Bilingual Authorizations (CL-628b)

Bilingual Authorizations allow the holders to provide instruction to English Learners (EL). Assembly Bill (AB) 1871, signed by the Governor on September 30, 2008, provides for the issuance of bilingual authorizations rather than certificates, and expanded the options available to meet the requirements for the Bilingual Authorization. For a summary of all documents that authorize instruction to EL students, see the leaflet Serving English Learners, CL-622. The section below lists the types of instruction authorized by Bilingual Authorizations. Each type of instruction is defined below.

Types of Instruction to English Learners Authorized by the Bilingual Authorization

- Instruction for English Language Development (ELD)
- Instruction for Primary Language Development
- Specially Designed Academic Instruction Delivered in English (SDAIE)
- Content Instruction Delivered in the Primary Language

Definitions of Types of Instruction

Instruction for English language development (ELD) means instruction designed specifically for EL students to develop their listening, speaking, reading, and writing skills in English. This type of instruction is also known as English as a Second Language (ESL) or Teaching English to Speakers of Other Languages (TESOL).

- Instruction for *primary language development* means instruction for EL students to develop their listening, speaking, reading, and writing skills in their primary language.

- *Specially Designed Academic Instruction Delivered in English (SDAIE)* means instruction in a subject area delivered in English that is specially designed to provide EL students with access to the curriculum.

- *Content Instruction Delivered in the Primary Language* means instruction for EL students in a subject area delivered in the students' primary language.

Authorization

English Language Development (ELD) and instruction for primary language development are generally authorized at the level indicated by the holder's prerequisite credential (see list of prerequisites in #1, below) including preschool, grades K-12 and in classes organized primarily for adults. With a Children's Center Instructional Permit, Child Development Permit or a Children's Center Supervision Permit, ELD and instruction for primary language development are limited to the programs authorized by the permits. With a Designated Subjects Teaching Credential in adult education, ELD and instruction for primary language development are limited to classes organized primarily for adults. With all prerequisite credentials or permits, Specially Designed Academic Instruction Delivered in English (SDAIE) and content instruction delivered in the primary language are authorized in the subjects and grade levels of the prerequisite credential or permit.

Requirements for the Bilingual Authorization

Individuals must satisfy **all** of the following requirements:

1. Possess a valid California teaching credential, Speech-Language Pathology or Clinical or Rehabilitative Services Credential with a Special Class Authorization, School Nurse Services Credential with a Special Teaching Authorization in Health, Visiting Faculty Permit, Children's Center Permit (excluding emergency), or Child Development Permit (excluding Assistant and Associate Permit) that authorizes the holder to provide instruction to pupils.

   The following, however, are **not** appropriate prerequisite credentials or permits:
   - Emergency Permits
   - Provisional Internship Permits
   - Short-Term Staff Permits
   - District Intern Credentials
   - University Intern Credentials
   - Exchange Credentials
   - Sojourn Certificated Employee Credentials
   - Services credentials without a special class authorization

2. Verify **one** of the following:

   a. Valid Language Development Specialist (LDS) Certificate, CLAD Certificate, teaching credential with an English Learner Authorization or CLAD Emphasis, or

b. Eligibility for a CLAD Certificate or teaching credential with an English learner authorization based on one of the following:

   - Passing scores on Subtests 1, 2 and 3 of the California Teacher of English Learners (CTEL) Examination. Scores used for certification purposes may be no older than ten years from the individual passed exam date.

   - Possession of an out-of-state credential showing an English learner authorization.

   - Possession of the National Board for Professional Teaching Standards certificate in Early and Middle Childhood/English as a New Language or Early Adolescence through Young Adulthood/English as a New Language.

3. Verify **one** of the following:

   a. Passing scores on Tests II (or III depending on the language, covering Language and Communication), IV, and V of the California Subject Examinations for Teachers (CSET): World Languages. Scores used for certification purposes may be no older than ten years from the individual passed exam date.

   b. Completion of course work in a Commission-approved bilingual program. Once the program has been completed, the program sponsor must recommend the applicant for the Bilingual Authorization.

   c. Completion of course work in a Commission-approved bilingual program combined with passing scores on the CSET: World Languages Examination(s), based on equivalency as determined by a Commission-approved Bilingual Authorization program. For more information, see Coded Correspondence 10-07.

Teachers who hold a valid, non-emergency California Single Subject or Standard Secondary Teaching Credential with a major in a language other than English need not take Test II or III of the CSET: World Languages Exam to qualify for a bilingual authorization in that language. Teachers who hold a three-year or higher degree from a foreign institution in which all instruction is delivered in a language other than English also do not need to take Test II or III to qualify for a bilingual authorization in that language. The foreign institution must be equivalent in status to a regionally-accredited institution of higher education in the United States.

Examination Information

The CTEL examinations consist of the following three tests:

- CTEL 1: Language and Language Structure
- CTEL 2: Assessment and Instruction
- CTEL 3: Culture and Inclusion

The CSET: World Languages examinations used for bilingual authorizations consist of the following three tests:

- Test II (or III depending on specific language): Language and Communication (Listening, Speaking, Reading, Writing).
- Test IV: Bilingual Education and Bilingualism.
- Test V: Geographic, Historical, Sociopolitical, and Sociocultural Contexts.

Information regarding test dates, fees, and registration may be obtained by contacting the CSET program directly. See Table 1 for a list of the bilingual subtests by language.

Obtaining a Bilingual Authorization Based on a Previously Issued Comparable Document

Individuals holding a valid Bilingual Certificate of Competence (BCC) or BCLAD Certificate may apply to have a Bilingual Authorization added to any valid prerequisite credential or permit with the

submission of an application (form 41-4) and current application fee. Please note that a separate application and fee will be required for each document for which the authorization is requested. This action is not required. The BCC and BCLAD Certificate authorize the same service as the Bilingual Authorization and remain valid as long as the teacher's prerequisite teaching credential remains valid.

Back to top

Out-of-State Prepared Individuals with Bilingual Authorization

If an individual is applying for a Multiple Subject, Single Subject, or Education Specialist Teaching Credential and evidence of a full bilingual authorization from a state other than California is submitted with that application packet, there is no need to apply separately for the bilingual authorization; the bilingual authorization will be listed on the corresponding teaching credential. There is no need to submit a separate application and fee if applying via this method.

All other individuals who hold a bilingual authorization from a state other than California may apply directly to the Commission for a bilingual authorization by satisfying all of the following:

1. Possess a valid California prerequisite credential.
2. Satisfy the second-language requirement.
3. Submit a copy of the out-of-state credential verifying a full bilingual authorization [1].
4. Submit a completed application (form 41-4).
5. Submit full application processing fees.

Note [1]: See Table 2 at the end of this leaflet for more information on comparable out-of-state bilingual authorizations.

Applying for a Bilingual Authorization

Individuals that complete a Bilingual Authorization program or a combination of program course work and bilingual examinations must be recommended by their Commission-approved Bilingual Authorization program sponsor and complete the application and payment online. Individuals that pass all the required CSET: World Languages subtests and meet the requirements below may apply directly to the Commission
for the Bilingual Authorization by submitting **all** of the following:

1. **One** of the following:
    a. Verify holding or eligibility for a CLAD Certificate or teaching credential with an English learner authorization (For more information, see leaflet CL-628C).
    b. Original or photocopy of a CTEL Examination score report.
    c. Photocopy of an out-of-state credential showing a full English learner authorization.
2. Original or photocopy of the CSET: World Languages Examination score report.

3. Completed application (form 41-4).
4. Application processing fee.

Applicants requesting the bilingual authorization who hold more than one eligible document must designate the specific prerequisite document to which the authorization should be added. If more than one valid prerequisite document is held, it is not necessary to file an additional application or pay an additional fee, as the authorization on one document already applies to all other valid prerequisites held by the teacher. However, if an individual wants to add the authorization to more than one document, a separate application and fee will be required for each additional valid prerequisite document.

Table 1
CSET Subtests Required for the Bilingual Authorization

- The first subtest listed (either Subtest II or Subtest III, depending on the language) assesses language and communication skills.

  Note: the language and communication skills subtest that can be used toward a Bilingual Authorization is the same subtest for that content area as is used toward obtaining the Single Subject Teaching Credential in the corresponding language other than English.

- Subtest IV does not focus on any specific language (the same test applies to all languages) and assesses the methodology of bilingual education.

- Subtest V assesses bilingual cultural knowledge (the same test is used for Cantonese and Mandarin).

Guide to Out-of-State Bilingual Authorizations
May 2017

Individuals who hold teaching credentials from another state with one of the authorizations listed in the following chart may request that the corresponding Bilingual authorization be listed on their California teaching credential. For additional information, see Coded Correspondence 17-05 regarding Bilingual authorizations.

This is a **guide** and may not contain all acceptable Bilingual authorizations issued by each state. The Commission continues to research this information and changes will be made as additional information becomes available.

An individual who holds a document with a Bilingual authorization not included in the guide must provide a letter from the state agency that issued the document that verifies that the document issued authorized the holder to provide the equivalent English language development (ELD), specially designed academic instruction in English (SDAIE), primary language development, and content instruction delivered in the primary language services at the time the individual earned the document. Primary language development is defined as instruction for English learner students to develop their listening, speaking, reading, and writing skills in their primary language. Content instruction delivered in the primary language is defined as instruction for English learner students in a subject area delivered in the students' primary language.

The Commission reserves the right to make the final determination regarding the equivalency of any authorization submitted for evaluation.

Commission on Teacher Credentialing

Certification Glossary

Waivers

Effective July 1, 1994, the responsibility to waive credentials and credential requirements shifted from the California Department of Education (CDE) to CCTC under the authority of EC 44225(m). There are two types of waivers authorized by regulations.

Short Term Waiver: Short-term waivers may be approved at the local level to provide the employing agency with one semester or less to address unanticipated, immediate, short-term organizational needs by assigning only individuals who hold basic teaching credentials to teach outside their credentialed authorizations, with the consent of the teacher. They may be issued once to any individual teacher and only once for a given class.

Variable Term Waiver: Variable term waivers are waiver requests that are reviewed by Commission staff and acted upon by the Commission at a regularly scheduled meeting. This waiver provides the employing agency up to one year to: 1) allow individuals additional time to complete a credential requirement, 2) facilitate assignment in school programs to address issues of educational reform, 3) allow geographically isolated regions with severely limited ability time to hire and develop personnel, or 4) obtain waivers for situations when all other hiring efforts have been exhausted.

Commission on Teacher Credentialing

Emergency 30-Day Substitute Teaching Permit (CL-505p)

The Emergency 30-Day Substitute Teaching Permit authorizes the holder to serve as a day-to-day substitute teacher in any classroom, including preschool, kindergarten, and grades 1-12 inclusive, or in classes organized primarily for adults. The holder may serve as a substitute for no more than 30 days for any one teacher during the school year, except in a special education classroom, where the holder may serve for no more than 20 days for any one teacher during the school year.

This permit is valid for one year and is renewable. In order to employ individuals on an Emergency 30-Day Substitute Teaching Permit, the employing agency must keep a completed Statement of Need form (CL-505a) on file at their office for the duration of the school year.

Requirements for Initial Issuance

Applications submitted must include all of the following:

1. Official transcripts showing the conferral of a baccalaureate or higher degree from a regionally accredited college or university. This satisfies both the degree requirement and the Basic Skills Requirement beginning 6/29/2024.
2. Submit an application through CTC Online, and if not previously submitted to the Commission, complete the fingerprinting process.
3. Application processing fees.

How to Apply

Individuals may submit their application packet through their employer or directly to the Commission through CTC Online. Visit Direct Application Submission for instructions on submitting your application online.

Renewing Your Permit

Effective October 1, 2009, all Emergency 30-Day Substitute Permits must be renewed online. Paper applications for renewal received on or after October 1, 2009 will be returned to sender with a letter instructing them to renew online. Visit the Credentialing Information webpage to renew your permit online.

Period of Validity

Applications for initial issuance will be valid for one year beginning the date the application was received at the Commission or employing agency. Applications for renewal submitted prior to the expiration date of the current permit will be valid for one year beginning the date the current permit expires. Applications for renewal submitted after the current permit expires will be valid for one year starting the date the application is submitted to the employing agency or to the Commission.

Commission on Teacher Credentialing

Emergency/Long Term

The Commission issues emergency teaching or services permits at the request of employers who are unable to sufficiently recruit fully credentialed staff to fulfill their employment needs.

Regulations governing the issuance and renewal of teaching and emergency permits were written with the intention of seeking the best interests of the students in the classroom, as well as employers and credential candidates for the purpose of assuring suitably qualified persons are providing instruction in our schools.

Teaching and emergency permits allow qualified individuals who have completed some or most of their credential requirements to be employed while completing the remaining requirements for their prospective credentials (EC §44300(a)(3)(A)).

Update Related to CPR Requirement

Pursuant to Education Code 44841, beginning July 1, 2025, local educational agencies must not hire an individual on a Short Term Staff Permit, Provisional Internship Permit, or Teaching Permit for Statutory Leave unless the individual has earned a Cardiopulmonary Resuscitation (CPR) certification that meets the standards established by the American Heart Association or the American Red Cross.

English Learner Authorization - CLAD Certificate (CL-628C)

The English Learner (EL) Authorization and Crosscultural, Language, and Academic Development (CLAD) Certificate authorize instruction to English learners. For a summary of all documents that authorize instruction to EL students, see the leaflet Serving English Learners, CL-622. The section below lists the types of instruction authorized. Each type of instruction is defined below.

Types of Instruction Authorized by the EL Authorization/CLAD Certificate

- Instruction for English Language Development (ELD)
- Specially Designed Academic Instruction Delivered in English (SDAIE)

Definitions of Types of Instruction

- *English Language Development (ELD)* is a content subject area. ELD is instruction appropriate for the level of language proficiency as identified for each EL student. The instruction is designed to promote the effective and efficient acquisition of listening, speaking, reading, and writing skills of the EL student. This type of instruction is also known as *English as a Second Language* (ESL) or *Teaching English to Speakers of Other Languages* (TESOL).

- *Specially Designed Academic Instruction Delivered in English (SDAIE)* is an instructional approach designed to increase the level of comprehensibility of the English language in the content area of the class. The specially designed content instruction in subject matter, such as math or social science, is presented in English to English learners in classes which are restricted to instruction in the subject area and grade level of the prerequisite credential or permit (as applicable).

Authorization

English Language Development (ELD) is authorized with most prerequisite credentials or permits (see #1 under Requirements), at preschool and grades K–12. With a Children's Center Instructional Permit, Children's Center Supervision Permit, or Child Development Permit, ELD is limited to the programs authorized by the permit. With a Designated Subjects Teaching Credential in adult education, ELD is limited to classes organized primarily for adults. With all prerequisite credentials or permits, Specially Designed Academic Instruction Delivered in English (SDAIE) is authorized in subjects and grade levels of the prerequisite credential or permit.

Requirements for the EL Authorization/CLAD Certificate

1. Possess a valid California teaching credential, Speech-Language Pathology or Clinical or Rehabilitative Services Credential with a Special Class Authorization, School Nurse Services Credential with a Special Teaching Authorization in Health, Visiting Faculty Permit, Children's Center Permit (excluding emergency), or Child Development Permit (excluding Assistant and Associate Permits) that authorizes the holder to provide instruction to pupils.

   The following, however, are **not** appropriate prerequisite credentials or permits:
   - Emergency Permits
   - Provisional Internship Permits
   - Short-Term Staff Permits
   - District Intern Credentials
   - University Intern Credentials
   - Exchange Credentials
   - Sojourn Certificated Employee Credentials
   - Services credentials without a special class authorization

2. Verification of experience learning a second language obtained through one of the options described in "Options for Satisfying the Second Language Requirement for those without a Bachelor's Degree" sections A through P. Individuals who hold a bachelor's degree from a regionally-accredited college or university are deemed to have satisfied the second language requirement.

3. Verify **one** of the following:
   a. Passing scores on Tests 1, 2 and 3 of the California Teacher of English Learners (CTEL) Examination. Scores used for certification purposes may be no older than ten years from the individual passed exam date.

   b. Completion of course work in a Commission-approved CTEL program. Once the program has been completed, the program sponsor must recommend the applicant for the EL Authorization or CLAD Certificate.

c. Completion of course work in a Commission-approved CTEL program combined with passing scores on the CTEL Examination, based on equivalency as determined by a Commission-approved CTEL program. For more information, see Coded Correspondence 10-07.

d. Possession of a Supplementary Authorization in English as a Second Language (no longer initially issued as of July 1, 1996) **and** completion of three semester units of college course work in the theories and methods of SDAIE **or** possession of a Certificate of Completion of a 45-hour SDAIE program conducted by a California school district. Coursework completed under this option must be verified by a Commission-approved CTEL program for a determination of equivalency. The CTEL program will determine remaining requirements based on prior coursework and experience and recommend the applicant when all program requirements are satisfied.

e. Possession of an SB 1969 Certificate of Completion issued by a school district or county office of education, or a Certificate of Completion of Staff Development (CCSD) issued by the Commission **and** completion of nine semester units of upper division coursework verified by a Commission-approved CTEL program for a determination of equivalency. The Certificate of Completion or CCSD satisfies 3 upper-division semester units towards the CLAD Certificate for each 45-hour program completed. The CTEL program will determine remaining requirements based on any prior coursework and experience and recommend the applicant when all program requirements are satisfied.

f. Possession of the National Board for Professional Teaching Standards certificate in Early and Middle Childhood/English as a New Language ***or*** Early Adolescence through Young Adulthood/English as a New Language. A photocopy of the certificate must be submitted along with the application packet.

Important notes regarding options "a", "d" and "e":

- The last administration of the CLAD examinations was June 24, 2006. Since more than five years has elapsed from this date and these examinations have been discontinued, these scores are no longer eligible to be used for initial issuance of a CLAD Certificate.

- Course work completed before January 31, 2008 may no longer be used to meet these requirements for certification.

- Individuals having completed course work outside of the current CTEL programs must contact an institution of higher education with a Commission-approved CTEL program to determine course work equivalency.

- The final date for issuing a CCSD to those who hold a Multiple Subject, Single Subject, Education Specialist, or other previously issued elementary, secondary, and special education credentials was January 1, 2008. Currently, CCSDs are only available to holders of Designated

Subjects Vocational or Career Technical Education Credentials, special subject teaching credentials, and service credentials with a special class authorization.

Those who did not complete all of the previous CLAD course work required to qualify for certification by January 31, 2008, ***and*** obtain the EL authorization or CLAD certificate issued by January 31, 2011, must contact an institution with an approved CTEL program to determine if course work they previously completed may be applied toward that program (see Coded Correspondence 10-22).

Out-of-State Prepared Individuals with English Learner (EL) Authorization

If an individual is applying for a Multiple Subject, Single Subject, or Education Specialist Teaching Credential and evidence of a full EL authorization from a state other than California is submitted with that application packet, there is no need to apply separately for the EL Authorization or CLAD Certificate; the EL authorization will be listed on the corresponding teaching credential. There is no need to submit a separate application and fee if applying via this method.

All other individuals who hold an EL authorization from a state other than California may apply directly to the Commission for an EL Authorization or CLAD Certificate by satisfying all of the following:

1. Possess a valid California prerequisite credential.
2. Satisfy the second-language requirement.
3. Submit a copy of the out-of-state credential verifying a full EL authorization [1].
4. Submit a completed application (form 41-4).
5. Submit full application processing fees.

Note [1]: See the chart at the end of this webpage for more information on comparable out-of-state EL authorizations.

Earning an EL Authorization/CLAD Certificate through Course Work

Earning an EL Authorization or CLAD Certificate through course work is an alternative to earning the certificate by examination. Commission-approved programs for the CLAD Certificate based on the California Teacher of English Learner (CTEL) standards became available in January 2008. Once the program has been completed, the program sponsor must submit an online application as a formal recommendation for the applicant for the EL Authorization or CLAD Certificate.

Applying for the EL Authorization Based on a Previously Issued Comparable Document

Individuals who hold a valid Language Development Specialist (LDS) or CLAD Certificate may apply to have the EL authorization added to any eligible prerequisite credential or permit with the submission of an application (form 41-4) and current application processing fee. This action is **not** required. These documents remain valid as long as the holder's prerequisite credential is valid.

Applying for the EL Authorization/CLAD Certificate

Individuals who have met all of the requirements for an EL Authorization or CLAD Certificate by examination or out-of-state equivalency may apply directly to the Commission by submitting items 1-4 listed below (as applicable):

1. **One** of the following:
    a. Original or photocopy of a CTEL examination score report.
    b. Photocopy of the out-of-state credential listing a full English learner authorization.

2. Verification of meeting the second language requirement, if you do not hold a bachelor's degree (See options A through P).

3. Completed application (form 41-4).

4. Application processing fee.

Applicants requesting the EL authorization who hold more than one eligible document must designate the specific prerequisite document to which the authorization should be added. If more than one valid prerequisite document is held, it is not necessary to file an additional application or pay an additional fee, as the authorization on one document already applies to all other valid prerequisites held by the teacher. However, if an individual wants to add the authorization to more than one document, a separate application and fee will be required for each additional valid prerequisite document.

Guide to Out-of-State English Learner Authorizations/Endorsements December 2020

Individuals who hold teaching credentials with the following authorizations may request that the English learner authorization be listed on their California teaching credential or may apply for a Clear CLAD Certificate (provided they hold a prerequisite teaching credential) under the provisions of SB 1209 (refer to Coded Correspondence 07-03 for additional information pertaining to earning a California English learner authorization based on an out-of-state authorization).

This is a **guide** and may not contain all acceptable English learner authorizations issued by each state. The Commission continues to research this information and changes will be made as additional information becomes available.

An individual who holds a document with an English learner authorization not included in the guide must provide a letter from the state agency that issued the document. The letter must verify that the document authorized the holder to provide the equivalent of ELD and SDAIE services.

At the time the individual earned the document. The Commission reserves the right to make the final determination regarding the equivalency of any authorization submitted for evaluation.

Requirements for the Initial Issuance of the Permit

Individuals must satisfy all of the following requirements:

1. Be currently employed by the employing agency requesting such assignment.
2. The employing agency must have an annual Declaration of Need for Fully Qualified Educators (form CL-500) on file with the Commission.
3. Hold a valid California general education teaching credential based on a baccalaureate degree and a professional preparation program, including student teaching.
4. Be assigned an experienced educator in each subject area of the limited assignment if the applicant has not obtained permanent status as defined in California Education Code, Section 44929.21 or 44929.22 or 44929.23 in a school district in California within the previous ten years.
5. Consent to serve on the General Education Multiple or Single Subject Limited Assignment Teaching Permit.
6. Submit, through the employing agency, a completed application (form 41-4) and application processing fee.

Requirements for Renewal

Individuals must satisfy all of the following requirements:

1. Be currently employed by the employing agency requesting such assignment.
2. The employing agency must have an annual Declaration of Need for Fully Qualified Educators (form CL500) on file with the Commission.
3. Hold a valid California general education teaching credential based on a baccalaureate degree and a professional preparation program, including student teaching.
4. Satisfy **one** of the following (coursework or exams must have been completed after the issuance date of the current permit and prior to the requested issuance date):
    a. Complete at least six semester units, or nine quarter units of coursework required for each subject listed on the permit, or

    b. Take all required subject matter examinations for each subject area listed on the permit and pass at least two sections (see Terms and Definitions).
5. Consent to serve on the Limited Assignment General Education Multiple or Single Subject Teaching Permit.
6. Submit, through the employing agency, a completed application (form 41-4), required documentation (official transcripts showing coursework passed with grade C or better, or copy of test score results), and application processing fee.

