibles for any insurance specified in this Article 8,

regardless of whether such insurance was or is procured by Landlord or Tenant. Landlord shall provide Tenant with notice of any changes to its deductibles upon the effectiveness of such change. Notwithstanding the foregoing, however, in the event Tenant exercises its Insurance Election Right, Tenant shall have no further obligation to pay any deductibles relating to any policies of property insurance maintained by Landlord.

(3) Insurance Election Right. Upon thirty (30) days' notice to Landlord, Tenant shall have the option, at its sole discretion, to procure, pay for and maintain in effect policies of property insurance covering the Premises and any and all Tenant Improvements ("**Insurance Election Right**"). Such insurance coverage shall be at least as broad as ISO Special Form Causes of Loss, CP 1030, in an amount not less than 100% of the actual replacement cost of the Premises and Tenant Improvements, providing protection against all risks of physical loss or damage. Such policy shall contain a replacement cost endorsement and a stipulated amount endorsement. Tenant shall cause Landlord to be named as an additional insured in any policy required to be carried by Tenant pursuant to this Lease; provided, however that to the extent allowed by the applicable insurance carrier(s), Landlord shall be named the loss-payee as to the Existing Improvements so insured.

8.02. Landlord's Property Insurance Obligations. Beginning on the date Tenant is given access to the Premises for any purpose and continuing until expiration of the term of the Lease, Landlord shall procure, pay for and maintain in effect policies of property insurance covering the Premises and any and all Tenant Improvements at least as broad as ISO Special Form Causes of Loss, CP 1030, in an amount not less than 100% of their actual replacement cost of the Site, the Real Property, the Premises, the Existing Improvements, the Off Premises Parking Area, any Tenant Improvements, the track and field facilities, and all improvements on or to any of the foregoing, providing protection against all risks of physical loss or damage. Such policy shall contain a replacement cost endorsement and a stipulated amount endorsement. Landlord shall cause Tenant to be named as an additional insured in any policy provided for above. As to the Tenant Improvements so insured, Tenant shall be named the loss-payee.

8.03. Amount of Coverage. If at any time during the Term the amount or coverage of insurance which Landlord and Tenant are required to carry under this Article are, in either Landlord's or Tenant's reasonable judgment, as applicable, materially less than the amount or type of insurance coverage typically carried by owners or tenants of properties located in the San Jose metropolitan area, which are similar to and operated for similar purposes as the Premises, Landlord and Tenant shall each have the right to require the other to increase the amount or change the types of insurance coverage required under this Article.

8.04. Forms of Policies; Deductibles. All insurance policies required by this Article shall provide for severability of interests; shall provide that an act or omission of one of the named or additional insureds shall not reduce or avoid coverage to the other named or additional insureds; and shall afford coverage for all claims based on acts, omissions, injury and damage, which claims occurred or arose (or the onset of which occurred or arose) in whole or in part during the policy period. All insurance policies required to be carried under this Article shall be (i) written by companies rated A-XII or better in *Best's Insurance Guide* and authorized to do business in California (except to the extent that Tenant's insurance obligations are met by a program of joint and/or pooled insurance), and (ii) name the other party as additional insureds. If

any insurance documents or forms referenced within this Lease and/or **Exhibit F** are discontinued or revised during the Term, such other insurance document or forms with which they are replaced shall be used.

8.05. Blanket Coverage. Any policy required to be maintained by Landlord or Tenant under this Lease may be maintained under a so-called "blanket policy" insuring other parties and/or other locations, so long as the amount of insurance and type of coverage required to be provided hereunder is not thereby diminished, changed or adversely affected.

8.06. Insurance Certificates; Failure to Deliver. Landlord and Tenant shall each furnish to the other party prior to the Commencement Date, and thereafter within thirty (30) days following written request of Landlord or Tenant, as applicable, in no event more frequently than twice in a twelve (12)-month period, a certificate of insurance issued by the insurance carrier of each policy of insurance carried hereunder. The certificates shall expressly provide that the policies shall not be cancellable or subject to reduction of coverage or otherwise be subject to modification except after thirty (30) days' prior written notice to Landlord or Tenant, as applicable. If Landlord or Tenant shall fail to procure such insurance or to deliver such certificates, Landlord and Tenant may, at each party's sole option, and in addition to each party's other remedies in the event of a default by the other party under this Lease, procure the same for the account of Landlord or Tenant, as applicable; if Landlord has so procured insurance on the account of Tenant, the cost thereof shall be paid to Landlord as additional rent, and if Tenant has so procured insurance on the account of Landlord, the cost thereof shall be deducted from the Base Rent to be paid, or other sums owed by Tenant, to Landlord.

8.07. Builder's Risk Coverage. Before commencement of any substantial demolition or construction, Tenant shall cause to be procured and shall cause to be maintained in force until completion and acceptance of the work, "all risks" builder's risk insurance including vandalism and malicious mischief, in a form and with a company reasonably acceptable to Landlord, covering improvements in place and all material and equipment at the Premises furnished under contract, but excluding contractor's, subcontractor's and construction manager's tools and equipment and property owned by contractor's or subcontractor's employees, with limits of at least the full insurable value, for all work of Tenant Improvements at the Premises.

8.08. Waiver of Subrogation. The parties hereby release each other, and their respective successors and assigns, from any claims for damage to any person, the Premises, or to the Tenant Improvements and any personal property in or on the Premises, that are caused by or result from risks insured against under any insurance policies carried by the parties and in force at the time of any such damages, provided that such release shall only be effective to the extent of the actual coverage of the insurance policies. Each party shall cause each insurance policy (including workers' compensation) obtained by it to provide that the insurance company waives all right of recovery by way of subrogation against either party in connection with any damage covered by any policy carried with respect to the Premises or the Tenant Improvements.

8.09. Indemnification.

A. Tenant's Obligations. Except to the extent claims are caused by Landlord's sole or active negligence or willful misconduct, Tenant, during the Term, will

indemnify, defend and save Landlord harmless from and against any and all claims, demands, actions, damages, liability and expense (including reasonable attorneys' fees and costs of investigation with respect to any claim, demand or action) in connection with loss of life, personal injury and/or damage to any property of any person arising from or connected with Tenant's Use of the Premises, and the occupancy or use by Tenant or Tenant's students, employees, or invitees of the Premises, the Off-Premises Parking Area, the Tenant Improvements or any part thereof, and from any breach or default on the part of Tenant in the performance of any covenant or agreement on the part of Tenant to be performed pursuant to this Lease, and from violations of or noncompliance with any governmental requirements or insurance requirements, and from any acts or omissions of Tenant or any person on the Premises or the Tenant Improvements by license or invitation of Tenant or occupying the Premises, the Tenant Improvements or any part thereof under Tenant whether such injury occurs in, on or about the Premises or the Tenant Improvements.

B. Landlord's Obligations. Except to the extent claims are caused by Tenant's sole or active negligence or willful misconduct, Landlord, during the Term, will indemnify, defend and save Tenant harmless from and against any and all claims, demands, actions, damages, liability and expense (including reasonable attorneys' fees and costs of investigation with respect to any claim, demand or action) in connection with loss of life, personal injury and/or damage to property arising from or connected with Landlord's use of the Premises and Site, and from any breach or default on the part of Landlord in the performance of any covenant or agreement on the part of Landlord to be performed pursuant to this Lease, and from violations of or noncompliance with any governmental requirements, but only to the extent such requirements remain an obligation of Landlord under this Lease) or Landlord's insurance requirements (if any), and from any acts or omissions of Landlord or any person on the Premises or the Site by license or invitation of Landlord, whether such injury occurs in, on or about the Premises or the Site.

C. The indemnification obligations set forth in this Section 8.09 shall survive the expiration or other termination of this Lease.

ARTICLE 9. TENANT DEFAULTS AND LANDLORD'S REMEDIES.

9.01. Events of Default. A breach of this Lease shall exist if any of the following events (hereinafter referred to as "**Event of Default**") shall occur:

A. Default in the payment when due of any installment of rent or other payment required to be made by Tenant hereunder, and the default shall not have been cured within ten (10) days after written notice from Landlord;

B. Tenant's failure to perform any other term, covenant or condition contained in this Lease and the failure shall have continued for thirty (30) days after written notice of such failure is given to Tenant;

C. Any case, proceeding or other action against the Tenant or any guarantor of the Tenant's obligations hereunder shall be commenced seeking to have an order for relief entered against it as debtor, or seeking reorganization, arrangement, adjustment, liquidation,

dissolution or composition of it or its debts under any Law relating to bankruptcy, insolvency, reorganization or relief of debtors, or seeking appointment of a receiver, trustee, custodian or other similar official for it or for all or any substantial part of its property, and the case, proceeding or other action (i) results in the entry of an order for relief against it which is not fully stayed within seven (7) business days after the entry thereof or (ii) remains undismissed for a period of forty-five calendar (45) days;

D. The Tenant shall take any corporate or governing board action to authorize any of the actions set forth in Section 9.01.C above;

9.02. Remedies. Upon any Event of Default, Landlord shall have the following remedies, in addition to all other rights and remedies provided by Law, to which Landlord may resort cumulatively, or in the alternative:

A. Recovery of Rent. Landlord shall be entitled to keep this Lease in full force and effect (whether or not Tenant shall have abandoned the Premises) and to enforce all of its rights and remedies under this Lease, including the right to recover rent and other sums as they become due, plus interest at the rate of Bank of America's or its successor's reference rate plus three percent (3%) per annum from the due date of each installment of rent or other sum until paid.

B. Termination. Landlord may terminate this Lease by giving Tenant written notice of termination. On the giving of the notice all of Tenant's rights in the Premises shall terminate. Upon the giving of the notice of termination, Tenant shall surrender and vacate the Premises in the condition required under this Lease, and Landlord may re-enter and take possession of the Premises and all the remaining improvements or property and eject Tenant and/or any of Tenant's subtenants, assignees or other person or persons claiming any right under or through Tenant or eject some and not others or eject none. This Lease may also be terminated by a judgment specifically providing for termination. Any termination under this Section shall not release Tenant from the payment of any sum then due Landlord or from any claim for damages or rent previously accrued or then accruing against Tenant. In no event shall any one or more of the following actions by Landlord constitute a termination of this Lease:

(1) maintenance and preservation of the Premises;

(2) efforts to relet the Premises;

(3) appointment of a receiver in order to protect Landlord's interest hereunder;

(4) consent to any subletting of the Premises or assignment of this Lease by Tenant, whether pursuant to provisions hereof concerning subletting and assignment or otherwise; or,

(5) any other action by Landlord or Landlord's agents intended to mitigate the adverse effects from any breach of this Lease by Tenant.

C. Damages. In the event this Lease is terminated, Landlord shall be entitled to damages in the following sums:

(1) the worth at the time of award of the unpaid rent which has been earned at the time of termination; plus,

(2) the worth at the time of award of the amount by which the unpaid rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that Tenant proves could have been reasonably avoided; plus,

(3) the worth at the time of award of the amount by which the unpaid rent for the balance of the term after the time of award exceeds the amount of such rental loss that Tenant proves could be reasonably avoided; and,

(4) any other amount necessary to compensate Landlord for all detriment proximately caused by Tenant's failure to perform Tenant's obligation under this Lease, or which in the ordinary course of business would be likely to result therefrom including, without limitation, the following: (i) expenses for cleaning, repairing or restoring the Premises and/or for demolishing the Tenant Improvements; (ii) real estate broker's fees, reasonable advertising costs and other expenses of reletting the Premises; (iii) costs of carrying the Premises and insurance premiums thereon, utilities and security precautions; (iv) expenses in retaking possession of the Premises; (v) reasonable attorneys' fees and court costs; and, (vi) any unamortized real estate brokerage commission paid in connection with this Lease;

(5) the "**worth at the time of award** " of the amounts referred to in Section 9.01.C is computed by discounting such amount at the discount rate of the Federal Reserve Board of San Francisco at the time of award plus one percent (1%). The term "rent" as used in this Section shall include all sums required to be paid by Tenant to Landlord pursuant to the term of this Lease.

ARTICLE 10. TERMINATION; EXPIRATION.

10.01. Tenant's Duty to Surrender. At the expiration or sooner termination of the Lease Term, Tenant shall surrender to Landlord possession of the Premises. Surrender or removal of fixtures, trade fixtures and Tenant Improvements shall be as directed in Section 5.08. Tenant shall leave the surrendered Premises and any other property in good and broom-clean condition except as provided to the contrary in Article 5. All property that Tenant is not required to surrender but that Tenant does abandon shall, at Landlord's election, become Landlord's property at termination.

10.02. Holding Over. If Tenant shall hold over the leased Premises after the expiration of the Term with the consent of Landlord, either express or implied, such holding over shall be construed to be only a tenancy from month-to-month subject to all the covenants, conditions and obligations contained in this Lease, including Base Rent which shall be adjusted in accordance with Section 3.02.

ARTICLE 11. SIGNS.

11.01. Tenant's Right to Signs. Subject to Landlord's prior approval, Tenant, at its cost, shall have the right to remove existing signage and to place, construct and maintain a sign or signs either on the Premises, and/or at a location acceptable to Landlord on Landlord's other property, to announce the presence of Tenant's building and to assist persons and vendors in locating the Premises.

11.02. Compliance with Laws. Any sign that Tenant has the right to place, construct and maintain shall comply with all Laws, and Tenant shall obtain any approval required by such Laws.

ARTICLE 12. CONDEMNATION.

12.01. Definitions.

A. "**Condemnation**" means (1) the exercise of any governmental power, whether by legal proceedings or otherwise, by a condemnor, and (2) a voluntary sale or transfer by Landlord to any condemnor, either under threat of condemnation or while legal proceedings for condemnation are pending.

B. "**Date of Taking**" means the date the condemnor has the right to possession of the property being condemned.

C. "**Award**" means all compensation, sums or anything of value awarded, paid or received on a total or partial condemnation.

D. "**Condemnor**" means any public or quasi-public authority, or private corporation or individual, having the power of condemnation.

12.02. Parties' Rights and Obligations to be Governed by Lease. If, during the Term, there is any taking of all or any part of the Premises, any Tenant Improvements on the Site or any interest in this Lease by condemnation, the rights and obligations of the parties shall be determined pursuant to the provisions of this Article 12.

12.03. Total Taking. If the Premises are totally taken by condemnation, this Lease shall terminate on the date of taking.

12.04. Effect of Partial Taking. If any portion of the Premises or the Tenant Improvements thereon is taken by condemnation, this Lease shall remain in effect, except that, Tenant may elect to terminate this Lease if, following a reasonable amount of reconstruction, Tenant's business cannot be conducted at an economically feasible level on the remaining portion of the Premises.

A. Tenant must exercise its right to terminate by giving Landlord written notice of its election within ninety (90) days after the nature and extent of the taking have been finally determined. Such notice shall also specify the date of termination.

B. Failure to properly exercise the election provided for in this Section will result in this Lease continuing in full force and effect, except that the monthly rent shall be reduced pursuant to Section 12.05 below.

12.05. Effect of Partial Taking on Rent. If any portion of the Premises is taken by condemnation and this Lease remains in effect, the monthly rent shall be reduced on the date of taking in the same ratio to the monthly rent as the value of the area of the portion of the Premises taken bears to the total value of the Premises immediately before the date of taking. Such value shall be established by appraisal by an appraiser approved by Landlord and Tenant. If Landlord and Tenant are unable to agree upon an appraiser, each shall appoint an appraiser and the two appointed appraisers shall appoint a third appraiser. The value of the Premises and of the portion taken shall be the average of the values arrived at by the three appraisers. All other obligations of Tenant under this lease shall remain in full force and effect.

12.06. Award.

A. In the event of a total condemnation, the award shall be divided between Landlord and Tenant in accordance with the fair market value of their respective interests in the Premises. Tenant shall not be entitled to any compensation, however, for any value attributable to the fact that the rent reserved under this Lease is lower than the fair rental value of the Premises ("**Bonus Value**").

B. In the event of a partial condemnation, the award shall first be used for restoration of the Premises.

(1) If this Lease is terminated as a result of the partial taking, then the balance of the award shall be divided between Landlord and Tenant in the manner set forth above for a total condemnation.

(2) If this Lease is not terminated as a result of the partial taking, the award shall be divided between Landlord and Tenant in the manner set forth above for a total condemnation.

12.07. Landlord's Taking. Notwithstanding anything in this Lease to the contrary, if Landlord exercises any powers of eminent domain it may have, then (i) Tenant shall be entitled to the entire award attributable to such condemnation, and (ii) Tenant shall have the right to terminate this Lease in part or whole, as determined by Tenant in its reasonable discretion. If Tenant elects partial or whole termination pursuant to this Section, Tenant shall provide written notice to Landlord setting forth the termination date and reduced rent. The revised rent shall be pro-rated based on Tenant's loss of value or use determined by Tenant in its reasonable discretion.

ARTICLE 13. MISCELLANEOUS.

13.01. Notices.

A. Definition of Notice; Application of Provision. As used in this Lease, the word "notice" includes the communication of notice, request, demand, approval, statement,

report, acceptance, consent, waiver and appointment. No notice of the exercise of any option or election is required unless the provision giving the election or option expressly requires notice. Unless the provisions of this Lease on rent direct otherwise, rent shall be sent in the manner provided for giving notice.

B. Writing. All notices must be in writing.

C. Delivery. Notices may be served (a) by personal delivery, (b) by certified mail, postage prepaid, (c) by overnight courier (*e.g.*, Federal Express), or (d) by receipt-confirmed facsimile transmission, provided a copy is also delivered by personal delivery, mail or courier, to the address(es) and/or facsimile number(s) indicated below. Notices shall be deemed received upon the sooner of (i) if personally delivered, the date of delivery to the person to receive such notice, (ii) if mailed, three (3) days following the date of posting by the U.S. Postal Service, (iii) if by overnight courier, on the business day following the deposit of such notice with such courier, (iv) if by facsimile, upon printed confirmation of facsimile transmission. Such notice shall be addressed to the party or person intended as follows:

D. Change of Recipient or Address. Either party may, by notice given at any time or from time to time, require subsequent notices to be given to another individual person, whether a party or an officer or representative, or to a different address, or both. Notices given before actual receipt of notice of change shall not be invalidated by the change.

13.02. Nonmerger of Fee and Leasehold Estates. If both Landlord's and Tenant's estates in the Premises or the Tenant Improvements or both become vested in the same owner, this Lease shall nevertheless not be destroyed by application of the doctrine of merger except at the express election of the owner and the consent of the mortgagee or mortgagees under all mortgages existing under provisions of this Lease relating to the purchase or construction of Tenant Improvements.

13.03. General Provisions.

A. Time of Essence. Time is of the essence of each provision of this Lease.

B. Consent of Parties. Except as otherwise set forth in this Lease, whenever consent or approval of either party is required, that party shall not unreasonably withhold, condition, or delay such consent or approval.

C. Authority. If either party is a corporation or other entity, that party shall deliver to the other party on execution of this Lease a certified copy of a resolution of its board authorizing the execution of this Lease and naming the officers of the entity that are authorized to execute this Lease on behalf of the entity.

D. Successors. Subject to the restrictions set forth herein regarding assignment of the leasehold estate, each of the terms, covenants and conditions of this Lease shall extend to and be binding on and shall inure to the benefit of not only Landlord and Tenant but to each of their respective heirs, administrators, executors, successors and assigns.

E. Rent Payable in United States Money. Rent and all other sums payable under this Lease must be paid in lawful money of the United States of America.

F. Real Estate Brokers; Finders. Landlord and Tenant agree that no brokers other than Public Property Advisors, the Landlord's property consultant, and Prime Commercial Inc., Tenant's broker (collectively, "**Brokers**"), were involved either in any of the negotiations that preceded this Lease nor in the procuring of same. Landlord and Tenant agree that if any claim be made for brokerage fees by, through or on account of any acts of Landlord or Tenant or their respective representatives, the party upon whose acts such claim is made will hold the other harmless from any and all liabilities and expenses in connection therewith. By separate agreement, Landlord will pay a fee directly to Public Property Advisors for services and

representation. The foregoing indemnity shall survive the execution of this Lease or the other termination of this Lease and will not be limited by any provision of this Lease.

G. Recitals; Exhibits; Addenda. All recitals, exhibits and addenda to which reference is made in this Lease are hereby incorporated in the Lease whether or not they are actually attached.

13.04. Interpretation of Lease.

A. California Law. This Lease shall be construed and interpreted in accordance with the Laws of the State of California without regard to conflict of laws provisions.

B. Integrated Agreement; Modification. This Lease contains the entire agreement between the parties. No promise, representation, warranty or covenant not included in this Lease has been or is relied on by either party unless in writing and dated of even date herewith. Each party has relied on his own examination of this Lease, the counsel of his own advisors and the warranties, representations and covenants in the Lease itself. The failure or refusal of either party to inspect the Premises or Tenant Improvements, to read the Lease or other documents or to obtain legal or other advice relevant to this transaction constitutes a waiver of any objection, contention or claim that might have been based on such reading, inspection or advice. This Lease cannot be amended or modified except by a written agreement.

C. Provisions are Covenants and Conditions. All provisions, whether covenants or conditions, on the part of Tenant shall be deemed to be both covenants and conditions.

D. Captions; Table of Contents. The table of contents of this Lease and the captions of the various articles and sections of this Lease are for convenience and ease of reference only and do not define, limit, augment or describe the scope, content or intent of this Lease or of any part of this Lease.

E. Terms. The singular number includes the plural whenever the context so requires. The neuter gender includes the feminine and masculine, the masculine includes the feminine and neuter and the feminine includes the neuter and the masculine, and each includes corporation, partnership or other legal entity when the context so requires. The words "**including**," "**included**," "**include**" and words of similar import shall be interpreted as though followed by the words "**but not limited to**" or "**without limitation**." The terms "**Law**" and "**Laws**" shall mean any law, statute, zoning restriction, ordinance or governmental law or rule, regulation, or requirement, including any environmental laws and the American Disabilities Act or similar regulations, of any duly constituted public authorities now in force or which may hereafter be enacted or promulgated.

F. Joint and Several Obligations. If more than one person or entity is Landlord or Tenant, the obligations imposed on that party shall be joint and several.

G. Severability. The unenforceability, invalidity or illegality of any provision shall not render the other provisions unenforceable, invalid or illegal.

13.05. Waiver. No waiver of any breach of any of the terms, covenants, agreement, restrictions or conditions of this Lease shall be construed as a waiver of any succeeding breach of the same or other covenants, agreements, restrictions and conditions hereof.

13.06. Attorneys' Fees. In the event that any action is brought by either party hereto as against the other party hereto for the enforcement or declaration of any right or remedies in or under this Lease or for the breach of any covenant or condition of this Lease, then and in that event the prevailing party shall be entitled to recover, and the other party agrees to pay all fees and costs to be fixed by the court or arbitrator therein including attorneys' fees and fees in connection with any appeal.

13.07. Quiet Enjoyment. Tenant shall have quiet possession and enjoyment of the Premises for the entire Lease Term, subject to all provisions of this Lease. Landlord hereby represents and warrants, and shall ensure, that there shall be no encumbrances upon the Premises (including liens, deeds of trust, mortgages, leasehold estates, easements, rights-of-way, restrictive covenants, licenses, or any other impairments upon Landlord's ownership interest in the Premises) which would interfere with or adversely affect Tenant's Use or occupancy of, or access to, the Premises or rights under the Lease. In the event the Premises are encumbered by a deed of trust or mortgage, Landlord shall obtain a non-disturbance agreement in favor of Tenant from the Landlord's lender in a form reasonably satisfactory to Tenant, which provides that Tenant's quiet enjoyment, use, and occupancy of the Premises and any additional parking areas and exercise of Tenant's rights under the Lease shall not be disturbed so long as Tenant is not in material default thereunder.

13.08. Governmental Compliance. Notwithstanding anything in this Lease to the contrary, Tenant shall not have any liability to Landlord resulting from any conditions existing, or events occurring, or any hazardous substances (as defined under applicable environmental Laws) existing or generated, at, in, on, under or in connection with the Site, Premises, or Existing Improvements prior to the Commencement Date. Landlord shall deliver the Premises (excluding the Tenant Improvements) and Landlord's Work in compliance with all applicable Laws in effect as of the Commencement Date, including compliance with all Laws.

13.09. Memorandum of Lease.

A. Recordation of Memorandum Only. This Lease shall not be recorded; only a memorandum of this Lease shall be recorded. The parties shall execute and record a memorandum in the form attached hereto as **Exhibit H**.

B. Quitclaim. At the expiration or sooner termination of this Lease, Tenant shall execute, acknowledge and deliver to Landlord within thirty (30) days after written demand from Landlord to Tenant, any quitclaim deed or other document required by any reputable title company to remove the cloud of this Lease from the real property and improvements subject to this Lease.

13.10. Landlord's Right to Sell. Landlord shall have the right to sell its fee estate in the Premises or any part thereof and assign its interest in this Lease without limitation; provided, however, that any such sale shall be subject to this Lease and any purchaser shall agree to

perform all of the obligations of Landlord as landlord under the Lease. Upon any such conveyance, Landlord shall be automatically relieved of any further obligation under this Lease.

13.11. Waste. Tenant shall not commit, or suffer to be committed, any waste upon the Premises, or allow any sale by auction upon the Premises, or all the Premises to be used for any unlawful purpose, or place any harmful liquids in the plumbing, sewer or storm water drainage systems of the Premises. No waste materials or refuse shall be dumped upon or permitted to remain upon any part of the Premises except in trash containers designated for that purpose.

13.12. Hazardous Materials. Landlord and Tenant agree as follows with respect to the existence or use of Hazardous Materials on the Premises including any improvements made by Tenant. Tenant shall, at its sole cost and expense, comply with all Laws from time to time in effect ("**Hazardous Materials Laws**") concerning Hazardous Materials within or about the Premises. As used herein, "**Hazardous Materials**" means any substance, material, or waste which is or becomes regulated by any local governmental authority, the State of California, or the United States Government, including any material or substance which is: (i) defined as a "hazardous waste," "extremely hazardous waste," or "restricted hazardous waste" under sections 25115, 25117 or 25122.7, or listed pursuant to section 25140 of the California Health and Safety Code, Division 20, Chapter 6.5 (Hazardous Waste Control Law); (ii) defined as a "hazardous substance" under section 25316 of the California Health and Safety Code, Division 20, Chapter 6.8 (Carpenter-Presley-Tanner Hazardous Substance Account Act); (iii) defined as a "hazardous material," "hazardous substance," or "hazardous waste" under section 25501 of the California Health and Safety Code, Division 20, Chapter 6.95 (Hazardous Materials Release Response Plans and Inventory); (iv) defined as a "hazardous substance" under section 25281 of the California Health and Safety Code, Division 20, Chapter 6.7 (Underground Storage of Hazardous Substances); (v) petroleum; (vi) friable asbestos; (vii) polychlorinated biphenyls; (viii) listed under Article 9 or defined as "hazardous" or "extremely hazardous" pursuant to Article 11 of Title 22 of the California Administrative Code, Division 4, Chapter 20; (ix) designated as "hazardous substances" pursuant to section 311 of the Clean Water Act (33 U.S.C. §1317); (x) defined as a "hazardous waste" pursuant to section 1004 of the Resource Conservation and Recovery Act, 42 U.S.C. §6901, *et seq.* (42 U.S.C. §6903); or (xi) defined as "hazardous substances" pursuant to section 101 of the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. §9601, *et seq.*, as the foregoing statutes and regulations now exist or may hereafter be amended. From and after the commencement of the Preparation Period, Tenant shall be solely responsible for all Hazardous Materials (provided that such liability does not arise from the condition of the Premises prior to Tenant taking occupancy under this Lease, or from any act of Landlord or its employees, agents, licensees, contractors, or invitees ["**Landlord Parties**"]). Except for materials used in the normal course of construction and materials normally and customarily used in schools, such as standard office supplies, classroom and janitorial supplies, cleaning supplies and the like kept in small quantities and safely stored in strict compliance with Hazardous Materials Laws, Tenant shall not use, handle, store, transport, release or dispose of any Hazardous Materials anywhere in, on, under or about the Premises or the Tenant Improvements. Tenant, at its expense, shall cause any and all Hazardous Materials brought onto, used, generated, stored or discharged by Tenant in or about the Premises, the Tenant Improvements, or any portion thereof, to be removed therefrom and transported for disposal in accordance with applicable Hazardous Materials Laws. Tenant shall

indemnify, defend and hold Landlord harmless in connection with Hazardous Materials as set forth in Section 8.09.B.

A. Responsibility of Tenant. From and after the commencement of the Preparation Period, Tenant shall be solely responsible for all environmental matters affecting the Premises and any Improvements to the extent caused by Tenant or Tenant's employees, agents, subtenants, licensees, concessionaires, contractors, or invitees ("**Tenant Parties**") (and not to the extent arising from the condition of the Premises prior to Tenant taking occupancy under this Lease or from any act of Landlord or Landlord Parties). Tenant has been afforded the opportunity to enter and inspect the Premises prior to the waiver of conditions hereunder for the purpose of conducting tests, engineering studies, to satisfy itself of the condition of the Premises with respect to Hazardous Materials. Without limiting the preceding sentence:

(1) Any handling, transportation, storage, treatment, disposal or use of Hazardous Materials in or about the Premises and any Improvements shall be the responsibility of Tenant and shall strictly comply with all applicable Hazardous Materials Laws and the provisions of this Lease.

(2) It shall be the duty of Tenant to insure that the Premises and any Improvements are at all times in strict compliance with all Hazardous Materials Laws and that all activities conducted in or about the Premises and Improvements comply in every respect with all applicable Hazardous Materials Laws including, but not limited to, all notification, record keeping, and maintenance requirements of such Laws.

(3) Tenant shall have and discharge all of the duties and obligations of the owner of the Premises and Improvements under applicable Hazardous Materials Laws, including, but not limited to, response and remediation (where required under this Lease); and

(4) Tenant shall be responsible for all liability to third parties who may be harmed or claim harm resulting from an environmental condition on or about the Premises and any Improvements to the extent caused by Tenant or Tenant Parties (and not to the extent arising from the condition of the Premises prior to Tenant taking occupancy under this Lease or from any act of Landlord or Landlord Parties).

B. Indemnification. Tenant shall indemnify, defend upon demand with counsel acceptable to Landlord, and hold harmless Landlord and its trustees, board members, officers, agents and employees from and against any liabilities, losses, claims, damages, lost profits, consequential damages (not including consequential or punitive damages), interest, penalties, fines, monetary sanctions, attorneys' fees, experts' fees, court costs, remediation costs, investigation costs, and other expenses which result from or arise in any manner whatsoever out of the use, storage, treatment, transportation, release, disposal, or presence from any cause or source whatsoever of Hazardous Materials on or about the Premises and any Improvements during the Term hereof to the extent caused by Tenant or Tenant Parties. Landlord shall indemnify, defend upon demand with counsel acceptable to Tenant, and hold harmless Tenant and its affiliated entities, and the board members, officers, agents and employees of both, from and against any liabilities, losses, claims, damages (not to include consequential or punitive damages), interest, penalties, fines, monetary sanctions, attorneys' fees, experts' fees, court costs,

remediation costs, investigation costs, and other expenses which result from or arise in any manner whatsoever out of the use, storage, treatment, transportation, release, disposal, or presence of Hazardous Materials on or about the Premises as of the date Tenant takes occupancy, or which at any time results from the acts of Landlord or Landlord Parties.

C. Tenant Action. If the presence of Hazardous Materials on the Premises and any Improvements (from any source whatsoever) results in contamination or deterioration of water or soil resulting in a level of contamination greater than the levels established as acceptable by any governmental agency having jurisdiction over such contamination, and if the Tenant or Tenants Parties are responsible for such contamination, then Tenant shall, at its sole cost and expense, promptly take any and all action necessary to investigate and remediate such contamination if required by law or as a condition to the issuance or continuing effectiveness of any governmental approval which relates to the use of the Premises and any Improvements or any part thereof. Tenant shall further be solely responsible for, and shall defend, indemnify and hold Landlord and its agents, officers, trustees and employees harmless from and against, all claims, costs and liabilities, including attorneys' fees and costs, arising out of or in connection with any investigation and remediation required hereunder to return the Premises and any Improvements to full compliance with all Hazardous Materials Laws if required under this Paragraph.

D. Notice. Landlord and Tenant shall each give written notice to the other as soon as reasonably practicable of (i) any communication received from any governmental authority concerning Hazardous Materials which relates to the Premises and/or any Improvements, and (ii) any contamination of the Premises and/or any Improvements by Hazardous Materials which constitutes a violation of any Hazardous Materials Law. At any time during the Term, Tenant shall, within thirty (30) days after written request therefore received from Landlord, disclose in writing all Hazardous Materials that are being used by Tenant or subtenants on the Premises and any Improvements, the nature of the use, and the manner of storage and disposal.

E. Survival. The obligations of Tenant under this Section shall survive the expiration or earlier termination of this Lease. The rights and obligations of Landlord and Tenant with respect to issues relating to Hazardous Materials are exclusively established by this Section. In the event of any inconsistency between any part of this Lease and this Section, the terms of this Section shall control.

F. In the event that Tenant causes any Hazardous Materials, including asbestos, to be released, spilled or otherwise exposed through its use and occupancy of the Premises, such as, but not limited to remodeling or other construction, Tenant shall be solely responsible for all costs associated with the proper handling, mitigation, remediation and disposal of the Hazardous Materials and all related cleanup.

13.13. Tenant's Representation and Warranty. Tenant represents and warrants that it is lawfully organized and existing under the laws of the State of California, that it is a not-for-profit corporation under state and federal law, and that it shall maintain such not-for-profit status throughout the Term of this Lease.

13.14. Prohibition of Tobacco and Alcohol on the Premises. Tenant will at all times comply with Education Code provisions and Landlord's policies and administrative regulations prohibiting the sale, consumption and use of alcohol and tobacco (in all forms) on the Premises, and adequately publicize such prohibitions on signage on the Premises.

FULLY-EXECUTED

DEPT. FILE COPY

AGREEMENT BETWEEN THE CITY OF SAN JOSE AND ALUM ROCK UNION ELEMENTARY SCHOOL DISTRICT FOR CONSTRUCTION AND IMPROVEMENTS AT PALA MIDDLE SCHOOL

THIS AGREEMENT is made and entered into this 29th day of Oct., 2002, by and between the CITY OF SAN JOSE, a municipal corporation of the State of California ("CITY") and ALUM ROCK UNION ELEMENTARY SCHOOL DISTRICT ("DISTRICT"), a school district in the County of Santa Clara.

RECITALS

WHEREAS, the provisions of California Education Code Sections 10900 through 10915, inclusive, support joint action by CITY AND DISTRICT to organize, promote and conduct programs in order to improve the health and general welfare of the citizens of the City of San Jose, to cultivate the development of good citizenship, and to prevent and diminish juvenile delinquency; and

WHEREAS, CITY and DISTRICT pursuant to the above-mentioned provisions desire to enter into an agreement for the improvement of and for the use of portions of DISTRICT's property for public recreation purposes.

NOW, THEREFORE, in consideration of the mutual covenants and conditions contained in this agreement, the parties agree as follows:

1. IMPROVEMENT OF PREMISES. DISTRICT agrees to improve portions of the DISTRICT's Pala Middle School site by upgrading the athletic field, including renovation of irrigation and upgrade of a soccer field, including bleachers and other amenities ("Improvements"), as specified in Exhibit A. Improvements will be more particularly described in the plans and specifications provided by DISTRICT pursuant to paragraph 2 of this Agreement.

2. DESIGN OF IMPROVEMENTS. DISTRICT shall prepare complete plans and specifications for the Improvements to be made by DISTRICT under the provisions of this Agreement. Before commencement of construction, DISTRICT shall submit a copy of the final plans and specifications for CITY's review, which approval shall not be unreasonably withheld.

3. CONSTRUCTION OF IMPROVEMENTS.

a. DISTRICT agrees to purchase and install the Improvements on the Pala Middle School site pursuant to the approved plans and specifications and shall complete construction in a timely manner following notice of CITY's completion of review.

b. DISTRICT shall provide for the purchase and installation of Improvements in accordance with all applicable local, state and federal laws, regulations and rules including appropriate bid procedures, if required.

c. DISTRICT is required hereby to apply for and obtain all building and other necessary permits required by the laws of CITY and of the State of California relative to the purchase and installation of Improvements. DISTRICT shall be responsible for obtaining the appropriate environmental clearance required under CEQA.

d. DISTRICT shall install at the site of Improvements an appropriate plaque with the following wording: "Improvements provided for public recreational use as a joint project between the City of San Jose and the Alum Rock Union Elementary School District."

e. DISTRICT agrees that the purchase and installation of the Improvements on the Pala Middle School site shall be completed prior to the expiration of thirty six months following the date of execution of this Agreement.

4. COST OF IMPROVEMENTS.

a. As used herein, the term "Cost of Improvements" shall mean a sum equal to only those actual costs directly attributable to purchase and installation of Improvements including the actual cost incurred by DISTRICT for labor and materials required for the purchase and installation of Improvements.

b. Due to special circumstances related to this project, the City also agrees that Cost of Improvements under this Agreement may include the DISTRICT'S reasonable pre-construction costs of design, plans and specifications, permits, inspections, environmental clearance and administrative costs prior to completion of construction, as approved by City.

c. Cost of Improvements shall not include any of the costs operation or supervision of the use of the Improvements following purchase and installation, and shall not include any costs for administration, overhead, DISTRICT staffing or other indirect expenses incurred by DISTRICT after completion of construction.

d. In no event shall the amount payable by CITY hereunder exceed the sum of Five Hundred Thousand and No/100 Dollars ($500,000) .

5. PAYMENT BY CITY.

a. Within fifteen (15) days after execution of this Agreement, CITY shall initiate payment to DISTRICT in the total amount of Five Hundred Thousand and No/100 Dollars ($500,000).

b. DISTRICT agrees to return to CITY any funds not used in the purchase and installation of Improvements.

c. Within thirty (30) days after completion of Improvements, DISTRICT shall send CITY a written notification of completion together with certification that construction is in

accordance with the plans and specifications reviewed by CITY and a release of any and all liens, stop notices and the like levied or filed in conjunction with the purchase and installation of Improvements. DISTRICT shall also send CITY copies of all construction contracts and payment vouchers related to the purchase and installation of Improvements and an itemized statement of the cost of the equipment purchased and installed. Unless within thirty (30) days after receipt of DISTRICT's statement CITY sends DISTRICT its written notice that it disagrees with DISTRICT's statement or calculations contained therein, the total submitted to CITY by DISTRICT shall be deemed to be the Cost of Improvements.

d. Following receipt by CITY of the notification of completion and all documents required to be forwarded to CITY by DISTRICT in subparagraph c. above, CITY shall verify that Improvements have been completed to the satisfaction of CITY.

6. USE OF IMPROVEMENTS.

a. DISTRICT hereby grants to CITY the right to use the Improvements constructed or installed on the Pala Middle School site for public recreation purposes and programs. CITY's schedule of use of the Improvements shall be subject to the mutual agreement of the parties. Improvements shall be open to use by CITY and public at a reasonable time period each day, which shall not interfere with any school activities. Such right of use shall be non-exclusive, without charge to CITY, and shall continue for a minimum term of twenty (20) years from the date of execution of this Agreement.

b. In terms of priority of use of the Improvements, DISTRICT hereby agrees that CITY shall have first use of the Improvements for community recreation purposes after regularly scheduled DISTRICT use.

7. MAINTENANCE. DISTRICT agrees to provide, as its own cost and expense, any and all maintenance for Improvements. Maintenance to be provided by DISTRICT shall be consistent with the normal maintenance levels as applied to other comparable DISTRICT Improvements and shall insure safe and healthful use.

8. OWNERSHIP OF IMPROVEMENTS. The parties hereto agree that the Improvements shall become and remain the property of DISTRICT, provided that, in the event of termination of this Agreement as provided in paragraphs 10 and 11, DISTRICT shall pay City the amount required by paragraph 11b.

9. INDEMNIFICATION AND INSURANCE

a. CITY agrees to protect, defend, indemnify and hold harmless DISTRICT, its officers, agents and employees from all claims, liability, loss, damage and injury of any kind, nature or description occurring during the use of the Improvements by CITY and arising out of

or resulting from the acts or omissions of CITY, its officers, agents or employees in the use of the Improvements.

b. DISTRICT agrees to protect, defend indemnify and hold harmless CITY, its officers, agents and employees from all claims, liability, loss, damage and injury of any kind, nature or description arising out of the construction of the Improvements, or occurring during the use of the Improvements by DISTRICT, its officers, agents, employees, guests or invitees, and arising out of or resulting from the condition of the Improvements, the grounds, equipment or buildings located on the Pala Middle School site or arising out of or resulting from the acts or omissions of DISTRICT, its officers, agents or employees.

c. DISTRICT agrees to have and maintain the policies set forth in the attached Exhibit B, entitled "INSURANCE." All policies, endorsements, certificates and/or binders shall be subject to approval by the Risk Manager of the City of San Jose as to form and content. With respect to CITY's requirements for insurance coverage, these requirements are subject to amendment or waiver if so approved in writing by the Risk Manager. DISTRICT agrees to provide CITY with a copy of said policies, certificates and/or endorsements upon execution of this Agreement as a condition of City's payment of the Grant Award

10. CITY'S TERMINATION RIGHTS.

a. In the event that DISTRICT fails to complete the Improvements prior to the expiration of thirty six months following the date of execution of this Agreement, CITY, at CITY's sole option, shall have the right to terminate this Agreement. Within thirty (30) days of CITY's notice of termination, DISTRICT shall return to CITY the amount previously paid to DISTRICT by CITY.

b. This subparagraph shall apply upon and after completion of the Improvements and CITY's acceptance of the Improvements in accord with paragraph 5. If DISTRICT fails to perform any of its material obligations under this Agreement including, without limitation, maintenance of Improvements as provided in paragraph 7 and making Improvements available to CITY pursuant to a mutually agreeable schedule pursuant to paragraph 6, CITY may, in addition to all other remedies available to CITY, terminate this agreement upon twenty (20) days written notice. In the event of such termination, DISTRICT shall pay to CITY, not later than twenty (20) days after the date of the termination notice, the amount required by paragraph 11b.

11. TERMINATION.

a. CITY or DISTRICT may terminate this Agreement at any time by written notice of election to terminate delivered to the other party at least 180 days in advance of the effective termination date elected.

b. If this Agreement is terminated by DISTRICT and if the effective termination date is prior to twenty (20) years from the date of execution of this Agreement, DISTRICT shall pay to CITY, not later than the effective termination date, the pro rata value of the amount paid to DISTRICT by CITY for the Improvements which shall be determined as follows: an amount equal to one twentieth (1/20) of the Cost of the Improvements, less any amount refunded to City pursuant to paragraph 5b for each year (computed to the nearest one-twelfth (1/12) year) from the effective termination date to the twentieth anniversary of the execution of this Agreement.

c. CITY's Director of Parks, Recreation and Neighborhood Services is hereby authorized on behalf of CITY to determine and give notice of termination as provided under paragraphs 10 and 11 of this Agreement.

12. NOTICES. All notices required or permitted to be given under this agreement shall be in writing and personally delivered or sent by certified mail, postage prepaid and return receipt requested, addressed as follows:

INSURANCE

DISTRICT, at DISTRICT'S sole cost and expense, shall procure and maintain for the duration of this AGREEMENT insurance against claims for injuries to persons or damages to property which may arise from, or in connection with, the performance of the services hereunder by DISTRICT, its agents, representatives, employees or subcontractors.

A. **Minimum Scope of Insurance**
Coverage shall be at least as broad as:

1. The coverage described in Insurance Services Office Form Number GL 0002 (Ed. 01/96) covering Commercial General Liability together with Insurance Services Office Form Number GL 0404 covering Broad Form Comprehensive General Liability; or that described in Insurance Services Office Commercial General Liability coverage ("occurrence") Form Number CG 0001 (Ed. 01/96), including X.C.U. (Explosion, Collapse and Underground) coverages.

2. The coverage described in Insurance Services Office Form Number CA 0001 (Ed. 12/93) covering Automobile Liability, Code 1 "any auto", or Code 2 "owned autos" and Endorsement CA 0025. Coverage shall also include Code 8 "hired autos" and Code 9 "non-owned autos"; and

3. Workers' Compensation insurance as required by the California Labor Code and Employers Liability insurance; and

B. **Minimum Limits of Insurance**

DISTRICT shall maintain limits no less than:

1. Commercial General Liability: $1,000,000 per occurrence for bodily injury, personal injury and property damage. If Commercial Liability Insurance or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit.

2. Automobile Liability: $1,000,000 combined single limit per accident for bodily injury and property damage; and

3. Workers' Compensation and Employers' Liability: Workers' Compensation limits as required by the California Labor and Employers Liability limits of $1,000,000 per accident.

C. **Deductibles and Self-Insured Retentions**

Any deductibles or self-insured retentions must be declared to, and approved by CITY's Risk Manager. At the option of CITY, either; the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects CITY, its officer, employees, agents and contractors; or DISTRICT shall procure a bond guaranteeing payment of losses and related investigations, claim administration and defense expenses in an amount specified by the CITY's Risk Manager.

D. **Other Insurance Provisions**

The policies are to contain, or be endorsed to contain, the following provisions:

1. Commercial General Liability and Automobile Liability Coverages

a. The City of San Jose, its officers, employees, agents and contractors are to be covered as additional insureds as respects: Liability arising out of activities performed by or on behalf of, DISTRICT; products and completed operations of DISTRICT; premises owned, leased or used by DISTRICT; and automobiles owned, leased, hired or borrowed by DISTRICT. The coverage shall contain no special limitations on the scope of protection afforded to CITY, its officers, employees, agents and contractors.

b. DISTRICT's insurance coverage shall be primary insurance as respects CITY, its officers, employees, agents and contractors. Any insurance or self-insurance maintained by CITY, its officers, employees, agents or contractors shall be excess of DISTRICT's insurance and shall not contribute with it.

c. Any failure to comply with reporting provisions of the policies by DISTRICT shall not affect coverage provided CITY, its officers, employees, agents, or contractors.

d. Coverage shall state that DISTRICT's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

2. All Coverages

Each insurance policy required by this AGREEMENT shall be endorsed to state that coverage shall not be suspended, voided, canceled, or reduced in limits except after thirty (30) days' prior written notice has been given to CITY.

E. **Acceptability of Insurers**

Insurance is to be placed with insurers acceptable to CITY's Risk Manager.

F. **Verification of Coverage**

DISTRICT shall furnish CITY with certificates of insurance and with original endorsements affecting coverage required by this AGREEMENT. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf.

Proof of insurance shall be mailed to the following address or any subsequent address as may be directed in writing by the Risk Manager:

CITY OF SAN JOSE
Risk Manager
152 North Third Street, Suite 904
San Jose, California 95112-5509

G. **Subcontractors**

DISTRICT shall include all subcontractors as insured under its policies or shall obtain separate certificates and endorsements for each subcontractor.

ORIGINAL

AGREEMENT BETWEEN CITY OF SAN JOSE, THE REDEVELOPMENT AGENCY OF THE CITY OF SAN JOSE AND ALUM ROCK UNION ELEMENTARY SCHOOL DISTRICT FOR THE LEASE, DEVELOPMENT AND OPERATION OF A YOUTH CENTER AT THE PALA MIDDLE SCHOOL

THIS AGREEMENT, made and entered into this 27th day of February, 2001, by and between the CITY OF SAN JOSE, a municipal corporation of the State of California, ("City"), the REDEVELOPMENT AGENCY OF THE CITY OF SAN JOSE, a public agency ("Agency"), and ALUM ROCK UNION ELEMENTARY SCHOOL DISTRICT, a political subdivision of the State of California ("District").

RECITALS

A. Section 10900 *et. seq.* of the Education Code authorizes cities and school districts to organize, promote and conduct programs of community recreation; to establish systems of playgrounds and recreation; and to acquire, design, construct, improve, maintain and operate recreation centers, including but not limited to such facilities as playgrounds, outdoor playing fields or courts, swimming pools and gymnasiums.

B. Section 10910 of the Education Code provides that the governing body of any school district may use or grant the use of any of the buildings or grounds of the school district to any other public authority for the purpose of organizing, promoting and conducting community recreation whenever such use will not interfere with the use of such facilities for any other purpose of the public school system.

C. The Agency is presently engaged in redevelopment activities in the Alum Rock Avenue Redevelopment Project Area.

D. The City, Agency and District are vitally concerned with the social needs and general welfare of the students of the school, the residents of the adjacent neighborhood, including the Alum Rock Avenue Redevelopment Project Area and the citizens of the City of San Jose as a whole.

E. The City, Agency and District share the common objectives of increasing student academic performance; reducing neighborhood crime, delinquency and truancy; enhancing recreational opportunities for the students and neighbors of the Pala Middle School; and eliminating blight in the Alum Rock Avenue Redevelopment Project Area for the greater overall benefit of all citizens of the City of San Jose.

F. The City, Agency and District believe that they can best achieve such common objectives by the construction and operation of a youth center at the Pala Middle School site.

G. The purpose of this Agreement is to provide for the joint use and operation of a youth center ("Center"), located on the grounds of Pala Middle School as shown on the site map attached hereto as Exhibit A ("Site"). In addition to the Site, the District shall dedicate an adjoining area as a future parking area for the Center, hereinafter referred to as "Future Parking Area".

In view of the above, the parties agree as follows:

SECTION 1. WARRANTIES AND ACKNOWLEDGEMENTS.

A. The District warrants that the District owns the Site in fee simple, and that the Site is not burdened by any easements or restrictions which would prevent the use of the Site for the purpose of this Agreement. To the best of the District's knowledge at the time this Agreement is executed, the Site has no environmental conditions which will prevent the use of the Site for the stated purpose and objectives of this Agreement. The District will provide City and Agency with copies of a title report for the Site, and any hazardous materials assessments of the Site.

B. The Agency warrants that it has established a Project Budget in an amount not to exceed $7,200,000. The Agency will use the Project Budget to pay for the design and construction of the Center as set forth in Section 5.A.

C. The parties acknowledge that the District and City funding of the operation and maintenance obligations under this Agreement shall be on a fiscal year basis (July 1 to June 30), and are subject to annual appropriations by their respective governing bodies. The parties acknowledge that both the District and City are public entities and, as such, are precluded by the California State Constitution and other laws from entering into obligations which financially bind future governing bodies, and that, therefore, nothing in this Agreement shall constitute an obligation of future legislative bodies of either the District or the City to appropriate funds for the purposes of this Agreement, nor shall District's or City's failure to appropriate funds be considered a Breach hereunder.

SECTION 2. LEASE TERM.

A. Subject to provisions set forth elsewhere in this Agreement regarding termination, the District shall lease to the City, and the City shall lease from the District, the Site for the term of this Agreement. The term ("Term") of this Agreement shall commence as of full execution (the "Effective Date") of this

Agreement. For the purposes of this Agreement, the Effective Date of the Agreement is the date of the Agreement set forth on page 1. The Agreement shall remain in effect for a period of THIRTY (30) years from the Effective Date.

B. The lease term will automatically extend for two (2) additional twenty-year terms unless the City, in its sole discretion, upon ONE HUNDRED EIGHTY (180) days written notice to District prior to the then current expiration date of the Agreement, chooses not to allow the Agreement to automatically extend.

C. If in the 70th year the City agrees to pay for and renovate the building in a manner reasonably satisfactory to District, the District shall either extend this Agreement for an additional 50 years or enter into new ground lease with City on substantially the same terms and conditions. If City does not so elect, then this Agreement shall terminate at the end of the 70th year, unless otherwise agreed by the parties.

D. During the course of this Agreement, the title to the Site will remain with the District and the title to the Center, once completed, shall remain with the City, subject to the provisions of this Agreement. Upon expiration of the term of this Agreement or upon earlier termination of this Agreement pursuant to Section 16, title to the Center shall automatically transfer to the District.

E. Upon completion of the Center, District's use of the Center will be as a non-exclusive lessee of the Center, as is more particularly described herein.

F. District will provide off-Site parking for use of the Center ("Parking Facilities") at the time the Center is ready for use, as described in Section 9.

G. The City shall record a short form of this lease in the public records of Santa Clara County.

SECTION 3. COMMUNICATION.

A. The Director of Parks, Recreation and Neighborhood Services shall meet with District Superintendent, or their respective designees, on a quarterly basis each calendar year, to confer on programming, scheduling, maintenance and repair issues related to the Center.

B. The City shall seek input from the local community on the current and proposed uses of the Center.

C. The City, as owner of the building, shall make the final decision regarding the scheduling of rooms and programs in the building, and for maintenance and repair of the building, as further provided in Sections 6 and 7 of this Agreement.

SECTION 4. DESIGN AND CONSTRUCTION OF CENTER.

A. The District, City and Agency will jointly select a Project architect and shall jointly approve schematic drawings for the building. Agency shall be responsible for managing the design and construction of the Center. Without limiting the generality of the foregoing, Agency shall be responsible for hiring the design professionals for the preparation of working drawings and plans and specifications for the construction of the facility; compliance with all legal requirements, including without limitation the Americans with Disabilities Act; conducting and administering the bidding process for construction; awarding the construction contract; supervision and administration of construction; payment of amounts due to the architect, the contractor and other persons providing services; and administration and resolution of any claims or disputes in connection with the design and construction of the Center. Prior to the public bid of the construction contract, the District and Agency will agree on Site security provisions for the construction contract which will comply with the requirements of the Education Code.

B. The Agency shall secure District's approval if design modifications after joint approval of the schematic drawings will increase the footprint of the Center. City shall coordinate with District to obtain District's approval. District shall provide its written approval or disapproval of the footprint modification within ten (10) business days from City's request, or the modification will be deemed approved.

C. The parties acknowledge that pursuant to Education Code Section 17280 and California Code of Regulations, Title 24, section 4.315, the State Architect and State Fire Marshall is required to inspect and approve all Plans and Specifications for the Center. Agency is responsible for obtaining these approvals.

D. The Agency will use its best efforts to complete the Center by June 30, 2003. The parties understand that the Project design and construction schedule may be impacted by unforeseen events, and agree that until construction is 90% complete, the parties should not plan for occupancy or use of the facility by a date certain. The Agency will provide the City and District with written notice when the construction is 90% complete, and of the projected date of substantial completion.

E. The City will name the Center pursuant to the City's established policy and will include the District in City's community outreach under the policy.

SECTION 5. MAINTENANCE, REPAIRS AND UTILITIES AT CENTER.

A. Once the construction of the Center is completed as evidenced by City's occupation of the Center, Agency will have no obligations whatsoever for the operation or maintenance of the Center. The City shall be responsible for conducting or contracting for a third party to perform all Routine Maintenance and Capital Maintenance of the Center. The terms "Routine Maintenance" and "Capital Maintenance" are defined below.

1. Routine Maintenance shall mean the work necessary to keep the Center in a neat, clean and working condition. Routine Maintenance includes all tasks reasonably necessary to preserve the Center and avoid capital repair and replacement, including without limitation, compliance with all procedures set forth in operating manuals and warranty documentation for the care and preservation of any of the components or systems within the Center.

2. Capital Maintenance shall mean the renovation, repair or replacement of any part of the structure of the Center, any mechanical or operating system contained within the Center, including without limitation, heating, ventilation and cooling systems, plumbing systems and electrical systems.

B. The City, in consultation with District, shall develop standards for both Routine Maintenance and Capital Maintenance of the Center ("City's Maintenance Plan"). The standards shall include, at a minimum, the operation and maintenance standards required by the Agency during the Agency's two year warranty period which begins upon City's Acceptance of the Center.

C. The District shall be responsible for payment of thirty-three and one-third percent (33 1/3%) of the City's cost of the maintenance work identified in the City's Maintenance Plan by July 30 of the fiscal year, except for maintenance of the gymnasium floor, to which the District shall contribute forty percent (40%) of the City's costs. The City will provide the District a copy of the City's Maintenance Plan by July 1 of the fiscal year. Any amounts contributed by the District to the Maintenance Fund and left unexpended shall be carried over into the next fiscal year.

D. All utilities for the Center, including telephone, cable, water, gas, electricity, garbage and sewer service shall be metered separately from utilities serving other buildings at the Pala Middle School site. City shall be responsible for the monthly payment of the costs of all utilities serving the Center. City shall submit invoices to District and District shall reimburse City for thirty three and one third

percent (33 1/3%) of the cost of such utilities not later than thirty (30) days from the date of City's invoice.

E. In the event construction funds for the Future Parking Area are established and the Future Parking Area is constructed by any of the parties to this Agreement, maintenance costs of the Future Parking Area after construction of the parking lot, shall be divided equitably between the City and District based upon their respective usage.

SECTION 6. STAFFING OF CENTER.

A. The City shall select and retain a Center Director, responsible for overall management of the Center and all operational and programming issues for the Center. City shall be responsible for the compensation of the Center Director and all Center support staff.

B. The City may enter into one or more agreements with third parties to provide for the management, maintenance or operation of the building.

C. The City shall ensure that the Center Director, maintenance staff, and all staff based at the Center, pass the security and fingerprinting background checks required by Section 45125 of the Education Code.

SECTION 7. PROGRAMMING.

A. The City, through the Center Director, shall be responsible for arrangement, general supervision, and monitoring of the social, educational, leisure and recreation programs and services to be provided by or through City, at the Center. Subject to the provisions of Sections 8 and 9, the Center Director shall be responsible for determining the appropriate locations and scheduling of the various programs, services and activities offered by or through City.

B. The Center Director shall endeavor to secure a high degree of participation in the Center by the various public and private agencies providing educational, leisure, health and social services within the City of San Jose to meet the diverse needs of the community. Such participation would include programs to respond to the community needs, including programs relating to special education; special counseling; cultural and linguistic needs; special programs for "at risk" youth; and social services.

C. Pursuant to Health and Safety Code section 104350, Business and Profession Code section 25608, and Education Code sections 48900 and 48901, the consumption of alcoholic beverages and cigarette smoking shall not be permitted on Pala Middle School, including but not limited to the Site.

SECTION 8. USE OF CENTER.

The City shall endeavor to provide a comprehensive program of sports, recreational and cultural activities within the Center pursuant to the following principles, policies and guidelines:

A. Preference should be given to programs which will make the Center available to the maximum number of participants. Except for the District's exclusive use of the gymnasium described below, the City shall have exclusive use of the Center.

B. The District shall have exclusive use of the Center gymnasium during the school year every Monday, Wednesday, and Friday during the hours between 7:00 a.m. and 3:00 p.m., and every Tuesday and Thursday between the hours of 7:00 a.m. and 8:00 p.m, except as such schedule may be modified by mutual consent of the parties pursuant to Section 3 of this Agreement. District's use of the gymnasium shall be subject to any standard terms and conditions which the City establishes for its third party users of the Center. A copy of the City's rental policy for Berryessa Community Center and the Leininger Rental Application form, which set forth the terms and conditions of use of such facilities, are attached hereto for informational purposes (which terms and conditions may be modified to meet the specific characteristics of the Center and may be amended from time to time).

C. The City shall be entitled to charge and collect fees for any activity or program organized by the City and conducted at the Center or any other facility at Pala Middle School authorized for City's use in such amounts that will enable City to recover its program costs. All fees collected shall be the property of City. The City will not charge the District for the District's use of the Center.

SECTION 9. USE OF PALA MIDDLE SCHOOL PARKING FACILITIES.

A. The City shall be entitled, at no cost or expense to City except as provided in this Section, to the use of the approximately 60 parking spaces District's Pala Middle School and the District Office parking facilities and designated pedestrian pathways ("School Parking Facilities") for parking in connection with a Center function after scheduled school hours. District shall be responsible for any necessary signage to direct guests, staff and other Center users along the designated route to the Center.

B. The City shall be responsible for litter/trash pick up when no regularly scheduled District custodian is scheduled to provide such services in connection with a City event in the Center. The Parking Facilities may not be used at all during the construction period.

C. Each party shall be responsible for providing security in the parking lot to the extent that respective party is using the parking lot, or in absence of such information, to the extent that each respective party is using the Center.

SECTION 10. ENVIRONMENTAL CONDITIONS.

A. The District, at District's sole cost and expense, shall be responsible for the remediation of any Hazardous Materials condition existing in, on, under or about the Site prior to the date the Agency will advertise the construction contract for public bidding. The District's obligations extend to the remediation that a governmental authority with jurisdiction could legally require. As of the date of execution of this Agreement, District has provided City and Agency with a Phase I hazardous materials assessment of the Site. The District will provide a Phase II hazardous materials assessment of the Site within thirty days of the execution of this Agreement. The City and Agency have thirty days from their receipt of the Phase II report in which to approve or require District to conduct further environmental investigation or remedial action, if any. The term "Hazardous Materials" is defined in the attached Exhibit C.

B. The City, Agency and District agree that none of them will cause or permit any Hazardous Materials to be placed upon the Property, except as permitted by law. Each of the parties hereto shall indemnify and hold each of the other parties harmless from any loss, claim, or expense occurring by reason of its acts or omissions in violation of this Section.

SECTION 11. INDEMNIFICATION.

A. With respect to matters covered by this Agreement, City hereby assumes liability for and further agrees to defend, indemnify, and hold harmless District against any and all liability, claims, demands, costs, losses and expenses, including attorney's fees (collectively, "Claims") for damage to property or injury including death to persons arising or asserted to have arisen from the active or passive negligence or willful misconduct of City, its officers, agents, representatives, volunteers, employees or contractors, whether sole or contributory, except to the extent such Claims arise from the active or passive negligence or willful misconduct of District, its officers, agents, representatives, volunteers, employees or contractors.

B. With respect to matters covered by this Agreement, District hereby assumes liability for and further agrees to defend, indemnify, and hold harmless City and Agency against any and all liability, claims, demands, costs, losses and expenses, including attorney's fees (collectively, "Claims") for damage to property or injury including death to persons arising or asserted to have arisen from the active or passive negligence or willful misconduct of District, its officers, agents, representatives, volunteers, employees or contractors, whether sole or

contributory, except to the extent such Claims arise from the active or passive negligence or willful misconduct of City or Agency, their officers, agents, representatives, volunteers, employees or contractors.

C. With respect to the obligations of Agency covered by this Agreement, Agency hereby assumes liability for and further agrees to defend, indemnify, and hold harmless City and District against any and all liability, claims, demands, costs, losses and expenses, including attorney's fees (collectively, "Claims") for damage to property or injury including death to persons arising or asserted to have arisen from the active or passive negligence or willful misconduct of Agency, its officers, agents, representatives, volunteers, employees or contractors, whether sole or contributory, except to the extent such Claims arise from the active or passive negligence or willful misconduct of City or District, its officers, agents, representatives, volunteers, employees or contractors.

D. This Section shall survive expiration or sooner termination of this Agreement.

SECTION 12. LIABILITY INSURANCE.

A. Without limiting the provisions of paragraph 12, above, each party to this Lease shall maintain its own public liability insurance or funded self-insurance program in an amount not less than $1,000,000 per occurrence for Bodily Injury, Personal Injury and Property Damage and shall furnish to the other, on request, a certificate of such insurance or self-insurance fund. Each party shall provide to the other not less than thirty (30) days' notice of any cancellation or material change in coverage. In addition the City shall insure the building from fire and other risks at limits determined appropriate by the City's Risk Manager.

B. During the course of construction, Agency shall require that the contractor provide the insurance coverages set forth in Exhibit E.

SECTION 13. ASSIGNMENTS.

A. No party to this Agreement shall assign any of its rights or duties hereunder, in whole or in part, without the prior written consent of the other parties, which shall not be unreasonably withheld or delayed.

B. All covenants, promises, conditions, representations, and agreements expressed in this Agreement shall be binding on the party who makes them and on that party's representatives, successors, and permitted assigns.

SECTION 14. DAMAGE OR DESTRUCTION

A. In the event that the Center is damaged or destroyed by fire or other casualty, City may, at its sole option, elect to repair the damage to the Center, or to terminate this Agreement.

B. If City elects to repair the Center, it may repair the Center to such reasonable standards as determined by City. City and District shall share the expense of placing fences, enclosures or other structures as they may mutually agree is reasonable to prevent people from accessing the Site or Center until the repair to the building or demolition commences.

C. If City elects to terminate this Agreement, City shall demolish the Center and remove any rubble or debris from the Site, if requested by District within 30 days of City's delivery of notice of termination of this Agreement. If District does not request City to remove the rubble or debris, City shall vacate the Center no later than 45 days after delivery of City's notice of termination. Upon such termination and vacation or demolition, as appropriate, City and District shall have no further obligations under this Agreement. City may retain all insurance proceeds it receives.

SECTION 15. CONDEMNATION.

A. If, during the initial Term or any extension period, the whole of the Center shall be taken pursuant to any condemnation proceeding, this Ground Lease shall terminate as of the date that actual physical possession of the Property is taken, and after that date, both City and District shall be released from all obligations under this Agreement.

B. If, during the initial Term or any extension term, only a part of the Center is taken pursuant to any condemnation proceeding and the remaining portion is suitable for the purposes for which City was using the Center prior to the taking, then this Agreement shall at City's option, either terminate in its entirety, or, terminate only as to the part so taken as of the date that actual physical possession of such portion of the Center is taken, and after that date, both City and District shall be released from all obligations under this Agreement with respect to such portion of the Center taken. In the event of a partial taking, City shall be entitled to the entirety of any condemnation award attributable to the Center, other than that portion attributable to the underlying fee interest of District.

C. Nothing herein contained shall be deemed or construed to prevent City or District from interposing and prosecuting in any condemnation proceedings a claim for the value of any fixtures or improvements installed in or made to the Center by such party, or for its costs of moving or loss of business by reason of such condemnation.

SECTION 16. DISPUTE RESOLUTION/TERMINATION.

A. Pre-Completion of the Center. Prior to completion of the Center, the Agency's Executive Director or City Manager, may terminate this Agreement in the event of

the District's Breach of the Agreement. For the purposes of this subsection B, the following shall constitute a Breach:

1. The District takes an action which prevents the Site from being used in a manner consistent with the purposes of this Agreement;

2. The City discovers a title defect or other condition of the Site which prevents the Site from being used in a manner consistent with the purposes of this Agreement;

3. The Agency discovers Hazardous Material on Site which materially impacts the Project Budget or the Project Schedule;

4. The Agency discovers hazardous material on Site, and the District fails to take remedial action as required under Section 11 of this Agreement.

In the event of such Breach, the City or Agency shall give the District written notice and the notice shall be effective immediately. If the District commits a Breach under this subsection B any time prior to completion of construction, the District shall reimburse Agency for all costs expended to the date of the written notice of Breach.

B. Post-Completion of the Center. The parties shall first attempt to resolve any dispute arising under this Agreement after completion of Agency's construction of the Center, as evidenced by the City's occupation of the Center, through consultation and mediation, before other dispute resolution methods are employed.

1. A failure or delay by any party to perform any material term or provision of this Agreement constitutes a breach ("Breach") under this Agreement. The party who commits a Breach shall promptly commence to cure, correct or remedy with reasonable diligence, and during any period of curing shall not be in default of this Agreement.

2. In the event of a Breach by any party, the injured party shall give written notice of Breach ("Notice of Breach") to the party in Breach with a copy to the remaining party.

3. Within five (5) working days of receiving the Notice of Breach, the parties in dispute shall meet and attempt to resolve their dispute in good faith and consistent with the underlying purposes of the Agreement.

4. If the meeting between the parties does not resolve their dispute, the parties agree to negotiate in good faith to set the matter for mediation with a mutually agreed mediator, with said mediation to be held within thirty (30) days of the

Notice of Breach, unless both parties agree to extend the deadline. City and District shall pay half the costs of the mediation.

5. If the mediation does not resolve the dispute or the parties cannot reach agreement upon a mediator within the time period set forth above, the parties shall have the right to exercise any and all remedies available to it at law or under equity, including, without limitation, the right to terminate this Agreement upon written notice to the Breaching party. Without limiting any rights or remedies hereunder, City and District agree for purposes of determining damages hereunder, that the City's contribution of $7,200,000 shall be prima facie evidence of the original value of Center. City and District further agree that the City's $7,200,000 contribution shall be considered fully amortized after 50 years, on a straight line basis.

6. Upon expiration of the term of this Agreement or upon City's earlier termination of this Agreement, title to the Center shall automatically transfer to the District, provided that title to the Center shall remain with the City if this Agreement is extended, or renewed by the parties pursuant to Section 3C hereof.

C. Elective Termination.

1. Prior to the completion of construction of the Center, City or Agency may elect to terminate this Agreement for the City's or Agency's convenience. The City or Agency shall give District not less than thirty (30) days written notice of termination under this provision of the Agreement. The Agency shall vacate the Site and use reasonable diligence to restore the Site to its condition prior to construction and neither the City nor the Agency shall have any further obligations hereunder.

2. Following the completion of construction of the Center, City may elect to terminate this Agreement for the City's convenience, in which event City shall give District not less than thirty (30) days written notice of a termination under this provision of the Agreement. If City's termination is not due to District's default, City shall vacate the Center and Site, and neither District, Agency nor City shall have any further obligations to each other hereunder.

3. District, may terminate this Agreement, without cause, upon giving not less than 18 months written notice of termination. If District chooses to terminate the Agreement, City's Contribution shall be refunded according to the amortization schedule set forth in the attached Exhibit D. District's right under this subsection C shall become effective only upon completion of the Center and City's occupancy of the completed Center for a period of five (5) years.

SECTION 17. WAIVER.

In no event shall any action by any party hereto constitute or be construed to be a waiver by City, Agency or District of any breach of covenants or conditions of this Agreement or any default which may then exist on the part of City, Agency or District, and the taking of any such action while any such breach or default exists, shall in no way impair or prejudice any right or remedy available to City, Agency or District with respect to such breach or default. The waiver by one party of any breach by any other party of any of the provisions of this Agreement shall not constitute a continuing waiver or a waiver of any subsequent breach either of the same or of another provision of this Agreement.

SECTION 18. INDEPENDENT CONTRACTOR.

Under no circumstances shall this Agreement be construed as one of agency, partnership, joint venture or employment among District, Agency and City. Each party acknowledges and agrees that it neither has, nor will give the appearance or impression of having, any legal authority to bind or commit the other party in any way.

SECTION 19. AMENDMENTS.

Amendments to the terms and conditions of this Agreement shall be requested in writing by the party desiring such revision, and any such adjustment to this Agreement shall be determined and effective only upon the mutual agreement in writing of the parties hereto.

SECTION 20. SURRENDER OF PROPERTY.

On the last day of the Term, City shall surrender to District the Center in good order, condition and repair (except for reasonable wear and tear, damage or destruction as specified in Section 16 and takings by eminent domain) and free and clear of all liens and encumbrances (other than those, if any, permitted hereby or otherwise created or consented to by District), and if requested to do so, shall execute, acknowledge and deliver to District such instruments of further assurance as in the opinion of District are necessary or desirable to confirm or perfect District's right, title and interest in and to the Center.

SECTION 21. TIME OF ESSENCE.

Time is expressly declared to be of the essence of each and every provision of this Agreement.

SECTION 22. NOTICES.

Any and all notices or other communications required or permitted by this Agreement or by law to be served on or given to either party hereto by the other party shall be in

writing and shall be deemed duly served and given when personally delivered to the party to whom it is directed, or, in lieu of personal service, when deposited in the United States mail, first class, postage prepaid, addressed to:

Agency:	Redevelopment Agency of the City of San Jose 50 West San Fernando Street, Suite 1100 San Jose, CA 95113 Attn: Executive Director
City:	City of San Jose Department of Parks, Recreation and Neighborhood Services 4 North Second Street, Suite 600 San Jose, CA 95113 Attn: Deputy Director, Recreation

District:	Alum Rock Union Elementary School District 2930 Gay Avenue San Jose, CA 95127 Attn: John Christ, Asst. Superintendent

Any party to this Agreement may change its address for purposes of this Section by giving notice of the change to the other party in the manner provided in this Section.

SECTION 23. FORCE MAJEURE.

If any party shall be delayed or prevented from the performance of any act required by this Agreement by reason of acts of God, strikes, lockouts, labor troubles, inability to procure materials, without fault and beyond the reasonable control of the party obligated (financial inability excepted), performance of such act shall be excused for the period of the delay and the period for the performance of any such act shall be extended for a period equivalent to the period of such delay.

SECTION 24. ENTIRE AGREEMENT.

This Agreement including the exhibits listed below and attached to this Agreement, constitutes the entire agreement among the parties respecting the Center, the Agency's construction of the Center and City's use and occupancy of the Center and other portions of the Pala Middle School, and correctly sets forth the obligations of City,

Agency and District to each other as of the Effective Date. Any agreements or representations not expressly set forth in this Agreement shall be null and void.

Exhibit A	Location and Description of Center
Exhibit B	City's Sample Facility Use Agreement
Exhibit C	Definition of Hazardous Materials
Exhibit D	Amortization Schedule
Exhibit E	Insurance Requirements

SECTION 25. PARTIAL INVALIDITY.

If any provision of this Agreement is held by a court of competent jurisdiction to be either invalid, void or unenforceable, the remaining provisions of this Agreement shall remain in full force and effect and unimpaired by the holding.

SECTION 26. GOVERNING LAW.

This Agreement shall be governed by and in accordance with the laws of the State of California.

SECTION 27. NONDISCRIMINATION.

Agency, City and District shall not discriminate, in any way, against any person on the basis of race, sex, color, age, religion, creed, martial status, sexual orientation, disability, ethnicity, ancestry or national origin, in connection with or related to the performance of this Agreement.

SECTION 28. HEADINGS.

The headings of the Sections in this Agreement are merely for the convenience of the parties.

SECTION 29. COUNTERPARTS.

This Agreement may be signed in counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same Agreement.

INSURANCE

AGENCY shall require the construction contractor and design professionals to provide the minimum insurance coverage stated herein.

A. Minimum Scope of Insurance

Coverage shall be at least as broad as:

1. The coverage described in Insurance Services Office Form Number GL 0002 (Ed. 01/96) covering Commercial General Liability together with Insurance Services Office Form Number GL 0404 covering Broad Form Comprehensive General Liability; or that described in Insurance Services Office Commercial General Liability coverage ("occurrence") Form Number CG 0001 (Ed. 01/96), including X,C,U (Explosion, Collapse and Underground) coverages; and

2. The coverage described in Insurance Services Office Form Number CA 0001 (Ed. 12/93) covering Automobile Liability, Code 1 "any auto", or Code 2 "owned autos" and Endorsement CA 0025. Coverage shall also include Code 8 "hired autos" and Code 9 "nonowned autos"; and

3. Workers' Compensation insurance as required by the California Labor Code and Employers Liability insurance; and

4. Professional Liability Errors and Omissions insurance (design professional only).

5. Builders' Risk insurance form providing coverage for "all risks" of loss.

B. Minimum Limits of Insurance

Contractor shall maintain limits be no less than:

1. Commercial General Liability: $1,000,000 per occurrence for bodily injury, personal injury and property damage. If Commercial Liability Insurance or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit; and

2. Automobile Liability: $1,000,000 combined single limit per accident for bodily injury and property damage; and

3. Workers' Compensation and Employers' Liability: Workers' Compensation limits as required by the California Labor and Employers Liability limits of $100,000 per accident; and

4. Professional Liability Errors and Omissions insurance $1,000,000 per occurrence.

5. Builders' risk: Completed value of project.

C. Deductibles and Self-Insured Retentions

Any deductibles or self-insured retentions must be declared to, and approved by CITY's Risk Manager. At the option of AGENCY, either; the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects the AGENCY, its officer, employees, agents and contractors; or AGENCY shall require its construction contractor to procure a bond guaranteeing payment of losses and related investigations, claim administration and defense expenses in an amount specified by the AGENCY's Risk Manager.

D. Other Insurance Provisions

The policies are to contain, or be endorsed to contain, the following provisions:

1. Commercial General Liability and Automobile Liability Coverages

   a. The District, Agency and City, their officers, employees, agents and contractors are to be covered as additional insureds as respects: liability arising out of activities performed by or on behalf of Contractor ; products and completed operations of Contractor; premises owned, leased or used by Contractor; and automobiles owned, leased, hired or borrowed by Contractor. The coverage shall contain no special limitations on the scope of protection afforded to the District, Agency, CITY, their officers, employees, agents and contractors.

   b. The Contractor's insurance coverage shall be primary insurance as respects the District, Agency, CITY, their officers, employees, agents and contractors. Any insurance or self-insurance maintained by the District, Agency, CITY, their officers, employees, agents or contractors shall be excess of Contractor's insurance and shall not contribute with it.

   c. Any failure to comply with reporting provisions of the policies by Contractor shall not affect coverage provided to the District, Agency, CITY, their officers, employees, agents, or contractors.

d. Coverage shall state that Contractor's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

2. All Coverages

Each insurance policy required by this AGREEMENT shall be endorsed to state that coverage shall not be suspended, voided, canceled, or reduced in limits except after thirty (30) days' prior written notice has been given to the District, Agency, CITY.

E. Acceptability of Insurers

Insurance is to be placed with insurers acceptable to CITY's Risk Manager.

F. Verification of Coverage

The Contractor shall furnish the Agency and DISTRICT with certificates of insurance and with original endorsements affecting coverage required by this AGREEMENT. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf.

Proof of insurance shall be mailed to the following address or any subsequent address as may be directed in writing by the Risk Manager:

YOUTH CENTER AGREEMENT

EXHIBIT F

INSURANCE

Tenant shall require each construction contractor, subcontractor and design professional (collectively, "Contractor") to provide at least the minimum insurance coverage described below.

A. Minimum Scope of Insurance

Contractor's Coverage shall be at least as broad as:

1. The coverage described in the latest available form of Insurance Services Office Commercial General Liability coverage ("Occurrence") Form Number CG 0001, including X, C, U (Explosion, Collapse and Underground) coverages; and

2. The coverage described in the latest available Insurance Services Office Form Number CA 0001 (Ed. 12/93) covering Automobile Liability, Code 1 "any auto," or Code 2 "owned autos" and Endorsement CA 0025. Coverage shall also include Code 8 "hired autos" and Code 9 "non-owned autos;" and

3. Workers' Compensation insurance as required by the California Labor Code and Employers Liability insurance; and

4. Professional Liability Errors and Omissions Insurance (design professional only) for all projects involving structural alterations and, if not involving structural alterations, for improvements whose cost of construction shall exceed $50,000.

5. Builders' Risk insurance form providing coverage for "all risks" of loss (construction contractor only).

6. Pollution liability insurance for any improvements involving the demolition of existing structures or which involve the excavation or removal of soil from the Premises.

B. Minimum Limits of Insurance

Contractors shall maintain coverage limits no less than:

1. Commercial General Liability: $2,000,000 per occurrence for bodily injury, personal injury and property damage. If Commercial Liability Insurance or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit; and,

2. Automobile Liability: $1,000,000 combined single limit per accident for bodily injury and property damage; and,

3. Workers' Compensation and Employers' Liability: Workers' Compensation limits as required by California Law and Employers Liability limits of $1,000,000 per accident; and,

4. Professional Liability Errors and Omissions insurance $1,000,000 per occurrence; and,

5. Builders' Risk: Completed value of project; and

6. Pollution Liability: $1,000,000 with NODS (Non-Owned Disposal Sites) coverage.

C. Deductibles and Self-Insured Retentions

Any deductibles or self-insured retentions over $25,000 must be declared to, and approved by Landlord's Risk Manager or the District Superintendent's designee. If not approved by Landlord then, at the option of Tenant, either: the insurer shall reduce or eliminate such deductibles; or Tenant shall require its construction contractors to procure a bond guaranteeing payment of losses and related investigations, claim administration and defense expenses in an amount not less than the proposed project's estimated completion price plus fifteen percent (15%).

D. Other Insurance Provisions. The policies are to contain, or be endorsed to contain, the following provisions:

1. Commercial General Liability and Automobile Liability Coverages

a. Landlord, and its officers, Trustees, employees, agents and contractors are to be covered as additional insureds as respects: liability arising out of activities performed by or on behalf of Contractor on or about the Premises and the products and completed operations of Contractor; premises owned, leased or used by Contractor; and automobiles owned, leased, hired or borrowed by Contractor. The coverage shall contain no special limitations on the scope of protection afforded to the Landlord, Tenant, their officers, Trustees, employees, agents and contractors.

b. The Contractor's insurance coverage shall be primary insurance as respects the Landlord, Tenant, their officers, Trustees, employees, agents and contractors. Any insurance or self-insurance maintained by Landlord or its officers, Trustees, employees, agents or contractors shall be excess of Contractor's insurance and shall not contribute with it.

c. Any failure of Contractor to comply with any reporting provisions contained in the policies of Contractor shall not affect coverage provided to the Landlord or its officers, Trustees, employees, agents, or contractors.

d. Coverage shall state that Contractor's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

e. Contractor's commercial general liability, automobile and Worker's Compensation policies shall be endorsed to provide a Waiver of Subrogation provision in favor of the Landlord.

2. All Coverages. Each insurance policy required by this Lease shall be endorsed to state that coverage shall not be suspended, voided, canceled, or reduced in limits except after thirty (30) days' prior written notice has been given to the Landlord and Tenant.

E. Acceptability of Insurers

Insurance is to be placed with insurers acceptable to Landlord's Risk Manager or other designee of District's Superintendent with any and all such insurers to be licensed to do business in the State of California and with a rating reasonably acceptable to District.

F. Verification of Coverage

The Contractor shall furnish the Landlord and Tenant with certificates of insurance and with original endorsements affecting coverage required by this Lease. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf.

Proof of insurance shall be mailed to the following addresses or any subsequent addresses as may be directed in writing by Landlord's Risk Manager or other designee:

LEASEHOLD MORTGAGEE PROVISIONS

Rights/Duties/Provisions relating to Leasehold Mortgages and Leasehold Mortgagees

A. Right to Encumber. Tenant shall have the right to pledge its leasehold estate under the Lease as security for indebtedness, whether by deed of trust, mortgage, collateral assignment, or other document (hereafter a "**Leasehold Mortgage**") provided that: (a) only one Leasehold Mortgage is recorded against the leasehold estate at any one time; (b) the purpose of the loan secured by the Leasehold Mortgage is solely for the construction of Tenant Improvements upon the Premises; (c) the Leasehold Mortgage and all rights acquired under it shall be expressly subject to each and all of the covenants, conditions, and restrictions stated in this Lease and to all rights and interests of Landlord; (d) the mortgagee or beneficiary under the Leasehold Mortgage ("**Leasehold Mortgagee**") shall be an institutional lender; (e) Tenant shall give Landlord prior notice of any such Leasehold Mortgage including without limitation the name and address of the Leasehold Mortgagee and true and correct copies of the note, Leasehold Mortgage, and other related agreements; (f) the Leasehold Mortgage shall not affect or become a lien on the Landlord's fee estate in the Premises; (g) the Leasehold Mortgagee shall expressly agree in writing to give Landlord prompt written notice of any default by Tenant under the note, Leasehold Mortgage, or other related agreements; (h) the Leasehold Mortgagee shall expressly acknowledge in writing the reasonableness of any conditions to assignment and/or subletting set forth in this Lease including without limitation this **Exhibit G**; (i) the Leasehold Mortgage shall provide that the term of the loan secured by the Leasehold Mortgagee shall not exceed, and that all amounts secured thereby shall be paid by no later than, the end of the Lease Term exclusive of any Extension Terms; (j) the Leasehold Mortgage shall provide that Landlord has the right to cure any default under or with respect to the note, Leasehold Mortgage, or other related agreements with cure rights and timeframes at least as favorable to Landlord as the cure rights and timeframes set forth in Subdivision B(c) hereinbelow are for Leasehold Mortgagees; and (k) immediately after recordation of the Leasehold Mortgage, Tenant shall, at its own cost and expense, cause to be recorded in the official record of the county in which the Premises are located a request that Landlord receive written notice of any default and/or notice of sale under the Leasehold Mortgage.

B. Leasehold Mortgagee Protections. The following provisions apply as to any Leasehold Mortgage until such time that all obligations of Tenant under the Leasehold Mortgage have been completed and the Leasehold Mortgage is reconveyed or otherwise terminated in accordance with its terms.

(a) **Lease Modification**. Except as to any right or remedy accorded to Landlord under the Lease including the right to terminate the Lease upon Tenant's default, Landlord and Tenant shall not, without the prior written consent of the Leasehold Mortgagee, cancel or surrender the Lease or enter into any modification of any term of the Lease that would materially affect the Leasehold Mortgage or the Leasehold Mortgagee's rights under the Leasehold Mortgage.

(b) **Request for Notice of Default**. Landlord shall serve a copy of any notice of Tenant default under this Lease upon the Leasehold Mortgagee, and no such notice shall be binding upon or affect the Leasehold Mortgagee unless a copy is given pursuant to this subdivision.

(c) **Leasehold Mortgagee's Right to Cure**.

(i) **General Right to Cure**. Subject to Subdivisions B(c)(ii)-(vi) and except that nothing herein shall be construed to allow the Leasehold Mortgagee to enter the Premises prior to taking possession of the Premises from Tenant, the Leasehold Mortgagee shall have the right at any time during the Lease Term exclusive of Extension Terms to do any act or thing required of Tenant under the Lease, whenever failure to do such act or thing would constitute a default under the Lease, and all such acts or things done and performed by the Leasehold Mortgagee shall be as effective to prevent a forfeiture of Tenant's rights hereunder as if done by Tenant.

(ii) **Monetary Defaults**. With respect to a default by Tenant in the payment of Rent or other sums due Landlord under the Lease ("**Monetary Default**"), any election of Landlord to terminate this Lease or Tenant's right to possession shall be of no force or effect if such Monetary Default is cured by or on behalf of the Leasehold Mortgagee within five (5) business days after the later of the giving of such notice of default to the Leasehold Mortgagee or the expiration of the applicable cure or grace period provided to Tenant.

(iii) **Non-Monetary Default**. With respect to any default by Tenant other than a Monetary Default ("**Non-Monetary Default**"), any election of Landlord to terminate this Lease or Tenant's right to possession shall be of no force or effect if such default is cured by or on behalf of the Leasehold Mortgagee within thirty (30) calendar days after the later of (a) the giving of such notice of default to the Leasehold Mortgagee or (b) the expiration of the applicable cure or grace period provided to Tenant hereunder.

(iv) **Possession Default**. Notwithstanding the foregoing, if the Leasehold Mortgagee cannot cure a Non-Monetary Default unless it obtains possession of the Premises or acquires Tenant's interest under this Lease (any such default requiring such possession or acquisition to cure hereafter referred to as a "**Possession Default**"), then Landlord shall not terminate this Lease or Tenant's right to possession for any such Possession Default so long as (1) Lender cures all other defaults within the period of time provided in Sections B(c)(ii) and (iii) above; (2) all Monthly Rent and other sums due Landlord under this Lease are paid and kept current by the Leasehold Mortgagee; (3) all other terms of this Lease are performed when and as required under this Lease; and (4) the Leasehold Mortgagee takes prompt and diligent steps to institute, prosecute, and complete foreclosure proceedings or otherwise acquire Tenant's interest under this Lease, and, upon obtaining possession or acquiring Tenant's interest under this Lease, immediately cures all then-existing **Possession Defaults**. Notwithstanding the foregoing, Landlord may terminate this Lease and/or Tenant's right to possession for any Possession Default that has not been cured within one hundred twenty (120) calendar days following written notice of such default to the Leasehold Mortgagee by or on behalf of Landlord.