Period of Validity

A General Education Multiple or Single Subject Limited Assignment Teaching Permit is valid for one year and may be reissued twice in any one specific subject.

Terms and Definitions

Experienced Educator

The experienced educator provides assistance and guidance to the permit holder. The experienced educator must have three years of teaching experience within each subject area requested on the permit if the teacher does not hold permanent status. For example, if the permit is requested in English and social science, the experienced educator must have a minimum of three years teaching experience in both English and social science. The local employing agency may assign more than one experienced educator to meet this requirement.

Subject Matter Examinations

To use the subject matter examination option to meet the renewal requirement for the General Education Limited Assignment Permit, the individual must take all required examinations for each subject listed on the permit and pass at least two sections in each subject. Since the number of examination sections required to meet subject matter competence for the Multiple and Single Subject Credentials varies from two to four sections, if one or more sections have been previously passed, the individual must pass the remaining one or two sections, as appropriate. See examples below:

If an individual has not passed any of the three required multiple subject examination sections prior to issuance of the initial limited assignment permit, all three sections must be taken and two sections passed for the first renewal of the permit. The individual must then take and pass the final multiple subject examination section to meet subject matter competence during the second year of the limited assignment permit to obtain an added credential authorization under Title 5 Regulation 80499. (See CL-621A).

Passage of four examinations sections is required to meet the subject-matter competence for a single subject credential in English. If an individual has passed one of the four required sections prior to issuance of a limited assignment permit, the remaining three sections must be taken and two sections passed for the first renewal of the permit. The individual must take and pass the one remaining English examination section to meet subject matter competence during the second year of the limited assignment permit to obtain an added credential authorization under Title 5 Regulation 80499. (See CL-621A).

Commission on Teacher Credentialing

Short-Term Staff Permit (CL-858)

The Short-Term Staff Permit (STSP) became available on July 1, 2005. Created in response to the phasing out of emergency permits, it allows an employing agency to fill an acute staffing need (see Terms and Definitions) when local recruitment efforts have been made but a fully-credentialed teacher cannot be found.

The STSP is only available at the request of an employing agency. Individuals may not apply directly to the Commission for this document. Holders of the STSP are restricted to service with the employing agency requesting the permit. An employing agency is defined as a California public school district, county office of education, nonpublic, nonsectarian school and agency as defined in Education Code sections 56365 and 56366, charter school, or statewide agency.

The STSP is available in the areas of Multiple Subject, Single Subject, and Education Specialist. Individuals who were issued four or fewer Long-Term Emergency Permits may be issued a STSP. Individuals who were issued five Long-Term Emergency Permits do not qualify for the STSP.

For an educator that held an Intern Credential, they CAN be issued a STSP in the same content area if they have never held one before and have exhausted all extension option.

Requirements for Issuance

1. Possession of a baccalaureate degree or higher from a regionally-accredited college or university.
2. Successful completion of course work for the permit type requested, as specified below:

Single Subject:

A degree major in the subject area or at least 18 semester units, or 9 upper division semester units, of course work in the subject to be listed on the permit.[1]

For a permit in one of the science subjects, at least nine semester units must be in the specific

science area. For a permit in one of the specialized science areas, **all** units must be completed in the area of the specialization.

For a permit in Foundational-Level General Science, an individual has two options. First is to verify a bachelor's or higher degree in science. This includes biological science, chemistry, geoscience, physics, and science areas that fall within these broad categories such as anatomy, earth science, and oceanography. This does not include a degree in health science. Second is to verify 18 semester units (or nine upper division semester units) across the four science areas of biological science, chemistry, geosciences, and physics. A minimum of one course in each of the four areas is required.

Passage of subject matter examinations in the single subject content area sought may also be used to meet this requirement. See Commission leaflet CL-674S.

The statutory subjects available for Single Subject Short-Term Staff Permit are as follows:[1]

Authorization

The Multiple Subject STSP authorizes the holder to teach in a self-contained classroom such as the classrooms in most elementary schools. However, a teacher authorized for multiple subject instruction may be assigned to teach in any self-contained classroom (preschool, K-12, or in classes organized primarily for adults). In addition, the holder of a Multiple Subject STSP may serve in a core or team teaching setting.[2]

The Single Subject STSP authorizes the holder to teach the specific subject(s) named on the credential in departmentalized classes such as those in most middle schools and high schools. However, a teacher authorized for single subject instruction may be assigned to teach any subject in his or her authorized fields at any grade level (preschool, grades K-12, or in classes organized primarily for adults).[2]

The Education Specialist STSP authorizes the holder to teach in the area of specialization listed on the credential in the following settings: special day classes, special schools, home/hospital settings, correctional facilities, nonpublic, nonsectarian schools and agencies as defined in Education Code sections 56365 and 56366, and resource rooms.[2]

Note [2]: All STSPs will be issued with an English learner authorization. This authorization allows the holder to teach English language development (also known as English as a Second Language or ESL) and specially designed academic instruction delivered in English (SDAIE) in the grade level(s) provided by their Multiple Subject, Single Subject, or Education Specialist authorization.

Bilingual Authorizations

An English learner authorization is currently issued on all STSP documents. The bilingual authorization may be requested by the employing agency and added directly to a STSP document if target-language proficiency has been verified. Additional information may be found in Coded Correspondence 10-07.

Individuals may verify target-language proficiency by one of the following methods:

- Pass Test II or III (depending on the specific language) of the CSET: World Languages Examinations in the target language. Passing exam scores are valid for five years from the individual test date.
- If Test II or III of the CSET: World Languages Examination is not available, pass an assessment performed by an approved organization covering the integrated communication skills of listening, speaking, reading and writing in the target language.
- Pass an assessment covering the integrated communication skills of listening, speaking, reading and writing administered by a California college or university as a part of its Commission-approved bilingual authorization program in the target language.
- Possess a valid, non-emergency California Single Subject or Standard Secondary Teaching Credential with a major in the target language.
- Possess a three-year or higher degree from a foreign institution in which all instruction was delivered in the target language. The foreign institution must be equivalent in status to a regionally-accredited institution of higher education in the United States.

Period of Validity

The STSP will expire at the end of the employing agency's school year and cannot be issued for more than one year. The end of the school year shall be no later than July 1 unless the STSP is being used for a summer school assignment whereby the end of the school year shall be no later than September 1. The permit is not renewable and is available to an individual only once in a lifetime.

Terms And Definitions

- Enrollment adjustments require the addition of another teacher.
- An individual is unable to enroll in a Commission-approved intern program due to timelines, lack of space in the program.
- The unavailability of a third-year extension or withdrawal from an intern program.
- The teacher of record is unable to finish the school year due to approved leave/illness.

Commission on Teacher Credentialing

Core Assignments

Intent of Core

The basis of the authorization for the Multiple Subject (MS) Credential is the self-contained classroom setting whereby all or most subjects are taught by one instructor to the same group of students throughout the day. All variations of the MS authorization found in Education Code (regrouping, team teaching, and teaching in a core setting) maintain the foundation of a self-contained classroom while allowing some variant of flexibility for the assignment.

The intent of the core setting is that the student group is the same and remains together for all portions of the core assignment, which maintains the basis of the self-contained classroom. The instruction, however, is segmented into independent periods of instruction to mirror a departmentalized setting.

Core Setting Definition

A core setting occurs when a teacher is assigned on the basis of a credential that authorizes service in a self-contained classroom (Multiple Subject or Standard Elementary Teaching Credentials) and:

- Teaches two or more subjects to the same group of students in the same day, and;

- The student population for the class(es) remains the same.

Core assignments also allow for educators to be assigned a hanging period which allows an educator to teach one of the subjects already being taught in their core assignment. For a hanging period to be part of a correct core assignment, the extra period(s) must:

- Be in one of the exact same subjects already being taught in one of the core assignment;
- Be at the same grade level as the core assignment, and;
- Cannot constitute more than half of the teacher's total assignment.

Core settings allow an educator holding a credential authorizing service in a self-contained classroom to provide instruction in a partially departmentalized setting. This educator may teach two or more departmentalized subjects to the same group of students in the same day, and provide instruction in hanging fifth period(s). This setting is only permitted for use in grades 5-8.

Updated Teacher Equity Definitions

Updated “ineffective” and “out-of-field” teacher definitions for the California Every Student Succeeds Act (ESSA) Consolidated State Plan approved by the State Board of Education (SBE) in November 2019.

On November 6, 2019, the SBE approved updated definitions for “ineffective” and “out-of-field” teachers to be included in the amended California ESSA Consolidated State Plan. Extensive training and feedback with the field revealed the need for clarifications to the definitions to include specific permits and authorization that fall under each of the definitions.

The former teacher equity definitions (DOCX) were utilized by local educational agencies for completing their 2019 Local Control and Accountability Plan Federal Addenda.

Term	Definition
Ineffective teacher	An ineffective teacher is any of the following: ▪ An individual whose assignment is legally authorized by an emergency permit that does not require possession of a full teaching license; or ▪ A teacher who holds a teaching credential but does not possess a permit or authorization that temporarily allows them to teach outside of their credentialed area (misassigned) ▪ An individual who holds no credential, permit, or authorization to teach in California. Under this definition, teachers with the following limited emergency permits would be considered ineffective: ▪ **Provisional Internship Permits,** ▪ **Short-Term Staff Permits** ▪ **Variable Term Waivers** ▪ **Substitute permits or Teaching Permits for Statutory Leave (TSPL) holders serving as the teacher of record**

Out-of-field teacher	A credentialed out-of-field teacher is: A credentialed teacher who has not yet demonstrated subject matter competence in the subject area(s) or for the student population to which he or she is assigned. Under this definition, the following limited permits will be considered out of field: ▪ General Education Limited Assignment Permit (GELAP) ▪ Special Education Limited Assignment Permit (SELAP) ▪ **Short-Term Waivers** ▪ **Emergency English Learner or Bilingual Authorization Permits** ▪ **Local Assignment Options** (except for those made pursuant to the *California Code of Regulations*, Title 5, Section 80005[b])
Inexperienced Teacher	A teacher who has two or fewer years of teaching experience.
Minority Student	A student who is American Indian/Alaska Native, Asian, African American, Filipino, Native Hawaiian/Pacific Islander, Hispanic, or Two or More Races Not Hispanic.
Low-Income Student	A student who is eligible to receive Free or Reduced-Price Meals

www.escuelapopular.org

Dear Superintendent Vander Zee,

This letter serves as a "dispute statement" pursuant to Element 14: Dispute Resolution of the 2024-2029 Charter for Escuela Popular Accelerated Family Learning Center (EPAFLC). The Escuela Popular Board of Directors hereby requests that the East Side Union High School District ("District") begin the dispute resolution process outlined in the school's charter.

Nature of the Dispute

Under previous California law, charter schools had greater flexibility in terms of the credentialing for their teachers, compared to conventional public school districts. The law then changed, resulting in new credentialing requirements for charter schools that would render many charter school teachers misassigned. Because of this, a grace period was enacted to give charter schools time to adjust to this change. The grace period ended July 1, 2025.

The District and Escuela Popular had different opinions about how to address this shift. Escuela Popular has always taken pride in its practice of employing its own "homegrown" teachers who started out as students at the school. This practice enables students to be taught by teachers who share their background and are invested in their community. For EPAFLC, Escuela Popular wanted to prioritize lifting up its current, homegrown teaching staff through the use of emergency permits and other temporary credentials while supporting them in the process of completing additional credentialing processes. The District indicated a belief that use of these emergency permits somehow put the school out of compliance with the Education Code, even though California law authorizes the use of documents like emergency permits, temporary county certificates, variable term waivers, and other short-term credentials.

On July 16, 2025, the District sent Escuela Popular a "Letter of Deficiency" regarding EPAFLC teaching staff credentialing. This letter was based on staffing at the school during the 2024-2025 school year—**a time when the grace period was still in effect** before charter schools had to adopt new credentialing practices. The letter also indicated the District's disapproval of the use of Career Technical Education (CTE) teachers to teach any courses at EPAFLC, on the grounds that "CTE Pathways" were not included in the school's charter and Escuela Popular needed to complete the material revision process before having CTE classes. Escuela Popular disagreed on this point, both because a material revision of the charter is not ordinarily required before adding a CTE class, and because career development is a central part of the charter for both schools. For example, EPAFLC's charter states that EPAFLC will offer "Enrichment programs" which include "Ballet folklórico, Art, Nutrition, Theater, SEL, STEM, Career Technical Education ("CTE"), and Technology," and "Career Technical Education" is specifically listed as part of the EPAFLC curriculum.

On July 22, 2025, the District issued Escuela Popular a "Notice of Concern" regarding the District's concerns with Escuela Popular's decisions to apply for emergency permits and other temporary credentials for certain teachers. The letter stated, "It is the District's expectation that for the 2025-26 school year, all EPAFLC and EPCTC teachers will be appropriately credentialed in accordance with Education Code section 47605(l) and their respective Charters." It gave a response deadline for Escuela

Popular of August 4, 2025 to provide no fewer than seven different responsive documents, each to include detailed information and explanations about staffing.

On August 1, 2025, Escuela Popular's Executive Director, Patricia Reguerin, e-mailed the District's Coordinator of Charter School Oversight, Phillip Gedeon, stating, "Since receiving the Notice of Concern on July 22, 2025, we have been working diligently to gather and prepare all requested information. We respectfully request an extension until Friday, August 8, 2025, to submit the materials." On August 6, 2025 (after the August 4, 2025 deadline), Mr. Gedeon e-mailed Ms. Reguerin and denied her request for an extension to respond. Escuela Popular then provided some information on August 8, 2025 and additional information on August 11, 2025.

On August 29, 2025, the District issued a "Notice of Probationary Charter Status" to both of Escuela Popular's schools. This letter required Escuela Popular to submit a response by September 15, 2025 (approximately two weeks later) which would be accompanied by a detailed Corrective Action Plan "identifying the immediate steps" the school will implement "to have all of its teachers hold an appropriate and valid teaching credential(s) and/or EL Authorization required for their certificated assignment for the 2025-26 school year in compliance with Education Code section 47605(l) and its Charter." The response was also required to be accompanied by extensive documentation regarding staff credentialing and assignments. The District's letter did **not** say that the September 15, 2025 response needed to first be approved at an Escuela Popular Board meeting.

During the approximately two weeks after the August 29, 2025 charter probation letters, Escuela Popular Staff worked with District staff feedback to craft a detailed Corrective Action Plan. Escuela Popular submitted this to the District on September 15, 2025, along with a letter and documentation attempting to address every item requested in the District's August 29, 2025 letters. The Corrective Action Plan indicated a date of September 29, 2025 by which time Escuela Popular would implement the corrections.

On September 17, 2025, the District's Director of Assessment and Accountability for Charter School Oversight, Bjorn Berg, sent Escuela Popular a response to its September 15, 2025 response. This response expressed disapproval of the fact that the documents provided on September 15, 2025 had not been approved at an Escuela Popular Board meeting before September 15, 2025. The response acknowledged that items related to the credentialing concerns were agendized for Board approval at Escuela Popular's September 18, 2025 Board meeting but indicated, without explanation, that "the Credential Compliance Plan the Escuela Popular Board has agendized for approval at its 9/18/15, does not remedy the violations identified by the District and fails to demonstrate substantial progress toward compliance." The District took this position on September 17, 2025, despite the fact that the Board policies agendized for approval at the September 18, 2025 meeting had not yet been made public on September 17th. Essentially, the District was expressing disapproval of Escuela Popular Board policies that it had not yet seen.

Escuela Popular's attorney then reached out to the District's attorney requesting feedback on the proposed Board policies for the September 18, 2025 meeting in an effort to recommend any changes needed to make sure the policies were satisfactory to the District. The District's attorney, William Schuetz, refused to provide feedback, stating "The District will need to review the policies before providing any substantive feedback but if the policy re credentialing compliance is a reiteration of the plan identified in

the responses provided on 9/15, then the District's position is that it is not sufficient." Unsure why the District disapproved of the proposed Board policies regarding credentialing compliance—policies which were consistent with the requirements of Education Code section 47605(l)—Escuela Popular's Board adopted the policies at its September 18, 2025 meeting.

On October 2, 2025, the District issued Escuela Popular a "Notice of Deficient Corrective Action Plan" again claiming that Escuela Popular was out of compliance with Education Code section 47605(l), that Escuela Popular's September 15, 2025 Corrective Action Plan was insufficient, and that the District had checked PowerSchool on September 18, 2025 and determined that the schools had credentialing deficiencies. The October 2, 2025 letter indicated disapproval of Escuela Popular's use of Emergency 30-Day Substitute Teachers to fill vacancies while attempting to re-staff courses that the District had identified as misassigned. This is despite the fact that an individual with an Emergency 30-Day Substitute Teaching Permit may legally teach in **any** classroom under California law, as long as the assignment does not last beyond 30 days.

Escuela Popular was at a loss as to how it could re-staff its classes without using substitute teachers to cover the temporary vacancies in the meantime. The schools pressed forward with recruitment, interviews of candidates, and substitute teachers lawfully covering the classes on a temporary basis. Some teachers had valid temporary credentials, such as temporary county certificates, allowing them to legally use credentials for which they had applications pending with the Commission on Teacher Credentialing. Those teachers also remained in their classrooms, as they were lawfully allowed to do, while the courses were being re-staffed.

On October 13, 2025, the District sent Escuela Popular its proposed "Notice of Violation" alleging failure to comply with the credentialing requirements of Education Code 47605(l) and the schools' charters. This Notice of Violation was agendized for the District's October 16, 2025 Board meeting. On October 15, 2025, Escuela Popular Executive Director Patricia Reguerin met with District staff in attempt to update them on the current schedule and credentialing information for both schools. District staff were not interested in learning that new information and elected to present their own data, based on a September 18, 2025 search of PowerSchool, at the October 16, 2025 District Board meeting. District staff has not explained why it chose September 18, 2025—a date **before** the September 29, 2025 rollover date identified in the Corrective Action Plan—as the point in time for its credentialing assessment.

At the October 16, 2025 District Board meeting, the Board of Trustees approved an October 17, 2025 Notice of Violation for both schools. It was clear to the Escuela Popular Board members present that the Board of Trustees did not take the decision to issue the Notice of Violation lightly. It was also clear that the Board expected District staff, Escuela Popular staff, and their respective attorneys, to work together to resolve this dispute before it comes before the Board again.

Unfortunately, despite Escuela Popular's requests to meet with District staff and both parties' attorneys prior to the deadline for Escuela Popular's official written response, the District has refused. Since the October 16, 2025 Board meeting, Escuela Popular has sent multiple e-mails requesting such a meeting. In response, in an e-mail sent October 22, 2025, Associate Superintendent of Educational Services Teresa Marquez stated:

> If you and the Board have questions regarding the content of the Notices of Violation, please send that to us in writing so that the District may respond. At all times, however, the obligation to prepare and submit any response and/or refutation to the Notices rests with EP and must be approved by the EP Board. In short, any response by EP to the Notices must be prepared by EP and authorized by the EP Board.
>
> Once the District receives the EP Board-approved response, District staff will notify you if there are any questions or points for discussion or any other basis for a meeting as to the Notices of Violation, the implementation of your charter petition, and/or next steps. Again, the law and regulations provide that the response is to be done by EP with the express authorization of its Board, and not by the District or through a meeting(s) between the District and EP with counsel present.

We have attached the entirety of Associate Superintendent Marquez's e-mail for reference. Associate Superintendent Marquez's e-mail raises concerns that District staff do not intend to meet with Escuela Popular and both parties' counsel in an effort to resolve this dispute.

For these reasons, an active dispute remains between Escuela Popular and the District. Specifically, the District and Escuela Popular remain in conflict about:

1) The requirements of Education Code section 47605(l) and whether or not credentials such as temporary county certificates, emergency permits, and other temporary documents are allowed, and

2) To the extent the District wants Escuela Popular to implement credentialing requirements above and beyond the legal requirements of Education Code section 47605(l), what exactly would those requirements be, and what is a method of achieving them that would be both agreeable to the district and actually possible for Escuela Popular to implement on timelines set by the District?

Next Steps

According to Element 14 of the school's charter: "The Superintendent and Executive Director, or their respective designees, shall informally meet and confer in a timely fashion to attempt to resolve the dispute, not later than five (5) business days from receipt of the dispute statement." Please let us know when you or your designee is able to meet with Escuela Popular's Executive Director, or her designee, during the required timeframe.

Should this meeting fail to resolve the dispute, the school's charter provides that "both parties shall identify two Board members from their respective Boards who shall jointly meet with the Superintendent and Executive Director, or their respective designees, and attempt to resolve the dispute within fifteen (15) business days from receipt of the dispute statement."

Issuance of this letter was approved by Escuela Popular's Board of Directors at its November 4, 2025 Special Meeting. Escuela Popular's Board is hopeful that this process will result in a productive dialogue that will resolve the District's concerns without needing to escalate further into the charter revocation process.

The parties need to come together to discuss and agree on appropriate solutions for this problem—not because this is what all authorizers need to do, but because it is the right thing to do. Escuela Popular remains eager to resolve the issues outlined in the Notice of Violation to the satisfaction of the District but does need clarity about whether the District expects something more than legal compliance and, if so, what that expectation is, and a reasonable time for implementation.

Date:	Wednesday, October 22, 2025 5:22:58 PM

Dear Ms. Reguerin,

We have received your October 21, 2025, e-mail.

To clarify, at the October 16 Board meeting the Board took actions to approve the proposed Notices of Violation. The Board's actions did not direct District staff or the District's legal counsel to work with Escuela Popular staff and its attorneys to address and resolve the issues outlined in the notices. At your request, District staff did meet with Escuela Popular (EP) staff on October 15, in advance of the Board meeting and per your request, to discuss EP's questions related to the proposed Notices of Violation. At that time District staff clarified the District's role and obligations as an authorizer and to oversee compliance with the charter petition submitted by EP and approved by the Board. This was reiterated by Superintendent Vander Zee at the October 16 Board meeting, noting that the District's role in this process is as authorizer, that the decisions made by EP and the path towards compliance are to be made by EP as authorized by EP's Governing Board, and that the District's responsibility as authorizer is to review and assess any refutation and/or response for compliance with the law and the approved charter petition.

Per the Education Code and the Code of Regulations, EP's Board, if it chooses to respond, must submit to the District a detailed, written response addressing each identified violation which shall include the refutation, remedial action taken, or proposed remedial action by the charter school specific to each alleged violation, with supporting evidence. If you and the Board have questions regarding the content of the Notices of Violation, please send that to us in writing so that the District may respond. At all times, however, the obligation to prepare and submit any response and/or refutation to the Notices rests with EP and must be approved by the EP Board. In short, any response by EP to the Notices must be prepared by EP and authorized by the EP Board.

Once the District receives the EP Board-approved response, District staff will notify you if there are any questions or points for discussion or any other basis for a meeting as to the Notices of Violation, the implementation of your charter petition, and/or next steps. Again, the law and regulations provide that the response is to be done by EP with the express authorization of its Board, and not by the District or through a meeting(s) between the District and EP with counsel present.

Finally, thank you for clarifying that the materials presented during the October 16, 2025, Board meeting were not intended to serve as EP's official response to the Notices of Violation. That is contrary to the statement of your attorney in open session at the October 16 Board meeting when he stated: "This is the official charter school response, to be clear." (Board Meeting starting at 1:14:36) Moreover, EP provided binders to each of the Board members and the Superintendent at the October 16 meeting stating:

"We have brought binders with us tonite. We have a copy for each one of you Board members. We have a copy for your staff. It is broken out by individual teacher and you will find each teacher's name and credential, certificate or permit that entitles them to teach in the state of California."

(Board meeting starting at 1:18:58). As noted in previous communication, not all binders provided at the October 16 meeting included identical content.

We look forward to receiving the EP Board-approved response, refutation, etc. and supporting evidence.

Thank you,
Teresa Marquez

While my initial request received a response, my subsequent requests have gone unanswered. This email serves as my third formal request—and second since the October 16 Board meeting—to schedule a meeting as soon as possible with counsel present.

Additionally, I want to express concern regarding the suggestion at the October 16 Board meeting that collaboration might wait until the District's site visit scheduled for Monday, October 27. Waiting until that date would significantly shorten the time available for both the District and the School to work together toward resolution before the remedy deadline of November 17, 2025, as established in the Board's adopted resolution. To ensure a meaningful and good-faith effort to address the identified issues, it is essential that collaboration begin immediately.

Our goal remains to work constructively and in partnership with the District and its counsel to resolve these matters promptly and responsibly. Please provide your earliest availability for a meeting this week.

Thank you for your attention and willingness to work collaboratively.

Dear Superintendent Vander Zee,

This letter serves to initiate the dispute resolution process pursuant to Required Element N: Dispute Resolution of the current (2018-2023) Charter for Escuela Popular Center for Training and Careers (EPCTC). The Escuela Popular Board of Directors hereby requests that the East Side Union High School District ("District") begin the dispute resolution process outlined in the school's charter, including the mediation and arbitration provisions as needed in order to resolve the dispute.

Nature of the Dispute

Under previous California law, charter schools had greater flexibility in terms of the credentialing for their teachers, compared to conventional public school districts. The law then changed, resulting in new credentialing requirements for charter schools that would render many charter school teachers misassigned. Because of this, a grace period was enacted to give charter schools time to adjust to this change. The grace period ended July 1, 2025.

The District and Escuela Popular had different opinions about how to address this shift. Escuela Popular has always taken pride in its practice of employing its own "homegrown" teachers who started out as students at the school. This practice enables students to be taught by teachers who share their background and are invested in their community. For both schools, Escuela Popular wanted to prioritize lifting up its current, homegrown teaching staff through the use of emergency permits and other temporary credentials while supporting them in the process of completing additional credentialing processes. The District indicated a belief that use of these emergency permits somehow put the school out of compliance with the Education Code, even though California law authorizes the use of documents like emergency permits, temporary county certificates, variable term waivers, and other short-term credentials. For EPCTC in particular, Escuela Popular made the decision to shift the school's ELD program to a primarily Career and Technical Education (CTE) program with English-learning components. To that end, some EPCTC teachers earned CTE credentials so that they could teach those courses.

On July 16, 2025, the District sent Escuela Popular a "Letter of Deficiency" regarding EPCTC teaching staff credentialing. This letter was based on staffing at the school during the 2024-2025 school year—**a time when the grace period was still in effect** before charter schools had to adopt new credentialing practices. The letter also indicated the District's disapproval of the use of CTE teachers to teach any courses at EPCTC, on the grounds that "CTE Pathways" were not included in the school's charter and Escuela Popular needed to complete the material revision process before having CTE classes. The District expressed disapproval of the use of CTE teachers at EPAFLC on the same grounds. Escuela Popular disagreed on this point, both because a material revision of the charter is not ordinarily required before adding a CTE class, and because career development is a central part of the charter for both schools. For example, EPCTC's charter states, "Our school prepares students to attend college or enter the workforce directly into a skilled job," and "College & Career Readiness Standards" are listed in the charter as part of the English Language Development curriculum.

On July 22, 2025, the District issued Escuela Popular a "Notice of Concern" regarding the District's concerns with Escuela Popular's decisions to apply for emergency permits and other temporary

credentials for certain teachers. The letter stated, "It is the District's expectation that for the 2025-26 school year, all EPAFLC and EPCTC teachers will be appropriately credentialed in accordance with Education Code section 47605(l) and their respective Charters." It gave a response deadline for Escuela Popular of August 4, 2025 to provide no fewer than seven different responsive documents, each to include detailed information and explanations about staffing.

On August 1, 2025, Escuela Popular's Executive Director, Patricia Reguerin, e-mailed the District's Coordinator of Charter School Oversight, Phillip Gedeon, stating, "Since receiving the Notice of Concern on July 22, 2025, we have been working diligently to gather and prepare all requested information. We respectfully request an extension until Friday, August 8, 2025, to submit the materials." On August 6, 2025 (after the August 4, 2025 deadline), Mr. Gedeon e-mailed Ms. Reguerin and denied her request for an extension to respond. Escuela Popular then provided some information on August 8, 2025 and additional information on August 11, 2025.

On August 29, 2025, the District issued a "Notice of Probationary Charter Status" to both of Escuela Popular's schools. This letter required Escuela Popular to submit a response by September 15, 2025 (approximately two weeks later) which would be accompanied by a detailed Corrective Action Plan "identifying the immediate steps" the school will implement "to have all of its teachers hold an appropriate and valid teaching credential(s) and/or EL Authorization required for their certificated assignment for the 2025-26 school year in compliance with Education Code section 47605(l) and its Charter." The response was also required to be accompanied by extensive documentation regarding staff credentialing and assignments. The District's letter did **not** say that the September 15, 2025 response needed to first be approved at an Escuela Popular Board meeting.

During the approximately two weeks after the August 29, 2025 charter probation letters, Escuela Popular Staff worked with District staff feedback to craft a detailed Corrective Action Plan. Escuela Popular submitted this to the District on September 15, 2025, along with a letter and documentation attempting to address every item requested in the District's August 29, 2025 letters. The Corrective Action Plan indicated a date of September 29, 2025 by which time Escuela Popular would implement the corrections. For EPCTC, the corrective actions included pivoting mid-school year from the CTE-focused ELD program to an ELD-only program, removing all of the CTE-credentialed teachers from lead teacher assignments at the school. This left a significant number of vacancies because the many ELD courses that EPCTC offers had to be re-staffed. Escuela Popular took this step of pivoting away from the use of CTE teachers **at the direction of the District**. However, taking this step required the use of some Emergency 30-Day Substitute Teachers to cover the ELD courses while the school searched for long-term teachers who could fill those assignments.

On September 17, 2025, the District's Director of Assessment and Accountability for Charter School Oversight, Bjorn Berg, sent Escuela Popular a response to its September 15, 2025 response. This response expressed disapproval of the fact that the documents provided on September 15, 2025 had not been approved at an Escuela Popular Board meeting before September 15, 2025. The response acknowledged that items related to the credentialing concerns were agendized for Board approval at Escuela Popular's September 18, 2025 Board meeting but indicated, without explanation, that "the Credential Compliance Plan the Escuela Popular Board has agendized for approval at its 9/18/15, does not remedy the violations identified by the District and fails to demonstrate substantial progress toward compliance." The District

took this position on September 17, 2025, despite the fact that the Board policies agendized for approval at the September 18, 2025 meeting had not yet been made public on September 17th. Essentially, the District was expressing disapproval of Escuela Popular Board policies that it had not yet seen.

Escuela Popular's attorney then reached out to the District's attorney requesting feedback on the proposed Board policies for the September 18, 2025 meeting in an effort to recommend any changes needed to make sure the policies were satisfactory to the District. The District's attorney, William Schuetz, refused to provide feedback, stating "The District will need to review the policies before providing any substantive feedback but if the policy re credentialing compliance is a reiteration of the plan identified in the responses provided on 9/15, then the District's position is that it is not sufficient." Unsure why the District disapproved of the proposed Board policies regarding credentialing compliance—policies which were consistent with the requirements of Education Code section 47605(l)—Escuela Popular's Board adopted the policies at its September 18, 2025 meeting.

On October 2, 2025, the District issued Escuela Popular a "Notice of Deficient Corrective Action Plan" again claiming that Escuela Popular was out of compliance with Education Code section 47605(l), that Escuela Popular's September 15, 2025 Corrective Action Plan was insufficient, and that the District had checked PowerSchool on September 18, 2025 and determined that the schools had credentialing deficiencies. The October 2, 2025 letter indicated disapproval of Escuela Popular's use of Emergency 30-Day Substitute Teachers to fill vacancies while attempting to re-staff courses that the District had identified as misassigned. This is despite the fact that an individual with an Emergency 30-Day Substitute Teaching Permit may legally teach in **any** classroom under California law, as long as the assignment does not last beyond 30 days.

Escuela Popular was at a loss as to how it could re-staff its classes without using substitute teachers to cover the temporary vacancies in the meantime. The schools pressed forward with recruitment, interviews of candidates, and substitute teachers lawfully covering the classes on a temporary basis. Some teachers had valid temporary credentials, such as temporary county certificates, allowing them to legally use credentials for which they had applications pending with the Commission on Teacher Credentialing. Those teachers also remained in their classrooms, as they were lawfully allowed to do, while the courses were being re-staffed.

On October 13, 2025, the District sent Escuela Popular its proposed "Notice of Violation" alleging failure to comply with the credentialing requirements of Education Code 47605(l) and the schools' charters. This Notice of Violation was agendized for the District's October 16, 2025 Board meeting. On October 15, 2025, Escuela Popular Executive Director Patricia Reguerin met with District staff in attempt to update them on the current schedule and credentialing information for both schools. District staff were not interested in learning that new information and elected to present their own data, based on a September 18, 2025 search of PowerSchool, at the October 16, 2025 District Board meeting. District staff has not explained why it chose September 18, 2025—a date **before** the September 29, 2025 rollover date identified in the Corrective Action Plan—as the point in time for its credentialing assessment.

At the October 16, 2025 District Board meeting, the Board of Trustees approved an October 17, 2025 Notice of Violation for both schools. It was clear to the Escuela Popular Board members present that the Board of Trustees did not take the decision to issue the Notice of Violation lightly. It was also clear that

the Board expected District staff, Escuela Popular staff, and their respective attorneys, to work together to resolve this dispute before it comes before the Board again.

Unfortunately, despite Escuela Popular's requests to meet with District staff and both parties' attorneys prior to the deadline for Escuela Popular's official written response, the District has refused. Since the October 16, 2025 Board meeting, Escuela Popular has sent multiple e-mails requesting such a meeting. In response, in an e-mail sent October 22, 2025, Associate Superintendent of Educational Services Teresa Marquez stated:

> If you and the Board have questions regarding the content of the Notices of Violation, please send that to us in writing so that the District may respond. We have attached the entirety of Associate Superintendent Marquez's e-mail for reference. Associate Superintendent Marquez's e-mail raises concerns that District staff do not intend to meet with Escuela Popular and both parties' counsel in an effort to resolve this dispute.

Next Steps

According to Required Element N of the school's charter: "the district shall give the school a reasonable opportunity to cure" violations claimed by the District and "[n]ormally the opportunity to cure shall be 30 days after service of the Notice, which may be extended my mutual agreement." Required Element N also provides that "within 30 days of service of the Notice, the parties shall schedule mediation to resolve the matter with a mutually acceptable mediator. The parties shall mediate in good faith."

Should mediation fail to resolve the dispute, the school's charter provides that "within 60 days of the Notice and in the event that mediation is unsuccessful the dispute shall be referred to a mutually acceptable arbitrator who shall issue a written decision."

Issuance of this letter was approved by Escuela Popular's Board of Directors at its November 4, 2025 Special Meeting. Escuela Popular's Board is hopeful that this process will result in a productive dialogue that will resolve the District's concerns without needing to escalate further into the charter revocation process.

Dear Ms. Reguerin,

We have received your October 21, 2025, e-mail.

To clarify, at the October 16 Board meeting the Board took actions to approve the proposed Notices of Violation. The Board's actions did not direct District staff or the District's legal counsel to work with Escuela Popular staff and its attorneys to address and resolve the issues outlined in the notices. At your request, District staff did meet with Escuela Popular (EP) staff on October 15, in advance of the Board meeting and per your request, to discuss EP's questions related to the proposed Notices of Violation. At that time District staff clarified the District's role and obligations as an authorizer and to oversee compliance with the charter petition submitted by EP and approved by the Board. This was reiterated by Superintendent Vander Zee at the October 16 Board meeting, noting that the District's role in this process is as authorizer, that the decisions made by EP and the path towards compliance are to be made by EP as authorized by EP's Governing Board, and that the District's responsibility as authorizer is to review and assess any refutation and/or response for compliance with the law and the approved charter petition.

Per the Education Code and the Code of Regulations, EP's Board, if it chooses to respond, must submit to the District a detailed, written response addressing each identified violation which shall include the refutation, remedial action taken, or proposed remedial action by the charter school specific to each alleged violation, with supporting evidence. If you and the Board have questions regarding the content of the Notices of Violation, please send that to us in writing so that the District may respond. At all times, however, the obligation to prepare and submit any response and/or refutation to the Notices rests with EP and must be approved by the EP Board. In short, any response by EP to the Notices must be prepared by EP and authorized by the EP Board.

Once the District receives the EP Board-approved response, District staff will notify you if there are any questions or points for discussion or any other basis for a meeting as to the Notices of Violation, the implementation of your charter petition, and/or next steps. Again, the law and regulations provide that the response is to be done by EP with the express authorization of its Board, and not by the District or through a meeting(s) between the District and EP with counsel present.

Finally, thank you for clarifying that the materials presented during the October 16, 2025, Board meeting were not intended to serve as EP's official response to the Notices of Violation. That is contrary to the statement of your attorney in open session at the October 16 Board meeting when he stated: "This is the official charter school response, to be clear." (Board Meeting starting at 1:14:36) Moreover, EP provided binders to each of the Board members and the Superintendent at the October 16 meeting stating:

"We have brought binders with us tonite. We have a copy for each one of you Board members. We have a copy for your staff. It is broken out by individual teacher and you will find each teacher's name and credential, certificate or permit that entitles them to teach in the state of California."

(Board meeting starting at 1:18:58). As noted in previous communication, not all binders provided at the October 16 meeting included identical content.

We look forward to receiving the EP Board-approved response, refutation, etc. and supporting evidence.

Thank you,
Teresa Marquez

While my initial request received a response, my subsequent requests have gone unanswered. This email serves as my third formal request—and second since the October 16 Board meeting—to schedule a meeting as soon as possible with counsel present.

Additionally, I want to express concern regarding the suggestion at the October 16 Board meeting that collaboration might wait until the District's site visit scheduled for Monday, October 27. Waiting until that date would significantly shorten the time available for both the District and the School to work together toward resolution before the remedy deadline of November 17, 2025, as established in the Board's adopted resolution. To ensure a meaningful and good-faith effort to address the identified issues, it is essential that collaboration begin immediately.

Our goal remains to work constructively and in partnership with the District and its counsel to resolve these matters promptly and responsibly. Please provide your earliest availability for a meeting this week.

Thank you for your attention and willingness to work collaboratively.

Currentness

(a)(1) Except as set forth in paragraph (2), a petition for the establishment of a charter school within a school district may be circulated by one or more persons seeking to establish the charter school. A petition for the establishment of a charter school shall identify a single charter school that will operate within the geographic boundaries of that school district. A charter school may propose to operate at multiple sites within the school district if each location is identified in the charter school petition. The petition may be submitted to the governing board of the school district for review after either of the following conditions is met:

(A) The petition is signed by a number of parents or legal guardians of pupils that is equivalent to at least one-half of the number of pupils that the charter school estimates will enroll in the charter school for its first year of operation.

(B) The petition is signed by a number of teachers that is equivalent to at least one-half of the number of teachers that the charter school estimates will be employed at the charter school during its first year of operation.

(2) A petition that proposes to convert an existing public school to a charter school that would not be eligible for a loan pursuant to subdivision (c) of Section 41365 may be circulated by one or more persons seeking to establish the charter school. The petition may be submitted to the governing board of the school district for review after the petition is signed by not less than 50 percent of the permanent status teachers currently employed at the public school to be converted.

(3) A petition shall include a prominent statement that a signature on the petition means that the parent or legal guardian is meaningfully interested in having their child or ward attend the charter school, or in the case of a teacher's signature, means that the teacher is meaningfully interested in teaching at the charter school. The proposed charter shall be attached to the petition.

(4) After receiving approval of its petition, a charter school that proposes to expand operations to one or more additional sites or grade levels shall request a material revision to its charter and shall notify the chartering authority of those additional locations or grade levels. The chartering authority shall consider whether to approve those additional locations or grade levels at an open, public meeting. If the additional locations or grade levels are approved pursuant to the standards and criteria described in subdivision (c), they shall be a material revision to the charter school's charter.

(5)(A) A charter school that established one site outside the boundaries of the school district, but within the county in which that school district is located before January 1, 2020, may continue to operate that site until the charter school submits a request for the renewal of its charter petition. To continue operating the site, the charter school shall do either of the following:

(i) First, before submitting the request for the renewal of the charter petition, obtain approval in writing from the school district where the site is operating.

(ii) Submit a request for the renewal of the charter petition pursuant to Section 47607 to the school district in which the charter school is located.

(B) If a Presidential declaration of a major disaster or emergency is issued in accordance with the federal Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. Sec. 5121 et seq.) for an area in which a charter schoolsite is located and operating, the charter school, for not more than five years, may relocate that site outside the area subject to the Presidential declaration if the charter school first obtains the written approval of the school district where the site is being relocated to.

(C) Notwithstanding subparagraph (A), if a charter school was relocated from December 31, 2016, to December 31, 2019, inclusive, due to a Presidential declaration of a major disaster or emergency in accordance with the federal Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. Sec. 5121 et seq.), that charter school shall be allowed to return to its original campus location in perpetuity.

(D)(i) A charter school in operation and providing educational services to pupils before October 1, 2019, located on a federally recognized California Indian reservation or rancheria or operated by a federally recognized California Indian tribe shall be exempt from the geographic restrictions of paragraph (1) and subparagraph (A) of this paragraph and the geographic restrictions of subdivision (a) of Section 47605.1.

(ii) The exemption to the geographic restrictions of subdivision (a) of Section 47605.1 in clause (i) does not apply to nonclassroom-based charter schools operating pursuant to Section 47612.5.

(E) The department shall regard as a continuing charter school for all purposes a charter school that was granted approval of its petition, that was providing educational services to pupils before October 1, 2019, and is authorized by a different chartering authority due to changes to this paragraph that took effect January 1, 2020. This paragraph shall be implemented only to the extent it does not conflict with federal law. In order to prevent any potential conflict with federal law, this paragraph does not apply to covered programs as identified in Section 8101(11) of the federal Elementary and Secondary Education Act of 1965 (20 U.S.C. Sec. 7801) to the extent the affected charter school is the restructured portion of a divided charter school pursuant to Section 47654.

(6) Commencing January 1, 2003, a petition to establish a charter school shall not be approved to serve pupils in a grade level that is not served by the school district of the governing board considering the petition, unless the petition proposes to serve pupils in all of the grade levels served by that school district.

(b) No later than 60 days after receiving a petition, in accordance with subdivision (a), the governing board of the school district shall hold a public hearing on the provisions of the charter, at which time the governing board of the school district shall consider

the level of support for the petition by teachers employed by the school district, other employees of the school district, and parents. Following review of the petition and the public hearing, the governing board of the school district shall either grant or deny the charter within 90 days of receipt of the petition, provided, however, that the date may be extended by an additional 30 days if both parties agree to the extension. A petition is deemed received by the governing board of the school district for purposes of commencing the timelines described in this subdivision on the day the petitioner submits a petition to the district office, along with a signed certification that the petitioner deems the petition to be complete. The governing board of the school district shall publish all staff recommendations, including the recommended findings and, if applicable, the certification from the county superintendent of schools prepared pursuant to paragraph (8) of subdivision (c), regarding the petition at least 15 days before the public hearing at which the governing board of the school district will either grant or deny the charter. At the public hearing at which the governing board of the school district will either grant or deny the charter, petitioners shall have equivalent time and procedures to present evidence and testimony to respond to the staff recommendations and findings.

(c) In reviewing petitions for the establishment of charter schools pursuant to this section, the chartering authority shall be guided by the intent of the Legislature that charter schools are and should become an integral part of the California educational system and that the establishment of charter schools should be encouraged. The governing board of the school district shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice and with the interests of the community in which the school is proposing to locate. The governing board of the school district shall consider the academic needs of the pupils the school proposes to serve. The governing board of the school district shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:

(1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school.

(2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

(3) The petition does not contain the number of signatures required by subdivision (a).

(4) The petition does not contain an affirmation of each of the conditions described in subdivision (e).

(5) The petition does not contain reasonably comprehensive descriptions of all of the following:

(A)(i) The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an “educated person” in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

(ii) The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals.

(iii) If the proposed charter school will serve high school pupils, the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements.

 © 2025 Thomson Reuters. No claim to original U.S. Government Works.

Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the "A to G" admissions criteria may be considered to meet college entrance requirements.

(B) The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the charter school's educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school.

(C) The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.

(D) The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement.

(E) The qualifications to be met by individuals to be employed by the charter school.

(F) The procedures that the charter school will follow to ensure the health and safety of pupils and staff. These procedures shall require all of the following:

(i) That each employee of the charter school furnish the charter school with a criminal record summary as described in Section 44237.

(ii) The development of a school safety plan, and the annual review and update of the plan, pursuant to Section 47606.3.

(G) The means by which the charter school will achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils, as defined by the evaluation rubrics in Section 52064.5, that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted. Upon renewal, for a charter school not deemed to be a local educational agency for purposes of special education pursuant to Section 47641, the chartering authority may consider the effect of school placements made by the chartering authority in providing a free and appropriate public education as required by the federal Individuals with Disabilities Education Act (Public Law 101-476), [1] on the balance of pupils with disabilities at the charter school.

(H) Admission policies and procedures, consistent with subdivision (e).

(I) The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.

(J) The procedures by which pupils can be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason. These procedures, at a minimum, shall include an explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements that are consistent with all of the following:

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present the pupil's side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian, or, if the pupil is a homeless child or youth, or a foster child or youth, in the native language of the homeless or foster child's educational rights holder. In the case of a foster child or youth, the written notice shall also be provided to the foster child's attorney and county social worker. If the pupil is an Indian child, as defined in Section 224.1 of the Welfare and Institutions Code, the written notice shall also be provided to the Indian child's tribal social worker and, if applicable, county social worker. The written notice shall inform the pupil, the pupil's parent or guardian, the homeless child's educational rights holder, the foster child's educational rights holder, attorney, and county social worker, or the Indian child's tribal social worker and, if applicable, county social worker of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent or guardian, the homeless child's educational rights holder, the foster child's educational rights holder, attorney, or county social worker, or the Indian child's tribal social worker or, if applicable, county social worker initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, “involuntarily removed” includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

(iv) A foster child's educational rights holder, attorney, and county social worker and an Indian child's tribal social worker and, if applicable, county social worker shall have the same rights a parent or guardian of a child has to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, and other documents and related information.

(K) The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security.

(L) The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.

(M) The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.

(N) The procedures to be followed by the charter school and the chartering authority to resolve disputes relating to provisions of the charter.

(O) The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records.

(6) The petition does not contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school for purposes of Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code.

(7) The charter school is demonstrably unlikely to serve the interests of the entire community in which the school is proposing to locate. Analysis of this finding shall include consideration of the fiscal impact of the proposed charter school. A written factual finding under this paragraph shall detail specific facts and circumstances that analyze and consider the following factors:

(A) The extent to which the proposed charter school would substantially undermine existing services, academic offerings, or programmatic offerings.