(v) **Personal Defaults**. Notwithstanding the foregoing, any election of Landlord to terminate this Lease or Tenant's right to possession shall be of no force or effect solely on account of a default that can be cured only by Tenant and is not susceptible to cure by the Leasehold Mortgagee (such as the filing of a bankruptcy proceeding by Tenant) ("**Personal Default**").

(vi) **No Modification of Option Provisions**. Notwithstanding anything to the contrary herein, the provisions of this **Exhibit G** shall not be construed to provide any additional time for the exercise of any Option to extend the Lease Term, to permit the Leasehold Mortgagee to cure any default of Tenant for the purposes of exercising or maintaining such Option, or to modify any provisions relating to such Option.

(d) **Foreclosure by the Leasehold Mortgagee.**

(i) **Right to Foreclose**. The Leasehold Mortgagee shall have the right to realize on the security afforded by the Leasehold Mortgage by exercising foreclosure proceedings or power of sale, or accepting an assignment or deed in lieu thereof, or other remedy afforded in law or in equity, all to the extent allowed by the Leasehold Mortgage (collectively referred to as "**Foreclosure Sale**") and to transfer, convey, or assign the title of Tenant to the Leasehold estate created hereby to any purchaser at any such Foreclosure Sale (such purchaser including, if applicable, the Leasehold Mortgagee, hereinafter referred to as the "**Foreclosure Purchaser**"), and to acquire and succeed to the interest of Tenant hereunder by virtue of any such Foreclosure Sale; provided that the Leasehold Mortgagee has given all notices and opportunities to cure to Landlord and Tenant required hereunder and/or by applicable Law. Notwithstanding the foregoing, however, the Leasehold Mortgagee (1) shall not be entitled to conduct any auction, foreclosure, or other sale at or upon the Premises; (2) shall not remove any fixtures, furnishings, equipment, or other property on or at the Premises whether or not affixed thereto; and (3) shall conduct a unified sale of the leasehold interest, all other real property collateral, and all personal property collateral to a single purchaser.

(ii) **Attornment and Non-Disturbance**. Upon any acquisition by the Foreclosure Purchaser of the leasehold interest in the Premises, the Foreclosure Purchaser shall be bound to the Landlord, and the Landlord shall be bound to the Foreclosure Purchaser under the terms, covenants, and conditions of the Lease, including without limitation the provisions of Article 4 of this Lease regarding the use of the Premises, with the same force and effect as if the Foreclosure Purchaser were the original Tenant under the Lease, except that the Foreclosure Purchaser shall not be bound to cure Personal Defaults of Tenant and except that, if the Foreclosure Purchaser is the Leasehold Mortgagee, its liability shall cease upon a Foreclosure Purchaser Assignment as defined in the next subdivision.

(iii) **Foreclosure Purchaser Assignment**. If the Foreclosure Purchaser is the Leasehold Mortgagee, it may assign the leasehold interest (exclusive of any Extension Terms but including all other real and/or personal property transferred to such purchaser) if it obtains the prior written consent of Landlord which consent shall not be unreasonably withheld or delayed. For purposes of this provision, Landlord, Tenant, and the Leasehold Mortgagee agree and acknowledge that any withholding of consent by Landlord based on any of the following is and shall be reasonable: (1) the proposed assignee is not an entity legally entitled to

conduct the Permitted Use set forth in Article 4 of this Lease or is not reasonably likely to continue to be such an entity for the remaining Lease Term, exclusive of any Extension Terms; or (2) the proposed assignee fails to provide evidence reasonably satisfactory to Landlord that it will be financially capable of meeting the obligations of Tenant for the full Lease Term, exclusive of any Extension Terms, including without limitation the obligations relating to the payment of Rent or other amounts under the Lease.

(e) **New Lease to Mortgagee**. In the event of termination of the Lease as a result of a rejection of the Lease in bankruptcy, Landlord shall, at the Leasehold Mortgagee's written request, enter into a new lease ("**New Lease**") with the Leasehold Mortgagee covering the Premises if the Leasehold Mortgagee: (i) gives the notice of request within thirty (30) days after the termination, (ii) accompanies the notice with a written instrument unconditionally guaranteeing that, upon execution of the New Lease, it will cure all Monetary Defaults of Tenant under the Lease and pay to Landlord all costs including attorneys' fees incurred by Landlord in connection with or resulting from any Tenant default, the termination, and the New Lease, (iii) remedies all existing defaults under the Lease immediately upon execution of the Lease for Monetary Defaults and within thirty (30) days after execution for Non-Monetary Defaults; and (iv) accepts the Premises in their then "as-is" condition without warranty of any kind from Landlord. The New Lease (1) shall be executed no later than thirty (30) days after delivery of the notice of request; (2) shall be for the remainder of the Lease Term exclusive of Extension Terms; (3) shall be effective as of the date of termination with possession to occur upon execution; and (4) except that any options shall not be part of the New Lease, shall be at the Rent and on the covenants, agreements, conditions, provisions, restrictions, and limitations contained in the terminated Lease. So long as Lender cures all defaults other than Personal Defaults, then no Personal Default shall be deemed to be a default or breach under the New Lease.

(f) **Limits on Leasehold Mortgagee's Liability**. No Leasehold Mortgagee shall be liable to perform Tenant's obligations under this Lease until such Leasehold Mortgagee takes possession of the Premises or any part thereof or acquires Tenant's rights by foreclosure, assignment in lieu of foreclosure, or otherwise, subject, however, to the Leasehold Mortgagee's right hereunder to cure any defaults of Tenant under the Lease.

(g) **Estoppel Certificates.** No more frequently than annually, Leasehold Mortgagee shall have the right to obtain estoppel certificates from Landlord stating whether the Lease is in full force and effect, whether the rent and other charges have been duly and fully paid in accordance with the terms of the Lease, and whether Tenant is in default under any of the terms, covenants, or conditions contained in the Lease, or whether any event has occurred which would, with the passage of time or giving of notice or both, constitute a default under any of the terms, covenants or conditions contained in the Lease.

(h) **No Merger**. If this Lease and the fee estate in the Premises are ever commonly held, then they shall remain separate and distinct estates and shall not merge without consent by all Leasehold Mortgagees.

Appendix 34: Multi-Year Budget Projection with Cash Flow and Local Control Funding Formula Calculator

Budget Narrative

The attached budget and cash flow projection are based on historical spending patterns and current fiscal realities to implement Escuela Popular Community Training Center (EPCTC) program as described in the charter petition. Assumptions that are being used to create the analysis are based on financial data from its currently operating school in East San Jose.

I. Revenues

A. Enrollment and ADA

	2026-27	2027-28	2028-29
9th	464	464	489
10th	31	31	31
11th	4	4	4
12th	26	26	26
Enrollment	**525**	**525**	**550**
ADA	**441**	**441**	**462**
Percentage	84%	84%	84%

B. Government Funding

The Local Control Funding Formula (LCFF) was signed by the Governor on June 27, 2013. This budget is using the Fiscal Crisis and Management Assistance Team (FCMAT) calculator version 26.2 dated August 1, 2025. COLA is calculated by the Department of Finance as referenced in the FCMAT file. The LCFF rates used are as follows:

	2026-27	2027-28	2028-29
COLA	3.02%	3.42%	3.31%
LCFF Rate	$18,110	$18,730	$19,352

This budget reflects an Unduplicated Pupil Percentage (UPP) of approximately 99% for students qualifying for Free and Reduced Lunch (FRL) and English Learners (ELL) at EPCTC, consistent with historical patterns. The school's UPP has remained consistently high over the past several years, resulting in a slightly increasing three-year average.
This budget assumes EPCTC is eligible for the concentration grant portion of LCFF capped at the East Side Union High School District (ESUHD) average of 82.70%.

EPA and In lieu portions of LCFF are based on historical patterns. The school also qualifies for the Equity Multiplier, which is conservatively estimated at approximately $1.29 million annually beginning in FY26.

CTC receives limited federal funding. The comprehensive Support and Improvement (CSI) grant sunsets after FY27 resulting in a conservative estimate of $50K in FY27 and $0 thereafter, with negative adjustments shown in later years to reflect the transfers of SPED funding to EPAFLC in alignment with EDCOE SELPA policy.

The school has budgeted for state lottery revenue (see Rates tab). The expected rate is $272/ADA per the CDE's estimate. The Mandate Block Grant is also included at $59.97/PY ADA beginning in FY27 increasing

moderately each year. Prop 28 Arts & Music is included as well and is based on prior year enrollment and FRL.

The school is in their third year of a five-year CA Community Schools Partnership grant which expires in FY28 ($250K in FY27 and $187K in FY28). The school also has a three-year Literacy Coaches grant of $150K per year. The student Support & PD Block Grant of $176K is also available in FY27 with spending set to expire in FY29

Local revenues and Fundraising are included based on historical receipts.

II. EXPENSES

Expenses have been conservatively estimated by the petitioners based on historical activity. Below is a summary of the major expense categories and their underlying assumptions.

A. Staffing and Benefits

The staffing plan can be accessed on the payroll tab in the Excel workbook. The plan is based on current staffing levels, which in FY26 reflect temporary staffing adjustments related to credentialing and compliance needs. Beginning in FY27, which aligns with the petition years, compensation levels decrease and stabilize, reflecting staffing adjustments made to align with credentialing requirements and forecasted ADA and enrollment. Staffing levels are assumed to remain largely stable throughout the petition term, as enrollment is not projected to remain relatively consistent

Salaries are projected to grow by 2% annually. STRS contributions are included for certificated staff. Classified staff participate in a qualified retirement plan; therefore, only Medicare under FICA is included for those positions. The school's contribution to health and welfare benefits is projected to grow at 2.5% per year in the first 3years and then 4% in subsequent years.

B. Books and Supplies

EPCTC plans to spend approximately $320K–$350K annually on curriculum, instructional materials, supplies, and equipment during the petition term. These projections are based on the detailed Books and Supplies budget in the multi-year financial projection, which reflects ongoing instructional needs and modest annual increases consistent with historical spending patterns. Larger curriculum and equipment investments were previously supported with one-time funding, reducing the need for elevated recurring expenditures in the petition years.

The school also projects annual spending of approximately $45K–$50K on student food services, reflecting the combined costs of student food services and related food expenditures. These amounts are aligned with historical trends and current program operations and remain stable throughout the petition term.

C. Services and Operating

Travel and conferences are budgeted at $23k per year, increasing overtime at a 2% COLA adjustment rate. The liability insurance premium is $187K per year, consistent with historical patterns.

Occupancy (rent, utilities, and janitorial) is budgeted at ~$1.47MM per year based on historical trends and its bond repayment schedule.

Oversight Fee at 1% of LCFF has been included.

The school also budgeted for field trips, student activities, fingerprinting, legal, marketing and student recruiting, interest, professional development, payroll, HR and audit fees, consultants, technology, health services, and student assessment systems. All of these assumptions are in line with existing operating expenditures with a 2% increase each year.

EPCTC expects to spend roughly ~$100K on its communication expenses, including telephone, cell phones, internet, and postage. See budget detail for additional information on budget line items.

D. Cash Flow

Cash flow is projected to be positive throughout the term of the renewal. The school has a strong accumulated cash balance.

E. Contingencies and Reserves

The school plans to exceed the CDE recommended budget reserve of 3% of total annual expenses.

LCFF Calculator Caveats

v.26.2 **8/1/2025**

Every effort was made to make the calculator as accurate as possible. However, because the calculator is based on estimates and assumptions, actual Local Control Funding Formula (LCFF) funding may differ from the amounts generated by the calculator. In some cases, LEA-specific and unique complexities that exist for a small percentage of local educational agencies (LEAs) may result in errors. Every unique situation is not modeled in the calculator, and **the calculator may not be useful for all LEAs**.

The following bullets highlight these assumptions, and some of the unique situations and known issues that could be identified.

General	The calculator is based on the LCFF statute as currently written, unless otherwise noted in these caveats. In some cases there may be differences in rounding +/- $1.
	The calculator includes cost of living adjustments (COLA) and if applicable proration factors as estimated by the Department of Finance (DOF).
	The calculator prepopulates with certified data provided by the California Department of Education (CDE) for the calculation of principal apportionment. Users should independently verify prefilled data, and should make adjustments as needed if revisions have been filed.
	The Education Protection Account (EPA) proportionate share percentage is based on estimates released by the CDE that may not yet be finalized. Therefore, the percentage may change from what is shown in the calculator through final calculation in February of the following fiscal year.
	EPA revenue in the 2021-22 fiscal year increased to an unprecedented level of funding which necessitated changes to the calculation. Pursuant to Section 112 of AB 181 (Chapter 52, Statutes of 2022), the 2012-13 Revenue Limit rates for school districts and charter schools were adjusted to reflect statutory COLA increases from 2013-14 through 2021-22. These rates will continue to receive COLA adjustments moving forward.
NEW 2024-25	On the Data Entry tab, there are three new columns that include an additional three years of historical data for local educational agencies. These columns do not create calculations for these years, but may impact the three prior year calculations (PY3, PY2). Districts can use these to enter in audit adjustments or other necessary adjustments from reorganizations or mergers to their attendance, enrollment, unduplicated pupil counts, or charter shift increases or decreases.
Charter School Calculations	
	The calculator is not designed to directly calculate budget estimates for all-charter school districts because of the unique options selected at the time the district converted. It is recommended all-charter school districts contact the CDE to determine the best method for estimating LCFF revenues.
	Charter schools that are funded under different funding methodologies due to their pupil population are not included as a single scenario within the calculator. These schools are mainly those authorized by a county board of education.
	The calculator is designed for a district to calculate the in lieu taxes and, as such, charter schools should contact their sponsoring authority for in lieu tax amounts to ensure accuracy.
	The calculator **does not** take into account the following: -District reorganizations that include a charter school(s) newly authorized by one or more districts affected by the reorganization. -Charter schools that operated in the prior year but have been reauthorized by a different agency in the current year and have not been certified within the PASE system.
NEW 2025-26	-The LCFF fire recovery protections for charter schools included in Education Code 46392(g). For specified charter schools that were damaged, destroyed, or directly impacted as a result of a state of emergency that was declared by the Governor in January 2025.

FCMAT

FISCAL CRISIS & MANAGEMENT ASSISTANCE TEAM

If any of these situations apply, we recommend working with the CDE and FCMAT to determine if the calculator can be adapted.

School District Calculations

2019-20 certified ADA was adjusted after the R3 certification cycle for school districts that were the sponsoring LEA of a charter school that discontinued operation by the end of 2019-20. This ADA adjustment was only made to accommodate an accurate calculation of the three prior-year average (PY1 2021-22. PY2 2020-21, PY3 2019-20) commencing with the 2022-23 fiscal year.

For districts with **necessary small schools** (NSS), the calculator models different combinations of NSS and regular ADA to determine the overall maximum funding available. Districts with necessary small schools should refer to the Instructions tab. Districts are encouraged to independently select their funding options and evaluate the results to determine which funding method they will elect to follow.

The calculator does not take into account the following funding adjustments for **basic aid school districts**:

Basic Aid Choice
Basic Aid Court-Ordered Voluntary Pupil Transfer
Basic Aid Open Enrollment
Basic Aid Supplement Charter School Adjustment

NEW 2025-26

The calculator does not include the LCFF fire recovery protections for LEAs included in the 2025-26 Education Trailer Bill. A basic aid school district in Los Angeles County that loses local property tax revenue due to the Eaton and Palisades fires in January 2025 will be reimbursed from the state General Fund for losses in the 2024-25 and 2025-26 fiscal years. The reimbursement will follow a schedule submitted by the county and distributed by the state controller no later than September 30, 2025.

NEW 2025-26

The calculator accounts for the impact of district reorganizations that have been certified by the CDE via the PASE system to support more accurate projections. **Historical year projections may not align with CDE exhibits for those years**. To reconcile historical year calculations to CDE's LCFF Calculation exhibits, manual adjustments must be made to the ADA section for those years in the data entry tab. If needed, FCMAT recommends working with its team to align the historical year calculations with CDE's LCFF Calculation exhibit.

LCFF Calculator Navigation

v.26.2 8/1/2025

Structure:

1 The LCFF Calculator structure has been built to maintain a standard eight-year structure that includes two historical years, one current year and five projection years.

2 The Data Entry tab was designed to cluster data entry sections by projection type (charter school or school district). Charter school data entry sections are intentionally placed at the top of the page due to the limited amount of data required to complete a projection.

3 The workbook contains conditional formatting to guide users through data entry. Once a projection type is identified and all basic questions are answered, only the highlighted sections require data entry; all remaining sections not applicable to the projection will remain grayed out. **No data should be entered in sections that are not highlighted**.

Projection Type Not Identified	Charter School Projection	School District Projection
	Data Entry Sections	Data Entry Sections

4 A separate calculation must be prepared for each LEA, either district or charter school.

5 Version Names will reflect the last two digits of the current projection year, followed by ".1" or ".2". If additional updates are needed, letter suffixes such as ".1a" or ".2b" will be used.
- version.1 includes prepopulated PY1-PY3 data from the CDE's P-1 Certification.
- version.2 includes prepopulated PY1-PY3 data from the CDE'sP-2 Certification.

For example, for the 2025-26 projection year, version **v26.1** includes P-1 certification data and version **26.2** includes P-2 certification data.

Data entry cells: prepopulated with the most current certified data; all data entry cells are unlocked for user edit. Prepopulated data cannot be restored after user override.

Tab Navigation Key:

Information tabs: provide important projection information and should be reviewed with each update.

Data Entry tab: single data entry tab for ALL LCFF calculations. Sections to be completed are identified through highlighting upon entry of CDS code and responses to required questions.

Primary calculation results tabs: provide calculations and results summaries only. **No data is entered on these tabs**.

Secondary support calculation tabs: provide details of supporting calculations for components that do not apply to all LEA calculations**. No data is entered on these tabs.**

User editable tabs: preformatted graphs and blank worksheet tabs.

Instructions:

1 **Review Caveats**: Important details that may affect LEA calculations are noted in this tab. **This tab should be reviewed with each update**.

2 **Data Entry tab:** Data for all calculation types is entered into the Data Entry tab.
- Start a calculation by entering the five-digit code for a school district calculation or seven-digit school code for a charter school calculation. Once the LEA code is entered, the LEA type (district or charter) will be identified and the applicable data entry sections will be highlighted for completion.
- New charter schools that do not yet have a CDS code should select "Yes" from the drop-down list following the question below the CDS code box.

Section (1) Universal Assumptions: Prepopulated assumptions are based on the most current data released by the Department of Finance and the California Department of Education. COLA and EPA assumptions should be reviewed and updated to match percentage updates published after the version release.

- **EPA Miscellaneous Adjustments (P-2 Certification only) - cell L23:** For LEAs that need to update the version.1 (spring release) of the LCFF calculator with P-2 certification data before FCMAT publishes its version.2 (summer release), the row titled "EPA Miscellaneous Adjustments (P-2 Certification only)" has been added in the PY1 column, cell L23. LEAs should enter data in this field **only in late June, after the California Department of Education publishes the P-2 certification data and before FCMAT releases the version.2 LCFF calculator.** This field is only open in the version.1 of the calculator. An EPA miscellaneous adjustment is calculated once at P-2 and reported on the CDE's P-2 Education Protection Account exhibit, line D-2. This EPA miscellaneous adjustment offsets LCFF State Aid (object 8011).

Section (2) Charter School Data Elements Required to Calculate the LCFF: Enter charter school data elements in this section of the Data Entry tab ONLY; do not enter data in sections that are grayed out.

v.26.2 8/1/2025

Section (3) School District Data Elements Required to Calculate the LCFF: Enter school district data elements in this section of the Data Entry tab ONLY; do not enter data in sections that are grayed out.

- **In Lieu of Taxes:** School districts that are the sponsoring LEA for a charter school or are otherwise required to transfer property taxes to a charter school should answer "YES" to the applicable question in this section, then complete section (5) School District In-Lieu of Property Tax Calculation for Charter Schools.
- **Necessary Small Schools:** School districts that have necessary small schools should answer "YES" to the applicable question in this section, then complete section (4) Necessary Small Schools ADA.
- **TK Add-on Funding:** ADA for TK students must be entered in this section for the add-on to calculate. TK ADA should also be included in the ADA section to properly calculate the Base, Supplemental and Concentration grants.
- **Charter Shift ADA:** Prior year ADA used in the determination of school district funding calculations is based on the greater of current year, prior year and, beginning with 2022-23 fiscal year, three-prior year average. The prior year ADA must be adjusted by the net ADA of students who "shifted" between district schools and district sponsored charter schools. Sponsoring school districts should enter the total prior year ADA by grade span of those students who attended district sponsored charter schools in the prior year and returned to attend district schools in the current year in the first section. Total prior year ADA by grade span for students who attended district schools in the prior year, then left to attend a district sponsored charter school should be entered in the second section.

Section (4) Necessary Small Schools ADA: School districts that have necessary small schools must complete section (4) on the Data Entry tab. Prior year data must be entered for each year including historical years, even when the school is funded under LCFF. If "**Enter SCHL LCFF ADA**" or "**Enter SCHL FTE**" is in any of the cells in the NSS ADA/FTE section, school districts should enter in the ADA/FTE for the school, and select funding method, so the calculator can accurately project funding.

- **NSS Supporting Calculations**: details related to NSS funding determination are located in the NSS Calculation tabs.

Section (5) In-Lieu of Property Tax Calculation for Charter Schools: School districts required to transfer in-lieu taxes to charter schools should select "Yes" from the drop-down list in section (3), then complete either section (a) or (b).

- **Section (a): To be completed only by districts that use an alternative rate for in-lieu tax transfers or calculates the in-lieu transfers outside of this tool. Carefully review and follow the instructions located in the In-lieu tax section.**
- **Section (b): To be completed by districts that follow the traditional allocation of funding for in-lieu tax transfers. The tool has been designed to support basic aid district calculations, which require charter school ADA to be entered by grade span. Non basic aid districts can enter the total charter school ADA for each school in any single grade span, it is not necessary to enter ADA by grade span or separately for each charter school. Consolidating all charter school ADA into a single section will calculate a similar result.**
- **In-Lieu of Property Taxes Results: The supporting calculations and in-lieu of property tax transfer amounts for each charter school are located in the District In-Lieu Taxes tab.**

3 **Review LCFF Calculation and EPA Results:** Detailed calculations and results can be viewed on the Calculator, EPA and Summary tabs. No data entry is required on these tabs.

4 **Supporting Calculations**: details related to NSS funding determination and in-lieu tax transfer amounts for each charter school are located in the NSS Calculation and District In-Lieu Taxes tabs.

(5) IN-LIEU OF PROPERTY TAX CALCULATION FOR CHARTER SCHOOLS

Complete <u>either</u> section (a) or (b)

(a) ALTERNATIVE CALCULATION TOOL

Use this section to override the calculated in-lieu of property tax results.

	1. Clear the prepopulated number '1' from the box located to the right	1
	2. Local calculation of <u>total</u> in-lieu property taxes	

(b) IN-LIEU TAX CALCULATION BY CHARTER SCHOOL (Note: Charters MUST be numbered to bring results into the District In-Lieu Taxes tab)

Enter the name and ADA for each charter school. Basic Aid districts are required to transfer in-lieu taxes based on grade span funding rates. To reduce data entry, non-basic aid districts can enter the total ADA for each year into a single grade span.

IN-LIEU PROPERTY TAX TRANSFER

For an authorizing district, in-lieu of property tax is calculated on the lesser of property taxes per ADA or the LCFF funding per ADA
1. Property Taxes per ADA
2a. Adjusted base revenue per ADA x charter school ADA

For a district with students in county-operated charter, or a basic aid district with students in countywide charter schools, or a district certified as basic aid at prior year annual with students in an SBE-approved charter school, in-lieu of property tax is calculated on the lesser of property taxes per ADA, or adjusted base funding per ADA.
1. Property taxes per ADA x District of Residence ADA
2a. Adjusted base revenue per ADA x District of Residence ADA

To enter your own calculation of In-Lieu use the Alternative Calculation tool on the Data Entry tab

NECESSARY SMALL SCHOOLS (NSS)

The calculator is constructed to include all ADA for purposes of calculating the Base, Grade Span adjustment, Supplemental and Concentration grants. The ADA funded under NSS is returned to the calculator as a negative number to allow display of total LCFF- funded ADA. Similarly, the base grant and grade span adjustment grants generated by NSS ADA are returned as negative numbers. The NSS Allowance replaces the base and grade span and is returned as a positive amount. Supplemental and Concentration grants are not affected by this calculation.

NSS Add-on per ADA		-	-

The elementary NSS allowance is based on a combination of ADA and the number of full-time teachers (EC 42282). For High Schools, NSS will use the allowance based on only the ADA or the allowance based only on the number of certificated employees, whichever provides the lesser amount (EC 42284). The allowance amounts shown in the tables reflect COLA & Augmentation.

The elementary NSS allowance is based on a combination of ADA and the number of full-time teachers (EC 42282). For High Schools, NSS will use the allowance based on only the ADA or the allowance based only on the number of certificated employees, whichever provides the lesser amount (EC 42284). The allowance amounts shown in the tables reflect COLA & Augmentation.

NSS Add-on per ADA	-	-	

The elementary NSS allowance is based on a combination of ADA and the number of full-time teachers (EC 42282). For High Schools, NSS will use the allowance based on only the ADA or the allowance based only on the number of certificated employees, whichever provides the lesser amount (EC 42284). The allowance amounts shown in the tables reflect COLA & Augmentation.

The ADA funded under NSS is returned to the calculator as a negative number to allow display of total LCFF- funded ADA. Similarly, the base grant and grade span adjustment grants generated by NSS ADA are returned as negative numbers. The NSS Allowance replaces the base and grade span and is returned as a positive amount. Supplemental and Concentration grants are not affected by this calculation.*

San Jose, CA 95116

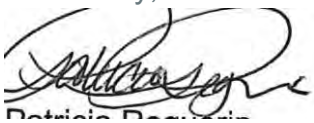
Dear President J. Manuel Herrera:

Enclosed you will find Escuela Popular/Center for Training and Careers Family Learning Center's (hereinafter "Escuela Popular" or "EPCTC") application for charter renewal. Escuela Popular is eligible for renewal because EPCTC fell under the Alternative Schools Accountability Model (ASAM) designated to "provide a framework for accountability for alternative schools serving very high-risk populations" (source: www.cde.ca.gov).

In addition, Escuela Popular meets the charter renewal criteria established by East Side Union High School District. Escuela Popular prepared this application for renewal based on the district's criteria.

Please contact me at (408) 426-6593 if you have any questions regarding this application. Thank you in advance for your serious consideration of our application. We look forward to continue working with the district to transform lives through education.

Sincerely,



PatriciaReguerin
Executive Director

Charter School Renewal Performance Report

Achievements

I. Effective School Model

Escuela Popular Center for Training and Careers instructional model has been effective at providing a safe learning environment where students can thrive at their own pace. EPCTC recognizes that no individual can be academically successful unless personal critical issues and needs such as poverty, immigration status, housing, and language isolation are addressed; therefore, the school presents a challenging and relevant education through a framework shaped by understanding the day-to-day life circumstances of the students and providing additional support services.

EPCTC typically serves recent immigrants or long-time East San Jose Residents, who are working adults, who may also have parenting responsibilities, are head of households, and have interrupted cycles of education. Most students are English Learners, whose primary language is Spanish.

Some highlights of EPCTC's results:

- EPCTC showed strong consistency in growth of credit completion over the past five years, reaching an average of 72.7% credit completion rate. This is especially important given the high mobility and educationally-disadvantaged student population served.
- Average daily attendance percentage has remained consistent over the last five years at an average of 81.4%.
- Over the course of the years, EPCTC students have maintained constant gains toward reaching their growth targets in both Mathematics and Reading. Growth is evaluated using the N.W.E.A. M.A.P. tests; 53% of students have reached their growth targets in Mathematics and 51% have reached their growth targets in Reading.

II. Consistent Student Growth

Overall, students have consistently demonstrated improvement in academic achievement. Evaluated with the N.W.E.A. M.A.P. pre and post reading tests, which measure Lexile (reading comprehension) level, students grow an average of at minimum one grade level in Reading. Student achievement is also reflected in graduation rates. On average, 74% of seniors satisfy all graduation requirements and earn a high school diploma. This achievement is significant given that many of the students are head of households, are parenting, and/or have full-time employment.

EPCTC serves primarily working adults who are English Learners and require intensive ELD support. Students successfully advance in their ELD courses through developmentally designed

and relevant curriculum to accelerate language acquisition. In Math, the Algebra Readiness Math Module program has prepared students for success in Algebra and Integrated Mathematics.

The transition from E.L.D. courses to the first core English course has been difficult for numerous students. Therefore, ELD and English core teachers are collaborating and communicating, working toward the alignment of goals, objectives, and integration of effective instructional practices, such as emphasizing Foundational Skills, a school-wide Academic Vocabulary Program that introduces key academic vocabulary to increase literacy, and scaffolding rich text.

III. Meaningful and Relevant Instructional Practices

For 90% of students, EPCTC is the first school they attend in the United States. Upon arrival, students take an initial assessment in ELA and Math. If they place in the beginning levels of ELD, they are automatically classified as 9th graders. Most students come with an educational background equivalent to the 3rd grade level in ELA and Math. EPCTC is designed in a quarter system, that allows students to be assessed every nine weeks and promoted to the next level when they demonstrate mastery of key concepts. Students can move through the program at their pace, with content delivered in sequence. Once students have acquired an emerging level in English, they are enrolled in core high school level courses.

Strengths in teaching and learning:

- Core subject teachers collaborate with ELD teachers to ensure students transitioning from ELD to core courses are prepared and supported once enrolled in core classes.
- Intensive focus on literacy and foundational skills to increase student achievement by using Lexile levels and selected reading strategies.
- Explicit focus on increasing numeracy skills through the Algebra Readiness Math Module program that fills in the gaps, preparing students for success in core math courses.
- Integration of technology software and hardware to support instruction.
- Use of formative and summative assessment data to guide instruction.

IV. Ongoing Formative Assessments

EPCTC teachers utilize multiple and varied benchmark assessments aligned to the curriculum to monitor student progress. Through the coordination of the Assessment Department, students participate in all required local and state assessments. All student achievement data is to all instructional staff and administrators, via online student information systems, supporting in guiding instruction and providing professional development.

V. Innovative Leadership Development Model

EPCTC has developed and implemented a job-embedded leadership professional development institute that provides school leaders the tools to be reflective, collaborative, congruent, and able

to effectively manage multiple projects. The leadership team has grown in number and capacity. EPCTC has invested in developing leaders from within the organization to continue to meet the unique and changing needs of our students and staff. All internal and external strategic plans, such as LCAP and WASC Self Study, are organized and written by the school's leadership team, along with the input and participation of all stakeholders.

VI. Areas of Growth

The 2017/2018 WASC Self Study identified three critical learning needs:

- Students leave school prior to completing graduation requirements.
- Between 50% - 60% of students do not meet their NWEA Annual Growth Target in Reading and Mathematics.
- 90% of students are immigrant students whose primary language is Spanish and Escuela Popular is their first U.S. school.

As a staff, EPCTC has committed to working toward the following three goals:

- Increase engagement and retention of students by providing students with a system to understand and track their academic progress toward mastery of learning goals, measured by formative and summative performance-based assessments.
- Increase student achievement towards meeting 21st Century Skills and College and Career Readiness through aligned and clearly articulated instructional objectives in content and skills that are sequential from simple to complex and relevant to student needs.
- Increase student retention, community college enrollment and post-graduate success by providing resources to support academic, well-being and socio-economic needs.

Evaluation of Charter School Program and Progress

Eligibility for Charter Renewal

ASAM Status:

Beginning in 2006-2007, EPCTC fell under the Alternative Schools Accountability Model (ASAM) designated to "provide a framework for accountability for alternative schools serving very high risk populations" (source: www.cde.ca.gov). EPCTC has selected the following indicators for accountability purposes:

- Credit Completion: EPCTC uses PowerSchool to track credit completion progress.
- Academic Progress in Mathematics and English Language Arts: EPCTC uses "value added testing" in the form of the N.W.E.A. MAP computer adaptive tests to report student academic progress.

Escuela Popular will be using these academic indicators to show significant improvement in achievement.

Below is a summary of EPCTC student demographics, academic achievement results along with supplemental information related to California and Federally mandated measures of progress:

EPCTC educational approach has been centered around it's target adult student population needs, status, and issues they face. Critical issues students face include:

- poverty
- language isolation from the dominant culture
- immigration issues and resulting insecurities
- culture shock resulting in a feeling of disempowerment and dependency
- life threatening travel to the US resulting in trauma
- family separation
- frequently interrupted educational cycle

Student Demographics:

Escuela Popular/Center for Training and Careers Learning Center continues to serve a student population that migrated from Latin America, whose first U.S. school is Escuela Popular, who are English Learners, and socioeconomically disadvantaged, see charts below.

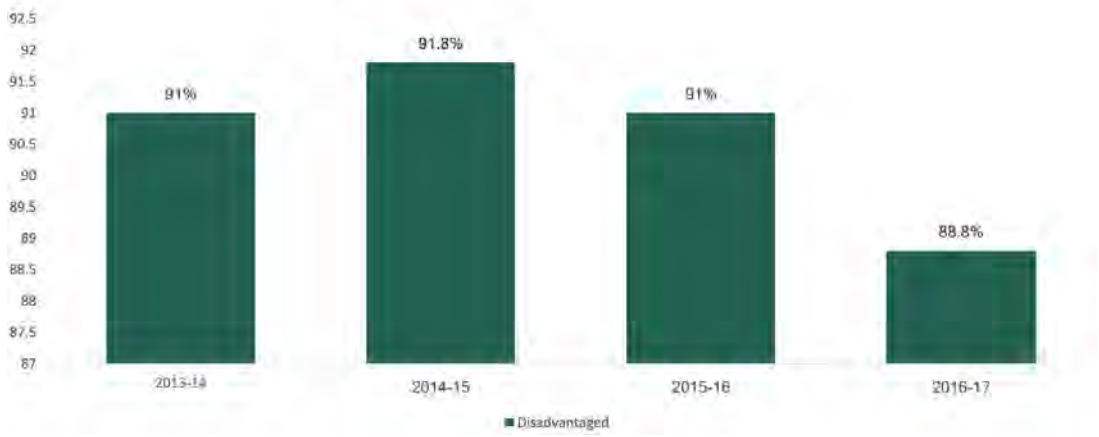
Since its inception EPCTC has served a large portion of students who are identified as socioeconomically disadvantaged, the chart below shows an average of 90.7% students identified as socioeconomically disadvantaged over the last 4 years.

CTC Students Identified as Socioeconomically Disadvantaged:



Achievement Data:

The Academic Indicators selected by the school to demonstrate academic progress are the following:

- Credit Completion Rates
- Reading Comprehension Growth (Lexile Scores)
- Math Achievement (NWEA MAP Math RiT scores)
- Graduation Rate (12th grade completion)

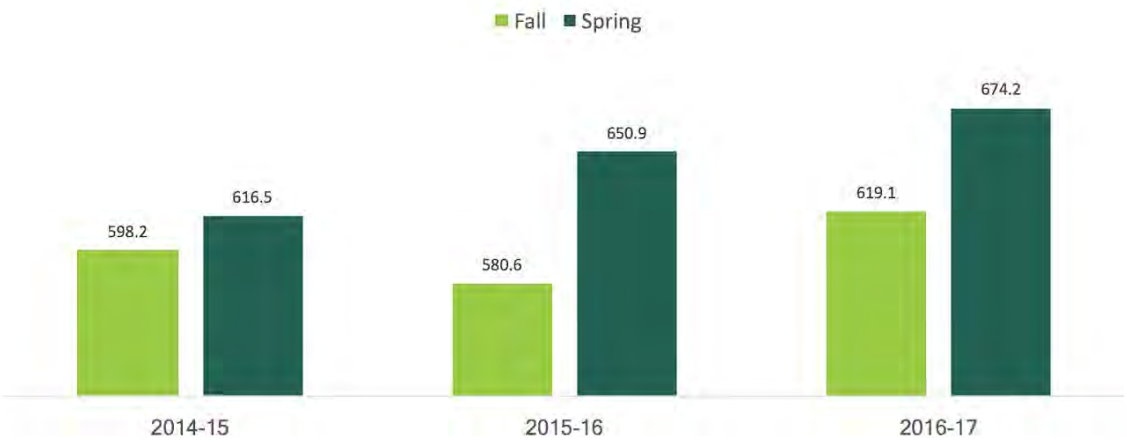
EPCTC showed strong consistency in credit completion over the past 5 years with an average of 72.7% this is especially important given the high mobility and educationally disadvantaged student population served.

CTC Percentage of Credits Earned:

As indicators of success in improving Mathematics and Reading comprehension levels, EPCTC implements a locally administered, norm referenced, and value-added test of Measures of Academic Progress (MAP) from the Northwest Evaluation Association (N.W.E.A.). This assessment indicates an annual pre- and post-test to measure individual student academic improvement and grade level achievement . Data from the assessments become part of the data-based inquiry process used by the faculty at EPCTC to ensure continuous improvement, making changes to both curricular and instructional practices.

Through the use of N.W.E.A. pre and post reading tests, EPCTC students demonstrate on average an increase of at least one reading grade level annually. This growth is significant given that many of our students are head of their households and/or have full-time jobs. As referenced in the chart below, over the past two years, there has been an increase of 50+ Lexile points, which is indicative of programmatic achievement, and is exceeds the national "normal and expected" annual reading growth of 31 points.

CTC Average Fall and Spring Lexile Scores for Students Pre and Post-Test:



~~EPCTC students have exhibited consistent improvement in achievement in Reading and Mathematics proficiencies over the course of the last five years. Based on the N.W.E.A. Measures of Academic Progress (MAP) exams from 2012-2017, students in all grade levels showed gains in reading and mathematics proficiency. Overall, the mean scale score for students has shown consistent growth from year to year.~~

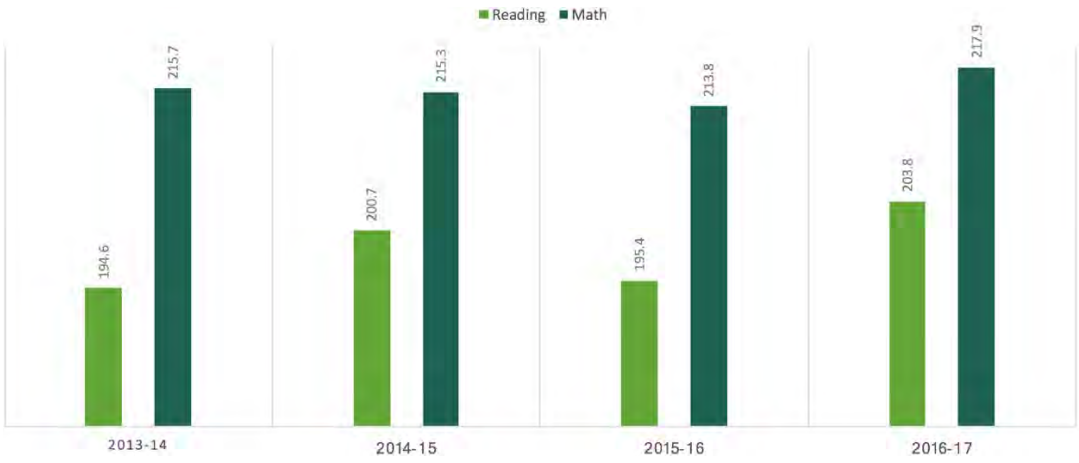
Affirmations and Declaration

~~2013, the Reading mean scale score was 194.6 and 203.8 in 2017 – revealing an increase of 9.2 RiT points. Growth is also evident in Mathematics, in 2013 the score was 215.7 and 217.9 in 2017 – demonstrating a 2.2 increase. The increases in RiT averages, proves that school-wide changes in instruction and curriculum have had a positive impact in student achievement over the course of the last 4 years.~~

~~CTC NWEA RiT Scores in English Language Arts & Mathematics:~~



On average, 74% of seniors who begin the school year as seniors complete the all graduation requirements and earn their high school diploma. It is important to highlight this significant achievement because despite the daily demands expected of working and parenting adults, the commitment to successfully meet the challenging graduation requirements is impressive. EPCTC graduation requirements and time commitments are more challenging than neighboring adult education programs. Recent and continued growth in Senior graduation rates are attributed to the work of academic counselors' focus on the following:

- developing academic plans,
- quarterly classroom presentations,
- individual meetings between counselor and student to review progress towards graduation,
- post graduate goal setting,

The overall alignment of curriculum has improved learning and retention rates.

Introduction

In 2003, Escuela Popular and the Center for Training and Careers came together to create a charter school that combines a challenging, standards-based academic program with relevant job, career, and college-readiness skills for students over 18 years old. ~~Escuela Popular/Center for Training and Careers Family Learning Charter School (~~EPCTC~~)~~ is an extension of Escuela Popular Accelerated Family Learning Center ("EPAFLC") (TK12),~~Popular's TK-12th grade academy,~~ and serves the current and future ~~over 18~~ students 18 years old or older who no longer qualify to attend EPAFLC~~Escuela Popular's TK-12 academy.~~ The students in EPCTC~~this charter school~~ work toward a high school diploma while learning job skills that prepare them to be effective members of today's workforce.

Both partners in the EPCTC Charter School, Escuela Popular and Center for Training and Careers, Inc.,~~this charter school~~ have long histories of service to the East San Jose community. Escuela Popular has been providing educational services to the East San José, California community since 1986. Escuela Popular developed as a grassroots effort to serve the growing need for English classes. As demand grew, the curriculum of Escuela Popular expanded to include parent education, citizenship classes, history/civics, and afterschool~~after-school~~/youth programs, in addition to English classes. In May 2002, Escuela Popular was granted a charter by the East Side Union School District to operate a family learning center for K-12 and adult learners seeking a high school diploma. Initially, Escuela Popular operated a K-12 academy for over 400 students in three age-appropriate academies in two facilities, each with separate leadership. The student population is of Latino heritage and most of the students are eligible for the free and~~&~~ reduced price meal~~cost lunch~~ program or fall under the federal poverty guidelines. The majority of Escuela Popular's students are recent immigrants who are monolingual Spanish speakers~~Spanishspeakers~~, in addition to long-time East San Jose residents.

The Center for Training and Careers, Inc. (now known as ConXion to Community~~Commuity~~ and referred to herein~~herin~~ as "CTC") is a community-based, non-profit, public benefit corporation, which has successfully provided educational and vocational training along with employment services to youth and adults since 1977. CTC was established to develop and enhance employment opportunities for the educationally and economically disadvantaged of the San Jose community. CTC has been a partner with Escuela Popular for over 20~~15~~ years. (See Appendix 3 for Partnership Agreement.)

The overall vision of EPCTC is to empower our community through education. EPCTC~~The over 18 academy~~ provides educational and career opportunities for adult~~our~~ students. Working cooperatively with EPAFLC~~Escuela Popular's TK-12th grade academy~~, we aim to maintain a family learning environment across the two schools by serving both parents and children. We are committed to providing meaningful learning experiences in a small school setting to ensure we are positively impacting the lives of every student. EPCTC is a community school that is open for extended hours to accommodate the academic and non-academic needs of our adult~~over 18~~ students, many of whom may already be working and parenting. Our Charter school prepares students to attend college or enter the workforce directly into a skilled job.

EPCTC draws upon the proven strengths of the two founding organizations, Escuela

-Popular and the Center for Training and Careers, and operates in the community that these two organizations have collectively served for nearly 50~~over 40~~ years.

From the outset, EPCTC's students' status in society and the resulting issues that they face have been central to the Charter school's educational approach. Critical issues students face include:

- poverty;
- Meal and food security;
- Housing;
- Access to health care;
- Students with Interrupted Formal Education ("SIFE") or Students with Limited or Interrupted Formal Education ("SLIFE");
  - language isolation from the dominant culture;
  - immigration issues and resulting insecurities;
  - culture shock resulting in a feeling of disempowerment and dependency;
  - life threatening travel to the United States~~US~~ resulting in trauma;
  - family separation; and,
- Different academic, language, and social emotional challenges from those of U.S. born students.
  - ~~frequently interrupted educational cycle~~

EPCTC realizes that no individual can be successful academically unless these issues are addressed. ~~While the school presents a rigorous education, it does so in a framework shaped by an understanding of students' day-to-day life circumstances.~~ Experience teaches us~~,~~ that in spite of these~~those~~ circumstances, students can and do succeed in pursuit of their goals. EPCTC is a community school that goes beyond traditional academic instruction to provide a wide range of services and support to students and their families. EPCTC fulfills a vital need in the community, proudly serving diverse families who are historically underserved, with the support and collaboration of East Side Union High School District~~their wildest expectations~~.

~~The overall vision of EPCTC is to empower~~ EPCTC is committed to preparing all students, but particularly first generation Latino (term as a broad descriptor for individuals of Latin American origin or descent used to refer to both males and mixed-gender groups) students and English Learners, for success in life.

Escuela Popular serves a community who is majority Latino, low-income, homeless or unhoused, and English Learners.

The California School Dashboard ("Dashboard") in 2024 reported that in 2023-24, EPCTC served **515 students** with diverse needs and backgrounds: **82.3%** were socioeconomically disadvantaged ("SED") students; **14.8%** were Homeless Youth ("HY"); **0.2%** were students with disabilities ("SWD"); and, **0%** were Foster Youth ("FY"). Notably, **100%** of our students were Latino. The Dashboard reports that the percentage of students who were English Learners ("ELs") was 17.3%; however, the correct percentage of ELs is **99.2%** from CALPADS Fall 1, 8.1 Snapshot Report as the student demographics on the Dashboard starting in 2020-21 were no longer updated to include

Adult English Learners (“ADELs”) as English Learners.

Challenges of the 2018-2026 Charter Term

It is important to consider that the percentage of EPCTC's numerically significant subgroups is much higher than the State's student population. 100% of EPCTC students are Latino, versus 56.1% of the State's public school population; similarly, 82.3% of EPCTC's students are socioeconomically disadvantaged, versus 62.7% of the State's public school population as determined by eligibility for free or reduced price meals; 99.2% of EPCTC's students are English Learners, versus 18.4% of the State's English Learners. Perhaps most impactful is that 81% of EPCTC students are Homeless or Unhoused, versus only 3.6% of the State's public school population. The reason this is an unfair comparison is because the majority of EPCTC's students are homeless, learning English, living in poverty, and Latino; whereas these qualities occur far less frequently in the State's student population.

Between 2018–19 and 2024–25 as noted in Table i.1 below, EPCTC maintained a consistently high percentage of SED students, ranging from approximately 80% to over 96% in the most recent year. This trend demonstrates the Charter School's commitment to serving economically vulnerable populations. The percentage of ELs including ADELs has remained exceptionally high with an average of over 99%. The EL population remains a central focus of EPCTC's instructional and language development efforts.

Throughout these years, the student population has remained overwhelmingly Latino, consistently between 98 and 100%, showing strong cultural cohesion within the Charter School community. The proportion of students identified as homeless fluctuated widely, from approximately 6.5% in 2020–21 to more than 81% in 2024–25, suggesting changes in community housing stability and reporting practices. As an adult school, it is not surprising that there would be a small percentage of SWD who chose to continue their education. Moreover, since foster youth age out on their 18th birthday, it is not surprising that 0% of the students are Foster in an adult program. Collectively, these data trends highlight EPCTC's enduring role as a community Charter School that primarily serves Latino, SED students, and ELs, adapting to changes in reporting standards while continuing to address the needs of vulnerable and mobile student groups.

This seven-year demographic trend underscores EPCTC's critical mission in serving English Learners, low-income families, and students facing housing insecurity. The consistency of need, paired with a culturally and linguistically focused model, positions the Charter School as a vital anchor for underserved families in the region.

*Only included students under 22 years old instead of total student population.

EPCTC serves a highly transient population. The majority of students enrolled at EPCTC are recent immigrants or newcomers to the country and who are monolingual Spanish speakers. The student population is highly mobile given the nature of the population served.

Due to the high transiency rate, the stability rate[1] of the students is lower than that of the District, and the State. The CDE developed a stability rate measure to identify the number and percent of students who receive a "full year" of learning in the same school. Though this is not an accountability measure, the stability rate report is intended to support educators and other educational partners to better understand the needs of students and to support academic and social emotional needs of students and families.

The stability rate data show that EPCTC serves a highly mobile and transient student population, with rates consistently between 11% and 22% from 2017–18 through 2023–24, compared with 86% for the District and 91% for the State. This difference underscores the unique challenges the Charter School faces in maintaining continuous enrollment throughout the school year. Because EPCTC students are low-income adults, English Learners, and mostly individuals reengaging with education after an interruption, student mobility is an expected characteristic of the population rather than an indicator of school performance. Many students enroll at EPCTC to complete credits, strengthen English proficiency, or earn a high school diploma while balancing employment, family, and other adult responsibilities, which naturally impacts year-to-year stability rates.

EPCTC has developed procedures to best serve students who enter the Charter School on a rolling basis, many of whom do not experience a full year of instruction at the same

[1] https://www.cde.ca.gov/ds/ad/srinfo.asp

school. Despite this challenge, the fact that EPCTC continues to demonstrate improvement in academic achievement with such a highly mobile population is a testimony to its commitment to serving the community. The 22% stability rate in 2023–24 represents an increase from prior years and indicates that EPCTC's efforts to improve student engagement, strengthen relationships, and provide wraparound supports are showing results. Although a low stability rate affects state accountability measures such as SBAC performance, graduation rates, and the College and Career Indicator, EPCTC's mission centers on offering accessible, high-quality education to all learners, particularly those seeking a second opportunity to achieve success.

Chart i.1: Comparison of the Stability Rate of EPCTC, the District, and the State by School Years 2018-19, 2019-20, 2020-21, 2021-22, 2022-23, and 2023-24 from DataQuest

EPCTC is proud of its accomplishments during the current charter term. EPCTC remains committed to supporting historically disadvantaged students through providing interventions and opportunities to ensure every student achieves their fullest potential. EPCTC utilizes a personalized approach to bring every student to grade level or beyond. EPCTC consistently supports students, families, and the community, to ensure students are ready for college and career (See Appendix 4 Letters of Support).

Charter Renewal Criteria

The passage of Assembly Bill 1505, effective July 1, 2020, has established renewal criteria by which the chartering authority shall consider to grant the charter for renewal. EPCTC currently meets the criteria under Dashboard Alternative Status Schools ("DASS") to be considered for approval of the renewal for a period of five (5) years. **EPCTC meets the renewal criteria under Education Code Section 47607(c)(7) and should be granted a renewal for a term of five years.**

Highlighting the Success of the 2018-2026 Charter Term

1. The Charter School has presented a **sound educational program**.

- Accrediting Commission for Schools ("ACS"), Western Association of Schools and Colleges ("WASC") granted EPCTC a Full, Six-Year Accreditation Status through June 30, 2030, with a Mid-Cycle Review during the 2026-27 school year (See Appendix 5 WASC Self-Study, Mid-Cycle Visit Committee Report, and Confirmation Letter).
- Average student-teacher ratio is 22:1 in a site-based model.
- Charter School offers personalized support to ensure students make progress toward meeting Northwest Evaluation Association's ("NWEA") Measures of Academic Progress ("MAP") growth targets.
- Curriculum is aligned with California State Standards including but not limited to, the Common Core State Standards ("CCSS"), Next Generation Science Standards ("NGSS"), History-Social Science Framework, remaining State Content Standards, and English Language Development ("ELD") Standards (hereinafter collectively referred to as the "State Standards").
- The Charter School has achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school.
- ESUHSD, adult students, and the community as a whole have also benefited:
- The Charter School improves economic opportunity for families and the community by increasing academic achievement, high school graduation rate, and English language acquisition for low-income adult students, students of color, and their children.
- The Charter School has strong community investment in the Charter School and is supported by local partnerships.

2. The Charter School has shown that it is demonstrably likely to **successfully implement the proposed educational program**.

- The Charter School has received full accreditation by ACS WASC.
- Nearly 100% of students at the Charter School reported that they feel safe and connected to the Charter School community based on the Local Climate Survey in 2024.
- The Charter School is a diverse, 21st Century School. EPCTC's enrollment includes the following numerically significant student subgroups: 82.3% were SED students; 99.4% of students were ELs; 81% were HY; and, 100% of students were Latino.
- The Charter School provides a range of professional development opportunities

for its teachers and staff. Professional Development opportunities are paramount at EPCTC. All staff members have completed required training courses, including all mandated and legally required workshops (See Appendix 6 Mandated and Required Training Report). EPCTC's teachers work collaboratively to best serve the students at EPCTC and also learn together in focused trainings. These trainings have included and will continue to include: suicide prevention and awareness, reducing suspension, instructional strategies to promote academic engagement, instructional strategies to support homeless students, instructional strategies to support ELs, increasing academic achievement in English, history, math, and science, classroom management, de-escalation strategies, Positive Behavior Intervention and Supports ("PBIS"), Understanding by Design ("UbD"), CRESST from UCLA to improve educational systems, Positive School-wide Climate and Culture, Culturally Relevant Pedagogy, student choice and voice in the classroom, (Growth) Mindset Matters, addressing learning modalities, and the development of diversity, equity, and inclusion goals.

Teachers are offered professional development opportunities weekly to ensure the application of new concepts and successful implementation of new skills. In addition, new teachers are given additional support. Most importantly, the Charter School examines a variety of internal and external assessments to determine progress and areas of opportunities. These assessments include Smarter Balance Assessment Consortium ("SBAC"), English Language Proficiency Assessments for California ("ELPAC"), NWEA MAP, curriculum embedded assessments, attendance, behavior, and high school credits. During these data analysis sessions, the administrators, teachers, and staff analyze their students' assessment data to identify common areas of opportunity. Finally, the teachers then revise lesson plans using UbD to focus on the areas of opportunities. Administration assesses the impact of these data analysis sessions by conducting frequent classroom walk-throughs, classroom observations, and by providing meaningful feedback to teachers and staff. Teachers are encouraged to attend workshops and seminars. For example, staff may choose to attend the California Charter School Association Annual Conference, the Charter School Development Conference, the California Association for Bilingual Education, the California Teachers of English to Speakers of Other Languages, or the California Association of Teachers of English. Many staff members also participate in a variety of local and County conferences and workshops.

- The Charter School's English Learners are progressing on the ELPAC at a rate of 12% (English Learner Progress Indicator ("ELPI") – Dashboard 2024).
- The Charter School has established an effective communication and student record system. PowerSchool, EPCTC's Student Information System ("SIS") is a powerful, easy-to-use communication tool which enables students, teachers, and administrators to work together to improve student achievement. With ParentSquare (EPCTC's general broadcast system), teachers and administrators can send student-specific and general messages home whenever necessary via telephone, text message, or via electronic mail. Messages can also be sent concerning school events and emergencies, or individual communications sent to

each student concerning their school experience and attendance. EPCTC also utilizes Google Classroom, Teacher Newsletters, and its own website.

- The Charter School is an integral part of the local community. EPCTC is focused on providing students opportunities to be academically and socially emotionally successful (See Appendix 7 School Climate and Culture Calendar). Moreover, students engage and interact with the community at large through work experience, activities, and participation in events to develop school culture. EPCTC students are an integral part of the community and recognize the challenges in the world around them.

3. The Charter School is **serving all students who wish to attend**.

- EPCTC has a respected history of serving historically disadvantaged students, including "racial and ethnic pupils, special education pupils, and English Learner pupils, including redesignated fluent English proficient pupils, as defined by the evaluation rubrics in Section 52064.5 that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted." The best evidence that EPCTC is serving all students who wish to attend is that it is serving these historically disadvantaged populations in numbers, on a percentage basis, which are higher than or equal to the territorial jurisdiction of the District.
- The Charter School's enrollment rate has remained constant over the last six years of the charter term with an average of 538 students enrolled each year.
- The Charter School's attendance rate has remained constant over the last seven years of the charter term with an average daily attendance rate of over 82% each year.

4. The Charter School's **petition is reasonably comprehensive**.

This charter petition is reasonably comprehensive. The petition contains reasonably comprehensive descriptions for each element and fully describes the program illustrating how EPCTC will continue to meet its goals and objectives described herein. EPCTC will continue to benefit the District by providing adult students within its jurisdiction with another great choice and expanded educational opportunity.

5. The Charter School **satisfies the academic renewal criteria** for a presumptive five-year renewal.

Pursuant to the amendments made to Education Code Section 47607, and the creation of Education Code Section 47607(c)(7), by Assembly Bill 1505 (2019), at the time of charter renewal, a chartering authority shall consider the performance of the Charter School on the State and local indicators reported on the Dashboard and applicable alternative metrics" **EPCTC is a DASS school, entitled to presumptive approval because it met the agreed upon alternative metrics**~~our community through education. The over 18 Academy provides educational and career opportunities for our students. Working cooperatively with Escuela Popular's TK-12, 18 and under Academy, we aim to maintain a family learning environment across the two schools by serving both parents and children. We are committed to providing meaningful learning experiences in a small school setting to ensure we are impacting the lives of every student. EPCTC is a community school that is open extended hours to accommodate the academic and non-academic needs of our over 18 students, many of whom may already be working. Our school prepares students to attend a college or enter the workforce directly into a skilled job~~

~~*Required*~~ .

In addition to the shift toward assessing Dashboard data, Assembly Bill 1505 also created a three-tiered system of evaluating charter schools' performance, plus a separate category for Dashboard DASS schools. Each of the four tiers has unique qualifying criteria.

The three performance categories and DASS thresholds are as follows:

- High Performing – Presumptive renewal if the charter school meets the established renewal criteria – Education Code Section 47607(c)(2).
- Low Performing – Presumptive non-renewal if the charter school meets the non-renewal criteria, unless the chartering authority makes a finding to approve for a two-year term – Education Code Section 47607.2(a).
- Middle Performing – Presumptive renewal unless the charter school failed to meet or make sufficient progress toward meeting standards and closure is in the best interest of students, evaluated using the Dashboard and Education Code Section 47607.2(b).
- DASS – Presumptive renewal with consideration of performance on the Dashboard and applicable alternative metrics, with nonrenewal only in the event that the chartering authority finds that closure is in the best interest of students – Education Code Section 47607(c)(7).

EPCTC is a DASS school, entitled to presumptive approval because it met the agreed-upon alternative metrics.

EPCTC has been approved for the DASS program and shall comply with all applicable requirements under the state accountability system, including the Dashboard. EPCTC has been a DASS Active School since August 2024. EPCTC is currently listed as a DASS Active School by the California Department of Education.

The high-, middle-, and low-performing categories described above do not apply to charter schools like EPCTC, which have been approved as Dashboard Alternative Status Schools, though the law does require a review of Dashboard data. Rather, according to Education Code Section 47607(c)(7):

> In determining whether to grant a charter renewal for such a charter school, the chartering authority shall consider, in addition to the charter school's performance on the state and local indicators included in the evaluation rubrics adopted pursuant to subdivision (c) of Section 52064.5, the charter school's performance on alternative metrics applicable to the charter school based on the pupil population served. The chartering authority shall meet with the charter school during the first year of the charter school's term to mutually agree to discuss alternative metrics to be considered pursuant to this paragraph and shall notify the charter school of the alternative metrics to be used.
>
> The chartering authority may deny a charter renewal pursuant to this paragraph only upon making written findings, setting forth specific facts to support the findings, that the closure of the charter school is in the best interest of pupils.

EPCTC's greatest achievements are those of its students. As detailed in the "DASS Charter School Renewal MOU Criteria" below, EPCTC has shown increases in pupil academic achievement across several indicators. These metrics include state and local indicators on the Dashboard as well as alternative metrics. Pursuant to Education Code section 47607, in preparation for charter renewals of DASS schools, EPCTC collaborated with the District and developed mutually agreed upon indicators and alternative metrics to be used for renewal criteria. These metrics are identified within the "DASS Charter School Renewal MOU Criteria" below. EPCTC has demonstrated based on its overall academic achievement outcomes that the Charter School is a high-performing DASS school compared to similar DASS schools in the District and communities it serves. EPCTC also exceeds county DASS schools averages as well as the State DASS schools averages for several indicators as demonstrated in the section below.

California School Dashboard

The Dashboard state indicators include the following:

- Chronic Absenteeism: kindergarten through grade eight
- Suspension Rate: kindergarten through grade twelve
- English Learner Progress: grades one through twelve
- Graduation Rate: high school only
- College/Career: high school only (note: the College/Career Indicator was not reported on the 2022 Dashboard)
- Academic: grades three through eight and grade eleven – English language arts/literacy and Mathematics

Dashboard Performance

CAASPP System – English Language Arts

The overall student population improved from a DFS of -64.1 points in 2018 to -61.8 points in 2024, reflecting a gain of 2.3 points. Similarly, Hispanic and Latino students, who represent the majority of the Charter School's enrollment, showed parallel progress with a 2.3-point improvement over the same period. Although data were unavailable for several years due to pandemic-related interruptions, the recovery in 2024 suggests that the Charter School successfully reestablished pre-pandemic performance levels through sustained alignment to the California Common Core State Standards and consistent instructional practices. This upward movement reflects the Charter School's strong implementation of standards-based curriculum under LCFF Priority 2: Implementation of State Standards (Conditions of Learning).

The steady performance among all students demonstrates the Charter School's instructional strength and teacher preparedness, while the small decline among socioeconomically disadvantaged students highlights the continuing challenge of addressing gaps for learners managing multiple responsibilities such as work and family. The Charter School plans to strengthen differentiated reading instruction, increase access to targeted literacy interventions, and expand teacher training focused on accelerating English Language Arts achievement. The consistent improvement in English Language Arts achievement from 2018 to 2024 exemplifies LCFF Priority 4: Student Achievement

(Pupil Outcomes), demonstrating at least one year of progress for every year of instruction and reflecting the Charter School's ongoing dedication to equitable learning outcomes supported by qualified staff and high-quality instructional materials. **EPCTC achieved measurable increases in ELA achievement from 2018 to 2024.**

CAASPP System - Mathematics

Mathematics ("Math") performance at the Charter School reflects an initial decline in DFS across all measured student groups over the charter term. For all students (and Latino students), the DFS decreased from -139.4 in 2018 to -193.3 in 2022 and then improved to -166.5 in 2024, a gain of 26.8 points over two years. SED students improved from 199.0 in 2022 to -161.8 in 2024, a 37.2-point increase. These results demonstrate that the Charter School's math instruction has regained momentum through targeted interventions, small-group reteaching, and consistent implementation of data-driven lessons aligned with LCFF Priority 2: Implementation of State Standards (Conditions of Learning). EPCTC's progress in mathematics reflects significant strength in supporting ELs and adult students who had previously struggled with math fluency. The next steps include increasing opportunities for individualized learning, incorporating real-world math applications, and continuing to refine standards-based instruction aligned to the California Mathematics Framework. These actions directly support LCFF Priority 4: Student Achievement (Pupil Outcomes) by advancing student proficiency through equitable and rigorous instruction. **EPCTC achieved measurable increases in Math achievement from 2022 to 2024.**

English Language Progress

The English Learner Progress Indicator ("ELPI") at EPCTC has been reported in compliance with Dashboard requirements; however, the data only partially captures the EPCTC's English Learner outcomes because the state includes only students under the age of 22, which represents approximately 10% of total enrollment. Since the Charter School serves a majority adult English Learner population, the data significantly underrepresent true linguistic progress. EPCTC's English Language Development ("ELD") program integrates English acquisition with academic content learning, demonstrating full alignment to LCFF Priority 2: Implementation of State Standards (Conditions of Learning). Through daily structured ELD instruction and scaffolded support, students achieve measurable gains in listening, speaking, reading, and writing, which are evident in classroom performance and NWEA results. EPCTC continues to ensure that ELs receive equitable access to rigorous academic content while improving proficiency in English, a key measure of LCFF Priority 4: Student Achievement (Pupil Outcomes). **EPCTC remains committed to accurate reporting, the ELPI results should be interpreted with caution.**

Other Dashboard Measures

EPCTC is proud of its Graduation Rate and Suspension Rate and though the College and Career Indicator may seem low, EPCTC will demonstrate the increase of the College

Going Rate from DataQuest which is more effectual for a Charter School that serves adults.

Graduation Rate

EPCTC demonstrates significant growth in its 1-Year DASS Graduation Rate, reflecting measurable academic recovery and student persistence following pandemic-related declines. Between 2022 and 2024, the graduation rate for all students (and Latino students) rose from 51.2% to 74.3%, marking a 23.1-point increase in just two years. SED students showed a nearly identical pattern of growth, increasing from 51.3% in 2022 to 74.2% in 2024, a 22.9-point gain. This progress highlights the Charter School's success in implementing reengagement strategies, credit recovery programs, and individualized academic counseling that help adult learners complete diploma requirements. The one-year DASS measure accurately reflects the Charter School's reengagement model and mission to serve students who return to school to complete their education. The strong upward trend in graduation outcomes demonstrates fulfillment of LCFF Priority 5: Student Engagement (Engagement), showing persistence, regular attendance, and steady completion rates among adult learners.

It is important to note that the reported data represent the 1-Year DASS Graduation Rate, not the traditional cohort graduation rate used for comprehensive high schools. The DASS rate measures the percentage of students who complete high school within a single academic year, which is a more appropriate indicator for the Charter School's reengagement model serving adult credit-deficient and returning students. Therefore, the strong upward trend from 2022 to 2024 illustrates that EPCTC is effectively accelerating credit completion and reengaging students who had previously disengaged from school, reaffirming its mission to provide pathways to graduation for all learners. **EPCTC achieved measurable increases in the one-year DASS Graduation Rate from 2022 to 2024 demonstrating at least one year's progress for each year in school.**

Suspension Rate

EPCTC continues to demonstrate its strong commitment to creating a positive, inclusive,

and student-centered learning environment, as evidenced by its consistent **0 percent suspension rate** from 2018 through 2024. This achievement represents excellence in cultivating positive behavior and relationships, reflecting LCFF Priority 6: School Climate (Engagement). The Charter School's approach emphasizes restorative practices, mutual respect, and individualized behavioral support, reducing the need for punitive discipline. The continuation of professional development focused on trauma-informed care and positive behavioral supports will help sustain this exemplary school climate while further strengthening the Charter School's capacity to support students socially and emotionally. **EPCTC has consistently maintained a 0% Suspension Rate.**

College and Career Indicator

EPCTC's College and Career Indicator ("CCI") demonstrates a small but positive increase from 0.0% in 2018 to 0.4% in 2024. While this metric does not fully reflect the postsecondary goals of adult learners, it demonstrates that the Charter School has made progress in expanding career pathways, dual enrollment, and workforce readiness programming aligned to LCFF Priority 7: Course Access (Conditions of Learning). The more accurate indicator of success, the College Going Rate from DataQuest, shows that the percentage of graduates enrolling in college rose from 23.5% in 2017 to 40.6% in 2023, a 17.1-point increase. This improvement underscores EPCTC's commitment to LCFF Priority 8: Student Outcomes (Pupil Outcomes), ensuring that graduates transition successfully to postsecondary education or employment. Continued partnerships with local community colleges and workforce programs will enhance these outcomes and further align instruction with career readiness goals.

The CCI was designed for traditional, comprehensive high schools, where students are typically under 18 and progress through a four-year sequence of A–G coursework, AP exams, and CTE Pathway completions. In contrast, EPCTC serves an adult learner population whose educational goals often focus on earning a high school diploma, learning English, and acquiring workforce skills rather than participating in standardized testing or college-level coursework. EPCTC does not offer AP or IB courses that define CCI "Prepared" status. Consequently, even though EPCTC provides standards-based

instruction, counseling for community college enrollment, and CTE Pathway completion opportunities, the structure of the state's CCI measure does not accurately reflect the Charter School's mission or the postsecondary readiness of its adult learners. **Though the CCI results seem like the EPCTC's students are not prepared for college or career, the College Going Rate from DataQuest demonstrates that 40% of students are prepared and attending college.**

Table i.7: 2018, 2019, 2020, 2021, 2022, 2023, and 2024 College and Career Indicator Rate for EPCTC All Students and by Significant Subgroups from the Dashboard

EPCTC demonstrates notable improvement in its College Going Rate over the charter term, reflecting a growing culture of postsecondary readiness and persistence among graduates. The percentage of all students (Latino students) enrolling in college increased from 23.5% in 2017 to 40.6% in 2023, a 17.1-point gain. This progress illustrates the Charter School's success in building equitable access to postsecondary pathways through partnerships with local community colleges, culturally responsive college readiness initiatives, and individualized student planning. This steady upward trend indicates that the Charter School's emphasis on academic counseling, college awareness activities, and dual enrollment opportunities is helping students transition successfully into higher education. The same pattern is evident among SED students, whose college enrollment rose from 23.9% to 39.3%, a 15.4-point increase, demonstrating that targeted support systems and guidance counseling are effectively meeting the needs of students facing financial and social barriers. **The 17-point increase in college enrollment since 2017 demonstrates that EPCTC's long-term strategies for academic preparation and student guidance are effectively translating into postsecondary opportunity and lifelong learning.**

Table i.8: 2017, 2018, 2019, 2020, 2021, 2022, and 2023 College Going Rate for EPCTC All Students and by Significant Subgroups from DataQuest (reported in 2018 to 2024)

EPCTC continues to prepare students for postsecondary success through individualized academic counseling, ELD, and workforce readiness programs. Many EPCTC graduates pursue community college coursework, vocational training, or career advancement after earning their high school diplomas, demonstrating the Charter School's effectiveness in supporting lifelong learning beyond traditional college enrollment metrics. Together, the sustained 0% suspension rate and the Charter School's focus on postsecondary readiness underscore EPCTC's holistic mission to empower students academically, socially, and professionally within a supportive and equitable learning environment.

Year-over-Year Progress

In addition to the CAASPP, EPCTC's students have been making progress on the MAP Growth in Reading and Math. EPCTC has utilized MAP Growth as verifiable data for the term of the charter.

EPCTC demonstrates consistent and measurable growth in Reading proficiency across all student groups, highlighting the success of its literacy interventions and instructional alignment. From 2018–19 to 2024–25, the percentage of all students meeting grade-level standards in Reading increased from 46% to 58%, representing an 11-point gain. SED students improved from 46% to 58%, a 13-point increase, showing strong progress among one of the Charter School's most significant subgroups. ELs (including ADELs) also demonstrated steady improvement, growing from 46% to 57%, a 12-point gain that reflects the Charter School's effective ELD strategies and targeted literacy support.

Homeless students showed the greatest improvement, increasing from 45% in 2018–19 to 58% in 2024–25, a 14-point gain that underscores EPCTC's success in serving highly mobile and vulnerable populations. Latino students, who comprise nearly the entire student body, mirrored the schoolwide pattern with an 11-point increase over the same period. These results reflect strong implementation of State Standards and ELD Standards aligned to LCFF Priority 2: Implementation of State Standards, and they demonstrate LCFF Priority 4: Student Achievement through one year or more of progress per year since 2021–22. The Charter School will deepen differentiated literacy instruction and expand targeted ELD and intervention supports so that late-entering and highly mobile learners sustain these gains. **EPCTC achieved measurable increases in ELA achievement from 2018 to 2024 demonstrating at least one year's progress for each year in school.**

Table i.9: 2018, 2019, 2020, 2021, 2022, 2023, and 2024 NWEA MAP Reading: Met Fall to Spring Growth Target for EPCTC All Students and by Significant Subgroups

EPCTC shows steady improvement in Math performance across all student groups, reflecting consistent implementation of targeted instructional supports and intervention strategies. The percentage of all students (and Latino students) meeting grade-level standards increased from 37% in 2018–19 to 43% in 2024–25, representing a 6-point gain. SED students achieved an 8-point increase, rising from 37% to 45%, while ELs (including ADELs) improved from 36% to 43%, a 7-point gain. Homeless students made one of the largest gains, improving from 36% in 2018–19 to 45% in 2024–25, an 8-point increase that underscores the EPCTC's commitment to providing equitable access to instruction and stability for transient or at-risk learners. The improvement since 2023–24 also shows that students are now making at least one year of growth per year in Math. These improvements reflect standards-aligned instruction, small-group reteaching, and individualized learning plans consistent with LCFF Priority 2: Implementation of State Standards and demonstrate progress on LCFF Priority 4: Student Achievement. The Charter School will extend math intervention time, increase real-world problem solving for adult learners, and continue collaborative data reviews to accelerate growth for newcomers. **EPCTC achieved measurable increases in Math achievement from 2018 to 2024 demonstrating at least one year's progress for each year in school.**

Alternative Metrics for EPCTC as a DASS School

The alternative metrics used by EPCTC were originally identified and formalized in the 2018 charter petition in collaboration with the District as part of a shared understanding that traditional accountability measures alone would not fully capture the progress and success of a continuation school and DASS school serving adult, credit deficient, and highly mobile students. Through the charter development and approval process, EPCTC and ESUHSD reached agreement on a set of outcome measures that more accurately reflect student engagement, persistence, academic growth, and credit attainment, including attendance rate, benchmark scores, credit completion, one year graduation rate, participation in feedback systems, growth on norm referenced assessments for eligible students, and increases in long term enrollment. These metrics were selected to align with the LCAP priorities while accounting for the unique enrollment patterns, instructional models, and recovery focused mission of EPCTC. Expectations for meeting each metric were clearly defined at the time of approval of the 2018 charter petition, establishing how success would be measured, which student populations would be included, and the performance thresholds that would indicate progress or attainment. EPCTC has consistently used these agreed upon metrics to monitor outcomes, reflect on implementation, and adjust practices over time, with progress reviewed annually and documented. A longitudinal reflection of EPCTC's performance relative to these alternative metrics is provided in Table i.15: Reflection on EPCTC's Progress Toward Alternative Metrics (2018–2026), which demonstrates how the Charter School has tracked, evaluated, and responded to performance trends across the charter term.

Attendance Rate

Attendance remains a strength and a success in student engagement. Over seven years the Charter School averaged more than 82% attendance, with annual rates ranging from 81.65% to 83.67%. The Charter School's annual rates ranged from a low of 81.65% in 2019–2020 to a high of 83.67% in 2020–2021, demonstrating remarkable stability even

through the COVID-19 pandemic and subsequent recovery years. This consistency, despite serving a population that often faces significant barriers to consistent attendance, including work obligations, family responsibilities, and housing instability, aligns with LCFF Priority 5: Student Engagement. EPCTC will continue to pair proactive attendance communication with access to community resources and time-flexible learning to sustain engagement.

EPCTC has developed procedures to best serve students and families who enter the Charter School on a rolling basis and many of whom do not experience a full year of instruction at the same school. This flexible model enables students to enroll and participate as their life circumstances allow, which naturally affects traditional attendance metrics. Nevertheless, the fact that EPCTC sustains an average attendance rate above 80% with a highly mobile student population is evidence of the school's commitment to meeting learners where they are. Through personalized outreach, attendance monitoring, and wraparound supports, EPCTC continues to foster engagement and connection for every student, ensuring that consistent participation remains a central part of its mission to provide accessible, high-quality education to the community. **EPCTC has averaged over 82% average daily attendance over the last seven years.**

Rate	81.99%	81.65%	83.67%	81.79%	82.54%	81.91%	81.72%

Student Participation on the Local School Climate Survey

Student voice through the local climate survey shows meaningful engagement and a practical path forward. Participation averaged 63.6% across the charter term, with rates of 68% and 70% in 2020–21 and 2021–22 and 60% in 2024–25 after a temporary dip. These results indicate trust in feedback processes and inform continuous improvement actions that strengthen LCFF Priority 6: School Climate and LCFF Priority 3: Parent Involvement where outreach strategies also reach adult learners' families. EPCTC will embed brief survey prompts into class sessions and expand mobile-friendly options to increase participation among working students. The Charter School uses survey data to inform decisions about instructional practices, student support services, and school culture initiatives. The fact that EPCTC continues to receive meaningful survey participation despite serving a highly mobile and diverse population demonstrates the Charter School's commitment to inclusive decision-making and to maintaining a strong connection between students and staff. **EPCTC maintained an average of 63.6% of students participating in the annual school climate survey.**

Rate	8.5 (TEN Survey)	COVID	68%	70%	64%	56%	60%

Credit Completion

Credit completion demonstrates academic persistence and access. EPCTC students earned on average about 78% of attempted credits, with a high of 83.18% in 2022–23 and a low of 71.46% during the pandemic. These outcomes confirm that personalized pacing, credit recovery, and targeted supports are helping adult learners progress toward graduation in alignment with LCFF Priority 7: Course Access and LCFF Priority 4: Student Achievement. The Charter School will expand competency-based options and extended learning to support midyear entrants and students balancing work and family obligations. **EPCTC maintained an average of 78% of students earning and completing courses for credits that they attempted.**

Rate	78.84%	71.46%	77.30%	83.15%	83.18%	80.07%	76.23%

Continuous Enrollment/Long Term Students Enrollment

EPCTC has steadily increased the percentage of students who remain continuously enrolled or identified as long-term students. Continuous enrollment shows strong retention gains with clear next steps. The percentage of long-term students grew from 19% in 2018–19 to a peak of 45.6% in 2022–23 and stabilized at 36.22% in 2024–25, averaging about 32% across the term. These improvements reflect a supportive environment, individualized pathways, and wraparound services that strengthen LCFF Priority 5: Student Engagement and LCFF Priority 6: School Climate. The Charter School will continue to expand academic advising, flexible scheduling, and stability supports that help students remain enrolled long enough to meet their goals. This upward trend reflects the Charter School's focused efforts to engage and retain students who often face life circumstances that make sustained enrollment challenging, such as employment obligations, family responsibilities, or relocation. Although student mobility remains a defining feature of the population served, the improvement in continuous enrollment illustrates a learning environment where more students are choosing to stay and complete their education. **EPCTC maintained an average of 32% of students remaining continuously enrolled long-term.**

Table i.15: Reflection on EPCTC's Progress Toward Alternative Metrics (2018–2026)

STUDENT OUTCOMES REFLECTION FROM 2018 TO 2026 CHARTER TERM	
Attendance Rate Status: Exceeded	**Meet or exceed an average of 75% yearly attendance**
As shown in Table i.11, EPCTC exceeded its attendance goal with an average rate of over 82% across seven years, surpassing the 75% benchmark. This consistency is a major strength that reflects a strong culture of student engagement, proactive communication, and flexible attendance supports. The success stems from staff who monitor attendance daily, provide outreach to absent students, and offer accessible class schedules for adult learners managing employment and family duties. The primary challenge continues to be addressing external barriers such as housing instability and work obligations that affect daily attendance. Next steps include deepening partnerships with local agencies to provide students with transportation and wellness resources that further remove attendance barriers. Under State Priority 1 (Basic Conditions of Learning), maintaining qualified teachers and safe facilities supports these efforts, while Priority 2 (Implementation of State Standards) ensures that instruction during attendance time remains high-quality and aligned to state expectations, maximizing learning for students who show strong persistence in attending classes.	
NWEA ELA Growth Target Status: *Exceeded*	**40% of over 19 students meet ELA Growth Report**

As demonstrated in Table i.9, EPCTC exceeded its ELA Growth Target, with 40% of students meeting their growth goals on the NWEA assessment. This result highlights the school's strength in literacy instruction, effective use of data, and ongoing professional development. Students demonstrated consistent progress in reading proficiency, improving from 46% to 58% over the charter term. The success is also attributed to teachers' collaboration and targeted instructional planning aligned to State Priority 2 (Implementation of State Standards), ensuring that literacy instruction integrates CCSS and ELD Standards. A continuing challenge involves extending this literacy growth to the remaining students who are performing below grade level, many of whom are recent immigrants with limited English exposure. The next steps include expanding one-on-one tutoring and increasing the integration of language-rich content areas, especially for advanced ELD learners. Under Priority 1, maintaining well-prepared teachers who use evidence-based literacy strategies will be essential to sustain and extend these gains.	
NWEA Math Growth Target Status: ***Partially Met***	**55% of over 19 students meet Math growth target**
Table i.10 shows that EPCTC partially met its Math Growth Target, with 55% of students achieving their growth goals. The data illustrate notable improvement since 2018, rising from 37% to 43% of students meeting grade-level standards. Strengths include the school's use of small-group reteaching, data-informed instruction, and persistent teacher collaboration. These align closely with Priority 2 (Implementation of State Standards) by ensuring that math instruction is rooted in the California Mathematics Framework and that teachers are supported in its application through ongoing professional development. The main challenge remains closing achievement gaps for English Learners and newly enrolled students who enter with significant math learning loss. The next steps involve expanding intervention blocks, integrating technology-based practice, and providing targeted teacher training on conceptual mathematics aligned to Priority 1 (Basic). By deepening these supports, EPCTC aims to ensure that all students, regardless of entry point, can make accelerated progress in math proficiency.	
Graduation Rate Status: ***Partially Met***	**80% of seniors will graduate within their senior year**

As indicated in Table i.5, EPCTC made remarkable progress in increasing its one-year DASS graduation rate from 51.2% in 2022 to 74.3% in 2024, demonstrating a 23.1-point improvement. This trend underscores the school's commitment to reengaging adult learners and guiding them toward diploma completion. The primary strength lies in flexible scheduling, individualized academic counseling, and personalized learning plans that support students facing complex life circumstances. These results align with Priority 2, showing that instruction and assessment are aligned to state standards that prepare students for graduation and post-secondary options. The challenge lies in sustaining momentum toward the 80% goal and ensuring continued support for students who struggle with attendance or credit recovery. The next steps include enhancing partnerships with community colleges, expanding access to career technical education pathways, and strengthening academic mentoring. Through these actions, EPCTC will continue to align with Priority 1, maintaining qualified staff and adequate instructional materials to ensure that all students have equitable access to complete their graduation requirements.

Student Participation on TEN Feedback Loop or School Climate Survey **Status: *Partially Met***	**80% of student participation on the TEN Feedback Loop or School Climate Survey**
As presented in Table i.12, EPCTC's average student participation on the School Climate Survey was 63.6%, which, while below the 80% goal, represents meaningful engagement from students actively attending classes. A key strength is the establishment of a consistent feedback loop, allowing students to voice their opinions about school safety, connection, and instructional quality. This supports Priority 1 (Basic Conditions of Learning) by confirming that students perceive the school as a safe, inclusive environment staffed by qualified professionals. Challenges arise from the school's high mobility and adult learner demographics, which make consistent survey participation difficult. The next steps include embedding feedback opportunities into regular class sessions and using multiple digital formats to reach working students. These refinements will ensure that student perspectives continue to inform planning and strengthen schoolwide systems of support.	
Credits Completion Status: *Exceeded*	**Complete 70% of total credits attempted**
According to Table i.13, EPCTC exceeded its goal for credits completion, achieving an average rate of 78% and reaching a high of 83.18% in 2022–2023, surpassing	

the 70% target. This accomplishment highlights the school's academic rigor, flexibility, and individualized student supports. The results demonstrate alignment with Priority 2, as students successfully meet credit requirements based on courses aligned to California State Standards. A remaining challenge involves supporting students who enroll late in the term and require additional time to complete coursework. The next steps include expanding credit recovery options, using competency-based assessments, and providing extended learning opportunities. Under Priority 1, maintaining qualified staff and access to instructional resources will ensure continued success in helping students meet credit goals and accelerate progress toward graduation.	
Increase Number of Enrolled Long-Term Students **Status: *Exceeded***	**10% increase in number of continuously enrolled/long-term students**
Table i.14 shows that EPCTC exceeded its goal of increasing long-term student enrollment by 10%, achieving a rise from 19% in 2018–2019 to 36.22% in 2024–2025, with a peak of 45.6% in 2022–2023. This increase reflects the school's growing capacity to retain students through positive relationships, supportive services, and relevant coursework. The strength lies in its ability to turn a once highly transient population into one that values stability and continuity. Challenges remain in sustaining enrollment growth among students facing financial or housing instability. Next steps include enhancing academic advising and wraparound supports to maintain consistent re-enrollment. These efforts align with Priority 1 (Basic) by ensuring that students have stable access to safe facilities, qualified teachers, and the necessary materials to continue their education without interruption.	

Approving EPCTC is in the Best Interest of Students

Under Education Code Section 47607(c)(7), DASS charter schools are eligible for presumptive renewal, with consideration of performance on the Dashboard and applicable alternative metrics. Nonrenewal may occur only if the chartering authority determines that closure would be in the best interest of students. For EPCTC, the evidence overwhelmingly demonstrates that closure would not be in the best interest of its 515 students, as the Charter School provides a critical educational pathway uniquely designed to serve adult learners who are reengaging in their education after prior interruptions.

EPCTC's mission and model are centered on serving students who are predominantly Latino, socioeconomically disadvantaged, English Learners, and often experiencing homelessness, housing insecurity, or family and work obligations that make traditional programs inaccessible. While the District also authorizes a Charter School that serves younger adults between the ages of 18 and 27, EPCTC fills an equally vital but distinct role by providing flexible, individualized, and culturally responsive instruction for a broader range of adult learners, many of whom are older, parents, or working full time. The Charter School's environment offers a level of structure, care, and community engagement not typically available in larger or more traditional adult programs.

Beyond Dashboard data, EPCTC demonstrates consistent year-over-year progress in student outcomes that reflect strong alignment with LCFF Priority 4: Student Achievement and LCFF Priority 5: Student Engagement. Reading proficiency has increased by 11 percentage points and math proficiency by 6 points over the charter term, with significant gains among ELs, homeless students, and SED groups. The Charter School maintains an average attendance rate of 82%, a remarkable indicator of engagement for a highly mobile and working adult population, and a credit completion rate of 78%, supported by strong academic counseling and flexible pacing structures. These outcomes affirm EPCTC's success in closing the achievement gap for populations historically underserved by traditional schools.

EPCTC's commitment to LCFF Priority 1: Basic Services and LCFF Priority 6: School Climate is reflected in its safe, inclusive environment and its sustained 0 percent suspension rate. The Charter School's restorative and relationship-based approach fosters belonging, emotional safety, and mutual respect which are qualities essential for adult learners returning to education after prior academic setbacks. EPCTC also aligns with LCFF Priority 7: Course Access by ensuring all students receive individualized academic plans, access to standards-based coursework, and support to meet graduation and career readiness goals.

The Charter School's closure would have profound and lasting negative consequences. Approximately 515 adult students would lose access to a trusted, stable, and supportive educational setting that accommodates their work and family commitments. Many would struggle to find another program capable of providing the same level of individualized instruction, flexible scheduling, and wraparound support. For numerous students, EPCTC is not just a school; it is a community where they feel safe, respected, and empowered to reclaim their education. The loss of small class sizes, personal academic guidance, bilingual support, and targeted support services would create a severe disruption to their educational progress and diminish their opportunities for graduation and workforce advancement.