(B) Whether the proposed charter school would duplicate a program currently offered within the school district and the existing program has sufficient capacity for the pupils proposed to be served within reasonable proximity to where the charter school intends to locate.

(8) The school district is not positioned to absorb the fiscal impact of the proposed charter school. A school district satisfies this paragraph if it has a qualified interim certification pursuant to Section 42131 and the county superintendent of schools, in consultation with the County Office Fiscal Crisis and Management Assistance Team, certifies that approving the charter school would result in the school district having a negative interim certification pursuant to Section 42131, has a negative interim certification pursuant to Section 42131, or is under state receivership. Charter schools proposed in a school district satisfying one of these conditions shall be subject to a rebuttable presumption of denial.

(d)(1) Charter schools shall meet all statewide standards and conduct the pupil assessments required pursuant to Section 60605 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in noncharter public schools.

(2) Charter schools shall, on a regular basis, consult with their parents, legal guardians, and teachers regarding the charter school's educational programs.

(e)(1) In addition to any other requirement imposed under this part, a charter school shall be nonsectarian in its programs, admission policies, employment practices, and all other operations, shall not charge tuition, and shall not discriminate against a pupil on the basis of the characteristics listed in Section 220. Except as provided in paragraph (2), admission to a charter school

shall not be determined according to the place of residence of the pupil, or of that pupil's parent or legal guardian, within this state, except that an existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that public school.

(2)(A) A charter school shall admit all pupils who wish to attend the charter school.

(B) If the number of pupils who wish to attend the charter school exceeds the charter school's capacity, attendance, except for existing pupils of the charter school, shall be determined by a public random drawing. Preference shall be extended to pupils currently attending the charter school and pupils who reside in the school district except as provided for in Section 47614.5. Preferences, including, but not limited to, siblings of pupils admitted or attending the charter school and children of the charter school's teachers, staff, and founders identified in the initial charter, may also be permitted by the chartering authority on an individual charter school basis. Priority order for any preference shall be determined in the charter petition in accordance with all of the following:

(i) Each type of preference shall be approved by the chartering authority at a public hearing.

(ii) Preferences shall be consistent with federal law, the California Constitution, and Section 200.

(iii) Preferences shall not result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation.

(iv) In accordance with Section 49011, preferences shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment.

(C) In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of the charter school and shall not take any action to impede the charter school from expanding enrollment to meet pupil demand.

(3) If a pupil is expelled or leaves the charter school without graduating or completing the school year for any reason, the charter school shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including report cards or a transcript of grades, and health information. If the pupil is subsequently expelled or leaves the school district without graduating or completing the school year for any reason, the school district shall provide this information to the charter school within 30 days if the charter school demonstrates that the pupil had been enrolled in the charter school. This paragraph applies only to pupils subject to compulsory full-time education pursuant to Section 48200.

(4)(A) A charter school shall not discourage a pupil from enrolling or seeking to enroll in the charter school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in clause (iii) of subparagraph (B) of paragraph (2).

 © 2025 Thomson Reuters. No claim to original U.S. Government Works.

(B) A charter school shall not request a pupil's records or require a parent, guardian, or pupil to submit the pupil's records to the charter school before enrollment.

(C) A charter school shall not encourage a pupil currently attending the charter school to disenroll from the charter school or transfer to another school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in clause (iii) of subparagraph (B) of paragraph (2). This subparagraph shall not apply to actions taken by a charter school pursuant to the procedures described in subparagraph (J) of paragraph (5) of subdivision (c).

(D) The department shall develop a notice of the requirements of this paragraph. This notice shall be posted on a charter school's internet website. A charter school shall provide a parent or guardian, or a pupil if the pupil is 18 years of age or older, a copy of this notice at all of the following times:

(i) When a parent, guardian, or pupil inquires about enrollment.

(ii) Before conducting an enrollment lottery.

(iii) Before disenrollment of a pupil.

(E)(i) A person who suspects that a charter school has violated this paragraph may file a complaint with the chartering authority.

(ii) The department shall develop a template to be used for filing complaints pursuant to clause (i).

(5) Notwithstanding any other law, a charter school in operation as of July 1, 2019, that operates in partnership with the California National Guard may dismiss a pupil from the charter school for failing to maintain the minimum standards of conduct required by the Military Department.

(f) The governing board of a school district shall not require an employee of the school district to be employed in a charter school.

(g) The governing board of a school district shall not require a pupil enrolled in the school district to attend a charter school.

(h) The governing board of a school district shall require that the petitioner or petitioners provide information regarding the proposed operation and potential effects of the charter school, including, but not limited to, the facilities to be used by the charter school, the manner in which administrative services of the charter school are to be provided, and potential civil liability effects, if any, upon the charter school and upon the school district. The description of the facilities to be used by the charter school shall specify where the charter school intends to locate. The petitioner or petitioners also shall be required to provide financial statements that include a proposed first-year operational budget, including startup costs, and cashflow and financial projections for the first three years of operation. If the school is to be operated by, or as, a nonprofit public benefit corporation, the petitioner shall provide the names and relevant qualifications of all persons whom the petitioner nominates to serve on the governing body of the charter school.

(i) In reviewing petitions for the establishment of charter schools within the school district, the governing board of the school district shall give preference to petitions that demonstrate the capability to provide comprehensive learning experiences to pupils identified by the petitioner or petitioners as academically low achieving pursuant to the standards established by the department under Section 54032, as that section read before July 19, 2006.

(j) Upon the approval of the petition by the governing board of the school district, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition, to the applicable county superintendent of schools, the department, and the state board.

(k)(1)(A)(i) If the governing board of a school district denies a petition, the petitioner may elect to submit the petition for the establishment of a charter school to the county board of education. The petitioner shall submit the petition to the county board of education within 30 days of a denial by the governing board of the school district. At the same time the petition is submitted to the county board of education, the petitioner shall also provide a copy of the petition to the school district. The county board of education shall review the petition pursuant to subdivisions (b) and (c). If the petition submitted on appeal contains new or different material terms, the county board of education shall immediately remand the petition to the governing board of the school district for reconsideration, which shall grant or deny the petition within 30 days. If the governing board of the school district denies a petition after reconsideration, the petitioner may elect to resubmit the petition for the establishment of a charter school to the county board of education.

(ii) The county board of education shall review the appeal petition pursuant to subdivision (c). If the denial of the petition was made pursuant to paragraph (8) of subdivision (c), the county board of education shall also review the school district's findings pursuant to paragraph (8) of subdivision (c).

(iii) As used in this subdivision, “material terms” of the petition means the signatures, affirmations, disclosures, documents, and descriptions described in subdivisions (a), (b), (c), and (h), but shall not include minor administrative updates to the petition or related documents due to changes in circumstances based on the passage of time related to fiscal affairs, facilities arrangements, or state law, or to reflect the county board of education as the chartering authority.

(B) If the governing board of a school district denies a petition and the county board of education has jurisdiction over a single school district, the petitioner may elect to submit the petition for the establishment of a charter school to the state board. The state board shall review a petition submitted pursuant to this subparagraph pursuant to subdivision (c). If the denial of a charter petition is reversed by the state board pursuant to this subparagraph, the state board shall designate the governing board of the school district in which the charter school is located as the chartering authority.

(2) If the county board of education denies a petition, the petitioner may appeal that denial to the state board.

(A) The petitioner shall submit the petition to the state board within 30 days of a denial by the county board of education. The petitioner shall include the findings and documentary record from the governing board of the school district and the county board of education and a written submission detailing, with specific citations to the documentary record, how the governing board of the school district and the county board of education abused their discretion. The governing board of the school district and county board of education shall prepare the documentary record, including transcripts of the public hearing at which the governing board of the school district and county board of education denied the charter, at the request of the petitioner. The documentary record shall be prepared by the governing board of the school district and county board of education no later than

10 business days after the request of the petitioner is made. At the same time the petition and supporting documentation is submitted to the state board, the petitioner shall also provide a copy of the petition and supporting documentation to the school district and the county board of education.

(B) If the appeal contains new or different material terms, as defined in clause (iii) of subparagraph (A) of paragraph (1), the state board shall immediately remand the petition to the governing board of the school district to which the petition was submitted for reconsideration. The governing board of the school district shall grant or deny the petition within 30 days. If the governing board of the school district denies a petition after reconsideration, the petitioner may elect to resubmit the petition to the state board.

(C) Within 30 days of receipt of the appeal submitted to the state board, the governing board of the school district or county board of education may submit a written opposition to the state board detailing, with specific citations to the documentary record, how the governing board of the school district or the county board of education did not abuse its discretion in denying the petition. The governing board of the school district or the county board of education may submit supporting documentation or evidence from the documentary record that was considered by the governing board of the school district or the county board of education.

(D) The state board's Advisory Commission on Charter Schools shall hold a public hearing to review the appeal and documentary record. Based on its review, the Advisory Commission on Charter Schools shall submit a recommendation to the state board whether there is sufficient evidence to hear the appeal or to summarily deny review of the appeal based on the documentary record. If the Advisory Commission on Charter Schools does not submit a recommendation to the state board, the state board shall consider the appeal, and shall either hear the appeal or summarily deny review of the appeal based on the documentary record at a regular public meeting of the state board.

(E) The state board shall either hear the appeal or summarily deny review of the appeal based on the documentary record. If the state board hears the appeal, the state board may affirm the determination of the governing board of the school district or the county board of education, or both of those determinations, or may reverse only upon a determination that there was an abuse of discretion by both the governing board of the school district and the county board of education. Abuse of discretion is the most deferential standard of review, under which the state board must give deference to the decisions of the governing board of the school district and the county board of education to deny the petition. If the denial of a charter petition is reversed by the state board, the state board shall designate, in consultation with the petitioner, either the governing board of the school district or the county board of education in which the charter school is located as the chartering authority.

(3) A charter school for which a charter is granted by either the county board of education or the state board based on an appeal pursuant to this subdivision shall qualify fully as a charter school for all funding and other purposes of this part.

(4) A charter school that receives approval of its petition from a county board of education or from the state board on appeal shall be subject to the same requirements concerning geographic location to which it would otherwise be subject if it received approval from the chartering authority to which it originally submitted its petition. A charter petition that is submitted to either a county board of education or to the state board shall meet all otherwise applicable petition requirements, including the identification of the proposed site or sites where the charter school will operate.

(5) Upon the approval of the petition by the county board of education, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition, to the governing board of the school district in which the charter school is located, the department, and the state board.

 © 2025 Thomson Reuters. No claim to original U.S. Government Works.

(6) If either the county board of education or the state board fails to act on a petition within 180 days of receipt, the decision of the governing board of the school district to deny the petition shall be subject to judicial review.

(*l*)(1) Teachers in charter schools shall hold the Commission on Teacher Credentialing certificate, permit, or other document required for the teacher's certificated assignment. These documents shall be maintained on file at the charter school and are subject to periodic inspection by the chartering authority. A governing body of a direct-funded charter school may use local assignment options authorized in statute and regulations for the purpose of legally assigning certificated teachers, in accordance with all of the requirements of the applicable statutes or regulations in the same manner as a governing board of a school district. A charter school shall have authority to request an emergency permit or a waiver from the Commission on Teacher Credentialing for individuals in the same manner as a school district.

(2) By July 1, 2020, all teachers in charter schools shall obtain a certificate of clearance and satisfy the requirements for professional fitness pursuant to Sections 44339, 44340, and 44341.

(3) The Commission on Teacher Credentialing shall include in the bulletins it issues pursuant to subdivision (k) of Section 44237 to provide notification to local educational agencies of any adverse actions taken against the holders of any commission documents, notice of any adverse actions taken against teachers employed by charter schools, and shall make this bulletin available to all chartering authorities and charter schools in the same manner in which it is made available to local educational agencies.

(m) A charter school shall transmit a copy of its annual, independent financial audit report for the preceding fiscal year, as described in subparagraph (I) of paragraph (5) of subdivision (c), to its chartering authority, the Controller, the county superintendent of schools of the county in which the charter school is sited, unless the county board of education of the county in which the charter school is sited is the chartering authority, and the department by December 15 of each year. This subdivision does not apply if the audit of the charter school is encompassed in the audit of the chartering authority pursuant to Section 41020.

(n) A charter school may encourage parental involvement, but shall notify the parents and guardians of applicant pupils and currently enrolled pupils that parental involvement is not a requirement for acceptance to, or continued enrollment at, the charter school.

(*o*) The requirements of this section shall not be waived by the state board pursuant to Section 33050 or any other law.

West's Ann.Cal.Educ.Code § 47607

§ 47607. Term of charter; renewals and material revisions of charter; considerations and criteria; revocation; appeal procedure

Currentness

(a)(1) A charter may be granted pursuant to Sections 47605, 47605.5, 47605.6, and 47606 for a period not to exceed five years.

(2) A chartering authority may grant one or more subsequent renewals pursuant to subdivisions (b) and (c) and Section 47607.2. Notwithstanding subdivisions (b) and (c) and Section 47607.2, a chartering authority may deny renewal pursuant to subdivision (e).

(3) A charter school that, concurrently with its renewal, proposes to expand operations to one or more additional sites or grade levels shall request a material revision to its charter. A material revision of the provisions of a charter petition may be made only with the approval of the chartering authority. A material revision of a charter is governed by the standards and criteria described in Section 47605.

(4) The findings of paragraphs (7) and (8) of subdivision (c) of Section 47605 shall not be used to deny a renewal of an existing charter school, but may be used to deny a proposed expansion constituting a material revision. For a material revision, analysis under paragraphs (7) and (8) of subdivision (c) of Section 47605 shall be limited to consideration only of the impact of the proposed material revision.

(5) The chartering authority may inspect or observe any part of the charter school at any time.

(b) Renewals and material revisions of charters are governed by the standards and criteria described in Section 47605, and shall include, but not be limited to, a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed.

(c)(1) As an additional criterion for determining whether to grant a charter renewal, the chartering authority shall consider the performance of the charter school on the state and local indicators included in the evaluation rubrics adopted pursuant to Section 52064.5.

(2)(A) The chartering authority shall not deny renewal for a charter school pursuant to this subdivision if either of the following apply for two consecutive years immediately preceding the renewal decision:

 © 2025 Thomson Reuters. No claim to original U.S. Government Works.

(i) The charter school has received the two highest performance levels schoolwide on all the state indicators included in the evaluation rubrics adopted pursuant to Section 52064.5 for which it receives performance levels.

(ii) For all measurements of academic performance, the charter school has received performance levels schoolwide that are the same or higher than the state average and, for a majority of subgroups performing statewide below the state average in each respective year, received performance levels that are higher than the state average.

(B) Notwithstanding subparagraph (A), if the two consecutive years immediately preceding the renewal decision include the 2019-20 or 2020-21 school year, the chartering authority shall not deny renewal for a charter school if either of the following apply for two of the most recent years for which state data is available preceding the renewal decision:

(i) The charter school has received the two highest performance levels schoolwide on all the state indicators included in the evaluation rubrics adopted pursuant to Section 52064.5 for which it receives performance levels.

(ii) For all measurements of academic performance, the charter school has received performance levels schoolwide that are the same or higher than the state average and, for a majority of subgroups performing statewide below the state average in each respective year, received performance levels that are higher than the state average.

(C) Notwithstanding subparagraphs (A) and (B), a charter school eligible for technical assistance pursuant to Section 47607.3 shall not qualify for renewal under this paragraph.

(D) A charter school that meets the criteria established by this paragraph and subdivision (a) of Section 47607.2 shall not qualify for treatment under this paragraph.

(E) The chartering authority that granted the charter may renew a charter pursuant to this paragraph for a period of between five and seven years.

(F) A charter that satisfies the criteria in subparagraph (A) or (B) shall only be required to update the petition to include a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed and as necessary to reflect the current program offered by the charter.

(3) For purposes of this section and Section 47607.2, “measurements of academic performance” means indicators included in the evaluation rubrics adopted pursuant to Section 52064.5 that are based on statewide assessments in the California Assessment of Student Performance and Progress system, or any successor system, the English Language Proficiency Assessments for California, or any successor system, and the college and career readiness indicator.

(4) For purposes of this section and Section 47607.2, “subgroup” means numerically significant pupil subgroups as defined in paragraph (1) of subdivision (a) of Section 52052.

(5) To qualify for renewal under clause (i) of subparagraph (A) or (B) of paragraph (2), subparagraph (A) of paragraph (1) or (2) of subdivision (a) of Section 47607.2, or paragraph (3) of subdivision (a) of Section 47607.2, the charter school shall have schoolwide performance levels on at least two measurements of academic performance per year in each of the two consecutive years immediately preceding the renewal decision. To qualify for renewal under clause (ii) of subparagraph (A) or (B) of paragraph (2), subparagraph (B) of paragraph (1) or (2) of subdivision (a) of Section 47607.2, or paragraph (3) of subdivision (a) of Section 47607.2, the charter school shall have performance levels on at least two measurements of academic performance for at least two subgroups. A charter school without sufficient performance levels to meet these criteria shall be considered under subdivision (b) of Section 47607.2.

(6) For purposes of this section and Section 47607.2, if the dashboard indicators are not yet available for the most recently completed academic year before renewal, the chartering authority shall consider verifiable data provided by the charter school related to the dashboard indicators, such as data from the California Assessment of Student Performance and Progress, or any successor system, for the most recent academic year.

(7) Paragraph (2) and subdivisions (a) and (b) of Section 47607.2 shall not apply to a charter school that is eligible for alternate methods for calculating the state and local indicators pursuant to subdivision (d) of Section 52064.5. In determining whether to grant a charter renewal for such a charter school, the chartering authority shall consider, in addition to the charter school's performance on the state and local indicators included in the evaluation rubrics adopted pursuant to subdivision (c) of Section 52064.5, the charter school's performance on alternative metrics applicable to the charter school based on the pupil population served. The chartering authority shall meet with the charter school during the first year of the charter school's term to mutually agree to discuss alternative metrics to be considered pursuant to this paragraph and shall notify the charter school of the alternative metrics to be used within 30 days of this meeting. The chartering authority may deny a charter renewal pursuant to this paragraph only upon making written findings, setting forth specific facts to support the findings, that the closure of the charter school is in the best interest of pupils.

(d)(1) At the conclusion of the year immediately preceding the final year of the charter school's term, the charter school authorizer may request, and the department shall provide, the following aggregate data reflecting pupil enrollment patterns at the charter school:

(A) The cumulative enrollment for each school year of the charter school's term. For purposes of this chapter, cumulative enrollment is defined as the total number of pupils, disaggregated by race, ethnicity, and pupil subgroups, who enrolled in school at any time during the school year.

(B) For each school year of the charter school's term, the percentage of pupils enrolled at any point between the beginning of the school year and census day who were not enrolled at the conclusion of that year, and the average results on the statewide assessments in the California Assessment of Student Performance and Progress system, or any successor system, for any such pupils who were enrolled in the charter school the prior school year.

(C) For each school year of the charter school's term, the percentage of pupils enrolled the prior school year who were not enrolled as of census day for the school year, except for pupils who completed the grade that is the highest grade served by the charter school, and the average results on the statewide assessments in the California Assessment of Student Performance and Progress system, or any successor system, for any such pupils.

(2) When determining whether to grant a charter renewal, the chartering authority shall review data provided pursuant to paragraph (1), any data that may be provided to chartering authorities by the department, and any substantiated complaints that the charter school has not complied with subparagraph (J) of paragraph (5) of subdivision (c) of Section 47605 or with subparagraph (J) of paragraph (5) of subdivision (b) of Section 47605.6.

(3) As part of its determination of whether to grant a charter renewal based on the criterion established pursuant to subdivision (c) and subdivisions (a) and (b) of Section 47607.2, the chartering authority may make a finding that the charter school is not serving all pupils who wish to attend and, upon making such a finding, specifically identify the evidence supporting the finding.

(e) Notwithstanding subdivision (c) and subdivisions (a) and (b) of Section 47607.2, the chartering authority may deny renewal of a charter school upon a finding that the school is demonstrably unlikely to successfully implement the program set forth in the petition due to substantial fiscal or governance factors, or is not serving all pupils who wish to attend, as documented pursuant to subdivision (d). The chartering authority may deny renewal of a charter school under this subdivision only after it has provided at least 30 days' notice to the charter school of the alleged violation and provided the charter school with a reasonable opportunity to cure the violation, including a corrective action plan proposed by the charter school. The chartering authority may deny renewal only by making either of the following findings:

(1) The corrective action proposed by the charter school has been unsuccessful.

(2) The violations are sufficiently severe and pervasive as to render a corrective action plan unviable.

(f) A charter may be revoked by the chartering authority if the chartering authority finds, through a showing of substantial evidence, that the charter school did any of the following:

(1) Committed a material violation of any of the conditions, standards, or procedures set forth in the charter.

(2) Failed to meet or pursue any of the pupil outcomes identified in the charter.

(3) Failed to meet generally accepted accounting principles, or engaged in fiscal mismanagement.

(4) Violated any law.

(g) Before revocation, the chartering authority shall notify the charter school of any violation of this section and give the school a reasonable opportunity to remedy the violation, unless the chartering authority determines, in writing, that the violation constitutes a severe and imminent threat to the health or safety of the pupils.

(h) Before revoking a charter for failure to remedy a violation pursuant to subdivision (f), and after expiration of the school's reasonable opportunity to remedy without successfully remedying the violation, the chartering authority shall provide a written notice of intent to revoke and notice of facts in support of revocation to the charter school. No later than 30 days after providing the notice of intent to revoke a charter, the chartering authority shall hold a public hearing, in the normal course of business, on the issue of whether evidence exists to revoke the charter. No later than 30 days after the public hearing, the chartering authority

shall issue a final decision to revoke or decline to revoke the charter, unless the chartering authority and the charter school agree to extend the issuance of the decision by an additional 30 days. The chartering authority shall not revoke a charter, unless it makes written factual findings supported by substantial evidence, specific to the charter school, that support its findings.

(i)(1) If a school district is the chartering authority and it revokes a charter pursuant to this section, the charter school may appeal the revocation to the county board of education within 30 days following the final decision of the chartering authority.

(2) The county board of education may reverse the revocation decision if the county board of education determines that the findings made by the chartering authority under subdivision (h) are not supported by substantial evidence. The school district may appeal the reversal to the state board.

(3) If the county board of education does not issue a decision on the appeal within 90 days of receipt, or the county board of education upholds the revocation, the charter school may appeal the revocation to the state board.

(4) The state board may reverse the revocation decision if the state board determines that the findings made by the chartering authority under subdivision (h) are not supported by substantial evidence. The state board may uphold the revocation decision of the school district if the state board determines that the findings made by the chartering authority under subdivision (h) are supported by substantial evidence.

(j)(1) If a county board of education is the chartering authority and the county board of education revokes a charter pursuant to this section, the charter school may appeal the revocation to the state board within 30 days following the decision of the chartering authority.

(2) The state board may reverse the revocation decision if the state board determines that the findings made by the chartering authority under subdivision (h) are not supported by substantial evidence.

(k) If the revocation decision of the chartering authority is reversed on appeal, the agency that granted the charter shall continue to be regarded as the chartering authority.

(*l*) During the pendency of an appeal filed under this section, a charter school whose revocation proceedings are based on paragraph (1) or (2) of subdivision (f) shall continue to qualify as a charter school for funding and for all other purposes of this part, and may continue to hold all existing grants, resources, and facilities, in order to ensure that the education of pupils enrolled in the school is not disrupted.

(m) Immediately following the decision of a county board of education to reverse a decision of a school district to revoke a charter, all of the following shall apply:

(1) The charter school shall qualify as a charter school for funding and for all other purposes of this part.

(2) The charter school may continue to hold all existing grants, resources, and facilities.

 © 2025 Thomson Reuters. No claim to original U.S. Government Works.

(3) Any funding, grants, resources, and facilities that had been withheld from the charter school, or that the charter school had otherwise been deprived of use, as a result of the revocation of the charter, shall be immediately reinstated or returned.

(n) A final decision of a revocation or appeal of a revocation pursuant to subdivision (f) shall be reported to the chartering authority, the county board of education, and the department.

(*o*) The requirements of this section shall not be waived by the state board pursuant to Section 33050 or any other law.

Request to Collaborate and Align on Credentialing Expectations

Dear Phillip, Bjorn, and Teresa,

Thank you for the time and patience the District has extended to Escuela Popular as we've worked to address credentialing expectations. We understand the District's frustration that our progress has not yet fully met expectations, and we want to emphasize that this is not due to a lack of effort or commitment, but rather a need for clearer alignment and shared understanding of expectations and metrics.

With the changes that took effect on September 29th, we want to confirm that 100% of teachers in our classrooms hold the required Commission on Teacher Credentialing certificate, permit, or other document and the appropriate English Learner Authorizations, fully in accordance with Education Code section 47605(l) and 47612.5(e)(1). We believe this reflects full legal compliance with both credentialing and ADA apportionment requirements.

At the same time, we fully agree with the District's goal — and our shared commitment — to making substantial progress toward increasing the percentage of Clear-credentialed teachers in alignment with TAMO metrics. We recognize that these are two distinct measures:

- Legal compliance under state law (all teachers appropriately credentialed and authorized, as defined by Education Code section 47605(l))
- Continuous improvement under TAMO expectations (growth in Clear credentials).

We are committed to both.

We would welcome the opportunity to meet with District staff to discuss these clarifications, rebuild shared understanding, and strengthen our collaborative relationship moving forward. Please let me know a few dates and times that work best for your team.

Sincerely,

Patricia Reguerin

Hello Bjorn,

Thank you for your response and for scheduling time to meet with us. We are available to meet on Wednesday, October 15, at 1:00 p.m.

Given that we received the Notice of Violation today, we believe it would be most productive for both the District's attorney and our counsel to join the discussion. Having legal representation present will help ensure that all parties have clarity on the facts, the relevant Education Code provisions, and the steps needed to move forward collaboratively.

Our goal for this meeting is to have an open, solutions-oriented conversation about credentialing expectations and to reaffirm our commitment to compliance and partnership with the District. Please let us know if including counsel on both sides is possible.

Thank you,

Good afternoon,

I've checked with our legal counsel, and they are not available. However, our team is still available to meet with you during this time, and we can also set up a time to meet with legal counsel from both sides in the coming weeks after the board meeting. Please let me know if you would still like to meet without counsel tomorrow so we can plan accordingly. Additionally, if we are still meeting, please let us know which areas of credentialing compliance/expectations you would like us to clarify, so we can understand where there is confusion and prepare for the meeting.

Thank you,
Bjorn

Hello Bjorn,

Yes, we look forward to meeting tomorrow without counsel. We are also very interested in a follow-up meeting next week, with counsel joining, to work towards a solid plan to meet the District's expectations.

The areas we would like further clarification on are:

-Which specific teachers does the District believe are still not in compliance with Education Code section 47605(l) and why?

-Does the District believe that emergency permits, waivers, and temporary county certificates do not count as legally credentialed under the California Education Code for teachers at a charter school?

-What exactly does the District think is still deficient about the Corrective Action Plan? This would be helpful in order to make changes accordingly.

Thank you,

Date:	Tuesday, October 21, 2025 2:29:58 PM

Dear Superintendent Vander Zee and East Side Union High School District Team,

Thank you for your correspondence dated October 17, 2025, regarding the *Notice of Violation* for Escuela Popular Accelerated Family Learning Center (EPAFLC).

As you may recall, the East Side Union High School District Board directed district staff, along with the District's legal counsel, to work collaboratively with Escuela Popular staff and our attorneys to address and resolve the issues outlined in the notice.

I would like to clarify that the materials presented during the October 16, 2025, Board meeting were not intended to serve as an official response to the Notice of Violation. They were provided to facilitate discussion and support the collaborative process envisioned by the Board.

I have previously submitted two requests to meet with District representatives and counsel to begin this work. While my initial request received a response, my subsequent requests have gone unanswered. This email serves as my third formal request—and second since the October 16 Board meeting—to schedule a meeting as soon as possible with counsel present.

Additionally, I want to express concern regarding the suggestion at the October 16 Board meeting that collaboration might wait until the District's site visit scheduled for Monday, October 27. Waiting until that date would significantly shorten the time available for both the District and the School to work together toward resolution before the remedy deadline of November 17, 2025, as established in the Board's adopted resolution. To ensure a meaningful and good-faith effort to address the identified issues, it is essential that collaboration begin immediately.

Our goal remains to work constructively and in partnership with the District and its counsel to resolve these matters promptly and responsibly. Please provide your earliest availability for a meeting this week.

Thank you for your attention and willingness to work collaboratively.

2.6 Ownership of Work Product. Service Provider retains all right, title and interest in Service Provider's proprietary information ("Service Provider Information"), including such Service Provider Proprietary Information contained in the Deliverables resulting from the Services described in and delivered pursuant to this Agreement or to the applicable SoW to this Agreement ("Work Product").

Service Provider retains all right, title and interest in, without limitation, any work of authorship (including computer software), schema, invention, process, device, apparatus, schematic or technical information, report, documentation, workflow, know-how, and best practice, that is invented, created, authored, or reduced to practice by Service Provider, and that is included in the Work Product or is used by Service Provider to carry out the Services described in and delivered pursuant to this Agreement or to the applicable SoW to this Agreement ("Service Provider IP").

Except as set forth herein, Service Provider hereby grants to Client a worldwide, non-exclusive, non-transferable, royalty-free, perpetual, without the right of sublicense, license to use Service Provider IP that is included in the Work Product in the course of Client's internal business operations, provided that no Service Provider IP may be unbundled or separated from the Work Product or used on a stand-alone basis. Service Provider reserves the right to revoke the foregoing license for non-payment of required Fees under this Agreement or the applicable SoW to this Agreement.

3. Compensation

3.1 Fees. Client will pay Service Provider Fees as outlined in each SoW. Any fee estimates, whether for planning or other purposes, are for informational purposes only and are not legally binding.

3.2 Expenses. Client agrees that Service Provider may require Client to reimburse it for all reasonable expenses incurred and documented by Service Provider in providing Services and Deliverables, including costs associated with travel, food and lodging, and acquiring and licensing third-party software, hardware, content, graphics or other materials needed to perform the Services. If Service Provider requires Client to reimburse for expenses, the SOW shall specify as such and the anticipated costs or prices of expenses.

3.3 Payment. Client shall be invoiced monthly. Fees shall be due and payable no later than fifteen (15) days after Client receives an invoice from Service Provider detailing Fees and Expenses. Invoices must be paid in a Service Provider-approved manner in immediately available funds to a bank account designated by Service Provider. Late payment of invoices shall bear an interest at a rate of one and one-half percent (1.5%) for each month or partial month during which invoices are unpaid, or the highest rate allowed by law, whichever is lower. Without limiting the generality of the foregoing, any failure by Client to pay invoices in a timely manner may be deemed a breach of this Agreement under Section 5.3 at Service Provider's option.

3.4 **Suspension of Services.** Service Provider may terminate or suspend Services or withhold Deliverables in the event Client is delinquent in payment of any invoice from Service Provider for a period of more than thirty (30) business days. Service Provider shall provide written notice to Client of its intent to suspend Services or withhold Deliverables prior to doing so.

3.5 **Taxes.** Client is responsible for all applicable sales, use and excise taxes, and any other similar taxes, duties and charges of any kind imposed by any federal, state, or local governmental entity on any amounts payable by Client hereunder. All such taxes, duties, and charges currently assessed, or which may be assessed in the future, that are applicable to the Services provided under this Agreement are for Client's benefit, and Client agrees to pay such taxes. Notwithstanding the same, when lawful and able, Service Provider shall use Client's sales tax exemption certificate to avoid paying such taxes in the first instance.

3.6 **Reasonable Compensation (ONLY APPLICABLE TO 501(c)(3) ENTITIES).** The Parties acknowledge that Client is a nonprofit corporation that is tax-exempt under Section 501(c)(3) of the Internal Revenue Code, as amended. Therefore, the Parties intend for the total compensation owed by Client to Service Provider to be reasonable compensation for the Services provided by Service Provider. Client may engage, at its sole expense, a qualified expert to determine whether the compensation is reasonable. If the expert determines the compensation for Services is not reasonable, the Parties shall in good faith negotiate a reasonable adjustment for the Fees, Deliverables or scope for Services that would make the compensation reasonable, as determined by expert. Service Provider shall reimburse Client for any Fees paid by Client to Service Provider under this Agreement that the expert deems to be unreasonable.

4. Client Obligations

4.1 **Representative.** Client shall appoint a representative who will be responsible for managing all queries and matters relating to performance under this Agreement. Client may change such contact by notifying Service Provider in writing.

4.2 **Cooperation.** Client acknowledges that Service Provider's ability to successfully provide Services and Deliverables depends on Client's reasonable and necessary cooperation and assistance, including timely decision-making, reliable access to Client facilities needed for the Services and Deliverables, and requested information and other content, materials, tools and assistance as may be described in the SoW or otherwise required for the Services and Deliverables.

4.3 **Board Meetings.** Client shall allow Service Provider to attend all scheduled meetings for any and all governing boards related to Client as legally permitted, if requested by Service Provider.

4.4 **Accuracy and Truthfulness.** Client will be responsible for, and Service Provider shall be entitled to rely upon, the content, accuracy, completeness and consistency of all information, materials and data shared by Client. Client represents to Service Provider that it (and all of its employees, agents, contractors and subcontractors) will provide accurate and truthful information, materials and

Docusign Envelope ID: 6E8D4C8C-40B0-4BEC-AE6D-94C1012EF677

Client Data to Service Provider in order to assist Service Provider in providing its Services and Deliverables.

4.5 **Acceptance.** All Services and Deliverables provided to Client shall be deemed accepted if, within five (5) business days after delivery, Client has not provided Service Provider written notice identifying specifically the basis for disapproval. Client may reject Services and Deliverables only if they fail to substantially comply with the SoW. Service Provider will use commercially reasonable efforts to correct identified deficiencies as soon as commercially practicable.

4.6 **Authorization to Use Deliverables.** Client hereby authorizes Service Provider to include Client, and the projects in which Service Provider was engaged, on Service Provider's websites, advertisements and demo portfolio videos, provided that such materials describe project(s) that have been publicly announced or released, and provided that prior to issuance of any press or media outlet release, Service Provider secures Client's written consent, not to be unreasonably withheld.

5. Term and Termination

5.1 **Term; Renewal; Expiration.** The term of this Agreement commences on the Effective Date and shall continue for a period of five (5) years. Upon the expiration of the initial five-year term, the Agreement shall automatically renew for additional successive five (5) year terms if Service Provider continues to provide Services and Deliverables pursuant to any SoW.

5.2 **Termination for Cause.** Either Party may terminate this Agreement, effective upon written notice to the other Party ("Defaulting Party"), if the Defaulting Party (a) breaches this Agreement or any SoW, and such breach is incapable of cure, or with respect to a breach capable of cure, the Defaulting Party does not cure such breach within thirty (30) calendar days after receipt of written notice of such breach, (b) becomes subject to any bankruptcy proceeding, (c) is dissolved, liquidated, or has a complete cessation of operations (either voluntarily or involuntarily), (d) makes a general assignment for the benefit of creditors, or (e) has a receiver, trustee, custodian, or similar agent appointed by a court order to take charge of or sell any material portion of its property or business.

5.3 **Effect of Termination.** Termination of this Agreement under Section 5.2 terminates any current SoWs, unless the Parties agree otherwise in writing. Client will pay Service Provider any outstanding Fees and expenses still owed at the time of termination, and each Party will promptly destroy or return all copies of the other Party's Confidential Information (except for archived copies used for legal retention or accounting purposes). Sections 2.5, 4.2 through 4.5, 6.1 through 6.4, 7.1, 7.2, 8.3, 8.4, 9.1 through 9.3, 10.1, 10.2, 11.1, 11.2, 13.8 and 13.9 will survive termination of this Agreement.

6. Confidential Information

Docusign Envelope ID: 6E8D4C8C-40B0-4BEC-AE6D-94C1012EF677

6.1 **Use and Protection.** Client may not use, except in furtherance of and for purposes of receiving Services and Deliverables, the Service Provider's Confidential Information. "Confidential Information" means all proprietary, non-public information disclosed by Service Provider to Client, directly or indirectly, which, (a) if in written, graphic, machine-readable or other tangible form is identified as "confidential" or "proprietary," (b) if disclosed orally or by demonstration, is identified at the time of initial disclosure as confidential and is confirmed in writing to Client to be "confidential" or "proprietary" within five (5) days of disclosure, or (c) reasonably appears to be confidential or proprietary because of the circumstances of disclosure and the nature of the information itself, including the Parties' business affairs, financial information and other sensitive and proprietary information. "Confidential Information" does not include information that: (i) is known publicly at the time of the disclosure by Client or becomes known publicly after disclosure through no fault of Client; (ii) is known to Client at the time of disclosure by Service Provider due to previous receipt from a source that was not bound by confidentiality obligations to Service Provider at that time; (iii) is independently developed by Client without use of or reference to the Confidential Information as demonstrated by the written records of Client; (iv) is disclosed by Service Provider to a third party without restriction; or (v) is hereafter required to be disclosed pursuant to a legal proceeding or otherwise required by law, provided reasonable prior notice is given to Service Provider with sufficient opportunity to contest or limit such disclosure as noted in Section 6.2.

Client will protect the confidentiality of Service Provider's Confidential Information to the same degree of care, but no less than reasonable care, as Client uses to protect its own Confidential Information. Client shall be liable to Service Provider for any breach by its employees or representatives of any confidentiality obligations.

6.2 **Compelled Disclosure.** Client may disclose Confidential Information of Service Provider to the extent the disclosure is required by law or order of a court or other governmental authority; provided that Client shall use commercially reasonable efforts to promptly notify Service Provider prior to the disclosure to enable Service Provider to seek a protective order or otherwise prevent or restrict the disclosure to the extent legally permissible.

In the event, at any time (i) Service Provider or its suppliers is required to respond to any search warrant, court order, subpoena, or other valid legal or administrative order or request for information relating to Client, or (ii) Client requests material assistance from Service Provider in connection with Client's efforts to conduct any investigation, to cooperate with or respond to any investigation being conducted by a third party, or to pursue or respond to any matter or respond to any legal or administrative proceeding or similar matter, Client will reimburse, on a time and materials basis as applicable, Service Provider for any cost that it incurs in so responding or assisting, including without limitation the services of Service Provider's counsel and any other third parties.

6.3 **Equitable Relief.** The Parties agree that monetary damages may be insufficient to fully compensate either Party for its losses in the event the other Party violates the provisions of this Section 6.

Docusign Envelope ID: 6E8D4C8C-40B0-4BEC-AE6D-94C1012EF677

6.4 **Ongoing Obligations.** Client's obligations regarding Confidential Information in this Section will expire five (5) years from the date of receipt of the Confidential Information., unless that Confidential Information also constitutes a trade secret recognized by state and federal law. Client shall keep all trade secrets confidential in perpetuity.

7. Student Records and Data; Client Data

7.1 **Service Provider Requirements.** To the extent applicable, Service Provider shall adhere to all federal laws and regulations protecting the confidentiality of student records and data, including, but not limited to, the Family Educational Rights and Privacy Act (FERPA) and its implementing regulations (34 C.F.R. Part 99), the Protection of Pupil Rights Amendment and its implementing regulations (34 C.F.R. Part 98), and related state and local laws and regulations.

Pursuant to FERPA and its implementing regulations, Client hereby designates Service Provider as "other School officials" and agents of Client, acknowledges that Service Provider has a legitimate educational interest in the Client and its students, and acknowledges that Service Provider is acting as a contractor providing institutional services and functions.

7.2 **Client Requirements and Permission.** As between Client and Service Provider, Client owns all Client Data. Client has sole responsibility for and complying with all laws, rules and regulations applicable to possession, accuracy, quality, processing, and transmission of Client Data to Service Provider. Client shall inform Service Provider of any relevant state or local laws and regulations related to Client Data with which Client and Service Provider must comply.

Notwithstanding the above, Client grants Service Provider permission to use, analyze and share all anonymized Client Data as permitted under federal, state and local law and regulation, including FERPA. Client recognizes that Service Provider may use anonymized Client Data to build products, models and other tools, all of which shall be the exclusive property of Service Provider.

8 Warranties, Remedies and Disclaimers

8.1 **General.** Each Party represents and warrants that it has the legal power and authority to enter into and perform under this Agreement.

8.2 **Industry Standards.** Service Provider warrants that all Services will be performed and Deliverables provided in accordance with applicable industry standards. If any element of the Services or Deliverables does not conform to the foregoing warranty in any material respect, and Client provides Service Provider with written notice describing the material non-conformity as identified in Section 4.4, Service Provider will reperform such element in a manner that does conform, except that if such reperformance is impracticable, in Service Provider's sole discretion, Service Provider will refund the Fees allocable to such nonconforming element. The foregoing remedy represents Client's sole remedy, and Service Provider's sole liability in the event of a non-conformity with the warranty provided in this Section 8.

Docusign Envelope ID: 6E8D4C8C-40B0-4BEC-AE6D-94C1012EF677

8.3 **Infringement.** Service Provider warrants that its provision of Services and Deliverables hereunder will not infringe any United States patent, or any copyright or trade secret, which is protected under United States law on the date hereof. This warranty does not apply to infringement arising out of Client's use of the Services or Deliverables in combination with any goods or technologies not furnished by Service Provider, Client's use of the Services and Deliverables in a manner for which they were not designed, or modifications to the Services and Deliverables by Client or a third party.

If the use of any element of the Services and Deliverables is enjoined as a result of any claim arising out of a breach of this warranty, Service Provider will, at its option and expense (i) procure for Client the right to continue to use such element, (ii) replace such element with a comparable element which is noninfringing, (iii) modify such element so it becomes noninfringing, or (iv) refund to Client the Fees paid hereunder allocable to such element. Any such modified or replacement element will conform to Service Provider's warranties contained herein.

8.4 **Disclaimer.** EXCEPT AS EXPRESSLY PROVIDED IN THIS SECTION 8 AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, SERVICE PROVIDER MAKES NO REPRESENTATIONS OR WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE, AND SPECIFICALLY DISCLAIMS ALL WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE, DESIGN, TITLE, NON-INFRINGEMENT, MERCHANTABILITY, MERCHANTABLE QUALITY, ACCURACY OF INFORMATIONAL CONTENT, SYSTEMS INTEGRATION, NON-INFRINGEMENT, NON-INTERFERENCE WITH ENJOYMENT OR OTHERWISE ARISING FROM A COURSE OF DEALING, LAW, USAGE, COURSE OF PERFORMANCE OR TRADE PRACTICE. SERVICE PROVIDER DOES NOT REPRESENT OR WARRANT THAT ANY SERVICES PROVIDED WILL BE ERROR FREE OR UNINTERRUPTED. SERVICE PROVIDER MAKES NO WARRANTY REGARDING ANY THIRD PARTY SERVICES OR TECHNOLOGIES THAT SERVICE PROVIDER MAY RELY UPON TO DELIVER THE SERVICES OR DELIVERABLES. THE LIMITED WARRANTIES PROVIDED IN THIS SECTION 8 ARE THE SOLE AND EXCLUSIVE REPRESENTATIONS AND WARRANTIES PROVIDED TO CLIENT IN CONNECTION WITH THE SUBJECT MATTER OF THIS AGREEMENT.

9. Limitations of Liability; Insurance

9.1 **Exclusion of Certain Damages.** EXCEPT FOR DAMAGES RESULTING FROM A PARTY'S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, OR DAMAGES ARISING FROM A PARTY'S BREACH OF THE OTHER PARTY'S INTELLECTUAL PROPERTY RIGHTS ("EXCLUDED CLAIMS"), TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL EITHER PARTY BE LIABLE TO ANYONE FOR ANY INDIRECT, PUNITIVE, SPECIAL, EXEMPLARY, INCIDENTAL, OR CONSEQUENTIAL DAMAGES, INCLUDING (BY WAY OF EXAMPLE AND NOT AN EXHAUSTIVE LIST), LOSS OF PROFITS, LOSS OF DATA, BUSINESS INTERRUPTION, LOSS OF USE, OR OTHER DAMAGES OR LOSSES ARISING OUT OF OR IN ANY WAY CONNECTED WITH THIS AGREEMENT, HOWEVER CAUSED AND WHETHER IN CONTRACT, TORT, OR OTHERWISE AND REGARDLESS OF THE THEORY OF LIABILITY AND WHETHER OR NOT THE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR LOSSES.

Docusign Envelope ID: 6E8D4C8C-40B0-4BEC-AE6D-94C1012EF677

9.2 **Maximum Liability.** EXCEPT FOR DAMAGES ARISING FROM AN EXCLUDED CLAIM, OR CLIENT'S PAYMENT OBLIGATIONS, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL SERVICE PROVIDER'S AGGREGATE LIABILITY ARISING OUT OF OR RELATING TO THIS AGREEMENT EXCEED THE AMOUNT OF FEES PAID OR PAYABLE BY CLIENT FOR THE APPLICABLE SERVICES AND DELIVERABLES UNDER THE APPLICABLE SOW GIVING RISE TO THE CLAIM FOR THE SIX (6) MONTHS PRECEDING THE EVENT GIVING RISE TO THE CLAIM. THE FOREGOING LIMITATION SHALL APPLY WHETHER AN ACTION IS IN CONTRACT, TORT, OR OTHERWISE AND REGARDLESS OF THE THEORY OF LIABILITY.

9.3 **Timing.** TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, ANY LEGAL PROCEEDINGS ARISING FROM THIS AGREEMENT OR THE APPLICABLE SOW MUST BE BROUGHT WITHIN ONE (1) YEAR FROM THE DATE WHEN THE PARTY BRINGING THE PROCEEDINGS FIRST BECOMES AWARE OF THE FACTS THAT GIVE RISE TO THE LIABILITY OR THE ALLEGED LIABILITY OR ANY RELEVANT STATUTORY LIMITATION PERIOD, WHICHEVER IS EARLIER.

9.4 **Insurance.** During the Term of this Agreement, Client shall maintain, at its own expense, the following types of insurance coverages with financially sound and reputable insurance companies: (1) Workers' Compensation; (2) Commercial General Liability; (3) Directors' and Officers' Liability; (4) Cyber Liability; and (5) excess or umbrella liability coverage. Client shall cause Service Provider and any related Affiliates performing work under a SoW to be named as an additional insured for all coverages identified above and shall include an endorsement for Completed Operations. The Commercial General Liability, Directors' and Officers' Liability, and excess/umbrella policies shall provide or permit a Waiver of Subrogation in favor of Service Provider. To the extent permitted by law, Client hereby waives such rights of subrogation.

10. Indemnification

10.1 **Mutual Indemnification.** Each Party shall indemnify, defend and hold the other Party, its managers, officers, directors, employees, agents, affiliates, and permitted successors and assigns harmless from all liabilities, costs and expenses (including, without limitation, attorneys' fees) that such Party may suffer, sustain or become subject to as a result of any misrepresentation or breach of warranty, covenant or agreement of the indemnifying Party contained herein or the indemnifying Party's gross negligence or willful misconduct in performance of its obligations under this Agreement. The Parties specifically agree that this indemnification shall include any liability for bodily injury (including death) or tangible property damage caused by the indemnifying Party's acts or omissions.