Conclusion

In accordance with Education Code Section 47607(c)(7), renewal of the EPCTC charter is in the best interest of students. EPCTC provides an essential educational environment that fosters academic recovery, social-emotional growth, and college and career readiness for adults who might otherwise remain disconnected from formal education. Renewal ensures continuity of services for 515 adult learners and preserves a proven, equitable model that aligns with California's priorities for access, engagement, and lifelong learning.

In accordance with Education Code Section 47607(c)(7), the presumptive outcome for DASS schools is charter renewal. The chartering authority may only deny renewal if it makes specific written findings, supported by evidence, that closure of the charter school would be in the best interest of students. Given the Charter School's strong academic outcomes, inclusive environment, and vital role in serving adult learners, it is

evident that closure of EPCTC would not be in the best interest of its students. Thus, EPCTC requests a 5-year renewal term, from July 1, 2026 to June 30, 2031.

Element A: The Educational Program

The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners. - Education Code Section 47605(c)(5)(A)(i)

The annual goals, for the charter school

~~*Governing Law: "A description, for the charter school, of annual goals,*~~ *for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served,* ~~*or the nature of the program operated, by the charter school,*~~ *and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals.* - Education Code Section 47605(c)(5)(A)(ii)~~."~~

If the proposed charter school will serve high school pupils, the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the "A" to "G" admission criteria may be considered to meet college entrance requirements. - Education Code Section 47605(c)(5)(A)(iii)

~~*- California Education Code Section 47605(b)(5)(A)(ii)*~~

Target Student Population

EPCTC typically serves 750 high school, 9-12th grade students, aged over 18:

- Students who are recent immigrants and for whom the U.S. school experience is
- new and intimidating. Students' primary language is Spanish.
- Out-of-school students who have not been successful in large, comprehensive high schools. Most of these students are seeking a second chance at getting an education and improving their lives, as well as their children's lives.
- Students who are working adults, holding one or more jobs to meet the Bay Area's ~~rising living costs~~ rising living costs.
- Students who are parenting and/or head of households.
- Students who endure family separation.

Demographically, EPCTC serves a predominantly low-income, Latino community. A brief summary of pertinent demographic information is as follows:

- Ethnicity: EPCTC is ~~nearly~~ 100% Latino.
- Income: approximately 96.5~~88.8~~% of students fall under the federal poverty guidelines.
- EPCTC's students are highly mobile, sometimes having to leave school to work

- ~~-~~full-time or respond to family emergencies in their home country.
- The majority of EPCTC's students have either never attended traditional schools ~~or were unsuccessful in traditional schools because of their unique needs.~~
  or were unsuccessful in traditional schools because of their unique needs.

- Students have had interrupted cycles of education in the United States and/or in their home countries.
- The majority of EPCTC students come to the school performing well below grade level in Language Arts and Mathematics.

EPCTC Student Needs

Through our extensive experience and involvement with our target population, we have been able to identify and address our students' immediate needs.

1) We recognize that all of our students need to become fluent in English. At the same time, we realize the importance of maintaining and further developing their Spanish fluency.
2) Although many of our students plan to attend college at some point, their immediate need is to acquire the skills that will help them become a productive member of the workforce.
3) We appreciate that students need a smooth transition into the new culture. Maintaining

family and cultural values while adapting to the new cultural values needs to be supported by the school environment. Our students need their international perspective to be nurtured and valued.

4) Planning for the future and opening doors to new paths is important, specifically in planning and preparing for higher education and entering the workforce.
5) Their need to embark consciously and independently on a learning program that ultimately enables them to become life-long learners, productive members of society, efficient workers, and effective family members.
6) Students need flexible scheduling and enrolling options to accommodate their family and work responsibilities.
7) Student need access to free and high-quality childcare services.

Attendance: School Year and School Day

Escuela Popular will meet or exceed the instructional minutes and school days required by the California Education Code. The school year consists of 177 instructional days. Generally, the school day begins at: 8:3000 A.M. and ends at: 2:003:10 P.M. for the morning program. On Wednesdays, students in the morning program are dismissed at 1:102:05 P.M. and at 12:45 P.M. on minimum days. Evening program begins at 4:153:45 P.M. and ends at 9:5010:30 P.M.

Attendance Requirements see Enrollment Projections

EPCTC currently serves 525 students in grades 9-12& Admissions with an enrollment of 550 students during this charter term. EPCTC has historically experienced a low stability rate, but EPCTC is committed to serving students who wish to attend the Charter School.

What it Means to be an Educated Person in The 21st Century

The knowledge, skills and competencies required to be an "educated person" in the 21st century continues to increase as our state, country, and global community evolve. ~~As~~ the ~~Department of Labor's (2017) SCANS report underscored, the~~ rapid shifts in~~of~~ industries that drive the~~our~~ economy require a drastically different employment force ~~workforce~~ than in previous generations. ~~More than ever before, today's workforce needs to be able to have basic skills, thinking skills, and personal qualities. In addition to these skills, we will prepare students with the five competencies: Resources, Interpersonal, Information, Systems, Technology.~~ The contributions made by all levels of today's workforce are measured based upon~~on~~ the value -added to an idea, product, or service. In order to be competitive in today's job market, knowledge and capacity in more than one discipline is often necessary, whereas competence in one area was sufficient in the past. Working effectively as part of an interdisciplinary team to successfully carry out the mission of an organization is increasingly important, specifically amongst a diverse community~~The new global economy requires a workforce that can work across borders and appreciate cultural differences among co-workers, business partners, and customers~~.

Therefore, we believe an "educated person" in the 21st century is a self-motivated, competent, lifelong learner who exhibits the following traits:

RISE by being...

Responsible citizens

- who are globally aware,

- who appreciate the civic, economic, historical and cultural perspectives of diverse peoples,
- who can function in a multicultural world,
- who are proud of their roots and personal value,
- who care for the environment.

Intellectually curious and independent learners

- who achieve academic excellence through rigorous active learning,
- who use critical thinking skills to understand and solve complex problems across disciplines,
- who are able to analyze, synthesize, and evaluate.

Sound healthy individuals

- who understand the importance of physical fitness, and the need for a lifestyle that is balanced intellectually, physically, and emotionally,
- who achieve wellbeing for themselves.

Effective bi-literate and bilingual communicators

- who can acquire information through reading and listening,
- who can write clearly and concisely,
- who can communicate ideas and thoughts in group setting and when making presentations,
- who can use academic language effectively in Spanish and English.

EPCTC believes that a well-developed academic program coupled with targeted job skills training that are offered in a nurturing learning environment both inside and outside of the classroom will help to prepare students with these skills.

How Learning Best Occurs – Instructional Design

Support with Basic Needs

Escuela Popular believes that learning best occurs when student needs are diagnosed and matched with meaningful and relevant educational strategies. Additionally, Escuela Popular meets students where they are ~~at~~ academically and linguistically. In light of the school's target student population, Escuela Popular believes that English ~~Language~~ Learners are capable of achieving the highest academic standards where students learn English without having to sacrifice content or their native language. Students are provided with additional resources, to eliminate barriers, such as free childcare, transportation, flexible scheduling, open enrollment, parent education, nutrition classes, health & wellness electives, medical van, immigrant rights resources, DACA support, citizenship application support, FAFSA application support, AB540 application support, and advocacy support.

Broad Curriculum Content

Escuela Popular follows an accelerated and sequenced ELD~~English language development~~ curriculum that prepares students for high school core classes aligned to Common Core State Standards. Our instruction is designed using the Backwards Mapping, Understanding by Design, approach to teaching. Embedded in our curriculum are critical thinking, writing, speaking, collaboration, and technology skills to provide a rigorous high school education. ~~speaking, collaboration, and technology skills to provide a rigorous high school education.~~

~~See Sample Course Descriptions (Appendix 3) and Instructional Materials (Appendix 4).~~ Our teachers utilize formative and summative assessments, adopted from Dylan William's Assessment for Learning techniques and strategies. Escuela Popular provides a safe learning environment that promotes and prepares students for college & career readiness through a robust academic counseling program that offers college admissions support, financial aid application completion & submission, AB540 applications, college entrance placement exam guidance, college campus visits, and individualized class scheduling.

Curriculum

Curriculum plays a vital role in any educational program. Quality curriculum needs to be culturally relevant, aligned to State Standards, and current in both delivery and instructional methods. (See Appendix 8 Course Descriptions/Scope and Sequence/Curriculum Maps.) All of the instructional materials and resources mentioned are subject to be changed as the educational partners will need to play an active role in reviewing and advising the Executive Director and the Board on the purchase of instructional materials and resources needed.

Description of Instructional Approaches and Strategies

EPCTC is achieving its mission by implementing strategically selected practices, concepts, and models. The design of this charter school is based upon the collection of best practices and experiences of the founding members, who have over 75 years of experience and training working with this target population. In addition, EPCTC draws upon the expertise of the CTC staff to co-develop relevant, engaging job skills courses that complement the academic program and provide the target population with the skills and habits they need to enter a highly_-skilled workforce. Below are the core practices, concepts, and models that EPCTC employs.

Intensive English Language Development Accompanied with Formative and Summative Assessments

Many of EPCTC's students are native Spanish speakers with a great need for intensive English language development. Therefore, the curriculum calls for pre-literacy intensive English instruction, where students are routinely assessed on English language development and grouped based upon their language proficiency. As their proficiency develops,,, multiple content areas such as Social Studies and Sciences, are introduced

with primary language support.

with primary language support.

Performance-Based Learning and Skills
Teachers provide students with opportunities to engage in authentic and meaningful tasks that are essential to applying the skills needed in the workforce and career readiness. Technology skills (job skills) learned spiral through all academic core classes. Performance tasks assigned incorporate the skills the students have learned in technology classes and core academic classes, providing a relevant and authentic application. These culminating performance tasks provide relevance to the students as well as help them hone their job skills through the use of technology. Performance tasks could include:

- Interviews, debates, role plays, persuasive writing,
- Culminating oral personal education reflection task (PER),
- Developing a business plan in economics,
- Writing and designing a publication that advocates for a particular policy initiative,
- Engage in debates related to current and relevant topics.

Newcomer Center Model
Many of the students served by EPCTC are recent immigrants who are attending school in this country for the first-time. They are newcomers to the U.S. culture and often are not familiar with the codes of power needed to be successful in school or in this country. Therefore, EPCTC seeks to provide a nurturing environment that is flexible and sensitive to these needs; which incorporates life skills to navigate the new society and access appropriate resources. On-site referral services, academic counseling, advocacy on issues such as immigration, housing, workplace rights, and civil rights are provided to address issues outside the classroom that may prevent students from learning.

EPCTC seeks to eliminate barriers by taking a holistic approach to supporting students in school providing resources in the following: VTA bus passes, no-cost childcare, morning and evening classes, academic counseling that takes into account previous education.

Description of Learning Setting

Family Learning Center Model

Escuela Popular regards family involvement and support as essential to students' academic success. EPCTC involves the whole family in the learning experience. Many parents attending EPCTC have children attending EPAFLC.~~Escuela Popular's 18 and under academy.~~ These parents, who need to learn English and obtain their high school diploma, become students alongside their children. Home becomes a place of learners. Parents are able to support their children's education because they can better relate to their children's~~students~~ learning experience. Between EPAFLC~~Escuela Popular~~ and EPCTC, the grade levels served allow for entire families to attend as students. In addition, EPCTC provides its students with high quality no-cost childcare.

Small Learning Communities Through a School-Within-School Model

Students learn best in small nurturing environment where they are known well, treated as individuals, and their backgrounds are honored. Small learning environments allow for

-stronger bonds/relationships amongst students and teachers, where students can receive individualized attention.

Description of Program Aligned to School's Mission and Vision

Vision: Escuela Popular~~EPCTC~~ educates to transform lives.

Mission: Our family learning center believes that teaching is an act of love through which learning is reciprocal. We develop bilingual, bicultural~~bi-cultural~~ students fully prepared to continue onto higher education and empowered to pursue their goals in a global society.

As a family learning center, Escuela Popular's mission is to provide ~~EPCTC's provides~~ all students ~~adults and families~~ with the opportunity to engage in purposeful, stimulating, and enriched~~enriching~~ educational experiences ~~and to learn valuable life and career skills~~ to meet their basic needs and to go beyond them. Through the Escuela Popular/Center for Training and Careers, Family Learning Center, adults and families are served as well. Escuela Popular is committed to community improvement by fostering pride in learning and student leadership.

- Escuela Popular believes educated individuals raise the standard of living and quality of life for their families and the community as a whole.
- Escuela Popular challenges the whole school community (students, parents, guardians, families, teachers, staff, administrators, and community members) to believe in their dreams and to make their dreams a reality. EPCTC provides the tools to enable them to build on their strengths and overcome obstacles so they may rise above the expectations the outside world has had for them and that they have had for themselves.

Escuela Popular believes that teaching is an act of love, and that life-long learning empowers all human beings.

The overall vision of EPCTC is to empower the community through education. EPCTC is a Transitional Kindergarten to 12th grade family learning center that serves entire families in conjunction with EPCTC's Over 19 Academy. We are committed to providing meaningful learning experiences in a small school setting to ensure that we are impacting the lives of every student. We seek to enable students to become self-motivated, competent, and lifelong learners. We are a community school with quality age-appropriate academies in a school within a school model. EPCTC is open extended hours to accommodate the academic and non-academic needs of its students. The Charter School focuses on preparing students to master the State Standards and to pursue higher education opportunities.

Core Values:

- **Love:** We believe teaching is an act of love; therefore, we work to liberate and empower participants for self-determination. Love is an inward development of compassion and the capacity to believe unconditionally in self and others. Such love transforms lives.
- **Emotional Wellness:** We strive to take care of ourselves physically and mentally to teach and learn from a foundation of confidence and emotional strength. This

- -leads to a lifestyle that is positive and balanced intellectually, physically, and emotionally.
- **Respect:** Our community of students, parents, and staff practices mutual respect and will feel affirmed in spite of any differences in education, economic background, language, culture, age, learning style, and lifestyle~~life style~~ on a deep level of friendship.
- **Collaboration:** We are committed to nurturing an environment of respect and collaboration, which enriches teamwork, sharing ~~of~~ responsibilities, collective problem solving, and building on each other's strengths. We continue to build healthy and strong relationships through open dialogue.
- **Constructivist Learning:** Since we believe teaching is an act of love, we meet our students where they are and differentiate our engagement with them accordingly. We will learn and build upon our students' prior knowledge and intuition.

~~build upon our student's prior knowledge and intuition.~~

- **Safe and Organized Learning Environment:** We create a learning environment where equity is highly valued so participants feel safe to express themselves, take risks in learning, and trust that their voices will be heard. As equal participants, students and staff should~~must~~ take ownership in contributing to a school culture that is organized, responsive and well prepared.
- **Success:** Success is the short and long-term transformation of individual's experience as they continually evolve into lifelong bilingual learners who achieve well-being for themselves, their families, and community.

EPCTC is committed to providing meaningful learning experiences in a small school setting to ensure an impact within the lives of every student. EPCTC is a community school with quality age-appropriate academies in a School-Within-School model. EPCTC is open extended hours to accommodate the academic and non- academic needs of its students. EPCTC is focused on preparing its students to master the State~~Common Core~~ Standards, pursue higher education opportunities and/or career opportunities.

Means to achieve mission and vision

EPCTC is achieving its mission and vision by implementing the following practices, concepts, and models. The design of this charter school is based upon the collection of the best practices and experience of the founding members who have over 100 years of experience and training working with this target population. We feel that learning best occurs when student needs are diagnosed and matched with meaningful and relevant educational strategies.

Educational Philosophy

The educational philosophy at EPCTC is driven by the knowledge that all students, if given adequate support from a community school, are capable of succeeding in college, career, and life. It is with that optimism and with research-based strategies on improving student achievement that the Charter School's educational program is designed. The Charter School mission and vision drive everything at EPCTC, from school culture to the academic program.

Description of Curriculum Aligned to Student Performance Standards

EPCTC is a welcoming and safe environment for all students, which develops relevant curriculum partnered with performance tasks; and aligned with the appropriate standard based on the course subject, as a key to building on the students' strengths and bringing relevance to their studies. EPCTC also believes that the everyday learning experiences for all students should~~must~~ be authentic and relevant to their lives. Interdisciplinary units help students connect everyday experiences with learning and serve~~serves~~ to better prepare ~~its~~ students for college and careers. EPCTC also strongly stresses the development of bilingual/biliterate students. EPCTC emphasizes life-long learning~~,~~ and prepares students to attend college or directly enter the workforce.

EPCTC

~~EP CTC~~ has aligned its learning outcomes to the Common Core State Standards, Next Generation Science Standards, California English Language Development Standards, and College & Career Readiness Standards. EPCTC believes that assessment informs practice, and ~~must~~ continually reflects~~reflect~~ upon its curriculum and instruction to ensure that students exceed standards.

EPCTC attempts to diagnose and discover the academic strength and level of each student~~,~~ and build individual academic plans that are appropriate to their needs. EPCTC focuses upon:

- intensive English language development instruction with conceptual and primary language support (Spanish)
- continuous and routine assessment of English language development
- student responsive scheduling based on academic level
- individualized academic plans
- college and workforce preparation
- upon achieving an emerging level of English language development, then transitioning to multiple disciplinary studies.
- developing bilingual and bi-cultural students

EPCTC's goal is to provide all over 18 students with the opportunity to engage in purposeful, stimulating, and career enhancing educational experiences to meet their basic needs and go beyond, in addition to the following:

- EPCTC will treat all students as gifted and talented. Differentiate instruction to fully develop student talents, recognizing their varied learning styles.
- EPCTC will be led by the instructional leaders of the organization and will be responsive to student needs by developing a shared decision-making process that is focused around student needs.
- EPCTC is committed to community improvement by fostering pride in learning and student leadership. The school believes that educated individuals raise the standard of living and quality of life of their families and the community as whole. The goal is to develop and prepare all students, faculty and staff to participate actively in the community.
- The goal is to teach students to dream and achieve their dreams through education.

Plan to Support Students Not Meeting Pupil Outcomes

Teachers regularly monitor student progress. Escuela Popular regularly monitors student progress. Teachers regularly administer assessments, such as NWEA MAP, SBAC, ELPAC~~CELDT~~, PFT and other applicable external and internal assessments, to identify students who may be academically low-achieving or at-promise~~risk~~ at the beginning of the year and on regular cycles throughout the year. Those students performing significantly below grade level have access to the following opportunities:

- **Summer school:** Courses are offered during the summer session to focus on the areas of reading, writing, listening, and speaking during a 4-6 week session.
- **Math Lab:** This class is designed to address students'~~student's~~ current level and development in pre-_core math standards. Teachers~~Instructors~~ provide individualized instruction for students in order to prepare students for core Math courses, at the students' pace of learning.
- **Outside of Classroom Support**: Teachers provide support after school, before school, using online tools, and during school breaks to individual students. Additional support assists students with reaching a level of understanding and mastery to be promoted next level of learning.
- **Additional Tutoring:** Tutoring periods are established within the school day to support students in the areas of Math and English.
- **Foundational skills support and instruction:** These are necessary and important components of any reading program so that students may become proficient and fluent readers. The skills include phonological awareness that ranges from phonemic awareness, the ability to detect and manipulate individual sounds within words, syllables within words, words within sentences and rhymes~~rimes~~. Many nonreaders~~non-readers~~ hear sounds but are unaware of the individual phonemes
- **10-Week Interval and performance-based course scheduling:** Students are scheduled in courses appropriate to their reading, writing, speaking, and listening levels, students needing additional time to focus on specific standards have the opportunity to retake and/or receive additional instruction before moving to the next level, as needed by the student.
- **Small Class Sizes:** Teacher to student ratio is small, when compared to comprehensive schools, at times as low as 10~~5~~ to 1 ratio, allowing more time for individualized instruction.

Bilingual

- ~~**Bi-lingual** **Staff (Spanish) to support with conceptual understandings:**~~ Bilingual~~Bi-lingual~~ staff provides support in primary language to teach concepts and understandings, then transferring the learning to English. Students not reaching the standards often have~~has~~ success in learning it in their primary language to expedite their learning in English.
- **Lexile leveled assigned texts:** Teachers have available student's individual Lexile levels which allows for individualized reading assignments and practice to engage students in reading assignments that are within the students reading range for maximum potential to improve reading comprehension and vocabulary.

Additionally, students have access to academic counseling support where they receive guidance and support on fulfilling their academic plan and graduation requirements. There is on-going communication to support students who are not meeting their student ~~outcomes.~~

outcomes.

Instructional Design and Strategies Based Upon Successful Practice or Research

In meeting these students' needs, we have seen an increase in academic success.

1) Our teaching methods are inspired by "popular education" as defined by Paulo Freire. The concept of popular education is based upon serving students by identifying basic needs and building on their strengths while providing instruction that is relevant to their lives. EPCTC assesses~~assess~~ its students to find out where they are when they come to EPCTC and then begin to direct their education to higher levels of learning. For example, most of the student population requires intensive ESL, Literacy, and Math classes in their first year with EPCTC. As their English proficiency and Literacy levels increase, students are able to meet the challenges of other core subjects, such as the social sciences and natural sciences. EPCTC also places emphasis on dual language instruction so that our students become biliterate. Spanish is the source of knowledge used to accelerate our students' academic progress.
2) EPCTC regards family involvement and support as essential to students' academic success. EPCTC involves the entire family in the learning experience. Parents in EPCTC will often have siblings and children attending Escuela Popular. Home becomes a place of learners. Parents and children reinforce each other's education because they can better relate to each other's~~their~~ learning experience.
3) Most of the staff at EPCTC is reflective of the student body. Many have faced similar obstacles as those faced by its students. The curriculum and school culture are familiar to the culture of the students. In this manner, EPCTC is able to provide a smooth transition into the new culture. Codes of power that exist in the U.S. are explicitly taught to its students.
4) EPCTC engages students in activities that nurture freedom, a sense of well-being, and a consciousness that with the right attitude they can undertake any challenge and be successful. Students are challenged to dream and to work towards the accomplishment of those dreams.

Based on this educational design, EPCTC students may spend 1-3 years developing their English language proficiency. EPCTC students begin at a reading level equivalent to the third grade and through the access high level instruction and support they are able to understand rich literature such as Macbeth, Don Quixote, and Animal Farm.

~~Students at EPCTC are be able to continue their development of both languages, equipping them with a high level of language proficiency in two or more languages. This model is very appropriate for EPCTC students because the majority are monolingual native Spanish speakers and this type of instruction builds upon their language skills.~~

~~EPCTC recruits, trains, and retains bilingual teachers who share a common philosophy and are dedicated to being successful with English language learners, which comprises the majority of the neighborhood community.~~

~~As per California state law, all EPCTC students are required to complete a home language survey upon registration during the enrollment process. Upon successful completion of the orientation program, the school registrar confirms English language status in CALPADS. If a student indicates English is not their primary language and is not listed as "reclassified fluent English proficient" (RFEP), are administered the California English Language Development Test (CELDT) in the timeframe required by the state. Students who enter after the annual assessment window and who were not tested at another California school are tested within the first 30 days of enrollment. All English language learners are tested yearly, including those who have not reached their 22nd birthday. EPCTC complies with all state and federal laws regarding service provisions.~~

~~***Reclassification Procedures***~~*Credit Recovery*

A Counselor meets with each high school student each year. The Counselor monitors the grades of all students each semester. If a student is credit deficient, the Counselor conferences with the student and educational rights holder to develop a plan for the student for credit recovery. Students may recover credits by reenrolling in the class the following year or during summer school. The Counselor monitors all students taking credit recovery courses monthly and reports the student's progress to the Principal, the educational rights holder, and the student. If a student fails to make progress the following month, the Counselor conferences with the student and educational rights

holder to review the plan for credit recovery and make necessary adjustments to the student's schedule.

Dual Enrollment

EPCTC offers an opportunity for students to participate in a dual enrollment program with San Jose City College. College courses provide students with college credits. Students receive a transcript from San Jose City College upon request. (See Appendix 9 Dual Enrollment Agreement.)

Accreditation and Transferability of Courses

EPCTC received a six-year Western Association of Schools and Colleges accreditation which affirms the quality and credibility of its academic program. Additionally, A-G approved courses support alignment with California college entrance requirements. Together, WASC accreditation and A-G approval ensure that courses offered at EPCTC are transferable to other public high schools and meet UC/CSU eligibility standards. During the initial enrollment process, Orientation, and through individual meetings with the counselor, and students, EPCTC informs students about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. If a student is transferring into EPCTC and the transfer might result in an inability to obtain the credits needed to graduate, EPCTC will advise the students about credit recovery options and what is required to meet graduation requirements. EPCTC will explain which course requirements the student is missing and suggest avenues by which the necessary credits can be obtained. In addition, students can find this information in the Student and Family Handbook (See Appendix 10).

Professional Development

Comprehensive professional development is imperative to the success of our teachers in effectively teaching students. (See Appendix 11 Collaborative Meeting Schedule.) EPCTC has developed a strong professional development plan to support and address the needs of teachers to ensure that the highest quality instruction and support is offered to the students. The primary areas of focus for professional development include understanding the mission and vision of the Charter School, implementing best practices to ensure college and career readiness, school safety, standards-based curriculum and differentiated instruction, supporting all students including EL, SED, SWD, interventions, SEL, data analysis, family partnerships and participating in shared decision making including contributing to key critical planning documents LCAP, WASC, etc.).

The following topics below will be covered in PD sessions during the charter term, including but not limited to academics and governance.

Supporting Special Populations

EPCTC is an inclusive charter school and offers services for all students in special populations. This includes, but is not limited to, socioeconomically disadvantaged students; students who are identified as EL; students who are identified as RFEP; students who are Homeless or Foster Youth; and students who receive Special Education services. EPCTC serves all students with an Individualized Education Program ("IEP"), regardless of their eligibility. EPCTC will follow the applicable regulations of the ESEA. The students who are identified as EL will receive daily instruction in ELD in addition to teachers using Specially Designed Academic Instruction in English ("SDAIE") strategies including accessing prior knowledge, cooperative learning, hands-on instruction, student communication, explicit vocabulary instruction, multicultural education and checking for understanding.

Students are most successful when there is a cooperative effort between the students and Charter School personnel with a commitment to and clear agreements regarding shared responsibility. EPCTC has developed time in the professional development calendar for teachers to evaluate data and to plan strategically to support all learners. Instruction is differentiated according to learning styles, strengths, abilities, and interests to support all learners. Students receive actionable and timely feedback, which empowers them to achieve by building on what they know. All students will receive a rigorous, standards-based, and experiential learning experience. Teachers provide additional differentiated instruction. Students who experience problems with academic achievement or who demonstrate the need for behavior support will be referred to services by the Student Support Services office or the Student Study Team ("SST") for further discussion regarding interventions.

EPCTC maintains a culture of high expectations for all students. EPCTC believes that all students can achieve high standards, regardless of their strengths and challenges, and, therefore, all students should be offered opportunities to engage in and succeed with a rigorous curriculum.

Multi-Tiered System of Supports and Response to Instruction and Intervention is a comprehensive framework designed to ensure the academic, behavioral, and social success of all students. By integrating State Standards with differentiated and student-centered learning, MTSS addresses individualized student needs through an alignment of systems that promote success. California's long-standing history of support systems includes Response to Instruction and Intervention ("RtI²") processes, Special Education services, Title I and Title III programs, services for English Learners, and those in gifted and talented programs. MTSS builds on these foundations by driving systemic change through intentional design and redesign of services, enabling rapid identification, and matching of student needs with appropriate interventions.

[2]

While both MTSS and RtI² share similar goals, MTSS encompasses a broader and more comprehensive scope. RtI² focuses primarily on students who are struggling and emphasizes teamwork and data-driven decision-making to improve student outcomes. In contrast, MTSS seeks to align all systems, initiatives, and resources across the Charter School and grade levels. It systematically supports all students, including gifted and academically high-achieving students, by integrating services in a way that sets higher expectations for every student. Unlike RtI², which emphasizes specific interventions for struggling students, MTSS promotes universal supports such as UbD strategies to ensure all students benefit from differentiated instruction and opportunities for success.

MTSS integrates instructional and intervention supports with a focus on long-term systemic change, ensuring sustainability and alignment with State Standards. It challenges school staff to adopt innovative practices across all school settings, promoting collaboration and high expectations for all students. MTSS does not influence special education placement decisions but instead focuses on supporting all students in educational contexts through intentional and holistic design.

MTSS incorporates many of RtI²'s principles, such as high-quality, research-based instruction that values cultural and linguistic relevance. Both frameworks rely on universal screening, diagnostic assessments, and progress monitoring to inform tiered interventions. They also emphasize positive behavioral supports, collaborative problem

solving, and data-driven practices to improve student outcomes. MTSS expands upon these shared principles by embedding them into a broader system designed to serve the needs of every student, ensuring equity and inclusivity in education.

This comprehensive approach positions MTSS as a powerful framework for fostering academic, social, and behavioral growth while addressing the diverse needs of students.3

Student Study Team Process

The Student Study Team is a positive schoolwide early intervention process to support students who are not making satisfactory academic, behavioral, and/or social progress. EPCTC sets up an SST, which is comprised of students, teachers, administrators, and other professionals, as appropriate. The SST meets regularly to highlight a student's strengths upon which a plan for improvement can be based. The SST designs a practical support plan that all team members agree to implement. Follow-up meetings will take place to monitor student progress with the interventions in place. The SST may determine to refer a student for special education evaluation or may monitor the students through the SST protocol based on the student's need.

SST Protocol

Step 1. The Charter School personnel (teacher, support staff, administrator) or the student or educational rights holder requests a referral to the SST. This referral includes information regarding specific concerns and prior interventions and accommodations. The student and educational rights holder are contacted and informed of the referral.

Step 2. The team members review and collect information relevant to the student's performance. This information could include information provided in student's cumulative file, educational rights holder/teacher/administrator observations, grade reports, formative assessments, homework, attendance, educational rights holder, and student information regarding the student's academic and health history, teacher reports, results of state academic assessments, and a list of prior interventions.

Step 3. The team establishes a meeting time when all members can participate and be actively involved in the problem-solving process. A translator is provided if needed.

Step 4. The SST meeting representatives summarize strengths, concerns, discuss, and develop an action plan with academic or behavioral interventions. Modified interventions are then documented and monitored for success. The team brings: 1) completed evaluation forms; 2) relevant work samples; 3) list of interventions attempted; 4) and the student's cumulative file.

Step 5. If the plan is unsuccessful, a follow-up meeting is held within 4-6 weeks to discuss alternatives for accommodations and interventions. The SST process may be repeated. If the revised plan remains unsuccessful, the student may qualify for more structured modifications or a Section 504 Plan. An unsuccessful SST process could lead to a

determination or qualification for Special Education.

All throughout the SST process, clear lines of communication are in place between EPCTC administration, staff, students, and special education staff (as appropriate) as the SST process is implemented.

Supporting Academically Low-Achieving Students

EPCTC is designed to respond to and support the needs of students who come to the Charter School achieving below their potential. Our school size, community supports, and educational program allow us to readily identify and target low-achieving students and provide them with the support they may need to succeed. Students and teachers regularly check student progress, and the following process is followed.

Assessment

All EPCTC students participate in and benefit from an academically rigorous and standards-based curriculum. Academically low-achieving students are identified by meeting any of the following criteria performs at least two (2) grades below grade level, does not meet standards on state testing, answers sixty percent (60%) or more incorrectly on school benchmarks or multiple measures assessments, and fails to demonstrate a minimum of one year of academic growth in reading, writing, and/or math during each year. Academically low-achieving students are identified by teachers, who notify the students and refer them for interventions.

Interventions

EPCTC takes a systematic approach to closing the achievement gap by allocating multiple resources to academically low-performing students. EPCTC teachers will address the needs of academically low-achieving students in the following manner:

After-School Tutoring

Students who are identified as academically low-achieving in reading or math are strongly encouraged to enroll in after-school tutoring. These sessions are taught by trained tutors who provide students with extra time to complete their regular coursework and receive additional assistance to develop English and math skills. Students receive support with study and time management skills. In addition, academically low-achieving students at the high school level benefit from the opportunity to complete homework assignments in a quiet environment with support as needed from teachers.

Additional Staff Support Time for Students

Classroom teachers are available before and after-school for small groups or individual review sessions. Academically low-achieving students are encouraged to attend these sessions on a weekly basis. In meeting with students, teachers may reteach material, provide additional support for completing assignments, provide additional individualized instruction, and/or offer alternative assessments.

Teaching Learning Communities

During weekly meetings, and during informal daily collaboration time, teachers meet and discuss individual progress of academically low-achieving students. The discussions focus on tracking progress, identifying areas of need, and effective intervention strategies.

Progress Monitoring

EPCTC is also committed to monitoring the progress of academically low-achieving students as part of prevention and interventions. As part of the MTSS, EPCTC will utilize RtI and will monitor the progress of each academically low-achieving student through the following processes:

In the MTSS and RtI² frameworks, Tiers 1, 2, and 3 provide a structured approach to supporting students based on their individual needs, with progress monitoring integral to each tier.

Tier 1 – Universal and Core Instruction: represents high-quality, standards-aligned instruction for all students in the general education setting. This tier includes differentiated teaching, positive behavioral supports, and frequent assessments to ensure that at least 80-90% of students can succeed without additional intervention. Universal screening and regular progress monitoring at this level help identify students who may need additional support. Small group instruction and individualized differentiation are used at this level.

As part of the Tier 1 foundation, all students receive interventions in the classroom. Data mined from benchmarks, DIBELS assessments, MAP Growth assessments, previous year ELPAC and SBAC assessments are used to determine students' strengths and challenges. During core classes, students will receive individualized instruction and activities to strengthen their progress toward standards mastery. The differentiated instruction and work will allow all students to access both the curriculum and core content at various academic levels. A student's specific need may change as interventions are put into place, which is why EPCTC will utilize progress monitoring to adjust the interventions to assure standard mastery. Students will also take part in small group instruction during this time, and work both individually and collaboratively, depending on the assignment or the activity.

Tier 2 – Strategic Intervention: targets students who require additional help beyond Tier 1. These students, typically about 10-15% of the population, receive small-group interventions tailored to their specific needs, such as supplemental instruction in literacy, math, or behavior. At this level, progress monitoring occurs more frequently to evaluate the effectiveness of interventions and adjust strategies as needed.

Through a small group setting, standard and concept specific lessons will be administered. Teachers will be able to observe and assess students, both formally and informally, and differentiate as needed. Strategic intervention allows students to practice and develop skills. On-going benchmark and progress monitoring will be used to adjust interventions. Tier 2 groupings are flexible and can be changed, as necessary. The groupings' fluidity allows for students making progress to assess out of this tier, while

other students can participate if warranted.

Tier 3 – Intensive Intervention: is the most intensive level of support, designed for the 1-5% of students who need individualized, specialized interventions due to significant academic, behavioral, or social challenges. Progress monitoring at this tier is even more frequent and detailed, allowing teachers to closely track individual progress, refine interventions, and determine next steps. Across all tiers, progress monitoring ensures that instruction and interventions are data-driven and responsive, providing every student with the support necessary for success.

Intensive intervention allows students to receive explicit instruction and focus on only one skill until proficient and prepared to move on. Highly flexible grouping will allow teachers to reorganize students, including multiage grouping when appropriate.

Student progress is monitored on an ongoing basis through a combination of teacher observation, checklists, classroom assessments, intervention assessments, and benchmark assessments to determine the effectiveness of interventions. Student progress is communicated to the student and educational rights holder every six (6) weeks. If after the intervention session, the strategies in place are deemed unsuccessful, the intervention will be adjusted for the next six (6) weeks. If the student continues to not make adequate progress they will be referred to the SST process.

Supporting Academically High-Achieving Students

The mission of EPCTC is to ensure all students are bilingual and bicultural students, fully prepared to continue on to higher education and empowered to pursue their goals in a global society. Teachers are prepared to provide additional challenges for academically high-achieving students. Teachers are taught how to extend student learning by doing pre-assessments of concepts/skills previously mastered and students are able to engage in and share the products of accelerated learning activities, such as PowerPoint/Google Sheet presentations, independent projects or projects with peers who have similar interests.

Assessment

The counselor will identify academically high-achieving students by collecting data from existing sources, such as, the cumulative record, CAASPP data, quarterly benchmark results, grades, and interviews with advisors.

EPCTC's counselor will identify academically high-achieving students from varying linguistic, economic, and cultural backgrounds. These students will have the opportunity to participate in dual enrollment courses and other student leadership roles such as president of a club or captain of a team. The administrator and later counselor will be responsible for keeping academically high-achieving students abreast of specialized programs and extracurricular activities.

Throughout the school year, evidence of learning is collected and showcased to share the deeper and broader understanding and application of content.

Enrichment

EPCTC will provide growth and enrichment opportunities for excellence for students who demonstrate an ability to achieve beyond their grade level. The Charter School is committed to providing academically high-achieving students with opportunities to study the curriculum in more depth and to extend their proficiency by utilizing higher order thinking skills. Teachers will use differentiated instructional strategies to provide challenging assignments to academically high-achieving students to further develop their originality, creativity, and uniqueness.

EPCTC encourages academically high-achieving students to become leaders in student government, tutoring younger students, running events such as committee member, fundraisers in support of nonprofit organizations, emceeing events, becoming ambassadors for Charter School tours, or representing EPCTC at community events and functions. Academically high-achieving students may also compete in school contests and competitions, and work with the Principal to form other activities to engage all of their peers in maintaining a strong, positive EPCTC community.

Flexible academic groupings within and out of the classroom, along with the extracurricular enrichment opportunities, are designed and implemented to fully serve academically high-achieving students as well as students working toward academic success. EPCTC teachers provide a qualitatively differentiated curriculum that stresses higher order thinking, concept learning, and cross-curricular study grounded in academic content standards to prepare for CAASPP testing, to promote brain development, and to engage learners at all levels.

Web Projects

Web projects provide students opportunities to independently research topics of their interest that are closely linked to an area of study in which the rest of the class is participating. Teachers will provide guidelines and web resources for such projects. The teacher also gives the student the rubric for the assessment of such projects. All students will have access to a Chromebook to explore and research such projects.

Small Group Research Projects

Teachers can arrange for a group of high-performing, self-directed students to work together exploring a topic. Students assign themselves roles such as report writer, PowerPoint creator, or group facilitator. Each student will specialize in one area of expertise. The teacher will build in class time for these academically high-achieving students to work on their research project when the other students may be practicing skills the small group has already mastered or working independently. The teacher will schedule a time for this group to present the research project to the class and present it to other classes and outside audiences as well. Such activities by students encourage cooperative learning among academically high-achieving students and raises expectations for all students.

Independent Projects

Students may also research a topic based on that student's own inquiry or based on the curriculum in the classroom. Teachers support students with learning to access resources from a variety of sources. The independent project may be completed in the form of a report written by the student, a PowerPoint/Google presentation, a video, or another product showcasing the knowledge gained.

Supporting Socioeconomically Disadvantaged Students

The majority of EPCTC students are socioeconomically disadvantaged students, therefore, the educational program has been specifically designed to ensure that the EPCTC mission is fulfilled. The priorities to serve SED students include providing support to succeed even though they may have socioeconomic challenges and prior lack of access to educational opportunities. The goal is to close the achievement gap. As a community school, EPCTC provides wraparound services. EPCTC offers additional supports to ensure students have access to instruction by providing school uniforms, meals, backpacks, school supplies, and counseling. These services help remove barriers to learning and create a supportive environment for students. Finally, EPCTC's collaboration with community and nonprofit organizations addresses a wide range of needs for students and families. These services include resources which provide access to food, healthcare, housing assistance, legal support for immigration issues, tutoring, and counseling services. EPCTC provides daily meals to students, every day including early release days. All students are provided with a Chromebook and a wi-fi hotspot if needed to close the digital divide. Students are provided with technological support for the equipment. Students may attend the after-school program with is open from 7:30 AM to 6:00 PM for free every day the Charter School is in session and for 30 days during school breaks. Students have opportunities to participate in extracurricular activities like sports, clubs, and organizations that they may not otherwise be able to previously participate in due to lack of transportation, access, and cost. Students attend field trips. EPCTC provides workshops for families on important issues related to parenting and education. Funds are allocated to ensure all students have access to all opportunities.

Supporting the Social Emotional Needs of Students

In addition to a powerful commitment to SEL and the work that the Student Support Services department has been doing to support the social emotional needs of students, EPCTC is dedicated to building a community of learners who respect one another and take responsibility for a path toward their future college or career ambitions. In order to support each student's path, EPCTC implements positive reinforcement to teach important life skills while allowing students to build community with their peers.

Students will regularly be acknowledged for demonstrating the Charter School's values and making good choices. There are a variety of ways in which students receive positive reinforcement through EPCTC's strong PBIS program.

Supporting Homeless and Foster Youth

EPCTC recognizes the importance of providing homeless and foster youth with a supportive educational environment. In response to their needs, EPCTC will work closely

with Santa Clara County agencies in identifying and monitoring homeless and foster youth who enroll. EPCTC will coordinate with the Department of Family and Children's Services to account for the Charter School's foster population. EPCTC also verifies all students who attended school in California through CALPADS to recognize all students who were homeless or in foster care. EPCTC will seek to develop strong relationships with child welfare agency staff, meeting frequently with personnel at child welfare agencies to discuss aligned goals and strategies for serving foster youth. EPCTC cultivates a respectful school culture, in which foster youth can feel secure in approaching adults on campus regarding difficulties in accessing resources, or for general counseling and guidance. Foster youth with specific needs that cannot be met on campus will be referred to local partner resources that are gratis to the student whenever possible. Additionally, these youths will have full access to all programs offered by EPCTC.

EPCTC follows the identification, enrollment, and continued support procedures as outlined by the McKinney-Vento Act and detailed in its Homeless and Foster Youth Policy. EPCTC has a Homeless Liaison who provides outreach to families and coordinates services between the family and other agencies. EPCTC includes a Student Residency Questionnaire at enrollment to determine eligibility for families under the McKinney-Vento Homeless Assistance Act. The Charter School is committed to providing a high-quality education with all supports necessary to ensure that HY have the opportunity to succeed. In order to help HY, the Homeless Liaison will assist in procuring referrals to health, dental, mental health, substance abuse services, housing services, and any other appropriate services. The Homeless Liaison will assist the student themselves to enroll, obtain necessary immunizations or immunization records. The Homeless Liaison will inform the student of educational and related opportunities to assist them in becoming academically successful.

With reservation funds for homeless education, EPCTC provides an individual device, internet access, transportation to and from school (bus passes or gas cards), clothing, shoes, laundry supplies, food, toiletries, school supplies, field trips, social emotional counseling, academic support, a mentor, tutoring, and a backpack with school supplies. EPCTC also provides a quiet space to work for HY. Specifically for high school activities, EPCTC covers fees for caps and gowns and ensures fee waivers to apply for college or university. In order to ensure that the students have access to the entire high school experience, EPCTC also covers the cost of admission to games, formal ball, and field trips.

Supporting English Learners

To address the significant academic needs of EL students, all of the major components of EPCTC's instructional program have been carefully designed to promote the academic and social success of ELs. Some of English Learners' needs and challenges include learning academic content and transitioning to a new culture and community. English Learners are a diverse group of students with varying backgrounds, experiences, cultural contexts, academic proficiencies, and levels of English proficiency. The same can be said of newcomers who may enroll at EPCTC (English Learners arriving in the U.S. as defined in Section 7011(5) of Title 20 of the United States Codes as "immigrant children and

youth"), who will experience many of the same challenges as other ELs but whose English proficiency is often lower than other ELs.

The Charter School is prepared to meet the needs of ELs, Long-Term English Learners ("LTELs") or ELs at Risk of Becoming Long-Term EL ("AR-LTELs"). EPCTC's bilingual program, SDAIE strategies, integrated and designated ELD instructional strategies, and integration of LTELs in the rigorous classroom environment are all research-based strategies for supporting LTELs. For example, a comprehensive study of LTEL students recommended practices for schools to support ELD and general academic success for LTELs, such as: "clustered placement in rigorous grade-level content classes mixed with English proficient students and taught with differentiated SDAIE strategies."[4]

EPCTC will meet all applicable legal requirements for ELs, including long-term English Learners or ELs at risk of becoming LTELs, as they pertain to annual notification to students, student identification, placement, program options, ELD and core content instruction, teacher qualifications and training, reclassification to fluent English proficient status, monitoring and evaluating program effectiveness, and standardized testing requirements. The Charter School will implement policies to ensure proper placement, evaluation, and communication regarding ELs and the rights of students.

EPCTC believes that ELs are capable of achieving the highest academic standards in a well-designed program where students learn English without having to sacrifice content or their native language. EPCTC has developed~~also believes that~~ a bilingual program that needs to truly be bilingual where at least two languages are mastered by all students. Cognitively, research shows that students who are proficient in more than one language outperform monolingual students on tasks that call for divergent thinking, pattern recognition, and problem solving. Students are able to continue their development of both languages through grade 12, equipping them with a high level of language proficiency in two or more languages. EPCTC feels that this model is very appropriate for students because the majority are monolingual native Spanish speakers, and the instruction builds upon their language skills. EPCTC recruits, trains and retains bilingual teachers who share the Charter School's philosophy and are dedicated to being successful with ELs who comprise the majority of the neighborhood community.

Identification of English Learners

In order to identify students who are ELs in a timely fashion and to provide appropriate instructional support and services, all students will be required to complete a Home Language Survey upon enrollment at the Charter School, if it is the first California public school in which they enroll. (Education Code Section 52164.1. Students who indicate that their home language is other than English will be assessed using the ELPAC assessment aligned to the California ELD Standards if they have not previously been identified as an English learner by a California public school or if there is no record of prior ELPAC test results. EPCTC also verifies every student new to the Charter School on CALPADS to access relevant EL data to ensure proper placement in designated ELD.

[4] Olson, Laurie. "A Closer Look at Long Term English Learners: A Focus on New Directions," In the STARlight, Issue 7. December 2010.

English Language Proficiency Assessment

All students who are identified as ELs will be tested with the ELPAC. The ELPAC has four proficiency levels (Level 4: well developed; Level 3: moderately developed; Level 2: somewhat developed; and Level 1: minimally developed) and is aligned with the 2012 California ELD Standards.

The ELPAC consists of two separate assessments:

- Initial Assessment ("IA")

The ELPAC IA is used to identify students as either an English Learner, or as fluent in English. The IA is administered only once during a student's time in the California public school system based upon the results of the home language survey. The locally scored IA will be the official score. The IA is given to students in grades K–12 whose primary language is not English to determine their English proficiency status.

- Summative Assessment ("SA")

ELs will take the SA every year until they are reclassified as fluent English proficient. The ELPAC SA is only given to students who have previously been identified as an EL based upon the IA results, in order to measure how well they are progressing with English development in each of the four domains. The results are used as one of four criteria to determine if the student is ready to be reclassified as fluent English proficient, to help inform proper educational placement, and to report progress for accountability.

Both the ELPAC SA and IA are assessments administered in seven grade spans—K, 1, 2, 3–5, 6–8, 9–10, and 11–12. For ELs within EPCTC's grade span, the test is administered in groups, exclusive of speaking, which is administered individually. The ELPAC IA and SA will be administered via a computer-based platform.

Testing times will vary depending upon the grade level, domain, and individual student. Both the ELPAC IA and SA are given in two separate testing windows throughout the school year.

The IA testing window is year-round (July 1–June 30). Any student whose primary language is other than English as determined by the home language survey and who has not previously been identified as an English Learner by a California public school or for whom there is no record of results from an administration of an English language proficiency test, shall be assessed for English language proficiency within 30 calendar days after the date of first enrollment in a California public school, or within 60 calendar days before the date of first enrollment, but not before July 1 of that school year.

The SA testing window is determined by the CDE. It is expected to be a four-month window after January 1 (for example, February 1–May 31). The English language proficiency of all currently enrolled ELs shall be assessed by administering the test during the annual assessment window.

The Charter School will notify all students of its responsibility for ELPAC testing and of

ELPAC results within thirty days of receiving results from the publisher. The ELPAC shall be used to fulfill the requirements under the ESSA for annual English proficiency testing.

The English language proficiency of all currently enrolled English learners, including newcomers and LTELs, will be assessed in accordance with the test contractor's directions and Education Code guidelines. Students with disabilities will be permitted to take the test with the accommodations listed in the Education Code if they are specified in the student's IEP or Section 504 plan. An alternate assessment for English language proficiency will be administered to students who are unable to participate in the ELPAC, according to the guidelines set forth in the student's IEP. For EL students who have IEPs, EPCTC will ensure that linguistically appropriate IEPs are developed, including the components required by Education Code Section 56345(b).

Reclassification Procedures

Reclassification procedures utilize multiple criteria in determining whether to classify a pupil as proficient in English including, but not limited to, all of the following:

- Assessment of language proficiency using an objective assessment instrument including, but not limited to, the ELPAC.
- Participation of the pupil's teachers and any other certificated staff with direct responsibility for teaching or placement decisions of the pupil to evaluate the pupil's curriculum mastery.
- Educational rights holder and student opinion and consultation, achieved through notice to students of the language reclassification and placement including a description of the reclassification process and the student's opportunity to participate, and encouragement of the participation of students and educational rights holder in the reclassification procedure including seeking their opinion and consultation during the reclassification process.
- Comparison of the pupil's performance in basic skills against an empirically established range of performance in basic skills based upon the performance of English proficient pupils of the same age that demonstrate to others that the pupil is sufficiently proficient in English to participate effectively in a curriculum designed for pupils of the same age whose native language is English. This could include SBAC scores, NWEA MAP assessment data, grade in English and other core classes, and other empirical data.

Educational Program for English Language Acquisition

In addition to the major program design features at EPCTC that support students who are English learners, teachers at EPCTC will employ the following specific strategies in their classrooms: (notably, these strategies are beneficial for all students, not just English Learners)

Six Key *Strategies for* Teachers of English Learners[5] ~~*Special Education*~~

1. Vocabulary and Language Development
   - Teachers will introduce new concepts by discussing vocabulary words key to that concept.
   - Teachers will build on a student's background knowledge and cultural background.

[5] Adapted from Alliance for Excellent Education. (December 2005). Case study on the New Teacher Center, University of California at Santa Cruz; and Project GLAD (Guided Language Acquisition Design).

- Classrooms will reflect a language-rich environment (i.e., language charts, shared reading and writing experiences, and other writing displayed throughout the room and used daily by students).

2. Guided Interaction (collaborative learning)
   - Teachers will structure lessons so that students work together to understand what they read—by listening, speaking, reading, and writing collaboratively about the academic concepts in the text.
   - Teachers will provide students with opportunities to negotiate meaning from language and text and to work in cooperative pairs or groups to develop problem solving and social skills.
   - Teachers will group students flexibly, at times working in heterogeneous groups and at times not.

3. Metacognition and Authentic Assessment
   - Rather than having students simply memorize information, teachers will model and explicitly teach thinking skills (metacognition) crucial to learning new concepts.
   - Teachers will use a variety of activities to check for student understanding, acknowledging that students learning a second language need a variety of ways to demonstrate their understanding of concepts that are not wholly reliant on advanced language skills.
   - Teachers will "make thinking public," the metacognitive aspect of teachers and students modeling how an answer was arrived at, not merely what the correct answer was.

4. Explicit Instruction
   - Teachers will utilize direct teaching methods to teach concepts, academic language, reading comprehension strategies, text patterns, vocabulary, writing patterns, and decoding skills needed to complete classroom tasks.

5. Meaning-Based Context and Universal Themes
   - Teachers will incorporate meaningful references from the students' everyday lives and use them as springboards to interest them in academic concepts.
   - Teachers will create classroom environments that provide authentic opportunities for the use of academic language.
   - Teachers will provide students with opportunities to activate and focus prior knowledge via inquiry charts, brainstorming, and clustering.

6. Modeling, Graphic Organizers, and Visuals
   - Teachers will regularly utilize a variety of visual aids, graphic organizers (such as Thinking Maps), pictures, diagrams, summaries, and charts to help English learners easily recognize essential information and its relationship to supporting ideas.

Specially Designed Academic Instruction in English

Instruction using SDAIE is grounded in a pedagogical commitment to meeting the needs of diverse learners, in this case particularly those students who are English learners. The teachers at EPCTC will engage in the following practices to support universal access of subject matter content for all students[6]:

- During lesson planning and preparation, teachers will identify lesson objectives aligned with State Standards.
- Teachers will link new content to students' background experiences and introduce unfamiliar vocabulary to facilitate comprehension.
- Teachers will use controlled vocabulary, sentence structure, visuals, and gestures as necessary and appropriate to make the presentation of content comprehensible.
- Teachers will provide students with a variety of strategies for organizing and retaining information associated with effective learning, such as graphic organizers and note-taking.
- Teachers will provide students with regular opportunities to interact with their peers through collaborative learning activities, such as think/pair/share, partner, and group projects.
- Teachers will provide students with regular opportunities to use new language skills in context.
- Teachers will pace lessons to appropriately allow for the participation and active engagement of all students.
- Teachers will utilize language-based as well as content-based assessments.

Integrated and Designated ELD Instruction

EL Students will receive both Integrated ELD instruction and Designated ELD instruction at EPCTC.

Integrated ELD

At EPCTC, teachers in all core content areas will integrate the ELD components of the core curriculum text and develop language forms and functions while developing core content knowledge. Teachers in ELA will integrate ELD in the ELA Curriculum as described in the CDE's ELA/ELD Framework. In addition, ELs will also receive designated ELD during a dedicated period daily.

Designated ELD

The designated ELD program at EPCTC is designed to build skills in each of the language domains. It engages students in reading, writing, listening, speaking, and language. Lessons emphasize effective, research-based strategies shown to improve overall reading abilities with scaffolds to meet the different levels of English language proficiency. Individual, small group, and whole-class instruction is personalized based on formative assessments.

Monitoring and Evaluation of EL Program Effectiveness

The Charter School evaluates the effectiveness of its education program for ELs by: Adhering to Charter School-adopted academic benchmarks by language proficiency level and years in program to determine annual progress.

- Monitoring teacher qualifications.
- Monitoring the use of appropriate instructional strategies based on student achievement data.
- Monitoring student identification and placement.
- Monitoring program choice options.
- Monitoring availability of adequate resources.

Monitoring English Learner Progress

The teachers will monitor ELs progress through ELD folders and collect work samples to measure progress regarding comprehension, fluency, vocabulary, pronunciation, and grammar usage four times a year. Teachers provide quarterly progress reports to students on the growth in English Proficiency. Staff will monitor RFEP students for a minimum of four years. The Principal will maintain a list of students who are identified as ELs with ELPAC, CAASPP, enrollment in public schools in the United States, and reclassification data. EPCTC also maintains data regarding grade progression, benchmark scores, and promotion to next grade with standard mastery.

Each EL has an ELD Folder to track academic progress. EPCTC will maintain ELD information including Home Language Survey, ELPAC results, Reclassification Forms, and Years 1-4 monitoring forms. EPCTC will provide intervention to students who score Standard Not Met or Standard Nearly Met in ELA and math on the CAASPP.

Supporting Students with Disabilities

EPCTC supports all students with disabilities (See Appendix 13 SEIS Report of Students and Services Provided) until their 22nd birthday. As adult students they hold their own educational rights unless they have an educational rights holder. EPCTC will provide designated services to SWD based on their IEP through an onsite staff member who holds the appropriate credential or by a qualified outsourced educational service provider. Students are offered a continuum of services in the least restrictive environment based on that student's progress toward meeting their IEP goals. As a student enters EPCTC, a 30-day IEP is held to define the present levels of functioning and services to be provided. Special attention is given to transition plans as part of the student's IEP. As students transition to middle school, high school and college or career, the EPCTC staff works directly with the student and their family to develop transition plans and goals. Progress toward English language proficiency for SWD and who are also ELs are monitored by the IEP team. The IEP team may determine if reclassification is appropriate for the students following a review of reclassification criteria and the student's progress toward IEP goals. Students with disabilities will receive instruction or monitoring based on that student's IEP goals. EPCTC is committed to providing a continuum of services in the least restrictive environment.

Overview

The Charter School shall~~EPCTC pledges to work in cooperation with all local education agencies (LEAs) and special education local plan areas (SELPAs) to ensure that a free and appropriate education is provided to adult students with exceptional needs who meet the age eligibility (up to their 22nd birthday).~~

~~EPCTC recognizes its responsibility to enroll and support students with disabilities who can benefit from its programs and who otherwise qualify for enrollment and pledges to work in cooperation with the ESUHSD and the El Dorado SELPA to ensure that a free and appropriate education is provided to all students with exceptional needs, who meet the age eligibility (up to their 22nd birthday). Escuela Popular will~~ comply with all applicable state and federal laws in serving SWD~~students with disabilities~~, including, but not limited to, ~~the Individuals with Disabilities Education Improvement Act of 2004 (IDEA),~~ Section 504, the ADA, and the IDEA.

The Charter School shall be its own local educational agency ("LEA") and is a member of the El Dorado County Charter ("EDCOE") Special Education Local Plan Area ("SELPA") in conformity with Education Code Section 47641(a).

The Charter School has included a letter of good standing from EDCOE (See Appendix 14 EDCOE SELPA Letter of Good Standing). As an LEA member of the SELPA, the Charter School shall receive state and federal revenues directly, in accordance with the SELPA's allocation plan.

The Charter School shall comply with all state and federal laws related to the provision of special education instruction and related services and all SELPA policies and procedures; and shall utilize appropriate SELPA forms.

The Charter School may seek resources and services (e.g., Speech, Occupational Therapy, Adapted P.E., Nursing, and Transportation) from the SELPA, subject to SELPA approval and availability. The Charter School may also provide related services by hiring credentialed or licensed providers through private agencies or independent contractors (See Appendix 15 Special Education Service Provider Contracts).

The Charter School shall be solely responsible for its compliance with Section 504 and the ADA. The facilities to be utilized by the Charter School shall be accessible for all SWD (See Appendix 16 Facility Inspection Tool).

Section 504 of the Rehabilitation Act

The Charter School recognizes its legal responsibility to ensure that no qualified person with a disability shall, on the basis of disability, be excluded from participation, be denied the benefits of, or otherwise be subjected to discrimination under any program of the Charter School. A student who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment, is eligible for protections under Section 504.

A Section 504 team will be assembled by the Principal or designee and shall include the educational rights holder, the student, and other qualified persons knowledgeable about the student, the meaning of the evaluation data, placement options, and accommodations. The Section

504 team will review the student's existing records; including academic, social, and behavioral records, and is responsible for making a determination as to whether an evaluation for Section 504 services is appropriate.

If the student has already been evaluated under the IDEA but found ineligible for ~~of 1973, Title II of the Americans with Disabilities Act, and any other civil rights enforced by the U.S. Department of Education Office of Civil Rights (OCR). Furthermore, Escuela Popular will comply with AB 602, ESUHSD guidelines, and all California laws pertaining to~~ special education instruction or related services under the IDEA, those evaluations may be used to help determine eligibility under Section 504. The student evaluation shall be carried out by the Section 504 team, which will evaluate the nature of the student's disability and the

impact upon the student's education. This evaluation will include consideration of any behaviors that interfere with regular participation in the educational program and/or activities. The Section 504 team may also consider the following information in its evaluation:

- Tests and other evaluation materials that have been validated for the specific purpose for which they are used and are administered by trained personnel.
- Tests and other evaluation materials including those tailored to assess specific areas of educational need, and not merely those which are designed to provide a single general intelligence quotient.
- Tests are selected and administered to ensure that when a test is administered to a student with impaired sensory, manual or speaking skills, the test results accurately reflect the student's aptitude or achievement level, or whatever factor the test purports to measure, rather than reflecting the student's impaired sensory, manual or speaking skills.

The final determination of whether the student will or will not be identified as a person with a disability is made by the Section 504 team in writing and notice is given in writing to the student in their primary language along and educational rights holder with the procedural safeguards available to them. If during the evaluation, the Section 504 team obtains information indicating possible eligibility of the student for special education per the IDEA, a referral for assessment under the IDEA will be made by the Section 504 team.

If the student is found by the Section 504 team to have a disability under Section 504, the Section 504 team shall be responsible for determining what, if any, accommodations or services are needed to ensure that the student receives a free and appropriate public education ("FAPE"). In developing the Section 504 Plan, the Section 504 team shall consider all relevant information utilized during the evaluation of the student, drawing upon a variety of sources, including, but not limited to, assessments conducted by the Charter School's professional staff.

The Section 504 Plan shall describe the Section 504 disability and any program accommodations, modifications or services that may be necessary.

All Section 504 team participants, students, educational rights holder, teachers, and any other participants in the student's education, including substitutes and tutors, should have access to a copy of each student's Section 504 Plan. The Principal or designee will ensure that teachers include Section 504 Plans with lesson plans for short-term substitutes and that they review the Section 504 Plan with a long-term substitute. A copy of the Section 504 Plan shall be maintained in the student's file. Each student's Section 504 Plan will be reviewed at least once per year to determine the appropriateness of the Plan, needed modifications to the plan, and continued eligibility.

Services for Students under the "IDEA"

The following description regarding how special education and related services shall be provided and funded is being proposed by the Charter School for the sole purpose of providing a reasonably comprehensive description of the special education program in

the Charter Petition and is not binding on the District. The specific manner in which special education and related services shall be provided and funded shall be set forth in an agreement, delineating the respective responsibilities of the Charter School and the SELPA.

The Charter School shall provide special education instruction and related services in accordance with the IDEA, Education Code requirements, and applicable policies and practices of the SELPA.

The Charter School shall provide services for special education students enrolled in the Charter School. The Charter School shall follow SELPA policies and procedures and shall utilize SELPA forms in seeking out and identifying and serving students who may qualify for special education programs and services and for responding to record requests and complaints and maintaining the confidentiality of student records.

The Charter School agrees to promptly respond to all SELPA or District inquiries, to comply with reasonable directives from the SELPA or the District, and to allow the SELPA or the District access to Charter School students, staff, facilities, equipment, and records as required or imposed by law.

Staffing

All special education services at the Charter School shall be delivered by individuals or agencies qualified to provide special education services as required by the California Education Code and the IDEA. Charter School staff shall participate in District or SELPA in-service training relating to special education.

The Charter School shall be responsible for the hiring, training, and employment of site staff necessary to provide special education services to its students, including, without limitation, special education teachers, paraprofessionals, and resource specialists. The Charter School shall ensure that all special education staff hired or contracted by the Charter School is qualified pursuant to SELPA policies, as well as meet all legal requirements. The Charter School shall be responsible for the hiring, training, and employment of itinerant staff necessary to provide special education services to Charter School students, including, without limitation, speech therapists, occupational therapists, behavioral therapists, and psychologists.

Notification and Coordination

The Charter School shall follow SELPA policies as they apply to all SELPA schools for responding to implementation of special education services. The Charter School shall adopt and implement policies relating to all special education issues and referrals.

Identification and Referral

The Charter School shall have the responsibility to identify, refer, and work cooperatively in locating Charter School students who have or may have exceptional needs that qualify them to receive special education services. The Charter School shall implement SELPA policies and procedures to ensure timely identification and referral of students who have,

or may have, such exceptional needs. A student shall be referred for special education only after the resources of the general education program have been considered, and where appropriate, utilized.

The Charter School shall follow SELPA child-find procedures to identify all students who may require assessment to consider special education eligibility and special education and related services in the case that general education interventions do not provide a free appropriate public education to the student in question.

Assessments

The term "assessments" shall have the same meaning as the term "evaluation" in the IDEA, as provided in Section 1414, Title 20 of the United States Code. The Charter School shall determine what assessments, if any, are necessary and arrange for such assessments for referred or eligible students in accordance with applicable law. The Charter School shall obtain student or educational rights holder consent to assess Charter School students.

IEP Meetings

The Charter School shall arrange and notice the necessary IEP meetings. IEP team membership shall be in compliance with state and federal law. The Charter School shall be responsible for having the following individuals in attendance at the IEP meetings: the Principal and/or the Charter School designated representative with appropriate administrative authority as required by the IDEA; the student's special education teacher; the student's general education teacher if the student is or may be in a general education classroom; the student; the student's educational rights holder; and other Charter School representatives who are knowledgeable about the general education program at the Charter School and/or about the student. The Charter School shall arrange for the attendance or participation of all other necessary staff that may include, but are not limited to, an appropriate administrator to comply with the requirements of the IDEA, a speech therapist, psychologist, resource specialist, and behavior specialist; and shall document the IEP meeting and provide notice of procedural rights.

IEP Development

The Charter School understands that the decisions regarding eligibility, goals/objectives, program, services, placement, and exit from special education shall be the decision of the IEP team, pursuant to the IEP process. Programs, services, and placements shall be provided to all eligible Charter School students in accordance with the policies, procedures and requirements of the SELPA and State and Federal law.

IEP Implementation

The Charter School shall be responsible for all school site implementation of the IEP. As part of this responsibility, the Charter School shall provide students with timely reports on their progress as provided in the student's IEP at least as frequently as report cards are provided for the Charter School's non-special education students. The Charter School shall also provide all home-school coordination and information exchange. The Charter School shall also be responsible for providing all curriculum, classroom materials,

classroom modifications, and assistive technology.

Interim and Initial Placements of New Charter School Students

The Charter School shall comply with Education Code Section 56325 with regard to students transferring into the Charter School within the academic school year. In accordance with Education Code Section 56325(a)(1), for students who enroll in the Charter School from another school district within the State, but outside of the SELPA with a current IEP within the same academic year, the Charter School shall provide the student with a free appropriate public education, including services comparable to those described in the previously approved IEP, in consultation with the student and educational rights holder, for a period not to exceed thirty (30) days, by which time the Charter School shall adopt the previously approved IEP or shall develop, adopt, and implement a new IEP that is consistent with federal and state law.

In accordance with Education Code Section 56325(a)(2), in the case of an individual with exceptional needs who has an IEP and transfers into the Charter School from a district operated program under the same special education local plan area of the Charter School within the same academic year, the Charter School shall continue, without delay, to provide services comparable to those described in the existing approved IEP, unless the student and educational rights holder and the Charter School agree to develop, adopt, and implement a new IEP that is consistent with federal and state law.

For students transferring to the Charter School with an IEP from outside of California during the same academic year, the Charter School shall provide the student with a free appropriate public education, including services comparable to those described in the previously approved IEP in consultation with the students, until the Charter School conducts an assessment pursuant to paragraph (1) of subsection (a) of Section 1414 of Title 20 of the United States Code, if determined to be necessary by the Charter School, and develops a new IEP, if appropriate that is consistent with federal and state law.

Non-Public Placements/Non-Public Agencies

The Charter School shall be solely responsible for selecting, contracting with, and overseeing all non-public schools and non-public agencies used to serve special education students.

Non-discrimination

It is understood and agreed that all students shall have access to the Charter School and no student shall ~~students. No student will~~ be denied admission nor counseled out of the Charter School due to the nature, extent, or severity of their disability or due to the student's request for, or actual need for, special education~~to Escuela Popular based on disability or lack of available~~ services.

Concerns and Complaints

The Charter School shall adopt policies for responding to student concerns or complaints related to special education services. The Charter School shall receive any concerns raised by students regarding related services and rights.

The Charter School's designated representative shall investigate as necessary, respond to, and address the student concern or complaint.

Due Process Hearings

The Charter School may initiate a due process hearing or request for mediation with respect to a student enrolled in the Charter School if it determines such action is legally necessary or advisable. In the event that the student files for a due process hearing, or request mediation, the Charter School shall defend the case.

SELPA Representation

The Charter School understands that it shall represent itself at all SELPA meetings.

Funding

The Charter School understands that it shall be subject to the allocation plan of the SELPA.

EPCTC is an independent local educational agency (LEA) and has joined the El Dorado Special Education Local Plan Area (SELPA) pursuant to Education Code Section 47641(a). A change in LEA status or SELPA membership shall not require a material revision of this charter.

EPCTC receives federal and state special education funds from El Dorado County Charter SELPA. The Charter SELPA is the recipient of both federal and state special education funds. The Charter SELPA bases state funding for EPCTC on its current year P-2 ADA and for federal on prior year CBEDS enrollment. EPCTC is expected to pay approximately 40% of the total costs of special education from local sources.

Per Federal Law, all students with disabilities will be fully integrated into the programs of EPCTC, with the necessary materials, services, and equipment to support their learning. The school will ensure that any student with a disability attending EPCTC is properly identified, assessed and provided with necessary services and supports.

EPCTC will meet all the requirements mandated within a student's Individual Education Plan (IEP). The school will seek to include all special needs students with non-disabled peers to the maximum extent appropriate according to their IEP. However, if the student's needs, as documented on the IEP, require a program other than inclusion, the school will work with the SELPA to provide an appropriate placement and services.

EPCTC will work ensure that time and facilities are available to meet the needs of the student's IEP. EPCTC will actively participate in all aspects of the IEP to enable the student to be successful, including the appropriate individual tutoring schedule and classroom modifications, strategies, and techniques. The school will make available student's work products for analysis and ESUHSD, where applicable.

Description of Annual Goals and Annual Actions to Achieve Goals for Subgroups

EPCTC's student population's demographics is comprised of predominantly English language Latino learners identified of low socio-economic status, which make up its entire student body. This results in no significant subgroups for purposes of LCAP. See 2017-18 LCAP (Appendix 6)

Transferability of Courses to Other Public High Schools

In February 2012, EPCTC received from the Western Association of Schools and Colleges (W.A.S.C.) an accreditation term of six years, expiring June 30, 2018. See W.A.S.C. Mid-Cycle Committee Report (Appendix 7). As a result, courses taken at EPCTC are transferable to other institutions, in addition this information is available in the Student Handbook. See Student Handbook (Appendix 8).

Eligibility of Courses to Meet College Entrance Requirements

EPCTC has been approved for six courses by the University of California/California State University as creditable toward the a-g admission requirement. The school will adopt approved curricula, as much as is practicable, while keeping alignment with the school's mission and educational program. Escuela Popular has a structured plan to complete the entire A-G course list. The following is a proposed A-G course submission timeline:

Benchmark and Specific Classroom-Level Skills

EPCTC is dedicated to developing the required benchmark skills and specific classroom-level skills to meet the school's defined student exit outcomes. See Specific Classroom-Level Skills (Appendix 9).

Mission and Vision Align to Assessments

These studentpupil outcomes align to the Charter School'sschool's mission, curriculum, and assessments. EPCTC will annually review these studentpupil outcomes based upon the data received through student assessments and will continue to develop further studentpupil outcomes and/or benchmarks for studentpupil progress during the Charter school's operation.

CollegeLocal Control and Accountability Plan

In accordance with, and using the procedures prescribed by, Education Code Section 47606.5, EPCTC shall comply with all applicable requirements of the LCAP including any applicable regulations promulgated, and the template adopted by the State Board of Education (See Appendix 17 Local Control and Accountability Plan). The Charter School reserves the right to establish additional and/or amend school-specific goals and corresponding assessments throughout the duration of the charter. EPCTC shall submit the LCAP to the District and the Santa Clara County Superintendent of Schools annually on or before July 1, as required by Education Code Section 47604.33. The Charter School shall present a report on the annual update to the LCAP and the local control funding formula budget overview for parents on or before February 28 of each year as part of a nonconsent item at a regularly scheduled Board meeting.

The LCAP and any revisions necessary to implement the LCAP, including goals and actions listed below, shall not be considered a material revision to the charter, and shall be maintained by EPCTC at the school site.

"A-G" Requirements

EPCTC *bound students wishing to attend California colleges or universities will have the opportunity to take courses that meet the "A-G" requirements*

Escuela Popular CTC students have the opportunity to take courses that meet the A-G requirements. EPCTC has been approved for six courses by the University of California/California State University as creditable toward the a-g admission requirement. Escuela Popular has a structured plan to complete the entire A-G course list. The following is a proposed A-G course submission timeline:

These student outcomes align to the Charter School's mission, curriculum, and assessments. The Charter School will annually review these student outcomes based upon the data received through student assessments and will continue to develop further student outcomes and benchmarks for

student progress during the Charter School's operation.

Pursuant to Education Code Sections 47605(c)(5)(A)(ii) and 47605(c)(5)(B), EPCTC has below established reasonably comprehensive descriptions of goals, actions, and outcomes, both schoolwide and for each subgroup of students, which address and align with the State Priorities identified in Education Code Section 52060(d).

Charter School Goals, Actions, And Measurable Outcomes

The following strategic goals represent a five-year charter renewal term (2026-31). They are informed by EPCTC's current baseline performance as detailed in the Student Outcomes Reflection. The goals expand upon existing initiatives and strategies addressing identified performance gaps. The following goals, actions, and metrics have been developed to ensure alignment with some of the Eight California State Priorities and to address the needs of historically underserved student populations. These priorities are:

- Priority 1 – Basic Services/Conditions of Learning (rate of teacher misassignment, student access to standards-aligned instructional materials, facilities in good repair),
- Priority 2 – State Standards/Conditions of Learning (implementation of academic content and performance standards adopted by the state board for all students, including ELs),
- Priority 3 – Parental Involvement/Engagement (seek parent input in decision making, promotion of parent participation in programs for unduplicated pupils and special need subgroups),
- Priority 4 – Pupil Achievement/Public Outcomes (academic performance, EL progress, college readiness),
- Priority 5 – Pupil Engagement (school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates),
- Priority 6 – School Climate/Engagement (suspension rates, expulsion rates, other local measures including surveys of pupils and teachers on the sense of safety and school connectedness),
- Priority 7 – Course Access/Conditions of Learning (Pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code Section 51210 and subdivisions (a) to (i), inclusive, of Section 51220), and,
- Priority 8 – Other Pupil Outcomes (Pupil outcomes in the subject areas described in Education Code Section 51210 and subdivisions (a) to (i), inclusive, of Education Code Section 51220).

The goals and actions intentionally focus on supporting EPCTC's significant student subgroups from the subgroups identified by the Dashboard.

Significant Subgroups at EPCTC:

- English Learners (including ADELs)
- Socioeconomically Disadvantaged students
- Homeless Students
- Hispanic/Latino

School-Wide Student Performance Goals

EPCTC aims to meet the following schoolwide performance goals that are aligned to the LCAP. The performance goal targets are reviewed annually and updated as needed, allowing for these targets to be modified over time.

Table B.3: EPCTC Goals for the 2026-31 Charter Term

EPCTC Goals for the 2026-31 Charter Term Based on State Priorities~~OUTCOMES~~			
GOAL #1 – Graduation Rates			
By June 2031, all students and each significant subgroup will average a 70% graduation rate, as reported in the DASS 1-Year Graduation Rate metric, by increasing academic counseling, offering individualized graduation plans, and expanding credit recovery opportunities.~~Attendance rate~~	Related State Priorities: 5, 8~~Meet or exceed an average of 75% yearly atte~~		
Rationale			
Improving graduation outcomes ensures that adult learners meet their academic and personal goals, demonstr effectiveness and alignment with state DASS accountability priorities. Individualized supports and flexible le critical for adult students balancing education with employment and family responsibilities.~~40% of over 19 st growth target~~			
Specific Annual Actions to Achieve Goal			
1. Review each student's graduation status quarterly and adjust individual learning plans. 2. Expand access to evening and online credit recovery courses. 3. Implement academic counseling and case management to monitor credit progress and barriers. Provide targeted tutoring and workshops for~~55% of over 19~~ students close to completion.~~meet Math growth t~~			
Expected Annual Measurable Outcomes			
Outcome: By June 2031, all students and each significant subgroup will average a 70% graduation rate, as rep 1-Year Graduation Rate metric. **Metric/Method for Measuring:** DASS 1-Year Graduation Rate as reported in CALPADS and Dashboard data.~~Graduation rate~~			
Applicable Student Groups ** Indicates statistically insignificant group*~~participation on TEN feedback loop~~	Baseline 2023-24~~80% of student participation on the TEN feedback loop~~		Year 1 2024-25

Socioeconomically Disadvantaged Students*	74.2%	75%	80%
Homeless Students*	**	**	**
Latino Students*	74.3%	75%	80%
GOAL #2 – Teacher Credentials			
Each academic year, 100% of teachers assigned to classes will hold proper authorization from the County or CTC, verified through TCC, PIP, STP, Intern, Preliminary CLEAR, or	Related State Priorities: 1~~Complete 70% of total credits attempted~~		

Professional CLEAR credentials.~~Credits Completion~~	
Rationale	
Fully credentialed teachers ensure compliance with state requirements and maintain instructional quality aligned with state standards. Proper credentialing directly supports equitable access to qu all students.~~Increase number of enrolled long term students~~	

Specific Annual Actions to Achieve Goal
1. Conduct biannual credential audits to ensure compliance. 2. Provide administrative support for renewal or credential advancement. 3. Collaborate with human resources to verify all assignments before the school year begins.

Expected Annual Measurable Outcomes
Outcome: Each academic year, 100% of teachers assigned to classes will hold proper authorization from the County or CTC, verified through TCC, PIP, STP, Intern, Preliminary CLEAR, or Professional CLEAR credentials. **Metric/Method for Measuring:** • Teacher credential audit reports and assignment verification logs.

Applicable Student Groups ** Indicates statistically insignificant group*	Baseline 2023-24	Year 1 2024-25	Year 5 2030-31
All Teachers (Schoolwide)	100%	100%	100%

GOAL #3 – Reading Benchmark	
By June 2031, at least an average of 60% of all students and each significant subgroup will meet or exceed their individual NWEA MAP Growth targets in Reading.	Related State Priorities: 4, 8

Rationale
Literacy growth directly impacts college and career readiness for adult learners. Strengthening reading, writing, and communication skills enhances students' confidence and employability.

Specific Annual Actions to Achieve Goal
1. Conduct MAP ELA assessments three times per year. 2. Provide targeted ELA workshops emphasizing reading comprehension and writing fluency. 3. Offer individualized learning plans through adaptive ELA programs. 4. Engage students in writing portfolios and peer feedback sessions.

Expected Annual Measurable Outcomes
Outcome: Each year, at least an average of 60% of all students and each significant subgroup will meet or exceed their individual NWEA MAP Growth targets in Reading. **Metric/Method for Measuring:** • NWEA MAP Growth Reading reports and progress monitoring data.

Applicable Student Groups ** Indicates statistically insignificant group*	Baseline 2023-24	Year 1 2024-25	Year 5 2030-31
All Students (Schoolwide)	51%	58%	60%
English Learners*	50%	57%	60%
Socioeconomically Disadvantaged Students*	51%	58%	60%

Homeless Students*	51%	58%	60%
Latino Students*	51%	58%	60%

GOAL #4 – Math Benchmark

By June 2031, at least an average of 45% of all students and each significant subgroup will meet or exceed their individual NWEA MAP Growth targets in Mathematics.	Related State Priorities: 4, 8

Rationale

Measuring growth rather than proficiency reflects progress for students entering below grade level, particularly in DASS schools serving adult learners. Improving math growth supports numeracy, financial literacy, and readiness for postsecondary pathways.

Specific Annual Actions to Achieve Goal

1. Administer NWEA MAP assessments three times annually.
2. Provide small group math interventions and skill workshops.
3. Incorporate adaptive software for personalized learning plans.
4. Monitor progress monthly through data meetings.

Expected Annual Measurable Outcomes

Outcome: Each year, at least an average of 45% of all students and each significant subgroup will meet or exceed their individual NWEA MAP Growth targets in Mathematics.

Metric/Method for Measuring:

- NWEA MAP Growth Math reports and student progress monitoring dashboards.

Applicable Student Groups ** Indicates statistically insignificant group*	Baseline 2023-24	Year 1 2024-25	Year 5 2030-31
All Students (Schoolwide)	30%	43%	45%
English Learners*	29%	45%	45%
Socioeconomically Disadvantaged Students*	30%	43%	45%
Homeless Students*	21%	45%	45%
Latino Students*	30%	43%	45%

GOAL #5 – College Going Rate

By June 2031, at least an average a 40% of all students and each significant subgroup will attend college.	Related State Priorities: 4, 8

Rationale

Preparation for college and career strengthens the transition outcomes for adult learners, ensuring alignment with workforce development goals and lifelong learning pathways.

Specific Annual Actions to Achieve Goal

1. Offer career exploration workshops and resume writing sessions.
2. Develop partnerships with local community colleges and training programs.
3. Integrate financial literacy, digital skills, and job readiness modules.
4. Track progress on credit completion.

Expected Annual Measurable Outcomes

Outcome: Each academic year, an average of 40% of all students and each significant subgroup will attend college.
Metric/Method for Measuring:
- DataQuest College Going Rate

Applicable Student Groups * *Indicates statistically insignificant group*	Baseline 2023-24	Year 1 2024-25	Year 5 2030-31
All Students (Schoolwide)	40.6%	40%	40%
English Learners*	*	*	*
Socioeconomically Disadvantaged Students*	39.3	40%	40%
Homeless Students*	*	*	*
Latino Students*	40.6	40%	40%

GOAL #6 – Student Retention

By June 2026, at least 40% of all students and each significant subgroup will remain enrolled for 30 days or more..	Related State Priorities: 5

Rationale

Retention reflects student satisfaction and engagement. Sustained enrollment allows sufficient instructional time to impact academic growth and goal completion.

Specific Annual Actions to Achieve Goal

1. Conduct new-student orientation to establish academic goals and support networks.
2. Implement early alert systems to identify and re-engage at-risk students.
3. Provide counseling and attendance incentives for consistent participation.

Expected Annual Measurable Outcomes

Outcome: Each year, at least 40% of all students and each significant subgroup will remain enrolled for 30 days or more.
Metric/Method for Measuring:
- Student Information System (SIS) enrollment data and attendance logs.

Applicable Student Groups * *Indicates statistically insignificant group*	Baseline 2023-24	Year 1 2024-25	Year 5 2030-31
All Students (Schoolwide)	38.47%	36.22%	40%
English Learners*	*	*	*
Socioeconomically Disadvantaged Students*	*	*	*

Homeless Students*	*	*	*
Latino Students*	*	*	*

GOAL #7 – Attendance Rate

By June 2031, the average attendance rate will reach 81% for all students and each significant subgroup.	Related State Priorities: 5

Rationale

Consistent attendance is foundational for academic progress. Adult learners often face attendance barriers; therefore, flexible schedules and proactive outreach are key to maintaining engagement.

Specific Annual Actions to Achieve Goal

1. Track attendance daily with follow-up calls for absences.
2. Establish attendance contracts and SART meetings when needed.
3. Offer flexible scheduling and attendance incentives.

Expected Annual Measurable Outcomes

Outcome: Each year, the average attendance rate will reach 81% for all students and each significant subgroup.

Metric/Method for Measuring:

- Average annual attendance rate calculated through SIS attendance reports.

Applicable Student Groups ** Indicates statistically insignificant group*	Baseline 2023-24	Year 1 2024-25	Year 5 2030-31
All Students (Schoolwide)	81.91%	81.72%	81%
English Learners*	*	*	*
Socioeconomically Disadvantaged Students*	*	*	*
Homeless Students*	*	*	*
Latino Students*	*	*	*

GOAL #8 – Student Survey Participation

By June 2031, at least 60% of all enrolled students and each significant subgroup will participate in the annual student satisfaction survey..	Related State Priorities: 5, 6

Rationale

Student feedback informs school improvement planning and ensures that programs meet learner needs, particularly in adult education settings focused on personalized pathways.

Specific Annual Actions to Achieve Goal

1. Administer an online or paper survey each spring.
2. Provide incentives for completion and ensure survey access in multiple languages.

3. Analyze data annually and report findings to staff and governance.

Expected Annual Measurable Outcomes

Outcome: Each year, at least 60% of all enrolled students and each significant subgroup will participate in the annual student satisfaction survey.
Metric/Method for Measuring:
- Survey participation count and completion rate from survey analytics.

Applicable Student Groups ** Indicates statistically insignificant group*	Baseline 2023-24	Year 1 2024-25	Year 5 2030-31
All Students (Schoolwide)	56%	60%	60%
English Learners*	*	*	*
Socioeconomically Disadvantaged Students*	*	*	*
Homeless Students*	*	*	*
Latino Students*	*	*	*

GOAL #9 – Credit Completion

By June 2031, all students and each significant subgroup will complete an average of 75% of credits attempted annually.	Related State Priorities: 4, 5, 8

Rationale

Credit completion is a direct indicator of student persistence and instructional effectiveness. Increasing completion rates accelerates progress toward graduation and improves accountability outcomes.

Specific Annual Actions to Achieve Goal

1. Monitor credit accumulation quarterly and identify gaps.
2. Provide individualized pacing plans and tutoring.
3. Implement teacher feedback cycles to support timely assignment completion.

Expected Annual Measurable Outcomes

Outcome: Each year, all students and each significant subgroup will complete an average of 75% of credits attempted.
Metric/Method for Measuring:
- Credit attempted versus earned reports in SIS and transcript audits.

Applicable Student Groups ** Indicates statistically insignificant group*	Baseline 2023-24	Year 1 2024-25	Year 5 2030-31

Acknowledgment That Exit Outcomes and Performance Goals May Need Modifications

EPCTC will annually review these pupil outcomes based upon the data received through student assessments and will continue to develop further pupil outcomes and/or benchmarks for pupil progress during the school's operation.

High School *Graduation Requirements*

~~To~~ EPCTC works hard to ensure that every student who remains continuously enrolled in the Charter School~~be eligible~~ for four years of high school can graduate~~graduation~~ from high school and be prepared for college and career. High school courses are approved to ~~EPCTC, students must~~ meet the A-G~~following~~ requirements~~:~~

~~A: History/Social Science – Three years (30 credits), including one year of World History, one year of U.S. History, one-half year of U.S. Government, and one-half year of U.S. Economics~~

~~B: English – Three years of English (40 credits) that includes frequent and regular writing, reading of classic and modern literature, and practice listening and speaking, including English 2, English 3, and/or English 4 with a minimum completion of English 2 and English 3.~~

~~C: Mathematics – Two years of mathematics (20 credits) that include the topics covered in Integrated Math 1 and Integrated Math 2, (three years~~ recommended by ~~, Integrated Math 3 or Pre-Calculus).~~

~~D: Science – Two years of science (20 credits) including Biology and Physical Science.~~

~~E: Foreign Language or Performing Arts – One year (10 credits) of~~ the UC/CSU. (See Appendix 18 for~~same language other than English, Art or Dance.~~

F: Physical Education – One years of Physical Education (10 credits).

G: Electives – 60 credits, equivalent six year-long courses.

Total: 190 credits to obtain a high school diploma

W.A.S.C. Accreditation Standards

The Western Association of Schools & Colleges (W.A.S.C) accredits schools to enable student to attend institutions of higher education (University of California and California State Universities). EPCTC has been granted an accreditation term of six years (June 2012 – June 2018). EPCTC engaged in a full self-study during the Course Sequence and A-G Approved Courses.)2017-2018 school year.