10.2 **Indemnity Process.** The Party seeking indemnification under this Section 10 ("Indemnitee") must (a) promptly notify the other Party ("Indemnitor") of the claim (provided that any failure to provide prompt written notice will only relieve the Indemnitor of its obligations to the extent its ability to defend a claim is materially prejudiced by the failure), (b) give the Indemnitor sole control of the defense and settlement of the claim (provided that Indemnitor shall not consent to entry of any judgment or admission of any liability of the Indemnitee without the prior written approval of the Indemnitee), and (c) provide reasonable assistance, cooperation, and required information with

Docusign Envelope ID: 6E8D4C8C-40B0-4BEC-AE6D-94C1012EF677

respect to the defense and settlement of the claim, at the Indemnitor's expense. At its own expense, the Indemnitee may retain separate counsel to advise the Indemnitee regarding the defense or settlement of the claim.

11. Dispute Resolution

11.1 Informal Resolution; Mediation. If any issue, dispute or controversy arises related to this Agreement, the Parties shall confer and use reasonable efforts to resolve it. If the issue, dispute or controversy cannot be settled through negotiation, the Parties agree first to try in good faith to settle the dispute by mediation administered by the American Arbitration Association under its Commercial Mediation Procedures in Maricopa County, Arizona before resorting to arbitration, litigation, or some other dispute resolution procedure. Each Party shall bear its own costs and attorneys' fees in mediation.

11.2 Arbitration. Any issue, dispute or controversy between the Parties not settled by negotiation or mediation under Section 11.1 shall be settled by arbitration administered by the American Arbitration Association in accordance with its Commercial Arbitration Rules in Maricopa County, Arizona. Judgment on the award rendered by the arbitrator may be tendered in any court having jurisdiction thereof. The prevailing Party in any dispute subject to Arbitration under this Agreement shall be awarded its attorneys' fees and costs.

12. Non-Solicitation

The Parties acknowledge that Service Provider has expended substantial time, money and effort training its employees and independent contractors with respect to business strategies, techniques and methods related to the Services and Deliverables. Accordingly, during the term of, and for a period of two (2) years immediately following expiration or termination of, this Agreement, Client agrees not to hire, contract with, consult, solicit for employment or engage any employee or independent contractor of Service Provider, or induce any such employee or independent contractor to terminate or breach any employment or other relationship with Service Provider. The Parties agree that where Client has breached the foregoing provision, Client shall pay to Service Provider as liquidated damages, and not as a penalty, a sum equivalent to the greater of: (a) the annual salary of any such employee or amount of contractor fees paid or payable to any such independent contractor in the one (1) year period prior to such breach; or (b) the amount paid or payable by Client under this Agreement in the one (1) year period prior to such breach.

13. Non-Disparagement.

The Parties agree and covenant that they shall not make, publish, or communicate to any person or entity or in any public forum any maliciously false, defamatory, or disparaging remarks, comments, or statements concerning the other Party or its businesses, or any of its employees, officers, or directors and its existing and prospective customers, suppliers, investors, and other associated third parties, now or at any time in the future.

Docusign Envelope ID: 6E8D4C8C-40B0-4BEC-AE6D-94C1012EF677

14. Miscellaneous

14.1 Compliance with Law. Both Parties shall comply with all laws applicable to the performance of this Agreement.

14.2 Acknowledgement For New Mexico Clients Only. The Parties acknowledge that this Services Agreement is entered into in accordance with the "ACES Cooperative Accounting Services Purchase Agreement," itself to be entered into between Client and the New Mexico Charter School Education Services Association ("ACES") on or about Effective Date. The Parties further understand and agree that invoicing under this Agreement shall be carried out in accordance with such ACES Cooperative Accounting Services Purchase Agreement.

14.3 Relationship of the Parties. The Parties have the status of independent contractors, and nothing in this Agreement nor the conduct of the Parties will be deemed to place the Parties in any other relationship, including without limitation, any partnership, joint venture, franchise, agency, fiduciary or employment relationship. Service Provider expressly disclaims that it is an Education Management Organization or similar entity that manages any aspect of Client's operations. Neither Party shall be responsible for the acts or omissions of the other Party or the other Party's personnel. This Agreement confers no rights upon either Party's employees, agents, contractors, partners, or upon any other person or entity. Consistent with California Education Code § 47604, Service Provider does not and shall not have any authority to perform any of the following services for Client: (a) the nomination, appointment, or removal of Client's Board of Directors ("Board") members/officers; (b) the employment, supervision, or dismissal of any employees of Client; (c) the management of Client's day-to-day operations as its administrative manager; or (d) the approval, denial, or management of the budget or any expenditures of Client that are not authorized by the Board.

14.4 Assignment; Successors and Assigns. Neither Party may assign this Agreement, or otherwise transfer any right or obligation under this Agreement, without the prior written consent of the other Party, which consent shall not be unreasonably withheld or delayed, provided that Service Provider may assign this Agreement or an SOW without consent to an Affiliate or in connection with a sale of substantially all of its assets, or in the event of a reorganization. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of the Parties' successors and permitted assigns.

14.5 Notices. Notices under this Agreement shall be sent in writing to the addresses in the applicable SoW, or to such other address as may be specified by either Party. Notices shall be in writing and deemed to have been given (a) the day an email is sent if sent during normal business hours, or the next day if outside of normal business hours, (b) when personally delivered, or (c) five (5) business days after mailing if sent by registered or certified mail.

14.6 Force Majeure. Neither Party shall be liable to the other for any delay or failure to perform hereunder due to circumstances beyond the Party's reasonable control, including, but not limited to, acts of God; acts of government or regulatory change that makes it impossible or impracticable

Docusign Envelope ID: 6E8D4C8C-40B0-4BEC-AE6D-94C1012EF677

for Service Provider to operate (determined in Service Provider's sole discretion); acts of terror; unusually severe weather conditions; strikes or other labor difficulties; war; riots; earthquakes; public disturbances; epidemics; and service disruptions involving hardware, software, or power systems not within the Party's possession or reasonable control. Any Party seeking to excuse or delay its performance pursuant to this Section 13.5 must: (1) give the other Party within one (1) week, or as soon thereafter as practicable, written notice describing the particulars of the Force Majeure event, (2) suspend its performance no longer than required by the Force Majeure event, and (3) use reasonable efforts to remedy its inability to perform. Notwithstanding the foregoing, Client shall be liable for the payment of all amounts required to be paid pursuant to an applicable SOW.

14.7 Entire Agreement. This Agreement, together with all SoWs, contains the entire agreement of the Parties with respect to the subject matter hereof and supersedes, and the Parties hereby disclaim reliance on, all previous oral and written communications, representations, understandings, and agreements by the Parties concerning the subject matter of this Agreement. No terms, provisions, or conditions contained in any other business form or document that Client may use in connection with Services contemplated by this Agreement will have any effect on the rights or obligations of the Parties under, or otherwise modify, this Agreement.

14.8 Amendment; Waiver. No modification, amendment, or waiver of any provision of this Agreement will be effective unless in writing and signed by authorized representatives of both Parties hereto. Any failure to enforce any provision of this Agreement shall not constitute a waiver thereof or of any other provision and a waiver of any breach of this Agreement shall not constitute a waiver of any other or subsequent breach.

14.9 Severability. If any term or provision of this Agreement is invalid, illegal, or unenforceable in any jurisdiction, such invalidity, illegality, or unenforceability shall not affect any other term or provision of this Agreement, or invalidate or render unenforceable such term or provision in any other jurisdiction. Upon a determination that any term or provision is invalid, illegal, or unenforceable, the Parties shall negotiate in good faith to modify this Agreement to effect the original intent of the Parties as closely as possible in order that the transactions contemplated hereby be consummated as originally contemplated to the greatest extent possible.

14.10 Governing Law, Venue and Equitable Remedies. All claims and disputes related to or arising out of this Agreement not resolved by the Dispute Resolution section of this Agreement (Section 11) will be governed by the internal laws of the State of Arizona, excluding any of its or any other jurisdiction's rules on conflicts of law that would cause the substantive law of any other state to apply. Any legal suit, action, or proceeding arising out of relating to this Agreement or the transactions contemplated hereby shall be instituted in the District of Arizona or Maricopa County, and each Party irrevocably submits to the exclusive jurisdiction of such courts in any such legal suit, action, or proceeding.

Each Party to this Agreement acknowledges and agrees that (a) a breach or threatened breach by such Party of any of its obligations under this Agreement would give rise to irreparable harm to the other Party for which monetary damages would not be an adequate remedy and (b) if a breach or

Docusign Envelope ID: 6E8D4C8C-40B0-4BEC-AE6D-94C1012EF677

a threatened breach by such Party of any such obligations occurs, the other Party hereto will, in addition to any and all other rights and remedies that may be available to such Party at law, at equity, or otherwise in respect of such breach, be entitled to equitable relief, including a temporary restraining order, an injunction, specific performance and any other relief that may be available from a court of competent jurisdiction, without any requirement to (i) post a bond or other security, or (ii) prove actual damages or that monetary damages will not afford an adequate remedy. Each Party to this Agreement agrees that such Party shall not oppose or otherwise challenge the appropriateness of equitable relief or the entry by a court of competent jurisdiction of an order granting equitable relief, in either case, consistent with the terms of this Section14.10.

14.11 WAIVER OF JURY TRIAL. EACH PARTY IRREVOCABLY AND UNCONDITIONALLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL ACTION, PROCEEDING, CAUSE OF ACTION, OR COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS AGREEMENT, INCLUDING ANY EXHIBITS, SCHEDULES, SOWS AND APPENDICES ATTACHED TO THIS AGREEMENT, OR THE TRANSACTIONS CONTEMPLATED HEREBY.

14.12 Headings. Headings, captions and sections are inserted into this Agreement for convenience only and will not affect the meaning or interpretation of this Agreement.

14.13 Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one instrument.

Thank you for the update. Can you provide the District with an estimated time for when this information will be submitted? Having access to this information is critical to our ability to ensure that EPAFLC and EPCTC are both in compliance with Education Code section 47605(l) and its good standing as outlined in the Notice of Probation of being informed of all new hires by EPAFLC and EPCTC.

Potential New Hire for PE Teacher (Jerry Fan)

Hello,

We interviewed a candidate who has the potential to be a PE Teacher. We would like to move forward with hiring Jerry Fan as a substitute, with the possibility of pursuing an STSP in PE for him.

I understand the district's preference for fully qualified teachers; however, as you know, it has been very difficult to find a fully credentialed PE teacher at this time. Given that challenge, we believe Jerry is a strong candidate who meets the criteria to be considered for an STSP based on his academic background. He holds an M.S. in Sport Nutrition from Concordia University Chicago and a B.S. in Kinesiology from California State University Monterey Bay, which align well with the PE content area.

Additionally, Jerry has shared that he is interested in pursuing a teaching credential and enrolling in a credential program to obtain his PE credential, which further supports his long-term fit for the role.

I'm attaching his unofficial transcripts from both institutions, his resume, and his 30-Day Substitute Permit from CTC for your review.

Please let me know if you need any additional information or if there are next steps we should take on our end.

Thank you,
Cindy

Aloha Cindy,

Thank you for the update regarding Jerry Fan. As you are aware, EPCTC & EPAFLC are their own LEAs and are responsible for making hiring decisions for all employees. Our role as authorizer is to ensure that EPCTC and EPAFLC are in compliance with the credentialing requirements for all instructors hired by both LEAs, in accordance with the Education Code and the charter petition of each school. The District's position has been, and continues to be, that EPCTC and EPAFLC should seek and hire candidates who are credentialed for the teaching assignment(s) for which they are assigned. As previously stated, hiring 30-day substitutes to replace existing vacancies only results in EPCTC and EPAFLC maintaining the current level of vacancies, rather than reducing the number of vacancies. This approach to staffing does not allow EPCTC and EPAFLC to demonstrate to the District that they are making adequate progress in addressing the District's concerns outlined in the notification of probationary status and the notice of violation.

With that said, below are screenshots from CTC for Jerry Fan. It looks like his 30-day substitute credential has expired. To remain in compliance, he should only be offered a contract and a start date when he can demonstrate his active credential or TCC. Does EP have a document that shows his 30-day substitute credential as being active? Also, can you submit a copy of the drafted contract for Jerry Fan? Thank you.

Hello Phillip,

Thank you for sharing the update and the screenshots regarding Jerry Fan's credential status. I appreciate your clarification on the respective roles and responsibilities of EPCTC, EPAFLC, and the District in ensuring compliance with credentialing requirements. I understand the District's position that EPCTC and EPAFLC should prioritize hiring credentialed candidates for teaching assignments to address vacancies meaningfully and demonstrate progress toward resolving the concerns outlined in the probationary status and violation notices.

Regarding Jerry Fan's credential status:
I've reviewed the screenshots from the CTC, and I acknowledge that his 30-day substitute credential appears to have expired.
As you've noted, to remain in compliance, any contract or start date for Jerry Fan should be contingent upon him providing proof of an active credential or TCC.

Please note that our goal for Jerry Fan is to secure a Short-Term Staff Permit (STSP) for him to serve in this assignment. We believe this pathway will allow him to meet the credentialing requirements in a timely manner while ensuring compliance.

To address your questions:
Active Credential Documentation: I will follow up with EPCTC and EPAFLC to determine if there is any documentation showing Jerry Fan's 30-day substitute credential as active. If such documentation exists, I will share it with you promptly.

Drafted Contract: I will request a copy of the drafted contract for Jerry Fan from the relevant LEA and submit it to you as soon as it's available.

Please let me know if there are any additional details or steps you require from our end to ensure alignment with the Education Code and charter petition requirements. I am committed to working collaboratively to address these compliance matters and support EPCTC and EPAFLC in making meaningful progress toward resolving the District's concerns.

Thank you again for your diligence and guidance. I look forward to your further instructions.

Exhibit H

November 17, 2025

Dear Superintendent Vander Zee,

This letter, along with the enclosed exhibits, constitutes Escuela Popular's official response to the Notice of Violation for Escuela Popular Center for Training and Careers (EPCTC), which was approved at the East Side Union High School District's October 16, 2025 Board Meeting. This response has been approved for submission to the District by the Escuela Popular Board of Directors.

Within this response, please find Escuela Popular's demonstration of EPCTC's compliance with the credentialing requirements of Education Code section 47605(l) as of the October 16, 2025 District Board Meeting. Please also find Escuela Popular's refutation of information upon which the District based its previous findings regarding EPCTC credentialing.

Response to Claimed Violation of Law- EPCTC's Compliance with Education Code section 47605(l)

In its October 16, 2025 Notice of Violation issued to EPCTC, the District claimed the following violation of law:

> Education Code section 47605(l) provides in part: "Teachers in charter schools shall hold the Commission on Teacher Credentialing certificate, permit, or other document required for the teacher's certificated assignment. These documents shall be maintained on file at the charter school and are subject to periodic inspection by the chartering authority."
>
> The District has determined that a significant percentage of EPCTC teachers do not possess the appropriate teaching credential(s) and/or English Learner (EL) Authorization for their teaching assignment, and therefore, EPCTC is not in compliance with California Education Code section 47605(l). Failure to ensure that all teachers hold a valid California teaching credential(s) with the appropriate EL Authorization for their teaching assignment violates Education Code section 47605(l).

However, as of the October 16, 2025 District Board Meeting, the data demonstrates EPCTC was in compliance with the requirements of Education Code section 47605(l). Copies of the credential documents for Escuela Popular's teachers are enclosed as Exhibit A. Power School screen shots of the mid-October 2025 master schedules for both schools are enclosed as Exhibit B. The following are the EPCTC teachers with active assignments as of the evening of October

Response to Claimed Violation of Charter- EPCTC's Compliance with the Credentialing Requirements of its Charter, which Mirror Education Code section 47605(l)

In its October 16, 2025 Notice of Violation issued to EPCTC, the District claimed the following violation of the school's charter:

EPCTC has violated the following conditions, standards, or procedures set forth in the Charter:

The Assurances provided in the Charter expressly state that EPCTC:
9. Will meet all requirements for employment set forth in applicable provisions

[2] In its October 16, 2025 spreadsheet, Escuela Popular organized its data by teacher and included the name and credential for substitute teachers covering vacant courses. This may have created confusion. Escuela Popular has remedied this by ensuring that courses staffed by substitute teachers are labeled as "vacancies" instead of listing the substitute teacher's name. This has also been corrected on PowerSchool.

of law, including, but not limited to credentials, as necessary.
10. Will ensure that teachers in the school hold a Commission on Teacher Credentialing certificate permit, as required by law.

Element 5, "Employee Qualifications" in the Charter (p. 30) also provides:
EPCTC retains and employs teaching staff who hold appropriate California teaching certificates, permits, or other documents issued by the Commission on Teacher Credentialing.

The Notice of Violation states that EPCTC has violated these terms of its charter "by failing to ensure that all of its teachers hold a valid California teaching credential(s) with the appropriate EL Authorization for their teaching assignment." This credentialing requirement, as articulated in the charter, is simply a requirement that the school comply with California credentialing law in its assignment of teachers to courses. The charter specifically states that Education Code section 47605(l) is the applicable credentialing standard.

For the reasons stated above, the data demonstrates EPCTC was in compliance with Education Code section 47605(l) as of October 16, 2025. The school's charter does not require its teachers to hold credentials above and beyond what is mandated by Education Code section 47605(l).

Refutation of District's Evidence in Notice of Violation

Some of the evidence attached to the District's Notices of Violation for EPCTC and EPAFLC contains incorrect information. The following is a list of some of these inaccuracies, along with citations to evidence:

Inaccuracies in Exhibits to Notice of Violation:

- The March 26, 2025 letter from the District claimed that Adriana Cruz did not have a BCLAD. In reality, Adriana Cruz Gonzalez (which is her full name) has a Clear Single Subject Teaching Credential in English, with the EL Authorization/CLAD, which authorizes teaching the English classes designed for English learners. She does not need a BCLAD for this (see Exhibit F).
- The October 2, 2025 letter from the District claimed that, as of September 18, 2025, only nine (9) out of thirty-six (36) teachers at EPCTC had a valid teaching credential and EL authorization for their teaching assignment and claimed this meant that 75% of EPCTC's teachers did not have a valid teaching credential and EL Authorization for their assignment at that time. **This is misleading**. In reality, Escuela Popular had to re-staff its

CTE courses mid-year in response to the District's insistence that Escuela Popular not include any CTE courses at either of its schools. The District had required that Escuela Popular present a plan for this by September 15, 2025, and Escuela Popular did produce a Corrective Action Plan by that date, indicating a rollover date of September 29, 2025 for Escuela Popular to make the corrections. The September 15, 2025 Corrective Action Plans for both schools are enclosed as Exhibit G. Given this, of course if the District checked on September 18, 2025, the corrections may not all have been made yet. The District did not consider the teachers with CTE credentials to be "properly credentialed" for any course at the school, because it did not acknowledge the CTE courses as valid. The September 29, 2025 rollover date for the new ELD courses proposed in the Corrective Action Plan had not happened yet as of September 18, 2025.

- Additionally, the District's assertion that only 9 out of 36 teachers at EPCTC had valid credentials for their assignments on September 18, 2025 is **factually inaccurate**. At the October 16, 2025 Board Meeting, the District presented a September 18, 2025 document titled "EPAFLC & EPCTC 2025-2026 Teacher Credential Analysis Tallys" (enclosed as Exhibit H). This document contains errors—for example:
    - It says "None" in the "Teaching Credential" column for Maria G. Hernandez (see Exhibit H). However, Maria Guadalupe Hernandez actually has a Clear Single Subject Teaching Credential in Foundational Level Mathematics, a BCLAD/ Bilingual Authorization, and a Clear Multiple Subject Teaching Credential (see Exhibit A, p. EP-38-39).
    - It says Alejandra Almanza was a teacher at both schools, when she was really only a teacher at EPCTC and not EPAFLC.
    - It says "None" in the teaching credential column for Aaron Gonazlez. This is inaccurate. According to the CTC website, Aaron Raul Gonzalez had a STSP for biological sciences effective August 1, 2025 through July 1, 2026 (see Exhibit A, p. EP-31). There are multiple "Aaron Gonzalez" teachers in California listed on the CTC website.
    - It says "Partially" in the credential status column for Michael J. Kinne and indicates that he did not yet have a GELAP. This is inaccurate. According to the CTC website, Michael Kinne had a GELAP for Art effective August 1, 2025 through September 1, 2026 (see Exhibit A, p. EP-44).
    - It lists Juan Marquez as teaching P.E. at both schools, when Juan Marquez is actually a paraprofessional.
    - It lists Sandra Rodriguez as teaching Basic Computer Skills, Study Skills, and Study Hall at both schools, when Ms. Rodriguez had already been removed from the classroom as of September 18, 2025.
    - It indicates that Ethan Stanton needs the BCLAD (BASP). This is inaccurate. Ethan Stanton does not teach in the dual immersion/bilingual program, so he does

not need a BCLAD. He has an EL Authorization to teach classes for English learners at both schools (see Exhibit A, p. EP-80).

- It indicates that Magali Tapia needs the BCLAD (BASP). This is inaccurate. Magali Tapia does not teach in the dual immersion/bilingual program and does not need a BCLAD. The EL Authorization allows this teacher to teach classes for English learners at both schools (see Exhibit A, p. EP-82).
- The spreadsheet is inaccurate as to Hortencia Torres Hermosillo. According to the CTC website, Ms. Torres Hermosillo actually had a Variable Term Waiver TCC for Physical Education effective August 1, 2025 through September 30, 2025 (see Exhibit A, p. EP-84). The Physical Education position became a vacancy, but she was authorized to teach that course as of September 18, 2025. Ms. Torres Hermosillo also has a Career Technical Education (CTE) Credential, which authorized her to teach the previous CTE course. Ms. Torres Hermosillo now has a Social Sciences STSP TCC with EL Authorization (see Exhibit A, EP-85).
- The spreadsheet says "None" in the teaching credential column for Luis Villalvazo. This is inaccurate. According to the CTC website, Luis Villalvazo had a Short-Term Staffing Permit for Math effective August 1, 2025 through August 1, 2026 (see Exhibit A, p. EP-89).
- The spreadsheet only says "Sub" in the teaching credential column for Cristina Cisneros. This is inaccurate. Ms. Cisneros has a CTE Credential effective April 2025 through May 2028. This instructor was no longer assigned to teach this course after the CTE courses were removed from the schedule by September 29, 2025 (see Mid-October 2025 Master Schedules enclosed as Exhibit B).
- The spreadsheet says "None" in the teaching credential column for Angelica Duarte. This is inaccurate. Ms. Duarte has a CTE Credential effective June 2025 through July 2028. This instructor was no longer assigned to teach this course after the CTE courses were removed from the schedule by September 29, 2025 (see Mid-October 2025 Master Schedules enclosed as Exhibit B).
- The spreadsheet says "None" in the teaching credential column for Edith Gutierrez. This is inaccurate. Ms. Gutierrez has a CTE Credential effective April 2025 through May 2028. This instructor was no longer assigned to teach this course after the CTE courses were removed from the schedule by September 29, 2025 (see Mid-October 2025 Master Schedules enclosed as Exhibit B).
- The spreadsheet says "None" in the teaching credential column for Martha Leticia Rosales. This is inaccurate. Ms. Rosales has a CTE Credential effective April 2025 through May 2028. This instructor was no longer assigned to teach this course after the CTE courses were removed from the schedule by September 29, 2025 (see Mid-October 2025 Master Schedules enclosed as Exhibit B).