Element C: Student Progress Measurement

The method by which pupil progress in meeting those pupil outcomes is measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card. - Education Code Section 47605(c)(5)(C)

The Charter School will incorporate a variety of assessments to measure student progress. Measurable outcomes and assessment tools provide key data about the efficacy of the program, which in turn helps the administration and Board make key decisions about program development and modifications, while also monitoring individual, subgroup, and schoolwide student achievement. The assessments align to the Charter School mission, curriculum, and exit outcomes listed in the LCAP and in Element B of this charter.

Mandated State Assessments

As is required by state law, the Charter School shall meet all statewide standards and conduct the state pupil assessments required pursuant to Education Code Section 60605, including the CAASPP tests and other state-mandated assessments such as the ELPAC and Physical Fitness Test ("PFT"). We firmly believe that the EPCTC academic program fully prepares students for success in these statewide assessment programs. Additional support structures are in place to ensure that students are meeting or making progress toward the State Standards that are measured by the state-mandated assessments. Proficiency for our English Learners, 99.4% of our students, is measured in accordance with the ELPAC, CAASPP test data, teacher observations, and other school-based measures.

Growth Measures: Diagnostic, Formative and Summative Assessments

In order to effectively assess students' academic growth over time, EPCTC utilizes several growth measures, including diagnostic, formative, "authentic" assessments, and ongoing teacher assessments as well as summative assessments. MAP Growth (Reading and Math) are used as diagnostic tools and formative and summative assessments. More formative assessments include quizzes, exit tickets, pre-tests, and post-tests. More summative assessments include the unit tests, exams, projects, presentations, and essays.

Other Assessments

Students are given the annual state-mandated standardized assessments. The Matrix below includes the currently required State assessments for students and internal assessments used at EPCTC. Such assessments, as further described in the LCAP, are aligned with the Eight State Priorities. EPCTC affirms that its methods for measuring pupil outcomes for the Eight State Priorities, as described in Element B of this Charter, shall be consistent with the way information is reported on a School Accountability Report Card ("SARC") as required by Education Code Section 47605(b)(5)(C). Throughout the year, the students will take multiple assessments as prescribed in the Assessment Schedule. (See Appendix 19 Assessment Calendar.)

Measuring Academic Progress

In order to provide a personalized educational experience and to understand better when students have achieved specific competencies and are ready to advance, and where they need help, we use MAP Growth. They are fully adaptive assessment tools that produce a measure of student growth and achievement. This information is used to differentiate lesson plans, create focused instructional groupings, as needed, and be a consideration in determining placement. Focused on growth rather than "proficiency," these assessments are administered at the beginning of the year, midyear, and in the spring, providing an opportunity to track growth throughout the year. EPCTC selected MAP Growth because they facilitate in-depth and immediate results that help teachers and students create and monitor customized learning goals for each student. Additionally, MAP Growth track student progress year-over-year and within the school year and expedites teachers' ability to further differentiate instruction to respond to student needs.

The following assessment tools will be used to measure progress toward the student performance goals identified in the petition:

Table C.1: Assessments (Subject to Change)

Assessment	**Purpose**	**Grade**	**Timeline/ Frequency**	**Expectation**
ELPAC Initial Assessment	The ELPAC IA is used to identify students as either an English Learner, or as fluent in English.	9-12 As prescribed	First 30 days of enrollment	Students are identified as either scoring Initially Fluent or English Learner.

ELPAC Summative Assessment	The ELPAC SA is to measure how well ELs are progressing with English development in each of the four domains.	9-12 Every year until Reclassified as Fluent English Proficient	Once a year	The results are used as one of four criteria to determine if the student is ready to be reclassified as fluent English proficient, to help inform proper educational placement, and to report progress for accountability.
CAASPP - SBAC	State criterion-based assessment in ELA and Math	11	Spring/Once a year	The number of students scoring as having met or exceeded standard mastery increases annually as per goals listed in the current year's LCAP.
EAP	Embedded in CAASPP	11	Spring/Once a year	The exam covers High School standards and California State University placement standards.

CAST	State criterion-based assessment in Science	10	Spring/Once a year	The number of students scoring as having met or exceeded standard mastery increases annually as per goals listed in the current year's LCAP.
CAA	State alternative assessment in ELA, Math, and Science for qualified students	11 for qualified students	Spring/Once a year	The number of students scoring as having met or exceeded standard mastery increases annually as per goals listed in the current year's LCAP.
Internally created test and performance tasks (presentations, papers, projects)	Measure standards mastery across all courses/subjects	9-12	Daily/ Weekly	Students show mastery and proficiency in content knowledge.
Curriculum Based Assessments	Assess mastery of unit/lesson content	9-12	End of unit/end of semester/ end of year	Students show mastery and proficiency in content knowledge.

Curriculum Based Benchmarks	Determine progress toward Standard Mastery in grade level core curriculum	9-12	End of unit/end of semester/ end of year	Students demonstrate progress toward Standards Mastery
NWEA MAP Assessments	Determine progress toward Standard Mastery grade level core curriculum	9-12	Three Times a year	Students demonstrate progress toward Standards Mastery
CSA	Provide students an opportunity to measure their Spanish reading/language arts skills	9-12	Spring/Once a year	The number of students scoring as having met or exceeded standard mastery on the CSA will increase annually as per goals listed in the current year's LCAP.
PFT	State criterion-based assessment in Physical Fitness	9	Spring/Once a year	Students demonstrate levels of health-related fitness
Smarter Balanced Practice Test	Practice the Smarter Balanced Assessment to familiarize the students with the structure of the SBAC Test	11	Spring/Once a year	Students will become familiar with the test format.

Smarter Balanced Interim Assessment Blocks (IABs)	Provide students an opportunity to show standard mastery on smaller targets for instruction	11	Twice per year	The number of students scoring as having met or exceeded standard mastery on the CAASPP will increase annually as per goals listed in the current year's LCAP.
Smarter Balanced Interim Comprehensive Assessments (ICAs)	Provide students an opportunity to show standard mastery on smaller targets for instruction	11	As assigned by teacher	The number of students scoring as having met or exceeded standard mastery on the SBAC will increase annually as per goals listed in the current year's LCAP.

Alignment to Mission, Exit Outcomes, and Curriculum

These student~~pupil~~ outcomes align to the Charter School's~~school's~~ mission, curriculum and assessments. EPCTC will annually review these student~~pupil~~ outcomes based upon the data received through student assessments and will continue to develop further student~~pupil~~ outcomes and/or benchmarks for student~~pupil~~ progress during the Charter School's~~school's~~ operation.

Assessment and evaluation are critical factors in demonstrating success and informing future practice, policy development, and professional development. Schools are complex organizations that are not easily measured. The same is true for evaluating student learning and teaching methods.

Consequently, EPCTC believes that collecting both quantitative and qualitative data from multiple sources can inform the progress of the Charter Schoolschool, and keep the Charter school accountable to its educational partnersconstituency.

Multiple, Valid, and Reliable Measures (Internal & External)

The following are the key assessment tools EPCTC will use to measure student progress:

Teacher Assessments
These assessments evaluate students' performance on specific content standards within the core academic subjects as well as their development of career-centered skills. Teacher assessments are in various forms; rubrics, essays, presentations, quizzes, midterm exams, final projects, group projects, and computer-based learning tests.

Performance Tasks
Students will present evidence of their achievements. The performance tasks may consist of essays, oral presentations, dramatic presentations, video presentations, and models.

Standardized Testing
Students 21 and under are tested using the SBAC, ELPAC, ~~CELDT,~~ NWEA MAP Reading, NWEA MAP Math, and PFT tests. In addition, students are pre- and post-tested in ~~mathematics and~~ reading and Math~~language usage~~ using the Northwest Evaluation Association MAP (Measures of Academic Progress).

Minimal Required Performance Level Necessary to Attain Each Standard

Minimum required performance for students to pass English courses is "C" or higher and

-for all other courses it is a "D" or higher.

Data Analysis~~*Plan for collecting, analyzing,*~~ *and Reporting of Data*
EPCTC uses a proactive approach to data analysis. The Board of Directors and the Charter School leadership will establish strong goals for student achievement and the supports needed for Charter School teachers to analyze student data easily and continuously. The most common type of data will be internally created assessments and curriculum-based assessments. These data will allow teachers to receive summative data quickly so they can immediately adjust instruction to assure student mastery of standards. The use of MAP Growth (Reading and Math) will allow teachers to receive formative data quickly so they can determine the strength of the lesson pacing and student mastery of standards.

After each MAP Growth (Reading and Math) round of assessments, results will be compiled and analyzed by administration and teachers, looking for areas of growth and new or continuing areas of opportunity. Data will be disaggregated by subgroups to determine achievement gaps, if any. The administrators will perform an intensive analysis. Professional Development will take place after collection of results to address the trends identified in the results analysis and to adjust instruction as necessary to meet the new and continuing needs of EPCTC's students. Results will then be shared with students, and summary data will be provided to the Board, to discuss growth, review and adjust goals discussed previously (reporting of student achievement data includes the annual SARC, (See Appendix 20 Student Accountability Report Card) and reflection and analysis as part of the annual LCAP goal setting process. Students' MAP Growth results will also trigger another review of a student's current Charter School performance for either an intervention and/or enrichment.

Personally identifiable and de-identified data will only be shared pursuant to the same FERPA and state law guidelines.

Use of Data

EPCTC understands the power of data collection, analysis, reporting and use of data. The process will begin with the development of the LCAP which includes input from parents/guardians, students, teachers, staff and community, and it is approved by the Board of Directors no later than June 30th for the following school year. In the LCAP are the Charter School goals and actions to address the Eight State Priorities as identified by the educational partners and a review of data. The teachers will review formative and summative data individually, as noted in the professional development calendar, collaboratively to develop the strategies that showed the most positive impact on student achievement. At the beginning of each school year, teachers and administration will meet to discuss topics, data and goals for the school year to include curriculum, assessments, interventions, enrichment, grading, SBAC and ELPAC data, LCAP and more goal setting. At the end of the school year, the teachers will review the progress of all students including significant subgroups, grade levels, core content areas and the Chater School as a whole, and will set goals for the following school year. The LCAP will be published on the Charter School's website.

The Executive Director will present the results of assessments semesterly to the Board of Directors at regularly scheduled Board meetings so that the Board understands the students' progress toward meeting goals. The Executive Director will present the data to the Board aggregated schoolwide, by grade level, by significant subgroups and by core content areas. The Board meetings are open to all educational partners.

Escuela Popular CTC uses professionally effective assessment processes to collect, disaggregate, and report student performance data to stakeholders and processes to analyze student performance data. See Assessment Plan and Assessment Calendar (Appendix 10) Student achievement data is shared with the Escuela Popular Board of Directors, staff, students, and the community at various points during the school year, using a variety of methods and avenues. State and local assessment data is imported into iO Insights, a student achievement data management system, as well as PowerSchool and PowerTeacher, an online student information system. Assessment data is always imported in a timely manner and immediately when student performance data becomes available for all state and local assessments. iO Insights is a teacher- friendly system that is used by teachers to navigate through students' achievement data. Escuela Popular CTC collects, has accessible, and disaggregates student data on multiple measures by grade level for the following assessments:

- California English Language Development Test (CELDT)
- English Learner Proficiency Assessments for California (ELPAC)
- Smarter Balanced Assessments Consortium (SBAC)

- ~~Northwest Evaluation Association test Measure of Academic Progress in Reading and Mathematics (NWEA MAP)~~

~~Student achievement data is shared, analyzed, and discussed with staff on various occasions throughout the year, including:~~

- ~~Staff meetings~~
- ~~Praxis Learning Circuits (PLCs)~~
- ~~Quarterly staff in-service days~~
- ~~Beginning of the school year~~
- ~~End of the school year~~
- ~~Summer leadership retreat~~
- ~~Department PLCs~~
- ~~Letters to Students~~
- ~~School Assemblies~~

~~See Collaboration Meeting Schedule (Appendix 11).~~

~~Required~~ Element D: Governance Structure

The governance structure of the charter school including, but not limited to, the process to be followed by the charter school to ensure parental involvement. - Education Code Section 47605(c)(5)(D)

Nonprofit Public Benefit Corporation

EPCTC is a directly funded independent charter school and is operated by Escuela Popular del Pueblo, a California nonprofit public benefit corporation, pursuant to California law and in accordance with this charter.

The Charter School will operate autonomously from the District, with the exception of the supervisory oversight as required by statute and other contracted services as may be negotiated between the District and the Charter School. Pursuant to Education Code Section 47604(d), the District shall not be liable for the debts and obligations of the Charter School, operated by a California nonprofit public benefit corporation, or for claims arising from the performance of acts, errors, or omissions by the Charter School, as long as the District has complied with all oversight responsibilities required by law. Escuela Popular del Pueblo shall be liable for any debts and obligations of EPCTC.

Board of Directors

The Charter School is governed by a corporate board of directors ("Board") in accordance with its adopted bylaws, which shall be consistent with the terms of this charter. (See Appendix 21 Articles of Incorporation, Bylaws, Conflict of Interest Code.)

The Board of Directors~~. The board of directors~~, Escuela Popular del Pueblo, serves as the legal and fiscal governing entity for this Charter School, Escuela Popular/Center for Training and Careers, Family Learning Center, and~~the charter school as well as~~ for Escuela Popular Accelerated Family Learning Center. The Board's major roles and responsibilities include, but are not limited to: adopting all Board policies, approving contracts, approving the Charter School's annual budget, overseeing the Charter School's fiscal affairs, hiring and evaluating the Charter School's Executive Director, and ensuring that the Charter School is fulfilling its mission and that its operations are in compliance with the charter and applicable federal and state laws. The Board shall be ultimately responsible for the operation and activities of Escuela Popular~~This board includes staff and community stakeholders, including CTC representatives, who share EPCTC's philosophy & commitment to transforming lives through education. The 2017-18 board has members with expertise in areas of: business development, higher education, non-profit management, and community development. Board members ae recruited and vetted by the Board Development Committee and approved by the board~~.

~~Education Code Section 47604(b) provides that the governing board of a school district that grants a charter for the establishment of a charter school formed and organized pursuant to this section shall be entitled to a single representative on the board of directors of the nonprofit public benefit corporation. In accordance with Education Code Section 47604(b), East Side Union High School District, shall be entitled to a representative on the Escuela Popular del Pueblo Board of Directors. Pursuant~~

~~Education Code §47604(c), ESUHSD's representative presence on the Board does not make it liable for the debts or obligations of EPCTC.~~

~~EPCTC has been constituted as a 501(c)(3) nonprofit corporation. The school is governed pursuant to the bylaws adopted by the incorporators, as subsequently amended pursuant to the amendment process specified in the bylaws. A copy of the bylaws within Articles of Incorporation & Bylaws, Conflict of Interest Policy (Appendix 12).~~

- Require an affirmative vote of a majority of Board members.

The Board of Directors are committed to continuous improvement and ongoing training to assist the Board in fulfilling its responsibilities to act as stewards for the Charter School. To this end, the Board seeks appropriate training and educational opportunities to govern the Charter School more effectively. Such training experiences may include training sessions with legal counsel or with charter school governance experts. Board members shall receive training on their responsibilities with topics to include, at minimum, ethics, conflicts of interest, and the Brown Act. The Board will comply with completing mandatory ethics training for Boards every other year pursuant to AB 2158 (2022).

Selection of Board of Directors

A prospective Board member is nominated by a current Board member (nominator) and is contacted by the nominating Board member to assess their interest in serving on the Board. The nominator sends an email with a resume and completed application of the prospective Board member and rationale for their nomination to the Executive Director and the Board Chairperson. The prospective Board member is sent a Board recruitment packet by the Executive Director that includes a job description. The Executive Director then contacts the prospective Board member to schedule a visit to the Charter School. The Board Chairperson calls the prospective Board member to verify their interest in serving on the Board and to discuss their role and duties. The Nominator and the Board Chairperson briefs the full Board on the nomination to determine the next steps (interview or information session). The prospective Board member is invited to the Board meeting for the official vote on their nomination. An officer of the Board and the Executive Director set up an orientation session to brief and familiarize the new Board member about the Board documents, the Charter School, and the current issues facing the Charter School.

Executive Director

The Executive Director will be the leader of the Charter School. The Executive Director will ensure that the curriculum is implemented in order to maximize student-learning experiences. The Executive Director must report directly to the Charter School Board of Directors, and the Executive Director is responsible for the orderly operation of the Charter School and the supervision of all employees in the Charter School.

The Executive Director shall perform assigned tasks as directed by the Charter School

Board of Directors and shall be required to undertake some or all of the tasks detailed below. These tasks may include, but are not limited to, the following:

- Ensure the Charter School enacts its mission;
- Ensure teachers and staff are supervised and evaluated;
- Communicate and report to the Charter School Board of Directors;
- Oversee school finances to ensure financial stability;
- Participate in and develop professional development workshops as needed;
- Serve or appoint a designee to serve on any committees of the Charter School;
- Ensure employee hiring, promotion, discipline, and/or dismissal is in alignment with policies;
- Ensure compliance with all applicable state and federal laws and help secure local grants;
- Communicate effectively with all educational partners;
- Take responsible steps to secure full and regular attendance at school of the students enrolled in accordance with policies established by the Board of Directors;
- Complete and submit required documents as requested or required by the charter and/or Charter School Board of Directors and/or the District;
- Identify the staffing needs of the Charter School and offer professional development as needed;
- Maintain up-to-date financial records;
- Establish and maintain a system to handle organizational tasks such as student records, teacher records, teacher credentialing information, contemporaneous attendance logs, purchasing, budgets, and timetables;
- Ensure the security of the Charter School building;
- Promote the Charter School in the community and promote positive public relations and interact effectively with the media;
- Encourage and support teacher professional development;
- Attend District administrative meetings as requested by the District and stay in direct contact with the District regarding changes, progress, etc.;
- Attend meetings with the Chief Financial Officer of the District on fiscal oversight issues as requested by the District;
- Provide all necessary financial reports as required for proper attendance reporting;
- Develop the SARC and the LCAP;
- Present independent fiscal audit to the Charter School Board of Directors and, after review by the Board of Directors, submit audit to the District Board of Education and the County Superintendent of Schools, the State Controller, and the California Department of Education;
- Ensure Positive Behavior Interventions and Supports are implemented schoolwide;
- Participate in IEP meetings, as necessary.

The above duties may be delegated or contracted as approved by the Board of Directors to a business administrator of the Charter School, other appropriate employee, or third-party provider.

~~Parental/~~Student Involvement

EPCTC provides services to adult students who are independent from their parents. While we do not directly involve students in the governance through a board seat unless students petition for a representative, we involve adult students in providing feedback through and priority setting through various means listed below:

- Annual Student Climate Survey
- ~~Teaching Excellence Network (TEN) Feedback Loop~~
- Local Control and Accountability Plan ~~(LCAP)~~ Stakeholder Engagement

In addition to the formal structures described above, EPCTC works to create a welcoming environment for families. One important way of welcoming families and students is by valuing and celebrating their primary language. All correspondence is sent home in both English and Spanish. All school meetings are conducted in both English and Spanish.~~bilingual.~~ Additionally, the vast majority of staff, and all staff who answer the phone or greet students and families, speak Spanish.

EPCTC uses the following strategies to involve students in their learning:

- Bilingual/bicultural staff
- Monthly newsletters to students/families
- Home visits
- ~~Weekly bulletin~~
- ~~Automated phone messaging~~
- Volunteer opportunities
- Student Resource Advocate
- Program Case Manager
- Student and Family Services Specialist
- Community building activities throughout the year
- An open-door policy to meet with academic counselors and administrators
- ~~Volunteer opportunities~~

Recruitment, Selection, Development, and Evaluation

EPCTC is dedicated to recruiting diverse teaching and support staff with subject matter expertise and qualifications to achieve our academic, language, and social emotional goals. EPCTC has extensive experience working with the educational community in the San Jose area. In addition to attracting talented personnel in the immediate San Jose area, EPCTC seeks staff through teacher recruitment fairs, professional publications, newspapers, and the website. We also work with our local colleges such as San Jose State University, San Jose City College, Evergreen Valley College, and Santa Clara University. We also partner with a variety of education-related organizations to encourage the most enthusiastic, qualified, and committed teachers and staff.

The Human Resources Manager has created formal job descriptions for each position, recruits, reviews the requirements for the position, and establishes interviews for candidates. Upon selection, the Human Resources Manager will ensure reference verification. The Executive Director considers the paperwork from the panel and the references and makes the final determination for hiring. The candidate is then offered the position. As required by Education Code Sections 44237 and 45125.1, the Charter School shall require all employees of the Charter School, all volunteers who will be performing services that are not under the direct supervision of a Charter School employee, and any onsite independent contractors or vendors having unsupervised contact with students, to submit to criminal background checks and fingerprinting. The Charter School shall not hire any person, in either a certificated or classified position, who has been convicted of a violent or serious felony except as otherwise provided by law, pursuant to Education Code Sections 44830.1 and 45122.1. The Charter School shall also comply with the provisions of AB 2534 (2024) requiring charter schools to inquire about any credible complaints or investigations related to egregious misconduct against applicants for employment. The Charter School shall maintain on file and available for inspection evidence that the Charter School has performed criminal background checks and cleared all employees prior to employment, and documentation that independent contractors and vendors have conducted required criminal background checks for their employees prior to any unsupervised contact with students. The Charter School shall also ensure that it requests and receives subsequent arrest notifications from the California Department of Justice to ensure the ongoing safety of its students. The Executive Director shall monitor compliance with this policy and report to the Charter School Board of Directors on a regular basis. The Human Resources Manager will serve as the Custodian of Records per the California Department of Justice requirements. The Executive Director shall monitor the fingerprinting and background clearance of the Human Resource Manager. Volunteers

who volunteer outside of the direct supervision of a credentialed employee shall be fingerprinted and receive background clearance prior to volunteering without the direct supervision of a credentialed employee.

Role of Staff as Mandated Child Abuse Reporters

All employees will be mandated child abuse reporters and will follow all applicable reporting laws, the same policies and procedures used by the District. The Charter School shall provide mandated reporter training to all employees annually in accordance with Education Code Section 44691.

Immunizations

All enrolled students who receive classroom-based instruction will be required to provide records documenting immunizations as is required at all public schools pursuant to Health and Safety Code Sections 120325-120375, and Title 17, California Code of Regulations Sections 6000-6075.

Tuberculosis Risk Assessment and Examination

Employees, and volunteers who have frequent or prolonged contact with students, will be assessed and examined (if necessary) tested for tuberculosis prior to commencing employment and working with students, and for employees at least once every four years thereafter, as required by Education Code Section 49406.

The Charter School shall also require any vendor/contracting entity employee who may have frequent or prolonged contact with students, to undergo a risk assessment and/or be examined and determined to be free of active tuberculosis within the period of 60 days prior to employment/service and every four years, in accordance with Education Code Section 49406. Charter School shall maintain tuberculosis clearance records and certifications on file.

Medication in School

The Charter School will adhere to Education Code Section 49423 regarding administration of medication in school. The Charter School will adhere to Education Code Section 49414 regarding epinephrine auto-injectors and training for staff members; per AB 1651 (2023), the Charter School shall store emergency epinephrine auto-injectors in an accessible location upon need for emergency use and include that location in annual notices required by law. To the extent the Charter School maintains a stock of albuterol inhalers to respond to respiratory distress in students, the Charter School shall comply with the requirements of Education Code Section 49414.7, including with respect to training, notices, and the stocking of albuterol inhalers.

Vision, Hearing, and Scoliosis

Students will be screened for vision, hearing and scoliosis. The Charter School will adhere to Education Code Section 49450, *et seq.*, as applicable to the grade levels served by the Charter School.

Suicide Prevention Policy

The Charter School shall maintain a policy on student suicide prevention in accordance with Education Code Section 215. The Charter School shall review, at minimum every fifth year, its policy on pupil suicide prevention and, if necessary, update its policy. Pursuant to AB 58 (2021-22), the Charter School will also review and update its suicide

prevention policy to incorporate best practices identified by the California Department of Education's model policy, as revised.

Mental Health Education

If the Charter School offers one or more courses in health education to students in high school, the Charter School shall include in those courses instruction in mental health that meets the requirements of Education Code Section 51925, *et seq*.

Mental Health Information

The Charter School shall create and post a poster at the school site identifying approaches and resources addressing student mental health in compliance with Education Code Section 49428.5. The poster shall be displayed in English and Spanish and any primary language(s) spoken by 15 percent or more of students enrolled at the school site. The poster shall be prominently and conspicuously displayed in appropriate public areas that are accessible to, and commonly frequented by, students at the school site. The poster shall also be digitized and distributed online to students through social media, internet websites, portals, and learning platforms at the beginning of each school year.

Prevention of Human Trafficking

In accordance with Education Code Section 49381, the Charter School shall identify and implement the most appropriate methods of informing students in grades 9 through 12 of human trafficking prevention resources.

Menstrual Products

The Charter School shall stock its restrooms at all times with an adequate supply of menstrual products, available and accessible, free of cost, in all women's restrooms and all-gender restrooms, and in at least one men's restroom.

The Charter School shall post a notice regarding the requirements of this paragraph in a prominent and conspicuous location in every restroom required to stock menstrual products, available and accessible, free of cost, pursuant to this section. This notice shall include the text of Education Code Section 35292.6 and contact information, including an email address and telephone number, for a designated individual responsible for maintaining the requisite supply of menstrual products.

All Gender Restrooms

In accordance with Education Code Section 35292.5, the Charter School shall provide and maintain at least one all-gender restroom for voluntary student use at each of its school sites that has more than one female restroom and more than one male restroom designated exclusively for student use on or before July 1, 2026. The restroom shall have signage identifying the bathroom as being open to all genders, it shall remain unlocked, unobstructed, and easily accessible by any student, and be available during school hours and school functions when students are present. The Charter School shall designate a staff member to serve as a point of contact and to post a notice regarding these requirements.

School Meals

In accordance with Education Code Section 49501.5, the Charter School shall provide breakfast and lunch free of charge during each school day to any pupil who requests a meal without consideration of the pupil's eligibility for a federally funded free or reduced meal, with a maximum of one free meal for each meal service period. The meals provided under this paragraph shall be nutritionally adequate meals that qualify for federal reimbursement. The Charter School shall provide each student with adequate time to eat as determined by the Charter School in consideration of available guidance.

California Healthy Youth Act

The Charter School shall teach sexual health education and human immunodeficiency virus ("HIV") prevention education to students in grades 9-12, at least once in high school, pursuant to the California Healthy Youth Act (Education Code Section 51930, *et seq.*).

Bullying Prevention

The Charter School shall adopt procedures for preventing acts of bullying, including cyberbullying. The Charter School shall annually make available the online training module developed by the CDE pursuant to Education Code Section 32283.5(a) to certificated school site employees and all other school site employees who have regular interaction with students.

Athletic Programs

The Charter School shall comply with all applicable laws related to health and safety policies and procedures surrounding athletic programs at charter schools, including but not limited to complying with the requirements of Education Code Section 49475 regarding concussions/head injuries, and providing information to athletes regarding sudden cardiac arrest and annually providing each athlete an Opioid Factsheet for Patients.

School Safety Plan

The Charter School shall adopt a School Safety Plan (See Appendix 27 School Safety Plan), to be reviewed and updated by March 1 of every year, which shall include identification of appropriate strategies and programs that will provide or maintain a high level of school safety and address the Charter School's procedures for complying with applicable laws related to school safety, including the development of all of the following pursuant to Education Code Section 32282(a)(2)(A)-(O):

a. Child abuse reporting procedures
b. Routine and emergency disaster procedures
c. Policies for students who committed an act under Education Code Section 48915 and other Charter School-designated serious acts leading to suspension, expulsion, or mandatory expulsion recommendations
d. Procedures to notify teachers of dangerous students pursuant to Education Code Section 49079
e. A discrimination and harassment policy consistent with Education Code Section 200

f. Provisions of any school-wide dress code that prohibits students from wearing "gang-related apparel," if applicable
g. Procedures for safe ingress and egress of pupils, parents/guardians, and employees to and from the Charter School
h. A safe and orderly environment conducive to learning
i. The rules and procedures on school discipline adopted pursuant to Education Code Sections 35291, 35291.5, 47605, and 47605.6.
j. Procedures for conducting tactical responses to criminal incidents
k. If the comprehensive school safety plan includes procedures to prepare for active shooters or other armed assailants by conducting a drill, procedures that comply with Section 32282(a)(2)(K)(i)-(iv)
l. Procedures to assess and respond to reports of any dangerous, violent, or unlawful activity that is being conducted or threatened to be conducted at the school, at an activity sponsored by the school, or on a school bus serving the school
m. Procedures to respond to incidents involving an individual experiencing a sudden cardiac arrest or a similar life-threatening medical emergency while on school grounds
n. procedures specifically designed to notify parents and guardians of pupils, teachers, administrators, and school personnel when the school confirms the presence of immigration enforcement on the schoolsite
o. A protocol in the event a pupil is suffering or is reasonably believed to be suffering from an opioid overdose

The School Safety Plan shall be drafted specifically to the needs of the facility in conjunction with law enforcement and the Fire Marshal. Staff shall receive training on emergency response, including appropriate "first responder" training or its equivalent, and first aid response (e.g., EpiPen usage, defibrillator).

Disaster procedures included in the School Safety Plan shall address and include adaptations for students with disabilities. To the extent an employee, parent/guardian, educational rights holder, or student brings concerns regarding the procedures to the Executive Director and, if there is merit to the concern, the Executive Director shall direct the School Safety Plan to be modified accordingly.

The Charter School shall develop an instructional continuity plan, consistent with Education Code Section 32282(a)(3), to establish communication with students and their families and provide instruction to students when in-person instruction is disrupted due to an emergency pursuant to Education Code Sections 41422 or 46392(a).

Workplace Violence Prevention Plan

The Charter School shall establish, implement, and maintain, at all times in all work areas, an effective workplace violence prevention plan consistent with the requirements of Labor Code Section 6401.9.

Bloodborne Pathogens

The Charter School shall meet state and federal standards for dealing with bloodborne pathogens and other potentially infectious materials in the workplace. The Board shall establish a written infectious control plan designed to protect employees and students from possible infection due to contact with blood borne viruses, including human immunodeficiency virus and hepatitis B virus ("HBV"). Whenever exposed to blood or other bodily fluids through injury or accident, staff and students shall follow the latest medical protocol for disinfecting procedures.

Drug, Alcohol, and Smoke-Free Environment.

The Charter School shall function as

~~Each applicant for employment is required to provide EPCTC with a full disclosure statement regarding prior criminal record as required by the California Education Code Section 44830.1. In addition, employees must provide medical clearance, including proof of medical exam and tuberculosis (TB) testing.~~

~~All instructional staff at EPCTC will be CPR/First Aid trained.~~

~~Immunization of students is a condition of school attendance to the same extent as would apply if the students attended a non-charter public school. EPCTC will provide for the screening of students' vision and hearing and screening of students for scoliosis to the same extent as would be required if the students attended a non-charter public school.~~

~~Escuela Popular CTC shall maintain~~ a drug, alcohol, and smoke -free environment.

Facility Safety

The Charter School shall comply with Education Code Section 47610 by utilizing facilities that are either compliant with the Field Act or facilities that are compliant with the California Building Standards Code. The Charter School agrees to test sprinkler systems, fire extinguishers, and fire alarms annually at its facilities to ensure that they are maintained in an operable condition at all times. The Charter School shall conduct fire drills as required under Education Code Section 32001 and in conjunction with the District (if at District facilities).

The Charter School will maintain on file readily accessible records documenting such compliance. The Executive Director or designee will conduct annual reviews to ensure all auxiliary services are safe (food services, transportation, custodial services, or hazardous materials) by developing appropriate policies and awareness training.

Comprehensive Anti-Discrimination and Harassment Policies and Procedures The Charter School is committed to providing a school that is free from discrimination and sexual harassment, as well as any harassment based upon the actual or perceived characteristics of race, religion, creed, color, gender, gender identity, gender expression, nationality, national origin, ancestry, ethnic group identification, genetic information, age, medical condition, marital status, sexual orientation, sex and pregnancy, physical or mental disability, childbirth or related medical conditions, military and veteran status, denial of family and medical care leave, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics, or any other basis protected by federal, state, local law, ordinance or regulation. ~~The Charter School shall develop a comprehensive policy to prevent and immediately remediate~~

any concerns about discrimination or harassment at the Charter School (including employee-to employee, employee to student, and student to employee misconduct). Misconduct of this nature is very serious and will be addressed in accordance with the Charter School's discrimination and harassment policies.

A copy of the policy shall be provided as part of any orientation program conducted for new and continuing pupils at the beginning of each quarter, semester, or summer session, as applicable, and to each faculty member, all members of the administrative staff, and all members of the support staff at the beginning of the first quarter or semester of the

school year, or at the time that there is a new employee hired. The Charter School shall create a poster that notifies students of the applicable policy on sexual harassment in accordance with Education Code Section 231.6, and shall prominently and conspicuously display the poster in each bathroom and locker room at the school site and in public areas at the school site that are accessible to, and commonly frequented by pupils.

Homicide Threats

The Charter School shall comply with all requirements under Education Code Sections 49390-49395 regarding mandatory reporting in response to homicidal threats. All employees and Board members who are alerted to or who observe any threat or perceived threat in writing or through an action of a student that creates a reasonable suspicion that the student is preparing to commit a homicidal act related to school or a school activity shall make a report to law enforcement.

Gun Safety Notice

In accordance with Education Code Section 49392, at the beginning of the first semester of each school year, the Charter School shall distribute a notice to each student addressing California's gun access prevention laws and laws related to firearm safety utilizing the most updated model language published by the California Department of Education.

Transportation Services

The Charter School shall comply with the requirements of Education Code Section 39875(c), if applicable, relating to background checks and testing for individuals providing transportation services for students.

Supporting LGBTQ Students

Commencing with the 2025-26 school year and ending with completion of the 2029-30 school year, the Charter School shall use an online training delivery platform and curriculum to provide at least one (1) hour of required LGBTQ cultural competency training annually to teachers and other certificated employees and maintain records of such training as required by Education Code Section 218.

SAFETY Act

Pursuant to AB 1955 (2024), employees of the Charter School shall not be required to disclose any information related to a pupil's LGBTQ+ identity to any other person without the pupil's consent unless otherwise required by state or federal law. This provision shall not limit a parent's/guardian's ability to request school records on behalf of their child.

Extreme Weather Policy

In accordance with Education Code Section 33355, the Charter School will develop, adopt, and implement a weather policy that includes protocols for extreme weather conditions, and incorporates the standardized guidelines developed by CDE on or before July 1, 2026.

~~Required~~ Element G: Student Population~~Means To Achieve Racial And Ethnic~~ Balance ~~Reflective Of The District~~

~~Governing Law: "~~*The means by which the charter school will achieve a balance of racial and ethnic* pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils, as defined by the evaluation rubrics in Section 52064.5~~balance among its pupils~~ *that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted.* ~~.~~*"*

~~- California~~ *Education Code Section 47605(c~~b~~)(5)(G)*

To create a school community that reflects the diversity of the general population residing within the District, EPCTC strives to recruit students from a range of racial, ethnic, ability, linguistic, and socioeconomic backgrounds. EPCTC will bring a sense of validation and encouragement to families from diverse and multicultural backgrounds seeking a unique educational experience. This mindset assists us in our overall recruiting efforts. EPCTC is committed to designing measurable approaches to underscore our dedication in establishing a diverse student body. The Charter School will maintain an accurate accounting of the racial and ethnic balance, special education students, and English Learner students, including redesignated fluent English Learner students enrolled in the Charter School and will use this information to determine where additional outreach efforts are needed. In order to recruit students who are English Learners, all materials will be developed in English and Spanish as well as other languages as the need arises. In order to recruit students who are historically underserved, recruitment activities will focus on groups and gatherings. EPCTC is committed to being racially, ethnically, linguistically (including English Learners), ability, and socioeconomically diverse.

The Charter School will engage in the following outreach activities:

Marketing Materials: Design flyers and distribute

~~The school has implemented a student recruitment strategy that includes, but is not necessarily limited to, the following elements or strategies to ensure a racial and ethnic balance among students that is reflective of the district:~~

~~1) An enrollment process that is scheduled and adopted to include a timeline that allows for a broad-based recruiting and application process.~~

~~2) The development of promotional and informational material that attempts to reach all of the various racial and ethnic groups represented in the district.~~

~~3) The appropriate development of promotional and informational materials in languages other than English to appeal to limited English proficient populations.~~

~~4)~~1) ~~The distribution of promotional and~~ informational materials to appeal to ~~a broad variety of community groups and agencies that serve the~~ various racial, ethnic, ability, linguistic, and socioeconomic~~and interest~~ groups within the District.~~represented in the district. See Sample Recruitment~~ Flyers will be distributed at local markets, coffee shops, libraries, churches, preschools, and businesses. Materials are developed in English and Spanish. Other languages

will be added as the need arises.~~(Appendix 18)~~

1. **Host Community Events**: The Charter School hosts several community events each year in preparation for open enrollment. Information Outreach events are scheduled quarterly at Orientation and monthly at Cafecitos (coffees). Events include Orientation, Family Conferences, Jaguar Concert, and Fall Festival. Outreach activities have included visiting San Jose YEAH Annual Summit, LiUNA Laborers Local 270, and Head Start Preschools.

2. **Advertising**: The Charter School updates its website regularly. The Charter School will issue press releases, advertise in newspaper publications, and radio stations as funding allows. The Charter School will also advertise in local publications specific to the target community.

3. **Attend and Establish Presence at Community Events**: The Charter School will make significant efforts to establish visibility in the community. The Charter School team attends community events and parks. The Charter School also sets up

information tables/booths in high traffic and high visibility areas during well–attended local and regional community events.

4. **Establish Partnerships with Community Organizations**: The Charter School has extensive partnerships within the local and regional communities including but not limited to: Kaiser Permanente, Planned Parenthood, Gardner, San Jose Police Department, School Linking Services, Truancy Court (Social Workers and Attorney), Youth Community Service, San Jose Bridge Communities, California State University at San Jose, Santa Clara County Office of Education, Santa Clara County Behavioral Health, Amigos de Guadalupe, Next Door Solutions to Domestic Violence, and local attorneys.

5. **Website and Online Advertising**: The Charter School has designed a website for interested students, families, and community members to visit to learn more about the Charter School.

The Charter School will continue to engage in ongoing recruitment and outreach efforts as described above with the continued development of marketing materials, advertising, online and social media presence, hosting and attendance of community events, and continued efforts to establish community partnerships. The Charter School budget includes financial resources allocated to outreach efforts.

5) Outreach meetings in several areas of the district to reach prospective students and parents.

6) An open enrollment period that permits students to enroll in Escuela Popular throughout the year.

~~Required~~ Element H: Admission Policies and Procedures~~Requirements~~

~~Governing Law: "~~Admission *policies and procedures, consistent with [~~requirements, if applicable.~~"*

~~- California~~ Education Code Section 47605]
subdivision (e).- Education Code Section 47605(c~~(b)~~)(5)(H)

EPCTC actively recruits a diverse student population from the District~~district~~ and surrounding areas. Admission to the Charter school is open to any resident of the State of California. Prospective students are briefed regarding the Charter school's instructional and operational philosophy and are informed of the Charter school's student-related policies. The Charter school has established an annual recruiting and admissions cycle, which shall include reasonable time for all of the following: (1) outreach and marketing, (2) orientation sessions for students, (3) an admission~~admissions~~ application period, (4) an admission~~admissions~~ lottery if necessary, and (5) enrollment. The school may fill vacancies or openings that become available after this process using either a waiting list or any other nondiscriminatory process~~non-discriminatory process. The school admits students at any time during the school year on an open-ended basis in order to better serve the transient local population~~.

EPCTC shall admit all students who wish to attend the Charter School and participates in a rolling admission process to better serve students who are historically transient. There will not be a test or assessment administered to students prior to acceptance and enrollment into the Charter School. Admission, except in the case of a public random drawing, shall not be determined by the place of residence of a student within the State, except as otherwise required by law. In accordance with Education Code Sections 49011 and 47605(e)(2)(B)(iv), admission preferences shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment.

The Charter School will be nonsectarian in its programs, admission policies, employment practices, and all other operations, and shall not charge tuition or discriminate against any student based upon the characteristics listed in Section 220.

The Charter School shall not request or require submission of a student's IEP, Section 504 Plan, or any other record or related information prior to admission, participation in any admission or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment.

In accordance with Education Code Section 47605(e)(4)(A), the Charter School shall not discourage a pupil from enrolling or seeking to enroll in the charter school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in Education Code Section 47605(e)(2)(B)(iii), including pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation. Similarly, in accordance with Section 47605(e)(4)(C), the Charter School shall not encourage a pupil currently attending the Charter School to disenroll from the Charter School or transfer to another school for any reason, including, but not limited to the

academic performance of the pupil or because the pupil exhibits any of the characteristics

described in Education Code Section 47605(e)(2)(B)(iii), as listed above.

Pursuant to Education Code Section 47605(e)(4)(D), the Charter School shall post a notice developed by the CDE on the Charter School website, outlining the requirements of Section 47605(e)(4), and make this notice available to students.

The Charter School shall require students who wish to attend the Charter School to complete an application (intent to enroll form) (See Appendix 28 ~~. In~~Intent to Enroll Form).

The Charter School admits students a rolling admission process to better serve students who are historically transient, and thus, has not had to participate in a public random drawing (or "lottery"). However, in the event that the number of students seeking admission to any grade or class exceeds capacity, admission shall be determined by a lottery, with the exception of ~~attendance, except for~~ existing students of the Charter School, who are guaranteed admission in the following school year. A lottery will take place on the EPCTC campus in a room large enough to allow all interested parties to observe the drawing, or at another public venue near the Charter School large enough to accommodate all interested parties. The lottery will take place on a weekday evening or any other time when the most interested parties who wish to attend may do so. All interested parties will know, prior to the holding of the lottery, how many openings are available at the Charter School and for each grade served by the Charter School~~school, shall be determined by a public random lottery~~.

Admission preferences will be extended to potential

~~To enroll in Escuela Popular,~~ students in ~~will be asked to complete~~ the following order:

1. Sibling(s) students admitted to or attending the Charter School
2. Students who are currently enrolled in or who reside in the elementary school attendance area of the local public elementary school where the Charter School is located (for purposes of the SB 740 Charter School Facility Grant Program)
3. Students residing within the District's boundaries
4. All other students

The Charter School and the District agree to adhere to the requirements related to admission preferences as set forth in Education Code Section 47605(e)(2)(B)(i)-(iv).

Public Random Drawing

Public notice for the date and time of the lottery, rules, and deadlines will be posted at the Charter School and on the Charter School's website at least two weeks prior to the lottery date. The notice includes an explanation that students do not need to be present at the lottery but may attend if they choose to do so. The lottery is open to the public.

At the lottery, names shall be drawn from lottery differentiated by grade level. Beginning with the lowest grade, the names shall be drawn by an adult citizen of good standing, not otherwise employed by the Charter School, confirming the results of the lottery. The drawing shall continue until all names for that grade level are drawn. Those individuals whose names are drawn after all spaces have been filled will be placed on the waiting list in the order drawn, except if the

preferences described above require otherwise.

An adult citizen of good standing, not otherwise employed by the Charter School, will testify in writing that they personally witnessed each lottery pursuant to the above, and that each was random, public, and conducted as described.

Students not admitted because of space limitations will be placed on a wait list. As space becomes available during a school year, the Charter School will call the applicant with the highest rank on the applicable waiting list.

Students promoted off of the waiting list shall be informed in writing and shall have five (5) days from the date of contact to respond. In addition, the Charter School shall attempt on at least two separate occasions to contact the students promoted off of the waiting list by telephone. The Charter School admits students at any time during the school year on a rolling admission basis in order to better serve the relatively transient local population.

The waitlist for the current school year remains active until the end of the school year. No waitlist shall be carried over from one school year to the next school year. Applicants must reapply for the lottery annually if the Charter School is unable to offer them admission for the current year.

Intent to Enroll forms, the manual record of all lottery participants and their assigned lottery numbers, and other lottery-related documents will be physically filed on the Charter School campus, and lottery results and waitlists will be readily available in the Charter School's office for inspection upon request. Each applicant's admission application will be kept on file for the academic year with their assigned lottery number in the Charter School database and on their admission application.

Enrollment Process

Students will be notified by EPCTC staff of their acceptance to the Charter School via telephone and/or email within five (5) days of an open space or ~~and provide the~~ following the lottery. Students who are offered spots will be asked to complete an Enrollment Packet within ten (10) days of receipt of notification of their spot in order to secure their space. Charter School staff will be available to assist students with language, literacy, or physical disabilities to complete this paperwork, if needed. Upon enrolling in EPCTC, each student will be invited to attend an optional school orientation meeting or individual meetings with the Director of Student Support. This meeting is not a condition for enrollment.~~information:~~

After admission, students will be required to submit an enrollment packet, which shall include the following:

- Student Enrollment Form (See Appendix 29 Enrollment Form)
- Proof of Immunizations
- Report of Health Exam for School Entry
- Home Language Survey
- Completion of Emergency Medical Information Form or Proof of age requirements~~a student registration form;~~

- Release of records7
  - Student signatures on the Student and Family ~~Submit appropriate documentation~~
  - ~~Submit a signed Commitment Form and~~ Handbook Acknowledgement The Charter School will maintain records of the above activities.

[7] In accordance with Education Code Section 47605(e)(4)(B), the Charter School shall not request a pupil's records or require a parent, guardian, or pupil to submit the pupil's records to the Charter School before enrollment.

- Attend a school orientation meeting before the first day of class

Admission tests will not be required; however, assessments may be administered following enrollment to determine individual instructional programs. These tests will serve as diagnostics of students' reading, writing and math skills.

EPCTC will be non-sectarian in its programs, admissions policies, employment practices, and all other operations, shall not charge tuition, and shall not discriminate on the basis of race, ethnicity, national origin, gender, or disability.

~~Required~~ Element I: Annual Independent Financial AuditsAudit

~~Governing Law: "~~*The manner in which annual, independent~~,~~ financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority."* - Education Code Section 47605(c)(5)(I)

An annual independent financial audit ~~- California Education Code Section 47605(b)(5)(I)~~

~~EPCTC's board~~ of the books and records~~directors will form an audit committee each fiscal year to oversee selection~~ of the Charter School ~~an independent auditor and the completion of an annual audit of the school's financial affairs. These financial audits~~ will be conducted as required by Education Code Sections 47605(c)(5)(I)~~a qualified Certified Public Accountant familiar with school finances~~ and 47605(m).~~operations.~~ The books and records of~~audit will verify~~ the Charter School ~~accuracy of the school's financial statements, attendance and enrollment accounting practices, and review the school's internal controls. The audit~~ will be kept~~conducted~~ in accordance with generally accepted accounting principles , and as required by applicable law, the audit will employ generally accepted accounting procedures. The audit shall be conducted in accordance with applicable provisions within the California Code of Regulations governing audits of charter school as published in the State Controller's K-12 Audit Guide.

The Board will select an independent auditor through a request for proposal format. The auditor will have, at a minimum, a Certified Public Accountant and educational institution audit experience and will be approved by the State Controller on its published list as an educational audit provider..~~to the school.~~ To the extent required under applicable federal law, the audit scope will be expanded to include items and processes specified in any applicable Office of Management and Budget Circulars.

The Executive Director, along with the audit committee, if any, will oversee the completion of an annual audit of the Charter School's financial affairs. ~~It is anticipated that~~ the annual audit will be completed ~~by December 15 each year~~ and ~~that a copy of the auditor's findings will be~~ forwarded to the ~~East Side Union High School~~ District, the ~~Santa Clara~~ County Superintendent~~Office~~ of Schools~~Education~~, the State Controller~~Controller's Office, the California Department of Education~~, and to the CDE by the 15th~~State Board~~ of December of each year. The Executive Director, along with the~~Education. The school's~~ audit committee, if any, will review any audit exceptions or deficiencies and report to the Board ~~school's board of directors~~ with recommendations on how to resolve them. The board will submit a report to the district describing~~regarding~~ how the exceptions and deficiencies have been or will be resolved to the satisfaction of the District along with an anticipated timeline for the same. Audit appeals or requests for summary review shall be submitted to the Education Audit Appeals Panel ("EAAP") in accordance with applicable law. The independent financial audit of the Charter School is a public record to be provided to the public upon request~~.~~ ~~Any disputes regarding the resolution of audit exceptions and deficiencies will be referred to the dispute resolution process contained in Required Element #14~~.

~~EPCTC accounts separately for those funds received by the state and from other sources; any budget deficit may be covered by Escuela Popular Del Pueblo, Inc. and any surpluses generated by the school shall return directly to the school's account.~~

~~*Funding*~~

~~EPCTC receives funding pursuant to Education Code Section 47613.5 and its successors and will opt to receive its funding directly from the State. An account for the school will be maintained at the Santa Clara County Office of Education. Any funds due to the school that flow through the East Side Union High School District shall be forwarded to the school as quickly as possible. EPCTC and the district shall annually renew a memorandum of understanding that establishes specific elements of the financial and service relationship, with mutually agreeable modifications if necessary.~~

~~*District Oversight*~~

~~The East Side Union High School District shall provide and/or perform oversight tasks and duties specified and/or necessitated by this charter for a cost-based fee that will be negotiated annually; said fee shall not exceed one percent (1%) of the revenues provided to the school pursuant to the Charter Schools Act, excluding private donations and grants. Services shall include, but not be limited to, the following:~~

1. Good faith efforts to develop any agreements to clarify or implement the charter.

2. Review, analysis and dialogue regarding the school's performance.

3. Monitoring of compliance with the charter and related agreements.

4. Good faith efforts to implement the dispute resolution and related processes described in Element N of this charter petition.

5. Timely and good faith review of requests to renew or amend this charter as permitted under law.

The district agrees to allow EPCTC to purchase goods or services from the district at cost pursuant to a mutually acceptable written agreement, which may include the following:

1. Student information, assessment and other data processing services.

2. Facilities maintenance, utilities, and grounds keeping.

3. Services related to exceptional needs or language minority students.

4. Transportation services.

5. Child nutrition & food services.

6. Categorical programs management and grant development and compliance services.

7. Purchasing, delivery and warehousing services.

Programmatic/Performance Report

EPCTC will comply with the district's request to ensure that the charter school is in compliance with its charter and all applicable laws.

The charter school and district will jointly develop the content, evaluation criteria, timelines, and process for performance reports.

The school and district will also jointly develop an annual site visitation process and protocol to enable the grantor to gather information needed to confirm the school's performance and compliance with the terms of this charter.

Annual Reports

The charter school and the district agree to work together to accomplish all tasks necessary to fully implement this charter, including the submission of any necessary and duly prepared waiver requests to the State Board of Education.

~~The district agrees to receive and review the annual fiscal and programmatic audit and performance report as specified in Element I. Within sixty days of receipt, the district will notify the school as to whether it considers the school to be making satisfactory progress relative to the goals specified in this charter. This notification will include the specific reasons for the district's conclusions. If the district concludes the school is not making satisfactory progress the school shall be provided with specifics regarding areas of concern.~~

~~Required~~ Element J: Student~~Pupil~~ Suspension and Expulsion Procedures

The procedures by which pupils can be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason. These procedures, at a minimum, shall include an explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present the pupil's side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five school days before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a homeless child or youth or a foster child or youth, in the native language of the homeless or foster child's educational rights holder. In the case of a foster child or youth, the written notice shall also be provided to the foster child's attorney and county social worker. If the pupil is an Indian child, as defined in Section 224.1 of the Welfare and Institutions Code, the written notice shall also be provided to the Indian child's tribal social worker and, if applicable, county social worker. The written notice shall inform the pupil, the pupil's parent or guardian, the homeless child's educational rights holder, the foster child's educational rights holder, attorney, and county social worker, or the Indian child's tribal social worker and, if applicable, county social worker, of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent or guardian, the homeless child's educational rights holder, the foster child's educational rights holder, attorney, or county social worker, or the Indian child's tribal social worker or, if applicable, county social worker, initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

(iv) A foster child's educational rights holder, attorney, and county social worker and an Indian child's tribal social worker and, if applicable, county social worker shall have the same rights a parent or guardian of a child has to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, and other documents and related information. - Education Code Section 47605(c)(5)(J)

These policies balance students' rights to due process with the Charter School's responsibility to maintain a safe learning environment.~~wrongs. Additionally, we believe that every bad decision has a consequence that applies to each specific case. EPCTC generally does not encounter volumes of suspensions due to the nature of the adult population served. In the case that an unwanted behavior occurs, below is an outline of how EPCTC deals with situations. Consequences may include (they are not in any specific order):~~

- ~~Verbal warning~~
- ~~Writing a letter of apology~~
- ~~Participating in school community service/repairing any damage they have caused~~
- ~~Being removed from a given situation (time out, reflection time…etc)~~
- ~~Making up work time (additional time with the teacher)~~
- ~~Completing a behavior reflection to be signed by parents and returned~~
- ~~Student/Teacher/Principal conference~~
- ~~Being placed on a behavior plan or academic contract~~

~~Suspension~~

A. General Provisions

EPCTC shall provide due process for all students, including adequate and timely notice to students of the grounds for all suspension, expulsion, and involuntary removal recommendations and decisions and their due process rights regarding suspensions, expulsions, and involuntary removals.

- ~~EPCTC shall document and implement the alternatives to~~
- ~~Loss of placement at Escuela Popular~~

~~In cases where suspension and expulsion are necessary, EPCTC has adopted a comprehensive~~ suspension and expulsion.

B. School Climate and Student Discipline System

EPCTC's goal is to provide a school climate that is safe, supportive, and nurturing for each student. All students have a right to learn while attending a safe school. As such, a student discipline system that addresses prevention, early intervention, schoolwide positive behavior intervention and

support, and consistent expectations as well as appropriate consequences for behavior is a necessary part of school life.

EPCTC's student discipline system focuses on the implementation of a schoolwide positive behavior intervention and support system that helps to prevent the occurrence of problem behaviors that may result in disciplinary actions. This student discipline system includes a multi-tiered approach that is implemented by school staff through: school leaders actively supporting the implementation of schoolwide positive behavior interventions and supports; teaching and consistently reviewing schoolwide rules and behavioral expectations; teaching and modeling appropriate social and behavior skills; reinforcing appropriate student behaviors; using effective classroom management strategies; providing early intervention for inappropriate behaviors; collaborating and communicating regularly with families regarding behavioral expectations, individual student behavior plans, student progress, and any necessary consequences, such as suspension or alternatives to suspension referred herein.

The goals of EPCTC's student discipline system are to:

- Promote student self-discipline, independence, and mutual respect for others;
- Model, teach and encourage socially appropriate behavior so that students will be happy and successful in the real world;

- Maximize learning time by decreasing the number of office referrals and suspensions;
- Monitor and correct student misconduct through positive behavioral interventions; and,
- Analyze student behavioral data to further guide the development and implementation of schoolwide behavioral supports and interventions.

Behavioral Interventions

Students who engage in misconduct may be provided with behavioral responses to intervention. Through this referral process students with behavioral difficulties will further behavioral intervention support and staff will continue to monitor progress through data collection.

In certain circumstances, disciplinary responses that remove students from the classroom or school environment may be necessary through suspension and/or expulsion. In these cases, EPCTC's goal is to make sure that students continue their education, learn how to behave appropriately, and correct any harm they may have caused. Please note that while instituting more severe disciplinary actions, EPCTC shall follow certain public school procedural safeguards, federal and state laws, and restrictions. This is especially true when working through disciplinary matters with students with disabilities.

Implementing Restorative Justice practices as an alternative to traditional discipline is a learning process, one that takes time, patience and understanding. The goal is to build a stronger and more inclusive school community.

Suspension Alternatives

Alternatives to suspension include consequences that are identified as appropriate responses to misconduct and that provide the student with an opportunity to learn the skills necessary to avoid future misconduct. Alternatives to suspension may include but is not limited to:

- Changes in student's schedule tailored to student's needs;
- Implementation of a behavior monitoring system;
- Implementation of a behavioral contract including reinforcers for success and consequences for continued problems, such as loss of privileges (e.g.: short term loss of class/schoolwide fun activities that may be earned through positive behavior) or restoration (e.g.: apologizing to the person they hurt, cleaning up a mess they made, fixing something they broke, or writing a paragraph on bullying to present during anti-bullying activities);
- Referral to group or individual counseling;
- Instruction in social emotional/behavioral skills;
- Use of problem-solving approach to assist student in identifying the problem and possible appropriate solutions.

Professional development

Professional development in the area of schoolwide positive behavior support is provided to all staff members on an ongoing basis. Professional development for school staff may

include topics such as classroom management, using a problem-solving approach to discipline, managing student behaviors, creating positive classroom culture, and creating positive behavior support plans.

C. ~~policy. See~~ Suspension and Expulsion Policy and Procedures

Policy

The Suspension and Expulsion Policy and Procedures have been established in order to promote learning and protect the safety and well-being of all students at the Charter School. In creating this policy, the Charter School~~Policies (Appendix 19). In creating this policy, Escuela Popular~~ has reviewed Education Code Section 48900 *et seq.*, which describe the offenses for which students at noncharter schools' may be suspended or expelled and the procedures governing those suspensions and expulsions to establish its list of offenses and procedures for suspensions, expulsions, and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions and involuntary removal, and, as necessary, modification of the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal, so long as such modification is not materially different from this charter petition~~establishes policies and procedures used in traditional public schools when suspending and expelling students. These policies will be available to parents/families and students upon request. These policies balance students' rights to due process with the school's responsibility to maintain a safe learning environment~~.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This Policy and its Procedures will be printed and distributed annually as part of the Student and Family Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff, or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their guardians[8] (for SWD under 22 years of age) are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this Policy and its Procedures are available upon request at the Charter School's office.

[8] ~~The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational~~

rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

Suspended or expelled students shall be excluded from all school and school related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the IDEA or who is qualified for services under Section 504 is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. The Charter School shall follow all applicable federal and state laws including but not limited to the applicable provisions of the Education Code, when imposing any form of discipline on a student identified as an individual with disabilities for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according to due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the student and educational rights holder have been provided with a written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's educational rights holder and shall inform the student, the student or the student's educational rights holder of the basis for which the student is being involuntarily removed and the student or the student's educational rights holder's right to request a hearing to challenge the involuntary removal. If a student or the student's educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions before the effective date of the action to involuntarily remove the student. If the student or the student's educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below.

D. Procedures

Suspension and Expulsion

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to:

a) while on Charter School grounds;
b) while going to or coming from the Charter School;
c) during the lunch period, whether on or off the Charter School campus; or
d) during, going to, or coming from a school-sponsored activity, school sanctioned event, or athletic practice, game, or event.

E. Enumerated Offenses

1. Discretionary Suspension Offenses. Students may be when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code 11053-11058, alcoholic beverage, or intoxicant of any kind. Students who voluntarily disclose their use of a controlled substance, alcohol, or an intoxicant of any kind in order to seek help through services or supports shall not be suspended for that disclosure.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes, but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes, but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of the student's own prescription products by a student. Students who voluntarily disclose their use of a tobacco product in order to seek help through services or supports shall not be suspended solely for that disclosure.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes, but is not limited to, electronic files and databases.

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or pre-initiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student.

p) Made terroristic threats against school officials and/or school property, which includes, but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes, but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 9 to 12, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e). This provision shall apply to students in any of grades 9 to 12, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) rights by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 9 to 12, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
   i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
   ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.
   iii. Causing a reasonable student to experience substantial interference with their academic performance.
   iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the school site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

   i. A message, text, sound, video, or image.
   ii. A post on a social network Internet Web site including, but not

limited to:

(a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another pupil would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the pupil who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this policy, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this policy, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Penal Code Section 31, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee's concurrence.

2. Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion when it is determined the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the students had obtained written permission to possess the item from a certificated school employee, with the Principal or designee's concurrence.

b) Brandished a knife at another person.

c) Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, *et seq*.

d) Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 or former Section 288a of the Penal Code, or committed a sexual battery as defined in Penal Code Section 243.4.

3. Discretionary Expellable Offenses: Students may be recommended for expulsion when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code 11053-11058, alcoholic beverage, or intoxicant of any kind. Students who voluntarily disclose their use of a controlled substance, alcohol, or an intoxicant of any kind in order to seek help through services or supports shall not be suspended for that disclosure.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic

beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes, but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes, but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of the student's own prescription products by a student. Students who voluntarily disclose their use of a tobacco product in order to seek help through services or supports shall not be suspended solely for that disclosure.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes, but is not limited to, electronic files and databases.

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or pre-initiation into a student

organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student.

p) Made terroristic threats against school officials and/or school property, which includes, but is not limited to, electronic files and databases. For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes, but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 9 to 12, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e). This provision shall apply to students in any of grades 9 to 12, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 9 to 12, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or

conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.
iii. Causing a reasonable student to experience substantial interference with their academic performance.
iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the school site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

i. A message, text, sound, video, or image.
ii. A post on a social network Internet Web site including, but not limited to:
(a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another pupil would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a

profile using the likeness or attributes of an actual student other than the pupil who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this policy, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this policy, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Penal Code Section 31, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee's concurrence.

4. Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion when it is determined the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the students had obtained written permission to possess the item from

a certificated school employee, with the Principal or designee's concurrence.

b) Brandished a knife at another person.

c) Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, *et seq*.

d) Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 or former Section 288a of the Penal Code, or committed a sexual battery as defined in Penal Code Section 243.4.

If it is determined by the Administrative Panel and/or Board that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or destructive device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided with due process rights of notice and a hearing as required in this policy.

The Charter School will use the following definitions:

a. The term "knife" means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.
b. The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.
c. The term "destructive device" means any explosive, incendiary, or poison gas, including but not limited to: (A) bomb, (B) grenade, (C) rocket having a propellant charge of more than four ounces, (D) missile having an explosive or incendiary charge of more than one-quarter ounce, (E) mine, or (F) device similar to any of the devices described in the preceding clauses.

F. Suspension Process

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the Principal or designee with the student and the student's educational rights holder and, whenever practical, the teacher, supervisor or Charter School employee who

referred the student to the Principal or designee.

The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the educational rights holder and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to present their version and evidence in their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. Penalties shall not be imposed on a student for the failure of the student's educational rights holder to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's educational rights holder at the conference.

2. Notice to Students

At the time of the suspension, the Principal or designee shall make a reasonable effort to contact the student by contacting available telephone numbers, voicemail, email, text message, or in person. Whenever a student is suspended, they shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date the student may return to school following the suspension. If Charter School officials wish to ask the student to confer regarding matters pertinent to the suspension, the notice may request that the student respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Principal or designee, the student shall be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student, unless the student fails to attend the conference.

The Principal or designee upon either of the following will make this determination:
1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a student, educational rights holder, or teacher shall provide to a student in any of grades 9 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

G. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Charter School Board following a hearing before it or by the Charter School Board of Directors upon the recommendation of an Administrative Panel, to be assigned by the Board as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the student nor a member of the Board. The Administrative Panel shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

H. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Principal or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

In the event an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all student confidentiality rules under FERPA). The student may make a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing. Such request is subject to Board review.

Written notice of the hearing shall be forwarded to the student and the student's educational rights holder at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The Charter School will utilize a multi-modal approach to noticing delivery which may include email,

telephone, or in-person delivery, and will include documentation or receipt of delivery. The notice provided in a language understood by the student and the student's educational rights holder shall include:

1. The date and place of the expulsion hearing;

2. A statement of the specific facts, charges, and offenses upon which the proposed expulsion is based;

3. A copy of the Charter School's disciplinary rules which relate to the alleged violation;

4. Notification of the student's or educational rights holder's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment;

5. The opportunity for the student and/or the student's educational rights holder to appear in person or to employ and be represented by counsel or a nonattorney advisor;

6. The right to inspect and obtain copies of all documents to be used at the hearing;

7. The opportunity to confront and question all witnesses who testify at the hearing;

8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

The Hearing Officer or Administrative Panel may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student. The hearing in this case is referring to the Administrative Panel.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) days notice of their scheduled testimony; (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include an educational rights holder, or legal counsel; and (c) elect to have the hearing closed while testifying.

2. The Charter School must also provide the victim with a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the Administrative Panel conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.

4. The Administrative Panel may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5. The Administrative Panel may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.

6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the Administrative Panel from removing a support person whom the presiding person finds is disrupting the hearing. The Administrative Panel may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.

7. If one or both of the support persons is also a witness, the Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Charter School. The Administrative Panel Chairperson shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the Administrative Panel Chairperson from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness, and the complaining witness shall be excluded from the hearing room during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by an educational rights holder, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

I. Record of Hearing.

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

J. Presentation of Evidence.

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

K. Expulsion Decision.

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board, which will make a final determination regarding the expulsion. The Board shall make the final determination regarding the expulsion within ten (10) school days following the conclusion of the hearing. The decision of the Board of Directors is final.

If the Administrative Panel decides not to recommend expulsion or the Board ultimately decides not to expel, the student shall immediately be returned to their previous educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

L. Written Notice to Expel.

The Principal or designee, following a decision of the Board to expel, shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student and student's educational rights holder. This notice shall also include the following: (a) Notice of the specific offense(s) committed by the student; (b) Notice of the student's or educational rights holder's obligation to inform any new district in which the student seeks to enroll of the student's status with the Charter School; (c) rehabilitation plan with a date not later than one (1) year from the date of expulsion when the student may reapply to the Charter School for readmission; and, (d) alternative education programs in the County or their school district of residence and an offer to collaborate with student and student's educational rights holder to assist with locating alternative placements during expulsion.

The Principal or designee shall send a copy of the written notice of the decision to expel to the chartering authority, and within thirty (30) days to the Superintendent of the student's district of residence. This notice shall include the following: (a) The student's name; (b) The specific expellable offense(s) committed by the student; and, (c) The rehabilitation plan with a date not later than one (1) year from the date of expulsion when the student may reapply to the Charter School for readmission;

M. Disciplinary Records.

The Charter School shall maintain records of all student suspensions and expulsions at the Charter School. Such records shall be made available to the chartering authority upon request.

N. No Right to Appeal.

The student shall have no right of appeal from expulsion from the Charter School as the Charter School Board's decision to expel shall be final.

O. Expelled Students/Alternative Education.

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. The Charter School shall work cooperatively with the student as requested by the student or by the school district of residence to assist with locating alternative placements during expulsion.

P. Rehabilitation Plans.

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to the Charter School for readmission.

Q. Readmission or Admission of Previously Expelled Student.

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the Principal or designee and the student and student's educational rights holder to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the Charter School environment. The Principal or designee shall make a recommendation to the Board following the meeting regarding the Principal's or designee's determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

R. Notice to Teachers.

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

S. Special Procedures for Consideration of Suspension, Expulsion, or Involuntary Removal of Students with Disabilities.

1. Notification of the SELPA

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student who the Charter School would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change in placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the student's IEP/Section 504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a student with a disability because of a violation of a code of student conduct, the Charter School, the educational rights holder, the student, and relevant members of the IEP/Section 504 Team shall review all relevant information in the student's file, including the student's IEP/Section 504 Plan, any teacher observations, and any relevant information provided by the student or educational rights holder to determine:

a. Manifestation Determination: If the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability; or
b. Procedural Safeguards: If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/Section 504 Plan.

If the Charter School, the student, the educational rights holder, and relevant members of the IEP/ Section 504 Team determine that either of the above is applicable for the student, the conduct shall be determined to be a manifestation of the student's disability.

If the Charter School, the student, the educational rights holder, and relevant members of the IEP/Section 504 Team make the determination that the conduct was a manifestation of the student's disability, the IEP/Section 504 Team shall:

a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such student, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the student already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and,

c. Return the student to the placement from which the student was removed, unless the student, the educational rights holder, and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the student, the educational rights holder, and relevant members of the IEP/ Section 504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/Section 504 Plan, then the Charter School may apply the relevant disciplinary procedures to students with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The student with a disability or the educational rights holder who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the student is substantially likely to result in injury to the student or to others, may request an expedited administrative hearing through the Special Education Dispute Resolution by utilizing the dispute provisions of the IEP/Section 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the student, the educational rights holder, or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the student or educational rights holder and the Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a student or educational rights holder disagree with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the student is substantially likely to result in injury to the student or to others, the student, educational rights holder, or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a student with a disability to the placement from which the student was removed; or (2) order a change in placement of a student with a disability to an appropriate interim alternative educational setting for not more than forty-five (45) school days if the hearing officer determines that maintaining the current placement of such student is substantially likely to result in injury to the student or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a student with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or,
c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/Section 504 Team.

T. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The student or educational rights holder has expressed concern in writing, or orally if the student or educational rights holder does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the student's teachers, that the student is in need of special education or related services.
b. The student or educational rights holder has requested an evaluation of the student.
c. The student's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the student, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may

assert any of the protections available to IDEA-eligible students with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the student or educational rights holder; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the student or educational rights holder has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

U. Notification of the School District of Residence.

Upon expelling any student, the Charter School shall notify the student's school district of residence immediately or as soon as practicable. Such notice shall include:

1. Completed expulsion documentation as required from the school district;

2. Documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that the Charter School's policies and procedures were followed;

3. Copy of notice of expulsion hearing;

4. Copy of expulsion notice provided to student or educational rights holder stating reason for expulsion, term of expulsion, rehabilitation plan, reinstatement notice with eligibility date and instructions for providing proof of student's compliance for reinstatement, appeal process, and options for enrollment;

5. If the student is eligible for special education, documentation related to expulsion in compliance with IDEA;

6. If the student is eligible for Section 504 accommodations, documentation that the Charter School conducted a manifestation determination meeting to address two questions:
   a. Was the misconduct caused by, or directly and substantially related to the student's disability?
   b. Was the misconduct a direct result of the Charter School's failure to implement Section 504 Plan?

This notice will be sent to the student's district of residence. If the student is a resident of a school district other than the District, the Charter School must notify the Superintendent of the student's district of residence within thirty (30) days of the expulsion. Additionally,

upon request of the receiving school district, the Charter School shall forward student records no later than ten (10) school days from the date of the request as stated in Education Code Section 49068(b).

~~Escuela Popular is committed to annual review of this policy, as necessary. Such modifications may be made without the need to amend the charter so long as the amendments comport with the law. In addition, these processes will be amended as required by law to protect the rights of students with disabilities or exceptional needs.~~

~~This includes, but is not limited to, convening an individualized educational plan team if a suspension lasts beyond ten days or in the event that expulsion is recommended. The school will notify the district of any expulsions and will include suspension and expulsion data in its annual performance report.~~

Element M: Return Rights of Employees

~~*Required Element 13: Attendance Alternatives*~~

Governing Law: "The A description of the rights of anany employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school. - Education Code Section 47605*(c)(5)(M)*."

No public school district employee shall be required to work at EPCTC. Employees of the District who choose to leave the employment of the District to work at EPCTC will have no automatic rights of return to the District after employment by the Charter School unless specifically granted by the District through a leave of absence or other agreement. Charter School employees shall have any right upon leaving the District to work at EPCTC that the District may specify, any rights of return to employment in a school district after employment at EPCTC that the District may specify, and any other rights upon leaving employment to work at EPCTC that the District determines to be reasonable and not in conflict with any law.

EPCTC employees will not be members of or represented by any collective bargaining agreements of the District. EPCTC employees are not required to engage in collective bargaining, but they have the right afforded to them via the procedures established by the Public Employment Relations Board ("PERB"). ~~*California Education Code Section 47605(b)(5)(M)*~~

~~For the purposes of the Educational Employment Relations Act ("EERA"), Escuela Popular del Pueblo as the California non-profit public benefit corporation operating Escuela Popular CTC is deemed the exclusive public school employer of the employees of the charter school. Thus, the collective bargaining contracts of local school districts shall not be controlling. Escuela Popular del Pueblo recognizes the employees' rights under the EERA provisions to organize for collective bargaining.~~

~~Persons employed by Escuela Popular del Pueblo are not considered employees of East Side Union High School District for any purposes whatsoever.~~ Further, employees who leave the~~East Side Union High School~~ District to work at EPCTC~~Escuela Popular CTC~~ will not continue to earn service credit (tenure) in the District~~school district~~ while working at EPCTC.

Sick or vacation leave or years of service credit at the District or any other school district will not be transferred to EPCTC. Employment by the Charter School provides no rights of employment at any other entity, including any rights in the case of closure of the Charter School.

~~*Required Element M: Description of Employee Rights*~~

~~Employees who leave EPCTC and apply to district schools will be treated no differently from applicants from other schools in regard to crediting of years, sick leave, etc., unless the district chooses to waive this policy.~~

~~EPCTC has adopted policies and processes for airing and resolving~~ internal dispute resolution process to be used for all internal~~and external~~ disputes related to the Charter School's operations. The Charter School shall also maintain a Uniform Complaint Policy and Procedures and Title IX complaint procedure, as required by state and federal law, respectively. Students, Board~~.~~

~~The district agrees to refer all complaints regarding the school to EPCTC's Executive Director for resolution. Charter school students, board~~ members, volunteers, and staff at the Charter School will be provided with a copy of the ~~school's policies and dispute resolution process and will agree to work within it. In the event that the school's policies and processes fail to resolve the dispute, the district agrees not to intervene in the dispute without the consent of the school's board of directors unless the matter directly relates to one of the reasons specified in law for which a charter may be revoked.~~

~~Intent~~Charter School's policies and internal

~~The intent of this~~ dispute resolution process. The District shall promptly refer any complaints or reports regarding such disputes not related ~~is to (1) resolve disputes within the school pursuant to the school's policy, (2) minimize the oversight burden on the District, (3) ensure a fair and timely resolution to disputes, and (4) frame a charter oversight and renewal process and timeline so as~~ to a possible violation of this charter or laws related to the Charter School.

Disputes Between the Charter School and the District

~~avoid disputes regarding oversight and renewal matters.~~ The Charter School understands that agreement to a dispute resolution process must be bilateral and the Charter School cannot unilaterally bind the District to a specific procedure. ~~As such, the following represents the Charter School's proposed process for resolving disputes between the District and the Charter School.~~ The Charter School agrees that this process may be revised as agreed upon by the District and Charter School in a mutually agreed upon MOU.

~~Public Comments~~

The Charter School staff and Board and East Side Union High School District staff and Board are encouraged~~agree to attempt~~ to resolve all disputes regarding this charter pursuant to the terms of this section. Both shall refrain from public commentary regarding any disputes until the matter has progressed through the dispute resolution process.

The Charter School and the District will be encouraged to attempt to resolve any disputes amicably and reasonably without resorting to formal procedures.

Required Element M: Description of Employee Rights

In the event of a dispute between the Charter School and the District, Charter School staff, employees and Board members of the Charter School and the District agree to first frame the issue in written format ("dispute statement") and to refer the issue to the District Superintendent and Executive Director of the Charter School, or their respective designees. In the event that the District Board of Education believes that the dispute relates to an issue that could lead to revocation of the charter in accordance with Education Code Section 47607, the Charter School requests that this shall be noted in the written dispute statement, although it recognizes it cannot legally bind the District to do so. However, participation in the dispute resolution procedures outlined in this section shall not be interpreted to impede or act as a prerequisite to the District's ability to proceed with revocation in accordance with Education Code Section 47607 and its implementing regulations.

The Superintendent and Executive Director, or their respective designees, shall informally meet and confer in a timely fashion to attempt to resolve the dispute, not later than five (5) business days from receipt of the dispute statement. In the event that this informal meeting fails to resolve the dispute, both parties shall identify two Board members from their respective boards who shall jointly meet with the Superintendent and Executive

Director, or their respective designees, and attempt to resolve the dispute within fifteen (15) business days from receipt of the dispute statement.

If this joint meeting fails to resolve the dispute, the Superintendent and Executive Director, or their respective designees, shall meet to jointly identify a neutral third-party mediator to engage the parties in a mediation session designed to facilitate resolution of the dispute. The format of the mediation session shall be developed jointly by the Superintendent and Executive Director, or their respective designees. Mediation shall be held within sixty (60) business days of receipt of the dispute statement. The costs of the mediator shall be split equally between the District and the Charter School. If mediation does not resolve the dispute either party may pursue any other remedy available under the law. All timelines and procedures in this section may be revised upon a written mutual agreement of the District and the Charter School.

Disputes Arising from within Escuela Popular CTC

Disputes arising from within the school, including all disputes among and between students, parents, volunteers, partner organization, and governing board members of the school, shall be resolved pursuant to policies and processes developed by the School. The East Side Union High School District shall not intervene in any such internal disputes without the consent of the Board of Directors of the Charter School and shall refer any complaints or reports regarding such disputes to the Board of Directors or the Executive Director for resolution in keeping with the School's policies. The District agrees to not intervene or become involved in the dispute unless the dispute has given the District reasonable cause to believe that a violation of the material provisions of the charter or related laws or agreements has occurred, or unless the Board of Directors of the school has requested the District to intervene in the dispute.

~~Elements of the dispute resolution process between the school and district are as follows:~~

1. ~~**Cause for Revocation:** Per Education Code § 47607, the district may revoke the charter if the district finds that the school: 1.) committed a material violation of any of the conditions, standards or procedures set forth in the charter; 2.) failed to meet or pursue the pupil outcomes identified in the charter; 3.) failed to meet generally accepted accounting principles or engaged in fiscal mismanagement; 4.) violated any provision of law relating to the school.~~
2. ~~**Notice of Intent to Revoke Charter ("Notice"):** prior to the revocation of the charter, the district shall provide written notice to the school which details the following: 1.) those sections or laws violated by the school; 2.) all facts and documents in support of the Notice.~~
3. ~~**Opportunity to Cure:** the district shall give the school a reasonable opportunity to cure the violations. Normally the opportunity to cure shall be 30 days after service of the Notice, which may be extended my mutual agreement. The cure period may be shortened or foregone if the district determines, in writing, that the violation constitutes a severe and imminent threat to the health or safety of the pupils of the school.~~
4. ~~**Mediation:** within 30 days of service of the Notice, the parties shall schedule mediation to resolve the matter with a mutually acceptable mediator. The parties shall mediate in good faith.~~
5. ~~**Arbitration:** within 60 days of the Notice and in the event that mediation is unsuccessful the dispute shall be referred to a mutually acceptable arbitrator who shall issue a written decision. The opinion shall be advisory.~~
6. ~~**Costs of Mediation/Arbitration:** shall be equally divided between the district and the school.~~
7. ~~**Decision of the District Board:** within 30 days of the arbitrator's decision the District Board shall either affirm or overturn the opinion of the arbitrator. If the Board overturns the opinion it shall state its reasons and evidence in writing.~~
8. ~~**Other Disputes:** in the event there is a dispute between the parties and the issue does not rise to the level of charter revocation, the dispute shall be resolved by the same procedures and principles outlined in sections 3-7 above.~~

The district may inspect or observe any part of the charter school at any time but shall provide reasonable notice to the Charter school's Executive Director. Inspection, observation, monitoring, and oversight may not be assigned or subcontracted to a third party by the district without the Charter school's consent.

and grade levels

- **Personnel Files:** List of all employees and their personnel files inclusive of retirement accrued ~~an~~ W-2 information

Personnel records shall be maintained and transferred in accordance with applicable law by the "responsibility entity" designated by the Board. The Charter School~~Board~~ will also develop a list of students~~pupils~~ in each grade level and the classes they have completed,

grade level and the classes they have completed, together with information on the students' pupils' districts of residence, which they will provide to the entity responsible for closure-related activities.

The Charter School will ask the DistrictESUHSD to store remaining original records of the Charter School'sEscuela Popular students. All student records of the Charter School shall be transferred to the DistrictESUHSD upon Charter School closure. If the DistrictESUHSD will not or cannot store the records, the Charter SchoolEscuela Popular shall work with the County Office of Education to determine a suitable alternative location for storage.

All State assessment results, special education records, and personnel records will be transferred to and maintained by the entity responsible for closure-related activities in accordance with applicable law. Transfer of the complete and organized original student records and personnel files to the District shall occur within seven (7) calendar days of the effective date of closure.

Financial Close-Out

As soon as reasonably practical, the Charter school shall prepare final financial records. The Charter school shall also have an independent audit completed within six (6) months after closure. Expenses associated with The school shall pay for the final audit and closure procedures are accounted for in the proposed budget and shall be covered by the Charter School. .. The audit shall be prepared by a qualified Certified Public AccountantCPA selected by the Charter school and shall be provided to the DistrictESUHSD, the County Office of Education, and California Department of Education promptly upon completion. This may coincide with the regular required annual audit of the Charter School. The purpose of the audit is to determine the net assets or net liabilities of the Charter School. The final audit will include an accounting of all financial assets, including cash and accounts receivable and an inventory of property, equipment, and other items of material value, an accounting of the liabilities, including accounts payable and any reduction in apportionments as a result of audit findings or other investigations, loans, and unpaid staff compensation, and an assessment of the disposition of any restricted funds received by or due to the Charter SchoolEscuela Popular.

The Charter School

Escuela Popular will complete and file any annual reports required pursuant to Education Code section 47604.33 and complete necessary academic reporting.

Distribution of Assets

On closure of the school, all assets of the Charter school, including but not limited to all leaseholds, tangible and intangible personal property, intellectual property, and all ADA apportionments and other revenues generated by students attending the Charter Schoolschool, shall remain the sole property of Escuela Popular del Pueblo and shall be distributed to another public school operated by the Escuela Popular del Pueblo corporation, if any, or if the Escuela Popular del Pueblo corporation is dissolving as a corporation, distributed in accordance with the corporation's Articles of Incorporation upon the dissolution of the nonprofitnon-profit public benefit corporation to another California public educational entity. The Charter School shall comply with all portions of

Education Code Section 47605(c)(5)(O), including the requirement that there shall be "a final audit of the school to determine the disposition of all assets and liabilities of the Charter School, including plans for disposing of any net assets and for the

maintenance and transfer of pupil records." Any assets acquired from the District~~authorizer~~ or District~~authorizer~~ property will be promptly returned upon Charter School closure to the District~~authorizer~~. The distribution shall include return of any grant funds and restricted categorical funds to their source in accordance with the terms of the grant or state and federal law, as appropriate, which may include submission of final expenditure reports for entitlement grants and the filing of any required Final Expenditure Reports and Final Performance Reports, as well as the return of any donated materials and property in accordance with any conditions established when the donation of such materials or property was accepted.

On closure, the nonprofit public benefit corporation~~Escuela Popular~~ shall remain responsible for satisfaction of all liabilities arising from the operation of the Charter School. The Charter School's chartering authority shall not be liable for debts and liabilities of the Charter School, pursuant to Education Code Section 47604(d).

The facility is safe, functional, clean, and well maintained. The facility has 26 classrooms, two science labs, one computer lab, one library, one cafeteria, and 15 office spaces. Additionally, the Charter School has two outdoor shaded areas and two umbrella shaded tables for students to eat lunch, one play structure, one soccer field, two blacktop volleyball courts, one blacktop basketball court, and plenty of parking spaces.

~~The current EPCTC academy is safe, functional, clean, and well maintained. In addition to housing the high school academies, it houses the childcare department. In July 2011, Escuela Popular re-entered into a one-year Re-Use Agreement with the City of San Jose to operate the Alum Rock Youth Center. Through this agreement, classes are held at the Youth Center for students in grades 9-12. In addition, students have access to a gymnasium that they use for P.E. and extracurricular activities. The campus is close to public transportation. To maintain a safe facility, EPCTC employs three campus supervisors who are available during the morning and evening sessions.~~

~~In the spring of 2014, Escuela Popular began to work with a project manager and architectural firm to begin the design of the improvement of the 149 N. White Rd. campus. The School designed site plans that would consolidate the EPAFLC and EPCTC academies onto one campus. The project will construct 24 new high-efficiency classrooms in three buildings. The project will also upgrade the existing track and grass field for school and community use, as well as additional parking lots. The redesigned new campus will house Escuela Popular's four academies. On October 19, 2016, the Alum Rock Union Elementary School District approved Escuela Popular's proposed site plans. The school expects to house all academies on one campus beginning in fall 2018.~~

Any school facilities leased or constructed by EPCTC shall comply with federal, state, and local building and zoning regulations as applicable to charter schools, including compliance with the Americans with Disabilities Act and ~~include~~ a certificate of occupancy as required.

The District shall be named an additional insured on the general liability insurance of the Charter School.

The Charter School Board will institute appropriate risk management practices as discussed herein, including screening of employees, establishing codes of conduct for students, and dispute resolution~~for the size and scope of the school's operation~~.

Indemnity

Escuela Popular Del Pueblo, Inc. shall defend, indemnify and hold harmless the District, its employees and agents from all claims, actions or penalties arising out of the performance of the charter, except in those instances where there is active negligence or willful misconduct by the district, its employees, or agents.

~~*Additional Insured*~~

~~Each policy of insurance relating to the school shall name the district, its officers and employees as additional insureds. The district shall be notified in writing 10 days prior to cancellation of insurance.~~

Term of Charter

The term of this Charter shall be~~commence on~~ July 1, 2026~~2018~~ – June 30, 2031~~2023~~.

Amendments

EPCTC may present a petition to materially amend the charter at any time, and ESUHSD agrees to respond to such petitions pursuant to the applicable process, criteria and timelines specified in Education Code 47605 or its successors.

Renewal

EPCTC may present a petition to renew the charter at any time prior to expiration. The Charter School~~school~~ should present the renewal request no later than 120 days prior to the

expiration of the charter. ESUHSD agrees to respond to such petitions pursuant to the applicable process, criteria and timelines specified in Education Code 47605 or its successors. Charter renewals will be for five year periods.

Revocation

EPCTC and ESUHSD agree to act in good faith with regard to the continuation of this charter. The charter granted pursuant to this Petition may be revoked by the Districtdistrict if the Districtdistrict finds that Escuela Popular did any of the following:

1. Committed a material violation of any of the conditions, standards, or procedures set forth in this Petition.
2. Failed to meet or pursue any of the student outcomes identified in this Petition.
3. Failed to meet generally accepted accounting principles, or engaged in fiscal mismanagement.
4. Violated any provision of law.

If the grounds for revocation are alleged, the governing board of the Districtdistrict agrees to notify the Escuela Popular del PuebloSchool Board and to grant reasonable time and opportunity to respond and take appropriate corrective action prior to revocation of the charter unless the Districtdistrict determines, in writing, that the violation constitutes a severe and imminent threat to the health and safety of the students.

Budget Development/Fiscal Reports/Audit

The petitioner or petitioners also shall be required to provide financial statements that include a proposed first-year operational budget, including startup costs, and cashflow and financial projections for the first three years of operation. - Education Code Section 47605(h)

Attached as appendices, please find the following documents:

- Multi-Year Budget Projection with Cash Flow and LCFF Calculator (See Appendix 34.)

These documents are based upon the best data available to the EPCTC petitioners at this time. EPCTC shall provide reports to the District and Santa Clara County Superintendent of Schools as follows in accordance with Education Code Section 47604.33, and shall provide additional fiscal reports as requested by the District:

1. By July 1, a preliminary budget for the current fiscal year.

2. By July 1, an LCAP and an annual update to the LCAP required pursuant to Education Code Section 47606.5.

3. By December 15, an interim financial report for the current fiscal year reflecting changes through October 31. Additionally, on December 15, a copy of EPCTC's annual, independent financial audit report for the preceding fiscal year shall be delivered to the District, State Controller, California Department of Education, and the Santa Clara County Superintendent of Schools.

4. By March 15, a second interim financial report for the current fiscal year reflecting changes through January 31.

5. September 15, a final unaudited report for the full prior year. The report submitted to the District shall include an annual statement of all receipts and expenditures for the preceding fiscal year.

EPCTC shall provide reporting to the District as required by law and as requested by the District including but not limited to the following California Basic Educational Data System ("CBEDS"), actual Average Daily Attendance reports (See Appendix 35 P-2 Attendance Report), all financial reports required by Education Code Sections 47604.33 and 47605(m), the SARC, and the LCAP.

~~Budget development will begin each year immediately following the January announcement of the governor's K-12 State Budget Proposals and will be continually refined through the May Revise to the State Budget Act. Budgeted resources will always be consistent with school goals as identified by the School Board. Escuela Popular will operate its basic program on the general purpose entitlement, categorical block grant revenue and Title funding amounts, with minimal need for private fundraising. See Annual Operating Budget (Appendix 20).~~

~~EPCTC will submit financial statements to ESUHSD, CDE, the State Superintendent of Instruction, Santa Clara County of Education (SCCOE), and any other state or federal agency as required by applicable law.~~

Revenue Flow

EPCTC will work cooperatively and collaboratively with the CDE, ESUHSD (sponsoring district) and the SCCOE personnel to achieve a direct revenue flow from CDE to EPCTC. Funds transferred

directly from CDE to EPCTC will be transferred to the Charter School account in the Santa Clara County treasury by SCCOE in the most expeditious manner possible.

Purchasing and Contracting

Escuela Popular del Pueblo has adopted Financial Policies and Procedures that detail the procedures the school will follow for purchasing and contracting.

Attendance Accounting

Attendance accounting procedures will satisfy CDE, SCCOE, and ESUHSD requirements. Official registers will be completed on a monthly basis, documenting the month's attendance.

Financial Services

Policy is set by the Board of Directors, and day-to-day operations will be carried out by the Executive Director and staff. The accounting system will adhere to Generally Accepted Accounting Principles, and there will be adequate internal controls within the system. Business consultation and support to the Executive Director may be provided by an outsourced school business services company. The Executive Director will oversee the work of the business services company, which will handle the timely and appropriate reporting regarding budget, attendance, etc. Reporting will be implemented in accordance with specific agreements between the school and the sponsoring district and in compliance with applicable law.

Instructional Start Date for General Purpose Revenue

Escuela Popular acknowledges that it must commence operations by September 30 to be eligible for that fiscal year's ADA-based state general purpose revenue.

District Impact Statement

Potential civil liability effects, if any, upon the school and upon the District. **- Education Code Section 47605(g)**

Conclusion

Escuela Popular/Center for Training and Carers, Family Learning Center's charter renewal petition merits renewal under the applicable legal standards under the Charter Schools Act, and as a DASS school under the standards articulated in Education Code Section 47607(c)(7), the chartering authority should approve the renewal charter for a period of five years.

By approving this charter renewal petition, the District will be fulfilling the intent of the Charter Schools Act of 1992 to improve student learning, create new professional opportunities for teachers, and provide students with expanded choices in education and following the directive of law to encourage the creation of Charter Schools. By approving this charter renewal petition, the District will be considering EPCTC's schoolwide and student subgroup performance on the state and local indicators on the California School Dashboard including academic achievement in ELA, academic achievement in math, and EL progress. In regard to the community impact, EPCTC is a well-established Charter School that has been serving students in East San Jose since 2004 so it will not substantially undermine existing District services, academics, or program offerings. The Petitioner looks forward to EPCTC's continued autonomous operation, pursuant to rigorous standards of accountability, while also working cooperatively with the District as a partner in ensuring that historically disadvantaged adult students living in this region have the opportunity to obtain an education at a school that best meets their needs. To this end, EPCTC pledges to work cooperatively with the District to address any concerns regarding this document, or any aspect of the Charter School's program, in furtherance of its petition to renewal of Escuela Popular's charter and to present the strongest possible proposal requesting a five (5) year term from July 1, 2026 through June 30, 2031.

Budget Narrative

The attached budget and cash flow projection are based on historical spending patterns and current fiscal realities to implement Escuela Popular Community Training Center (EPCTC) program as described in the charter petition. Assumptions that are being used to create the analysis are based on financial data from its currently operating school in East San Jose.

I. Revenues

A. Enrollment and ADA

Percentage	84%	84%	84%

B. Government Funding

The Local Control Funding Formula (LCFF) was signed by the Governor on June 27, 2013. This budget is using the Fiscal Crisis and Management Assistance Team (FCMAT) calculator version 26.2 dated August 1, 2025. COLA is calculated by the Department of Finance as referenced in the FCMAT file. The LCFF rates used are as follows:

	2026-27	2027-28	2028-29
COLA	3.02%	3.42%	3.31%
LCFF Rate	$18,110	$18,730	$19,352

This budget reflects an Unduplicated Pupil Percentage (UPP) of approximately 99% for students qualifying for Free and Reduced Lunch (FRL) and English Learners (ELL) at EPCTC, consistent with historical patterns. The school's UPP has remained consistently high over the past several years, resulting in a slightly increasing three-year average.
This budget assumes EPCTC is eligible for the concentration grant portion of LCFF capped at the East Side Union High School District (ESUHD) average of 82.70%.

EPA and In lieu portions of LCFF are based on historical patterns. The school also qualifies for the Equity Multiplier, which is conservatively estimated at approximately $1.29 million annually beginning in FY26.

CTC receives limited federal funding. The comprehensive Support and Improvement (CSI) grant sunsets after FY27 resulting in a conservative estimate of $50K in FY27 and $0 thereafter, with negative adjustments shown in later years to reflect the transfers of SPED funding to EPAFLC in alignment with EDCOE SELPA policy.

The school has budgeted for state lottery revenue (see Rates tab). The expected rate is $272/ADA per the CDE's estimate. The Mandate Block Grant is also included at $59.97/PY ADA beginning in FY27 increasing

moderately each year. Prop 28 Arts & Music is included as well and is based on prior year enrollment and FRL.

The school is in their third year of a five-year CA Community Schools Partnership grant which expires in FY28 ($250K in FY27 and $187K in FY28). The school also has a three-year Literacy Coaches grant of $150K per year. The student Support & PD Block Grant of $176K is also available in FY27 with spending set to expire in FY29

Local revenues and Fundraising are included based on historical receipts.

II. EXPENSES

Expenses have been conservatively estimated by the petitioners based on historical activity. Below is a summary of the major expense categories and their underlying assumptions.

A. Staffing and Benefits

The staffing plan can be accessed on the payroll tab in the Excel workbook. The plan is based on current staffing levels, which in FY26 reflect temporary staffing adjustments related to credentialing and compliance needs. Beginning in FY27, which aligns with the petition years, compensation levels decrease and stabilize, reflecting staffing adjustments made to align with credentialing requirements and forecasted ADA and enrollment. Staffing levels are assumed to remain largely stable throughout the petition term, as enrollment is not projected to remain relatively consistent

Salaries are projected to grow by 2% annually. STRS contributions are included for certificated staff. Classified staff participate in a qualified retirement plan; therefore, only Medicare under FICA is included for those positions. The school's contribution to health and welfare benefits is projected to grow at 2.5% per year in the first 3years and then 4% in subsequent years.

B. Books and Supplies

EPCTC plans to spend approximately $320K–$350K annually on curriculum, instructional materials, supplies, and equipment during the petition term. These projections are based on the detailed Books and Supplies budget in the multi-year financial projection, which reflects ongoing instructional needs and modest annual increases consistent with historical spending patterns. Larger curriculum and equipment investments were previously supported with one-time funding, reducing the need for elevated recurring expenditures in the petition years.

The school also projects annual spending of approximately $45K–$50K on student food services, reflecting the combined costs of student food services and related food expenditures. These amounts are aligned with historical trends and current program operations and remain stable throughout the petition term.

C. Services and Operating

Travel and conferences are budgeted at $23k per year, increasing overtime at a 2% COLA adjustment rate. The liability insurance premium is $187K per year, consistent with historical patterns.

Occupancy (rent, utilities, and janitorial) is budgeted at ~$1.47MM per year based on historical trends and its bond repayment schedule.

Oversight Fee at 1% of LCFF has been included.

The school also budgeted for field trips, student activities, fingerprinting, legal, marketing and student recruiting, interest, professional development, payroll, HR and audit fees, consultants, technology, health services, and student assessment systems. All of these assumptions are in line with existing operating expenditures with a 2% increase each year.

EPCTC expects to spend roughly ~$100K on its communication expenses, including telephone, cell phones, internet, and postage. See budget detail for additional information on budget line items.

D. Cash Flow

Cash flow is projected to be positive throughout the term of the renewal. The school has a strong accumulated cash balance.

E. Contingencies and Reserves

The school plans to exceed the CDE recommended budget reserve of 3% of total annual expenses.

LCFF Calculator Caveats

v.26.2 **8/1/2025**

Every effort was made to make the calculator as accurate as possible. However, because the calculator is based on estimates and assumptions, actual Local Control Funding Formula (LCFF) funding may differ from the amounts generated by the calculator. In some cases, LEA-specific and unique complexities that exist for a small percentage of local educational agencies (LEAs) may result in errors. Every unique situation is not modeled in the calculator, and **the calculator may not be useful for all LEAs**.

The following bullets highlight these assumptions, and some of the unique situations and known issues that could be identified.

General	The calculator is based on the LCFF statute as currently written, unless otherwise noted in these caveats. In some cases there may be differences in rounding +/- $1.
	The calculator includes cost of living adjustments (COLA) and if applicable proration factors as estimated by the Department of Finance (DOF).
	The calculator prepopulates with certified data provided by the California Department of Education (CDE) for the calculation of principal apportionment. Users should independently verify prefilled data, and should make adjustments as needed if revisions have been filed.
	The Education Protection Account (EPA) proportionate share percentage is based on estimates released by the CDE that may not yet be finalized. Therefore, the percentage may change from what is shown in the calculator through final calculation in February of the following fiscal year.
	EPA revenue in the 2021-22 fiscal year increased to an unprecedented level of funding which necessitated changes to the calculation. Pursuant to Section 112 of AB 181 (Chapter 52, Statutes of 2022), the 2012-13 Revenue Limit rates for school districts and charter schools were adjusted to reflect statutory COLA increases from 2013-14 through 2021-22. These rates will continue to receive COLA adjustments moving forward.
NEW 2024-25	On the Data Entry tab, there are three new columns that include an additional three years of historical data for local educational agencies. These columns do not create calculations for these years, but may impact the three prior year calculations (PY3, PY2). Districts can use these to enter in audit adjustments or other necessary adjustments from reorganizations or mergers to their attendance, enrollment, unduplicated pupil counts, or charter shift increases or decreases.
Charter School Calculations	
	The calculator is not designed to directly calculate budget estimates for all-charter school districts because of the unique options selected at the time the district converted. It is recommended all-charter school districts contact the CDE to determine the best method for estimating LCFF revenues.
	Charter schools that are funded under different funding methodologies due to their pupil population are not included as a single scenario within the calculator. These schools are mainly those authorized by a county board of education.
	The calculator is designed for a district to calculate the in lieu taxes and, as such, charter schools should contact their sponsoring authority for in lieu tax amounts to ensure accuracy.
	The calculator **does not** take into account the following: -District reorganizations that include a charter school(s) newly authorized by one or more districts affected by the reorganization. -Charter schools that operated in the prior year but have been reauthorized by a different agency in the current year and have not been certified within the PASE system.
NEW 2025-26	-The LCFF fire recovery protections for charter schools included in Education Code 46392(g). For specified charter schools that were damaged, destroyed, or directly impacted as a result of a state of emergency that was declared by the Governor in January 2025.

FCMAT

FISCAL CRISIS & MANAGEMENT ASSISTANCE TEAM

If any of these situations apply, we recommend working with the CDE and FCMAT to determine if the calculator can be adapted.

School District Calculations

2019-20 certified ADA was adjusted after the R3 certification cycle for school districts that were the sponsoring LEA of a charter school that discontinued operation by the end of 2019-20. This ADA adjustment was only made to accommodate an accurate calculation of the three prior-year average (PY1 2021-22. PY2 2020-21, PY3 2019-20) commencing with the 2022-23 fiscal year.

For districts with **necessary small schools** (NSS), the calculator models different combinations of NSS and regular ADA to determine the overall maximum funding available. Districts with necessary small schools should refer to the Instructions tab. Districts are encouraged to independently select their funding options and evaluate the results to determine which funding method they will elect to follow.

The calculator does not take into account the following funding adjustments for **basic aid school districts**:

Basic Aid Choice
Basic Aid Court-Ordered Voluntary Pupil Transfer
Basic Aid Open Enrollment
Basic Aid Supplement Charter School Adjustment

NEW 2025-26

The calculator does not include the LCFF fire recovery protections for LEAs included in the 2025-26 Education Trailer Bill. A basic aid school district in Los Angeles County that loses local property tax revenue due to the Eaton and Palisades fires in January 2025 will be reimbursed from the state General Fund for losses in the 2024-25 and 2025-26 fiscal years. The reimbursement will follow a schedule submitted by the county and distributed by the state controller no later than September 30, 2025.

NEW 2025-26

The calculator accounts for the impact of district reorganizations that have been certified by the CDE via the PASE system to support more accurate projections. **Historical year projections may not align with CDE exhibits for those years**. To reconcile historical year calculations to CDE's LCFF Calculation exhibits, manual adjustments must be made to the ADA section for those years in the data entry tab. If needed, FCMAT recommends working with its team to align the historical year calculations with CDE's LCFF Calculation exhibit.

LCFF Calculator Navigation

v.26.2 8/1/2025

Structure:

1 The LCFF Calculator structure has been built to maintain a standard eight-year structure that includes two historical years, one current year and five projection years.

2 The Data Entry tab was designed to cluster data entry sections by projection type (charter school or school district). Charter school data entry sections are intentionally placed at the top of the page due to the limited amount of data required to complete a projection.

3 The workbook contains conditional formatting to guide users through data entry. Once a projection type is identified and all basic questions are answered, only the highlighted sections require data entry; all remaining sections not applicable to the projection will remain grayed out. **No data should be entered in sections that are not highlighted**.

Projection Type Not Identified	Charter School Projection	School District Projection
	Data Entry Sections	Data Entry Sections

4 A separate calculation must be prepared for each LEA, either district or charter school.

5 Version Names will reflect the last two digits of the current projection year, followed by ".1" or ".2". If additional updates are needed, letter suffixes such as ".1a" or ".2b" will be used.
- version.1 includes prepopulated PY1-PY3 data from the CDE's P-1 Certification.
- version.2 includes prepopulated PY1-PY3 data from the CDE'sP-2 Certification.

For example, for the 2025-26 projection year, version **v26.1** includes P-1 certification data and version **26.2** includes P-2 certification data.

Data entry cells: prepopulated with the most current certified data; all data entry cells are unlocked for user edit. Prepopulated data cannot be restored after user override.

Tab Navigation Key:

Information tabs: provide important projection information and should be reviewed with each update.

Data Entry tab: single data entry tab for ALL LCFF calculations. Sections to be completed are identified through highlighting upon entry of CDS code and responses to required questions.

Primary calculation results tabs: provide calculations and results summaries only. **No data is entered on these tabs**.

Secondary support calculation tabs: provide details of supporting calculations for components that do not apply to all LEA calculations**. No data is entered on these tabs.**

User editable tabs: preformatted graphs and blank worksheet tabs.

Instructions:

1 **Review Caveats**: Important details that may affect LEA calculations are noted in this tab. **This tab should be reviewed with each update**.

2 **Data Entry tab:** Data for all calculation types is entered into the Data Entry tab.
- Start a calculation by entering the five-digit code for a school district calculation or seven-digit school code for a charter school calculation. Once the LEA code is entered, the LEA type (district or charter) will be identified and the applicable data entry sections will be highlighted for completion.
- New charter schools that do not yet have a CDS code should select "Yes" from the drop-down list following the question below the CDS code box.

Section (1) Universal Assumptions: Prepopulated assumptions are based on the most current data released by the Department of Finance and the California Department of Education. COLA and EPA assumptions should be reviewed and updated to match percentage updates published after the version release.

- **EPA Miscellaneous Adjustments (P-2 Certification only) - cell L23:** For LEAs that need to update the version.1 (spring release) of the LCFF calculator with P-2 certification data before FCMAT publishes its version.2 (summer release), the row titled "EPA Miscellaneous Adjustments (P-2 Certification only)" has been added in the PY1 column, cell L23. LEAs should enter data in this field **only in late June, after the California Department of Education publishes the P-2 certification data and before FCMAT releases the version.2 LCFF calculator.** This field is only open in the version.1 of the calculator. An EPA miscellaneous adjustment is calculated once at P-2 and reported on the CDE's P-2 Education Protection Account exhibit, line D-2. This EPA miscellaneous adjustment offsets LCFF State Aid (object 8011).

Section (2) Charter School Data Elements Required to Calculate the LCFF: Enter charter school data elements in this section of the Data Entry tab ONLY; do not enter data in sections that are grayed out.

v.26.2 8/1/2025

Section (3) School District Data Elements Required to Calculate the LCFF: Enter school district data elements in this section of the Data Entry tab ONLY; do not enter data in sections that are grayed out.

- **In Lieu of Taxes:** School districts that are the sponsoring LEA for a charter school or are otherwise required to transfer property taxes to a charter school should answer "YES" to the applicable question in this section, then complete section (5) School District In-Lieu of Property Tax Calculation for Charter Schools.
- **Necessary Small Schools:** School districts that have necessary small schools should answer "YES" to the applicable question in this section, then complete section (4) Necessary Small Schools ADA.
- **TK Add-on Funding:** ADA for TK students must be entered in this section for the add-on to calculate. TK ADA should also be included in the ADA section to properly calculate the Base, Supplemental and Concentration grants.
- **Charter Shift ADA:** Prior year ADA used in the determination of school district funding calculations is based on the greater of current year, prior year and, beginning with 2022-23 fiscal year, three-prior year average. The prior year ADA must be adjusted by the net ADA of students who "shifted" between district schools and district sponsored charter schools. Sponsoring school districts should enter the total prior year ADA by grade span of those students who attended district sponsored charter schools in the prior year and returned to attend district schools in the current year in the first section. Total prior year ADA by grade span for students who attended district schools in the prior year, then left to attend a district sponsored charter school should be entered in the second section.

Section (4) Necessary Small Schools ADA: School districts that have necessary small schools must complete section (4) on the Data Entry tab. Prior year data must be entered for each year including historical years, even when the school is funded under LCFF. If "**Enter SCHL LCFF ADA**" or "**Enter SCHL FTE**" is in any of the cells in the NSS ADA/FTE section, school districts should enter in the ADA/FTE for the school, and select funding method, so the calculator can accurately project funding.

- **NSS Supporting Calculations**: details related to NSS funding determination are located in the NSS Calculation tabs.

Section (5) In-Lieu of Property Tax Calculation for Charter Schools: School districts required to transfer in-lieu taxes to charter schools should select "Yes" from the drop-down list in section (3), then complete either section (a) or (b).

- **Section (a): To be completed only by districts that use an alternative rate for in-lieu tax transfers or calculates the in-lieu transfers outside of this tool. Carefully review and follow the instructions located in the In-lieu tax section.**
- **Section (b): To be completed by districts that follow the traditional allocation of funding for in-lieu tax transfers. The tool has been designed to support basic aid district calculations, which require charter school ADA to be entered by grade span. Non basic aid districts can enter the total charter school ADA for each school in any single grade span, it is not necessary to enter ADA by grade span or separately for each charter school. Consolidating all charter school ADA into a single section will calculate a similar result.**
- **In-Lieu of Property Taxes Results: The supporting calculations and in-lieu of property tax transfer amounts for each charter school are located in the District In-Lieu Taxes tab.**

3 **Review LCFF Calculation and EPA Results:** Detailed calculations and results can be viewed on the Calculator, EPA and Summary tabs. No data entry is required on these tabs.

4 **Supporting Calculations**: details related to NSS funding determination and in-lieu tax transfer amounts for each charter school are located in the NSS Calculation and District In-Lieu Taxes tabs.

(5) IN-LIEU OF PROPERTY TAX CALCULATION FOR CHARTER SCHOOLS

Complete <u>either</u> section (a) or (b)

(a) ALTERNATIVE CALCULATION TOOL

Use this section to override the calculated in-lieu of property tax results.

	1. Clear the prepopulated number '1' from the box located to the right	1
	2. Local calculation of <u>total</u> in-lieu property taxes	

(b) IN-LIEU TAX CALCULATION BY CHARTER SCHOOL (Note: Charters MUST be numbered to bring results into the District In-Lieu Taxes tab)

Enter the name and ADA for each charter school. Basic Aid districts are required to transfer in-lieu taxes based on grade span funding rates. To reduce data entry, non-basic aid districts can enter the total ADA for each year into a single grade span.

IN-LIEU PROPERTY TAX TRANSFER

For an authorizing district, in-lieu of property tax is calculated on the lesser of property taxes per ADA or the LCFF funding per ADA
1. Property Taxes per ADA
2a. Adjusted base revenue per ADA x charter school ADA

For a district with students in county-operated charter, or a basic aid district with students in countywide charter schools, or a district certified as basic aid at prior year annual with students in an SBE-approved charter school, in-lieu of property tax is calculated on the lesser of property taxes per ADA, or adjusted base funding per ADA.
1. Property taxes per ADA x District of Residence ADA
2a. Adjusted base revenue per ADA x District of Residence ADA

To enter your own calculation of In-Lieu use the Alternative Calculation tool on the Data Entry tab

Escuela Popular/Center for Training and Careers, Family Learning (107151) - FY26 Ist Interim

NECESSARY SMALL SCHOOLS (NSS)

The calculator is constructed to include all ADA for purposes of calculating the Base, Grade Span adjustment, Supplemental and Concentration grants. The ADA funded under NSS is returned to the calculator as a negative number to allow display of total LCFF- funded ADA. Similarly, the base grant and grade span adjustment grants generated by NSS ADA are returned as negative numbers. The NSS Allowance replaces the base and grade span and is returned as a positive amount. Supplemental and Concentration grants are not affected by this calculation.

NSS Add-on per ADA		-	-

The elementary NSS allowance is based on a combination of ADA and the number of full-time teachers (EC 42282). For High Schools, NSS will use the allowance based on only the ADA or the allowance based only on the number of certificated employees, whichever provides the lesser amount (EC 42284). The allowance amounts shown in the tables reflect COLA & Augmentation.

The calculator is constructed to include all ADA for purposes of calculating the Base, Grade Span adjustment, Supplemental and Concentration grants. The ADA funded under NSS is returned to the calculator as a negative number to allow display of total LCFF- funded ADA. Similarly, the base grant and grade span adjustment grants generated by NSS ADA are returned as negative numbers. The NSS Allowance replaces the base and grade span and is returned as a positive amount. Supplemental and Concentration grants are not affected by this calculation.

The elementary NSS allowance is based on a combination of ADA and the number of full-time teachers (EC 42282). For High Schools, NSS will use the allowance based on only the ADA or the allowance based only on the number of certificated employees, whichever provides the lesser amount (EC 42284). The allowance amounts shown in the tables reflect COLA & Augmentation.

The ADA funded under NSS is returned to the calculator as a negative number to allow display of total LCFF- funded ADA. Similarly, the base grant and grade span adjustment grants generated by NSS ADA are returned as negative numbers. The NSS Allowance replaces the base and grade span and is returned as a positive amount. Supplemental and Concentration grants are not affected by this calculation.

The elementary NSS allowance is based on a combination of ADA and the number of full-time teachers (EC 42282). For High Schools, NSS will use the allowance based on only the ADA or the allowance based only on the number of certificated employees, whichever provides the lesser amount (EC 42284). The allowance amounts shown in the tables reflect COLA & Augmentation.

The calculator is constructed to include all ADA for purposes of calculating the Base, Grade Span adjustment, Supplemental and Concentration grants. The ADA funded under NSS is returned to the calculator as a negative number to allow display of total LCFF- funded ADA. Similarly, the base grant and grade span adjustment grants generated by NSS ADA are returned as negative numbers. The NSS Allowance replaces the base and grade span and is returned as a positive amount. Supplemental and Concentration grants are not affected by this calculation.

INDEPENDENT AUDITORS' REPORT

Escuela Popular Del Pueblo

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Escuela Popular Del Pueblo which comprise the consolidated statement of financial position as of June 30, 2025, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Escuela Popular Del Pueblo as of June 30, 2025, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Escuela Popular Del Pueblo and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Escuela Popular Del Pueblo's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Escuela Popular Del Pueblo's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Escuela Popular Del Pueblo's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information listed in the table of contents, including the schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Local Education Agency Organization Structure but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 28, 2026, on our consideration of Escuela Popular Del Pueblo's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters.

Other Reporting Required by *Government Auditing Standards* (continued)

The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Escuela Popular Del Pueblo's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Escuela Popular Del Pueblo's internal control over financial reporting and compliance.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Escuela Popular Del Pueblo (the Charter) is a non-profit public benefit corporation that was incorporated in the State of California on October 2, 2000. The Charter is comprised of two charter schools, Escuela Popular Accelerated Family Learning Center (EPAFLC) and Escuela Popular Center for Training and Careers (EPCTC). Both schools were granted a five-year charter under the sponsorship of the East Side Union High School District, pursuant to the terms of the Charter Schools Act of 1992.

EPAFLC is a family learning center that serves Transitional Kindergarten through Grade 12. EPAFLC was developed as a grassroots effort to serve the unique needs of the Latino community in East San Jose.

EPCTC is a high school that serves students in Grades 9 through 12 who are over the age of 19. Many of these students have previously dropped out of school and are looking for a second chance to earn their high school degree. EPCTC combines a rigorous, standards-based academic program with relevant job skills training. EPCTC equips its students with a high school diploma and relevant job skills that will enables them to be effective members in today's workforce.

The Charter is the sole member of 149 N. White Road LLC (LLC), which was created in May 2017 to purchase school facilities utilized by EPAFLC and EPCTC. During the fiscal year end June 30, 2025, the Charter leased two facilities from the LLC (See Note 10). Collectively, the Charter and LLC are referred to as the "Organization".

B. Basis of Accounting

The Organization's policy is to prepare its financial statements on the accrual basis of accounting; consequently, revenues are recognized when earned rather than when cash is received and certain expenses and purchases of assets are recognized when the obligation is incurred rather than when cash is disbursed.

C. Principles of Consolidation

The accompanying consolidated financial statements include the accounts of Escuela Popular Del Pueblo and 149 N. White Road, LLC, which comprise the Organization as a whole. Intercompany accounts and transactions have been eliminated in consolidation.

D. Financial Statement Presentation

The financial statements are presented in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958 dated August 2016, and the provisions of the American Institute of Certified Public Accountants (AICPA) "Audit and Accounting Guide for Not-for-Profit Organizations" (the "Guide"). ASC 958-205 was effective July 1, 2018. Under the Guide, the Organization is required to report information regarding its financial position and activities according to two classes of net assets:

Net assets without donor restrictions – These net assets generally result from revenues generated by receiving contributions that have no donor restrictions, providing services, and receiving interest from operating investments, less expenses incurred in providing program-related services, raising contributions, and performing administrative functions.

Net assets with donor restrictions – These assets result from gifts of cash and other assets that are received with donor stipulations that limit the use of the donated assets, either temporarily or permanently, until the donor restriction expires (that is until the stipulated time restriction ends or the purpose of the restriction is accomplished) the net assets are restricted. When a restriction expires, restricted net assets are reclassified to net assets without donor restrictions.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

D. Financial Statement Presentation (continued)

As a public charter school, the Charter also accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's *California School Accounting Manual* presented in Procedure 810 Charter Schools. Fund accounting is not used in the Charter's financial statement presentation.

E. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures, such as depreciation expense and the net book value of capital assets. Accordingly, actual results could differ from those estimates.

F. Contributions

Unconditional contributions are recognized when pledged and recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Gifts of cash and other assets are reported with donor restricted support if they are received with donor stipulations that limit the use of the donated assets.

When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported on the statement of activities as "net assets released from restrictions." Donor-restricted contributions whose restrictions are met in the same reporting period are reported as net assets without donor restriction support. Contributions restricted for the acquisition of land, buildings, and equipment are reported as net assets without restriction upon acquisition of the assets and the assets are placed in service.

Non-cash contributions of goods, materials, and facilities are recorded at fair value at the date of contribution. Contributed services are recorded at fair value at the date of contribution if they are used to create or enhance a non-financial asset or require specialized skills, are provided by someone possessing those skills, and would have to be purchased by the organization if not donated.

G. In Lieu of Property Tax Revenue

Secured property taxes attach as an enforceable lien on property as of March 1. Taxes are payable in two installments on December 10 and April 10. Unsecured property taxes are payable in one installment on or before August 31. The County bills and collects the taxes for the authorizing agency. In lieu of distributing funds out of property tax proceeds, the authorizing agency makes monthly payments to Escuela Popular Del Pueblo. Revenues are recognized by the Charter when earned.

H. Functional Expenses

The costs of providing services have been summarized on a functional basis in the statement of activities and detailed in the statement of functional expenses. Certain costs and expenses have been allocated between program and supporting services based on management's estimates.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

I. Cash and Cash Equivalents

Escuela Popular Del Pueblo considers all highly liquid deposits and investments with an original maturity of less than ninety days to be cash equivalents.

J. Investments

The Organization's method of accounting for most investments is the fair value method. Fair value is determined by published quotes when they are readily available. Gains and losses resulting from adjustments to fair values are included in the accompanying statement of activities. Investment return is presented net of any investment fees.

K. Receivables and Allowances

Accounts receivable are stated at the amount management expects to collect from outstanding balances. An allowance for doubtful accounts is established, as necessary, based on past experience and other factors which, in management's judgment, deserve current recognition in estimating bad debts. Such factors include the relationship of the allowance for doubtful accounts to accounts receivable and current economic conditions. Based on review of these factors, the Charter establishes or adjusts the allowance for specific revenue sources as a whole. At June 30, 2025, an allowance for doubtful accounts was not considered necessary as all accounts receivable were deemed collectible.

L. Capital Assets

The Organization has adopted a policy to capitalize asset purchases over $5,000. Lesser amounts are expensed. Donations of capital assets are recorded as contributions at their estimated fair value. Such donations are reported as net assets without donor restrictions. Capital assets are depreciated using the straight-line method over the estimated useful lives of the property and equipment or the related lease terms.

M. Deferred Revenue

Deferred revenue arises when potential revenue does not meet the criteria for recognition in the current period and when resources are received by the organization prior to the incurrence of expenses. In subsequent periods, when both revenue recognition criteria are met, the liability for deferred revenue is removed from the statement of financial position and revenue is recognized.

N. Lease Arrangements

In February 2016, FASB issued ASU No. 2016-02, *Leases (Topic 842)*, a new lease standard effective no later than the fiscal year 2022-23. Under FASB ASC 842, a right-of-use asset and a related lease liability must be recorded on the statement of financial position (balance sheet) for proper recognition of any operating lease. A right-of-use asset is an intangible asset that pertains to the lessee's right to occupy, operate, and hold a leased asset during the agreed rental period. A lease liability is the financial obligation for the payments required by the lease, discounted to present value.

O. Income Taxes

Escuela Popular Del Pueblo is a 509(a)(1) publicly supported nonprofit organization that is exempt from income taxes under Section 501(a) and 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation. The Charter is exempt from state franchise or income tax under Section 23701(d) and the LLC under 23701(h) of the California Revenue and Taxation Code. As a school, the Charter is not required to register with the California Attorney General as a charity.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

O. Income Taxes (continued)

The Organization's management believes all of its significant tax positions would be upheld under examination; therefore, no provision for income tax has been recorded. The Organization's information and/or tax returns are subject to examination by the regulatory authorities for up to four years from the date of filing.

P. Fair Value Measurements

The Fair Value Measurements Topic of the FASB *Accounting Standards Codification* establishes a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
Level 2	Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 2 – CASH AND CASH EQUIVALENTS

Cash and cash equivalents, as of June 30, 2025, consists of the following:

Cash with fiscal agent	$ 15,420,024
Cash in banks	13,701,743
Total Cash and Cash Equivalents	$ 29,121,767

Cash with Fiscal Agent

The Organization, under the LLC, maintains $15,420,024 of its cash with Wilmington Trust in money market investment funds. The fiscal agent is a trustee authorized to hold reserve funds related to the bonded debt. Cash with fiscal agent is carried at amortized cost on behalf of the Organization. These types of investments do not qualify as securities as defined in FASB ASB 820, *Investments – Debt and Equity Securities*, thus the fair value disclosures required by ASC 820 are not provided.

Cash in Banks

Custodial Credit Risk
As of June 30, 2025, $13,808,698 of the Escuela Popular Del Pueblo's bank balance was exposed to custodial credit risk as there were deposits over $250,000 in accounts held at one or more banks. Custodial credit risk is the risk that in the event of a bank failure, an organization's deposits may not be returned to it. Escuela Popular Del Pueblo does have a policy for custodial credit risk for deposits. The FDIC insures up to $250,000 per depositor per insured bank.

Total Bonds Payable	$ 20,527,033	$ -	$ 315,000	$ 20,212,033

In July 2017, the Organization entered into a bond agreement with Wilmington Trust, National Association in the principal amount of $24,040,000 (Bond). The Bond matures in the following tranches: $2,490,000 due July 1, 2027 with an interest rate of 5.5%, per annum; $5,455,000 due July 1, 2037 with an interest rate of 6.25%, per annum; $14,600,000 due July 1, 2050 with an interest rate of 6.5%, per annum. The Bond is secured by the underlying educational facilities. The bond contained a discount when issued of $1,103,625, which is being amortized as interest expense over the life of the bond.

The bonded debt is held under the LLC yet debt payments are structured as lease payments from the Charter to the LLC. The bonds require the Organization to comply with certain financial and nonfinancal covenants. Future repayment obligations for the bond are as follows:

Fiscal Year Ending June 30,	Principal	Interest	Total
2026	$ 335,000	$ 1,348,238	$ 1,683,238

NOTE 8 – NET ASSETS

As of June 30, 2025, the Organization did not hold any net assets with donor restrictions. Certain designations or reserves have been made for the use of net assets without donor restrictions either by the board, management or by nature of the financial assets held by the Organization. At June 30, 2025, the Organization's net assets without donor restrictions consists of the following:

Net investment in capital assets	$ (3,484,530)
Undesignated	26,761,919
Total Net Assets without Donor Restrictions	$ 23,277,389

NOTE 9 – LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The following table reflects the Organization's financial assets as of June 30, 2025, reduced by amounts not available for general expenditure within one year. Financial assets are considered not available for general use when illiquid or not convertible to cash within one year, consist of assets held for others or are held aside by the governing board for specific contingency reserves. Any board designations could be drawn upon if the board approves that action.

Cash held for conditional contributions	(1,323,439)
Financial Assets available to meet cash needs for expenditures within one year	$ 14,611,845

NOTE 10 – EMPLOYEE RETIREMENT PLANS

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. In accordance with *California Education Code* 47605, charter schools have the option of participating in such plans if an election to participate is specified within the charter petition. The Charter has made such election. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS). The Organization offers an alternative plan or social security for any employees not eligible for CalSTRS.

California State Teachers' Retirement System (CalSTRS)

Plan Description
Escuela Popular Del Pueblo contributes to the California State Teachers' Retirement System (CalSTRS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalSTRS. The plan provides retirement, disability and survivor benefits to beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law. CalSTRS issues a separate annual comprehensive financial report that includes financial statements and required supplementary information. Copies of the CalSTRS annual financial report may be obtained from CalSTRS, P.O. Box 15275, Sacramento, California 95851-0275

Funding Policy
Active plan members are required to contribute 10.25% or 10.205% of their 2024-25 salary depending on the employee's membership date in the plan. The required employer contribution rate for fiscal year 2024-25 was 19.10% of annual payroll. The contribution requirements of the plan members are established by state statute. The Charter's contributions to CalSTRS were $616,795; 100% of the required contribution.

On-Behalf Payments
The State of California makes direct on-behalf payments for retirement benefits to CalSTRS on behalf of all school agencies in California. The amount of on-behalf payments made for Escuela Popular Del Pueblo is estimated at $249,174. The on-behalf payment amount is computed as the proportionate share of total 2024-25 State on-behalf contributions.

NOTE 11– COMMITMENTS AND CONTINGENCIES

Charter School Authorization

As mentioned in Note 1A, Escuela Popular Del Pueblo is approved to operate as a public charter school through authorization by the East Side Union High School District. As such, the Charter is subject to the risk of possible non-renewal or revocation at the discretion of its authorizing agency if certain criteria for student outcomes, management, and/or fiscal solvency are not met.

The Governor of California approved Assembly Bill 130 (AB 130) in July 2021 and approved Senate Bill 114 (SB 114) in July 2023. As a result of these legislative changes, the charter petition end date was extended to June 30, 2025 for Escuela Popular Accelerated Family Learning and the charter petition end date is extended to June 30, 2026 for Escuela Popular Center for Training and Careers. A charter petition renewal was approved during the year for Escuela Popular Accelerated Family Learning for a term ending June 30, 2027.

The Charter makes payments to the authorizing agency, to provide required services for special education and other purchased services in addition to fees for oversight. Fees associated with oversight consisted of 1% of revenue from local control funding formula sources. Total fees for oversight amounted to $154,345 and total expenses for special education amounted to $15,170 for the fiscal year ending June 30, 2025.

Governmental Funds

Escuela Popular Del Pueblo has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursements would not be material.

Multiemployer Defined Benefit Plan Participation

Under current law on multiemployer defined benefit plans, the Charter's voluntary withdrawal from any underfunded multiemployer defined benefit plan would require the Charter to make payments to the plan, which would approximate the Charter's proportionate share of the multiemployer plan's unfunded vested liabilities. The Charter does not currently intend to withdraw from CalSTRS. Refer to Note 10 for additional information on employee retirement plans.

Pending or Threatened Litigation

The Organization is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the Organization as of June 30, 2025.

NOTE 12 – DONATED GOODS AND SERVICES

During the year, many parents, administrators and other individuals donated significant amounts of time and services to Escuela Popular Del Pueblo in an effort to advance the Charter's programs and objectives. These services have not been recorded in the Organization's financial statements because they do not meet the criteria required by generally accepted accounting principles. The Organization did not receive any donated items during the year ended June 30, 2025.

NOTE 13 – INTERAGENCY ACTIVITY

The charter schools entered into a lease agreement with the LLC to occupy two facilities. The two facilities are utilized for instructional services in order to meet the goals established by the charter school. The lease called for a security deposit of $28,855 which has been recorded as a noncurrent asset on the statement of financial position. The lease agreement ends through June 2050.

During the fiscal year ended June 30, 2025, the Charter paid $1,635,885 in lease payments under this operating lease, along with recording $1,965,154 as lease expense, and recognizing $1,151,893 in local revenue related to a lease adjustment. At June 30, 2025, the right-of-use asset was $27,200,580 and the operating lease liability was $27,529,849 for the Charter; offset by a lease receivable of $1,481,162 for the LLC. The Charters holds an asset for an investment in the LLC of $515,485, which is reflected as a liability for the LLC. Lastly, the Charter prepaid rent of $12,126,023 which is an asset for the Charter and deferred revenue for the LLC. The Charter has accounted for its lease agreements using an implied discount rate of 5.50%. Future lease payments over the remaining term of the lease are as follows:

Fiscal Year Ending June 30,	Lease Payments
2026	$ 1,525,771
2027	1,600,086
2028	1,627,675
2029	1,656,093
2030	1,736,395
Thereafter	46,375,142
Total lease payments	54,521,162
NPV adjustment	(26,991,313)
Total Operating Lease Liability	$ 27,529,849

NOTE 14 – SUBSEQUENT EVENTS

Escuela Popular Del Pueblo has evaluated subsequent events for the period from June 30, 2025 through January 28, 2026, the date the financial statements were available to be issued. Management did not identify any transactions or events that require disclosure or that would have an impact on the financial statements.

OTHER INDEPENDENT AUDITORS' REPORTS

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Independent Auditors' Report

To the Board of Directors of
Escuela Popular Del Pueblo
San Jose, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the consolidated financial statements of Escuela Popular Del Pueblo and its subsidiary (the "Organization") as of and for the year ended June 30, 2025, and the related notes to the consolidated financial statements, which collectively comprise the Organization's financial statements and have issued our report thereon dated January 28, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Independent Auditors' Report

To the Board of Directors of
Escuela Popular Del Pueblo
San Jose, California

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Escuela Popular Del Pueblo's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Escuela Popular Del Pueblo's major federal programs for the year ended June 30, 2025. Escuela Popular Del Pueblo's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Escuela Popular Del Pueblo complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Escuela Popular Del Pueblo and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on compliance for each major federal program. Our audit does not provide a legal determination of Escuela Popular Del Pueblo's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Escuela Popular Del Pueblo's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Escuela Popular Del Pueblo's compliance based on our audit.

Auditor's Responsibilities for the Audit of Compliance (continued)

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards,* and the Uniform Guidance will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user of the report on compliance about Escuela Popular Del Pueblo's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Escuela Popular Del Pueblo's compliance with the compliance requirements referred to above and performing such procedures as we consider necessary in the circumstances.
- Obtain an understanding of Escuela Popular Del Pueblo's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances, and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Escuela Popular Del Pueblo's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

REPORT ON STATE COMPLIANCE AND ON INTERNAL CONTROL OVER COMPLIANCE FOR STATE PROGRAMS

Independent Auditors' Report

To the Board of Directors of
Escuela Popular Del Pueblo
San Jose, California

Report on State Compliance

Opinion on State Compliance

We have audited Escuela Popular Del Pueblo's compliance with the requirements specified in the *2024-25 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, applicable to Escuela Popular Del Pueblo's state program requirements for the fiscal year ended June 30, 2025. Escuela Popular Accelerated Family Learning (Charter No. 0502) and Escuela Popular Center for Training and Careers (Charter No. 0646).

In our opinion, Escuela Popular Del Pueblo complied, in all material respects, with the laws and regulations of the applicable state programs for the year ended June 30, 2025, as identified in the table in the Auditor's Responsibilities for the Audit of State Compliance section of our report.

Basis for Opinion on State Compliance

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *2024-25 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, prescribed by Title 5, *California Code of Regulations*, section 19810 as regulations (the K-12 Audit Guide). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of State Compliance section of our report.

We are required to be independent of Escuela Popular Del Pueblo and to meet certain ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on state compliance. Our audit does not provide a legal determination of Escuela Popular Del Pueblo's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of internal control over compliance with the requirements of the laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Escuela Popular Del Pueblo's state programs.

Auditor's Responsibilities for the Audit for State Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the state compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Escuela Popular Del Pueblo's compliance based on our audit.

Auditor's Responsibilities for the Audit for State Compliance (continued)

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the K-12 Audit Guide will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user of the report on compliance about Escuela Popular Del Pueblo's compliance with the requirements of the applicable state programs as a whole.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards,* and the K-12 Audit Guide, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Escuela Popular Del Pueblo's compliance with compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Escuela Popular Del Pueblo's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the K-12 Audit Guide, but not for the purpose of expressing an opinion on the effectiveness of Escuela Popular Del Pueblo's internal control over compliance. Accordingly, no such opinion is expressed; and

Annual Instructional Minutes – Classroom Based	Yes
Charter School Facility Grant Program	Not applicable

**Expanded Learning Opportunities Program, Transitional Kindergarten, and Kindergarten Continuance were tested for Charter No. 0502 but are not applicable for Charter No. 0646.*

***Procedures were not performed for Nonclassroom-Based Instruction/Independent Study for Charter No. 0502 because reported ADA was not material and the program was not applicable for Charter No. 0646.*

"Not applicable" is used in the table above to indicate that the charter schools either did not receive program funding or did not otherwise operate the program during the fiscal year.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies or material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of State Compliance section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the K-12 Audit Guide. Accordingly, this report is not suitable for any other purpose.

ESCUELA POPULAR DEL PUEBLO
SCHEDULE OF PRIOR AUDIT FINDINGS
FOR THE YEAR ENDED JUNE 30, 2025

This section presents the status of actions taken by the Organization on each of the findings and recommendations reported in the prior year audit. There was one audit finding reported in the year ended June 30, 2024. A summary of the prior audit finding and its current status are noted below:

FINDING 2024-001 – UNDUPLICATED LOCAL CONTROL FUNDING FORMULA PUPIL COUNTS (40000)

Summary: Students classified as free or reduced-price meal eligible (FRPM) and who are not directly certified on the CALPADS 1.18 FRPM/English Learner/Foster Youth – Student List Report must have supporting documentation that indicates the student was eligible for the determination. Auditors are required to verify compliance with Education Code Section 42238.02(b)(3)(b) in Section W of the 2023-24 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting.

For Escuela Popular Accelerated Family Learning (Charter No. 0502), 1 out of 14 students tested from the CALPADS 1.18 FRPM/English Learner/Foster Youth – Student List Report who was classified as FRPM was noted as “Paid” or “Denied” on their alternative household income form. The error rate of 1/14 or 0.07% was extrapolated to the entire population of students only classified as free or reduced. The total extrapolated error rate indicated that a total of 1 student was incorrectly classified.

Current Status: Implemented.

Escuela Popular/Center for Training and Careers, Family Learning
Charter Petition Renewal

East Side Union High School District Staff
Recommendations and Proposed Findings of Fact

March 27, 2026

The Board of Directors of the Escuela Popular del Pueblo seeks approval to renew the Escuela Popular/Center for Training and Careers, Family Learning ("EPCTC" or "Charter School") Charter, located at 149 N White Rd, San Jose, CA 95127. The EPCTC renewal petition (Renewal Petition) was submitted by Patricia Reguerin, Executive Director of Escuela Popular del Pueblo, for EPCTC (the "Executive Director"), on December 17, 2025, to the East Side Union High School District ("ESUHSD" or "District"). EPCTC is a charter high school currently serving approximately 525 adult students, ages 18 and older, in grades 9-12, and is authorized to serve up to 750 students.

PROCEDURAL STATUS

The Assessment and Accountability Department of the District received the Renewal Petition on December 17, 2025. Education Codes 47607 and 47607.2 determines the length of charter renewal term based on a charter school's placement in the high, middle, or low-performing categories for charter schools established by AB 1505. Education Code 47607(c)(7) exempts Dashboard Alternative Schools (DASS) from the three-tier academic performance renewal criteria. EPCTC is seeking renewal of its Charter for a five-year term commencing July 1, 2026, and running through and including June 30, 2031. Charter renewals are governed by the standards and criteria set forth in Education Code Sections 47605, 47607, and 47607.2.

Prior to submission of the Renewal Petition, on October 27, 2025, ESUHSD Staff conducted a site visit and held meetings related to renewal with EPCTC students, staff, board members, and administrators. Prior to its meeting with EPCTC on October 27, 2025, the District requested to meet with additional EPCTC staff members in a subsequent one-on-one meeting as part of the renewal and annual oversight process, but EPCTC administration failed to schedule the meetings prior to the visit. As a result, the District was prevented from effectively meeting with EPCTC staff about outstanding items and/or concerns prior to submission of the Renewal Petition. *(See Exhibit 1, Notice to Concern re Failure to Provide Access to Information for Charter Oversight and Renewal in a Timely Manner 12.12.2025.)*

On December 17, 2025, ESUHSD received a copy of EPCTC's Renewal Petition, along with a signed certification deeming the Renewal Petition to be complete. As a result of EPCTC's Renewal Petition submission occurring only two (2) days before winter break, the District requested a 30-day extension of the timeline to publish this Staff Report and to convene a public hearing for the Board to take action on the Renewal Petition. However, EPCTC leadership was not agreeable to extending the timeline. Therefore, the

District commenced the timelines under Education Code section 47605(b) based on the submission date of December 17, 2025.

In compliance with Education Code section 47605, on February 12, 2026, the ESUHSD Board of Trustees held a public hearing to consider the level of support for the Renewal Petition by teachers, other District employees, and parents/guardians. The District once again tried to coordinate one-on-one meetings with EPCTC as part of the renewal and annual oversight process. However, EPCTC's legal counsel insisted on being present on behalf of EPCTC administration in the one-on-one meetings with EPCTC staff. The District expressed concern and disagreement with this decision and viewed it as another attempt to prevent the District from meeting with EPCTC staff. EPCTC legal counsel, on behalf of EPCTC administration, confirmed their position was final and non-negotiable. As result, the District was prevented from conducting one-on-one meetings with EPCTC staff.

By correspondence dated February 6, 2026, ESUHSD sent correspondence to the EPCTC Executive Director and Escuela Popular Del Pueblo Board of Directors ("EPCTC Leadership") requesting additional information and documentation regarding multiple concerns Distrct Staff identified regarding the Renewal Petition. To afford EPCTC sufficient time to respond to the identified concerns and for the District to consider EPCTC's responses so that an informed recommendation to the ESUHSD Board regarding the Renewal Petition could be made, the District again requested EPCTC's mutual agreement to extend the action deadline regarding the Renewal Petition by thirty (30) days to the regular District Board meeting on April 16, 2026. However, EPCTC Leadership was again not agreeable to extending the timeline.

On February 24, 2026, one day prior to the legal deadline for posting of the District Staff's Recommendation and Findings, EPCTC Leadership provided District Staff with a response to the requested additional information and documentation. District Staff reviewed the additional information provided and found that the response did not sufficiently address the District's concerns, and the District's recommendation and findings are inclusive of EPCTC's responses. *(See Exhibit 2, EPCTC Charter Renewal - Request for Additional Documentation and Extension.)*

By agreement the District and Escuela Popular del Pueblo mutually agreed to extend the deadline by which the District Board must take action regarding the Renewal Petition to no later than April 14, 2026. Prior to that deadline, on April 13, 2026, the District's Board will hold a public hearing during which the Board will take action regarding the Renewal Petition.

As discussed in further detail below, District Staff, in consultation with legal counsel, have conducted a comprehensive review of the Renewal Petition and the performance of EPCTC utilizing the charter renewal criteria codified in Education Code sections 47607, 47607.2, and 47605. Based on that review, District Staff finds that EPCTC does not meet the standards and criteria for renewal and therefore recommends **denial** of EPCTC's Renewal Petition.

Denial of the Renewal Petition is recommended on the following basis:

- **Petitioners are demonstrably unlikely to successfully implement the program set forth in the petition. (Ed. Code, § 47605(c)(2).)**

This Staff Report includes District Staff's findings of fact regarding the recommendation to deny the Renewal Petition and is being published on the District's website at least fifteen (15) days before the public hearing during which the District Board will take action on the Renewal Petition.

Should the Board take action to deny the Renewal Petition, the Board may adopt this Staff Report as the written factual findings required to support the renewal denial.

CRITERIA FOR RENEWAL OF A CHARTER PETITION

A petition submitted for renewal pursuant to Education Code Sections 47607 and 47607.2 shall be considered by the District in accordance with the following standards:

(1) Standards and Criteria in Education Code Section 47605

Per Education Code section 47607, charter renewals are governed by the standards and criteria described in Education Code Section 47605 and shall include a reasonably comprehensive description of any new requirements of charter schools enacted into law after the charter was originally granted or last renewed.

A charter authorizer may deny the renewal of a charter school in any academic performance category, including one that qualifies for Dashboard Alternative School Status, if it makes written factual findings to support one or more of the following grounds for denial:

1. The charter school presents an unsound educational program for the pupils to be enrolled in the charter school
2. The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition
3. The petition does not contain an affirmation of each of the conditions required by statute
4. The petition does not contain a reasonably comprehensive description of all the required elements
5. The petition does not contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school for purposes of the Educational Employment Relations Act (EERA)

(2) Academic Performance Categories

As an additional criterion for determining whether a charter should be renewed, the charter authorizer is required to consider the charter school's performance on the state and local indicators included in the California School Dashboard. For this purpose, charter schools are divided into high, middle, and low performance categories, based on their performance reflected on the Dashboard during the two consecutive years immediately preceding the renewal decision, or they are designated as a Dashboard Alternative School Status. (Education Code sections 47607 and 47607.2.)

Dashboard Alternative School Status

EPCTC has been designated as a DASS charter school.[1] In determining whether to grant a charter renewal for a DASS charter school, the chartering authority shall consider, in addition to the charter school's performance on the state and local indicators included in the evaluation rubrics adopted pursuant to subdivision (c) of Section 52064.5, the charter school's performance on alternative metrics applicable to the charter school based on the pupil population served. (Education Code section 47607.)

A DASS charter school's charter renewal cannot be denied based on academic performance unless its chartering authority makes findings, setting forth specific facts to support the findings, that closure of the charter school is in the best interest of students.

(3) Additional Criteria for Denying a Charter Renewal

A chartering authority may also deny renewal of any charter school regardless of its academic performance category status if it finds the school is unlikely to successfully implement the program due to:

a. Substantial fiscal factors,
b. Substantial governance factors, or
c. The charter school is not serving all pupils who wish to attend.

In such cases, the chartering authority must provide the charter school at least 30 days' notice of the alleged violation(s) and provide the charter school with a reasonable opportunity to cure the violation(s), including a corrective action plan proposed by the charter school. The ESUHSD Board of Trustees may then deny renewal on these bases only by making either of the following findings:

a. The corrective action proposed by the charter school has been unsuccessful.
b. The violations are sufficiently severe and pervasive to render a corrective action plan unviable.

EPCTC RENEWAL DETERMINATION CRITERIA

The data below represents data submitted by EPCTC as part of its renewal, and from the California Department of Education's (CDE) DataQuest website and Dashboard website, which provide publicly available data on all California schools.

Academic Performance.

The CDE released a list of all California charter schools' performance data and their performance category, as well as DASS charter schools. Based on the CDE's list, EPCTC is a DASS charter school and thus falls into the DASS criteria.

Student Demographics

The table below shows the demographic breakdown of EPCTC for the 2017-18 through 2024-25 school years, providing context for the student data discussed later in this report.

In 2024-25, EPCTC had a CBEDS enrollment of 787 students with a cumulative enrollment of 1536 students, showcasing the transient population the school serves. The student population consists of 99.48% Hispanic. EPCTC has a student population consisting of 12% Students with Disabilities, 23% English Language Learners, 8% Housing Challenged, and 57% qualify for Free/Reduced meals.

Academic Data: California Schools Dashboard Data

The State of California implemented a data dashboard in 2017 (Dashboard) that identifies areas of strength and areas for improvement for schools and districts. The Dashboard shows how schools, districts, and student subgroups are performing and whether or not they have improved from year to year. The Dashboard is based on two measures: status and change. Performance data from the current year (status) is compared to the performance data of the prior year to determine whether or not the status improved or not (change). A student group must contain 30 students in consecutive years to receive both a status and color, and the status is only displayed if the student group contains 11 or more students. Because EPCTC is a DASS school serving students ages 18 and older, many of the data elements provided for traditional schools are not available.

English Learner Progress Indicator (ELPI)

English Learner Progress Indicator - ELPI CA Dashboard		
ELPI	**Overall**	**LTEL**
2025 EPCTC	7.8%	0%
2025 STATE	46.4%	49.1%
2024 EPCTC	12%	0%
2024 STATE	45.7%	45.8%

The English Learner Progress Indicator (ELPI) displays the percentage of students who made progress on the ELPAC assessment or maintained the highest level score. The 2024 Dashboard added the Long Term English Language Learner (LTEL) as an additional subgroup for all Dashboard indicators. The ELPI indicator for EPCTC for 2025 shows that 7.8% of English Learners made progress or maintained status, a 4.2 percentage-point decrease from 2024 and 38.6 percentage points below the state average. 0% of LTELs in both years at EPCTC made progress or maintained status, which is below the State Average. The District is concerned about the lack of progress in supporting English Learners given the student population of EPCTC and the significant decline in 2025.

College and Career Indicator (CCI)

College and Career Indicator - CCI CA Dashboard						
	Overall	EL	LTEL	Homeless Youth	Hispanic	SED
2025 EPCTC	0.4%	0%	*	0%	0.4%	0.5%
2025 STATE	45.3%	17.2%	16.5%	21.8%	37.4%	37.4%

2024 STATE	51.7%	24.3%	24.9%	26.5%	45.1%	44.8%

The College and Career Indicator (CCI) shows the percentage of students who graduate meeting the CCI criteria. In 2025, only 0.4% of students at EPCTC exited College and Career Ready, which is a 50% decrease from 2024. 0.4% of Hispanic students, 0.5% of Socioeconomically Disadvantaged (SED) students, 0% of English Learner Students, and 0% of Long Term English Learners exited EPCTC College and Career Ready in the 2024 - 2025 school year. The District is concerned about the lack of preparation and progress in supporting English Learners, Hispanic students, and SED students in graduating College and Career Ready as defined by this Dashboard Indicator.

Graduation Rate Indicator

Graduation Rate Indicator CA Dashboard							
	Overall	EL	LTEL	Hispanic	Homeless Youth	SED	SWD
2025 EPCTC	2.2%	3.8%	*	2.2%	3.4%	2.4%	*
2025 STATE	86.7%	77.9%	80.8%	85.3%	75.7%	84.4%	74.4%
2024 EPCTC	3.3%	18.6%	*	3.4%	15.6%	4%	*
2024 STATE	87.8%	79.7%	84%	86.9%	77.1%	86.2%	77.1%

The Graduation Rate Indicator on the Dashboard is a combined 4 and 5-year graduation rate. In 2024 the combined 4 & 5-year graduation rate for all students at EPCTC was 3.3% which is a 1.1% decrease to 2025 and is 84.5% below the State average. In 2025, the combined 4 & 5-year graduation rate for English Learner students was 2.2%, for EL students it was 3.8%, for Hispanic students it was 2.2%, and for Socioeconomically Disadvantaged students it was 2.4% all of which are below the state average. The District is concerned about the lack of preparation and progress for all students and in supporting English Learners, Hispanic students, and SED students in meeting the graduation criteria as defined by the Graduation Rate Dashboard Indicator.

Suspension Rate Indicator

Suspension Rate Indicator CA Dashboard							
	Overall	EL	LTEL	Hispanic	Homeless Youth	SED	SWD
2025 EPCTC	0%	0%	*	0%	0%	0%	*
2025 STATE	2.9%	3.2%	8.1%	3%	5.1%	3.6%	5.4%

2024 STATE	3.2%	3.4%	3.2%	3.4%	5.7%	4%	5%

The Suspension Rate indicator displays the suspension rate for a school overall and for all student groups. The overall suspension rate for EPCTC was 0% in the 2025 and 2024 Dashboards, and this is also true for all EPCTC student groups displayed on the Dashboard. The overall and student group suspension rates for EPCTC in 2025 and 2024 were below the State rates.

Local Indicators

Local Indicators		
	2025 Status	**2024 Status**
Implementation of Academic Standards	MET	MET
Access to a Broad Course of Study	MET	MET
Basics: Teacher Credentials, Instructional Materials, Facilities	MET	MET
Parent and Family Engagement	MET	MET
Local Climate Survey	MET	MET

School districts and charter schools are required to post Local Indicator data on the Dashboard each year in 5 areas. If data for local indicators are posted on time to the Dashboard, the reporting district or charter school earns a "Met" status for each area. EPCTC earned a status of "Met" for each local indicator on the 2025 and 2024 Dashboard.

However, the District has concerns within the following three areas of the local indicators:

1) Implementation of Academic Standards,
2) Access to a Broad Course of Study, and
3) Basics: Teacher Credentials, Instructional Materials, Facilities. Evidence outlining the concern will be provided below within the corresponding element of the charter petition.

More evidence supporting the District's concern will be provided later in this Report.

Local Indicator: Teacher Credentialing

Local Indicator Data on Teacher Credentialing						
Dashboard Year	**FTE**	**% of Teaching FTE in the Clear Credential Category**	**Out-of-Field**	**Ineffective**	**Incomplete**	**Comparison to Statewide Average**
2024	22	22.7%	3.0%	70.8%	3.5%	Below
2023	15.8	37.5%	4.0%	58.5%	0%	Below

Under the Local Indicator data for priority area 1, Basics: Teacher Credentials, Instructional Materials, Facilities, the Dashboard provides a report on the status of teacher credentials at a school with a comparison to the State average. Per the 2024 Dashboard, which displays data from 2023, 22.7% of teachers at EPCTC were fully

credentialed to teach the classes they were assigned, including English Learner authorizations, which was below the State average. On the 2023 Dashboard, which displays data from 2022, 37.5% of teachers at EPCTC were fully credentialed to teach the classes they were assigned, including English Learner authorizations, below the State average. The District is concerned about the large number of teachers who are identified as Out-of-Field, Ineffective, and Incomplete. More evidence supporting the District's concern will be provided in Element Five: Employee Qualifications.

Dashboard Alternative School Status (DASS) Alternative Metrics

Education Code section 47607(c)(7) requires a chartering authority to consider a DASS charter school's performance on the Dashboard (all performance indicators and local indicators) as well as on "alternative metrics." These alternative metrics are to be mutually determined by a charter school and its chartering authorities during the first year of the charter school's charter term.

The following tables display the agreed upon metrics from the renewal petition approved in 2018.

OUTCOMES	TARGETS
Attendance rate	Meet or exceed an average of 75% yearly attendance
NWEA ELA growth target	40% of over 19 students meet ELD growth target
NWEA Math growth target	55% of over 19 students meet Math growth target
Graduation rate	80% of seniors will graduate within their senior year
Student participation on TEN feedback loop	80% of student participation on the TEN feedback loop
Credits Completion	Complete 70% of total credits attempted
Increase number of enrolled long term students	10% increase in number of continuously enrolled/long-term students

Attendance Rate

Expectations for meeting each metric were clearly defined at the time of approval of the 2018 renewal petition, establishing how success would be measured, which student populations would be included, and the performance thresholds that would indicate progress or attainment. EPCTC was required to use these agreed upon metrics to monitor outcomes, reflect on implementation, and adjust practices over time, with progress reviewed annually and documented. A longitudinal reflection of EPCTC's performance relative to these alternative metrics is provided in Table i.15 included in the Renewal Petition: *Reflection on EPCTC's Progress Toward Alternative Metrics (2018–2026)*, which demonstrates how EPCTC has tracked, evaluated, and responded to performance trends across the charter term. As stated in EPCTC's Renewal Petition on page 25, "Attendance remains a strength and a success in student engagement. Over seven years the Charter School averaged more than 82% attendance, with annual rates ranging from 81.65% to 83.67%. EPCTC's annual rates ranged from a low of 81.65% in 2019–2020 to a high of 83.67% in 2020–2021, demonstrating remarkable stability even

through the COVID-19 pandemic and subsequent recovery years…EPCTC has averaged over 82% average daily attendance over the last seven years."

Table i.11: EPCTC Schoolwide Attendance Rate Based on P-Annual Reports for the School Years 2018-19, 2019-20, 2020-21, 2021-22, 2022-23, 2023-24, and 2024-25

NWEA ELA Growth Target Status

Neither documentation nor a table with results spanning the charter term were included with the Renewal Petition submission outlining EPCTC's NWEA ELA overall and subgroup scores. Therefore, District Staff is unable to make any analysis of yearly progress nor verify EPCTC's claims. Instead, EPCTC provided a narrative and a self-rating, EPCTC rates themselves as "exceeded" their goal and represents that: "40% of over 19 students meet ELA Growth Report." (Renewal Petition, p. 28.)

NWEA Math Growth Target Status

Neither documentation nor a table with results spanning the charter term were included with the submission outlining EPCTC's NWEA Math overall and subgroup scores. Therefore, District Staff is unable to make any analysis of yearly progress nor verify EPCTC's claims. Instead, a narrative and a self-rating was provided. EPCTC rates themselves as "partially met" their goal and represents that: "55% of over 19 students meet Math growth report." (Renewal Petition, p. 29.)

Graduation Rate

No table outlining EPCTC's graduation rate's overall and by subgroup was provided with the Renewal Petition. Therefore, District Staff is unable to make any analysis of yearly progress nor verify EPCTC's claims. Instead, a narrative and a self-rating was provided. EPCTC rates themselves as "exceeded" their goal and represents that: "80% of seniors will graduate within their senior year." (Renewal Petition, p. 29.) District Staff has concerns about the process in which EPCTC uses to promote students annually and is uncertain if the graduation rate is a true reflection of all potential seniors. More evidence supporting the District's concern will be provided later in this report.

Student Participation on TEN Feedback Loop

The Renewal Petition on page 26, states: "EPCTC maintained an average of 63.6% of students participating in the annual school climate survey."

Table i.12: EPCTC Student Survey Participation Rate Based for the School Years 201819 (TEN Survey), 2019-20, 2020-21, 2021-22, 2022-23, 2023-24, and 2024-25 (Local Climate Survey)

(Renewal Petition, p. 27.)

Credit Completion

No additional evidence was provided or cited by EPCTC to support their table below on credit completion. Therefore, District Staff is unable to make any analysis of student credit completion nor verify EPCTC's claims. Instead, a short narrative was provided. The Renewal Petition on page 27 states: "EPCTC maintained an average of 78% of students earning and completing courses for credits that they attempted."

Table i.13: EPCTC Course Credits Earned Rate for the School Years 2018-19, 2019-20, 2020-21, 2021-22, 2022-23, 2023-24, and 2024-25

Rate	78.84%	71.46%	77.30%	83.15%	83.18%	80.07%	76.23%

(Renewal Petition, p. 27.)

The California Department of Education has previously provided a DASS 1-year Graduation Rate. The 1-year graduation rate counts all 12th-grade students enrolled in a given year, including those enrolled for a second, third, or fourth time, and calculates the percentage who graduate that year. The Renewal Petition on page 20 states: "EPCTC achieved measurable increases in the one-year DASS Graduation Rate from 2022 to 2024 demonstrating at least one year's progress for each year in school." The Data cited by the California Department of Education does not match EPCTC's self-rating of "exceeded" their goal and represents that: "80% of seniors will graduate within their senior year." The District is concerned by this inconsistency and EPCTC's dashboard data showing of 51.2% in 2022, 59.2% in 2023, and 74.3% in 2024. No information was provided nor referenced to explain these discrepancies.

Student Promotion and Retention

The District has expressed concern with EPCTC's practice of not promoting students to the next grade level as outlined in the submitted Renewal Petition and has identified a practice of EPCTC retaining students beyond typical promotion timelines each school year, as evidenced by EPCTC's course offerings and credit allocations reflected in transcripts reviewed by the District as part of our annual oversight monitoring. As a result, with correspondence dated February 6, 2026, the District sent EPCTC a notice outlining this concern and a request for EPCTC Leadership to submit a detailed response addressing this concern and the method by which EPCTC identifies and places students in grade levels each year. The District also asked EPCTC Leadership to explain the reasoning for why students have been retained as freshmen for more than one school year despite having passed courses and earned sufficient credits to be promoted to the next grade level. *(See Exhibit 2, EPCTC Charter Renewal - Request for Additional Documentation and Extension.)*

On February 25, 2026, the District was provided with a written explanation for how EPCTC engages in their annual grade level promotion. Specifically, the Executive Director stated the following:

> "Alignment with Graduation Requirements
>
> EPCTC affirms that its graduation requirements are compliant with California's minimum requirements, which are legally applicable only to traditional public schools (Education Code Section 47610.). Grade-level promotion is based on clearly defined credit thresholds (61 / 121 / 181 credits) and completion of required English coursework as outlined in the course matrix."

(See Exhibit 3, EPCTC Response to EPCTC Charter Renewal - Request for Additional Documentation and Extension.)

On several occasions, the District Staff expressed concern to EPCTC that EPCTCs practice of preventing students from being promoted as a result of them not having access to core classes violates appliable law including AB 2735 (O'Donnell), and the EPCTC Charter. Additional evidence of this practice was identified during EPCTC staff and student focus groups, review of senior student transcripts, and the public enrollment data found on CDE DataQuest. Additional concerns identified by the District Staff are provided below under Element One: Description of the Educational Program/Plan for Student Academic Achievement.

Continuous Enrollment/Long Term Students Enrollment

The Renewal Petition on page 27 states: "EPCTC maintained an average of 32% of students remaining continuously enrolled long-term." No additional evidence was provided or cited by EPCTC to support their table below on continuous enrollment/long term students enrollment. Therefore, District Staff is unable to conduct any analysis nor verify EPCTC's claims.

REVIEW OF THE RENEWAL PETITION

District Staff reviewed the Renewal Petition using the criteria outlined in Education Code sections 47605, 47607, and 47607.2, as applicable, and makes the following findings:

1. Petitioners are Demonstrably Unlikely to Successfully Implement the Program Set Forth in the Renewal Petition

Based on the following findings, and other deficiencies and concerns identified in other portions of this Staff Report, District Staff finds that the Petitioners are **demonstrably unlikely** to successfully implement the program set forth in the Renewal Petition:

A. Student Attendance Reporting

During the 2024-2025 school year, the District retained Ryland Strategic Business Consulting ("RSBC") to assist the District with evaluating EPCTC's operations, including attendance reporting, instructional minutes requirements, teacher credentialing. RSBC conducted a review of EPCTC's program with a focus on instructional time compliance and attendance reporting. The goal of the review was to assess whether EPCTC's reported instructional minutes align with the requirements of the Education Code and the accuracy and completeness of reported Average Daily Attendance (ADA) for apportionment purposes. The scope of RSBC's analysis included a review of course schedules, student attendance records, enrollment patterns, and teacher credential alignment. By email correspondence dated July 11, 2025, the District provided the Executive Director with a copy of the RSBC Instructional Time Analysis and Attendance Compliance Report ("RSBC Report"). The RSBC Report identified concerns and included recommended next steps regarding EPCTC's instructional time compliance and attendance accounting/tracking, and teacher credential alignment. *(See Exhibit 4, RSBC Instructional Time Analysis and Attendance Compliance Report.)*

EPCTC responded to the District's concerns by creating and adopting new policies and procedures aimed at minimizing attendance counting errors. These policies and procedures were adopted by Escuela Popular del Pueblo Board at its September 18, 2025 meeting. *(See Exhibit 5, Response to RSBC Instructional Time Analysis and Attendance Compliance Report.)*

As part of the 2025-2026 Annual Oversight Monitoring, the District conducted a detailed review of EPCTC's attendance records and discovered deficiencies in attendance accounting and monitoring, resulting in an over calculation of ADA. On November 13, 2025, EPCTC was issued a Notice of Deficiency from the District outlining findings and identify next steps for EPCTC to remedy the deficiencies. (*See Exhibit 6, Notice of Deficiency EPCTC Attendance Tracking and Six Periods Enrollment 11.13.2025.*)

Even though EPCTC Leadership responded to the Notice of Deficiency with correspondence dated December 1, 2025, the District Staff continues to have concerns regarding EPCTC's ability to capture and monitor student attendance with accuracy and completeness. (*See Exhibit 7, EPCTC Response to Notice of Deficiency EPCTC Attendance Tracking and Six Periods Enrollment 11.13.2025.*)

Within the last three years of EPCTC's current charter term, the District has identified ongoing student attendance inconsistencies and errors that have resulted in EPCTC submitting monthly reports that are incorrect and/or include overstated ADA.

Below are examples of known attendance errors discovered by the District:

1) Students marked present when they should have been marked absent.
2) Teachers not taking hourly attendance for classes that span more than one period.
3) Students counted as present when they should have been marked as absent via dual enrollment code "DA".
4) Improper or non-existent documentation for attendance changes.
5) Inconsistencies between monthly ADA reports, teacher attendance rosters, and PowerSchool Student Information System used by EPCTC.

While the District has made EPCTC Leadership aware of these deficiencies numerous times, these errors continue to persist in subsequent follow-up reviews by the District. (*See Exhibit 8, Notice of Correction - Dual Enrollment Attendance Counting 3.4.2026.*)

B. Instructional Calendar and Minutes Reporting.

As a part of the annual oversight monitoring process for EPCTC and EPAFLC, the District identified discrepancies in the instructional calendar submitted to the District, the information entered into the PowerSchool Student Information System (PowerSchool), and the instructional minutes calculations report submitted to the District on June 12, 2025. Accuracy in these records is critical to ensure compliance with instructional time requirements.

The instructional calendar for EPCTC had inconsistencies between the version submitted to the District and the calendar entered into PowerSchool. Specifically, the three (3) days of final assessments for Quarter 1 were not accurately reflected in both records, resulting in an inaccurate calculation of instructional minutes for the 2025-26 school year. (*See Exhibit 9, Notice of Concern - Instructional Calendar and Minutes Reporting 12.1.2025.*)

Per Education Code section 47612.5(a), charter schools must provide, by grade span, a minimum number of instructional minutes. For grades 9-12, charter schools must provide at least 64,800 minutes per fiscal year. Failure to meet these requirements may result in apportionment penalties. The District continues to be concerned that EPCTC is at risk of

noncompliance with Education Code section 47612.5(a) due to errors in calculating the instructional minutes for the 2025-26 school year.

In correspondence dated December 1, 2025, the Executive Director disagreed with the District's findings and calculations, stating the following:

> "The information above demonstrates that Escuela Popular exceeds the required instructional minutes for every grade level. Escuela Popular does not have a problem with insufficient instructional minutes. We know this because Escuela Popular used the District's forms for calculating instructional minutes, made the calculations, and provided the completed forms to the District for approval (see Exhibits B-D). District staff then reviewed the information that Escuela Popular provided and approved the school's instructional minutes before the start of the 2025-2026 school year. On July 18, 2025, District Attendance Accounting Specialist Eva Castro e-mailed Escuela Popular and confirmed that "Escuela Popular's Instructional Minutes for 2025-26 is approved" (see Exhibit E). If Ms. Castro, whose specialty at the District is attendance accounting, had seen a problem with Escuela Popular's instructional minutes, she would not have approved them. For the last approximately 23 years, Escuela Popular has used the District's forms to calculate and report academic schedules and instructional minutes, and District staff who are experienced in this specific area have reviewed and approved the forms. To the extent that changes to the schedule have happened throughout the 2025-2026 school year, these changes did not reduce total instructional minutes.
>
> Bell schedules that Escuela Popular provided to the District are enclosed as Exhibits F-I. District Charter School Oversight staff later made the assumption that the bell schedules and instructional minutes as reflected on PowerSchool are the "real" schedules and that therefore the versions provided to the District are inaccurate. This is a false premise. In reality, Escuela Popular does not use PowerSchool for the purpose of calculating and reporting instructional minutes. PowerSchool reflects schedules in terms of courses offered and students enrolled in those courses, with a focus on using the software as a tool to track grading. PowerSchool does not necessarily reflect the actual minutes of instruction, movement of students between classrooms, or real-time scheduling adjustments. It would take considerable school resources to dedicate administrative staff time to adjusting PowerSchool in real time so that it always matched up with reality. Further, it would require a complete overhaul of Escuela Popular's PowerSchool setup to make it reflect bell schedules that the system was not designed to reflect. The dedication of staff time to replicate information in PowerSchool when it is not used for this purpose would only serve to distract Escuela Popular's administrative team from accomplishing the shared goal of getting more fully credentialed teachers hired and improving student outcomes for all of our students. Escuela Popular has provided, and will continue to provide, accurate information about instructional minutes to the District using the District's forms and established procedures."

Despite the correspondence from the Executive Director dated December 1, 2025, District Staff continues to have concerns that EPCTC's PowerSchool does not accurately reflect EPCTC's instructional calendar and minutes for all grade levels, nor match the instructional calendar and minutes documents submitted to the District for annual auditing purposes. As a result, the District has found that EPCTC's annual minutes need to be recalculated and submitted to the District for final determination on adherence to Education Code section 47612.5(a).

C. Budgetary/Fiscal Concerns

EPCTC reported an Average Daily Attendance (ADA) of 563.93 for Fiscal Year (FY) 2024-25 and projected a declining enrollment of 525.00 ADA for FY 2025-26. EPCTC has projected ADA at 84.0%. As of June 30, 2025, EPCTC had an audited reserve balance of 177%.

Fiscal Historical Revenue/Expenditure Data

	2022-23	2023-24	2024-25
A. Beginning Balance	7,316,693	9,607,330	12,278,708
B. Revenues	10,306,233	11,102,149	13,544,625
C. Expenditures	8,015,596	8,430,771	9,306,880
D. Surplus/Deficit (B-C)	2,290,637	2,671,378	4,237,745
E. Ending Balance (A+D)	9,607,330	12,278,708	16,516,453

While the Escuela Popular del Pueblo Board has shown steady fiscal oversight, EPCTC is projected to have deficit spending for 2025-2026 and two additional years during the renewal charter term.

Even though EPCTC has a strong fund balance and cash flow, the District is unable to determine at this time whether or not EPCTC's staffing and expenditures are an accurate reflection of EPCTC's educational program and the staffing model described in the Renewal Petition, and whether EPCTC has the ability to operate independently as a standalone charter school.

The Independent Audit Report for the Fiscal Year ending June 30, 2024, also reports an Unmodified Opinion on the financial statements and State and Federal compliance with various laws and regulations, but identified deficiencies or material weaknesses disclosed regarding internal control over financial reporting.

By correspondence dated February 6, 2026, District Staff notified EPCTC Leadership of concerns regarding EPCTC's shared leadership and staffing model with its sister school Escuela Popular Accelerated Family Learning Center (EPAFLC). EPCTC Leadership has not provided the District with a five (5) year budget that reflects an autonomous, standalone charter school as described in the Renewal Petition. The budget submitted

with the Renewal Petition does not include leadership, staffing, and teaching positions with Full-Time Equivalent (FTE) positions.

In order to determine whether EPCTC can successfully and independently implement its educational program without the need to share staffing with EPAFLC, the District requested updated financial documents for the following:

(1) Roster of all leadership, staffing, and teaching positions;
(2) FTE of all positions;
(3) Teaching Session (AM, PM, Both); and
(4) Funding Source(s) (General, grant, etc.)[2]

EPCTC'S current Charter states that EPCTC will have a maximum enrollment of 750 students. As of October 1, 2025, EPCTC had approximately 525 students enrolled. The enrollment for the 2024 – 2025 school year was 787 students. This is a 262 student decline in enrollment over one school year. Per the Memorandum of Understanding ("MOU") between the District and EPCTC signed on June 8, 2018, when enrollment exceeds 120% or falls below 20% of the total number of students authorized in the Charter, EPCTC is required to request a material revision. EPCTC has experienced a 33% decline in enrollment from 2024 – 2025 and 2025 – 2026. A 20% decline or higher from the approved maximum enrollment of 750 students requires a material change request. However, EPCTC has failed to provide a material change request that outlines the new enrollment number and rationale.

Within Element E: Employee Qualifications, the Renewal Petition describes EPCTC as an autonomous, standalone school and outlines job qualifications for key positions, including leadership, operational staff, and teachers. However, during annual oversight visits, the District has observed a shared leadership structure and the commingling of staff, including teachers, between EPCTC and EPAFLC, the other charter school operated by Escuela Popular del Pueblo (EPDP).

This observed staffing model appears inconsistent with the Renewal Petition's characterization of EPCTC as an autonomous school. The District has raised its concerns regarding shared staffing in multiple instances with EPCTC Leadership, including the 2024–2025 staff findings and recommendations for EPAFLC's charter renewal, as well as oversight monitoring feedback during the 2024–2025 credentialing audit for both EPCTC and EPAFLC. These concerns were reiterated during the 2025–2026 credentialing audit.

The District has requested additional information from EPCTC Leadership to clarify how commingled staff are allocated across both schools, including budget accounting, full-time equivalent (FTE) distribution by site, and the allocation of facility-related expenses.

[2] At the time of preparing this Staff Report, this information has not been received by District Staff.

However, at the time of preparing this Staff Report, EPCTC Leadership has not sufficiently responded to these concerns/information requests.

2. Description of the Required Charter Elements

While District Staff found that the EPCTC Renewal Petition generally includes a reasonably comprehensive description of charter elements 1-15, several areas of concern and deficiencies have been identified that are outlined within the analysis of the elements identified below providing further findings of fact in support of the determination that the Petitioners are demonstrably unlikely to successfully implement the education program described in the Renewal Petition.

A. Element One: Description of the Educational Program/Plan for Student Academic Achievement

District Staff reviewed the educational program described in the Renewal Petition under Element One and conducted a school site visit on October 27, 2025. Staff finds that EPCTC is implementing the program and curriculum described in the Renewal Petition. However, the curriculum and program are not aligned to State Standards and District Staff have multiple concerns, including the following:

1. Outdated Core Instructional Resources. The Core instructional resources listed on page 38 of the Renewal Petition contain resources that are considered outdated and not aligned with Common Core State Standards, Next Generation Science Standards, or with the California English Language Development Standards. EPCTC Administration have been notified of this concern during the District's annual oversight monitoring visit for 2024-2025 and during the renewal process for EPAFLC in 2025. The District is concerned that EPCTC's current curricular offering is not aligned with the California Minimum Graduation Requirements or are grade-level appropriate for a grade 9-12 high school.

2. Student Assignment Disparity. As part of the District Staff's review of the Renewal Petition, District Staff identified a disparity between the Course Sequence in the Renewal Petition and the actual assignment of courses to students observed during annual oversight visits. Specifically, a majority of EPCTC students are enrolled in 9th grade and are required to start with non-grade level foundational courses that only count towards elective credit. According to EPCTC Administration, there are two ways in which students are given the course sequence outlined in the Renewal Petition:

1) Students demonstrate foundational knowledge by completing various internal assessments and passing; or

2) Students complete all foundational courses with a "D" grade or higher.

During the 2025-2026 annual oversight monitoring visit debrief meeting with EPCTC Administration, District Staff expressed concern with this practice and shared that applicable law requires English Learners (ELs) to have full access to the core academic content standards, including mathematics, science, and English Language Arts. This is achieved through mandatory Integrated and Designated English Language Development (ELD) to ensure equitable participation in the standard instructional program. District Staff communicated to EPCTC Administration that this will be an area of focus for 2025-2026 annual oversight monitoring. When District Staff conducted the student focus group meetings on October 27, 2025, EPCTC students shared their journey and understanding of how classes are assigned upon enrolling. All students who participated in the focus groups echoed the same approach referenced above. One student informed District Staff that it had taken her seven (7) years at EPCTC to get to the point of becoming a senior and graduating. Another student shared that it had taken him five (5) years to get to the point of becoming a senior and graduating. District Staff's review of transcripts of graduates from the 2024 – 2025 school year confirmed this approach.

3. **Grade Level Promotion Timelines**. As part of District Staff's review of the Renewal Petition, Staff identified a disparity between the course sequenced by grade level cited in the Renewal Petition and the enrollment demographic data available on California Department of Education DataQuest website. Specifically, District Staff found that EPCTC is enrolling a majority of its students in 9th grade and the smallest population of students in 11th grade, which is the grade level for mandated State testing for all California high schools. EPCTC is retaining students beyond typical promotion timelines each school year, as evidenced by its course offerings and credit allocations in transcripts reviewed by the District as part of its annual oversight monitoring.

The District Staff's review of student transcripts confirmed that EPCTC students have been retained as freshmen for several years, despite passing courses and earning sufficient credits needed to promote to the next grade level. In some cases, the District identified students who were enrolled for more than five (5) years at EPCTC. The District is concerned about these ongoing practices and their alignment with the course offerings and program identified in the Renewal Petition.

In response to the District's concern about EPCTC's grade level promotion and retention practices and alignment with graduation requirements, the Executive Director stated the following in correspondence dated February 24, 2026:

> "Alignment with Graduation Requirements
>
> EPCTC affirms that its graduation requirements are compliant with California's minimum requirements, which are legally applicable only to traditional public schools (Education Code Section 47610.). Grade-level promotion is based on clearly defined credit thresholds (61 / 121 / 181 credits) and completion of required English coursework as outlined in the course matrix."[3]

EPCTC Leadership continues to take the position that it is compliant while implementing the practice of promoting students to the corresponding grades of their earned credits, if and only if, students take and pass required English coursework that is outlined in their course of study matrix. The District has and continues to communicate to EPCTC that this approach is inappropriate and out of a compliance with EPCTC's Charter. Students cannot be held back, due to their fluency level in English. Per AB 2735 (O'Donnell) and Education Code section 60811.8, commencing with the 2019–20 school year, schools may not deny middle- or high-school English Learner (EL) students access to:

- Core curriculum courses (ELA, math, science, history/social science)
- Courses required for promotion or graduation
- A full course load of the standard instructional program
- Advanced or A-G courses (e.g., Honors or AP) solely because the student is classified as an English learner.

On February 6, 2026, the District sent a written communication to EPCTC Leadership outlining this concern and requesting a written response addressing this concern and the method by which EPCTC identifies and places students in grade levels each year, and explain the reasoning for why students have been retained as freshmen for more than one school year despite having passed courses and earned sufficient credits to be promoted to the next grade level. *(See*

[3] Taken from February 24, 2026 correspondence entitled "Re: Response to Additional Concerns Regarding EPCTC Charter Renewal" from Patricia Reguerin, Executive Director.

Exhibit 2, EPCTC Charter Renewal - Request for Additional Documentation and Extension.)

Even though EPCTC Leadership responded to this concern in correspondence dated February 24, 2026, the District Staff continues to have concerns regarding the practices EPCTC Leadership is using for annual grade level promotes. *(See Exhibit 3, EPCTC Response to EPCTC Charter Renewal - Request for Additional Documentation and Extension.)*

4. Science Scope and Sequence. The District is concerned that the scope and sequence for Science reflected in the Renewal Petition is insufficient to meet the demands of the Next Generation Science Standards (NGSS). Specifically, it is unclear how EPCTC students are meeting the NGSS performance expectations, based on the provided scope and sequence for Integrated 1 and 2. The core text identified in the Renewal Petition is not referenced in the scope and sequence of the Int 1 or Int 2, nor is it aligned to NGSS. The scope and sequence does not reflect phenomena-based learning, which is the core of NGSS-aligned lessons and units. In addition, schools that implement an integrated science model that meets the rigor of the NGSS, typically offer a three or four-year course sequence. This is due to the integrative approach of Living Earth, Chemistry in the Earth Systems, and Physics of the Universe across three or four years of science. EPCTC's approach of a two-year course sequence model raises concern about how EPCTC will be able to condense its science program into two years, particularly given the context of the newcomer student population it serves. As a best practice, two-year integrated science courses are offered as accelerated programs. District Staff has identified within the course sequence provided, insufficient coverage of Chemistry and Physics of the Universe as demanded by NGSS.