- The spreadsheet says "None" in the teaching credential column for David Israel Sanchez Barrera. This is inaccurate. According to the CTC website, David Sanchez Barrera actually had a Waiver for Single Subject Teaching Credential in Math effective August 1, 2025 through June 30, 2026 (see Exhibit A, p. EP-79). To access his credentials on the CTC website, you have to enter his name as "David Sanchez Barrera" without entering the middle name and with "Sanchez Barrera" as the last name.

- The October 2, 2025 letter from the District takes issue with the September 15, 2025 Corrective Action Plan's goal of achieving "90% of FTE will be Clear, Intern, *Out of Field, or Ineffective*" by October 1, 2025. The letter goes on to suggest that Out of Field or Ineffective meant the person would not have the proper authorization for their teaching assignment in California. **This is misleading**. "Out of Field" and "Ineffective" have specific definitions, and both include teachers who possess different types of **legal permits** to teach in their assignments under California law (see the California Department of Education's definitions webpage enclosed as Exhibit I):

  - An ineffective teacher is any of the following:
    - An individual whose assignment is legally authorized by an emergency permit that does not require possession of a full teaching license; or
    - A teacher who holds a teaching credential but does not possess a permit or authorization that temporarily allows them to teach outside of their credentialed area (misassigned)
    - An individual who holds no credential, permit, or authorization to teach in California.
    - Under this definition, teachers with the following limited emergency permits would be considered ineffective:
      - Provisional Internship Permits,
      - Short-Term Staff Permits
      - Variable Term Waivers
      - Substitute permits or Teaching Permits for Statutory Leave (TSPL) holders serving as the teacher of record
  - An out-of-field teacher is any of the following:

- A credentialed teacher who has not yet demonstrated subject matter competence in the subject area(s) or for the student population to which he or she is assigned.
- Under this definition, the following limited permits will be considered out of field:
    - General Education Limited Assignment Permit (GELAP)
    - Special Education Limited Assignment Permit (SELAP)
    - Short-Term Waivers
    - Emergency English Learner or Bilingual Authorization Permits
    - Local Assignment Options (except for those made pursuant to the California Code of Regulations, Title 5, Section 80005[b])

Regardless of Previous Credentialing Violations Claimed by the District, EPCTC Should Be Given a Meaningful Opportunity to Make Corrections

The Notice of Violation indicated a deadline of November 17, 2025 for Escuela Popular to respond. Escuela Popular has since retained a private consultant to conduct a credentialing audit that would assess the school's compliance during the 2025-2026 school year and provide recommendations. The data demonstrates that EPCTC was in compliance as of the October 16, 2025 Board Meeting, but the school is ready and willing to make corrections if new compliance concerns are identified by the District.

California Education Code section 47607 governs circumstances where a District may legally revoke a charter school's charter. Ed. Code, § 47607 (g) states:

> Before revocation, the chartering authority shall notify the charter school of any violation of this section and **give the school a reasonable opportunity to remedy the violation**, unless the chartering authority determines, in writing, that the violation constitutes a severe and imminent threat to the health or safety of the pupils. (Emphasis added.)
> Ed. Code, § 47607 (h) states, in relevant part:
>
> Before revoking a charter for failure to remedy a violation pursuant to subdivision (f), and after expiration of the school's **reasonable opportunity to remedy without successfully remedying the violation**, the chartering authority shall provide a

> written notice of intent to revoke and notice of facts in support of revocation to the charter school. (Emphasis added.)

A school district may not revoke a charter based on previous violations where the school has not been given a reasonable opportunity to remedy the violations.

Escuela Popular has also formally requested mediation with the District using the dispute resolution processes outlined in each school's respective charter. Both EPCTC and EPAFLC's Dispute Statements, sent to the District on November 5, 2025, are enclosed as Exhibit J. To date, the District has not agreed to engage in mediation or dispute resolution with Escuela Popular before continuing with the charter revocation process.

The failure to mediate or meet with the parties' attorneys has prevented Escuela Popular from understanding why the District seems to disagree with the charter school about legal compliance. Due to a lack of understanding about why the District disagrees, the District is denying the charter school a meaningful opportunity to cure what the District believes is not compliant. Moving forward with revocation regardless of whether or not a charter school has cured the alleged violation, or without a meaningful opportunity to cure, would violate California law.

Proposed Remedial Action

EPCTC has made a good faith effort to comply with the credentialing requirements of Education Code section 47605(l) and the school's charter. This has involved extensive research regarding the relevant laws, regulations, and CTC guidance around credentialing and teacher assignments. California teaching credential law is complicated, and it is entirely possible that Escuela Popular has made inadvertent errors. To the extent that the District still disagrees with Escuela Popular's analysis and credentialing assignments, Escuela Popular requests that the school be given the chance to take the remedial action of correcting these assignments. In order to do this, Escuela Popular requests that the District identify which specific teaching assignments it believes are still improper and why the District believes the given assignment is noncompliant with Education Code section 47605(l) and/or the school's charter based on the additional information provided herein. Escuela Popular then requests a reasonable period of time to either correct the improper assignments or to provide additional assurances or evidence of compliance to satisfy the District that the assignment is proper.

As of November 17, 2025, Escuela Popular has a plan in place to address the current vacancies. Credentialing analysis is constantly shifting because the situation is subject to change. For example, if an individual with a TCC has an application denied, or an individual fails to pass a test, a position can turn into a vacancy. Currently, EPCTC has four vacancies. All Escuela

Popular teachers have a credential. The school is presently working to ensure that no teacher is misassigned. To the extent that some vacant courses are currently taught by substitute teachers, Escuela Popular does not plan to rotate substitute teachers through those courses indefinitely. All vacant courses with a substitute teacher in the course are part of Escuela Popular's recruitment and hiring effort and will be re-staffed. In addition, Escuela Popular's plan is to do the following going forward to ensure that the District is comfortable with its efforts to meet all credentialing laws:

- Resolve all current vacancies (as of November 17, 2025) by the end of January 2026 by replacing the substitute teacher with a credentialed long-term teacher. No substitute teacher will serve longer than 30 days in a classroom.
- Continue the recruitment and hiring effort throughout the remainder of the 2025-2026 school year so that the courses currently taught by teachers working double shifts can also be re-staffed for the 2026-2027 school year
- Implement a Credential Compliance Dashboard by February 20, 2025.
    - Use an automated system that tracks:
        - Credential type and authorization
        - Bilingual authorization status
        - Renewal dates and expiration alerts
        - SEID completion and CALPADS data accuracy
- Develop an Annual Internal Credentialing Calendar by January 23, 2025.
    - Include:
        - Fall assignment review
        - Mid-year audit
        - Spring renewal check
        - Annual leadership training on credential compliance
- Strengthen Credential Knowledge for HR Staff and Leadership
    - Any staff directly involved in credentialing should attend the Annual CCAC (Credential Counselors and Analysts of California) Conference.
    - Any staff directly involved in credentialing should attend all regional training offered by CCAC.
- Strengthen Hiring Practices
    - Include credential verification at the screening stage.
    - Require all candidates to provide preliminary credential documentation before interviews.
    - Create a bilingual teacher hiring strategy targeting credentialed, authorized educators.
- Provide Leadership & Teacher Training on Assignment Monitoring

    - Train leadership and department leads on CTC assignment rules.
    - Offer annual refreshers on local assignment options and what can/cannot be used in DLI programs.
- Conduct Quarterly Mini-Audits
    - Review assignments at the start of each quarter.
    - Cross-check the CTC status of each teacher.
    - Update CALPADS staff assignment records regularly.

Progress Toward Goal of Increasing Percentage of Escuela Popular Teaching Staff with Preliminary and Clear Credentials

Escuela Popular shares the District's goal of increasing the percentage of teaching staff with preliminary and clear credentials at both schools. To this end, Escuela Popular has initiated a mid-school year recruitment and hiring campaign in an effort to re-staff courses with permanent lead teachers wherever possible. Although the substitutes or teachers with temporary credentials are legally compliant to teach these courses, and therefore the District cannot revoke the charter school's charter, Escuela Popular acknowledges the stability and quality that can come from having a longer-term teacher in the classroom. Escuela Popular has interviewed at least seven applicants for these positions over the past approximately two months. Of those applications, two have accepted offers to join the Escuela Popular teaching staff. These two new teachers are Jennifer Proffitt and Rob Hemmings, both ELD teachers who will take on assignments at EPCTC in place of temporary substitutes.

Job postings for various Escuela Popular teaching positions are enclosed as Exhibit K. The recruitment and hiring effort is ongoing. Escuela Popular has retained a talent acquisition firm to assist in the re-staffing process (see Exhibit O).

In some cases, a teacher with a Temporary County Certificate for a pending credential application had the credential application later denied. This happened with two (2) teachers at EPCTC, one of whom also had an assignment at EPAFLC. Escuela Popular re-staffed these teachers' courses with substitute teachers to address the expiration of the TCCs. These teachers' courses are positions for which Escuela Popular is actively recruiting.

Additionally, Escuela Popular has teachers who will complete their credentialing process before the end of the 2025-2026 school year. Many of these teachers already had underlying clear single subject or multiple subject teaching credentials and were just working on clearing their EL Authorization or BCLAD.

History of Escuela Popular as an Asset to the San Jose Community and the East Side Union High School District

Escuela Popular was founded in 1986 as a grassroots school to address a growing need for English classes in the San Jose community. Over its decades of service, Escuela Popular has expanded to meet the needs of the community and now offers a variety of classes and services for its students. Escuela Popular's student population includes a large proportion of first-generation immigrants, which has been part of the school's mission since the beginning and continues to this day.

EPCTC is Escuela Popular's K-12 school for adults seeking a high school diploma. This is an asset to the San Jose community because it gives adult immigrant students a place to learn English, earn a high school diploma, and gain skills and knowledge to make them employable for the local workforce. If the District revokes EPCTC's charter, there **will be no other place** for these students to turn for a comparable program. EPCTC fills this particular need for the community, and the immigrant community in particular would be devastated to lose it. Further, it benefits the entire San Jose community to have such a school where adult immigrant students can gain skills to help them thrive in this country.

Escuela Popular is committed to working with the District to ensure continued credentialing compliance and find a path forward to protect both schools. If the District disagrees in any way about the credentialing status of any of Escuela Popular's teachers, Escuela Popular respectfully requests a meeting with the District to resolve the disagreement.

Re: Response to Request for Documentation from Substitute Vendor

Dear Mr. Gedeon,

On behalf of Escuela Popular del Pueblo ("Escuela Popular"), I am writing to respond to your request for additional documentation regarding credential documents from the third-party vendor that provides substitute teachers to EPCTC and EPAFLC for short (approximately 1-4 day) coverage of classes. After your inquiry, we reached out to our sub vendor, The Education Team, and requested credential documents (Emergency 30-Day Substitute Teaching Permits) for all of the subs that have been provided to Escuela Popular by the vendor throughout this school year. The requested credential documents are attached (see Exhibit A).

Upon requesting this information from the vendor, we were shocked to learn that the vendor had provided us substitute teachers with only a Bachelor's Degree, not a Substitute Teaching Permit, on several occasions. This is despite the vendor assuring from the beginning that its substitutes "meet all regulatory requirements," which is confirmed on the vendor's website (see screenshot attached as Exhibit B). Escuela Popular had no reason to believe that The Education Team, a trusted vendor that has been a staffing source for California schools (including many school districts) for 30 years, would provide it with unpermitted subs. The Education Team had assured Escuela Popular that it thoroughly vets the substitutes before providing them, and Escuela Popular reasonably relied on this representation.

Following this discovery, Escuela Popular promptly directed the vendor not to send any substitute teachers to its schools without an Emergency 30-Day Substitute Teaching Permit (or other authorizing credential). Escuela Popular also completed an accounting of which classes on which days had been taught by the unpermitted subs and has implemented a plan to revise apportionment at the next available window to reflect a decrease in apportionment for each day taught by an unpermitted sub.

It is worth noting that all of the unpermitted subs provided by the vendor had Bachelor's Degrees, and they therefore qualified for the Emergency 30-Day Substitute Teaching Permit but had just not obtained the permit for whatever reason. Still, Escuela Popular has taken appropriate steps to correct this problem and ensure that it does not continue in the future.

Escuela Popular appreciates the District's inquiry which identified this problem. Please reach out if you have any additional questions.

Sincerely,

Re: Response to District Findings for Denial of the Escuela Popular/Center for Training and Careers, Family Learning Charter Petition

Dear Mr. Gedeon,

Escuela Popular/Center for Training and Careers, Family Learning ("EPCTC" or the "Charter School"), a charter school operated by Escuela Popular del Pueblo ("Escuela Popular"), is in receipt of the East Side Union High School District ("ESUHSD" or the "District") staff's *Recommendations and Proposed Findings of Fact* ("Staff Report"), recommending denial of the renewal petition for EPCTC. Escuela Popular urges the ESUHSD Board of Trustees (the "Board") to decline to adopt the Staff Report, as the findings contained therein advocating for denial of the Charter School's charter petition are not consistent with the law and fail to meet the legal standard for denial of a Dashboard Alternative School Status ("DASS") charter school, which EPCTC indisputably is.

The Staff Report and its conclusions do not present an accurate review of the Charter School's charter petition. The Staff Report is ultimately founded on issues that have already been addressed by the Charter School multiple times, erroneous conclusions without factual basis, and positions inconsistent with state law and policy supporting approval of charters.

OVERVIEW OF THE LAW

Assembly Bill 1505 (2019) substantially changed the standards and criteria for charter renewal. Among them, a DASS charter school, like EPCTC, may only be denied with a finding that closure is in the best interest of students. A chartering authority may utilize Education Code[1] Section 47607(e) to deny renewal on the grounds specified in that subsection. However, Section 47607(e) only permits an authorizer to deny renewal following 30 days' notice and an opportunity to cure allegations from the chartering authority that "the school is demonstrably unlikely to successfully implement the program set forth in the petition due to substantial fiscal or governance factors, or is not serving all pupils who wish to attend, as documented pursuant to subdivision (d)." (*See* Ed. Code, § 47607.). ESUHSD never provided such notice to EPCTC of a 47607(e) violation with the required 30 days' notice and reasonable opportunity to cure, so this reason for denial is unavailable.

Regarding DASS charter schools, Section 47607(c)(7) states:

[1] All statutory citations herein are to the Education Code, unless otherwise identified.

> In determining whether to grant a charter renewal for such a charter school [DASS], the chartering authority shall consider, in addition to the charter school's performance on the state and local indicators included in the evaluation rubrics adopted pursuant to subdivision (c) of Section 52064.5, the charter school's performance on **alternative metrics applicable to the charter school based on the pupil population served**. The chartering authority shall meet with the charter school during the first year of the charter school's term to mutually agree to discuss alternative metrics to be considered pursuant to this paragraph and shall notify the charter school of the alternative metrics to be used within 30 days of this meeting. The chartering authority may deny a charter renewal pursuant to this paragraph **only upon making written findings**, setting forth specific facts to support the findings, **that the closure of the charter school is in the best interest of students.**"
> (Emphasis added.)

Section 47607(c)(7) creates an extraordinarily high bar for chartering authorities to deny a charter renewal petition for a DASS charter school. To render a determination that closure is in the best interest of EPCTC students, the District would have to show, for example, that the schools those students could otherwise attend outperform EPCTC; that comparable or better services are offered at other schools; or that EPCTC is harming its students. Given a high bar for denial, the Legislature is deemed to have created extraordinary steps for the chartering authority to follow to nonrenew a DASS charter school. ESUHSD did not complete even ordinary steps.

The District's findings entirely ignore the legal standard and cannot be relied upon here to lawfully deny the Charter Petition. The District Board can only deny by finding that closure is in the best interest of EPCTC students. Because that is demonstrably untrue, as evidenced below, the Board cannot lawfully deny renewal of this charter.

THE STAFF REPORT CANNOT BE RELIED UPON TO LAWFULLY DENY THE CHARTER PETITION

The Staff Report recommends EPCTC be denied for the following findings:

> Based on the foregoing findings, including all referenced Exhibits, **District Staff recommends that the ESUHSD Board deny the renewal of EPCTC's Charter**. The recommendation for denial is based on findings that petitioners are demonstrably unlikely to successfully implement the educational program set forth in the EPCTC Renewal Petition.
>
> In order to deny the Renewal Petition the ESUHSD Board must make written findings setting forth specific facts to support the denial. Should the ESUHSD Board decide to deny renewal of the EPCTC's Charter, District staff recommends that the Board adopt this Staff Report as the written factual findings as the Board's written findings of fact in support of the denial.

ESUHSD's Staff Report cannot be relied upon to lawfully deny the Charter Petition. First, the Staff Report does not contain any findings at all for denial of a DASS charter school, let alone findings that meet the requirements of Sections 47607(c) or 47607(e), which require findings that closure is in the best interest of students or substantial fiscal or governance factors or not serving all students who wish to attend, respectively.

To the contrary, closure would acutely harm students because there are no similar programs at all in San Jose for these adult students to transfer to. Not only did District Staff not provide specific factual findings that closure is in the best interest of students, but they did not provide any alternative options for the students. EPCTC serves adult students whose education has been interrupted due to migration, family, homelessness, or changes in employment, but have a strong desire to complete their unfinished education. Many students came to the United States speaking little or no English. There is no comparable program to EPCTC that could serve this specific, vulnerable student population (of over 500 students) if EPCTC's charter is nonrenewed.

Additionally, the District incorrectly contends that EPCTC was uncooperative and the District was unable to thoroughly complete their requirements as the chartering authority. In reality, the District made demands above and beyond the legal requirements, such as demanding to interview Escuela Popular staff members without an attorney present. Sections 47607 and 47605 do not contemplate meetings with charter school staff members as part of charter renewal, and particularly not when authorizer staff is adopting an aggressive posture.

Response to District's Reasons for Closure of EPCTC

Reason #1: Site Visit and 1:1 Meetings

The District contends that EPCTC's administration failed to schedule one-on-one meetings prior to the oversight visit. The Staff Report states that "Prior to its meeting with EPCTC on October 27, 2025, the District requested to meet with additional EPCTC staff members in a subsequent one-on-one meeting as part of the renewal and annual oversight process, but EPCTC administration failed to schedule the meetings prior to the visit." " However, as evidenced in

Exhibit 1 on page 63 of the Staff Report, District Staff and EPCTC Staff had a conversation that morning to discuss the schedule of the 1:1 interviews. The email that the District is referring to was not a refusal to hold the meetings but instead informed the District that the Escuela Popular staff were ready for the interviews. The District then declined to continue the interviews during the site visit, deciding instead to use the afternoon time for a debrief.

The District then accuses EPCTC of refusing to cooperate with the District for the second set of one-on-one meetings because "legal counsel insisted on being present on behalf of EPCTC administration in the one-on-one meetings with EPCTC staff." Insisting on the presence of legal counsel does not amount to a refusal to allow meetings with staff. Indeed, both the Escuela Popular staff member in question and Escuela Popular's legal counsel were physically present at the Escuela Popular campus and ready for a meeting, when the District's counsel confirmed that the District was refusing to attend due to the presence of the attorney. The District has provided no legal authority for the proposition that Escuela Popular must make its staff available to the District without legal counsel present.

Despite District Staff's attempt to paint EPCTC as uncooperative, there is ample evidence in Exhibit 1 to the Staff Report to show the EPCTC's cooperation and communication with District Staff.

Reason #2: District Grievances from Renewal Process

The District Staff used their Staff Report to air their grievances that EPCTC did not agree to extend the timeline for the Charter Petition to be reviewed. However, Section 47605(b) states, "that date may be extended by an additional 30 days **if both parties agree to the extension.**" EPCTC had no legal obligation to agree to the District's request for an extension. Despite the District's insistence that EPCTC was not agreeable to extending the timeline, the District later states "by agreement the District and Escuela Popular del Pueblo mutually agreed to extend the deadline…"

The Staff Report is using an incorrect legal standard in analyzing a DASS school's renewal petition. The Staff Report's recommendation for denial "is based on findings that petitioners are demonstrably unlikely to successfully implement the educational program," which is not the correct legal standard. Further, the notion that the Charter Petition could be denied due to the District's non-legal "concerns" for student achievement and accountability is unacceptable and has no basis in law.

Reason #3: Application of Criteria for Renewal

Ultimately, while the District has produced a list of its grievances, it has failed to assemble findings to meet the legal requirements for nonrenewal of a DASS school. The Staff Report does not establish why the District's grievances would justify nonrenewal of EPCTC under the applicable legal standard.

As discussed above, Section 47607(c)(7) lists specific requirements for the renewal of a DASS school. As a DASS school, EPCTC is entitled to presumptive renewal because it met the agreed-upon alternative metrics. The District must consider EPCTC's performance on the Dashboard **and** the DASS alternative metrics that EPCTC and District agreed upon based on EPCTC's **pupil population served.** The District must then make written findings and demonstrate that closure is in the best interest of students. As evidenced below, the District failed to meet this standard. Below, please see reproduced excerpts of the District Staff's "findings" in *italics*, followed by the EPCTC's responses, in plain text.

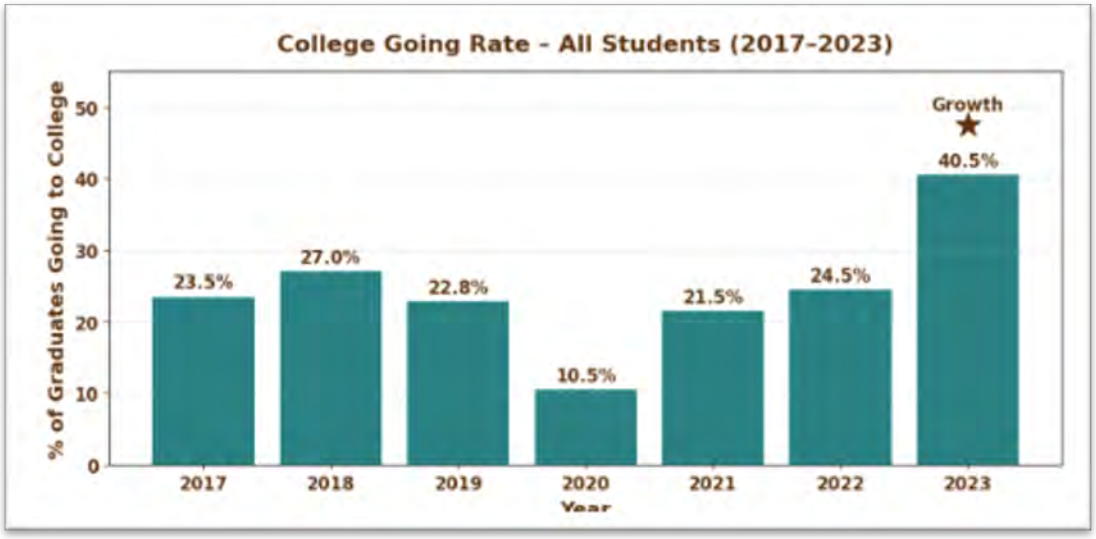
I. Dashboard Data

ELPI:
The District is concerned about the lack of progress in supporting English Learners given the student population of EPCTC and the significant decline in 2025.