On February 6, 2026, the District sent a written communication to EPCTC Leadership notifying EPCTC of this concern and requested the following:

(1) Links to all labs that correspond to the units taught, including clear objectives of the unit referencing the NGSS standard being addressed by the lab.
(2) Links to all assessments (quizzes, exams, projects, etc.) that correspond to the units taught and the rigor of NGSS, including clear objectives of the unit referencing the NGSS standard being addressed by the assessment; and
(3) Updated core curriculum resource lists that reflect NGSS alignment and submitted scope and sequence.

(*See Exhibit 2, EPCTC Charter Renewal - Request for Additional Documentation and Extension.)*

EPCTC Leadership replied to the District's concern stating,

> "EPCTC's Integrated Science program is fully aligned to the California Next Generation Science Standards (NGSS) and is intentionally structured as a coherent two-year integrated pathway that addresses Life Science (LS), Physical Science (PS), and Earth & Space Science (ESS) performance expectations.
>
> The State of California does not mandate a three- or four-year sequence for NGSS implementation. Rather, schools are required to ensure that high school NGSS performance expectations are met with rigor and fidelity. EPCTC's Integrated Science 1 and Integrated Science 2 courses collectively meet this requirement.
>
> Integrated Science 1 emphasizes:
>
> • HS-LS1, HS-LS2, HS-LS3, HS-LS4 (Life Sciences)
> • HS-ESS3 (Human impacts & climate connections)
>
> Integrated Science 2 emphasizes:
>
> • HS-PS1, HS-PS2, HS-PS3, HS-PS4 (Physical Sciences)
> • HS-ESS1, HS-ESS2, HS-ESS3 (Earth & Space Sciences)" [4]

The District remains concerned and questions EPCTC's choice in condensing three years' worth of science content into two years for students that are newcomers and English Learners. The justification provided by EPCTC does not reflect the needs of the student population. Thus, at the time of preparing this Staff Report, EPDP Leadership has not sufficiently responded to these concerns. *(See Exhibit 3, EPCTC Response to EPCTC Charter Renewal - Request for Additional Documentation and Extension.)*

5. Meeting the Needs of English Learners

District Staff finds the Renewal Petition contains several deficiencies in developing a comprehensive description of instructional programs and supports for English Language Learners, and if EPCTC's Charter were to be renewed, District staff will need to work with EPCTC Leadership to address the following, but not limited to, deficiencies:

(a) Identification and selection of new ELD curriculum that is aligned to the new Common Core State Standards, California English Learner Roadmap State Board of Education Policy: Educational Programs and

[4] Taken from February 24, 2026 correspondence entitled "Re: Response to Additional Concerns Regarding EPCTC Charter Renewal" by Patricia Reguerin, Executive Director.

Services for English Learners, and the California English Language Development Standards.

(b) The academic performance of its English Learner students on the ELPAC and ELPI Dashboard by ensuring EPCTC Leadership are developing and implementing an improvement plan to monitor and track improvement in student academic achievement and performance.

(c) Compliance with AB 2735 (O'Donnell) and Education Code Section 60811.8, and its Charter for providing students access to core classes.

Additionally, due to EPCTC's ongoing failure to ensure that all of its classroom teachers possess the appropriate credential and Crosscultural, Language, and Academic Development (CLAD) Certificate authorizing instruction to English Learners, and/or failure to implement a remedial plan to address this deficiency, the District finds that EPCTC is demonstrably unlikely to meet the needs of the English Learners its serves. This is particularly concerning given that English Learners comprise over 99% of the students served by EPCTC.

B. Element Two: Measurable Student Outcomes

District Staff reviewed Element Two of the Renewal Petition and finds that it generally includes a reasonably comprehensive description of measurable student outcomes, aligned with the mission of the Charter School, and addresses the 8 state priorities required by Education Code 52060. However, District Staff has multiple concerns including the following:

1. Adherence to Graduation Criteria. During the 2025 review of the Escuela Popular Accelerated Family Learning (EPAFLC) renewal petition, District Staff discovered that EPAFLC was out-of-compliance with its approved graduation requirements and was issued a Notice of Concern on or about June 23, 2025. District staff met with EPCTC Leadership to review the concern and discuss next steps. EPCTC Leadership was informed by the District that District Staff would be conducting transcript audits of EPAFLC and EPCTC students who graduated as part of the annual oversight monitoring process for 2025-2026. *(See Exhibit 10, Notice of Concern Escuela Popular - Implementation of Non-Board Approved Graduation Requirements 6.23.2025.)*

Upon reviewing the submitted transcripts for the class of 2025, the District identified several discrepancies and/or concerns regarding the criteria used to determine student eligibility of meeting graduation requirements. EPCTC was notified of these concerns during the Annual Oversight Visit in October 2025, and the results of District Staff's transcript analysis. District Staff met with the EPCTC's counseling team to provide them with an individualized training on the recommended next steps for addressing the identified areas of concern. EPCTC

Leadership was also informed that the District would follow-up with a notification outlining the concerns and actions that EPCTC Leadership needed to take to address these concerns.

2. Bilingual Instruction. EPTCS's "Plan to Support Students Not Meeting Pupil Outcomes" (Element 1, p. 45), includes the following as a key component for implementation of the Plan:

> • Bilingual Staff (Spanish) to support with conceptual understandings: Bilingual staff provides support in primary language to teach concepts and understandings, then transferring the learning to English. Students not reaching the standards often have success in learning it in their primary language to expedite their learning in English.

It has become evident to the District that EPCTC is utilizing individuals who are bilingual to deliver instruction to English Learner students even though they do not possess the required English Learner teaching certificate or authorization to instruct English Learner's raising concern that EPCTC will not be able to support its students who are not meeting pupil outcomes. This is of particular concern since over 99% of the students EPCTC serves are English Learners.

C. Element Three: Method by Which Pupil Progress in Meeting Outcomes will be Measured

EPCTC uses a variety of assessments, including NWEA MAP tests in English and Math, which are listed by the California State Board of Education as approved assessments for producing verified data.

However, District Staff finds that EPCTC is inconsistent in administering the NWEA MAP at least twice a year to effectively monitor progress toward measurable student outcomes metrics. EPCTC needs to develop a continuous-improvement data analysis culture for student learning, where teachers use the NWEA MAP assessments to target student instruction. If renewed, ESUHSD will need to closely monitor and follow-up with EPCTC regarding its progress in administering NWEA MAP for ELA & math as part of the District's annual oversight role.

D. Element D: Governance Structure

During the current charter term, the District has identified several areas of concern regarding the governance structure of EPCTC and the Escuela Popular Del Pueblo Board ("EPDP Board"). Several Notices of Concern/Request for Information and Deficiencies have been sent to the EPDP Board with regards to the status of investigations and complaint procedures, appropriate use of public funds, Board composition practices, nonsectarian employment practices and

operations, Brown Act compliance, and the formation and implementation of Board committees.

With each notification, the District received correspondence from the EPDP Board expressing disagreement with the concerns and/or findings made by the District. The three areas in which the District and EPDP Board were able to arrive at a resolution were the appropriate use of public funds, nonsectarian employment practices/operations, and Brown Act compliance. At the time of preparing this Staff Report, the EPDP Board has not sufficiently responded to the District's satisfaction regarding the status of investigation and complaint procedures, Board composition practices, and implementation of EPDP Board committees and/or ad hoc committees.

As part of the Annual Oversight Monitoring process, the District has attended several EPDP Board meetings and has identified the following, but not limited to, concerns:

1. *Failure to Provide Notice in Spanish*. Per Education Code Section 48985 a public school that has a student population is 15% or more that speaks a single primary language other than English, are mandated to provide school-to-parent notices into that primary language. Given that EPCTC's student enrollment far exceeds this percentage, EPCTC should be providing notification of all EPDP Board meetings in Spanish.

2. *Lack of Board Meeting Translation Services*. In addition, the EPDP Board should be provide translation services at their Board meetings for their Spanish speaking community members.

3. *Inconsistent Board Meeting Start Times*. Absent emergency or extraordinary circumstances, the EPDP Board needs to maintain a consistent start time for notice all open session regular and special meetings that allows for EPCTC and EPAFLC parental and community participation in those meeting.

Other areas of concern include:

1. *Nepotism Policy*. EPCTC lacks a policy that: (1) prohibits any EPDP employee or Board Member from hiring or being involved in the hiring of any relative as an employee of EPDP, and (2) prohibits the appointment or employment of any person to a position for which his/her relative maintains management, supervisory, evaluation, compensation, or promotion responsibilities, and prohibits an employee from participating in any decision that singularly applies to any of his/her relatives.

2. *Complaint Policies/Procedures*. EPDP needs a complaint policy that minimally includes the following:

a) Outlines the procedures for submitting complaints, that identifies whom complaints should be submitted when regarding the Executive Director or other EPDP administration.

b) Protects staff and students from any retaliatory actions for submitting a complaint.

c) Posts the complaint policies/procedures in English and Spanish on the EPDP Board website and EPCTC and EPAFLC's website.

d) Procedures for processing complainants, including who conducts investigations depending upon whom the complaint is about, the timeline, and closure of submitted complaints.

E. Element Five: Employee Qualifications

Teacher Credential Compliance

1. Effective July 1, 2025, all teachers in charter schools are required to hold the Commission on Teacher Credentialing certificate, permit, or other document required for the teacher's certificated assignment. (Ed. Code 47605(l).)

The chart above shows that the majority of teachers at EPCTC have been identified as "Ineffective" each year from 2020-21 through 2022-24. As part of the annual oversight monitoring process, EPCTC had been notified by the District on multiple occasions over the past several months about the credentialing requirements needed for the 2025-26 school year; and in prior communications to the District and verbally to the District Board at its meeting on May 8, 2025, regarding the EPAFLC renewal petition, EPCTC Leadership acknowledged their

awareness of the credentialing requirements effective July 1, 2025, and assured the District Board that 100 percent of EPAFLC's teaching staff would possess valid California teaching credentials and, where applicable, English Learner Authorizations, in full compliance with Education Code section 47605(l) and the Charter for the 2025-2026 school year.

Other communications from the District to EPCTC Leadership regarding credentialing compliance concerns, included:

7/16/25 Letter of Deficiency – EPCTC Teaching Staff Credentialing District's Final Findings and Decision	The District determined that EPCTC operated during the 2024-25 school year with approximately seventeen (17) teachers in teaching assignments who were out of compliance in accordance with teaching credentialing requirements specified in Education Code 47605(1), EPCTC's Charter, and guidance provided by the CTC. The District expressed concern that EPCTC allowed these teachers to continue in their teaching assignments without holding the appropriate credentials, even though the District notified EPCTC on multiple occasions, including with a detailed letter of deficiency dated March 26, 2025, that doing so was inconsistent with the requirements of Education Code section 47605 and their Charter. The District reiterated its expectation that for the 2025-26 school year all EPCTC teachers will be appropriately credentialed in accordance with Education Code 47605(l) and its Charter.
7/22/25 Notice of Concern – EPCTC Declaration of Need for Fully Qualified Teachers 2025-2026	District shared concern about the credentialing of the teachers included in the Declaration of Need and belief that the EPDP Leadership (both the Executive Director and Board) incorrectly identified the eligibility of the identified teachers and potentially misled the EPDP Board and teachers in determining eligibility for obtaining an emergency credential for the 2025-26 school year, putting EPCTC at jeopardy of being out of compliance with Education Code section 47605(l), and its Charter. The District expressed concern about EPDP Leadership's continued practice of not communicating proactively and transparently with the District about credentialing matters. The District reiterated its expectation that for the 2025-26 school year all EPCTC teachers will be appropriately credentialed in accordance with Education Code 47605(l) and its Charter.
8/6/25 Notice to EPCTC re Failure to Timely Respond to Notice of Concern dated July 22, 2025 - Teaching Staff	Outlined EPDP Leadership's failure to promptly respond to the District's request for information with information/documentation which Escuela Popular should have had readily available for the start of school year on August 5, and again noted Escuela Popular's continued practice of not communicating proactively and

Credentialing Compliance Concerns	transparently with the District about credentialing matters elevating the District's concerns about EPCTC's noncompliance with teaching staff credentialing requirements. The District also notified EPDP Leadership that should EPCTC utilize any of the teachers listed on the July 28 Revised Declaration of Need for Fully Qualified Teachers as classroom teachers, EPCTC will not only be out of compliance with the requirements of Education Code section 47605(1), but doing so may potentially result in a loss of instructional minutes for Average Daily Attendance associated with the utilization of non-credentialed teachers and other instructional time penalties.
8/29/25 Notice of Placement on Charter Probation	District placed EPCTC on Charter Probation effective immediately per EPCTC's Operational MOU Exhibit 6: School Intervention Protocol, based upon EPCTC's continued failure to remedy violations identified by the District and failure to demonstrate substantial progress toward compliance. The District had only been able to identify from the July 28 Revised Declaration of Need for Fully Qualified Teachers, eleven (11) out of thirty-four (34) teachers as having a valid teaching credential and EL Authorization for their teaching assignment for the 2025-26 school year. As a result, there were twenty-three (23) teachers who should not be in classrooms as the primary teacher. The District noted that upon its inspection of the master schedule in the PowerSchool Student Information System for EPAFLC, the District continued to see the names of the same teachers assigned to classes where they are the primary teacher of record, even though they did not possess a valid teaching credential and/or EL Authorization for their assignment. The District directed EPCTC to take actions including: • Submit a written plan identifying the immediate steps EPCTC will implement to have all of its teachers hold an appropriate and valid teaching credential(s) and/or EL Authorization required for their certificated assignment for the 2025-26 school year in compliance with Education Code section 47605(1) and its Charter. Include specific actions, responsible ELP individuals, timelines, and benchmarks for monitoring progress. • Submit official documentation demonstrating valid credentials and EL Authorization for all teaching staff. • Submit a written plan describing the immediate steps EPCTC will implement to ensure compliance with California Education Code section 47605(1) and the terms of its Charter in implementing a Designated ELD Core instructional program for

	English-Language Learners in ELD Levels 1, 2, 3, and 4 with teachers who hold the Commission on Teacher Credentialing certificate, permit, or other document required for the teacher's certificated assignment. Include specific actions, responsible EPL individuals, timelines, and benchmarks for monitoring progress.
8/29/25 Notice of Concern re Escuela Popular's Response to Instructional Time and Attendance Compliance Report	District raised concern that no evidence had been provided to show that the EPDP Board approved actions to ensure all teachers are appropriately credentialed for the 2025-2026 school year, stating: "Please note: This is particularly critical and immediate actions need to be taken by EPCTC to address deficiencies in this area given that EPCTC is currently out of compliance with the teacher credentialling requirements of Education Code section 47605(l)." District expressed concern that failure to align assignments with valid credentials may impact instructional quality, student outcomes, and legal compliance.
10/2/25 Notice of Deficient Corrective Action Plan - Teachers Credentialing Compliance Deficiencies	Notified EPDP Leadership that the Corrective Action Plan ("CAP") submitted with the EPCTC's 9/15/25 response to the Probation Notice does not sufficiently correct or address the deficiencies identified by the District in the Notice of Probation and failed to demonstrate substantial progress toward compliance. The CAP provides evidence of Escuela Popular's continuing failure to ensure that all EPCTC teachers hold a valid California teaching credential with the appropriate EL Authorization for their teaching assignment.

Despite the receipt of multiple written and verbal notices from the District notifying EPDP Leadership (both Executive Director and Board) of the credentialing compliance concerns and deficiencies, and EPDP Leadership's acknowledged understanding of the requirements, EPDP Leadership failed to take sufficient corrective actions to address the violations. As a result, and since the District viewed EPCTC's credentialing compliance deficiencies to be a material violation of its Charter and violation of law as grounds for revocation, on October 16, 2025, the ESUHSD Board approved issuance of a Notice of Violation ("NOV") to EPCTC pursuant to Education Code section 47607. In the NOV, the District identified EPCTC's violations and included evidence relied upon by the District as Exhibits. The NOV also provided EPCTC with a reasonable opportunity to respond to and/or remedy the violations by November 17, 2025. *(The 10.16.25 Notice of Violation and all of its Exhibits, are incorporated herein by this reference.)*

On November 17, 2025, EPCTC timely submitted its response to the NOV.

On January 15, 2026, the ESUHSD Board approved issuance of a Notice of Intent to Revoke the EPCTC Charter finding that EPCTC failed to take the necessary actions to address its non-compliance with teacher credentialing requirements and continued to provide instruction to its students using teachers who do not hold the appropriate credential and English Learner Authorization for their teaching assignment, as required by Education Code Section 47605(l) and EPCTC's Charter. *(See Exhibit 11, Notice of Intent to Revoke and its Exhibits, incorporated herein by this reference.)*

In the Notice of Intent to Revoke, the District found, among things, that:

- EPCTC publicly provided inconsistent and, at times, contradictory information regarding the current credentialing status and progress of its teachers. This inconsistency and absence of information resulted in the District being unable to adequately monitor the progress of EPCTC in addressing teacher credentialing deficiencies.

- EPCTC failed to comply with Education Code section 47605(l) and its Charter by providing sufficient documented evidence of rotating all 30-day substitute teachers. Additionally, EPCTC failed to update and maintain its internal substitute tracker, hindering the District's ability to identify who is actually in the classroom.

- EPCTC has not made satisfactory progress in demonstrating its ability to recruit, hire, and onboard teachers who possess a valid teaching credential and EL authorization for their teaching assignment and continues to utilize individuals with Emergency 30-day Substitute Permits as a long-term solution to fill vacancies.

- For EPCTC and the student population it serves, qualified, credentialed, and EL-authorized teachers are essential, not optional. Reliance upon individuals with only Emergency 30-day Substitute permits with no credentials and EL authorization undermines the quality of instruction, disrupts continuity of instruction, and fails to meet the documented needs of the students EPCTC (over 99% English Learners) who are facing extraordinary linguistic, academic, and social barriers.

Furthermore, the Renewal Petition, under Element Five – Employee Qualifications (p. 107), specifies that the following are required qualifications for EPCTC teacher:

- Valid California Teaching Credential, certificate, permit, or other document required for the teacher's certificated assignment. (Required)

- CLAD Authorization required for the teacher's certificated assignment. (Required)

Based on the above, District Staff reasonably finds that EPCTC is demonstrably unlikely to meet these qualification requirements for its teachers impacting its ability to successfully implement its education program.

Use of Contractor Teachers without Credentials

Through multiple communications, including correspondence dated November 13, 2025, and December 12, 2025, the District requested contracts/credential information for all EPCTC employees including those provided by the external staffing agency Vertex Education. *(See Exhibit 1: re Failure to Provide Access to Information for Charter Oversight and Renewal in a Timely Manner 12.12.2025, Attachment D.)*[5]

Despite the District's multiple requests this information/documentation was never provided by EPCTC Leadership, preventing the District from being able to effectively verify compliance with teacher credentialing requirements as part of its oversight function.

On or about March 13, 2026, the District was informed via EPCTC's legal counsel that EPCTC discovered that on multiple occasions during this 2025-26 school year EPCTC utilized substitutes in its classrooms staffed by external staffing agency "The Education Team" who did not have any credential or any permit needed to be a substitute in the classroom.

The District subsequently received correspondence from the Executive Director dated March 18, 2026, confirming what had been shared verbally by EPCTC's legal counsel, and which despite previous requests, had never been provided or disclosed by EPDP or EPCTC to the District. (*See Exhibit 12: Response to Request for Documentation from Substitute Vendor.)*

The documentation the District subsequently received from EPCTC on March 19, 2026, reflects that a total of twenty-five (25) out of the forty-six (46) contracted substitute teachers utilized by EPCTC/EPAFLC for classroom instruction (for a total of 190 instances) did not possess any credential or any permit to teach.

Based on the District's analysis, since August 20, 2025, there has been a total of 123 out of 190 instances where these uncredentialled substitutes were utilized by EPCTC to deliver classroom instruction. Many of these assignments were for multiple periods in a single day. Moreover, these uses by EPCTC of unauthorized

[5] The Notice of Concern also addressed EPCTC's failure to provide the District staff with access to EPCTC employees for one-on-one interviews as part of the District's annual oversight monitoring visit and renewal process limiting the District's ability to perform required monitoring duties as part of its oversight function.

persons substitutes have occurred throughout the current school year and as recently as February 2-4, 2026.
EPCTC's use of substitutes who lacked the credentials or permit authorizing them to teach may have implications not only on the true quality of instruction being provided, but also on credits and grades given to students, and may subject EPCTC to penalties for the state apportionment received for days these substitutes taught. At the time of this report, the potential educational impact on students and amount of monetary impact on EPCTC is unknown.

EPCTC's failure to ensure that the teachers supplied by the external staffing agency possessed a credential or permit needed for them to teach further demonstrates that EPCTC is unlikely to meet the teacher credentialing requirements and successfully implement its education program.

Comingling of Staff

The Renewal Petition describes EPCTC as an autonomous, standalone charter school and lists job qualifications for key positions, including leadership, operational staff, and teachers. During annual oversight visits, District Staff have observed a shared leadership model and the sharing/comingling of staff, including teachers, with EPCTC's sister school, Escuela Popular Accelerated Learning Center (EPAFLC). The District expressed concern about the shared staffing model on several occasions, including in the 2024-2025 staff findings and recommendations regarding the renewal of EPAFLC, and the charter school oversight monitoring feedback for 2024-2025 for both EPCTC and EPAFLC. During the 2025-2026 annual auditing process for credentialing monitoring for EPCTC and EPAFLC, the District reiterated its concern about the shared staffing model of both schools.

F. Element Seven: Racial, Ethnic, English Learner, and Special Education Balance

On July 1, 2020, AB 1505 took effect, revising Element Seven (Ed, Code 47605(c)(5)(G)) to require charter schools provide a reasonably comprehensive description of how the school will achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils, reflective of the general population residing within the district. The chart below shows EPCTC and ESUHSD enrollment demographics, where EPCTC represents they focus recruitment.

Demographic Comparison 2024-2025 Student Enrollment Chart		
Demographic Subgroups	**EPCTC**	**ESUHSD**
African American	*	1.50%
American Indian	*	.20%
Asian	*	31.70%
Filipino	*	5.40%

Hispanic	99.48%	54.10%
Two or More Races	*	2.40%
White	*	4.10%
English Learners	18.95%	23%
Homeless	66%	8%
Socioeconomically Disadvantaged	74.22%	57%
Students with Disabilities	*	12%

The Renewal Petition describes a recruitment plan that has been successful in ensuring EPCTC's enrollment is near capacity in prior years, and demographic data shows that the school has comparable or higher percentages of Hispanic students, Homeless students, and Socioeconomically Disadvantaged populations to the ESUHSD as a whole.

However, when comparing the racial/ethnic distributions of the populations attending EPCTC and ESUHSD, EPCTC is not representative of the ESUHSD as a whole. EPCTC has a racial/ethnic distribution that consists of 99.48% Hispanic students and shows an underrepresentation of Asian, African American, Filipino, and White students, and students with disabilities. Despite this disparity, District Staff believes the Renewal Petition contains a reasonably comprehensive description of Element Seven: Racial, Ethnic, English Learner, and Special Education Balance.

CONCLUSION AND RECOMMENDATION

Based on the foregoing findings, including all referenced Exhibits, **District Staff recommends that the ESUHSD Board deny the renewal of EPCTC's Charte**r. The recommendation for denial is based on findings that petitioners are demonstrably unlikely to successfully implement the educational program set forth in the EPCTC Renewal Petition.

In order to deny the Renewal Petition the ESUHSD Board must make written findings setting forth specific facts to support the denial. Should the ESUHSD Board decide to deny renewal of the EPCTC's Charter, District staff recommends that the Board adopt this Staff Report as the written factual findings as the Board's written findings of fact in support of the denial.

Re: Notice of Concern/Request for Information – Failure to Provide Access to Information for Charter Oversight and Renewal in a Timely Manner
ATTENTION AND ACTIONS NEEDED

Dear Escuela Popular Del Pueblo Board of Directors:

As the authorizing entity for Escuela Popular/Center for Training and Careers and Escuela Popular Accelerated Family Learning Center ("EPCTC/EPAFLC" or "Charter Schools"), the East Side Union High School District ("District") is required to provide oversight of EPCTC/EPAFLC regarding its compliance with its approved Charter and laws applicable to its operation.

Per Education Code section 47604.3, EPCTC/EPAFLC is obligated to " promptly respond to all reasonable inquiries" from the District and "shall consult with" the District "regarding any inquiries." We believe that open and cooperative communication between the District and the Charter Schools is an integral part of our relationship, and timely responses by EPCTC/EPAFLC to our reasonable inquiries are mandated and critical to fulfilling our oversight function/responsibilities as authorizer.

The District has documented multiple instances in which the Executive Director of the Charter Schools, Patricia Reguerin, (the "Executive Director") has failed to provide timely access to the requested information and resources necessary for the District to conduct its required oversight function and charter renewal process. These delays hinder the District's statutory oversight responsibilities and place the Charter Schools at risk of noncompliance.

Delay in Providing User Credentials and Access to PowerSchool Student Information System

On July 14, 2025, District staff requested administrative-level view-only credentials to the Charter Schools' PowerSchool platform for the purpose of conducting routine oversight related to, but not limited to, student attendance, enrollment, master schedule, and CALPADS-related data (*See Attachment "A"*). Despite questions from the Executive Director and repeated follow-ups, the District received limited access to PowerSchool on August 6, 2025 (*See Attachment "B"*) and final view all access on August 15, 2025 (*See Attachment "C"*). This lapse of thirty-one (31) days for the District to receive the access requested significantly delayed the District's ability to verify legally required student-level information and master schedule assignments prior to the start of the 2025-26 school year. Timely access to the student information system is explicitly required by Education Code section 47604.3, which mandates access to *all* records needed for oversight.

Delay in Providing Contracts of All EPCTC Employees

On November 13, 2025, the District requested copies of all current EPCTC employee contracts (including credentialed, classified, administrative, and temporary personnel) to confirm compliance with credentialing and staffing requirements outlined in EPCTC's Charter and MOU (*See Attachment "D"*). On November 17, 2025, the District received an email communication from the Executive Director requesting an extension due to not being able to secure contracts for third party staff (*See Attachment "E"*). The District replied requesting an ETA from the Executive Director on when the contracts will be available to send to the District for review. As of the date of this letter, the District has not been provided with an anticipated date for receiving the contracts. Once again, this delay and/or refusal to provide the District with the requested contracts impairs the District's ability to verify compliance with credentialing laws and personnel policies as needed for its performance of oversight, which again is a violation of Education Code section 47604.3.

Delay in Providing a Private Room and Staff Meeting Schedule for Annual Oversight Visit on November 18, 2025

As part of the District's annual oversight monitoring visit and charter renewal process for EPCTC, District staff requested, in advance, a clear schedule and private room to conduct confidential one-on-one interviews with selected staff members. The District notified staff on October 31, 2025, that the District will be emailing a formal request to meet with additional staff on November 18, 2025, at the Annual Oversight Monitoring Visit for EPAFLC. On November 7, 2025, the District emailed the Executive Director the official list of employee names for one-on-one meetings and did not receive final approval until the middle of the day on November 18, 2025, despite multiple correspondences prior and the day of the Annual Oversight Monitoring Visit for EPAFLC (*See Attachment "F"*). The District has yet to meet with the identified staff as requested. This delay limited the District's ability to conduct

interviews and hindered required monitoring duties as part of our authorize oversight function, in violation of Education Code 47604.3.

We reiterate here, that the District expresses concern to the Escuela Popular Del Pueblo Board of Directors ("EPDP Board") about the continued resistance and interference by the Executive Director in permitting the District to conduct its legal obligation of Annual Oversight Monitoring and charter renewal process as part of its oversight function as charter authorizer. The continued delay in providing access to staff, documents, and information may result in the District engaging in the intervention process outlined in the Charter Schools' Operational MOU Exhibit 6: School Intervention Protocol, and/or taking other appropriate actions consistent with our obligations and function as charter authorizer.

Actions Needed

The District directs the EPDP Board to formally review the concerns identified above and implement corrective measures to ensure that the Charter Schools promptly provide all information required for oversight and charter renewal as mandated by Education Code sections 47604.3.

No later than **5:00 PM on January 9, 2025**, please provide a Board-approved written response outlining:

1. A written explanation of the corrective actions the EPDP Board will implement to address the outstanding requests made by the District. This should include the process for the rescheduling of the staff one-on-one meetings and the submission of all contracts for EPCTC employees as outlined in the original request.

2. A written explanation of how the EPDP Board will ensure ongoing compliance with Education Code sections 47604.3, the Charter Schools' respective Charters, and the Memorandum of Understanding regarding all requests made by the District pursuant to Education Code section 47604.3 as authorizer, and ensure the Charter Schools promptly respond to future inquiries without delay and/or obstruction.

Please contact the undersigned if you need any clarification regarding the items listed above in this Notice of Concern/Request for Information, or if you would like to discuss anything. Thank you for your attention to this correspondence and your anticipated cooperation.

Sincerely,

Phillip Gedeon
Coordinator of Charter School Oversight

FOR IMMEDIATE ATTENTION: Report by Ryland Strategic Business Consulting

Berg, Bjorn <bergbj@esuhsd.org> Mon, Jul 14, 2025 at 10:51 AM
To: patricia@escuelapopular.org
Cc: Phillip Gedeon <gedeonp@esuhsd.org>, Teresa Marquez <marquezt@esuhsd.org>

Dear Ms. Reguerin,

Thank you for your attention to this and your prompt response. The issues raised in the report are substantial and concerning and are based on publicly available records and information and/or information provided by Escuela Popular and, I understand, have been under discussion between District staff and you and your staff for some time now. For that reason, the District believes your review and response could be completed very quickly so that the District can then consider next steps that may be necessary and/or appropriate in advance of the start of the new instructional year. That said, I will inform the District's administrative team and try to respond further within the next 24 hours.

In the meantime, we would like your assurance that you will agree to provide the District and its staff and consultants direct access to the following information and data systems and platforms to aid the District in conducting its oversight and monitoring activities: PowerSchool.

Finally, the District is hereby requesting that, notwithstanding any document retention and destruction policy or verbal or written directives to the contrary, Escuela Popular preserve all records and immediately suspend the destruction of any and all records in Escuela Popular's possession, custody or control relating to the organization's financial matters, attendance reporting, instructional minutes requirements and reporting, and teacher credentials and credentialing. This is to further request that Escuela Popular not alter, modify, transfer or delete any such records, including but not limited to any electronically stored information ("ESI") such as emails; word documents; scanned documents; text messages; and other forms and types of information held, stored, and/or maintained electronically; including without limitation its "metadata" (that is, data about data) which (regardless of whether or not hidden from the normal creators, viewers, or recipients) provides information regarding ESI including without limitation the identity of blind-carbon recipients of emails, the date and/or author of documents, the number of document versions, and hidden messages or formulas, redline/blackline document comparisons; and including without limitation "hash values" which indicate any changes to or deletion of metadata. ESI should be preserved in its "native" format, that is, with its associated file structure defined by the application used to create the document (for example, an email message as created and decoded by the appropriate email application such as Outlook or Google, or a word-processing document created and decoded by Microsoft Word).

Please confirm that Escuela Popular will abide by that request.

Sincerely,

Bjorn Berg

Hello:
Thank you for your response.

We acknowledge the District's request and are fully committed to cooperating. Please be assured that we have issued written instructions today to staff and to our head of IT directing that no records be altered or destroyed. All relevant records will be preserved as outlined in your request.

We are currently gathering and reviewing the necessary information to respond substantively to the report. Additionally, we are assessing the appropriate level of access to our systems, including PowerSchool, that aligns with internal protocols and data security requirements. We anticipate providing a full response within one week, once we have completed our internal review and gathered all pertinent information.

Aloha Patricia and Cindy,

Per Education Code section 47604.3, EPCTC/EPAFLC "shall promptly respond to all reasonable inquiries" from the District and "shall consult with" the District "regarding any inquiries." We believe that open and cooperative communication between the District and the Charter School is an integral part of our relationship, and timely responses by EPCTC/EPAFLC to our reasonable inquiries are mandated and critical to fulfilling our oversight function/responsibilities as authorizer.

To ensure EPCTC's compliance with teacher credentialing, the District is requesting the following items:

- Contracts for all EPCTC Teachers
- Contracts for all EPCTC Instructors, Paraprofessionals, Teaching Assistants, etc
- First/Original start date of hire for all EPCTC Employees

Can you have this completed by the end of the day on Tuesday, November 18?

Thank you.

Please don't hesitate to reach out if you have any questions or concerns.

Hello Phillip,
We're looking forward to your visit tomorrow, November 18, 2025, and wanted to share a quick update ahead of time. Cindy mentioned to me that during your last visit, you requested to see separate substitute contracts. The updated substitute contracts will not yet be visible during your onsite visit. Please know that our HR team at Vertex Education is actively reviewing the recommended changes to ensure all agreements remain in full compliance with applicable requirements.

We appreciate your understanding and partnership as we work through this process. Our goal is to ensure accuracy and alignment across all agreements, and we remain committed to open communication and transparency throughout.

Thank you for your continued collaboration and support.

Hello Phillip:

We received your request to meet one-on-one with staff on November 18, 2025. Before scheduling, we need clarification regarding the purpose and context of these meetings.

Please provide, in writing:

- The purpose of these meetings and the intended outcomes;
- The topics or questions to be covered;
- How information will be recorded, used, and shared;
- Confirmation that participation is voluntary
- An explanation of how this request relates to the oversight visit for EPAFLC, including whether this same practice has been conducted during other oversight visits.

Additionally, we request that a school administrator be present during each interview.

Thank you,

Patricia Reguerin

Aloha Patricia,

Per the MOU for EPCTC and EPAFLC, the district has the right to request meetings with individual staff members as part of annual oversight responsibilities. I appreciate your questions, and can restate that we would like to meet with the identified staff for a one-on-one meeting during our visit on November 18, 2025. EP Leadership was informed on October 31, 2025, that the district would be submitting a formal request identifying the individual staff we would like to meet with.

The purpose of these brief one-on-one meetings is to gather insight from staff regarding the implementation of the school's educational program and daily operations. This is another option for authorizes to use at any time for the monitoring of charter schools. EP employees are not required to participate; however, you can inform them that the meeting is considered confidential.

Below is the excerpt from the MOU regarding the District's ability to meet with staff upon request. If you have any additional questions or concerns before your visit on Tuesday, please don't hesitate to let us know.

Section 2: District-School Relationship

2.13 Site Visits may include any activities reasonably required to fulfill the District's supervisory oversight responsibilities, including, but not limited to, review of the Charter School's facility; review of records maintained by the School; interviews with the Principal, Board of Directors, staff, school families, and community members; and/or observation of classroom instruction.

Dear Phillip,

Thank you for your email. I want to clarify that the MOU language you referenced does not preclude Escuela administrators from attending interviews of our staff or observations by district personnel during the November 18 site visit. As the legal employer of our staff under Education Code section 47604.3, Escuela has the right to be present when outside parties interview our employees. We will have an administrator present during each one-on-one meeting with staff.

Section 2.13 of the MOU grants the district authority to conduct interviews as part of oversight but does not—and legally cannot—require those interviews to occur without the charter school's management present. California charter schools operate as independent public schools with separate employment relationships, and no provision of the Education Code or our MOU strips us of the ordinary right to have management present when third parties question our employees about workplace matters.

We will proceed with administrator participation on Tuesday.

Please confirm receipt and let me know if you need anything else before the visit.

Best regards,

Aloha Patricia,

I understand your email to mean that you are refusing to permit District staff to meet with EPAFLC/EPCTC staff members individually during our oversight visit on November 18, 2025, citing Education Code section 47604.3 as the basis for your refusal.

Education Code section 47604.3 requires a charter school to promptly respond to all reasonable inquiries from its chartering authority, and to consult with its chartering authority regarding any inquiries. The District has expressed its interest in meeting with EPAFLC/EPCTC instructional leadership staff individually as part of our oversight function/obligation and your refusal to grant our reasonable request serves as a barrier to our ability to perform that function/obligation.

Again, the purpose of these brief one-on-one meetings is to gather insight from staff regarding the implementation of the charter schools' educational program and daily operations as part of our annual oversight site visit. This is an option for authorizers to use at any time for the monitoring of charter schools and is consistent with our MOU and function as charter authorizer.

If you have other authority to support your refusal to accommodate the District's request other than what you have referenced, please promptly provide that for our attention. Otherwise, it is our expectation that our request to meet individually with the staff members we have identified will be accommodated during our site visit tomorrow, November 18, 2025.

Dear Phillip,

We are not obstructing or creating a barrier to the District's oversight of the charter school. There is no legal right (statutory or otherwise) for the District to conduct interviews of the charter school employees. Despite that, as we previously noted, we are willing to coordinate these interviews as long as someone from the Administration (or the Board) can be present.

Our citation to Education Code section 47604.3 was intended to highlight the fact that the District has the right to make reasonable inquiries of the "charter school" and that the "charter school" shall promptly respond to those requests. Section 47604.3 does not give the District the right to interrogate or interview the charter school's employees; it's the "charter school" acting through its administration that is responsible for responding to those reasonable inquiries. And nothing in the MOU with the District gives the District the right to do these one-on-one interviews.

We will be available tomorrow for these interviews if you choose to conduct them.

Re: EPCTC Charter Renewal Petition
Request for Additional Documentation and Process Extension

Dear Ms. Reguerin and Escuela Popular Del Pueblo Board of Directors:

On December 17, 2025, the East Side Union High School District ("District") received the charter renewal petition for Escuela Popular/Center for Training and Careers, Family Learning ("EPCTC" or "Charter School"). Per Education Code sections 47605/47607, the District must hold a public hearing regarding the renewal petition no later than sixty (60) days from receiving the petition, and shall take action regarding the renewal within ninety (90) days of receipt (unless extended up to 30 days by mutual agreement). As previously communicated, the District will hold the public hearing regarding the renewal petition on February 12, 2026, and anticipates agendizing the proposed renewal for Board

action at a special meeting on March 12, 2026. This date means the staff's recommendation and findings must be posted by February 25, 2026.

The review of EPCTC's renewal petition by District staff commenced on December 18, 2025. As of the date of this letter, staff have identified multiple concerns with the submitted renewal petition, as listed below. With this letter, we request that the Charter School's leadership provide additional information and documentation regarding these items.

Additionally, to afford EPCTC sufficient time to respond to these concerns and for the District to consider EPCTC's responses so that an informed recommendation to the Board regarding the renewal petition can be made, we are also requesting EPCTC's mutual agreement to extend the action deadline to the regular Board meeting on April 16, 2026 (120th day from receipt). We believe it is in EPCTC's interest to mutually agree to this extension, since the staff's ability to provide an analysis and make a recommendation to the Board regarding the petition will be impacted without the information and explanations requested by this letter.

Concern 1: Charter School Shared Leadership and Staffing Model

Within Element E: Employee Qualifications, the renewal petition describes EPCTC as an autonomous, standalone school and lists job qualifications for key positions, including leadership, operational staff, and teachers. During annual oversight visits, the District has observed a shared leadership model and the sharing/comingling of staff, including teachers, with EPCTC's sister school, Escuela Popular Accelerated Learning Center ("EPAFLC"). The District expressed concern about the shared staffing model on several occasions, including in the 2024-2025 staff findings and recommendations for the charter renewal of EPAFLC, and the charter school oversight monitoring feedback for 2024-2025 for EPCTC and EPAFLC. During the 2025-2026 annual auditing process for credentialing monitoring for EPCTC and EPAFLC, the District reiterated its concern about the shared staffing model of both schools. As a result, EPCTC must provide a written response to the District's concerns, including a description of the staffing at EPCTC.

Concern 2: Finance and Operations

Based upon the findings in Concern 1: Charter School Shared Leadership and Staffing Model, the District is concerned that EPCTC Leadership ("EPCTCL") has not provided the District with a five (5) year budget that reflects an autonomous, standalone charter school as described in the renewal petition. The submitted budget does not include leadership, staffing, and teaching positions with Full-Time Equivalent (FTE) positions.

In order to determine whether EPCTC can successfully and independently implement its educational program without the need to share staffing with EPAFLC, the District requests updated financial documents for the following:

(1) Roster of all leadership, staffing, and teaching positions;
(2) FTE of all positions;
(3) Teaching Session (AM, PM, Both); and

(4) Funding Source(s) (General, grant, etc).

Concern 3: Student Enrollment and Attendance

EPCTC's current Charter states that EPCTC will have a maximum enrollment of 750 students. As of October 1, 2025, EPCTC had approximately 525 students enrolled. The enrollment for the 2024 - 2025 school year was 787 students. This is a 262-student decline in enrollment over one school year. Per the Memorandum of Understanding signed on June 8, 2018, enrollment exceeding 120% or falling below 20% of the total number of students authorized in the Charter requires a material change by the Charter School. EPCTC has experienced a 33% decline in enrollment from 2024 - 2025 and 2025 - 2026. A 30% decline from the approved maximum enrollment of 750 students requires a material change request. As a result, the District requests a written response addressing this concern and the impact on the Charter School's projected revenue for the proposed charter renewal term.

Concern 4: Educational Program

Grade Promotion and Retention Practices

Within Element A: Educational Program, the submitted renewal petition contains a chart with EPCTC's High School Graduation Requirements. The chart shows the total number of credits per course. In California, 11th grade is the grade level at which mandated state testing occurs, and the data from that testing is used to populate the California Dashboard for accountability purposes. According to the CDE DataQuest website, EPCTC has the majority of its students enrolled in 9th grade and the smallest population of students in 11th grade. The District is concerned that EPCTC is retaining students beyond typical promotion timelines each school year, as evidenced by its course offerings and credit allocations in transcripts reviewed by the District for annual oversight monitoring. The chart below shows enrollment by grade levels for 2014 to 2025 and highlights the district's concern.

Alignment with Graduation Requirements

As part of the District's 2025-2026 charter school oversight monitoring feedback regarding 2024-2025 for EPCTC and EPAFLC, the District informed EPCTCL about its concern regarding the number of students within EPCTC grade levels who were identified as meeting the required graduation requirements outlined in the EPCTC Charter and the California minimum graduation requirements. During the 2025-2026 annual charter school oversight visit with EPCTCL, District staff shared concerns about students not meeting the graduation requirements outlined in the Charter and the California minimum graduation requirements, and informed EPCTC that the District will issue a notice outlining the concern. The District also found, from our review of student transcripts, that EPCTC students have been retained as freshmen for several years, despite passing courses and earning sufficient credits needed to promote to the next grade level. In some cases, the District identified students who were enrolled for more than five (5) years at schools serving students in grades 9-12. The District is concerned about these ongoing practices and their alignment with the course offerings and program identified in the renewal petition. As a result, EPCTC should provide the District with a written a detailed response addressing this concern and the method by which EPCTC identifies and places students in grade levels each year, and explain the reasoning for why students have been retained as freshmen for more than one school year despite having passed courses and earned sufficient credits to be promoted to the next grade level.

Science Curriculum and Alignment to Next Generation Science Standards

The District is concerned that the scope and sequence for Science reflected in the renewal petition is insufficient to meet the demands of the Next Generation Science Standards ("NGSS"). Specifically, District staff lack clarity on how EPCTC students are meeting the NGSS performance expectations, based on the provided scope and sequence for Integrated 1 and 2. The core text listed in the renewal petition is not referenced in the scope and sequence of the Int 1 or Int 2. The scope and sequence do not reflect phenomena-based learning, which is the core of NGSS-aligned lessons and units. In addition, schools that implement an integrated science model that meets the rigor of the NGSS typically offer a three or four-year course sequence. This is due to the integrative approach of Living Earth, Chemistry in the Earth Systems, and Physics of the Universe across three or four years of science. EPCTC's approach of a two-year course sequence model raises concern about how EPCTC will be able to condense its science program into two years, particularly given the context of its student population of newcomers it serves. As a best practice, two-year integrated science courses are offered as accelerated programs.

The District requests that EPCTC provide the following:

(1) Links to all labs that correspond to the units taught, including clear objectives of the unit referencing the NGSS standard being addressed by the lab.
(2) Links to all assessments (quizzes, exams, projects, etc) that correspond to the units taught and the rigor of NGSS, including clear objectives of the unit referencing the NGSS standard being addressed by the assessment; and
(3) Updated core curriculum resource lists that reflect NGSS alignment and submitted scope and sequence.

By no later than Friday, February 13, 2026, please advise whether EPCTC will agree to extend the action deadline to the regular District Board meeting on April 16, 2026 (120th day from receipt).

Re: Response to Additional Concerns Regarding EPCTC Charter Renewal

Dear Mr. Gedeon,

On behalf of Escuela Popular del Pueblo ("Escuela Popular"), I am writing to confirm receipt of your letter dated February 6, 2026, which lists additional concerns and requests for information which you state is relevant to the charter renewal process for Escuela Popular Center for Training and Careers ("EPCTC" or the "Charter School"). While the East Side Union High School District ("District") may not legally deny EPCTC's charter renewal petition based on any of these topics, for multiple reasons, Escuela Popular submits this response to address the issues that you raised. After reviewing these issues, Escuela Popular can confirm that it is legally compliant with regard to each of these topics.

Response to Concern 1: Charter School Shared Leadership and Staffing Model

EPCTC is compliant with the requirements of its approved charter petition, including Element E: Employee Qualifications, and remains in full compliance with credentialing and assignment monitoring requirements.

The District expressed concern that EPCTC is described in the charter as "standalone" and "autonomous," (in District staff's words) while oversight observations reflect a shared leadership and staffing model with EPAFLC. Escuela Popular disagrees with this characterization of EPCTC's charter, which does not prohibit the use of shared staffing between the two schools. EPCTC acknowledges that both schools operate under one governing board and one Executive Director. Additionally, certain leadership and instructional staff provide services across both schools. This structure reflects the operational reality of two small charter schools operating on one campus under the same nonprofit organization.

While governance and executive oversight are shared, EPCTC maintains clear site-level programmatic accountability. Principal Olivia Cortes provides leadership oversight across both schools and supervises Instructional Leaders assigned to EPCTC as well as those assigned to

EPAFLC. Within this structure, EPCTC's instructional program, staff assignments, student services, and daily operations are implemented and monitored with site-specific accountability. Instructional Leaders supporting EPCTC (morning and afternoon sessions) are responsible for supervising instruction, supporting teachers, and ensuring the EPCTC program is implemented in alignment with its charter.

Shared staffing is an intentional resource-efficiency model designed to maximize leadership and teacher capacity across two small schools on a shared campus. However, shared staffing does not keep EPCTC from maintaining accountability for its own compliance. EPCTC independently monitors and documents:

- Staff assignments specific to EPCTC
- Appropriate credentialing for each EPCTC assignment
- Full-Time Equivalent (FTE)/time allocation when staff serve both schools
- Site-specific supervision and evaluation structures

All instructional staff assigned to EPCTC hold the appropriate credentials for their roles, as defined by Education Code section 47605(*l*). For staff serving both schools, credential compliance and assignment monitoring are reviewed and documented by program to ensure clarity and compliance.

To further address the District's concern and strengthen transparency, EPCTC is formalizing a site-specific staffing and supervision matrix that clearly delineates:

(1) staff assigned to EPCTC
(2) any cross-school assignments
(3) FTE allocation by school
(4) reporting/supervisory lines for EPCTC.

EPCTC remains committed to maintaining clear documentation, strong site-level instructional oversight, and full compliance while responsibly stewarding resources within a shared-campus model.

Response to Concern 2: Finance and Operations

EPCTC is fiscally compliant with its approved charter and maintains sound financial practices under the oversight of its governing board and Executive Director. The school operates with financial transparency and in alignment with the fiscal policies outlined in its charter petition.

The District has expressed concern that the previously submitted five-year budget did not reflect EPCTC as an autonomous, standalone charter school, and did not clearly delineate leadership, staffing, and teaching positions with associated Full-Time Equivalent ("FTE") allocations. The District further requested documentation to determine whether EPCTC could

independently implement its educational program without reliance on shared staffing with EPAFLC.

While EPCTC and EPAFLC currently utilize a shared staffing model as a strategic approach given that both schools operate on one campus under the same nonprofit organization, EPCTC is not financially dependent on EPAFLC for implementation of its educational program. The shared model is a resource optimization strategy, not a structural necessity for program viability.

In response to the District's request, EPCTC is providing updated financial documentation [link to Exhibit A] that includes:

1. A complete roster of all leadership, staffing, and teaching positions required to operate EPCTC independently;
2. The Full-Time Equivalent (FTE) allocation for each position;
3. Identification of teaching session assignments (AM, PM, or both); and
4. Funding source(s) supporting each position (General Fund, grants, restricted funds, etc.).

The revised documents demonstrate that EPCTC has the fiscal capacity and enrollment-based revenue projections necessary to sustain its educational program as a standalone operation, should shared staffing no longer be utilized. The financial model reflects conservative revenue assumptions and includes all core leadership, instructional, and operational positions required to meet charter commitments.

EPCTC remains committed to full fiscal transparency and to ensuring that its budget clearly reflects staffing allocations, programmatic needs, and long-term financial sustainability.

Response to Concern 3: Student Enrollment and Attendance

EPCTC is compliant with the terms of its charter on the issue of student enrollment. EPCTC remains committed to accurate enrollment reporting, fiscal transparency, and responsible planning aligned with current student demand.

We respectfully clarify two enrollment figures referenced in the District's concern:

• The 2024–2025 enrollment was 658 students based on official CALPADS reporting, not 787.
• As of October 1, 2025, EPCTC's enrollment was 420 students, not 525.

This reflects a year-over-year decline from 658 to 420 students (an approximately 36% decline from October 2024 to October 2025). EPCTC acknowledges this decline and has proactively adjusted its renewal projections to reflect current enrollment trends. The revised petition includes updated enrollment projections of:

- 525 students in the initial years of the renewal term (aligned with current actual enrollment and conservative growth assumptions)
- 550 students in Years 4 and 5

The charter-authorized maximum enrollment of 750 students represents a cap, not a required operating level. EPCTC's updated projections reflect a responsible recalibration of enrollment expectations based on post-pandemic shifts in student mobility, alternative education demand, and regional enrollment trends.

Material Change Consideration

EPCTC recognizes the District's reference to a 30% decline from the authorized maximum. By revising projected enrollment in the renewal petition itself, EPCTC has effectively addressed the enrollment shift within the renewal framework. The updated projections represent the Charter School's realistic operating model for the upcoming term.

Fiscal Impact and Sustainability

The revised five-year budget has been rebuilt using conservative Average Daily Attendance (ADA) assumptions aligned to current enrollment levels. Expenditures have been right-sized accordingly, including staffing allocations and operational costs.

Response to Concern 4: Educational Program

Grade Promotion and Retention Practices and Alignment with Graduation Requirements

EPCTC is compliant with its charter in terms of policy and procedure for grade promotion and alignment with graduation requirements. The larger number of students in Grade 9 reflects an intentional strategy of promoting students based on readiness for English 1 specifically. This may take longer for EPCTC's adult, English learner students than it would take a native English speaker promoting from Grade 9 to grade 10, for example. For EPCTC's specific student population, English competency is essential in order for students to succeed in higher grades and in different subjects.

EPCTC acknowledges the District's concern regarding the grade-level enrollment distribution reflected in DataQuest, specifically the concentration of students in Grade 9 and smaller populations in Grades 10 and 11. The District further expressed concern that students may be retained beyond typical promotion timelines despite earning credits and that some students have been enrolled for more than five years.

EPCTC affirms that grade-level placement is not age-based and is not determined solely by time enrolled. Placement is governed by a structured, credit-based, and proficiency-based transition policy designed to ensure students are academically prepared for rigorous graduation coursework. Students are not artificially kept in Grade 9. Occasionally, there have been errors in

calculating credits for grade promotion, but those have been limited to inadvertent mistakes which have since been corrected.

Grade-Level Structure and Academic Rationale

As outlined in the EPCTC Grade-Level Structure and Enrollment Impact table (below), grade progression is tied to clearly defined credit bands and English/ELD course benchmarks:

- **Grade 9 (0–60 credits):** Completion of ELD 1A → 3B
- **Grade 10 (61–120 credits):** Entry into English 1 after ELD course sequence completion
- **Grade 11 (121–180 credits):** Completion of four quarters of English 1, then progression to English 2
- **Grade 12 (181+ credits):** Enrollment in English 3

The higher concentration of Grade 9 students reflects the structured completion of the ELD course sequence before advancement into English 1.

Emphasis on ELD Proficiency and Academic Foundation

EPCTC serves a high population of newcomer and English learner students. The ELD course sequence (1A/B → 2A/B → 3A/B) is intentionally designed to build mastery across four essential domains:

1. Listening
2. Reading
3. Speaking
4. Writing

Students must demonstrate strong proficiency before exiting ELD and entering English 1. Departmental standards require students to pass ELD coursework with strong mastery (typically 80% or higher) to ensure readiness for higher-level academic rigor.

A typical student completes the ELD sequence in approximately 1.5 years (six quarters). Advancement occurs after completing the ELD course sequence and achieving the 61-credit threshold.

This instructional model prioritizes long-term academic success over premature advancement. EPCTC's instructional strategy involves an expectation that it may take longer than one year for adult English learner students to achieve enough English competence that they can attempt courses in other subjects (taught in English). EPCTC's program is designed for the needs of this specific student population, and therefore it intentionally does not always involve grade advancement on a conventional 4-year timeline. This is a feature, rather than a flaw, of EPCTC's program structure.

Factors Influencing Grade-Level Distribution

While EPCTC maintains a structured, credit-based, and proficiency-based transition policy, student progression timelines may be influenced by the realities of the population served.

1. Students Retaking ELD Courses

Students who retake ELD courses may remain within the Grade 9 credit band longer than in traditional comprehensive high school models. This reflects mastery-based progression, rather than arbitrary retention.

Approximately:

- 40% of students progress through the ELD sequence without retaking courses.
- Approximately 30% of students may retake one or more ELD courses, extending their time within the Grade 9 credit band.
- 30% leave school due to personal reasons and re-enroll at a future date

2. Employment and Family Responsibilities

EPCTC serves students who frequently balance:

- Employment obligations
- Family caregiving responsibilities
- Economic instability

These circumstances may result in:

- Interruptions to continuous enrollment
- Delayed credit accumulation

Such factors can extend the time required to complete the ELD course sequence and reach promotion credit thresholds.

3. Interrupted Enrollment and Re-Enrollment

Some students leave school for extended periods due to employment, housing, or family circumstances and later return after long periods of time.

Upon re-enrollment, students may:

- Return credit-deficient
- Re-enter within the Grade 9 or Grade 10 credit bands
- Retake coursework to rebuild academic momentum

This mobility contributes to higher concentrations in lower credit bands and smaller cohorts in upper grade levels.

Grade-Level Structure and Enrollment Impact (EPCTC)

Grade Level	Credit Band	ELD / English Progression	Academic Purpose	Impact on Enrollment Distribution
Grade 9	0–60 credits	Completion of ELD 1A → 1B → 2A → 2B → 3A → 3B	Develop strong foundational proficiency in Listening, Reading, Speaking, and Writing to ensure readiness for rigorous academic coursework	Higher enrollment concentration due to structured language acquisition timeline and credit accumulation requirements
Grade 10	61–120 credits	Entry into English 1 after ELD course sequence completion	Transition from language development to graduation-track English coursework with increased academic expectations	Smaller cohort, as students must meet both 61+ credits and ELD course sequence completion
Grade 11	121–180 credits	Completion of 4 quarters of English 1, then progression to English 2	Continued transition from language development to strengthening analytical writing, academic discourse, and content comprehension across math, science, and history	Enrollment reflects students who have accumulated sufficient credits and completed foundational English coursework
Grade 12	181+ credits	Enrollment in English 3	Demonstrate advanced literacy, analytical writing, and readiness for graduation and postsecondary transition	Cohort includes students meeting final credit thresholds

Alignment with Graduation Requirements

EPCTC affirms that its graduation requirements are compliant with California's minimum requirements, which are legally applicable only to traditional public schools (Education Code Section 47610.). Grade-level promotion is based on clearly defined credit thresholds (61 / 121 / 181 credits) and completion of required English coursework as outlined in the course matrix.

To strengthen clarity and alignment:

- EPCTC is conducting structured transcript audits to ensure accurate credit documentation.
- Quarterly graduation progress reviews are being implemented for all students.
- After meeting with the District's transcript expert, EPCTC is proactively transitioning to a more standardized transcript format consistent with District guidance to ensure clarity, consistency, and accurate reporting.
- Students enrolled beyond four years have individualized graduation plans with defined credit completion timelines.

The grade-level distribution pattern identified by the District reflects:

- Structured completion of the ELD course sequence (1A–3B)
- Credit-based promotion thresholds
- Mastery-based language progression standards
- Students retaking courses to strengthen proficiency
- Employment, family responsibilities, and interrupted enrollment patterns

It does not reflect arbitrary retention or non-compliance with graduation requirements.

EPCTC remains committed to academic rigor, accurate reporting, timely promotion based on earned credits, and ensuring that students are fully prepared for success in higher-level graduation coursework and post-secondary transition.

Integrated Science Program

EPCTC's Integrated Science program is fully aligned to the California Next Generation Science Standards (NGSS) and is intentionally structured as a coherent two-year integrated pathway that addresses Life Science (LS), Physical Science (PS), and Earth & Space Science (ESS) performance expectations.

The State of California does not mandate a three- or four-year sequence for NGSS implementation. Rather, schools are required to ensure that high school NGSS performance expectations are met with rigor and fidelity. EPCTC's Integrated Science 1 and Integrated Science 2 courses collectively meet this requirement.

Integrated Science 1 emphasizes:

- HS-LS1, HS-LS2, HS-LS3, HS-LS4 (Life Sciences)
- HS-ESS3 (Human impacts & climate connections)

Integrated Science 2 emphasizes:

- HS-PS1, HS-PS2, HS-PS3, HS-PS4 (Physical Sciences)
- HS-ESS1, HS-ESS2, HS-ESS3 (Earth & Space Sciences)

Across both courses, instruction is three-dimensional and includes:

- Explicit NGSS performance expectations
- Embedded Science & Engineering Practices (SEPs)
- Crosscutting Concepts (CCC) integrated throughout units
- Engineering design challenges aligned to NGSS intent
- Phenomena-based investigations and modeling

The two-year structure is not an accelerated model. It is a deliberately integrated model designed for EPCTC's student population, including newcomer and multilingual learners. The program emphasizes depth of understanding, modeling, academic discourse, and repeated engagement with crosscutting concepts such as:

- Cause and Effect
- Systems and System Models
- Energy and Matter
- Stability and Change

To further strengthen documentation clarity, EPCTC is submitting:

- A comprehensive NGSS Performance Expectation Crosswalk (see below)
- A unit-level alignment matrix identifying anchoring phenomena, SEPs, CCCs, labs, and assessments
- Links to all labs and performance-based assessments demonstrating three-dimensional rigor

EPCTC remains committed to ensuring its science program fully meets the rigor, coherence, and intent of the NGSS framework.

NGSS Domain	Performance Expectation Cluster	Integrated Science 1	Integrated Science 2
HS-LS1	Structure & Function	✓	
HS-LS2	Ecosystems	✓	
HS-LS3	Inheritance & Variation	✓	
HS-LS4	Biological Evolution	✓	
HS-PS1	Matter & Its Interactions		✓

Integrated Science 1 Scope & Sequence
Integrated Science 2 Scope & Sequence

(1) Links to all labs that correspond to the units taught, including clear objectives of the unit referencing the NGSS standard being addressed by the lab.
(2) Links to all assessments (quizzes, exams, projects, etc.) that correspond to the units taught and the rigor of NGSS, including clear objectives of the unit referencing the NGSS standard being addressed by the assessment; and
(3) Updated core curriculum resource lists that reflect NGSS alignment and submitted scope and sequence.

Conclusion

Although none of the above-mentioned issues should determine the outcome of EPCTC's charter renewal, Escuela Popular takes these issues seriously and appreciates the District's concern with ensuring compliance related to these topics. Overall, EPCTC has taken on the unique challenge of adapting a K-12 educational model to fit the needs of an adult, highly mobile, English learner population with numerous life challenges that impact educational success. Because of this, EPCTC's program may look different from a traditional high school program as it has implemented strategies to serve these specific students. This is by design, and this is exactly what charter schools, and DASS schools in particular, are intended to achieve.

Escuela Popular welcomes the opportunity to work collaboratively with the District on these important issues.

INSTRUCTIONAL MINUTES AND STUDENT ATTENDANCE

ESCUELA POPULAR CENTER FOR TRAINING AND CAREERS, FAMILY LEARNING

July 2025

Prepared by:

Ryland | STRATEGIC BUSINESS CONSULTING

www.rylandsbc.com

(916) 652-7165

Introduction

In response to a request from East Side Union High School District's administrative team, Ryland SBC conducted a targeted review of the Escuela Popular's Center for Training and Careers, Family Learning (CTC) program with a specific focus on instructional time compliance and attendance reporting. The goal of this engagement was to assess whether reported instructional minutes align with the requirements of California Education Code and to determine the accuracy and completeness of reported Average Daily Attendance (ADA) for apportionment purposes. The scope of work included a review of course schedules, student attendance records, enrollment patterns, and teacher credential alignment.

Executive Summary

This report identifies concerns regarding Escuela Popular's Center for Training and Careers, Family Learning (CTC) program instructional time compliance and attendance accounting. Although the program appears to offer 65,205 annual instructional minutes, the actual student participation in outer-period classes (Periods 1 and 6) is significantly limited, leading to a likely overstatement of instructional minutes. When excluding these periods, the school falls approximately 23,000 minutes short of the high school minimum requirement, jeopardizing over $2.5 million in annual state apportionment funding.

This report identifies the following areas of review:

- Instructional Time Analysis Findings and Recommendations
- Attendance Compliance Findings and Recommendations
- Teacher Credential Alignment Findings and Recommendations

Testing of 74 student attendance records revealed an 8.49% discrepancy between teacher-certified attendance and reported ADA, equating to a projected potential ADA overstatement of 52.27, or approximately $650,000 in apportionment exposure. Furthermore, a credential compliance review found that 36 of 42 assignments (85.7%) lacked documented alignment with appropriate teaching credentials.

This report outlines recommended corrective actions to ensure compliance with instructional time mandates, improve attendance reporting accuracy, and align staff assignments with credentialing requirements.

Methodology

Our review was conducted through a combination of data validation, sampling analysis, and regulatory benchmarking based on California Education Code and the Education Audit Appeals Panel's Audit Guide procedures. The school provided student attendance and enrollment data in PDF format, rather than a text-based or Excel-compatible file. This format presented limitations in automating data extraction and required manual parsing of student-level information, which inherently increases the time and complexity of analysis and may limit the breadth of sampling compared to structured digital formats.

Data sources included:

- Period-level ADA reports
- Individual student attendance rosters (PDF)
- Course master schedule and bell schedules
- Staff credential records from the California Commission on Teacher Credentialing (CCTC)
- Education Code §47612, §47612.5, and relevant Title 5 regulations

The methodology followed audit guide protocols for reviewing instructional minutes and ADA, though this was a consulting engagement and not a financial audit conducted under generally accepted auditing standards (GAAS).

Instructional Time Analysis Findings and Recommendations

Overview

This report provides an analysis of instructional time and attendance patterns for Escuela Popular's Center for Training and Careers, Family Learning (CTC) program. The program operates under a dual-schedule model with both morning and evening offerings and reports a total of 65,205 instructional minutes annually.

Instructional Schedule

The CTC program follows a six-period day structure in both the morning and evening sessions:

- Morning Schedule: Periods A1 through A6
- Evening Schedule: Periods P1 through P6
- Total Annual Instructional Minutes Offered: 65,205 minutes

While the program is not bound by a specific daily instructional minutes requirement, it is essential to ensure that all students are enrolled in courses that meet the annual instructional minutes requirement as prescribed by the California Education Code.

Course Offerings by Period

Period A1 (Morning Period 1)

- Integrated Science 1
- CCSS Integrated Math II & III
- Spanish for Spanish Speakers 1
- Nutrition
- Basic Computer Skills 1

Period A6 (Morning Period 6)

- Integrated Science 2
- CCSS Integrated Math II
- Fine Art
- Health Education
- World History and Geography
- Basic Computer Skills 1
- Conversational English
- Kickboxing/Zumba
- CCSS Integrated Math I

Period P1 (Evening Period 1)

- Academic Lab (3 sections)
- Fine Art
- Health Education

Period P6 (Evening Period 6)

- Fine Art
- 1A ELD
- English 1
- English 2
- Math Lab
- CCSS Integrated Math I & II
- Physical Education 1
- 2A ELD
- US Government

Attendance and Instructional Minute Compliance

While course offerings appear diverse across the day, actual Average Daily Attendance (ADA) for specific periods raises concerns regarding their use in calculating total instructional minutes.

ADA for Periods 1 and 6 is as follows:

Period	ADA
AM Period 1	72.80
AM Period 6	48.70
PM Period 1	41.51
PM Period 6	124.77

These attendance figures show limited student engagement in Periods 1 and 6. As such, the actual ADA does not support including these periods in the school's calculation of annual instructional minutes. Their inclusion, without broader student access and participation, could result in an overstatement of instructional time and potentially create compliance issues.

Additional observations from our review of 74 student enrollment and attendance records include the following:

1. Only **six students** were enrolled in all six instructional periods.
2. **63 out of 74 students** were enrolled in only **three or four periods**.
3. A **majority of students** were found to be enrolled solely in a **three-period ELD course**, which constituted the entirety of their participation.
4. The total **Average Daily Attendance (ADA)** reported for Month 1 was **615.55**, offering a general benchmark of overall participation.
5. Further investigation showed patterns such as:
    1. Students enrolled in a class for only a couple of days in a class.
    2. Students enrolled but never attending class.
    3. Students attending only two days out of the month.
    4. Students disenrolled after only a few days.

These findings suggest that the majority of students were not enrolled in enough instructional time to meet the annual instructional minutes requirement. This pattern of limited enrollment and low attendance further supports the conclusion that the reported instructional minutes overstate actual student access to instruction.

Charter schools in California must comply with instructional time requirements outlined in several state laws and regulations:

1. **Education Code §47612.5(a)(1)**: Requires charter schools to offer at least the same number of annual instructional minutes as traditional public schools.
2. **Education Code §47612.5(d)(3)**: Clarifies that while charter schools are not subject to daily minimum instructional minutes, they must meet the total annual requirement.
3. **Education Code §47612(b)**: Specifies that only time for which students are both enrolled and attending (or in qualifying independent study) can be claimed for ADA.
4. **Cal. Code Regs. Tit. 5, § 401**: Forms and Procedures for Recording Attendance:
   (a) Elementary school attendance shall be kept in a state school register, as required by section 44809, except when a central file is maintained as authorized by Education Code section 44809.
   (b) High school attendance (including junior high school) shall be kept on forms approved by the California Department of Education.
   (c) In all high schools, except those listed in (d) of this section, each teacher shall be required to submit to the principal, at least once each school day, a report of attendance for each period of the day in which he conducts classes, listing the names of all pupils absent in any period.
   (d) In all classes for adults, continuation schools, and classes, and regional occupational centers and programs, attendance shall be reported to the supervising administrator at least once each school month.

Audit Guide Reference – Annual Instructional Minutes

Per the Education Audit Appeals Panel issued/approved Audit Guide for K-12 LEAs, the following steps must be performed by the LEA's external auditor. These audit procedures were followed for this review, although a full audit in compliance with GAAS was not conducted.

EE. ANNUAL INSTRUCTIONAL MINUTES - CLASSROOM BASED

1. Review the charter school's attendance calendar and bell (class) schedules or other available comparable documentation. If the charter school has multiple sites, select a sample of school sites that is representative of the charter school's grade spans (elementary, middle, and high schools).

2. For each sampled site, compare the amount of instructional minutes offered for each grade level during the year being audited to the amount of instructional minutes required pursuant to Education Code section 47612.5(a)(1).

3. Determine whether the charter school offered optional classes to satisfy instructional minutes requirements. If enrollment in optional classes was low, review the charter school's documentation of class offerings to ensure that the charter school acted effectively to comply with the law. Practices that are not consistent with effectively offering instructional time may include, but are not limited to, offering only a small number of courses that are appropriate only for limited numbers of pupils, and courses scheduled such that pupils may take them only by giving up their lunch period.

4. Prepare the 'Schedule of Instructional Time' that must be presented in the Supplementary Information section of the audit report, showing by grade span the minimum instructional minutes requirements specified in Education Code section 47612.5(a)(1), the instructional minutes offered during the year being audited, showing the sampled site with the lowest number of minutes offered at each grade span, and whether the charter school complied with the instructional minutes provisions.

5. If the charter school did not offer the required number(s) of instructional minutes, prepare a separate schedule for each site, showing only the grade level(s) that were not in compliance, and calculate a proportional reduction in apportionment consistent with subdivision (c) of Education Code section 47612.5. In a finding, include both the schedule(s) and the calculated reduction in apportionment.

These references establish that only valid, accessible, and utilized instructional time should be included in compliance calculations.

Summary

Escuela Popular's CTC program offers a flexible structure that serves a wide range of students across both day and evening schedules. The reported 65,205 instructional minutes suggest compliance with the annual requirement for high schools. However, current ADA patterns in outer periods (1 and 6), along with evidence of limited student schedules and sporadic attendance, do not substantiate their use in the calculation of instructional time. When period 1 and 6 are removed, the annual instructional minutes are only 41,950 falling well below the state minimum required annual instructional minutes. This represents a potential loss of 35.3% of the average daily attendance for the charter. The Charter's LCFF base grant is $7,124,628 representing $12,460 per student. The shortfall in instructional minutes could potentially represent a loss in funding of $2,515,000.

Recommendations and Next Steps

1. Review Enrollment Data: Ensure that student schedules meet the annual instructional minutes requirement individually.
2. Exclude Low-ADA Periods from Minute Calculations: Unless attendance improves significantly, Periods 1 and 6 should not be included in official instructional time totals.
3. Evaluate Course Access and Scheduling: Consider expanding access to core subjects in mid-day periods with stronger attendance.
4. Enhance Monitoring: Implement regular reviews of attendance and course participation to support accurate reporting.
5. Explore Engagement Strategies: Address low participation in outer periods through student surveys, schedule changes, or program adjustments.
6. Ensure Compliance with State Law: Align enrollment practices and attendance monitoring with Education Code §§ 47612.5 and 47612, and Title 5 §11960, to ensure accurate reporting and adherence to instructional time mandates

Attendance Compliance Findings and Recommendation

This second area of the report provides a comprehensive review of instructional time offerings and attendance reporting accuracy for Escuela Popular's Center for Training and Careers, Family Learning (CTC) program. The goal is to assess compliance with California Education Code requirements related to instructional minutes and ADA (Average Daily Attendance), and to determine the reliability of attendance reporting practices with potential implications for apportionment funding.

Detailed Attendance Testing Findings

This report summarizes the results of a compliance review focused on attendance verification practices. The review centered on a detailed sample of 74 student attendance records, with the goal of evaluating accuracy in daily attendance accounting and compliance with state apportionment requirements.

Attendance Testing

As part of our compliance review, we conducted a detailed review of the period attendance records for a sample of 74 students. The following findings were noted:

- Instances were observed where substitute teachers were present, but student attendance was not taken.
- Classes were cancelled, yet students were still counted toward apportionment attendance.
- In some cases, students were marked absent in the teacher-certified attendance records but were counted as present in reported apportionment data.
- For multi-period course offerings, physical attendance was only taken once and not for each period attended. We further noted that passing periods and a lunch period occurred within the three periods of the class.

Across the sample, the total number of instructional days reported for the 74 students was 1,048 days. However, a cross-check against teacher records supported only 959 days of valid apportionment attendance. This discrepancy represents an 8.49% error rate. If extrapolated across the full student body and school year, this error rate would result in an overstatement of 52.27 Average Daily Attendance (ADA), which could significantly affect both compliance reporting and state funding eligibility. The overstatement of 52.27 ADA represents a potential loss in funding of over $650,000.

These findings highlight the importance of consistent attendance verification and accurate recordkeeping, particularly when multiple staff (including substitutes) are involved in attendance reporting.

The findings from this review indicate the need for stronger internal controls over attendance tracking and apportionment reporting. Improvements in attendance data collection and verification will support both funding accuracy and compliance with California Education Code.

Recommendations and Next Steps

1. Implement standardized procedures for substitute teachers to ensure attendance is taken consistently.
2. Monitor class cancellations and verify that apportionment claims align with instructional delivery.
3. Regularly perform an internal audit of attendance data to reconcile reported ADA with teacher-certified records.
4. Train staff on documentation requirements to meet California Code of Regulations, Title 5, §11960.
5. Review schoolwide ADA reporting practices to ensure accurate representation of student participation.

Teacher Credential Alignment Review

As part of our broader compliance assessment, we conducted a credential alignment review to determine whether teachers assigned to specific instructional courses held credentials that appropriately authorized them to teach those subjects.

Our review included a total of 42 teaching assignments. Based on credential documentation and available course schedules, we were unable to identify a clear match between the teacher's credential and the course content for 36 of those assignments. This represents a credential mismatch rate of 85.7%, raising significant concerns regarding the school's compliance with California Education Code and Commission on Teacher Credentialing (CCTC) requirements for assignment monitoring and teacher authorization.

These findings indicate the need for immediate review of current assignments and the implementation of internal controls to ensure that all instructors are appropriately credentialed for the courses they teach. Failure to align assignments with valid credentials may impact instructional quality, student outcomes, and legal compliance.

Recommendations and Next Steps

1. Conduct a credential audit for all current teaching staff to identify unauthorized assignments.
2. Assign a credentialed administrator or consultant to oversee proper course-to-credential alignment.
3. Develop a system of internal review prior to each academic term to ensure staff assignments are credential compliant.
4. Provide training for school leadership on credentialing requirements and assignment monitoring under CCTC guidelines.
5. Submit assignment authorizations or emergency permits for any positions that are not currently covered by appropriate credentials.

Establish a formal policy and documentation trail to ensure compliance with California Education Code and CCTC guidance.

Conclusion

Based on the review conducted of the Escuela Popular Center for Training and Careers, Family Learning's instructional minutes compliance, attendance calculations and teacher credential compliance, it appears the charter school is at risk of loss of apportionment due to not meeting the instructional minutes and teacher credentialing requirements. The intent of this report is to provide a resource to the District in its oversight and evaluation of the charter school's program relative to its mission and petition.

It has been a pleasure conducting this review and working with staff. Please let us know if there are questions or further information is requested.

Re: Escuela Popular Charter School Response to Ryland Report

Dear Mr. Schuetz:

This letter serves to respond to an audit report produced by Ryland Strategic Business Consulting ("the audit report") in response to a request from Eastside Union High School District ("District"). The audit report makes multiple findings related to attendance and annual instructional minute requirements that reflect a misunderstanding of what Escuela Popular's Center for Training and Careers, Family Learning Program's ("the CTC program" or "the CTC") obligations are under the California Education Code. Further, the audit report makes misrepresentations regarding the facts of Escuala Popular's student enrollment and attendance by mischaracterizing the structure of course offerings at CTC. Additionally, the audit report's calculations regarding student attendance are unclear in their methodology and may include errors when converting attendance data to Average Daily Attendance ("ADA").

While the report's broader conclusions regarding instructional minute offerings and compliance are legally and factually flawed, it does raise some issues that have been addressed for the 2025-26 academic year by Escuela Popular in order to ensure that it avoids even the appearance of non-compliance. Escuela Popular is committed to ensuring that its practices are legally sound and serve the best interests of its students. We look forward to a collaborative dialogue about these issues after you have had an opportunity to review our reply.

i. Education Code section 47612.5 Requires that a Charter School "Offer" A Minimum Number of Annual Instructional Minutes, Not that All Students Must Take Advantage of the Offer.

The audit report conflates the issues of "offering" instructional minutes and student attendance, suggesting that minutes were not "offered" for purposes of the annual instructional minute requirement if not enough students took advantage of them. This reflects a misunderstanding of the law on the topic. Ed. Code, § 47612.5 (a) states, in relevant part:

> (a) Notwithstanding any other law and as a condition of apportionment, a charter school shall do all of the following:
> (1) For each fiscal year, **offer**, at a minimum, the following number of minutes of instruction:
> (A) To pupils in kindergarten, 36,000 minutes.
> (B) To pupils in grades 1 to 3, inclusive, 50,400 minutes.
> (C) To pupils in grades 4 to 8, inclusive, 54,000 minutes.
> (D) To pupils in grades 9 to 12, inclusive, 64,800 minutes. (*emphasis added*.)

This statute contains no specific attendance requirement related to these minutes, just a requirement that the minutes be "offered." The offer of minutes needs to be valid, but low attendance does not render an offer invalid in and of itself.

The California Association of School Business Officials' World of Attendance Accounting Manual ("CASBO Manual") addresses this topic, stating, "The annual minute requirement means that instructional time must be 'offered,' not necessarily taken by all pupils. An individual pupil may take more or less instructional time but must be offered at least the minimum annual amount." (*See* Section 4, page 7 from the World of Attendance Accounting Manual (2001), hereinafter "CASBO Manual"). The CASBO manual explains that, while barriers to attendance may render an offering of minutes "invalid," the standard for what constitutes a barrier to attendance is not based on individual students' lives or preferences. An example of a "barrier" to attendance given by the CASBO Manual is a course offering that would require students to give up their entire lunch period to attend. (*See* CASBO Manual.) Although the CASBO Manual is not state law or regulation, it reflects an industry norm or standard for California school districts and charter schools that would be considered by a court.

For Escuela Popular, the audit report suggests that periods 1 and 6 should not be counted at all as offered instructional minutes due to the typically lower attendance during those periods, compared to other periods at the CTC. This analysis is flawed because it disregards the importance of the reason that attendance may be low and of assessing whether an actual barrier exists to render these periods an invalid course offering. The audit report did not establish the reason why attendance tended to be lower during periods 1 and 6, much less determine that this reason constituted an unacceptable barrier to attendance. If students are functionally able to attend course periods 1 and 6, then they should be considered "offered" for purposes of annual instructional minutes. In the case of the CTC program, because the students are adults, they tended to show a preference for periods 2 through 5 due to having personal commitments that sometimes conflicted with periods 1 and 6.

ii. Instructional Minutes are Annual in Nature for Charter Schools, Not Daily as Required for Other Types of Schools, and Attendance Is Not Required to Be Taken More than Once Daily.

Further, the audit report improperly focuses on proportionate daily attendance as a metric for calculating instructional minutes offered. Instructional minutes are annual in nature for charter schools, not per day like they are for other schools in public school districts. Charter schools do

not have minimum day requirements by law, but they do have annual minute requirements. (*See* Ed. Code, § 47612.5.) Education Code section 42238.05, subdivision (f), states, "For purposes of Sections 42238.02, 42238.025, and 42238.03, average daily attendance for a charter school shall be the total current year average daily attendance in the corresponding grade level ranges for the charter school." (Ed. Code, § 42238.05.)

5 CCR 11963 uses the language: "The charter school requires its pupils to be in attendance at the schoolsite at least 80 percent of the minimum instructional time required pursuant to Education Code section 47612.5(a)(1)." It is our belief that most charter schools have interpreted the "require" language in 47612.5 to mean that the charter school cannot approve a classroom-based student schedule with optional courses or that would result in the student being off-site for more than 20% of the time, unless a particular exception applies. For example, if a student wanted to create a schedule that involved 70% of their instructional minutes being earned through work study or community college courses, that would not be allowable unless another express statutory provision applies. The school must maintain a policy or practice that programs for required courses occur on campus for at least 80% of the minutes. Again, this requirement is generally understood to be for the course *offering*, not for actual attendance of students on a given day.

The issue of whether minutes were offered is different from whether a student may be marked as present for purposes of claiming ADA. 5 CCR 11960 gives us the rule that a student may be marked as in attendance for ADA purposes when they are "engaged in educational activities required of them by their charter schools, on days when school is actually taught in their charter schools." If they are engaged for a millisecond, that is apparently enough. There is no rule that a student's "present" must be turned into an "absence" if the student shows up and then leaves, for example. There is also no rule that attendance must be taken more than once per day. Classroom-based ADA has never been based on actual minutes attended, so long as the student showed up and engaged in educational activities required by the school at least at some point during the school day. This is consistent with the California Department of Education's guidance on the topic of attendance-taking, which states:

> In order to generate and claim attendance for apportionment, school districts must meet all the applicable instructional time and scheduling requirements, and the students must be in attendance under the immediate supervision and control of a certificated employee of the school district while engaged in educational activities required of them **for at least some part of each school day** for which attendance is generated.

(*See* Instructional Time and Attendance Accounting - Finance & Grants (CA Dept of Education), *Emphasis added*.) Moreover, "it is the intent of the Legislature that school districts … shall not be required to employ period-by-period attendance accounting." (Ed. Code § 48260 (b).) Taking attendance at the beginning of the school day is standard practice at public schools across the state. Requiring schools to prove that all students marked "present" on a particular day had stayed for at least 80 percent of the day, in order to avoid significant financial penalties for prior apportionment claims, means that virtually all California schools would be at risk.

In the case of Escuela Popular, the audit report states that "While the program is not bound by a specific daily instructional minutes requirement, it is essential to ensure that all students are enrolled in courses that meet the annual instructional minutes requirement as prescribed by the California Education Code." This appears to be out of line with how instructional minutes function for charter schools, according to the relevant laws. The actual language of Ed. Code, § 47612.5 (a) requires an "offering" of minutes, not that "all students are enrolled" in courses that meet the minutes requirement. Still, Escuela Popular recognizes the importance of avoiding controversy regarding instructional minute offerings and has implemented a requirement for the 2025-2026 school year to ensure that students are enrolled in all six periods of study. Escuela Popular has also implemented hourly attendance tracking so that more comprehensive attendance data can be gathered.

Because charter schools are not bound by a daily instructional minutes requirement, the school is not bound to calculating instructional minutes individually by student as the consultant has suggested on Page 8 of the audit report, Recommendation 1. The CTC program is only required to meet the annual instructional requirement based on what is offered and not necessarily what is taken. Within this context, the CTC program exceeded the annual requirement for grades 9-12 by 405 minutes. We are informed that the CTC program offered 65,205 instructional minutes including periods 1 and 6, when only 64,800 minutes must be offered.

iii. The Rule that Charter Schools Must Require Students to Attend Class for At Least 80% of the Minimum Instructional Time Required to Be Offered is Not Designated as a Condition of Apportionment under Education Code section 47612.5

Not all of the rules for charter schools set forth in the Education Code are conditions of apportionment. Education Code section 47612.5 specifies which of the various rules within the statute are a condition of apportionment by saying so explicitly. Ed. Code, § 47612.5(a) states:

> (a) Notwithstanding any other law and **as a condition of apportionment**, a charter school shall do all of the following:
> (1) For each fiscal year, offer, at a minimum, the following number of minutes of instruction:
> (A) To pupils in kindergarten, 36,000 minutes.
> (B) To pupils in grades 1 to 3, inclusive, 50,400 minutes.
> (C) To pupils in grades 4 to 8, inclusive, 54,000 minutes.
> (D) To pupils in grades 9 to 12, inclusive, 64,800 minutes.
> (2) Maintain written contemporaneous records that document all pupil attendance and make these records available for audit and inspection.
> (3) Certify that its pupils have participated in the state testing programs specified in Chapter 5 (commencing with Section 60600) of Part 33 in the same manner as other pupils attending public schools as a condition of apportionment of state funding. (*emphasis added*).

Ed. Code, § 47612.5(e)(1) states, in relevant part:

> Notwithstanding any other law, and **as a condition of apportionment**, "classroom-based instruction" in a charter school, for purposes of this part, occurs only when charter school pupils are engaged in educational activities required of those pupils and are under the immediate supervision and control of an employee of the charter school who possesses a valid certification document registered as required by law. (*emphasis added*).

In the statute, where the legislature intended to make certain requirements a condition of apportionment for charter schools, it specifically said so. Ed. Code, § 47612.5 contains other requirements which are not specifically prefaced by the "as a condition of apportionment" language. If the legislature had wanted all of the requirements set forth in Ed. Code, § 47612.5 to be conditions of apportionment, it could have said so in the statute.

Ed. Code, § 47612.5 distinguishes between the rule that a charter school must "offer" a minimum number of instructional minutes per year and the rule that "the charter school shall require the attendance of all pupils for whom a classroom-based apportionment is claimed at the schoolsite for at least 80 percent of the minimum instructional time required to be offered pursuant to paragraph (1) of subdivision (a)." (*See* Ed. Code, § 47612.5(e)(1).) The entire text of Ed. Code, § 47612.5(e)(1) reads as follows:

> Notwithstanding any other law, and **as a condition of apportionment**, "classroom-based instruction" in a charter school, for purposes of this part, occurs only when charter school pupils are engaged in educational activities required of those pupils and are under the immediate supervision and control of an employee of the charter school who possesses a valid certification document registered as required by law. For purposes of calculating average daily attendance for classroom-based instruction apportionments, at least 80 percent of the instructional time offered by the charter school shall be at the schoolsite, and the charter school shall require the attendance of all pupils for whom a classroom-based apportionment is claimed at the schoolsite for at least 80 percent of the minimum instructional time required to be offered pursuant to paragraph (1) of subdivision (a). (*emphasis added*).

Here, the "as a condition of apportionment" designation describes the rule that classroom-based instruction occurs "only when charter school pupils are engaged in educational activities required of those pupils and are under the immediate supervision and control of an employee of the charter school who possesses a valid certification document registered as required by law." (*See id.*) The phrase "and the charter school shall require the attendance of all pupils for whom a classroom-based apportionment is claimed at the schoolsite for at least 80 percent of the minimum instructional time required to be offered pursuant to paragraph (1) of subdivision (a)" is not prefaced by the "as a condition of apportionment" language. *See id.* Therefore, the provision that the charter school shall "require the attendance" of students, while something charter schools are directed to do, is not technically a condition of apportionment under the law.

That being said, Escuela Popular wishes to avoid controversy regarding compliance with attendance requirements and for 2025-2026 will be requiring students to attend all class periods and enrolling all students in all class periods.

iv. The Education Code Provides for a Proportional Loss for Claims of Failure to Provide the Minimum Instructional Minutes, Rather Than a Total Loss

Education Code section 47612.5(c) explains how a reduction in apportionment shall be calculated when a charter school fails to provide the required annual instructional minutes under Education Code section 47612.5(a). (*See* Ed. Code, § 47612.5(c).) It provides as follows:

> A reduction in apportionment made pursuant to subdivision (a) shall be proportional to the magnitude of the exception that causes the reduction. For purposes of paragraph (1) of subdivision (a), for each charter school that fails to offer pupils the minimum number of minutes of instruction specified in that paragraph, the Superintendent shall withhold from the charter school's apportionment for average daily attendance of the affected pupils, by grade level, **the sum of that apportionment multiplied by the percentage of the minimum number of minutes of instruction at each grade level that the charter school failed to offer**.

(Ed. Code, § 47612.5(c) (*emphasis added*).) The legislature specifically set forth a formula to calculate how a charter school's deficiency in offering instructional minutes shall affect its apportionment. The audit report's suggestion that Escuela Popular should report no attendance for periods 1 and 6, because those tend to be lower-attendance class offerings, does not comport with the actual legal formula for this calculation.

The suggestion also does not comport with the rules surrounding what constitutes a valid "offering" of instructional minutes, as discussed above. (*See* the CASBO Manual.) The audit report did not describe any specific barriers to attendance related to periods 1 and 6, just that the "actual student participation" during these periods is limited. The conclusion, therefore, should have been for the school to assess why participation is limited to look for any impermissible scheduling barriers. The audit report suggests as such but goes further, stating that the entirety of periods 1 and 6 should not be counted as "offered" minutes just based on the low attendance. More information substantiating an actual barrier to attendance would be needed to justify such a recommendation.

v. The Audit Report Mischaracterizes the Structure of Student Schedules and Course Offerings at the CTC Program as Justification for Conclusions About Student Enrollment.

Additionally, the audit report's concerns around student enrollment are, at least in part, grounded in a mischaracterization about the structure of the CTC program's course offerings. For example, the audit report claims that "63 of the 74" students were enrolled in only three or four periods. This claim is misleading because the analysis tended to group the three-period ELD

courses and two-period English courses into a single period. For example, the note for student number 40 in Appendix A, states, "Only attended four periods." However, the student was both enrolled in and attended EVERY "period" (P1, P2, P3-5, and P6) for the specific day that was being sampled. To claim the student "only attended four periods" implies an issue that simply does not exist. It would make more sense to base the analysis on the percentage of the school day the student is enrolled in (in this case 100%) versus the number of periods, which based on the consultant's analysis would lead one to believe that this particular student is only enrolled for two thirds of the school day. The audit report is therefore missing important context needed in order for the calculations to be accurate, never mind the issues (discussed above) with the audit report's conclusions about the legal significance of a particular student's percentage of enrollment or attendance on a given day.

The audit report also suggested that the lunch period occurred during the three-period ELD course. This claim is misleading. In reality, students attend two periods of this course, are released for lunch, and then return for the third period of the same course. Students do not have to miss lunch in order to take the ELD course.

vi. The Audit Report Reflects a Confusing and Apparently Flawed Methodology Used to Analyze Student Attendance.

Appendix C of the audit report purports to display attendance per course with a conversion to the corresponding Average Daily Attendance (ADA). However, it is unclear what original data the referenced tables used as a starting point or what calculations were used to generate the totals. For example, in Appendix C, the "Attendance" column appears to represent attendance days which should be whole numbers. However, for Academic Lab, 1A ELD and English 1, the attendance column includes decimal values, which suggests that the ADA value that is being calculated maybe be based on an average of an average.

Additionally, the audit report's attendance testing is not based on any source documentation, and no evidence has been provided to support the claim that "substitute teachers were present, but attendance was not taken," for example. It is also unclear how the consultant was able to determine that "classes were cancelled" but "students were still counted toward apportionment attendance." The audit report does not specify on which dates this was alleged to have occurred or what information informed this claim. Because no one from the Ryland consulting firm actually visited the school in person, it is unclear how the consultant could have made these observations.

While the audit report claims there were some instances where the teacher-certified attendance record conflicted with the apportionment record, the report both fails to quantify the issue in any meaningful way and fails to identify specific instances of this occurring in the analysis itself. The audit report does not describe what source documentation, if any, the consultant used to determine the teacher-certified attendance record, vs. the attendance record used for apportionment. Historically, teachers at Escuela Popular have taken attendance on paper attendance sheets and then input the attendance into PowerTeacher, which then populated the information into PowerSchool. Even when paper attendance sheets were used, a difference

between paper sheets and PowerSchool attendance records does not automatically mean the PowerSchool record is incorrect. For example, a teacher may use the paper attendance sheet at the beginning of class but later add in a student only on PowerSchool if the student arrives late to class. Our office is informed that the PowerSchool attendance data is and has been the official attendance record, approved by the teacher and generated from PowerSchool for purposes of reporting. Starting in January of 2025, Escuela Popular teachers now input the attendance directly into PowerSchool in order to avoid any confusion about this.

At the CTC program, English and ELD classes are offered across multiple periods, but students do not "pass" between those periods as they would for the single period classes. As such, attendance is not taken by period in these classes. Even so, a student only needs to be present when attendance is taken to receive full apportionment for the day under California law (as discussed above, and as affirmed by the California Department of Education's guidance). The CTC program is an all-adult school and does not need to track attendance for other purposes, such as monitoring truancy for minor pupils.

vii. The Audit Report Leaves Out Important Context Regarding Multiple Claimed Areas of Concern

The audit report misleadingly states that "Classes were cancelled, yet students were still counted toward apportionment attendance." The report does not provide any more detail, such as when this was purportedly observed. In reality, Escuela Popular has informed our office the only instance where CTC program classes were cancelled during the audit period was August 9, 2024. On that day, one of the school's evening students was found dead by his family in his car that was parked on the street. At the moment, his family members made comments that they would be seeking revenge that evening. Escuela Popular consulted with the police and decided to cancel the evening classes for only that date for safety reasons. It was decided that all PM students would be marked absent for the cancelled class. Because the AM class that same day was not cancelled, those students were marked present. It is possible that this caused some confusion for the consultant who drafted the audit report, but because the audit report did not provide specific dates or information, it is impossible to fully respond to this claim.

The audit report also claims that "Instances were observed where substitute teachers were present, but student attendance was not taken." No additional information was provided about when this purportedly occurred or what led the consultant to believe that attendance was not taken. Again, it is our understanding that no Ryland consultant ever visited the school in person during the course of this audit, so it is unclear how the author of the audit report could have possibly observed this.

viii. The Audit Report's Conclusion Regarding Credentialing Compliance is Inaccurate.

The audit report inaccurately concludes that 36 of the 42 teaching assignments reviewed did not have a clear match between the teacher's credential and the course content. Importantly, many of the teaching assignments included in the audit's review were authorized during the audit period by way of AB 1505. In particular, these teachers were employed by Escuela Popular during

the 2019-2020 school year and remained in their same teaching assignment through the 2024-2025 school year. As such, the teachers had until July 1, 2025, to obtain the appropriate credential for their assignment. In addition, it appears that the teaching assignments reviewed by the auditors were for the 2024-2025 school year. However, as detailed further below, we are informed that Escuela Popular has modified several teaching assignments for the 2025-2026 school year to ensure credentialing compliance. As a result, the auditor's conclusion that 36 teachers are misassigned is inaccurate.

Escuela Popular has assured our office that it has worked closely with teachers over the past two school years to ensure all teachers are appropriately credentialed for the 2025-2026 school year. Part of the progress made towards teacher credentialing compliance included requiring CTC teachers to obtain Career Technical Education ("CTE") credentials to provide instruction for CTC's newly modified Career Explorations course. In particular, CTC modified its existing ELD courses to increase the focus on CTE principles. While the ELD courses historically incorporated CTE principles along with English learner instruction, the enhanced CTE focus in the Career Explorations course will better prepare students to enter into the workforce. (See updated course descriptions attached as **Exhibit A** and the Scope and Sequence attached as **Exhibit B**.) The Career Explorations course includes more than 50% of instructional time on CTE standards, and the remaining instructional time is spent on academic standards. As a result, teachers must hold a CTE credential to teach this course. (See guidance from the CTC attached as **Exhibit C**.) Requiring these CTC teachers to hold CTE credentials is the first step towards CTC's long-term goal to include CTE pathways in its instructional model. CTC will seek a material revision to its charter to incorporate CTE pathways into its instructional model.

In some instances, the Ryland consultant appears to have looked at the wrong educator in the Commission on Teacher Credentialing records in order to draw the conclusion that the person did not have the correct credential. For example, the list in Appendix E of the audit report states that teacher Maria G. Hernandez possesses only a Child Development Associate Teacher Permit. In reality, Ms. Hernandez possesses a Single Subject Teaching Credential in Mathematics as well as a Multiple Subject Teaching Credential. There are numerous educators named Maria Hernandez listed on the Commission on Teacher Credentialing website, and multiple with the middle initial G. It is entirely possible that this was the source of the confusion. The list in the audit report also spells teacher Martha Leticia Rosales Alaniz's name incorrectly as "Martha Keticia Rosles" and again as "Matha Leticia Rosales" and claims that there is "No record in CTC" for her. The online "Search for an Educator" function on the CTC website is also not a perfect system for verifying credentials. It is a frequent occurrence that an individual who possesses credentials with the CTC may not be searchable on the website if the person has a middle name and two last names, for example, or if the person's name includes special characters. The search function is set up to allow for one first, one middle, and one last name only.

As noted above, we are informed that Escuela Popular worked diligently to ensure all teachers have the appropriate authorization for their assignment for the 2025-2026 school year, which included requesting the necessary emergency permits. Attached as **Exhibit D**, please find a list of employees currently employed by Escuela Popular along with evidence of each teacher's teaching credential (or emergency permit) and EL authorization. This list includes all employees,

and "N/A" in the "Credential" column indicates a classified employee who is not required to have a credential. The highlighted employees are the employees referenced in the audit report. Some have a credential when the Ryland consultant concluded that they did not. Attached as **Exhibit E**, please find the current master schedule, which includes the name of the teacher assigned to each course. Together, Exhibits D and E can be used to confirm that the teachers identified in the audit report are appropriately credentialed for their current teaching assignment.

ix. Path Toward Resolution of Concerns

Notwithstanding the significant disagreement both factually and legally with the Ryland report's findings, CTC has made some changes for the 2025-26 school year to address the Ryland report's findings going forward. Specifically, we are informed that this year the CTC program will enroll all students in all offered classes. The CTC also plans to take attendance each hour so that it can demonstrate that it is, in fact, requiring students to attend 80 percent or more of the instructional time offered by the CTC. The school is making these changes that are not required by law so that it can cure any concerns of the District and ensure that no further resources or time is spent on these issues.

In addition, Escuela Popular will continue to closely monitor teaching assignments to ensure all teachers are appropriately credentialed. Escuela Popular will implement the auditor's recommended next steps to ensure continued credentialing compliance, many of which are already part of Escuela Popular's current practice. For example, the HR Manager is responsible for monitoring credential compliance and meets with the Executive Director, the Principal, and instructional leadership on a biweekly basis to ensure continued compliance and progress for teachers who are working towards a credential or English learner authorization. We understand this has been an ongoing practice for the past three school years.

School leadership is also working closely with the Santa Clara County Office of Education ("SCCOE") to ensure appropriate credentialing assignments for the 2025-2026 school year. This has included evaluating teachers for emergency permits and working with SCCOE to submit applications to the California Commission on Teacher Credentialing ("CCTC"). School leadership has also contacted the CCTC on numerous occasions to clarify credential requirements and attends credentialing office hours and training sessions hosted by the CCTC to keep up to date on the latest credentialing requirements.

We are hopeful that this response has fully addressed the District's questions and concerns. However, please do not hesitate to contact me if anything further is required.

Sincerely,

Course Descriptions

ELD Level	Old Course Description	Updated Course Description *Updates highlighted
ELD 1A/ELD1A Career	**Course Description**: This course is designed to cover the fundamental areas of ELD (English Language Development). First, students will learn about personal pronouns, possessive adjectives, possessive nouns, prepositions of location, adjectives, and demonstratives like (this, these, that, and those). This course also includes the uses of the present tense of being and the continuous or progressive tenses. **Purpose:** At the end of this course, the students will be able to: 1. Use the verb to be to present personal information. 2. Use the verb to be related to location, to locate classroom objects, rooms at home, and places around communities. 3. Identify parts of speech such as a noun, pronoun, verb, adjective, possessive adjective, and possessive noun. 4. Describe everyday activities using the present continuous tense. 5. Write a letter using proper grammar, punctuation, and sentence structure, and write short paragraphs stressing a *topic sentence*, *some details*, and a *concluding sentence*. 6. Create Be Yes/No Questions and short answers using adjectives, possessive adjectives, and possessive nouns, including everyday activities. 7. Use the verb be to elaborate WH questions like (what, where, who, when, why, and how.) 8. Use Writing Conventions: capitalizations, punctuation rules, noun/pronouns, spelling, sentence structure, prepositions, transitional words, and conjunctions.	Career Exploration 1A is designed for beginning English learners to build foundational communication skills while exploring real-life work and community contexts. Students develop basic grammar—such as subject pronouns, the verb *to be*, possessive forms, and the present continuous tense—to describe people, places, and actions in everyday and professional settings. Through practical tasks like filling out forms, asking and answering simple questions, giving directions, and introducing themselves, learners build confidence in speaking, listening, reading, and writing. Students also practice using numbers, prepositions, and descriptive language for effective communication. They begin writing basic sentences and a simple paragraph to describe familiar topics. The course introduces careers in sectors like healthcare, customer service, and education, helping students build essential vocabulary and life skills for continued learning, employment, and community engagement.
ELD 1B/ELD 1B Career	**Course Description:** Develop English communication and vocabulary skills; provide personal information both in written and oral form; identify people, languages, and nationalities; describe habitual activities; read and analyze stories related to future, past, and simple present tense; write paragraphs related to certain moments of everyday life actions; respond yes/no questions to identify negative or positive actions; tell the time	Career Exploration 1B builds on the foundation of 1A, supporting beginning English learners as they expand their communication skills and deepen their engagement with career-related topics. Students learn grammar structures such as the simple present tense, object pronouns,

	on the clock to describe obligations and abilities; describe ailments to make a doctor's appointment and read medicine labels; have conversations related to every day actions and present a background.	modals (*can, have to*), and future forms (*going to, want to*). They develop fluency in describing routines, expressing preferences and obligations, and asking questions using time expressions and accurate vocabulary. Learners practice writing basic compound sentences and short paragraphs about familiar experiences and job-related tasks. As they explore careers in healthcare, customer service, and education, students participate in role-plays, interviews, and collaborative discussions that reflect real-life workplace communication. Career Exploration 1B strengthens students' independence and prepares them for training, employment, and community life.
ELD 2A/ELD 2A Career	**Course Description** Compare and contrast present, past, and future actions. Describe and make recommendations about food, places, and things. Express opinions about the future and use technology as a resource to investigate, create, and present. **Purpose** By the end of ELD 2A, students should be able to read, understand, and orally explain simple instructions and answer questions about any topics covered in class. Write a simple paragraph with a topic sentence, supporting details, and a concluding sentence. Furthermore, students will obtain a general knowledge of parts of speech (adjectives, nouns, verbs, pronouns, prepositions, and conjunctions). The course will help students acquire the basic foundation to perform well in other subject matters, as well as perform well in vocabulary, life skills, grammar, and communication.	**Course Description** Career Exploration 2A supports students in building essential communication skills and developing workplace readiness through real-world learning. Students compare and contrast present, past, and future actions; make recommendations; express opinions; and describe people, places, and things with increasing accuracy. Grammar instruction includes parts of speech—nouns, verbs, adjectives, pronouns, prepositions, and comparatives—critical for academic and workplace communication. Students continue writing short paragraphs using simple and compound sentences, applying their skills to practical writing tasks like emails, cover letters, and summaries. Using technology, students research job sectors, build career vocabulary, create presentations, and reflect on their future goals. Career Exploration 2A prepares students to navigate academic, social, and

		professional environments with growing confidence.
ELD 2B/ELD 2B Career	**Course Description:** ● Developing the fundamental skills, students can apply in real-life situations by describing people's actions, plans, intentions, and consequences of actions. ● Applying the forms of present, past, and future tenses to express ability. ● Expressing obligation in order to give an excuse. ● Following the steps during a medical examination. ● Making good decisions about healthy habits. ● Offering help by using all the skills learned in this level.	Career Exploration 2B deepens students' communication skills and career awareness through real-life applications. Students explore grammar concepts including the present, past, and future tenses, while learning to describe actions, express intentions, and discuss the outcomes of decisions. They read and respond to workplace texts, engage in dialogue, and write basic paragraphs using compound and complex sentences. Topics include careers in healthcare, customer service, and education, with a focus on following instructions, understanding multi-step tasks, and communicating healthy habits. Students use technology to research professions, collaborate on projects, and reflect on their strengths and interests. By the end of the course, learners demonstrate increased fluency and the ability to communicate in academic, workplace, and community settings.
ELD 3A/ELD 3A Career	**Course Description:** The ELD 3A course is designed to help English learners expand their writing, speaking, and analyzing skills. Students will learn to understand text structures based on text type and purpose. Also, students will develop English skills to integrate them into real-life situations, such as exchanging information at the moment of speaking,	Career Exploration 3A is an advanced course that strengthens communication for academic and career purposes. Students refine grammar through use of present, past, future, and perfect tenses, and practice advanced reading, writing, speaking, and listening strategies.

	listening actively, and reading closely. Students will use verbs and verb phrases to expand ideas from reading and writing by applying grammar rules correctly and following the appropriate writing structure when needed.	They explore real-world language in contexts such as job interviews, applications, resumes, emergency situations, renting housing, and professional phone calls. Students write a variety of sentence types and begin composing a basic essay to express their ideas more fully. Aligned with Career Technical Education (CTE) standards, the course culminates in the creation of a Career Portfolio that includes a resume, cover letter, and references. Career Exploration 3A equips students with tools for employment, education, and real-world communication.
ELD 3B/ELD 3B Career	**Course Description:** Improve listening and reading skills. Write a five-paragraph descriptive essay and a narrative writing. Students will give one informal and one formal presentation. The formal presentation will be about a controversial topic. In this course, they will learn how to fill out a medical form and make/respond to requests at work. By the end of the quarter, students will gain knowledge to apply in real life situations.	Career Exploration 3B continues advanced language development with a focus on real-world communication and career planning. Students practice gerunds and infinitives, phrasal verbs, perfect tenses, and connectors and transition words to express ideas clearly and cohesively. Topics include workplace communication, health and nutrition, consumer awareness, and financial literacy. Learners write a variety of sentence structures and develop a basic essay to present and support their ideas in academic and professional contexts. The course culminates in a Personal Education Plan, developed with guidance from teachers, counselors, and the College and Career Coordinator. Students apply their language and planning skills to articulate their goals and prepare for success in school, work, and life.

Scope and Sequence 1A: Aligning *Side by Side Book 1* with ELD Career Curriculum

This scope and sequence aligns language development concepts with Career Exploration skills, ensuring that students start developing career technical education skills, workplace vocabulary, and job readiness while improving their English proficiency.

Unit	CTE Focus Projects	Grammar Focus	Objectives	Life Skills
Unit 1. a. To Be: Introduction	- Talking about jobs and occupations (e.g., teacher, student, doctor, cashier) - Asking others about their jobs - Describing people using *to be* (e.g., She is a nurse. He is a chef.)	**Subject Pronouns**: I, you, he, she, it, we, they - **To Be Verb** (Present): → I **am** → You **are** → He/She/It **is** → We/You/They **are**	- Introduce yourself and others - Ask and answer simple questions about names and **occupations** - Use subject pronouns correctly in conversation - Use the present tense of the verb *to be*	- Filling out forms (name, age, occupation) - Introducing yourself in social and professional settings - Basic greetings and polite conversation
1.b. Cardinal Numbers	- Talking about quantities and basic data at work (e.g., *I have 5 customers.*) - Using numbers in job-related tasks (e.g., counting money, inventory, phone numbers) - Practicing numbers used in real-life work scenarios (e.g., delivery addresses, time schedules)	- **Cardinal Numbers**: 1–20 - Asking and answering questions with numbers: → *How old are you? — I'm 22 years old.* → *What's your phone number? — It's 555-1234.*	- Learn and practice saying numbers - Ask and answer questions about age, phone numbers, and addresses - Write numbers in word and numeral form	- Filling out forms with numerical information - Giving and asking for a phone number - Talking about age and family size
Unit 2. To Be + Location Subject Pronouns	Talking about workplace locations (e.g., *She is in the office.*) - Describing where coworkers are - Asking about where someone is during a shift	**- Subject Pronouns:** I, you, he, she, it, we, they **- To Be + Location:** → I am at home.	- Use *to be* with subject pronouns and locations - Ask and answer questions about where people are	Giving and understanding directions - Talking about your current location - Asking where someone is (e.g.,

	- Understanding spatial instructions in a work environment	→ You are at school. **- Prepositions of place:** *in*, *on*, *at*	- Practice full sentence responses - Learn basic prepositions of place	"Where is the manager?") - Locating people in buildings (e.g., office, classroom, sto
Unit 3. Present Continuous Tense	- **Team Meetings**: Giving live updates (e.g., *We are reviewing the report.*) - **Customer Service**: Explaining current actions (e.g., *I am checking the system now.*) - **Workplace Communication**: Talking about tasks in progress (e.g., *She is working on the inventory.*) - **Interview Questions**: Describe what you're doing now in your job or training (e.g., *I am assisting the supervisor with reports.*)	- **Present Continuous Form**: → I **am** working. - **Yes/No Questions**: - **Short Answers**: - **WH-Questions**: - **Time Expressions**:	Form and respond to **yes/no** questions in the present continuous - Form and respond to **WH-** questions in the present continuous - Use **short answers** appropriately - Describe what is happening **now** or **around now** - Use **time expressions** with the present continuous	Talk about what you're doing in real time - Describe current actions during a phone or video call - Giving updates at home, in school, or at work - Communicating clearly during emergencies (e.g., "He is helping someone."
4. To Be: Short Answers, Possessive Adjectives	- **Customer Service**: Identifying or returning personal items (e.g., *Is this your bag? → No, it's his.*) - **Teamwork & Workplace Communication**: Describing who something belongs to (e.g., *That's our schedule.*) - **Interviews/Introductions**: Using short, polite responses (e.g., *Are you available today? → Yes, I am.*)	- **To Be – Short Answers**: - **Possessive Adjectives**:	- Give and understand **short answers** using *to be* - Use **possessive adjectives** to show ownership - Recognize and match subject pronouns with possessive adjectives (e.g., *he → his*) - Ask and answer questions about personal belongings	- Talking about things you own (e.g., *This is my ID.*) - Identifying other people's belongings (e.g., *That's her wallet.*) - Using short answers in casual conversation (e.g., *Yes, I am. / No, they're not.*) - Labeling or marking your possessions correctly
5. To Be - Yes/No Questions Short Answers	**Workplace Descriptions**: Describing coworkers, uniforms, or tools (e.g., *The chef's hat is white.*) - **Customer Service**: Clarifying ownership (e.g.,	- **To Be – Yes/No Questions & Short Answers**: - ***Adjectives:***	- Form and answer **yes/no questions** using *to be* - Use **short answers** appropriately	- Describing people and their belongings - Asking and answering questions about how people feel or what they look like

Adjectives Possessive Nouns	*Is this the customer's receipt?*) - **Job Interviews**: Using adjectives to describe yourself (e.g., *I am responsible and friendly.*) - **Reporting**: Writing or speaking clearly about people and things (e.g., *The manager's report is ready.*)	- ***Possessive Nouns**:*	- Use **adjectives** to describe people, places, or things - Identify and use **possessive nouns** to show ownership - Distinguish between **possessive nouns** and **possessive adjectives**	- Identifying ownership in lost-and-found situations (e.g., *Is this John's wallet?*) - Being polite and descriptive in everyday conversations
6. Career Technical Education

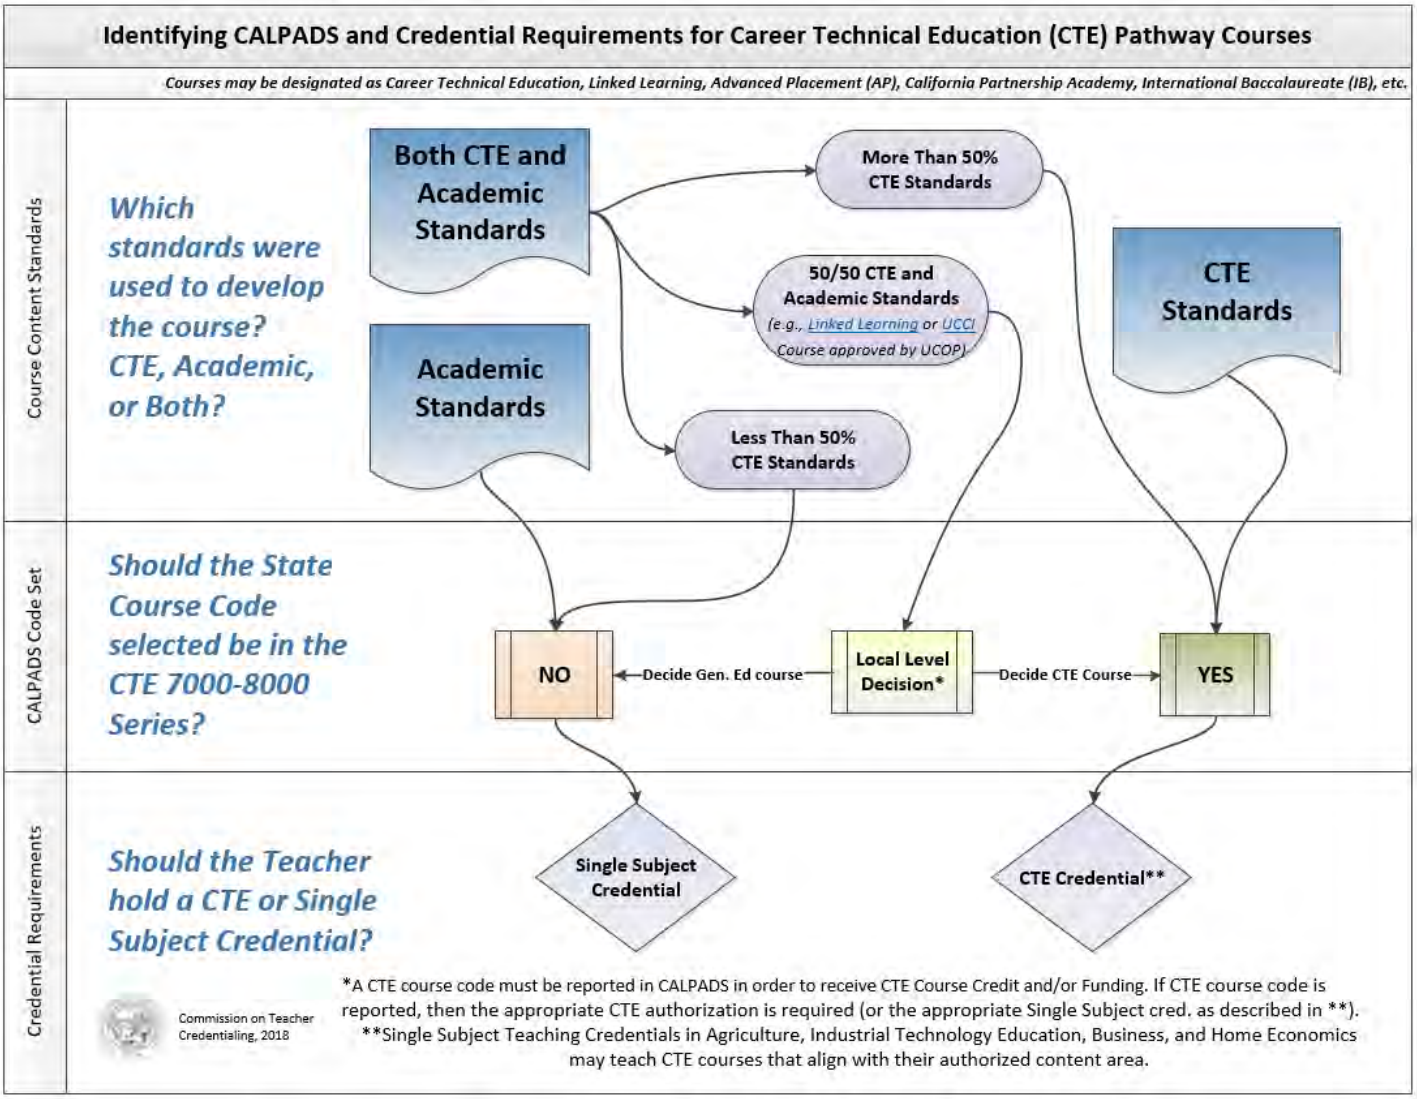
A Career Technical Education (CTE) classroom setting is one in which the curriculum has been designated as technical, trade, or vocational. CTE courses are part of a program of study that involves a multiyear sequence of courses that integrates core academic knowledge with technical and occupational knowledge, and provides students with a pathway to postsecondary education and careers. Such courses, also known as Vocational Education courses, commonly occur in Regional Occupational Programs (ROP) or Career Academies such as the California Partnership Academy (CPA).



CTE is a critical component of a broad and deep school curriculum that helps prepare all students to be career and college ready. The CTE course provides relevance and real world content for academic studies. CTE course content is based on 50% or more of the content based on the CTE Model Curriculum Standards adopted by the State Board of Education.

Re: Notice of Deficiency - Attendance Tracking and 6th Period Enrollment
Escuela Popular Center for Training and Careers, Family Learning

Dear Ms. Reguerin and Escuela Popular Del Pueblo Board of Directors:

As the authorizing entity for Escuela Popular Center for Training and Careers, Family Learning ("EPCTC" or "Charter School"), the East Side Union High School District ("District") is required to provide oversight of EPCTC regarding its compliance with its approved Charter and laws applicable to its operation.

Per Education Code section 47604.3, EPCTC "shall promptly respond to all reasonable inquiries" from the District and "shall consult with" the District "regarding any inquiries." We believe that open and cooperative communication between the District and the Charter School is an integral part of our relationship, and timely responses by EPCTC to our reasonable inquiries are mandated and critical to fulfilling our oversight function/responsibilities as authorizer.

In April 2025, to assist with our oversight obligations as charter authorizer, the District retained consultant Ryland Strategic Business Consulting ("RSBC") to assist the District with evaluating EPCTC's operations, including attendance reporting, instructional minutes requirements, teacher credentialing. RSBC conducted a review of EPCTC's program with a focus on instructional time compliance and attendance reporting, to assess whether EPCTC's reported instructional minutes align with the requirements of the Education Code and the accuracy and completeness of reported Average Daily Attendance for apportionment purposes. The scope of RSBC's analysis included a review of course schedules, student attendance records, enrollment patterns, and teacher credential alignment. By email correspondence dated July 11, 2025, the District provided Ms. Ruguerin with a copy of the RSBC Instructional Time Analysis and Attendance Compliance Report ("RSBC Report").

The RSBC Report identified concerns and included recommended next steps regarding EPCTC's instructional time compliance and attendance accounting/tracking, and teacher credential alignment. The purpose of the RSBC report was to surface potential risks and liabilities for Escuela Popular, not to provide a prescriptive list of corrections. The intended goal was to encourage Escuela Popular leadership including its Board of Directors ("EPDP Board") to review their practices concerning legal compliance with attendance tracking and reporting.

Although the District initially requested a response by July 14, 2025, by correspondence dated July 11, 2025, Ms. Ruguerin requested a two-week extension and assured that if any of the concerns raised in the RSBC Report were found to be accurate, Escuela Popular would be prepared to take immediate steps to remediate them. By correspondence dated July 16, 2025, Ms. Ruguerin informed Bjorn Berg, District Director of Assessment & Accountability Charter School Oversight, that she anticipated providing a full response within one week (by July 23). EPCTC's legal counsel responded on July 30, 2025, indicating that the student-to-student analysis necessary to respond to the attendance issues in the RSBC was in progress and would be ready by August 8, 2025.

A written response to the RSBC Report was sent to the District's legal counsel from Escuela Popular's legal counsel on August 8, 2025 ("EPCTC Response"). However, since neither Ms. Ruguerin nor the Escuela Popular Del Pueblo Board of Directors ("EPDP Board") were copied with the EPCTC Response, the District sent a Notice of Concern dated August 29, 2025, to the EPDP Board for their attention and requested that Escuela Popular take several actions regarding the representations made in the EPCTC Response about the corrective actions that were being taken or will be taken in response to the RSBC Report findings and recommendations. *(8.29.25 Notice of Concern, Attachment "A".)*

With correspondence dated September 15, 2025, EPCTC responded to the District's August 29 Notice of Concern, and included assurances regarding Hourly Attendance Tracking and Students Required to be enrolled in all six periods ("9.15.25 Response"). *(Attachment "B".)*

After receipt of the 9.15.25 Response, the District sent correspondence dated September 17, 2025, to Ms. Reguerin and the EPDP Board regarding Escuela Popular's Failure to Sufficiently Respond to Notice of Concern dated 8/29/25. *(Attachment C.)* Specifically, since the District expressly requested that the EPDP Board confirm that actions regarding attendance tracking and required enrollment in all six periods had been taken/implemented for the 2025-26 school year, the assurances provided solely from Ms. Reguerin in the 9.15.25 Response, and not the EPDP Board or even on behalf of the Board, was not responsive to the District's action requests, particularly given the fact that Ms. Reguerin admitted in the 9.15.25 Response that the policies has not been taken to the EPDP Board for their approval to and confirmation that the policies has been implemented satisfactorily.[1]

Attendance Tracking

In the 9.15.25 Response, Ms. Reguerin (not the EPDP Board) provides a "written assurance" that hourly attendance tracking has been implemented for the 2025-26 school year, and outlines its "attendance tracking policy" as follows:

- Attendance must be taken digitally in PowerSchool every period, even in periods where you have the class for 2 or more periods.
- Use reminders, alarms, or calendar alerts to prompt period-by-period attendance.
- Weekly and daily attendance audits will be performed by the administration.
- Administration will follow up with staff who fail to enter attendance accurately and timely.

The only evidence submitted with the 9.15.25 Response to demonstrate that the above-listed measures have been implemented was an email to Escuela staff dated August 7, 2025, that references "Mandates and Updates August 2025" *(9.15.25 Response, Exhibit A)*. EPCTC also represents that staff was provided training regarding the attendance tracking policy and encloses "training presentation to staff" *(9.15.25 Response, Exhibit B)*. To date, no documentation evidencing that all teaching staff received training regarding this policy and/or evidence teaching staff's confirmation of receipt and understanding of the policy has been provided to the District.

EPCTC then states that "Escuela Popular has provided these documents to its Board of Directors and is awaiting written confirmation from the Board that the Board is satisfied this policy has been implemented." While it is our understanding that the EPDP Board approved Escuela Popular's period-by-period attendance tracking policy at its September 18, 2025, meeting (after the policy allegedly had already been implemented), to date no written confirmation by the EPDP Board confirming it is satisfied that the policy has been implemented has been provided to the District.

The above identified deficiencies need to be addressed by EPCTC. Additionally, if in fact the hourly attendance tracking policy was approved by the EPDP Board, EPCTC needs to provide evidence that this policy has been effectively implemented.

---

[1] While Escuela Popular in the 9.15.25 Response also addressed the District's concerns regarding EPCTC's non-compliance with teacher credentialing requirements, the District addressed the deficiencies with EPCTC's teacher credentialing compliance plan with its correspondence dated October 2, 2025, and Notice of Violation dated October 13, 2025.

Please provide the District with:

- Findings from EPCTC administration's weekly and daily attendance audits performed since the policy has been implemented; and

- Evidence of corrective actions taken when it has been determined that staff failed to enter attendance accurately and timely.

It is also unclear from the policy, or staff training materials provided, which EPCTC staff members will be permitted to take and enter attendance. Please explain and provide evidence of how staff is notified about who is permitted to take and enter attendance.

Student Enrollment in All Six Periods.

In the 9.15.25 Response, Ms. Reguerin (not the EPDP Board) provides a "written assurance" that Escuela Popular has implemented a requirement for the 2025-26 school year that students must enroll in all six periods of study and references its "enrollment policy" providing that, "All students will be enrolled in 6 periods." To evidence its implementation of this "policy" EPCTC submitted one undated post using ParentSquare that included a reminder that all high school students are required to be enrolled in six class periods, and that attendance will be taken every period. *(See 9.15.25 Response, Exhibit C).*

EPCTC then states that "Escuela Popular has provided these documents to its Board of Directors and is awaiting written confirmation from the Board that the Board is satisfied this policy has been implemented." While it is our understanding that the EPDP Board approved the requirement that all EPCTC students enroll in all six periods of study at its September 18, 2025, meeting, to date no written confirmation by the EPDP Board confirming it is satisfied that the policy has been implemented has been provided to the District.

The "Policy" regarding this requirement provided to the District,[2] included: "4) Escuela Popular administration and/or staff shall provide a reminder of this policy to all students at least once every school year or it shall be included in the student handbook provided to all students." Since EPCTC students are enrolled continuously throughout the school year, the District believes that notifying students only once at the beginning of every school year does not adequately address the concern of ensuring that all students are aware of the requirement to be enrolled and attend all six periods. EPCTC Leadership needs to address this deficiency.

Furthermore, our review of EPCTC's PowerSchool Student Information System on October 14, 2025, indicates that students are being placed in multiple sections of study skills/or academic support, and/or study hall to complete their instructional minutes, but have not officially attended the course. The District is concerned that EP continues the practice of allowing/requiring students to only attend ELD classes that are scheduled during the middle of the instructional day. For more detailed information, see Attachment D.

[2] EPDP Board approved minutes from the 9/18/25 meeting evidencing that this "policy" and the policy regarding Attendance Tracking were approved by the Board are not yet publicly available.

Escuela Popular/Center for Training and Careers, Family Learning Student Schedules Discrepancies 11.3.2025

Students	Findings
Student A	Student is not enrolled in 80% of the school day.
Student B	Student has a complete schedule; however, they are only attending three periods. Student has never attended non-ELD classes.
Student C	Student has a complete schedule; however, they are only attending three periods. Student has never attended non-ELD classes.
Student D	Student has a complete schedule; however, they are only attending three periods. Student has never attended non-ELD classes.
Student E	Student has a complete schedule; however, they are only attending three periods. Student has never attended non-ELD classes.
Student F	Student has a complete schedule; however, they are only attending three periods. Student has never attended non-ELD classes.
Student G	Student has a complete schedule; however, they are only attending three periods. Student has never attended non-ELD classes.

Student Attendance Discrepancies.

In addition, the District has also identified ten (10) students with attendance discrepancies that have resulted in an overidentification of students being marked present in the Average Daily Attendance (ADA) monthly student attendance report for August that was submitted to the district by EP Leadership. Below are the identified findings. For more detailed information, see Attachment E.

Escuela Popular/Center for Training and Careers, Family Learning Student Attendance Discrepancies Findings 10.14.2025

Students	Findings
Student A	Student was absent on Friday, August 29, 2025, but is showing as present in the ADA monthly report for August.
Student B	Student was absent on Tuesday, August 19, 2025, but is showing as present in the ADA monthly report for August.
Student C	Student was absent on Thursday, August 28, 2025, but is showing as present in the ADA monthly report for August.
Student D	Student's attendance is not accurate; an extra day was claimed as ADA in the report.
Student E	Student was not scheduled on 8/5/25, but earned a day of ADA.
Student F	Student was scheduled to attend one class, and there were 5 days marked Present, but they were absent at the beginning of their class.
Student G	Student was marked absent for the month of August, but is showing he was present for 1 day in the monthly report.
Student H	Student did not have an attendance marking for period 3 on August 29, 2025, resulting in the student being marked present on the monthly ADA report.
Student I	Student did not have an attendance marking for periods 4 & 5 on Monday, August 18, 2025, and period 5 on Tuesday, August 19, 2025.

Student J	Student did not have an attendance marking for period 4 on Monday, August 18, 2025, and period 5 on Tuesday, August 19, 2025.
Student K & L	There are two students that the District was unable to locate in the PowerSchool Student Information System that whom ADA was claimed.

The District continues to have concerns about EPCTC's ability to ensure that all students are enrolled in at least 80% of the instructional time and to accurately report daily student attendance. Failure to submit accurate attendance reports can result in the continued overidentification of students as being marked present for ADA calculations, and a potential loss of funding and/or instructional minutes.

Pursuant to EC Section 47612.5, classroom-based ADA can only be claimed by a charter school when:

- Students are present and engaged in educational activities required of them, and under the immediate supervision and control of a certificated employee of the charter school for some part of the charter school day,
- At least 80% of instructional time is offered at the school site, and
- For any pupil for whom classroom-based ADA is claimed, the charter school requires the pupil to attend the school site for at least 80% of the minimum instructional time required to be offered in a fiscal year.

Actions Needed

The District requests a response to the above-identified deficiencies by **no later than 5:00 PM on December 2, 2025**. Your responses should be directed to the District for my attention. Failure to respond to these deficiencies may result in the District engaging in the intervention process outlined in EPCTC's Operational MOU, Attachment 6: School Intervention Protocol, and/or taking other appropriate actions consistent with our obligations and functions as a charter authorizer.

1. Submit a narrative explaining the student findings and how EP will work to address the concerns cited in the Escuela Popular/Center for Training and Careers, Family Learning Student Schedules Discrepancies 11.3.2025.
2. Submit evidence to the District that all findings cited in the Escuela Popular/Center for Training and Careers, Family Learning Student Attendance Discrepancies Findings 10.14.2025 have been changed within PowerSchool from a "blank" mark that is resulting in a "Present" marking. In addition, resubmit the monthly student attendance report for August with the identified corrections to the District.
3. Submit a narrative explaining the reasoning for why attendance discrepancies continue to happen after the adoption of the new attendance policies by the EP Board of Directors and EP Leadership, and the steps EP Leadership will take to address/stop them from occurring.

The District requests a response to the above identified deficiencies by **no later than 5:00 PM on December 1, 2025**. Your responses should be directed to the District for my attention. Failure to respond to these deficiencies may result in the District engaging in the intervention process outlined in EPCTC's Operational MOU Exhibit 6: School Intervention Protocol, and/or taking other appropriate actions consistent with our obligations and function as charter authorizer.

Please contact the undersigned if you need any clarification regarding the items listed above in this Notice of Deficiency. Thank you for your attention to this correspondence and your anticipated cooperation.

Sincerely,

Re: Notice of Concern and Request for Information
Escuela Popular Center for Training and Careers, Family Learning
Response to Instructional Time and Attendance Compliance Report

Dear Ms. Reguerin and Escuela Popular Del Pueblo Board of Directors:

As the authorizing entity for Escuela Popular Center for Training and Careers, Family Learning ("EPCTC" or "Charter School"), the East Side Union High School District ("District") is required to provide oversight of EPCTC regarding its compliance with its approved Charter and laws applicable to its operation.

Per Education Code section 47604.3, EPCTC "shall promptly respond to all reasonable inquiries" from the District and "shall consult with" the District "regarding any inquiries." We believe that open and cooperative communication between the District and the Charter School is an integral part of our relationship, and timely responses by EPCTC to our reasonable inquiries are mandated and critical to fulfilling our oversight function/responsibilities as authorizer.

In April 2025, to assist with our oversight obligations as charter authorizer, the District retained consultant Ryland Strategic Business Consulting ("RSBC") to assist the District with evaluating EPCTC's operations, including attendance reporting, instructional minutes requirements, teacher credentialing. RSBC conducted a review of EPCTC's program with a focus on instructional time compliance and attendance reporting. The goal of the review was to assess whether EPCTC's reported instructional minutes align with the requirements of the Education Code and the accuracy and completeness of reported Average Daily Attendance for apportionment purposes. The scope of RSBC's analysis included a review of course schedules, student attendance records, enrollment patterns, and teacher credential alignment. By email correspondence dated July 11, 2025, the District provided Ms. Ruguerin with a copy of the RSBC Instructional Time Analysis and Attendance Compliance Report ("RSBC Report"). (*Enclosed as Attachment A.*)

The RSBC Report identified concerns and included recommended next steps regarding EPCTC's instructional time compliance and attendance accounting/tracking, and teacher credential alignment.

Although the District initially requested a response by July 14, 2025, by correspondence dated July 11, 2025, Ms. Ruguerin requested a two-week extension and assured that if any of the concerns raised in the RSBC Report are found to be accurate, Escuela Popular is prepared to take immediate steps to remediate them. By correspondence dated July 16, 2025, informed Bjorn Berg, District Director of Assessment & Accountability Charter School Oversight, that she anticipates providing a full response within one week (by July 23). EPCTC's legal counsel responded on July 30, 2025, indicating that the student-to-student analysis necessary to respond to the attendance issues in the RSBC Report is in progress and would be ready by August 8, 2025. EPCTC's counsel mischaracterizes the work performed by RSBC as an "audit." The work conducted by RSBC and resulting Report served to assist the District with identifying risks and potential for loss of funding that could result because of EPCTC's operational practices to assist the District with its oversight function, but it was not, and should not be characterized or perceived as, a comprehensive audit of the charter school.

A written response to the RSBC Report was sent to the District's legal counsel from Escuela Popular's legal counsel on August 8, 2025 ("EPCTC Response"). (*Enclosed as Attachment B.*) Since neither Ms. Ruguerin nor the Escuela Popular Del Pueblo Board of Directors were copied with the EPCTC Response, we are directing this Notice to you for your attention and requesting that Escuela Popular take the actions listed below regarding the representations made in the EPCTC Response about the corrective actions that are being taken or will be taken in response to the RSBC Report findings and recommendations.

EPCTC Response Representations:	Actions Needed:
EPCTC implemented hourly attendance tracking so that more comprehensive attendance data can be gathered. (Response, p. 4.) EPCTC plans to take attendance each hour so that it can demonstrate that it is, in fact, requiring students to attend 80 percent or more of the instructional time offered by EPCTC. (Response, p. 10.)	• Provide the District with a written assurance/confirmation from the Escuela Popular Board of Directors confirming that this action has been taken effective for the start of this 2025-26 school year. • Clarify what method of hourly attendance tracking has been implemented. • Provide documentation/correspondence evidencing that EPCTC administration and teaching staff have been informed about this attendance tracking requirement and any training provided.
EPCTC Response Representations:	**Actions Needed:**
EPCTC implemented a requirement for the 2025-26 school year to ensure that students are enrolled in all six periods of study. (Response, p. 4.) EPCTC will enroll all students in all offered classes. (Response, p. 10.)	• Provide the District with a written assurance/confirmation from the Escuela Popular Board of Directors confirming that these actions have been taken/implemented effective for the start of this 2025-26 school year. • Clarify what "requirement" has been implemented to ensure that all EPCTC students are enrolled in all six periods of study. • Provide documentation/correspondence evidencing that EPCTC informed all students of this requirement.

[Continued on next page.]

EPCTC Response Representations:	Actions Needed:
EPCTC will continue to closely monitor teaching assignments to ensure all teachers are appropriately credentialed. (Response, p. 10.) "Escuela Popular has assured our office that it has worked closely with teachers over the past two school years to ensure all teachers are appropriately credentialed for the 2025-2026 school year." (Response, p. 9.) EPCTC will implement the recommended next steps to ensure continued credentialing compliance in the RSBC Report "many of which are already part of Escuela Popular's current practice." (Response, p. 10.) <u>Recommendations from RSBC Report (p. 11) include:</u> 1. Conduct a credential audit for all current teaching staff to identify unauthorized assignments. 2. Assign a credentialed administrator or consultant to oversee proper course-to-credential alignment. 3. Develop a system of internal review prior to each academic term to ensure staff assignments are credential compliant. 4. Provide training for school leadership on credentialing requirements and assignment monitoring under CCTC guidelines. 5. Submit assignment authorizations or emergency permits for any positions that are not currently covered by appropriate credentials. Establish a formal policy and documentation trail to ensure compliance with California Education Code and CCTC guidance.	• Provide the District with a written assurance/confirmation from the Escuela Popular Board of Directors confirming that this action has been taken effective for the start of this 2025-26 school year. • Provide documentation evidencing that EPCTC has implemented the recommendation and next steps identified in the RSBC Report (p. 11). <u>Please note</u>: This is particularly critical and immediate actions need to be taken by EPCTC to address deficiencies in this area given that EPCTC is currently out of compliance with the teacher credentialling requirements of Education Code section 47605(l). The RSBC Report raises the concern that failure to align assignments with valid credentials may impact instructional quality, student outcomes, and legal compliance. This is a concern which the District shares and has repeatedly expressed to Escuela Popular leadership through multiple written and verbal communications. • Clarify/explain how adding Career Technical Education courses to EPCTC's current high school program offerings this 2025-26 school year does not constitute a material revision of the educational program described in EPCTC's current Charter.

Please respond to above-identified Actions Needed by no later than **5:00 PM on September 15, 2025**. Your responses should be directed to the District for my attention.

Sincerely,

Bjorn Berg

Re: Escuela Popular Charter School Response to District's Letter of Concern Following Response to Ryland Audit

Dear Mr. Berg:

This letter serves to respond to the District's letter dated August 29, 2025 regarding outstanding concerns following Escuela Popular's response to the Ryland audit report. Escuela Popular seeks to provide clarification on the specific steps it has taken to ensure compliance with the District's requirements, as well as clarification on the thought process behind the original approach. Regardless of the reasoning behind the approach described in our prior correspondence, Escuela Popular has now made changes in attempt to alleviate the District's concerns and will continue to make changes as directed by the District. Escuela Popular hopes to collaborate with the District and achieve compliance with the District's requirements, which will also ensure compliance with even the most conservative interpretation of education laws.

Hourly Attendance Tracking:

Please consider this written assurance from Escuela Popular that hourly attendance tracking has been implemented for the 2025-26 school year.

The hourly attendance tracking policy is as follows:

- Attendance must be taken digitally in PowerSchool every period, even in periods where you have the class for 2 or more periods.
- Use reminders, alarms, or calendar alerts to prompt period-by-period attendance.
- Weekly and daily attendance audits will be performed by the administration.
- Administration will follow up with staff who fail to enter attendance accurately and timely.

Please see documentation evidencing that EPCTC staff have been informed of this policy, including e-mail to staff (Exhibit A) and a training presentation to staff (Exhibit B). Escuela

Popular has provided these documents to its Board of Directors and is awaiting written confirmation from the Board that the Board is satisfied this policy has been implemented.

Students Required to Be Enrolled in All Six Periods:

Please consider this written assurance from Escuela Popular that a requirement has been implemented for the 2025-26 school year that students must enroll in all six periods of study.

The relevant enrollment policy is as follows:

- All students will be enrolled in 6 periods.

Please see documentation evidencing that all EPCTC students have been informed of this requirement (Exhibit C). Escuela Popular has provided these documents to its Board of Directors and is awaiting written confirmation from the Board that the Board is satisfied this policy has been implemented.

Explanation of Decision to Add Career Technical Education Courses:

Both EPCTC and EPAFLC have charter petitions that repeatedly reference career preparation as a key feature of the course offerings at both schools. EPAFLC's charter petition specifically states that it can, and does, offer Career Technical Education (CTE) courses (see pages 55, 57, 94, and 127 of the current EPAFLC charter petition). EPCTC's charter petition has "College & Career Readiness Standards" listed as part of the English Language Development curriculum (see page 29 of EPCTC's 2018-2023 charter petition). This has made the addition of a combination ELD – CTE course seem like a natural extension of EPCTC's vision, as articulated in the charter petition, rather than a drastic change requiring a material revision.

Additionally, the addition of a CTE course offering is not the type of change that would typically require a material revision of a school's charter. Typically, a chartering authority would enumerate the specific actions that require a material revision in an MOU. If the District wanted the addition of a CTE course, or other specific type of course, to require a material revision, it could have specified this in an MOU. Instead, the types of actions requiring a material revision, as stated in the MOU Addendum Number 2, are vague and subject to multiple interpretations. MOU Addendum Number 2 between ESUHSD and EPCTC states as follows:

Changes to the Charter and/or MOU that constitute material Amendments include, but are not limited to, the following:

■ Changes in legal status; ownership; governance; or management, including the

structure of the Board of Directors and its membership.
- Changes to the Charter School's mission statement.
- Enrollment in excess of 120% or less than 20% of the total number of students authorized in the Charter.
- Changes in grade levels served.
- Changes in location of the Facilities, other than a District and/or Prop 39, including but not limited to the addition of facilities for the instruction of Charter School students, beyond the approved location may constitute a material amendment if the Charter School moves beyond the approved locations. without the prior approval of the District's governing board.
- Changes to the approved school calendar affecting the number of days of instruction such that there is a substantial change to the educational program being offered.
- Changes in admissions or enrollment preferences or procedures.
- Changes in special education and discipline status or procedures.
- Substantial changes to the educational program in terms of either content or methodology.
- Changes to instructional status that would result in 20% or more of the program being designated as non-classroom-based from classroom -based or vice versa.

None of these, on their face, apply to the introduction of a CTE course to the schedule. "Substantial changes to the educational program in terms of either content or methodology" is too vague to put a school on notice about what specific changes qualify as "substantial." Ordinarily, the addition of one new class, specifically a CTE class at a school already themed around career readiness, would not logically be considered a "substantial" change. That being said, it is clear to Escuela Popular that the District considers this to be a "substantial change," and Escuela Popular will seek a material revision before implementing a CTE program.

The law is also not clear regarding the exact nature of what kind of "CTE pathways" must be implemented in order to offer CTE courses at a school. The actual text of Education Code § 80034.2 (c) states:

> Authorization. The authorization of the three-year preliminary and clear career technical education teaching credentials shall be as follows:
>
> (1) A preliminary career technical education teaching credential authorizes the holder to teach in the industry sector(s) named on the credential as specified in Section 80035.5 in grades 12 and below, and in classes organized primarily for adults, in career technical, trade or vocational courses which shall be part of a program of career technical, trade or vocational education.
>
> (2) A clear career technical education teaching credential authorizes the holder to teach in the industry sector(s) named on the credential as specified in Section

> 80035.5 in grades 12 and below, and in classes organized primarily for adults, including services to English learners in specially designed content instruction delivered in English, in career technical, trade or vocational courses which shall be part of a program of career technical, trade or vocational education.

There appears to be no further clarification, in the law or in the legally adopted regulations, about what a "program" of career technical, trade or vocational education would be. EPCTC, a career-focused charter school, serving exclusively adults, for the purpose of career development, could logically be considered such a "program." The California Department of Education's interpretation of this, involving "CTE Pathways" and "a program of study that involves a multiyear sequence of courses that integrates core academic knowledge with technical and occupational knowledge to provide students with a pathway to postsecondary education and careers" does not appear to be codified in the relevant laws and regulations. The CDE may not legally expand on or interpret the requirements set forth in the Education Code without first going through the process of adopting a regulation in compliance with the Administrative Procedure Act.

Because of this, Escuela Popular reasonably thought that its approach was authorized under the plain language of the law. Additionally, because the courses, as organized, were majority career content with English learning as a secondary focus, Escuela Popular reasonably believed they could be taught by teachers with CTE credentials. At EPCTC, these courses are exclusively organized for adults. Education Code § 80034.2 (c) states, in relevant part, "A preliminary career technical education teaching credential authorizes the holder to teach in the industry sector(s) named on the credential as specified in Section 80035.5 in grades 12 and below, and in classes organized primarily for adults, in career technical, trade or vocational courses …"

Regardless, Escuela Popular accepts that the District does not want it to implement CTE courses without a material revision of its charters and wants Escuela Popular to incorporate CTE pathways which include a multi-year, career-focused series of courses in the charter petitions. Escuela Popular is committed to going through the material revision process for this purpose. Escuela Popular has also began restructuring its ELD – Career courses to be exclusively ELD courses, a change which will be effective no later than **October 5, 2025**.

Specific Plan to Ensure Credentialing Compliance:

Escuela Popular has implemented a specific plan to ensure credentialing compliance by re-staffing its courses where the District has identified the instructor as misassigned. The following are the steps of this plan for EPCTC and EPAFLC, respectively:

Credentialing Compliance Plan for EPCTC:

Step 1: Post job positions for immediate hiring for positions where the District has identified current employees as misassigned. Escuela Popular understands these to be the following positions/employees:

Escuela Popular Family Learning Center
Patricia Reguerin, Executive Director
149 N. White Road, San Jose, CA 95127
Phone: (408) 426-6593
www.escuelapopular.org

1. ELD 1A / Edith Gutierrez Aguilar
2. ELD 1B / Rosalba Flores Gomez
3. ELD 1B / Liliana Mancilla Gallardo
4. ELD 2A / Yesenia R. Lopez Mata
5. ELD 2B / Alejandra Almanza Villagomez
6. ELD 3A / Hortencia Torres Hermosillo
7. ELD 3B / Veronica Quezada

15. ELD 2B / Martha Leticia Rosales
16. ELD 3A / Johana Murillo Villeda
17. ELD 3B / Jose Egberto Bedolla Villa

Status: Completed (see Exhibits D & E).

Step 2: Actively recruit to fill these positions with educators who possess the appropriate teaching credentials and EL authorizations, by doing the following:

- Reaching out to known contacts who may be interested in these roles
- Reaching out to existing staff to take on additional assignments
- Recruiting District teachers who are interested in more hours and willing to take on an extra assignment, if any are available and authorized to do so
- Recruiting retired teachers who are qualified for the positions and interested in work hours
- Filling the positions with 30-Day Substitute Teachers, only as needed while recruiting efforts are ongoing

Status: In progress- Escuela Popular has already begun recruiting for these positions (see Exhibit F) and will provide the District with an update on the status of this recruiting effort **no later than October 15, 2025**. Escuela Popular will keep these postings live until all of these positions are filled with appropriately credentialed employees.

Step 3: Re-assign employees to non-credentialed roles who have been identified as misassigned, to the extent such roles are available.

Status: To be completed as soon as possible and **no later than October 5, 2025**.

13. MS Science/ Isaias Rivera Cisneros-See Credential Tracking
14. P.E. Zumba/ Hortencia Torres Hermosillo-See Credential Tracking

Status: Completed (see Exhibits D, E & G).

Step 2: Actively recruit to fill these positions with educators who possess the appropriate teaching credentials and EL authorizations, by doing the following:

- Reaching out to known contacts who may be interested in these roles
- Recruiting District teachers who are interested in more hours and willing to take on an extra assignment, if any are available and authorized to do so
- Recruiting retired teachers who are qualified for the positions and interested in work hours
- Filling the positions with 30-Day Substitute Teachers, only as needed while recruiting efforts are ongoing

Status: In progress- Escuela Popular has already begun recruiting for these positions and will provide the District with an update on the status of this recruiting effort **no later than October 15, 2025**.

Step 3: Re-assign employees to non-credentialed roles who have been identified as misassigned, and who do not currently have a Temporary County Certificate or other legal authorization to continue teaching the courses while the recruitment efforts are ongoing.
Status: To be completed as soon as possible and **no later than October 5, 2025**.

The following is the status of our implementation of the recommendations from the Ryland audit report:

1. Conduct a credential audit for all current teaching staff to identify unauthorized assignments. (**Complete—see Credential Tracker enclosed as Exhibit G and Credential Documents enclosed as Exhibit H**)

2. Assign a credentialed administrator or consultant to oversee proper course-to-credential alignment. (**Complete—Olivia Cortes is assigned to this role**)
3. Develop a system of internal review prior to each academic term to ensure staff assignments are credential compliant. (**Complete—biweekly credential meetings have been implemented for this purpose**)
4. Provide training for school leadership on credentialing requirements and assignment monitoring under CCTC guidelines. (**Complete—our staff stay up to date on these requirements by attending Commission on Teacher Credentialing office hours, reviewing Commission on Teacher Credentialing materials, and consulting with SCCOE**)
5. Submit assignment authorizations or emergency permits for any positions that are not currently covered by appropriate credentials. (**Complete—this policy has been implemented**)
6. Establish a formal policy and documentation trail to ensure compliance with California Education Code and CCTC guidance. (**The policies discussed above serve this purpose—we are willing to establish them as a formal written board policy as soon as practicable**)

Escuela Popular acknowledges that its disagreements with the District on interpretations of the law and the school's charters have been a source of strife. We understand that these disputes have not been productive and have gotten in the way of working together to maintain a legally compliant school. Despite previous disagreements, Escuela Popular wants to facilitate a cooperative approach with the District and collaborate on these issues to the benefit of all involved. This will require making any and all changes that the District deems necessary to achieve compliance. Escuela Popular is prepared to do what it takes to address these concerns and put policies in place to ensure that compliance with legal requirements is not a concern going forward.

Sincerely,

Patricia Reguerin

Re: Escuela Popular Failure to Sufficiently Respond to Notice of Concern dated 8/29/25

Dear Ms. Reguerin and Escuela Popular Del Pueblo Board of Directors:

As the authorizing entity for Escuela Popular Center for Training and Careers, Family Learning ("EPCTC" or "Charter School"), the East Side Union High School District ("District") is required to provide oversight of EPCTC regarding its compliance with its approved Charter and laws applicable to its operation.

Per Education Code section 47604.3, EPCTC "shall promptly respond to all reasonable inquiries" from the District and "shall consult with" the District "regarding any inquiries." We believe that open and

cooperative communication between the District and the Charter School is an integral part of our relationship, and timely responses by EPCTC to our reasonable inquiries are mandated and critical to fulfilling our oversight function/responsibilities as authorizer.

A noted in our Notice of Concern dated August 29, 2025, the District in April 2025 retained consultant Ryland Strategic Business Consulting ("RSBC") to assist the District with evaluating EPCTC's operations, including attendance reporting, instructional minutes requirements, teacher credentialing. RSBC conducted a review of EPCTC's program with a focus on instructional time compliance and attendance reporting and their Report ("RSBC Report") identified concerns and included recommended next steps regarding EPCTC's instructional time compliance and attendance accounting/tracking, and teacher credential alignment. The RSBC Report served to identify risks and potential for loss of funding that could result because of EPCTC's operational practices.

The District initially requested a response to the RSBC Report by July 14, 2025. Bjorn Berg, District Director of Assessment & Accountability Charter School Oversight was later informed by Ms. Reguerin that a full response would be provided July 23, 2025. A written response to the RSBC Report was later sent to the District's legal counsel from Escuela Popular's legal counsel on August 8, 2025 ("EPCTC Response").

Since neither Ms. Ruguerin nor the Escuela Popular Del Pueblo Board of Directors were copied with the EPCTC Response, the District directed its Notice of Concern/Request for Information dated August 29, 2025 ("NOC"), to Ms. Reguerin and the Escuela Popular Board and requested that Escuela Popular take the actions listed in the NOC regarding the representations made in the EPCTC Response about the corrective actions that are being taken or will be taken in response to the RSBC Report findings and recommendations.

In the NOC we included several requests including, but not limited to, the following action requests:

EPCTC Representations in Response to RSBC Report:	**Actions Needed:**
Hourly Attendance Tracking: EPCTC implemented hourly attendance tracking so that more comprehensive attendance data can be gathered. EPCTC plans to take attendance each hour so that it can demonstrate that it is, in fact, requiring students to attend 80 percent or more of the instructional time offered by EPCTC.	• Provide the District with a written assurance/confirmation **from the Escuela Popular Board of Directors** confirming that this action has been taken effective for the start of this 2025-26 school year.
Students Required to Be Enrolled in All Six Periods: EPCTC implemented a requirement for the 2025-26 school year to ensure that students are enrolled in all six periods of study. EPCTC will enroll all students in all offered classes.	• Provide the District with a written assurance/confirmation **from the Escuela Popular Board of Directors** confirming that these actions have been taken/implemented effective for

	the start of this 2025-26 school year.
<u>Credentialing Compliance:</u> EPCTC will continue to closely monitor teaching assignments to ensure all teachers are appropriately credentialed. "Escuela Popular has assured our office that it has worked closely with teachers over the past two school years to ensure all teachers are appropriately credentialed for the 2025-2026 school year." EPCTC will implement the recommended next steps to ensure continued credentialing compliance in the RSBC Report "many of which are already part of Escuela Popular's current practice." <u>Recommendations from RSBC Report (p. 11) include:</u> 1. Conduct a credential audit for all current teaching staff to identify unauthorized assignments. 2. Assign a credentialed administrator or consultant to oversee proper course-to-credential alignment. 3. Develop a system of internal review prior to each academic term to ensure staff assignments are credential compliant. 4. Provide training for school leadership on credentialing requirements and assignment monitoring under CCTC guidelines. 5. Submit assignment authorizations or emergency permits for any positions that are not currently covered by appropriate credentials. Establish a formal policy and documentation trail to ensure compliance with California Education Code and CCTC guidance.	• Provide the District with a written assurance/confirmation **<u>from the Escuela Popular Board of Directors</u>** confirming that this action has been taken effective for the start of this 2025-26 school year.

In response to the above-identified action requests regarding Attendance Tracking and Student Enrolment in all Six Periods, Ms. Reguerin stated:

> *Please consider this written assurance from Escuela Popular that hourly attendance tracking has been implemented for the 2025-26 school year.*
>
> . . .
>
> *<u>Escuela Popular has provided these documents to its Board of Directors and is</u>*

awaiting written confirmation from the Board that the Board is satisfied this policy has been implemented.

Since the District expressly requested that the Escuela Popular Board of Directors confirm that the above-referenced actions have been taken/implemented for the 2025-26 school year, the assurance provided solely from Ms. Reguerin, and not the Board or even on behalf of the Board, is not responsive to the District's action requests, particularly given the fact that Ms. Reguerin admits in the Response that the policies have not been taken to the Escuela Popular Board for their approval and confirmation that the policies has been implemented satisfactorily.

While we are aware that the recently posted updated agenda for a Escuela Popular Board special meeting for September 18, 2025, includes the following action items, such consideration and approval is occurring after the September 15, 2025, Response to the NOC and after the policies referenced in the Response have reportedly been or are being implemented by Escuela Popular at its schools:

4.2 Board review and adoption of Escuela Popular's policy to ensure compliance with credentialing laws.

4.3 Board review and approval of Escuela Popular's period-by-period attendance tracking policy.

4.4 Board review and approval of Escuela Popular's requirement that all EPCTC students enroll in all six periods of study.

Furthermore, this 9/18/24 agenda is the first time the District has seen any meeting agenda we reflecting any Board consideration or approval of these policy measures, further demonstrating the Escuela Popular Board's lack of involvement with the approval and implementation of the above-referenced items related to attendance tracking and student enrollment.

As you should be aware, the Escuela Board, as the responsible governing body of EPCTC and EPAFLC, is fiduciarily responsible for the governance and operation of these charter schools, but the Board's lack of involvement even when potential "high stakes" repercussions related to EPCTC and EPAFLC operations and their continued viability are involved, reflects that the Board does not understand or willing to fulfil their responsibility raising substantial governance concerns.

Credentialling Compliance.

In response to this action request, Mr. Ruguerin states:

Escuela Popular has implemented a specific plan to ensure credentialing compliance by re-staffing its courses where the District has identified the instructor as misassigned.

However, no written assurance or confirmation from the Escuela Popular Board has been provided to confirm that this action has been taken, and there is no confirmation or evidence that the Board has approved the Credentialing Compliance Plan identified in the response. As recognized above, the Plan appears to be agenized for Board action at the special meeting on 9/18/2025, demonstrating the Board's failure to consider and approve the Plan before it is reportedly being implemented.

We will respond to Escuela Popular's 9/15/24 responses to the Notices of Probation Status regarding both EPCTC and EPAFL under separate cover. However, we must note here that the Credential Compliance Plan the Escuela Popular Board has agendized for approval at its 9/18/15, does not remedy the violations identified by the District and fails to demonstrate substantial progress toward compliance. In fact, the Plan provides evidence of Escuela Popular's continuing failure to ensure that all teachers hold a valid California teaching credential with the appropriate EL Authorization for their teaching assignment.

While the District respects the mission and services Escuela Popular provides to our community and wants it to be successful, that cannot come at the expense of the students its serves who are impacted every day by not having appropriately credentialed teachers in the classroom.

Sincerely,

Bjorn Berg
Director of Assessment and Accountability
Charter School Oversight

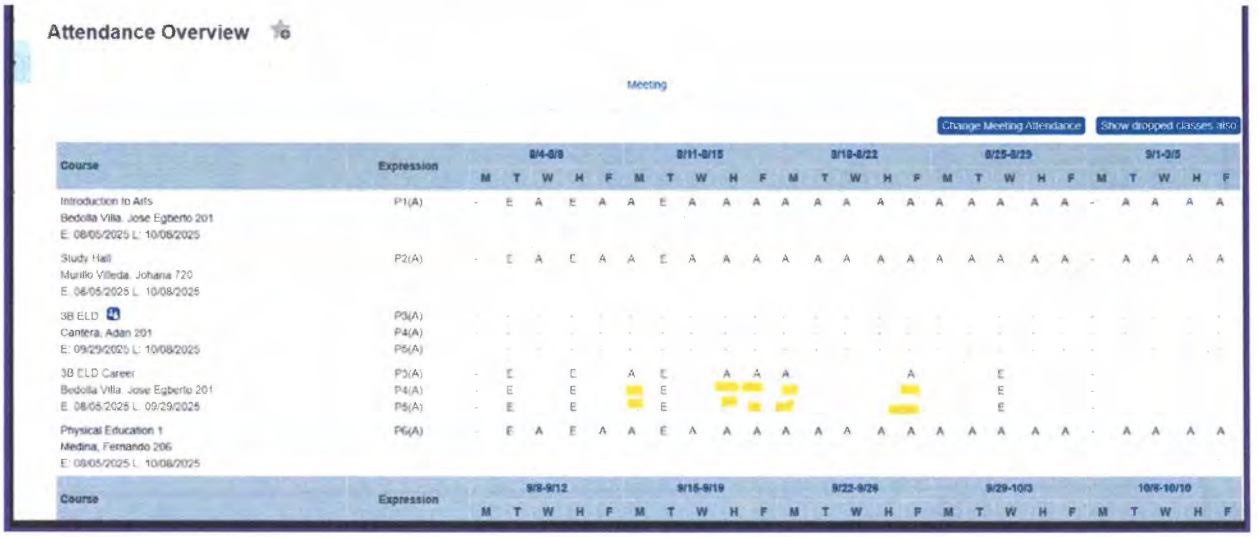
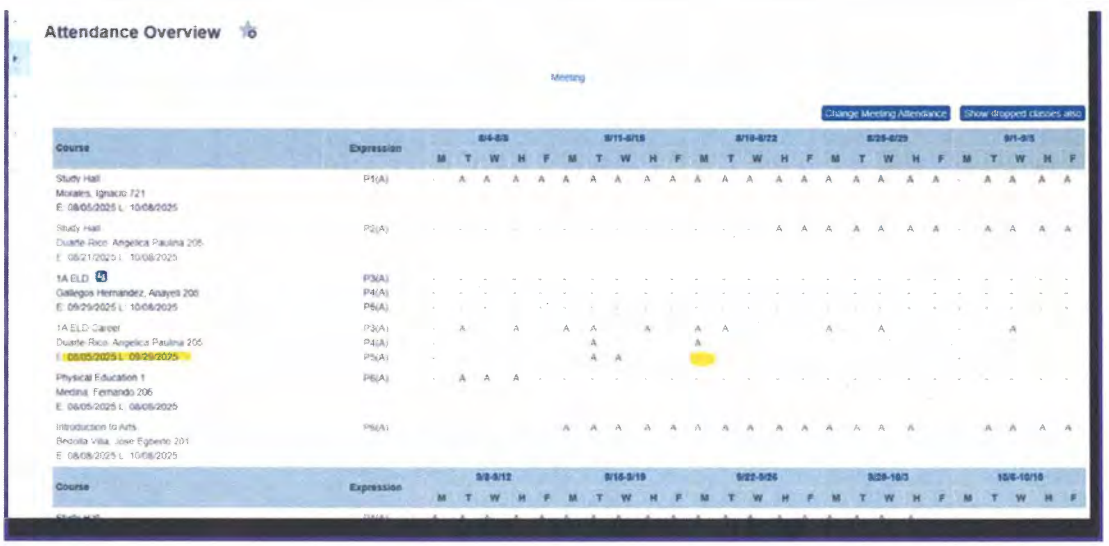
Student F

Student was scheduled to attend one class, and there were 5 days marked Present, but they were absent at the beginning of their class.



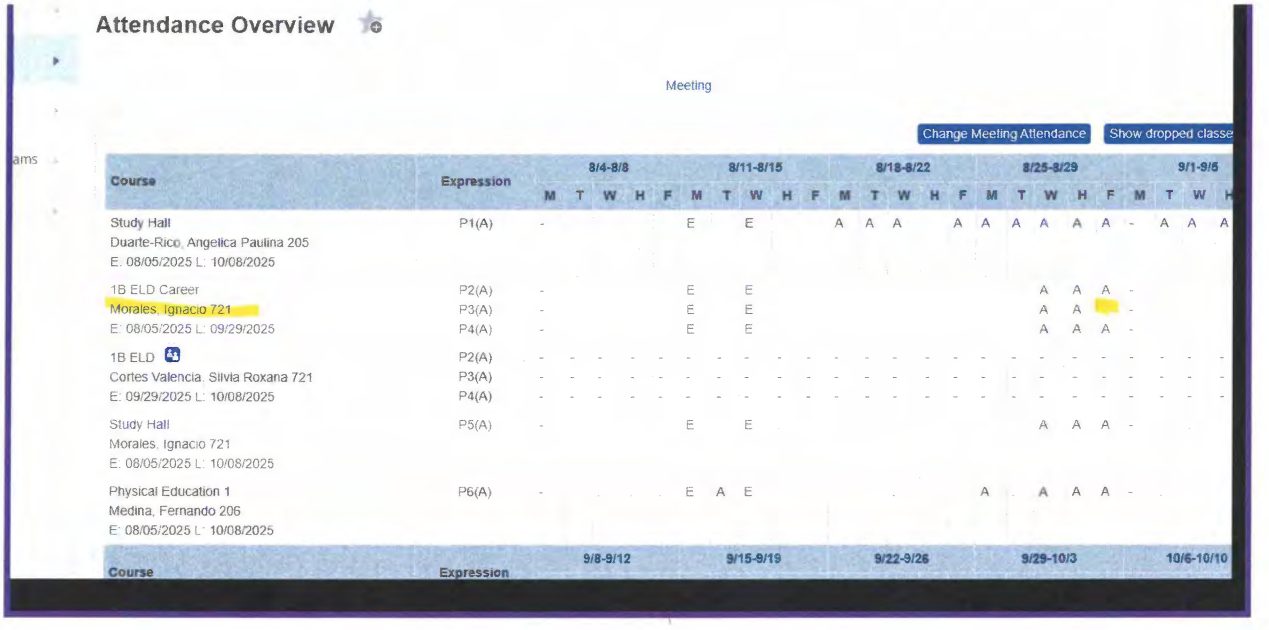
Student G

Student was marked absent for the month of August, but is showing he was present for 1 day in the monthly report.



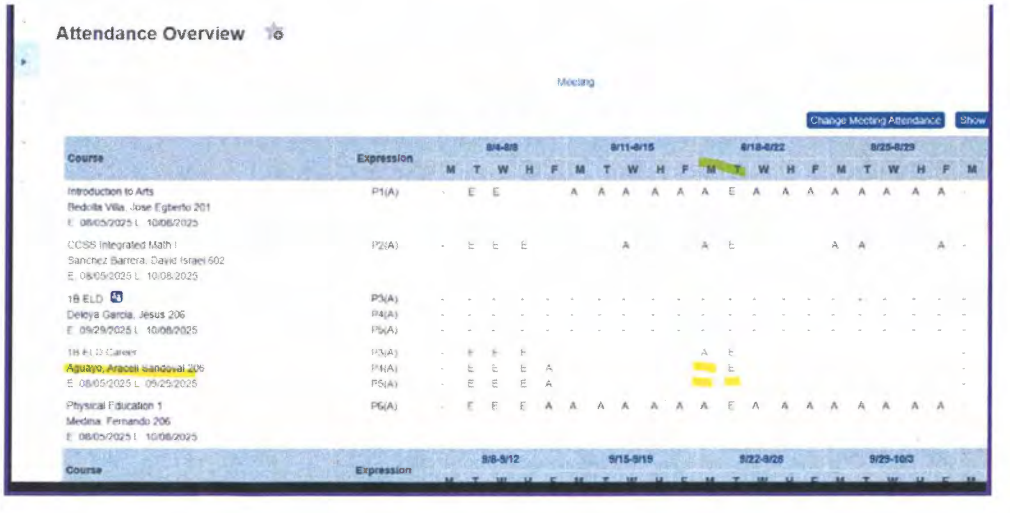
Student H

Student did not have an attendance marking for period 3 on August 29, 2025, resulting in the student being marked present on the monthly ADA report.



Student I

Student did not have an attendance marking for periods 4 & 5 on Monday, August 18, 2025, and period 5 on Tuesday, August 19, 2025.



Preparing every student to thrive in a global society.

Student J

Student did not have an attendance marking for period 4 on Monday, August 18, 2025, and period 5 on Tuesday, August 19, 2025.

Re: Response to Notice of Deficiency – Attendance Tracking and 6th Period Enrollment
Escuela Popular Center for Training and Careers, Family Learning

Dear Mr. Berg,

The Board of Directors ("Board") of Escuela Popular del Pueblo ("Escuela Popular") is in receipt of your Notice of Deficiency dated November 14, 2025 ("Notice") regarding enrollment and attendance concerns that the District has observed after looking at Escuela Popular Center for Training and Careers ("EPCTC") data on PowerSchool. After reviewing the District's correspondence on these topics, Escuela Popular staff worked with EdTec (our school back office support provider) staff to review PowerSchool information for each of the identified concerns and made corrections where applicable.

Global Points of Clarification for District Interpretation of the Data:

The screenshots of PowerSchool provided in the District's November 14, 2025 letter are missing important information that you gain when you click for more detail in the PowerSchool software interface. Escuela Popular worked with EdTec staff to create the following PowerSchool screenshots for each of the students at issue (enclosed as Exhibit A).

Clicking on a given date to show more detail reveals information that is relevant to Average Daily Attendance (ADA) analysis. For example, you would need to click for more detail to see exactly which periods a student was present or absent for in a given day. This is important because, for ADA reporting purposes, attendance for any part of the school day counts as present for the day. The California Department of Education guidance on ADA and attendance taking (enclosed as Exhibit B) states:

> In order to generate and claim attendance for apportionment, school districts must meet all the applicable instructional time and scheduling requirements, and the students must be in attendance under the immediate supervision and control of a certificated employee of the school district while engaged in educational activities

> required of them **for at least some part of each school day** for which attendance is generated. (emphasis added)

This explains why a student may be present for less than the entire school day on PowerSchool but would still be noted as present for purposes of claiming ADA for that day. This is how schools and school districts across the state report attendance for ADA purposes. We note that each student is required to attend each day for all class periods pursuant to a Board policy (see attachments to letter from Board Chair enclosed as Exhibit C). The Board policy titled Enrollment and Attendance in All Six Periods of Study states, "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C). However, just like in a traditional public school, some students have medical appointments or other good cause to miss class.

Additionally, classes which were later dropped by a given student do not show up on PowerSchool unless you click "show dropped classes." Without clicking "show dropped classes," it is inaccurate to assume that the absence of information about a class means that the student was never enrolled in that class.

Students at Issue:

Student A

The District's letter claims that student A was absent on August 29, 2025 but was marked present in the ADA monthly report for August. Escuela Popular staff reviewed the data on PowerSchool for this student and determined that Student A was NOT absent for the whole day on August 29, 2025—this student was present for Period 4 (see Exhibit A).

Student A was enrolled in all six periods during the time period at issue and is required to attend all class periods by the Board policy which states that "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C).

Student B

The District's letter claims that student B was absent on August 19, 2025 but was marked present in the ADA monthly report. Escuela Popular staff reviewed the data on PowerSchool for this student and determined that Student B was NOT absent for the whole day on August 19, 2025—this student was present for Period 3 (see Exhibit A).

Student B was enrolled in all six periods during the time period at issue and is required to attend all class periods by the Board policy which states that "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C).

Student C

The District's letter claims that Student C was absent on August 28, 2025 but was marked present in the ADA monthly report. Escuela Popular staff reviewed the data on PowerSchool for this student and determined that Student C was NOT absent for the whole day on August 28, 2025—this student was present for Period 2 (see Exhibit A).

Student C was enrolled in all six periods during the time period at issue and is required to attend all class periods by the Board policy which states that "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C).

Student D

The District's letter claims that ADA was claimed for August 5-6, 2025 for Student D when this student was not enrolled at this time. Escuela Popular reviewed the information on PowerSchool and determined that this interpretation appears to be a misunderstanding on the part of District staff. Student D was enrolled from August 5, 2025 to August 11, 2025. There was later a scheduling change. Based on the PowerSchool information, Student D was enrolled as of August 5th and appears to have had perfect attendance for that day. Then, on Wednesday August 6, 2025, this student was present for one period.

Student D was enrolled in all six periods during the time the student attended school at EPCTC and is required to attend all class periods by the Board policy which states that "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C). Student D dropped all of their courses on August 11, 2025 and then re-enrolled at the school in October of 2025. This appears to have happened because the student changed from the AM program to the PM program, apparently after trying the AM program and finding the student preferred the later option.

Student E

The District's letter claims that ADA was claimed for August 5, 2025 for Student E even though the student was not enrolled at this time. Escuela Popular reviewed the information on PowerSchool and determined that this interpretation appears to be a misunderstanding on the part of District staff. Student E was enrolled at Escuela popular on August 5, 2025, which was the first day of classes. This student attended class the first day, found those classes didn't work for them, then dropped those and added new classes as of August 6, 2025. If you click on "show dropped classes" on PowerSchool you can see that the student was indeed enrolled and had attendance that day. If you do not click "show dropped classes," then it may, incorrectly, look as if the student was not enrolled in any classes at that time.

Student E was enrolled in six periods August 6, 2025 and is required to attend all class periods by the Board policy which states that "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C).

Student F

For Student F, the District noted that the student appears to have absent at the start of classes and then present for the rest on August 11, 13, and 15, 2025. Escuela Popular reviewed the data on PowerSchool for this student and confirmed that on August 11, 2025, Student F missed periods 1, 2, and 3, showed up 4 and 5, and did not show up for 6. The same occurred August 13, 2025 and August 15, 2025.

This student is an outlier in that the student tended to have more than the typical number of absences. Escuela Popular checked the school's records and can confirm that the student no longer attends the school at this time. This is not the norm; the vast majority of students can make it to all class periods.

Student F was enrolled in six periods during the time period at issue and, before the student left the school in mid-November, was required to attend all class periods by the Board policy which states that "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C).

Student G

As to Student G, the District's letter claims the student was marked absent for the month of August, but is showing he was present for 1 day on the monthly report. Escuela Popular reviewed the data and is confused by the District's interpretation as to this student. When you look at the details on PowerSchool, you can see that this student was actually present a lot in August of 2025. Sometimes this student would only show up for one class period, but the student showed up for some portion of the school day for every school day except one during August 2025.

Student G was enrolled in six periods as of August 21, 2025 and is required to attend all class periods by the Board policy which states that "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C).

Student H

The District's letter claims that student H was absent on August 29, 2025, but was marked present. Escuela Popular staff reviewed the data on PowerSchool for this student and determined that Student H was NOT absent for the whole day on August 29, 2025—this student was present for Period 3.

Student H was enrolled in six periods during the relevant time period and is required to attend all class periods by the Board policy which states that "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C).

Student I

The District's letter claims that student I was absent on August 18, 2025, but was marked present. Escuela Popular staff reviewed the data on PowerSchool for this student and determined that Student I was NOT absent for the whole day on August 18, 2025—this student was present for two class periods that day.

August 19, 2025 was an excused absence for Student I. This was an inadvertent error on Escuela Popular's part, where the "E" was logged as present instead of as an absence. Escuela Popular can correct this information in PowerSchool and in its ADA reporting.

Student I was enrolled in six periods during the relevant time period and is required to attend all class periods by the Board policy which states that "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C).

Student J

The District's letter claims that student J was absent on August 19, 2025, but was marked present. Escuela Popular staff reviewed the data on PowerSchool for this student and determined that Student J was NOT absent for the whole day on August 19, 2025—this student was absent periods 1 and 6 that day but present every other period.

August 18, 2025 was an excused absence for Student J. This was an inadvertent error on Escuela Popular's part, where the "E" was logged as present instead of as an absence. Escuela Popular has corrected this information in PowerSchool and will correct it in its ADA reporting at the next reporting date.

Student J was enrolled in all six periods during the relevant time period and is required to attend all class period pursuant to the Board policy which states that "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C).

Students K and L

The District claims its staff cannot find Students K and L in the PowerSchool system. Escuela Popular staff checked this and were able to locate both of these students in the system. Difficulty likely arose because both of these students were once enrolled at Escuela Popular but later became inactive. When searching on PowerSchool, you have to put a forward slash before the student's name in the search bar in order to get PowerSchool to show inactive students. When you do this for both Student K and Student L, they show up in the PowerSchool system.

In some cases, a student may show up for one day of school and then drop from the program completely. Even if that happens, a charter school can absolutely claim that student's one day of enrollment and attendance for purposes of ADA, just as a school district could.

Board Adoption and Confirmation of Implementation of Enrollment and Attendance Policies:

The Escuela Popular Board of Directors officially adopted enrollment and attendance policies at its September 18, 2025 meeting. These policies require 1) attendance be taken every course period rather than once a day and 2) every student to be enrolled in all six course periods, with only an exception for high school seniors who are in their last year and have sufficient credits to graduate without all six periods. As Board Chair, I then provided a copy of the policies to the District, on behalf of the Board, in a letter dated September 26, 2025 (see Exhibit C). This letter stated:

> This correspondence shall serve as written confirmation from the Board that these policies have been approved. We want to assure you that the EP leadership team and Board reviewed and discussed the recommendations in earnest and implemented some practices as early as the first day of school and then had either commenced or completed all of them by September 15th.

Discussions between the Board and Escuela Popular's attorneys in closed session, or between the EP leadership team and Escuela Popular's attorneys, regarding recommendations such as those in the Ryland audit report, are subject to attorney-client privilege.

The Board believed that the September 26, 2025 letter to the District satisfied the District's request that the Board assure the District that these policies have been implemented. If the District needs further assurance from the Board that these policies have been implemented, the Board can provide it but would need additional guidance from the District regarding what the District wants the assurance to look like.

Explanation of Attendance-Taking Procedure at EPCTC:

The District also asked for clarification about attendance-taking procedure at EPCTC. The teacher of record is the person who enters attendance into PowerSchool. If the class is a vacancy, then the substitute teacher is able to enter attendance into PowerSchool. For excused absences, the front office staff enter the "E" into PowerSchool.

Explanation of Process and Results from EPCTC Administration's Weekly and Daily Attendance Audits, Including Corrective Action for Employees:

For the weekly and daily attendance audits, instructional staff monitor weekly and daily attendance by running reports in PowerSchool. If they notice a teacher has missed entering attendance, they will follow up with the teacher to ensure attendance is submitted. They have found they have had to follow up with a small number of teachers about this. The next step has been to formally write them up if they do not improve on entering attendance after being warned. To the extent that this occurs, it would be a confidential personnel action, so the personnel documents related to this would not be shared. Outside of the personnel disciplinary process, Escuela Popular staff do not formally write any findings about their weekly and daily monitoring of attendance.

In monitoring attendance-taking by staff, Escuela Popular has not found that entering attendance incorrectly has been an ongoing issue with any of its staff members. Escuela Popular has found that some staff members enter attendance correctly, but late (rather than on the same day the class occurred). These staff members have been counseled regarding the importance of entering attendance timely.

Assessment of Attendance Discrepancies and Next Steps:

After reviewing the attendance discrepancies the District identified, Escuela Popular determined that all but two were the result of District Staff misinterpreting the data. This is understandable, as PowerSchool is not user-friendly in many respects. Escuela Popular Center for Training and Careers has approximately 489 students total. Multiplying that number times the number of school days so far this school year, if EPCTC only had two instances of attendance errors, that would represent an admirable success rate.

Still, EPCTC does not want to have any errors. The two instances of misreporting "E" ("Excused Absence") as "Present" have been confirmed corrected on PowerSchool. The next steps will happen at the P1 reporting period in mid-December. Whenever there is a change to ADA during a month that was already submitted to the District, the typical process is Escuela Popular staff compiles the same monthly reports and shares updated versions, typically at the P reporting deadlines, P-1, P-2 and P-A.

In terms of blanks where PowerSchool defaults to having the blank indicate "Present," where the student actually was present, these have not been changed because the data is accurate.

Assessment of District's Concerns re Enrollment Policies and Next Steps:

Escuela Popular understands that the District would like the school to have a Board policy to remind students more than one time per school year regarding the enrollment requirement. The Board discussed this with Escuela Popular staff and has been assured that, going forward, Escuela Popular will go above and beyond the current Board policy and will notify students at least once per quarter regarding the enrollment and attendance requirement.

In terms of the District's claim that certain students have enrolled in a Study Hall or Study Skills class but never attended it, Escuela Popular has reviewed the Power School data and discovered that during Q2 so far, there are 74 out of 433 (17.1%) active EPCTC students who have been absent in a study hall or skills class for every day of Q2. Escuela Popular will follow up with students regarding the importance of attending study hall and will further investigate ways to ameliorate any challenges related to this issue.

Thank you for providing us with an opportunity to clarify these points and I am available to discuss further as needed.

Sincerely,

Dr. Pablo Reguerin, on behalf of the Escuela Popular Del Pueblo Board

Aloha Patricia and Olivia,

During the recent oversight visit for EPCTC, it was shared that a small group of students was taking college courses off campus. Students were leaving campus to attend their community college class and then returning to campus for EP courses. If a student returned late and missed a class, EP would code the absence as "DE".

Following our discussion, the District left the oversight visit with the understanding that:

1) Students taking college courses during the school day were not assigned overlapping classes during the time needed for travel and course attendance.
2) If a student arrived back on campus late and missed a class, the code "DE" would be used.
3) Travel time and college course time were not being counted toward instructional minutes.
4) Travel time and college course time were not included in ADA calculations.

Upon reviewing EPCTC's monthly attendance reports, the District has identified instances in which ADA was claimed for students with an attendance marking of "DE" on that day.

Please provide a time during the week of March 9th when your staff can participate in an in-person meeting at EP with the District staff to discuss this further.

Attached to this email is a student whom I would like to use as a sample in our discussion. Thank you.

Mahalo.

Re: Notice of Concern/Request for Information - Instructional Calendar and Minutes Reporting
ATTENTION AND ACTIONS NEEDED

Dear Ms. Reguerin and Escuela Popular Del Pueblo Board of Directors:

As the authorizing entity for Escuela Popular/Center for Training and Careers and Escuela Popular Accelerated Family Learning Center ("EPCTC/EPAFLC" or "Charter Schools"), the East Side Union High School District ("District") is required to provide oversight of EPCTC/EPAFLC regarding its compliance with its approved Charter and laws applicable to its operation.

As a reminder, per Education Code section 47604.3, EPCTC/EPAFLC "shall promptly respond to all reasonable inquiries" from the District and "shall consult with" the District "regarding any inquiries." We believe that open and cooperative communication between the District and the Charter School is an

integral part of our relationship, and timely responses by EPCTC/EPAFLC to our reasonable inquiries are mandated and critical to fulfilling our oversight function/responsibilities as authorizer.

As a part of the annual oversight monitoring process for the Charter Schools, the District has identified discrepancies in the instructional calendar submitted to the District, the information entered into the PowerSchool student information system, and the instructional minutes calculations report submitted to the District on June 12, 2025 (*See Attachment "A"*). Accuracy in these records is critical to ensure compliance with state and district instructional time requirements.

The instructional calendar for EPCTC has inconsistencies between the version submitted to the District and the calendar entered into PowerSchool. Specifically, the three (3) days of final assessments for Quarter 1 were not accurately reflected in both records, resulting in an inaccurate calculation of instructional minutes by Escuela Popular Leadership ("EP Leadership") and the District for the 2025-2026 school year.

Inaccuracies in Instructional Minutes Calculation.

A review of the instructional minutes documentation submitted to the District for both Charter Schools has identified inconsistencies in the reporting of the bell schedules and the calculation of total instructional time. Specifically, there is a discrepancy in the bell schedules entered into PowerSchool (*See Attachment "B"*) and the documents submitted to the District (*See Attachment "C"*) regarding the 2025-2026 instructional calendar and minutes. (*See Attachment "D"*)

The first concern is that the EPCTC bell schedule indicates a student release time of 3:00 PM, both on paper and in PowerSchool; however, the EPAFLC bell schedule shows a student release time of 2:55 PM. According to the master bell schedule for EPCTC and EPAFLC (*See Attachment "C"*), students from both Charter Schools are scheduled to be in the same classroom with the same teacher each period. As a result, both Charter Schools should have the same student release time for period 6. This five-minute variance has an impact on the total instructional minutes and overall compliance with Education Code section 47612.5(a) for both Charter Schools. The annual instructional time calculated for EPCTC and EPAFLC will need to be adjusted to account for this variance, effective at the start of the 2025-2026 school year. A revision will also be necessary for the remainder of the 2025-2026 school year.

The second concern is that the inclusion of the final exams for quarter one in PowerSchool (*See Attachment "E"*) was not accounted for in the documentation submitted to the District for calculating the annual instructional minutes for EPCTC (*See Attachment "D"*) and the 2025-2026 Instructional Minutes Calculation Submission for EPCTC (*See Attachment "F"*), which was required for approval by EP Leadership and the District. This critical omission also affects the accuracy of the reported instructional time for quarter one and subsequent quarters. As a result, the annual instructional time calculated for EPCTC will need to be adjusted to account for the changes in the bell schedule for Wednesday and Thursday, as well as the early release schedule for Friday.

The third concern is that the site master schedule for TK–8 for EPAFLC within PowerSchool does not match the bell schedule submitted to the District on June 12, 2025. The initial bell schedule that was

submitted to the district office before the start of the 2025-2026 school year shows more instructional minutes for the Monday through Friday bell schedule than what was entered into PowerSchool. For example, students in TK are not scheduled in PowerSchool for an instructional class from 8:30 am to 9:30 am and 11:50 am - 1:00 pm (*See Attachment "G"*), and students in third through fifth grade are not scheduled in PowerSchool for an instructional class from 1:27 pm to 3:00 pm (*See Attachment "H"*). However, the master schedule submitted to the District (*See Attachment "I"*) shows instructional minutes for this time span, resulting in students being scheduled for shorter school days within PowerSchool. Using the PowerSchool bell schedule, the District has identified that EPAFLC has a total annual instructional minute count that is short and does not meet state requirements. The District reiterates, the information entered into the PowerSchool student information system must match the instructional minutes calculations report submitted to the District.

Potential Implications.

Per Education Code section 47612.5(a), charter schools must provide, by grade span, a minimum number of instructional minutes. For grades 9-12, charter schools must provide at least 64,800 minutes per fiscal year. Failure to meet these requirements may result in apportionment penalties. It is critical that Escuela Popular Leadership take immediate, appropriate, and necessary steps to address these inconsistencies to ensure compliance with Education Code section 47612.5(a). The District expects that all information entered into PowerSchool accurately reflects the documents submitted to the District for calculating the annual instructional minutes, which will be used for final approval by the District. The District is concerned that EPCTC is at risk of noncompliance with Education Code section 47612.5(a) due to the error in calculating the instructional minutes for the 2025-2026 school year.

A reminder, the information entered in PowerSchool **cannot** be changed or altered for school days that have already passed. EP Leadership can only make edits to school days that are have not yet occurred. The District advises EP Leadership to identify a future date for which revisions will be made within PowerSchool to reflect the accuracy with the Charter Schools' bell schedule.

Actions Needed

The District requests a response to the following concerns/requests for information by **no later than 5:00 PM on December 19, 2025**. Your responses should be directed to the District for my attention.

1. Recalculate instructional minutes for both EPCTC and EPAFLC and resubmit to the District updated documents reflecting accurate bell schedules that include final exam adjustments for all quarters and the same release time for students for period 6. The bell schedule for both Charter Schools needs to reflect the day-to-day schedule, and any variance or modification must be accounted for in the annual instructional minutes calculation.

2. Update PowerSchool to reflect accuracy with the Charter Schools' bell schedule for all grades. Provide evidence of the *new* student schedules within PowerSchool per grade for both schools

showing all instructional minutes are accounted for from the beginning to the end of the school date.

3. Any changes in the number of instructional days and/or hours for both Charter Schools must be reported to the District within 24 hours of implementing the change to the instructional calendar and bell schedule, including adjustments for exams, field trips, and school closures. Alignment with the information in PowerSchool to accurately reflect the approved calendar must be adhered to at all times, allowing the District to monitor both Charter Schools' compliance with Education Code section 47612.5(a) appropriately.

Please contact the undersigned if you need any clarification regarding the items listed above in this Notice of Concern/Request for Information, or if you would like to discuss anything. Thank you for your attention to this correspondence and your anticipated cooperation.

Sincerely,

Phillip Gedeon
Coordinator of Charter School Oversight

Re: EPAFLC Notice of Concern and Request for Information
Implementation of Non-Board Approved Graduation Requirements

Dear Patricia Reguerin and Escuela Popular Del Pueblo Board of Directors:

As the authorizing entity for Escuela Popular Accelerated Family Learning Center ("EPAFLC" or "Charter School"), the Eastside Union High School District ("District") is required to provide oversight of EPAFLC regarding its compliance with its approved Charter and laws applicable to its operation.

As a reminder, per Education Code section 47604.3, EPAFLC "shall promptly respond to all reasonable inquiries" from the District and "shall consult with" the District "regarding any inquiries." We believe that open and cooperative communication between the District and the Charter School is an integral part of our relationship, and timely responses by EPAFLC to our reasonable inquiries are mandated and critical to fulfilling our oversight function/responsibilities as authorizer.

On February 13, 2025, the District received the Charter Renewal Petition for EPAFLC ("Renewal Petition"). Per Education Code Section 47605 and 47607, the District was required to review the submitted Renewal Petition to ensure that the petition contained a reasonably comprehensive description of any new requirement of charter school laws since the charter was last renewed, and

confirm whether the charter school is demonstrably likely to successfully implement the program in the petition. During our comprehensive review of the Renewal Petition, the District discovered that EPAFLC submitted two changes under the description of its Educational Program that were not reflected in the EPAFLC Charter as approved by the District's Board of Trustees ("Board") on June 6, 2017. (*See below or Attachment "A"*). The first material change is a change to the EPAFLC graduation requirements. The Renewal Petition (excerpt provided below) states that the new graduation requirements were changed on August 27, 2017, only two months after the Board's renewal petition approval in 2017.

High School Graduation Requirements - A.F.L.C.
Updated August 17, 2017

ENGLISH LANGUAGE ARTS = 40 Credits

English 2 (4 quarters), English 3 (4 quarters) and/or English 4 (4 quarters), with a minimum completion of English 2 and English 3.

MATHEMATICS = 20 Credits

Two Courses from: Integrated Math 1, Integrated Math 2, Integrated Math 3, or Pre-Calculus

SCIENCE = 20 Credits

Biology/Life Science (10 credits)
Physical Science (10 credits)

SOCIAL STUDIES = 30 Credits

World History & Geography (10 credits)
US History & Geography (10 credits)
US Government (5 credits)
Economics (5 credits)

FOREIGN LANGUAGE or PEFORMING ARTS = 10 Credits

Select from: Spanish, Art, Dance, and/or Guitar

PHYSICAL EDUCATION = 20 Credits

Physical Education, Zumba and/or Kickboxing

The above reflects the following graduation requirement changes: (1) An increase in English credits from 30 credits of English to 40 credits of English; (2) An additional 5 credits of required community services; and (3) Requirement of 10 credits of Biology and 10 credits of physical science.

The District also has concerns about whether EPAFLC will be able to meet the minimum California Graduation Requirements for English (See below Attachment "B"). Even though the Renewal Petition shows an English Requirement of 40 credits, EPAFLC's current practice is to require 20 credits for an English course in one year. Students enrolled in English 2 earn 20 credits of English in one year. This allows students to graduate with English 2 and English 3, which are two courses. However, the minimum California Graduation Requirements state students need to have three courses of English. Lastly, EPAFLC's course offering in Science is Integrated I & II, but the Graduation Requirement in the Renewal Petition states 10 credits of Biology and 10 credits of physical science. In order for students to satisfy the new requirements, EPAFLC will need to offer Biology and a physical science course, such as physics, chemistry, astronomy, or earth science, which would be a change in the course offerings for science.

State Minimum High School Graduation Requirements

Minimum set of courses required for high school graduation.

Beginning in the 1986–87 school year, California *Education Code (EC)* Section 51225.3 has specified a minimum set of courses to meet state requirements to graduate from high school and receive a diploma. The governing boards of local education agencies (LEAs) have the authority to supplement the state minimum requirements at the local level.

EC Section 51225.3 states that all pupils receiving a diploma of graduation from a California high school must have completed all of the following courses, while in grades nine to twelve, inclusive:

- Unless otherwise specified, each course shall have a duration of one school year:
  - Three courses in English

Since revisions to a charter school's charter are to be processed and acted upon separately from a charter renewal petition, the District recommended approval of the Renewal Petition without the material changes to the graduation requirements, which would revert back to the graduation requirements in EPAFLC's current Charter approved by the Board on June 6, 2017. At the time of the material revision submission, the District will reevaluate the proposed changes to ensure their alignment with meeting the California Minimum Graduation Requirements.

As a result of the District's concerns, District staff met with EPAFLC leadership to present and discuss the findings and recommendations. During the meeting, EPAFLC leadership acknowledged and agreed to the findings and recommendations. On April 11, 2025, Patricia Reguerin, Executive Director of Escuela Popular Del Pueblo, sent District staff an email confirmation stating EPAFLC's commitment to reverting internal practices for determining completion of graduation requirements to the graduation requirements approved by the ESUHSDBD on June 6, 2017 (*See below or Attachment "C"*).

Dear Kirsten and Phillip,

Thank you again for your guidance and partnership throughout the petition feedback and revision process.

We are writing to confirm that Escuela Popular AFLC will not be submitting a material revision to the graduation requirements as part of our current charter renewal. The school will maintain the existing board-approved graduation credit model as outlined in our original petition.

We appreciate your continued collaboration and will ensure the necessary clarifications are made in the updated submission ahead of the upcoming board deadlines.

Please don't hesitate to reach out if additional documentation or clarification is needed.

Thank you,

Patricia Reguerin

Despite EPAFLC's expressed agreement with the District's findings and recommendations, the District is concerned that EPAFLC has been operating out of compliance with the terms of its approved Charter by graduating students over the last six years using graduation requirements that were not

communicated to or approved by the District's Board. Charters are bound by Education Code 47605 and 47607 to submit material revisions to authorizers when wanting to make material changes to their educational program. Failure to do so can result in the District engaging in the intervention process outlined in the EPAFLC's Operational MOU Exhibit 6: School Intervention Protocol. (*See Attachment "D".*) EPAFLC is expected to consult with the District on any future potential changes to their programming prior to implementation so that the District can confirm whether compliance with the material revisions process is required.

Agreed Upon Action:

1. EPAFLC will implement the Graduation Requirements outlined in its current Charter Petition that was approved by the District Board on June 6, 2017.

2. If EPAFLC desires to implement the revised graduation requirements, it will work with the District collaboratively to submit a material revision for changing the graduation requirements and will ensure its alignment with the California Minimum Graduation Requirements.

Additional Actions Needed:

The District requests a response to the following concerns/requests for information by **no later than 5:00 PM on July 23, 2025**. Your responses should be directed to the District for my attention.

1. Please submit transcripts of all EPAFLC students identified as graduates for the 2024-2025 school year, along with documentation supporting their fulfillment of the Graduation Requirements outlined in the current Charter approved by the District Board on June 6, 2017.

Please contact the undersigned if you need any clarification regarding the items listed above in this Notice of Concern. Thank you for your attention to this correspondence and your anticipated cooperation.

Sincerely,

Phillip Gedeon
Coordinator of Charter School Oversight

State Minimum High School Graduation Requirements

Minimum set of courses required for high school graduation.

Beginning in the 1986–87 school year, California *Education Code (EC)* Section 51225.3 has specified a minimum set of courses to meet state requirements to graduate from high school and receive a diploma. The governing boards of local education agencies (LEAs) have the authority to supplement the state minimum requirements at the local level.

EC Section 51225.3 states that all pupils receiving a diploma of graduation from a California high school must have completed all of the following courses, while in grades nine to twelve, inclusive:

- Unless otherwise specified, each course shall have a duration of one school year:
  - Three courses in English
  - Two courses in Mathematics, including one year of Algebra I (*EC* Section 51224.5)
  - Two courses in Science, including biological and physical sciences
  - Three courses in Social Studies, including United States history and geography; world history, culture, and geography; a one-semester course in American government and civics, and a one-semester course in economics. *(Note that pursuant to AB 2927 [2024], commencing with pupils graduating in the 2030-31 school year, a pupil who completes the below-referenced one-semester personal finance course requirement may elect to be exempt from this one-semester course in economics requirement.)
  - One course in Visual or Performing Arts, World Language, or Career Technical Education. For the purpose of satisfying the minimum course requirement, a course in American Sign Language shall be deemed a course in foreign language.
  - Two courses in Physical Education, unless the pupil has been exempted pursuant to the provisions of *EC* Section 51241
  - One semester of Ethnic Studies, commencing with pupils graduating in the 2029–30 school year (a course based on the model curriculum developed pursuant to Section 51226.7; an existing ethnic studies course; an ethnic studies course taught as part of a course that has been approved as meeting the A–G requirements; or a locally developed ethnic studies course approved by the governing board of the school district or charter school)
  - One semester of a separate, standalone course in Personal Finance, commencing with pupils graduating in the 2030-31 school year

The local governing board of the LEA with the active involvement of parents, administrators, teachers, and pupils, shall adopt alternative means for pupils to complete the prescribed course of study, which may include:

- Practical demonstration of skills and competencies
- Supervised work experience or other outside school experience
- Career technical education classes offered in high schools
- Courses offered by regional occupational centers or programs
- Interdisciplinary study
- Independent study
- Credit earned at a postsecondary institution

Requirements for graduation and specified alternative means for completing the prescribed course of study shall be made available to pupils, parents, and the public.

A school district shall exempt a pupil in foster care, as defined in Section 51225.2, or a pupil who is a homeless child or youth, as defined in Section 11434a(2) of Title 42 of the United States Code, who transfers between schools any time after the completion of the pupil's second year of high school from all coursework and other requirements adopted by the governing board of the school district that are in addition to the statewide coursework requirements specified in Section 51225.3, unless the school district makes a finding that the pupil is reasonably able to complete the school district's graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school. See the California Department of Education Foster Youth Resources and Resources for Homeless Children and Youth webpages for additional information.

Aloha Patricia and Oliva,

The team has been reviewing the renewal petition submitted, and I have started the process of itemizing questions, changes, and additional items needed. There are three areas that we have identified that need immediate attention: 1) Measurable outcomes report with data from the current petition, 2) New measurable student outcomes and goals for the proposed renewal petition, and 3) Graduation course and credit requirement.

Please let us know which time slot below works best for you this Thursday. The meeting should take no longer than 45 minutes.

Meeting Options:

Thursday, April 10, 2025

- 10am - 12pm
- 2:30pm - 4pm

Items to Bring to the Zoom Meeting:

- Graduation requirements in such a way that can be used to evaluate a student's transcript and clearly the number of credits and courses needed for graduation.
- Current petition (approved)
- Submitted Renewal Petition

MOU Exhibit 6: School Intervention Protocol

I. Intervention Authority and Responsibility

Pursuant to Education Code sections 47604.32 and 47607, the District has the legal authority and responsibility to oversee that the Charter School complies with the material terms of the Charter, pursues and meets the student outcomes identified in the Charter, adheres to generally accepted accounting principles, meets reporting requirements, complies with applicable law, monitors the fiscal condition of the Charter School, and does not engage in fiscal mismanagement. In addition, the District has the responsibility, under Education Code section 47607(d), to provide the Charter School reasonable opportunity to remedy a violation prior to revocation.

II. Process for Charter School Intervention

The decision to intervene in a school is precipitated by the District's reasonable belief that a specific school performance or compliance problem exists that indicates a material violation of the terms of the Charter, the MOU and/or applicable law. When engaging in School Intervention, the District shall, first and foremost, protect the interests of students and the public. To that end, the District shall engage in the following intervention procedures:

Statement of Concern(s) (Letter #1): Direct contact with the Charter School followed by a Letter stating the District's concerns. The Letter will reasonably state the District's concern; the basis or evidence on which the District's concern is founded; the result required to remedy the concern; the time in which the District expects the result to be achieved; and the means by which the District expects to verify achievement of the required result. Ordinarily, the District will provide the Charter School a minimum of fifteen (15) calendar days to achieve the required result.

Notice of Deficiency (Letter #2): In the event that the Charter School has failed to make meaningful progress in addressing the concern(s) identified in the initial Statement of Concern, the District will issue a Notice of Deficiency that identifies the deficiency, the basis or evidence on which it is founded, and the result required to remedy the deficiency. In addition, the District will require that the Charter School document and submit to the District the specific steps it is taking to remedy the deficiency and the anticipated completion date. The District will expect a satisfactory remedy within fifteen (15) calendar days from the date of the Notice unless the School shows good cause why that time should be extended. The District may at its discretion conduct additional oversight, including but not limited to one or more site visits, to monitor progress in remedying the deficiency.

Charter Probation (Letter #3): The District may in its discretion place the Charter School on Charter Probation and state the specific conditions of Probation including directing the school to take specific corrective action and to make substantial progress in addressing all remaining concerns by a specified date.

At its discretion, the District may appoint a school improvement team to supervise the corrective action and/or designate a monitor to evaluate the corrective action on an ongoing basis.

In addition, at its discretion, the District may impose any or all of the following Probation Sanctions pending satisfactory remedy of the concerns:

- Prohibit the school from enrolling any new students;
- Prohibit the school from expanding grade levels;
- Require professional development for leadership staff in areas of concern;
- Appoint a District representative or additional District representative (where there is already an existing District representative) to be an active and voting member of the Charter School's board of directors.

Charter Review (Letter #4): The District will restate the deficiencies and the Charter School's history of failure to correct or address those deficiencies. The District will develop recommendations to revoke the charter or to impose lesser sanctions. The District Board will decide whether to commence revocation proceedings.

Charter Revocation: If the District Board decides to commence revocation proceedings, the District shall schedule a District Board agenda item to hold a public hearing and consider revocation of the charter. The District shall provide written notice to the Charter School of the District's intent to revoke the charter and the facts in support of revocation.

No later than 30 days after providing the notice of intent to revoke the charter, the District shall hold a public hearing on whether evidence exists to revoke the Charter.

No later than 30 days after the public hearing, the District shall issue a final decision on the revocation. The District and the Charter School may agree to extend the date of the issuance of the final decision by an additional 30 days. Any decision to revoke the School's charter shall be based on written factual findings and supported by substantial evidence specific to the Charter School.

If the Charter School's charter is revoked based on the Charter School's failure to meet or pursue any of the student outcomes identified in the charter, or a material violation of any of the conditions, standards, or procedures contained in the Charter, the School shall continue to qualify as a charter school until such time as the Charter School has exhausted any appeals that it elects to pursue under Education Code section 47607(f).

III. Health and Safety

Nothing in the foregoing Process for Charter School Intervention shall impair the District's authority and legal duty to intervene in accordance with the Charter Schools Act and other applicable law, including the authority, pursuant to

Education Code section 47607(d), to revoke the charter immediately if necessary to remedy a severe and imminent threat to the health or safety of the Charter School's students.

Exhibit 11

NOTICE OF INTENT TO REVOKE
Escuela Popular Center for Training and Careers

This Notice of Intent to Revoke will be issued upon approval by the East Side Union High School District Board of Trustees

January 15, 2026

I. BACKGROUND

The East Side Union High School District ("District") Board of Trustees ("Board") initially approved the petition for the establishment of Escuela Popular Center for Training and Careers charter school ("EPCTC" or "Charter School") in 2004. On or about March 22, 2018, the District Board approved the petition to renew EPCTC's Charter for a five-year term from July 1, 2018, through June 30, 2023 ("Charter"). Pursuant to Education Code section 47607.4, EPCTC's Charter was automatically extended through June 30, 2026, by operation of law, and EPCTC's current Charter expires June 30, 2026.

The District and EPCTC also entered into a Memorandum of Understanding ("MOU") on or about July 1, 2018, outlining operating requirements, compliance deadlines, and authorizer and charter school relations. Pursuant to section 3.6.2 of the MOU, "The Charter School shall comply with all District requests for information about the management arrangement that are reasonably related to the District's fulfillment of its supervisorial oversight responsibilities and/or required for evaluation of the Charter School pursuant to the Charter and this MOU."

EPCTC is operated and governed independently by Escuela Popular del Pueblo, a California nonprofit public benefit corporation, and its Board of Directors ("EPDP")

EPCTC has been notified by the District on multiple occasions over the past several months about the credentialing requirements needed for the 2025-26 school year; and in prior communications to the District and verbally to the District Board at its meeting on May 8, 2025, EPDP Leadership acknowledged their awareness of the credentialing requirements effective July 1, 2025, and assured that 100 percent of EPCTC's teaching staff would hold valid California teaching credentials and, where applicable, EL Authorizations, in full compliance with Education Code section 47605(l) and the Charter for the 2025-2026 school year.

Despite receiving multiple written and verbal notices from the District, notifying EPDP Leadership (both the Executive Director and the Board) of credentialing compliance concerns and deficiencies, and EPDP's acknowledged understanding of the requirements, EPDP Leadership has failed to take sufficient corrective actions to address the violations at issue. As a result, and since the District views EPCTC's material violations of its Charter and violations of law as grounds for revocation, on October 16, 2025, the Board approved issuance of a Notice of Violation ("NOV") to EPCTC pursuant to Education Code section 47607. In the NOV, the District identified EPCTC's violations and included all evidence relied upon by the District as Exhibits. In the NOV, the District identified EPCTC's violations, documented specific factual findings, and provided evidence to support each of the legal grounds for revocation. The NOV also provided EPCTC with a reasonable opportunity to respond to and/or remedy the violations by November 17, 2025. *(See NOV and its Exhibits A-O.)*

At the request of EPDP, District staff met with EPDP staff on October 15, 2025, in advance of the October 16 Board meeting to discuss EPDP's questions related to the proposed NOV. At that time, District staff clarified the District's role and obligations as an authorizer is to oversee compliance with the Charter approved by the Board. This was reiterated by Superintendent Vander Zee verbally at the October 16 Board meeting, noting that the District's role in the revocation process is as authorizer, that the decisions made by EPDP and the path towards compliance are to be made by EPDP as authorized by the EPDP Board, and that the District's responsibility as authorizer is to review and assess any refutation and/or response for compliance with the law and the approved Charter.

On November 17, 2025, EPCTC timely submitted its response ("EPCTC Response") to the NOV. *(See EPCTC Response dated 11/17/25 and Exhibits A-K.)*

In its Response, EPCTC asserts that the District is denying the Charter School a reasonable opportunity to remedy the NOV violations, referencing the District's unwillingness to engage in mediation or dispute resolution using the dispute resolution process outlined in the EPCTC Charter before continuing with the charter revocation process. However, as acknowledged in the email and enclosed correspondence from the EPDP Board to the District on or about November 5, 2025, the District is not obligated to participate in the dispute resolution process outlined in the Charter.

Furthermore, as outlined in the NOV and its Exhibits, EPCTC has been afforded multiple opportunities well beyond what the Education Code requires over a several month period to come into compliance with the credentialing requirements specified in Education Code section 47605(l), yet EPCTC has failed to take the actions needed to address its non-compliance and continues to provide instruction to its students using teachers who do not hold the appropriate credential and English Learner Authorization for their teaching assignment as required by the Education Code and its Charter.

II. NOTICE OF INTENT TO REVOKE

District staff have evaluated the EPCTC Response and any supporting evidence, and determined that EPCTC failed to refute to the District's satisfaction, or remedy all the violations identified in the NOV. EPCTC's violations are continuing, including material violations of the Charter and violations of the law. Consequently, District staff recommends that the Board issue this Notice of Intent to Revoke and notice of facts in support of revocation to EPCTC ("NIR") pursuant to Education Code section 47607 and Title 5, section 11968.5.2 of the California Code of Regulations ("Section 11968.5.2").

Upon the Board's determination that EPCTC failed to refute to the District's satisfaction, or take remedial action specific to each of the alleged violations identified in the NOV, it will adopt and issue this NIR to the EPDP Board of Directors based on the grounds for revocation set forth below:

1. EPCTC committed a material violation of the conditions, standards, or procedures set forth in the charter.

2. EPCTC violated any law.

The findings below and substantial evidence in support of issuing the NIR to EPCTC conform to the standards and procedures of Education Code section 47607 and Section 11968.5.2. This report provides the District Board with a summary of the violations identified in the NOV, the EPCTC's Response, and the District staff's analysis of the EPCTC Response and findings.

III. LEGAL AUTHORITY

Per Education Code section 47607(f):

> A charter may be revoked by the chartering authority if the chartering authority finds, through a showing of substantial evidence, that the charter school did any of the following:
>
> (1) Committed a material violation of any of the conditions, standards, or procedures set forth in the charter.
> (2) Failed to meet or pursue any of the pupil outcomes identified in the charter.
> (3) Failed to meet generally accepted accounting principles or engaged in fiscal mismanagement.
> (4) Violated any law.

A chartering authority commences the revocation process with the issuance of a Notice of Violation that includes a reasonable opportunity to remedy the identified violations. (Ed. Code § 47607(g).) Section 11968.5.2(c) outlines the obligations of a charter school governing body once a Notice of Violation is received:

> Upon receipt of a Notice of Violation, the charter school's governing body, as described in the school's charter, if it chooses to respond, shall take the following actions:
>
> (1) Submit to the chartering authority a detailed, written response addressing each identified violation which shall include the refutation, remedial action taken, or proposed remedial action by the charter school specific to each alleged violation; the written response shall be due by the end of the remedy period identified in the Notice of Violation; and
>
> (2) Attach to its written response supporting evidence of the refutation, remedial action, or proposed remedial action, if any, including written reports, statements, and other appropriate documentation.

Per Section 11968.5.2(d), after conclusion of the reasonable opportunity to remedy period specified in the NOV, the chartering authority:

> [S]shall evaluate the response of the charter school's governing body as described in the school's charter response to the Notice of Violation and any supporting evidence, if submitted, and shall take one of the following actions:
>
> (1) If the chartering authority has substantial evidence that the charter school has failed to refute to the chartering authority's satisfaction, or remedy a violation identified in the Notice of Violation, continue revocation of the school's charter by issuing a Notice of Intent to Revoke to the charter school's governing body as described in the school's charter; or

(2) Discontinue revocation of the school's charter and provide timely written notice of such action to the charter school's governing body as described in the school's charter.[1]

On a date no later than 30 days after providing the NIR, the chartering authority shall hold a public hearing in the normal course of business on the issue of whether evidence exists to revoke the charter. No later than 30 days after the public hearing, the chartering authority shall issue a final decision to revoke or decline to revoke the charter, unless the chartering authority and the charter school agree to extend the issuance of the decision by an additional 30 days. (Ed. Code, § 47607(h); Section 11968.5.2(f).)

IV. NOTICE OF FACTS AND FINDINGS IN SUPPORT OF REVOCATION

In addition to, and in support of, the factual bases for issuance of this NIR set forth below, the District incorporates all of the evidence, including supporting documentation, included in the NOV.

A. VIOLATIONS OF LAW

Violations of Law – Failure to Comply with Teacher Credentialing Requirements

1. District NOV Findings

Education Code section 47605(l) provides in part: "Teachers in charter schools shall hold the Commission on Teacher Credentialing certificate, permit, or other document required for the teacher's certificated assignment. These documents shall be maintained on file at the charter school and are subject to periodic inspection by the chartering authority."

The District determined that a significant percentage of EPCTC teachers did not possess the appropriate teaching credential(s) and/or English Learner (EL) Authorization for their teaching assignment and therefore found that EPCTC was not in compliance with California Education Code section 47605(l) as it failed to ensure that all teachers hold a valid California teaching credential(s) with the appropriate EL Authorization for their teaching assignment in violation of Education Code section 47605(l).

The NOV (and its referenced Exhibits) outlined the District's multiple attempts over several months to get EPCTC to come into compliance with the credentialing requirements, and found that EPCTC failed to take the actions needed to address its non-compliance and continued to provide instruction to its students using teachers who do not hold the appropriate credential and EL Authorization for their teaching assignment as required by the Education Code.

[1] If the chartering authority does not act, as specified in Section 11968.5.2(d), within 60 calendar days of the conclusion of the remedy period specified in the NOV, the revocation process is terminated and the NOV is void.

2. EPCTC Response to NOV

In the EPCTC Response, EPCTC acknowledges that all EPCTC teachers must comply with the credentialing requirements specified in Education Code section 47605(l), and asserts that, as of October 16, 2025, EPCTC was in compliance with the requirements of Education Code section 47605(l) and refutes some of the evidence included with the NOV, citing alleged inaccuracies.

Despite EPCTC's refutation of the violation asserted in the NOV, EPCTC represents that it is working to ensure that no teacher is misassigned, and as of November 17, 2025, EPCTC asserts that it has implemented the following remedial plan:

- Resolve all current vacancies (as of November 17, 2025) by the end of January 2026 by replacing the substitute teacher with a credentialed long-term teacher. No substitute teacher will serve longer than 30 days in a classroom.
- Continue the recruitment and hiring effort throughout the remainder of the 2025-2026 school year so that the courses currently taught by teachers working double shifts can also be re-staffed for the 2026-2027 school year
- Implement a Credential Compliance Dashboard by February 20, 2025.
    - Use an automated system that tracks:
        - Credential type and authorization
        - Bilingual authorization status
        - Renewal dates and expiration alerts
        - SEID completion and CALPADS data accuracy
- Develop an Annual Internal Credentialing Calendar by January 23, 2025.
    - Include:
        - Fall assignment review
        - Mid-year audit
        - Spring renewal check
        - Annual leadership training on credential compliance
- Strengthen Credential Knowledge for HR Staff and Leadership
    - Any staff directly involved in credentialing should attend the Annual CCAC (Credential Counselors and Analysts of California) Conference.
    - Any staff directly involved in credentialing should attend all regional training offered by CCAC.
- Strengthen Hiring Practices
    - Include credential verification at the screening stage.
    - Require all candidates to provide preliminary credential documentation before interviews.
    - Create a bilingual teacher hiring strategy targeting credentialed, authorized educators.
- Provide Leadership & Teacher Training on Assignment Monitoring
    - Train leadership and department leads on CTC assignment rules.

- Offer annual refreshers on local assignment options and what can/cannot be used in DLI programs.

- Conduct Quarterly Mini-Audits
  - Review assignments at the start of each quarter.
  - Cross-check the CTC status of each teacher.
  - Update CALPADS staff assignment records regularly.

3. District Analysis of EPCTC Response and Findings

Staff Finding(s): EPCTC Failed to Refute or Remedy this Violation to the District's Satisfaction

As outlined below and in the referenced Exhibits, EPCTC has failed to refute or remedy its violation of the law identified in the NOV to the District's satisfaction. Specifically, EPCTC has failed to take the necessary actions to address its non-compliance and continues to provide instruction to its students using teachers who do not hold the appropriate credential and English Learner (EL) Authorization for their teaching assignment, as required by Education Code Section 47605(l). On October 16, 2025, EPCTC claimed to have 100% of its teachers in compliance with the requirements of Education Code section 47605(l) and their Charter, and refuted the District's claims that EPCTC was in violation of teacher credentialing requirements.

However, the District finds, based on substantial evidence, that EPCTC has failed to refute and/or remedy the violations identified in the NOV to the District's satisfaction.

Evidence Supporting Ongoing Non-Compliance.

9/28/2026 - Re: Candidate Review – Potential STSP in Spanish *(NIR, Exhibit A.)*	• Email communication between the EP HR Manager and ESUHSD Personnel Technician II regarding EPDP's interview of a candidate who does not hold a valid teaching credential or EL Authorization. • The District reiterated that the goal for EPDP is to hire fully credentialed teachers; thus, they should focus on candidates who already have the appropriate teaching credentials before considering applicants who require an emergency credential. Candidates can reapply at a later time once they have completed the necessary requirements and then be reconsidered. Before considering hiring a candidate who requires an emergency credential, we want to ensure that every effort has been made to find a fully qualified teacher.
10/16/25 - EPCTC Presentation at the East Side Union High School Board Meeting	• The EPDP Leadership and attorneys state, as of today [October 16, 2025], that they believe every single teacher in the school holds a credential, certificate, or permit entitling them to teach. The school has made a number of changes, including applying for temporary county certificates and applying for emergency waivers. Evaluating each teacher one-by-one to determine what is it that they needed in order to be able to teach.

	● The EPDP Leadership and attorneys provided the District Board with a binder that is broken out by individual teacher, and behind each teacher's name is the credential, certificate, or permit that entitles them to teach in the state of California. ● The EPDP Leadership and attorneys represented that the binders are evidence of EPCTC being in 100% compliance with Education Code section 47605(l) and its Charter. Specifically, as of October 13, 2025, District staff will find 100% of EPCTC's teachers having a valid California teaching credential(s) with the appropriate EL Authorization for their teaching assignment. ● The EPDP Leadership and attorneys stated that the school needs to understand why there is a disagreement about a staff person being properly credentialed, because they believe the school is now in compliance. They genuinely want to know why so that they can address it. They want to address it. They are trying to address it. If District staff have any questions or findings, they should communicate them directly and quickly, so that the school has the remainder of the cure period to work to address any unresolved issues. ● The EPDP Leadership and attorneys stated that the school board has made the decision to retain a talent search firm to help them identify people who already have clear California credentials. The reason for hiring the talent search firm is to fill those spots with permanent, clear, and fully credentialed teachers. ● The EPDP Leadership and attorneys stated that there was information in the binder being presented to the District Board that District staff is unaware of as of this [October 16, 2025] board meeting that night.
10/17/2025 - Analysis of EP Credential Binder Presented to the District Board *(NIR, Exhibit B.)*	Staff's analysis of the Binder contents, included the following: ● Escuela Popular attorneys represented that EPDP had fifty-four (54) teachers, all of whom had the necessary certifications, authorizations, permits, etc. ● The binder, however, included only fifty (50) names, along with backup documentation. The District identified a total of fifty-eight (58) teachers for EPCTC/EPAFLC. This resulted in eight (8) teachers being unaccounted for, and eighteen (18) teachers identified in the Oct 16 binder that did not appear in EPAFLC and EPCTC's response to the Notice of Probationary status.

	● Escuela Popular Credentialing binder contained two (2) spreadsheets (1 for EPFLC and one for EPCTC) and tabbed sections organized by staff name, certifications, authorizations, permits, etc. ● An incomplete credentialing binder was provided to the District Board. Eighteen (18) persons identified in the Oct 16 binder do not appear in the binder when comparing to EPDP's response to the Notice of Probationary status.[2] ● A total of thirty-one (31) teachers were identified. ● A total of four (4) additional teachers were identified on the master schedule, but was not provided in the binder. ● Twenty-Six (26) teachers were identified as fully credentialed. ● Eight (8) teachers were identified as 30-day substitute teachers and are unable to obtain an EL Authorization. ● Three (3) out-of-compliance teacher, due to expired credentials or EL Authorizations. ● Four (4) teachers are listed on the master schedule for EPCTC/EPAFLC that were not included in the binder. ● Three (3) teachers were identified as having a one-year emergency waiver, permit, or authorization.
10/27/2025 - EPCTC Charter Renewal Visit Credential Analysis Email Communication to EPCTC (*NIR, Exhibit C.*)	Staff findings included the following: ● During the 2024-25 oversight process, the District had the following findings. ○ Ten (10) out of 30 teaching positions are filled with a substitute with a 30-day substitute permit. ○ Nine (9) out of 30 teaching positions are filled with a substitute without an EL Authorization. ● ECPTC has a high number of 30-day substitutes. ● EPCTC has a high number of 30-day substitutes who lack the expertise and EL Authorization to teach EPCTC's student population, as outlined in EPCTC's charter. ● EPCTC continues to interview candidates who do not possess a valid teaching credential and EL authorization, despite continual reminders from District Staff regarding EPCTC's actions as outlined

[2] Binders submitted by EPDP and their counsel on October 16, 2025, contained inconsistent content and multiple copies were incomplete (missing documents).

	in their action plan, as stated in their Notice of Probationary Status and Notice of Violation. ● EPCTC has not hired new teachers who have a valid teaching credential or EL Authorization.
11/4/2025 - NBC Bay Area News Broadcast	Patricia Regurin, EPDP Executive Director, stated during the interview: ● Prior to 2019, Charter schools could have non-core elective classes taught by non-certificated teachers. Schools had five years to comply. Beginning in June of this year, a new law requires that even those teaching ESL classes need a certificate to comply with the law. ● 67% of EPDP teachers are fully credentialed.
11/17/2025 - Fox 2 KTVU News Broadcast	● During an interview with Fox 2, an EPDP representative stated that EPDP believes it has fixed the problem. They used a talent acquisition firm to hire more teachers, asked teachers to double up on classes, and paid teachers to obtain teaching credentials.
11/17/2025 - Escuela Popular CTC Response to Notice of Violation *(NIR, Exhibit D.)*	See the above section 2, EPCTC Response to NOV.
11/17/2026 - EP Substitute Vendor Contract and Credential Email Communication 11.17 *(NIR, Exhibit E.)*	● Email communication between EP Leadership and the Coordinator of Charter School Oversight regarding the date by which the District will be able to receive the contact information and credentials for substitutes employed by Vertex Education. ● EP failed to provide a date or the requested documentation.
12/2/2025 - EP New Hire Email Communication 12.2 *(NIR, Exhibit F.)*	● Email communication between the EP HR Manager and the Coordinator of Charter School Oversight regarding EPDP's interview of a candidate who does not hold a valid teaching credential or EL Authorization. ● The District reiterated that EPCTC should seek and hire candidates who are credentialed for the teaching assignment(s) for which they are assigned. As previously stated, hiring 30-day substitutes to replace existing vacancies only results in EPCTC and EPAFLC maintaining the current level of vacancies, rather than reducing the number of vacancies. This approach to staffing does not allow EPCTC and EPAFLC to demonstrate to the District that they are making adequate progress in addressing the District's concerns outlined in the notification of probationary status dated August 29, 2025, and the Notice of Violation.

12/11/2025 - Failure to Provide Access to Information for Charter Oversight and Renewal in a Timely Manner 12.11.2025	Notice of Concern sent to the EPDP Board outlining three instances in which the Executive Director of the Charter Schools, Patricia Reguerin, (the "Executive Director") has failed to provide timely access to the requested information and resources necessary for the District to conduct its required oversight function and charter renewal process. Resulting in delays that hinder the District's statutory oversight responsibilities and place the Charter Schools at risk of noncompliance. Below are the three instances cited: ● Delay in Providing User Credentials and Access to PowerSchool Student Information System ● Delay in Providing Contracts of All EPCTC Employees ● Delay in Providing a Private Room and Staff Meeting Schedule for Annual Oversight Visit on November 18, 2025
1/13/2026 - EP Internal Substitute Tracker *(NIR, Exhibit G.)*	Staff findings included the following: ● The substitute tracker is not up to date. Last entry was dated 12.11.2025 ● Two (2) of the 30-day substitute teachers were out of compliance in their current assignment by remaining in their current position for more than 30 days. ● Twelve (12) of the 30-day substitute teachers are within 10 days of being out of compliance in their current assignment by remaining in their current position for more than 30 days.

Progress Status on EPCTC's Probationary Status Action Plan Goals

In EPCTC's response to the Notice of Probationary Status letter from the District dated August 28, 2025, EPCTC included a Corrective Action Plan (CAP) to address credentialing deficiencies (*See NOV, Exhibit H.)* The following tables include the stated action and date by which EPCTC indicated they would complete the action in the CAP, and the District's findings regarding the status of completion of each respective action as of 1/13/26.

Goal 2 Action Plan: Ensure that 100% of EPCTC teaching staff hold valid California teaching credentials and, where applicable, EL Authorizations, in full compliance with Education Code §47605(l) and the Charter.

Action	Completion Date	Status as of 1.13.2026
Conduct a full audit of all current teachers' credentials and EL authorizations	Sept. 8, 2025 & Ongoing	Undetermined (No Evidence Provided to the District by EPCTC)
Submit credential audit results to the District.	Sept. 15, 2025	Completed
Submit emergency credential/permit applications through ESUHSD HR (Haydee Cisneros).	Sept. 15, 2025 & ongoing	Partial
Reassign or replace any teachers lacking valid credentials/authorizations. Classes will be reassigned with teachers who hold a valid teaching credential and EL authorization ● Reaching out to known contacts who may be interested in these roles ● Recruiting HR Manager, retired teachers who are qualified for the positions and interested in work hours ● Filling the positions with 30-Day Substitute Teachers, only as needed, while recruiting efforts are ongoing Teachers who hold a TCC will be reassigned or replaced if their CTC application is denied. Re-assign employees to non-credentialed roles who have been identified as misassigned, to the extent such roles are available. ● CTE credentialed teachers teaching ELD Courses will be reassigned to serve as the paraprofessionals supporting the primary teacher.	Sept. 29, 2025 & Ongoing	Partial (Some classes were reassigned to 30-day substitutes who are not available to obtain EL-Authorizations) No evidence provided on re-assignment of employees to non-credentialed roles. Non-credentialed teachers were identified during the Oversight Visit as delivering instruction while the substitute teacher was seated in the classroom.
Post various positions and actively recruit credentialed teachers. Hire Credential Analyst (1) Hire Talent Recruitment Specialist (1), Recruiters (2)	September 8, 2025	Undetermined (No Evidence Provided to the District by

		EPCTC)
Provide coaching/support for teachers completing credential or EL Authorization requirements.	Oct. 1, 2025	Undetermined (No Evidence Provided to the District by EPCTC)
Conduct a full credential compliance audit and report results to the District.	February 2026	Pending

Goal 2 Action Plan: Implement a fully compliant Designated ELD instructional program in accordance with Education Code §47605(l) and the Charter.

Action	Completion Date	Status as of 1.13.2026
Assign credentialed teachers with EL Authorization or CTC-approved documentation to each ELD course.	Sept. 16, 2025 & Ongoing	Completed (Four (4) 30-day substitutes who are unable to obtain an EL Authorization)
Monitor and support the ongoing implementation of the ELD program.	By October 1, 2025, all ELD classes will be staffed with credentialed teachers, with quarterly monitoring in place to ensure ongoing compliance."	Completed (Four (4) 30-day substitutes who are unable to obtain an EL Authorization)

EPCTC's Notice of Violation Remediation Plan – Progress Status

The following table shows EPCTC's stated action and date by which EPCTC indicated they would complete the action as stated in its Remediation Plan included in its response to the NOV, and the District's findings regarding the status of completion of each respective action as of 1/13/26.

Action	Completion Date	Status as of 1.13.2026
Resolve all current vacancies (as of November 17, 2025) by the end of January 2026 by replacing the substitute teacher with a credentialed long-term teacher. No substitute teacher will serve longer than 30 days in a classroom.	Part I: November 17, 2025 Part II: End of January 2026	Part I: Completed (Unclear of the definition of "resolve") Part II: Pending (Only one (1) new hire has been processed with a valid teaching credential and EL Authorization)
Continue the recruitment and hiring effort throughout the remainder of the 2025-2026 school year so that the courses currently taught by teachers working double shifts can also be re-staffed for the 2026-2027 school year.	Ongoing	Undetermined (No plan, timeline, or tracker has been provided to the District by EPCTC)
Implement a Credential Compliance Dashboard by February 20, 2025. Use an automated system that tracks: ▪ Credential type and authorization ▪ Bilingual authorization status ▪ Renewal dates and expiration alerts ▪ SEID completion and CALPADS data accuracy	February 20, 2025* *Year is incorrect. Should be 2026.	Undetermined (No Evidence Provided by EPCTC)
Develop an Annual Internal Credentialing Calendar by January 23, 2025. Include: ▪ Fall assignment review ▪ Mid-year audit	January 23, 2025* *Year is incorrect. Should be 2026.	Undetermined (No Evidence Provided by EPCTC)

▪ Spring renewal check ▪ Annual leadership training on credential compliance		
Strengthen Credential Knowledge for HR Staff and Leadership ▪ Any staff directly involved in credentialing should attend the Annual CCAC (Credential Counselors and Analysts of California) Conference. ▪ Any staff directly involved in credentialing should attend all regional training offered by CCAC.	No Date Provided	Undetermined (No Evidence Provided by EPCTC)
Strengthen Hiring Practices ▪ Include credential verification at the screening stage. ▪ Require all candidates to provide preliminary credential documentation before interviews. ▪ Create a bilingual teacher hiring strategy targeting credentialed, authorized educators.	No Date Provided	Not Implemented (EP continues to screen, interview, and hire candidates without valid teaching and/or EL Authorizations despite repeated communication from District staff regarding adherence to this action goal)
Provide Leadership & Teacher Training on Assignment Monitoring ▪ Train leadership and department leads on CTC assignment rules. ▪ Offer annual refreshers on local assignment options and what can/cannot be used in DLI programs.	No Date Provided	Undetermined (No Evidence Provided by EPCTC)
Conduct Quarterly Mini-Audits ▪ Review assignments at the start of each quarter. ▪ Cross-check the CTC status of each teacher. ▪ Update CALPADS staff assignment records regularly.	No Date Provided	Undetermined (No Evidence Provided by EPCTC)

The District has analyzed all evidence submitted with EPCTC's response to the NOV, including the remedial plan outlined in EPCTC's response, and EPCTC's continued failure to ensure that all of its teachers hold a valid California teaching credential(s) with the appropriate EL Authorization for their teaching assignment. Accordingly, the District has determined that EPCTC failed to refute or remedy this violation to the satisfaction of the District.

B. VIOLATIONS OF CHARTER

Violation of Charter – Teacher Credentialing Requirements

1. District NOV Findings

The Assurances included in the EPCTC Charter expressly state that EPCTC:

> 9. Will meet all requirements for employment set forth in applicable provisions of law, including, but not limited to, credentials, as necessary.
>
> 10. Will ensure that teachers in the school hold a Commission on Teacher Credentialing certificate permit, as required by law.

Element 5, "Employee Qualifications" in the Charter (p. 30) also provides:

> EPCTC retains and employs teaching staff who hold appropriate California teaching certificates, permits, or other documents issued by the Commission on Teacher Credentialing.

As outlined by the evidence provided in the NOV and its Exhibits, the District found that by failing to ensure that all of its teachers hold a valid California teaching credential(s) with the appropriate EL Authorization for their teaching assignment, EPCTC violated the conditions set forth in its Charter.

2. EPCTC Response to NOV

In the EPCTC Response, EPCTC acknowledges that the EPCTC Charter specifically states that Education Code section 47605(l) is the applicable credentialing standard, and that the references to the credentialing requirement in the Charter identified in the NOV are simply a requirement that EPCTC comply with California credentialing law in its assignment of teachers to courses. EPCTC then asserts, for the reasons it provided in response to the violation of law identified in the NOV, that as of October 16, 2025, EPCTC was in compliance with the requirements of Education Code section 47605(l).

After refuting the Charter violation identified in the NOV, EPCTC represents that it is working to ensure that no teacher is misassigned, and that, as of November 17, 2025, EPCTC has implemented the remedial plan outlined above.

Staff Finding(s): EPCTC Failed to Refute or Remedy this Violation to the District's

The District hereby incorporates its findings above regarding Violation of Law regarding teacher credentialing requirements in support of its findings and determination that EPCTC has failed to refute or remedy its violation of its Charter to the District's satisfaction.

In addition to the content identified above, the description of EPCTC's educational program under Element 1 of its Charter states the following about its program and the student population it serves:

- "The majority of EPCTC's students have either never attended traditional schools or were unsuccessful in traditional schools because of their unique needs." (p. 5)

- "Students have had interrupted cycles of education in the United States and/or in their home countries." (p. 5)
- "The majority of EPCTC students come to the school performing well below grade level in Language Arts and Mathematics." (p. 5)
- "Description of Instructional Approaches and Strategies: EPCTC is achieving its mission by implementing strategically selected practices, concepts, and models. The design of this charter school is based upon the collection of best practices and experiences of the founding members, who have over 75 years of experience and training working with this target population. In addition, EPCTC draws upon the expertise of the CTC staff to codevelop relevant, engaging job skills courses that complement the academic program and provide the target population with the skills and habits they need to enter a highly-skilled workforce. Below are the core practices, concepts, and models that EPCTC employs." (p. 9)
- "Many of EPCTC's students are native Spanish speakers with a great need for intensive English language development. Therefore, the curriculum calls for pre-literacy intensive English instruction, where students are routinely assessed on English language development and grouped based upon their language proficiency. As their proficiency develops, multiple content areas such as Social Studies and Sciences, are introduced with primary language support." (p. 9)
- "EPCTC recruits, trains, and retains bilingual teachers who share a common philosophy and are dedicated to being successful with English language learners, which comprises the majority of the neighborhood community." (p. 14)
- "EPCTC attempts to diagnose and discover the academic strength and level of each student, and build individual academic plans that are appropriate to their needs. EPCTC focuses upon:
  • intensive English language development instruction with conceptual and primary language support (Spanish)
  • continuous and routine assessment of English language development
  • student-responsive scheduling based on academic level
  • individualized academic plans
  • college and workforce preparation
  • upon achieving an emerging level of English language development, then transitioning to multiple disciplinary studies.
  • developing bilingual and bi-cultural students" (p. 11)
- "Students who are recent immigrants and for whom the U.S. school experience is new and intimidating. Students' primary language is Spanish." (p. 36)

The demographics and specific needs of its students, as identified in the EPCTC Charter, underscore the importance of having high-quality teachers with in-depth training in supporting students with limited English proficiency. To comply with its Charter, all EPCTC teachers are required to possess a Cross-Cultural, Language, and Academic Development (CLAD) Authorization. While 30-day substitute teachers may play a limited role in short-term coverage, the District believes that they are not qualified to serve as a primary instructional solution for EPCTC due to the complex linguistic, academic, and social-emotional needs of the student population being served, as outlined in the Charter.

First, EPCTC serves an almost entirely English Learner population that requires specialized, authorized instruction. Data cited in the Charter identifies that 99.2% of students are English Learners, many of whom are adult newcomers, monolingual Spanish speakers, and students with interrupted or limited formal education. Instruction for this population requires Designated and Integrated English Language Development, language objectives aligned to content standards, SDAIE strategies, and consistent scaffolding. EPCTC serves students who experience extreme transiency, with stability rates as low as 11-

22%, compared to 86% in the district and 91% statewide. Many students enroll on a rolling basis, balance employment and parenting, and may only remain enrolled for limited periods.

For these students, every instructional day matters. Thirty-day substitutes, by definition, provide temporary coverage and are not positioned to:

- Develop individualized academic plans,
- Monitor English language growth,
- Adjust instruction based on ongoing assessment data,
- Participate meaningfully in MTSS, SST, or credit recovery planning.

This lack of continuity, due to the 30-day classroom limit, undermines the EPCTC's instructional program as described in its Charter because it is unable to replicate or sustain the instructional practices necessary for producing the desired academic outcomes.

Furthermore, 30-day substitutes are not required to hold an EL Authorization and therefore lack the formal training and authorization needed to provide English Learner instruction legally and effectively at the scale outlined in EPCTC's Probationary Status CAP and the remedial plan in EPCTC's response to NOV. (EPCTC is a school where EL instruction is the norm rather than the exception; relying on non-EL-authorized substitutes would deny students access to the curriculum outlined in the Charter and raise concerns about equity and compliance.

As outlined by the evidence provided above and attached as Exhibits, the educational program and instructional model described in the Charter, its student population served, and the instructional model written in EPCTC's Charter, requires EPCTC to ensure that all of its teachers hold a valid California teaching credential(s) with the appropriate EL Authorization for their teaching assignment and to have a reliance on a revolving of 30-day substitute teachers.

Additional findings in support of the District's determination include:

1. EPCTC has failed to sufficiently refute or remedy the violations to the District's satisfaction. EPCTC has identified a total of thirty (30) teachers, of which:

    - Only fifteen (15) teachers were identified as fully credentialed;
    - Seven (7) 30-day substitute teachers are unable to obtain an EL Authorization;
    - Nine (9) teachers were identified as having a one-year emergency waiver, permit, or authorization, and one out-of-compliance teacher, due to EPCTC not providing any credentialing information, has been provided to the District.

    Furthermore, EPCTC is out of compliance with Education Code section 47605(l) and its Charter due to having one out-of-compliance teacher being staffed by a third-party substitute agency and seven (7) 30-day rotational substitute teachers who are unable to obtain an EL Authorization.

2. EPCTC has failed to comply with Education Code section 47605(l) and its Charter by providing sufficient documentation of rotating all 30-day substitute teachers. The District has identified two (2) of the 30-day substitute teachers who are out of compliance in their current assignment by remaining in their current position for more than 30 days, and twelve (12) of the 30-day substitute

teachers are within 10 days of being out of compliance in their current assignment by remaining in their current position for more than 30 days. Additionally, EPCTC has failed to maintain its internal substitute tracker; the last entry in the tracker is dated November 12, 2025. Furthermore, the substitute tracker is missing days, which hinders the District's ability to identify who is actually the teacher in the classroom.

3. EPCTC has publicly provided inconsistent and, at times, contradictory information regarding the current credentialing status and progress of its teachers. This inconsistency and absence of information have resulted in the District being unable to adequately monitor the progress of EPCTC's Probationary Status action plan and the NOV response remedial plan. EPCTC has not made satisfactory progress in demonstrating its ability to recruit, hire, and onboard teachers who possess a valid teaching credential and EL authorization for their teaching assignment.

4. Thirty-day substitute teachers are designed to address temporary staffing gaps, not to serve as a solution to filling vacancies for an entire school year, where:

    - Over 99% of students are English Learners,
    - Students are facing extraordinary linguistic, academic, and social barriers, and
    - Instruction must be specialized, continuous, and relationship-based to be effective.

For EPCTC and the student population it serves, qualified, credentialed, and EL-authorized teachers are essential, not optional. Reliance on 30-day substitutes undermines the quality of instruction, disrupts continuity of instruction, and fails to meet the documented needs of the students the school is legally obligated to serve.

Accordingly, the District has determined that EPCTC failed to refute or remedy this violation to the satisfaction of the District.

V. CONCLUSION

The District Board has determined, based on substantial evidence, that EPCTC has failed to refute or remedy to the District's satisfaction all the violations set forth in the NOV. Accordingly, the District Board hereby issues this **Notice of Intent to Revoke** to EPDP as the governing body of EPCTC.

PLEASE TAKE NOTICE that a public hearing regarding the revocation of EPCTC Charter will be held at a special meeting as follows:

Date:	**February 5, 2026**
Time:	**6:30 p.m.**
Location:	**East Side Union High School District** **830 N. Capitol Avenue** **San Jose, California**

The District Superintendent or designee shall send the Notice of Intent to Revoke to:

Good afternoon Cindy,

Based on my understanding, the communication with Escuela and the District centers on hiring credentialed teachers. Given that the goal is to hire fully credentialed teachers, I recommend focusing on candidates who already have the appropriate teaching credentials before considering applicants who require an emergency credential.

I would not move forward with this candidate, as they do not hold a credential at the time of applying. This candidate can reapply at a later time once they have completed the necessary requirements and then be reconsidered.

Can you provide the following information to us:

How long has the job posting been up?
How many applications have been submitted? - Can we get a copy of those applications
How many candidates have been considered for the position?
Have you interviewed for this position?
Where have you advertised this position? ex. EdJoin, career fairs, universities, etc.

Before you consider hiring a candidate who requires an emergency credential, we want to be sure that every attempt to find a fully qualified teacher has been executed.

thank you,

Hello Haydee,

Thank you for your email and guidance regarding this position.

We will not be hiring this candidate as a Teacher at this time. Instead, we plan to bring them on as a Teacher Substitute (so long as they have a 30-day Substitute Permit) and transition them into a Teacher role once they have obtained their credential.

Per your request, here is the information regarding our recruitment efforts for this position:

- How long the job posting has been up: The posting has been live since the second week of September.
- Number of applications submitted: We have received several applications, and I will share our applicant tracking spreadsheet with you for your review.
- Number of candidates considered: Please refer to the candidate tracking folder.
- Interviews conducted: Yes, please review the candidate tracking folder.
- Where we have advertised the position: The job posting has been advertised on EdJoin and on our school's website. We are also looking to post the position in other locations and are working with other hiring organizations that may be able to assist us in recruitment.

We will continue to make every effort to find a fully credentialed teacher before considering emergency credential routes. Please let me know if you need any additional information or documentation.

Thank you for your continued support and guidance.

Best regards,
Cindy

Aloha Cindy,

In an effort to ensure the District and EP are aligned on the credentialing status following CTC's Oversight Visit, I am sharing with you viewer access to our internal tracker. Please note, a condition of CTC and AFLC's Status of Probation is of the following:

a. Any changes to teaching staff must be reported to the District in writing within **five (5) business days** of hire or separation. For each new hire, EPL must include with its written report to the District official documentation demonstrating a valid credential(s), and EL Authorization for **all** teaching staff.

The District has been informed of three new hires: 1) Sally M, 2) Rob H, and 3) Jennifer P.

Please confirm that the information on our tracker is accurate by the end of the day on **Wednesday, November 12, 2025**. This information will be used to determine final credentailing status for EPCTC's Oversight Visit on October 27th.

Please let me know if you have any questions or see any changes that need to be made.

Hi Phillip,

Thank you for sharing the tracker and the reminder regarding reporting requirements.

Please see the attached spreadsheet with my comments and updates highlighted in blue. After reviewing, I can confirm that we have only had two new hires; Rob H. and Jennifer P.

Sally M. is not a new hire. She is currently working in the AM as a Special Education Teacher and assisting as a substitute in the PM CTC program, but she was hired prior to this school year.

Please let me know if you have any questions or need additional documentation.

Best regards,
Cindy

November 17, 2025

Dear Superintendent Vander Zee,

This letter, along with the enclosed exhibits, constitutes Escuela Popular's official response to the Notice of Violation for Escuela Popular Center for Training and Careers (EPCTC), which was approved at the East Side Union High School District's October 16, 2025 Board Meeting. This response has been approved for submission to the District by the Escuela Popular Board of Directors.

Within this response, please find Escuela Popular's demonstration of EPCTC's compliance with the credentialing requirements of Education Code section 47605(l) as of the October 16, 2025 District Board Meeting. Please also find Escuela Popular's refutation of information upon which the District based its previous findings regarding EPCTC credentialing.

Response to Claimed Violation of Law- EPCTC's Compliance with Education Code section 47605(l)

In its October 16, 2025 Notice of Violation issued to EPCTC, the District claimed the following violation of law:

> Education Code section 47605(l) provides in part: "Teachers in charter schools shall hold the Commission on Teacher Credentialing certificate, permit, or other document required for the teacher's certificated assignment. These documents shall be maintained on file at the charter school and are subject to periodic inspection by the chartering authority."
>
> The District has determined that a significant percentage of EPCTC teachers do not possess the appropriate teaching credential(s) and/or English Learner (EL) Authorization for their teaching assignment, and therefore, EPCTC is not in compliance with California Education Code section 47605(l). Failure to ensure that all teachers hold a valid California teaching credential(s) with the appropriate EL Authorization for their teaching assignment violates Education Code section 47605(l).

However, as of the October 16, 2025 District Board Meeting, the data demonstrates EPCTC was in compliance with the requirements of Education Code section 47605(l). Copies of the credential documents for Escuela Popular's teachers are enclosed as Exhibit A. Power School screen shots of the mid-October 2025 master schedules for both schools are enclosed as Exhibit B. The following are the EPCTC teachers with active assignments as of the evening of October

16, 2025, along with their respective credentials and an analysis of compliance with Education Code section 47605(l) on that date:

1. **Cantera, Adan**

    c. Explanation of Compliance:
        i. Single Subject Teaching Credential in Physical Education authorizes teaching Physical Education
        ii. A Single Subject Teaching Credential "authorizes the holder to teach the specific subject(s) named on the credential in departmentalized classes, such as those in most middle schools and high schools, in grades preschool, K-12, or in classes organized primarily for adults" (see Exhibit C; Ed. Code, § 44258)
        iii. BCLAD/ Bilingual Authorization authorizes teaching courses designed for English Learners (see Exhibit C; 5 CCR § 80015.2 (c))
        iv. The TCC for BCLAD counts for this because a Temporary County Certificate (TCC) is a "Commission on Teacher Credentialing **certificate**, permit, or other document" for purposes of Ed Code 47605(l) (emphasis added)

21. Torres Hermosillo, Hortencia

a. Teaching Assignment:
   i. Study Skills
   ii. ELD
b. Credentials:
   i. Variable Term Waiver in Physical Education
   ii. Emergency 30-Day Substitute Teaching Permit
   iii. Pending Application for Short Term Staffing Permit in Social Science with EL Authorization/ CLAD (TCC approved by SCCOE)
c. Explanation of Compliance:
   i. Short Term Staffing Permit in Social Science with EL Authorization/ CLAD authorizes teaching ELD
   ii. CTC does not require a particular underlying teaching credential to teach ELD, as long as it is a type of teaching credential that is allowable as a

prerequisite to get the BCLAD or EL Authorization (see 5 CCR § 80015.2 (b)(1))

iii. This teacher can use these credentials because of the TCC approved by SCCOE while the application is pending
iv. A Temporary County Certificate (TCC) is a "Commission on Teacher Credentialing **certificate**, permit, or other document" for purposes of Ed Code 47605(l) (emphasis added)
v. A Short Term Staffing Permit is also a "Commission on Teacher Credentialing certificate, **permit**, or other document" for purposes of Ed Code 47605(l) (emphasis added)
vi. "A Single Subject Short-Term Staff Permit with an English learner authorization authorizes the same service as a Single Subject Teaching Credential with an English learner authorization." (5 CCR § 80021 (e)(3))
vii. This teacher is also credentialed to teach Study Skills per CTC's CALPADS course codes (see Exhibit D)

22. Villalvazo Rodriguez, Luis David

a. Teaching Assignment:
    i. CCSS Integrated Math
b. Credentials:
    i. Variable Term Waiver in Math with EL Authorization (TCC approved)
c. Explanation of Compliance:
    i. A Variable Term Waiver is a "Commission on Teacher Credentialing certificate, permit, or other document" for purposes of Ed Code 47605(l)
    ii. Variable term waivers are waiver requests that are reviewed by Commission staff and acted upon by the Commission at a regularly scheduled meeting (see Exhibit C, p. EP-113)
    iii. A Temporary County Certificate (TCC) is also a "Commission on Teacher Credentialing **certificate**, permit, or other document" for purposes of Ed Code 47605(l) (emphasis added)
    iv. An individual with a TCC is authorized to teach in the assignment for the pending credential under Ed Code 44332
    v. EL Authorization authorizes teaching courses designed for English learners (see Exhibit C; 5 CCR § 80015.2 (b))

23. Vacancies as of October 16, 2025[2]

a. Teaching Assignments:
   i. Physical Education
   ii. Four (4) ELD Assignments
   iii. Study Skills
b. Credentials:
   i. Emergency 30-Day Substitute Teaching Permit
c. Explanation of Compliance:
   i. Vacant courses are staffed by various instructors with Emergency 30-Day Substitute Teaching Permits
   ii. An Emergency 30-Day Substitute Teaching Permit is a "Commission on Teacher Credentialing certificate, permit, or other document" for purposes of Ed Code 47605(l)
   iii. A sub permit authorizes teaching in "any classroom" per 5 CCR § 80025
   iv. An EL Authorization or BCLAD is not needed if teaching on an Emergency 30-Day Substitute Teaching Permit ("any classroom" includes specialized classrooms such as special education and English learner classrooms) See 5 CCR § 80025

Commission on Teacher Credentialing (CTC) webpages explaining the different types of credentials, permits, and authorizations are enclosed as Exhibit C. The relevant CTC CALPADS course codes are enclosed as Exhibit D. CALPADS is an online tool that the CTC offers to instruct school administrators about which credentials can be used to teach which courses. A key explaining the different acronyms for credentials is enclosed as Exhibit E.

Response to Claimed Violation of Charter- EPCTC's Compliance with the Credentialing Requirements of its Charter, which Mirror Education Code section 47605(l)

In its October 16, 2025 Notice of Violation issued to EPCTC, the District claimed the following violation of the school's charter:

EPCTC has violated the following conditions, standards, or procedures set forth in the Charter:

The Assurances provided in the Charter expressly state that EPCTC:
9. Will meet all requirements for employment set forth in applicable provisions

[2] In its October 16, 2025 spreadsheet, Escuela Popular organized its data by teacher and included the name and credential for substitute teachers covering vacant courses. This may have created confusion. Escuela Popular has remedied this by ensuring that courses staffed by substitute teachers are labeled as "vacancies" instead of listing the substitute teacher's name. This has also been corrected on PowerSchool.

of law, including, but not limited to credentials, as necessary.
10. Will ensure that teachers in the school hold a Commission on Teacher Credentialing certificate permit, as required by law.

Element 5, "Employee Qualifications" in the Charter (p. 30) also provides:
EPCTC retains and employs teaching staff who hold appropriate California teaching certificates, permits, or other documents issued by the Commission on Teacher Credentialing.

The Notice of Violation states that EPCTC has violated these terms of its charter "by failing to ensure that all of its teachers hold a valid California teaching credential(s) with the appropriate EL Authorization for their teaching assignment." This credentialing requirement, as articulated in the charter, is simply a requirement that the school comply with California credentialing law in its assignment of teachers to courses. The charter specifically states that Education Code section 47605(l) is the applicable credentialing standard.

For the reasons stated above, the data demonstrates EPCTC was in compliance with Education Code section 47605(l) as of October 16, 2025. The school's charter does not require its teachers to hold credentials above and beyond what is mandated by Education Code section 47605(l).

Refutation of District's Evidence in Notice of Violation

Some of the evidence attached to the District's Notices of Violation for EPCTC and EPAFLC contains incorrect information. The following is a list of some of these inaccuracies, along with citations to evidence:

Inaccuracies in Exhibits to Notice of Violation:

- The March 26, 2025 letter from the District claimed that Adriana Cruz did not have a BCLAD. In reality, Adriana Cruz Gonzalez (which is her full name) has a Clear Single Subject Teaching Credential in English, with the EL Authorization/CLAD, which authorizes teaching the English classes designed for English learners. She does not need a BCLAD for this (see Exhibit F).
- The October 2, 2025 letter from the District claimed that, as of September 18, 2025, only nine (9) out of thirty-six (36) teachers at EPCTC had a valid teaching credential and EL authorization for their teaching assignment and claimed this meant that 75% of EPCTC's teachers did not have a valid teaching credential and EL Authorization for their assignment at that time. **This is misleading**. In reality, Escuela Popular had to re-staff its

CTE courses mid-year in response to the District's insistence that Escuela Popular not include any CTE courses at either of its schools. The District had required that Escuela Popular present a plan for this by September 15, 2025, and Escuela Popular did produce a Corrective Action Plan by that date, indicating a rollover date of September 29, 2025 for Escuela Popular to make the corrections. The September 15, 2025 Corrective Action Plans for both schools are enclosed as Exhibit G. Given this, of course if the District checked on September 18, 2025, the corrections may not all have been made yet. The District did not consider the teachers with CTE credentials to be "properly credentialed" for any course at the school, because it did not acknowledge the CTE courses as valid. The September 29, 2025 rollover date for the new ELD courses proposed in the Corrective Action Plan had not happened yet as of September 18, 2025.

- Additionally, the District's assertion that only 9 out of 36 teachers at EPCTC had valid credentials for their assignments on September 18, 2025 is **factually inaccurate**. At the October 16, 2025 Board Meeting, the District presented a September 18, 2025 document titled "EPAFLC & EPCTC 2025-2026 Teacher Credential Analysis Tallys" (enclosed as Exhibit H). This document contains errors—for example:
    - It says "None" in the "Teaching Credential" column for Maria G. Hernandez (see Exhibit H). However, Maria Guadalupe Hernandez actually has a Clear Single Subject Teaching Credential in Foundational Level Mathematics, a BCLAD/ Bilingual Authorization, and a Clear Multiple Subject Teaching Credential (see Exhibit A, p. EP-38-39).
    - It says Alejandra Almanza was a teacher at both schools, when she was really only a teacher at EPCTC and not EPAFLC.
    - It says "None" in the teaching credential column for Aaron Gonazlez. This is inaccurate. According to the CTC website, Aaron Raul Gonzalez had a STSP for biological sciences effective August 1, 2025 through July 1, 2026 (see Exhibit A, p. EP-31). There are multiple "Aaron Gonzalez" teachers in California listed on the CTC website.
    - It says "Partially" in the credential status column for Michael J. Kinne and indicates that he did not yet have a GELAP. This is inaccurate. According to the CTC website, Michael Kinne had a GELAP for Art effective August 1, 2025 through September 1, 2026 (see Exhibit A, p. EP-44).
    - It lists Juan Marquez as teaching P.E. at both schools, when Juan Marquez is actually a paraprofessional.
    - It lists Sandra Rodriguez as teaching Basic Computer Skills, Study Skills, and Study Hall at both schools, when Ms. Rodriguez had already been removed from the classroom as of September 18, 2025.
    - It indicates that Ethan Stanton needs the BCLAD (BASP). This is inaccurate. Ethan Stanton does not teach in the dual immersion/bilingual program, so he does

not need a BCLAD. He has an EL Authorization to teach classes for English learners at both schools (see Exhibit A, p. EP-80).

- It indicates that Magali Tapia needs the BCLAD (BASP). This is inaccurate. Magali Tapia does not teach in the dual immersion/bilingual program and does not need a BCLAD. The EL Authorization allows this teacher to teach classes for English learners at both schools (see Exhibit A, p. EP-82).
- The spreadsheet is inaccurate as to Hortencia Torres Hermosillo. According to the CTC website, Ms. Torres Hermosillo actually had a Variable Term Waiver TCC for Physical Education effective August 1, 2025 through September 30, 2025 (see Exhibit A, p. EP-84). The Physical Education position became a vacancy, but she was authorized to teach that course as of September 18, 2025. Ms. Torres Hermosillo also has a Career Technical Education (CTE) Credential, which authorized her to teach the previous CTE course. Ms. Torres Hermosillo now has a Social Sciences STSP TCC with EL Authorization (see Exhibit A, EP-85).
- The spreadsheet says "None" in the teaching credential column for Luis Villalvazo. This is inaccurate. According to the CTC website, Luis Villalvazo had a Short-Term Staffing Permit for Math effective August 1, 2025 through August 1, 2026 (see Exhibit A, p. EP-89).
- The spreadsheet only says "Sub" in the teaching credential column for Cristina Cisneros. This is inaccurate. Ms. Cisneros has a CTE Credential effective April 2025 through May 2028. This instructor was no longer assigned to teach this course after the CTE courses were removed from the schedule by September 29, 2025 (see Mid-October 2025 Master Schedules enclosed as Exhibit B).
- The spreadsheet says "None" in the teaching credential column for Angelica Duarte. This is inaccurate. Ms. Duarte has a CTE Credential effective June 2025 through July 2028. This instructor was no longer assigned to teach this course after the CTE courses were removed from the schedule by September 29, 2025 (see Mid-October 2025 Master Schedules enclosed as Exhibit B).
- The spreadsheet says "None" in the teaching credential column for Edith Gutierrez. This is inaccurate. Ms. Gutierrez has a CTE Credential effective April 2025 through May 2028. This instructor was no longer assigned to teach this course after the CTE courses were removed from the schedule by September 29, 2025 (see Mid-October 2025 Master Schedules enclosed as Exhibit B).
- The spreadsheet says "None" in the teaching credential column for Martha Leticia Rosales. This is inaccurate. Ms. Rosales has a CTE Credential effective April 2025 through May 2028. This instructor was no longer assigned to teach this course after the CTE courses were removed from the schedule by September 29, 2025 (see Mid-October 2025 Master Schedules enclosed as Exhibit B).

- The spreadsheet says "None" in the teaching credential column for David Israel Sanchez Barrera. This is inaccurate. According to the CTC website, David Sanchez Barrera actually had a Waiver for Single Subject Teaching Credential in Math effective August 1, 2025 through June 30, 2026 (see Exhibit A, p. EP-79). To access his credentials on the CTC website, you have to enter his name as "David Sanchez Barrera" without entering the middle name and with "Sanchez Barrera" as the last name.

- The October 2, 2025 letter from the District takes issue with the September 15, 2025 Corrective Action Plan's goal of achieving "90% of FTE will be Clear, Intern, *Out of Field, or Ineffective*" by October 1, 2025. The letter goes on to suggest that Out of Field or Ineffective meant the person would not have the proper authorization for their teaching assignment in California. **This is misleading**. "Out of Field" and "Ineffective" have specific definitions, and both include teachers who possess different types of **legal permits** to teach in their assignments under California law (see the California Department of Education's definitions webpage enclosed as Exhibit I):

  - An ineffective teacher is any of the following:
    - An individual whose assignment is legally authorized by an emergency permit that does not require possession of a full teaching license; or
    - A teacher who holds a teaching credential but does not possess a permit or authorization that temporarily allows them to teach outside of their credentialed area (misassigned)
    - An individual who holds no credential, permit, or authorization to teach in California.
    - Under this definition, teachers with the following limited emergency permits would be considered ineffective:
      - Provisional Internship Permits,
      - Short-Term Staff Permits
      - Variable Term Waivers
      - Substitute permits or Teaching Permits for Statutory Leave (TSPL) holders serving as the teacher of record
  - An out-of-field teacher is any of the following:

- A credentialed teacher who has not yet demonstrated subject matter competence in the subject area(s) or for the student population to which he or she is assigned.
- Under this definition, the following limited permits will be considered out of field:
    - General Education Limited Assignment Permit (GELAP)
    - Special Education Limited Assignment Permit (SELAP)
    - Short-Term Waivers
    - Emergency English Learner or Bilingual Authorization Permits
    - Local Assignment Options (except for those made pursuant to the California Code of Regulations, Title 5, Section 80005[b])

Regardless of Previous Credentialing Violations Claimed by the District, EPCTC Should Be Given a Meaningful Opportunity to Make Corrections

The Notice of Violation indicated a deadline of November 17, 2025 for Escuela Popular to respond. Escuela Popular has since retained a private consultant to conduct a credentialing audit that would assess the school's compliance during the 2025-2026 school year and provide recommendations. The data demonstrates that EPCTC was in compliance as of the October 16, 2025 Board Meeting, but the school is ready and willing to make corrections if new compliance concerns are identified by the District.

California Education Code section 47607 governs circumstances where a District may legally revoke a charter school's charter. Ed. Code, § 47607 (g) states:

> Before revocation, the chartering authority shall notify the charter school of any violation of this section and **give the school a reasonable opportunity to remedy the violation**, unless the chartering authority determines, in writing, that the violation constitutes a severe and imminent threat to the health or safety of the pupils. (Emphasis added.)
> Ed. Code, § 47607 (h) states, in relevant part:
>
> Before revoking a charter for failure to remedy a violation pursuant to subdivision (f), and after expiration of the school's **reasonable opportunity to remedy without successfully remedying the violation**, the chartering authority shall provide a

> written notice of intent to revoke and notice of facts in support of revocation to the charter school. (Emphasis added.)

A school district may not revoke a charter based on previous violations where the school has not been given a reasonable opportunity to remedy the violations.

Escuela Popular has also formally requested mediation with the District using the dispute resolution processes outlined in each school's respective charter. Both EPCTC and EPAFLC's Dispute Statements, sent to the District on November 5, 2025, are enclosed as Exhibit J. To date, the District has not agreed to engage in mediation or dispute resolution with Escuela Popular before continuing with the charter revocation process.

The failure to mediate or meet with the parties' attorneys has prevented Escuela Popular from understanding why the District seems to disagree with the charter school about legal compliance. Due to a lack of understanding about why the District disagrees, the District is denying the charter school a meaningful opportunity to cure what the District believes is not compliant. Moving forward with revocation regardless of whether or not a charter school has cured the alleged violation, or without a meaningful opportunity to cure, would violate California law.

Proposed Remedial Action

EPCTC has made a good faith effort to comply with the credentialing requirements of Education Code section 47605(l) and the school's charter. This has involved extensive research regarding the relevant laws, regulations, and CTC guidance around credentialing and teacher assignments. California teaching credential law is complicated, and it is entirely possible that Escuela Popular has made inadvertent errors. To the extent that the District still disagrees with Escuela Popular's analysis and credentialing assignments, Escuela Popular requests that the school be given the chance to take the remedial action of correcting these assignments. In order to do this, Escuela Popular requests that the District identify which specific teaching assignments it believes are still improper and why the District believes the given assignment is noncompliant with Education Code section 47605(l) and/or the school's charter based on the additional information provided herein. Escuela Popular then requests a reasonable period of time to either correct the improper assignments or to provide additional assurances or evidence of compliance to satisfy the District that the assignment is proper.

As of November 17, 2025, Escuela Popular has a plan in place to address the current vacancies. Credentialing analysis is constantly shifting because the situation is subject to change. For example, if an individual with a TCC has an application denied, or an individual fails to pass a test, a position can turn into a vacancy. Currently, EPCTC has four vacancies. All Escuela

Popular teachers have a credential. The school is presently working to ensure that no teacher is misassigned. To the extent that some vacant courses are currently taught by substitute teachers, Escuela Popular does not plan to rotate substitute teachers through those courses indefinitely. All vacant courses with a substitute teacher in the course are part of Escuela Popular's recruitment and hiring effort and will be re-staffed. In addition, Escuela Popular's plan is to do the following going forward to ensure that the District is comfortable with its efforts to meet all credentialing laws:

- Resolve all current vacancies (as of November 17, 2025) by the end of January 2026 by replacing the substitute teacher with a credentialed long-term teacher. No substitute teacher will serve longer than 30 days in a classroom.
- Continue the recruitment and hiring effort throughout the remainder of the 2025-2026 school year so that the courses currently taught by teachers working double shifts can also be re-staffed for the 2026-2027 school year
- Implement a Credential Compliance Dashboard by February 20, 2025.
    - Use an automated system that tracks:
        - Credential type and authorization
        - Bilingual authorization status
        - Renewal dates and expiration alerts
        - SEID completion and CALPADS data accuracy
- Develop an Annual Internal Credentialing Calendar by January 23, 2025.
    - Include:
        - Fall assignment review
        - Mid-year audit
        - Spring renewal check
        - Annual leadership training on credential compliance
- Strengthen Credential Knowledge for HR Staff and Leadership
    - Any staff directly involved in credentialing should attend the Annual CCAC (Credential Counselors and Analysts of California) Conference.
    - Any staff directly involved in credentialing should attend all regional training offered by CCAC.
- Strengthen Hiring Practices
    - Include credential verification at the screening stage.
    - Require all candidates to provide preliminary credential documentation before interviews.
    - Create a bilingual teacher hiring strategy targeting credentialed, authorized educators.
- Provide Leadership & Teacher Training on Assignment Monitoring

    - Train leadership and department leads on CTC assignment rules.
    - Offer annual refreshers on local assignment options and what can/cannot be used in DLI programs.
- Conduct Quarterly Mini-Audits
    - Review assignments at the start of each quarter.
    - Cross-check the CTC status of each teacher.
    - Update CALPADS staff assignment records regularly.

Progress Toward Goal of Increasing Percentage of Escuela Popular Teaching Staff with Preliminary and Clear Credentials

Escuela Popular shares the District's goal of increasing the percentage of teaching staff with preliminary and clear credentials at both schools. To this end, Escuela Popular has initiated a mid-school year recruitment and hiring campaign in an effort to re-staff courses with permanent lead teachers wherever possible. Although the substitutes or teachers with temporary credentials are legally compliant to teach these courses, and therefore the District cannot revoke the charter school's charter, Escuela Popular acknowledges the stability and quality that can come from having a longer-term teacher in the classroom. Escuela Popular has interviewed at least seven applicants for these positions over the past approximately two months. Of those applications, two have accepted offers to join the Escuela Popular teaching staff. These two new teachers are Jennifer Proffitt and Rob Hemmings, both ELD teachers who will take on assignments at EPCTC in place of temporary substitutes.

Job postings for various Escuela Popular teaching positions are enclosed as Exhibit K. The recruitment and hiring effort is ongoing. Escuela Popular has retained a talent acquisition firm to assist in the re-staffing process (see Exhibit O).

In some cases, a teacher with a Temporary County Certificate for a pending credential application had the credential application later denied. This happened with two (2) teachers at EPCTC, one of whom also had an assignment at EPAFLC. Escuela Popular re-staffed these teachers' courses with substitute teachers to address the expiration of the TCCs. These teachers' courses are positions for which Escuela Popular is actively recruiting.

Additionally, Escuela Popular has teachers who will complete their credentialing process before the end of the 2025-2026 school year. Many of these teachers already had underlying clear single subject or multiple subject teaching credentials and were just working on clearing their EL Authorization or BCLAD.

History of Escuela Popular as an Asset to the San Jose Community and the East Side Union High School District

Escuela Popular was founded in 1986 as a grassroots school to address a growing need for English classes in the San Jose community. Over its decades of service, Escuela Popular has expanded to meet the needs of the community and now offers a variety of classes and services for its students. Escuela Popular's student population includes a large proportion of first-generation immigrants, which has been part of the school's mission since the beginning and continues to this day.

EPCTC is Escuela Popular's K-12 school for adults seeking a high school diploma. This is an asset to the San Jose community because it gives adult immigrant students a place to learn English, earn a high school diploma, and gain skills and knowledge to make them employable for the local workforce. If the District revokes EPCTC's charter, there **will be no other place** for these students to turn for a comparable program. EPCTC fills this particular need for the community, and the immigrant community in particular would be devastated to lose it. Further, it benefits the entire San Jose community to have such a school where adult immigrant students can gain skills to help them thrive in this country.

Escuela Popular is committed to working with the District to ensure continued credentialing compliance and find a path forward to protect both schools. If the District disagrees in any way about the credentialing status of any of Escuela Popular's teachers, Escuela Popular respectfully requests a meeting with the District to resolve the disagreement.

Sincerely,

Pablo Reguerin