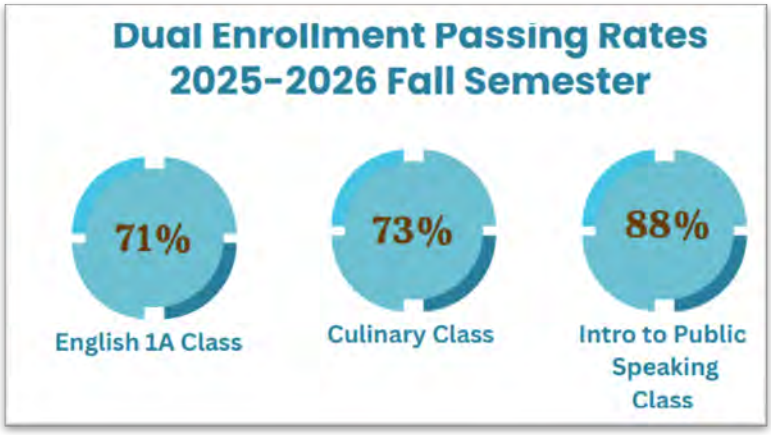
The District has simply stated a concern about the lack of progress in supporting English Learners but provided no finding as to how this concern supports a lawful finding for denial of the charter renewal petition. Further, the District's statement that there is a "lack of progress in supporting English Learners" is blatantly untrue. EPCTC provides extensive support to its English Learner students, as evidenced in the Charter Petition (pp. 34-67) as well as in the public comments in support of renewal at the February 12, 2026 ESUHSD Board Meeting.

CCI:
The District is concerned about the lack of preparation and progress in supporting English Learners, Hispanic students, and SED students in graduating College and Career Ready as defined by this Dashboard Indicator.

The District has simply stated a concern about EPCTC's progress on the College and Career Indicator, without anchoring it as a lawful finding for denial of the charter renewal petition. While EPCTC's CCI Dashboard metrics are below the State's, the District Staff made a gross generalization in stating there is lack of preparation for students. In working with students, EPCTC heard that students had low confidence applying to college and had a limited awareness of options. Therefore, EPCTC held college and career workshops, exposed students to dual enrollment, and provided targeted course pathways. Because of these actions, EPCTC has seen a significant increase of the students' college going rate over the charter term. In 2023 there was an almost 17% growth of students' college going rate.



Not only did the college going rate increase, but EPCTC saw success in the dual enrollment courses that were offered.



Further, it is patently unfair to compare EPCTC's CCI rate with the State's, which includes a significantly less disadvantaged population, comprised largely of teenagers who grew up in California. The whole point of DASS schools is to present an *alternative* to the *Dashboard*.

Graduation Rate:

The District is concerned about the lack of preparation and progress for all students and in supporting English Learners, Hispanic students, and SED students in meeting the graduation criteria as defined in the Graduation Rate Dashboard Indicator.

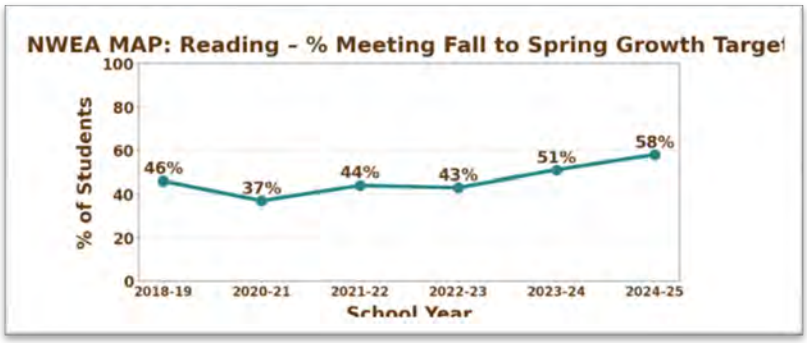
The data used for the Dashboard is created to calculate the four-year cohort rate used for comprehensive high schools. Because of EPCTC's unique student population, however, EPCTC has a DASS goal (alternative metric) aligned to graduation rate, discussed below.

II. DASS Alternative Metrics

Attendance Rate:
Goal: Meet or exceed an average of 75% yearly attendance. EPCTC is pleased that the District Staff recognized that this goal was met over the charter term.

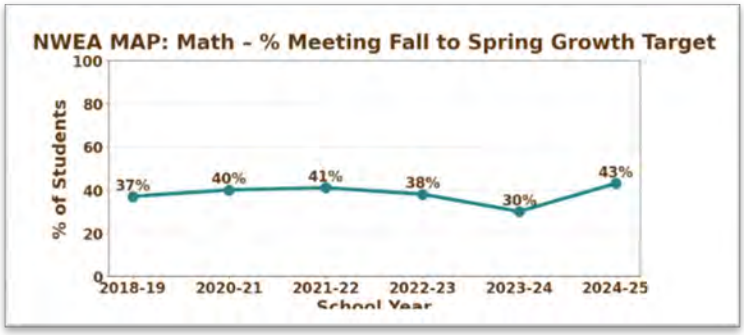
NWEA ELA Growth Target:
Goal: 40% of over 19 students meet ELD growth target

EPCTC is pleased to present data to show that more than 40% of students met the ELA growth target. While the 2020-21 school year took a slight dip in data because of the COVID-19 pandemic, EPCTC has seen a significant increase in performance with 58% of students meeting the target in the 2024-25 school year.



NWEA Math Growth Target
Goal: 55% of over 19 students meet Math growth target

While EPCTC did not meet the goal of 55%, 43% of students met growth targets in 2024-25. The Charter School is committed to implementing interventions to reach this goal upon renewal.



Graduation Rate
Goal: 80% of seniors will graduate within their senior year

The District expressed concern about the accuracy of EPCTC's self-reported graduation rate. However, the reported data represents the 1-Year DASS Graduation Rate, not the traditional cohort graduation rate used for comprehensive high schools. The DASS rate measures the percentage of students who complete high school within a single academic year, which is a more appropriate indicator for EPCTC's reengagement model serving adult credit-deficient and returning students.

The data reflecting the four-year cohort for comprehensive high schools shows a very small graduation rate for students. However, the DASS graduation rate data shows the one-year graduation rate increasing over 35% from 2022 to 2025. The District failed to take into consideration the Charter School's pupil population when presenting its data. Further, District Staff cites earlier data but omits 2025 data showing an 89.5% one-year graduation rate, demonstrating significant continued improvement aligned to the DASS model (up from a one-year graduation rate of 74.3% in 2024).

Four-year Cohort Used for Comprehensive High Schools

Dashboard Graduation Rate	2018	2019	2020	2021	2022	2023	2024	2025

Student Participation on the TEN Feedback Loop
Goal: 80% of student participation on the TEN feedback loop

This goal was partially met, at 63.6% participation. Despite the goal not being fully met, EPCTC is pleased with the results due to EPCTC's highly mobile student population.

Credits Completion
Goal: Complete 70% of total credits attempted

The District Staff is "*concerned by this inconsistency and EPCTC's Dashboard data showing 51.2% in 2022, 59.2% in 2024, and 74.3% in 2024*." The District failed to provide any findings around their concern, nor is there a Dashboard indicator regarding credits completed. The District Staff included data that connects with the Graduation Rate and not the Credit Completion. The District Staff did not provide appropriate findings and demonstrate that closure is in the best interest of students.

Increase Number of Enrolled Long Term Students
Goal: 10% increase in number of continuously enrolled/long-term students
EPCTC met and exceeded this goal.

In conclusion, the District's "findings" focus on items that EPCTC has addressed in collaboration with the District over the past several months. The District Staff continues to bring up the same issues with no specific facts to support a finding that closure is in the best interest of students. This ongoing attempt by the District Staff to undermine EPCTC is particularly concerning, given the extensive submission of requested documentation EPCTC has already provided to the District during the charter renewal process. While the District has enumerated all of its grievances, it has failed to do the meticulous work required to assemble findings to meet the legal requirement.

Ultimately, the District failed to accurately consider the EPCTC's performance on the Dashboard and the DASS alternative metrics that EPCTC and the District agreed upon based on the EPCTC's **pupil population served.** Furthermore, the District failed to make written findings which would demonstrate that closure is in the best interest of students.

REFUTATION OF THE DISTRICT'S FINDINGS FOR DENIAL

Escuela Popular documents that the District's "findings" do not amount to the specific factual findings that are legally required in order to lawfully deny the EPCTC's renewal charter. Instead, the District Staff simply present a laundry list of "other deficiencies and concerns" – many of which have already been addressed by EPCTC at length[2] – loosely tied together in attempt to support a generalized argument that EPCTC is demonstrably unlikely to successfully implement its educational program. Below, Escuela Popular reproduces excerpts the District Staff's "findings" in *italics*, followed by EPCTC's responses, in plain text.

District Concern 1: *Student Attendance Reporting*
Even though EPCTC Leadership responded to the Notice of Deficiency with correspondence dated December 1, 2025, the District Staff continues to have concerns regarding EPCTC's ability to capture and monitor student attendance with accuracy and completeness.

[2] Copies of Escuela Popular's responses to the District's concerns (referenced in its Staff Report) are attached as Exhibit A.

EPCTC Response: There is no factual finding here, only a concern from District Staff. The Escuela Popular Board created new policies/procedures related to student attendance, which were adopted on September 18, 2025 and are included in the exhibits to the Staff Report, and the EPCTC responded to the District's Notice of Deficiency on this topic. Staff have not presented a finding that closure is in the best interest of students. Therefore, the charter renewal petition cannot lawfully be denied under this finding.

District Concern 2: ***Instructional Calendar and Minutes Reporting***
District continues to be concerned that EPCTC is at risk of noncompliance with Education Code section 47612.5(a) due to errors in calculating the instructional minutes for the 2025-26 school year…. [t]he District has found that EPCTC's annual minutes need to be recalculated and submitted to the District for final determination on adherence to Education Code Section 47612.5(a).

EPCTC Response: There is no factual finding here, only an observation from District Staff. There is no evidence provided that EPCTC is not in compliance with instructional minutes requirements. Additionally, EPCTC has consistently submitted reports and responses based on the District's "concern" when requested. District Staff have not presented a finding that closure is in the best interest of students. Therefore, the charter renewal petition cannot lawfully be denied under this finding.

District Concern 3: ***Fiscal Historical Revenue/Expenditure Data***
Even though EPCTC has a strong fund balance and cash flow, the District is unable to determine at this time whether or not EPCTC's staffing and expenditures are an accurate reflection of EPCTC's educational program and the staffing model described in the Renewal Petition, and whether EPCTC has the ability to operate independently as a standalone charter school.

EPCTC Response: EPCTC is sharing staff with its sister school, EPAFLC, in part because the District has required EPCTC to cease using teachers with CTE credentials mid school year. As a result, EPCTC lost teachers and is still working to fill vacancies. Meanwhile, teachers have been teaching in assignments at both schools.

The District Staff evidently believes that an autonomous, standalone school is one that operates solely by itself. However, neither EPCTC's nor its sister school's charter claimed it would entirely operate independently of one another. The language in the petition indicates that EPCTC operates autonomously from the District. The District claims it has not received updated financial documents to determine whether EPCTC can successfully and independently implement its educational program without sharing staff. The District has not provided evidence that EPCTC is unlikely to be successful to operate autonomously. Furthermore, Staff have not presented a finding that closure is in the best interest of students. Therefore, the charter renewal petition cannot lawfully be denied under this finding.

Further, as to District Staff's allusion to general fiscal concerns, Escuela Popular's 2024 audit includes an unmodified (clean) opinion, indicating that the financial statements are fairly presented. Auditors identified no material weaknesses and no reportable noncompliance. Any findings were not material and pertained to EPAFLC, not EPCTC (the charter under renewal). The District also did not include the 2025 audit, which has no findings, further confirming fiscal stability. Both the 2024 and 2025 audit reports are attached as Exhibit C.
District Concern 4: ***EPCTC has experienced a 33% decline in enrollment from 2024-25 and 2025-26. A 20% decline or higher from the approved maximum enrollment of 750 students requires a material change request. EPCTC has failed to provide a material change request that outlines the new enrollment number and rationale.***
EPCTC Response: While EPCTC has experienced a decline in enrollment, EPCTC proactively adjusted its renewal projections to reflect its current enrollment trends. Additionally, the charter-authorized maximum enrollment of 750 students represents a cap, not a required operating level. However, by revising the projected enrollment in the renewal petition itself, EPCTC has addressed this enrollment shift. District Staff have not presented a finding that closure is in the best interest of students. Therefore, the charter renewal petition cannot lawfully be denied under this finding.

Description of Required Charter Elements

When reviewing the required charter elements, the Staff Report stated: "[w]hile District Staff found that the EPCTC Renewal Petition generally **includes a reasonably comprehensive description of charter elements** … further findings of fact in support of the determination that the Petitioners are demonstrably unlikely to successfully implement the education program described in Renewal Petition." (*Emphasis added*.) Here, District Staff acknowledge that reasonably comprehensive description of required charter elements has been provided. Accordingly, the legal standard has been met, and these concerns are impermissible bases for denial of the EPCTC charter renewal petition. Further, as discussed in detail below, District Staff did not provide any findings that show closure of EPCTC is in the best interest of its students.

Element One: Description of the Educational Program/Plan for Student Academic Achievement
District Concern 5: ***Outdated Core Instructional Resources*** *The District is concerned that EPCTC's current curricular offering is not aligned with the California Minimum Graduation requirements or are grade-level appropriate for a grade 9-12 high school.*
EPCTC Response: District Staff have provided no evidence that the resources listed in the Renewal Petition are outdated or not aligned to State Standards. Additionally, EPCTC is compliant with California's minimum requirements, which are legally applicable only to traditional public schools pursuant to Education Code Section 47610, not to charter schools.

Further, District Staff have not presented a finding that closure is in the best interest of students. Therefore, the charter renewal petition cannot lawfully be denied under this finding.

District Concern 6: *Student Assignment Disparity*
District Staff expressed concern with this practice [of requiring students to start with non-grade level foundational courses that only count towards elective credit] and shared that applicable law require English Learners to have full access to the core academic content standards, including mathematics, science, and English Language Arts.

EPCTC Response: The District relies on AB 2735 and Section 60811.8 multiple times throughout the Staff Report. However, the District incorrectly applied the statute, as EPCTC meets the requirement of Section 60811.8(d)(1)(A)-(B) which states:

> (A) The following pupils may be denied access to enrollment in a course as described in paragraph (1) of subdivision (1): A [h]igh school pupil who is classified as an English learner and who is a newcomer pupil.
> (B) A [h]igh school pupil who is classified as an English learner and who is participating in a program designed to meet the academic and transitional needs of newcomer pupils that has a primary objective the development of English language proficiency.

EPCTC fits squarely into the exception under Section 60811.8(d)(1)(A)-(B) because it serves high school pupils who are English learners and newcomer pupils, and because EPCTC is "a program designed to meet the academic and transitional needs of newcomer pupils that has a primary objective the development of English language proficiency." Because of this, the requirements earlier in Section 60811.8 do not apply to EPCTC. Therefore, EPCTC is not in violation of the law and the District's attempt to inform EPCTC that the approach is inappropriate and out of compliance is misguided.

District Concern 7: *Grade Level Promotion Timelines*
Even though EPCTC Leadership responded to this concern in correspondence dated February 24, 2026, the District Staff continues to have concerns regarding the practices EPCTC Leadership is using for annual grade level promotes.

EPCTC Response: District Staff claim EPCTC is retaining students beyond typical promotion timeless each school year. Grade-level placement at EPCTC is not determined solely by time enrolled. Placement is governed by a structured, credit-based, and proficiency-based policy. Many of the students EPCTC serves are recent immigrants who are attending school in this country for the first-time and have little to no English experience. Because many students are behind on credits, it takes students longer to graduate. Further, some students experience interruptions, due to their life circumstance, where they leave EPCTC and return to continue their education at a later date. This can result in students taking longer than a traditional high school student would take to complete grades 9-12. This is not because EPCTC is retaining

students but because the students have not met the requisite number of credits to promote to the next grade. Staff have not presented a finding that closure is in the best interest of students. Therefore, the charter renewal petition cannot lawfully be denied under this finding.

District Concern 8: *Science Scope and Sequence*
District remains concerned and questions EPCTC's choice in condensing three years' worth of science content into two years for students that are newcomers and English Learners. The justification provided by EPCTC does not reflect the needs of the student population. Thus, at the time of preparing this Staff Report, EPDP Leadership has not sufficiently responded to these concerns.

EPCTC Response: The State of California does not mandate a three- or four-year sequence for NGSS implementation. Instead, schools are required to ensure that high school NGSS performance exceptions are met with rigor and fidelity, which EPCTC's Integrated Science 1&2 meet. This structure is deliberate and designed for the student population, despite the District Staff's accusation that the needs are not being met. District Staff have not presented a finding that closure is in the best interest of students. Therefore, the charter renewal petition cannot lawfully be denied under this finding.

District Concern 9: *Meeting the Needs of English Learners*
If EPCTC's Charter were to be renewed, District staff will need to work with EPCTC Leadership to address the following:"

1. *ID/Selection of new ELD curriculum*
2. *Development and implementing an improvement plan to monitor and track improvement in student academic achievement and performance*
3. *Compliance with AB 2735 (O'Donnell) and Education Code Section 60811.8*

Due to EPCTC's ongoing failure to ensure that all of its classroom teachers possess the appropriate credential and Crosscultural, Language, and Academic Development Certificate authorizing instruction to English Learners, and/or failure to implement a remedial plan to address this deficiency, the District finds that EPCTC is demonstrably unlikely to meet the needs of the English Learners it serves. This is particularly concerning given that English Learners compromise over 99% of the students served by EPCTC.

EPCTC Response: EPCTC is designed around English Learners and is thoughtful in the way it chooses its ELD curriculum and ensures that it is aligned to the State Standards. Furthermore, the EPCTC administration regularly reflects and implements improvement plans to support the needs of their students, as evidenced in the numerous documents that Escuela Popular has shared with the District.

Please see the section "Student Assignment Disparity" for EPCTC's response to compliance with Section 60811.8.

District Staff have not presented a finding that closure is in the best interest of students. Therefore, the charter renewal petition cannot lawfully be denied under this finding.

Element Two: Measurable Student Outcomes
District Concern 10: ***Adherence to Graduation Criteria*** *EPCTC Leadership was informed that the District would follow-up with a notification outlining the concerns and actions that EPCTC Leadership needed to take to address these concerns.*
EPCTC Response: District Staff have not presented a finding that closure is in the best interest of students. Therefore, the charter renewal petition cannot lawfully be denied under this finding.
District Concern 11: ***Bilingual Instruction*** *EPCTC is utilizing individuals who are bilingual to deliver instruction to EL students even though they do not possess the required EL teaching certificate or authorization to instruct EL's raining concern that EPCTC will not be able to support its students who are not meeting pupil outcomes.*
EPCTC Response: Please see the Element 5 response below.

Element Three: Method by Which Pupil Progress in Meeting Outcomes will be Measured
District Concern 12: ***NWEA MAP Assessments*** *District Staff find that EPCTC is inconsistent in administering the NWEA MAP at least twice a year to effectively monitor progress toward measurable student outcomes metrics. EPCTC needs to develop a continuous-improvement data analysis culture for student learning, where teachers use the NWEA MAP assessments to target student instruction. If renewed, ESUHSD will need to closely monitor and follow-up with EPCTC regarding its progress in administering NWEA MAP for ELA & math as part of the District's annual oversight role.*
EPCTC Response: As stated in the Charter Petition, EPCTC administers NWEA MAP Assessments three times a year to determine students' progress toward Standard Mastery. This is not a lawful finding for denial. The District Staff did not provide any findings that closing the school would be in the best interest of students.

Element Four: Governance Structure
District Concern 13: ***Failure to Provide Notice in Spanish*** *Failure to Provide Notice in Spanish. Per Education Code Section 48985 a public school that has a student population is 15% or more that speaks a single primary language other than English, are mandated to provide school-to-parent notice into that primary language. Given that EPCTC's student enrollment far exceeds this percentage, EPCTC should be providing notification of all EPDP Board meetings in Spanish.*

EPCTC Response: EPCTC's website includes the option to view the website in Spanish, which includes the Board meeting information. As EPCTC serves exclusively adults, the students are provided notifications in their language, and school-to-parent notices are not applicable. This is not a lawful finding for denial. The District Staff did not provide any findings that closing the school would be in the best interest of students.
District Concern 14: ***Lack of Board Meeting Translation Services*** *The EPDP Board should be provide translation services at their Board meetings for their Spanish speaking community members.*
EPCTC Response: While a Board **may** provide interpretation services at a meeting, the notion that it "should" is not tantamount to a lawful finding for denial. The District has provided no legal authority to support a requirement to provide real time interpretation services at each Board meeting, regardless of the requests of those present. Escuela Popular has been, and remains, willing to provide English-Spanish interpretation upon request by any attendee at a Board meeting who needs it. The District Staff did not provide any findings that closing the school would be in the best interest of students.
District Concern 15: ***Inconsistent Board Meeting Start Times*** *Absent emergency or extraordinary circumstances, the EPDP needs to maintain a consistent start time for notice all open session regular and special meetings that allows to EPCTC and EPATLC parental and community participation in those meeting.*
EPCTC Response: EPCTC is legally required to post agendas at least 72 hours in advance of the meeting which includes the time of the meeting. The District's statement that EPCTC needs to maintain a consistent start time is not a lawful finding for denial. The District Staff did not provide any findings that closing the school would be in the best interest of students.
District Concern 16: ***Nepotism Policy*** *EPCTC lacks a nepotism policy.*
EPCTC Response: EPCTC has a conflict of interest policy which sufficiently addresses this issue to the extent legally required. The District has provided no legal basis mandating a "nepotism policy" in particular. District Staff have not presented a finding that closure is in the best interest of students. Therefore, the charter renewal petition cannot lawfully be denied under this finding.
District Concern 17: ***Complaint Policies/Procedures*** *EPPD needs a complaint policy that minimally includes the following: (a) outlines the procedures for submitting complaints, that identifies whom complaints should be submitted when regarding the Executive Director or other EPDP administration; (b) protects staff and students from any retaliatory actions for submitting a complaint; (c) posts the complaint policies/policies in English and Spanish on the EPDP Board website and EPCTC and EPAFLC's*

website; (d) procedures for processing complainants, including who conducts investigations depending upon whom the complaint is about, the timeline, and closure of submitted complaints.
EPCTC Response: EPCTC has an internal complaint policy available for all staff and students. The Uniform Complaint Policy is listed on EPCTC's website. The District's concern is not a lawful finding for denial. The District Staff did not provide any findings that closing the school would be in the best interest of students.

Element Five: Employee Qualifications
District Concern 18: ***Teacher Credential Compliance*** *District Staff reasonably finds that EPCTC is demonstrably unlikely to meet these qualification requirements for its teacher impacting its ability to successfully implement its education program.*
EPCTC Response: Based on the District's January 29, 2026 tally, Escuela Popular has an approximate 90% rate of fully credentialed teachers with 35 of the 39 teachers fully credentialed for their certificated assignment across both charter schools run by Escuela Popular (EPCTC and EPAFLC). The remaining four (4) teachers are substitute teachers covering vacancies within the legal restrictions of CCR Section 80025. Furthermore, the Commission on Teacher Credentialing has corroborated EPCTC's interpretation of the legal requirement, stating: "The Emergency 30-Day Substitute Teaching permit may be used to substitute for courses like English Language Development ("ELD") or other classes that typically require an English authorization, provided the assignment complies with the 30-day limit per teacher." Despite the District Staff's lengthy documentation in the Staff Report, the Commission on Teacher Credentialing has the exclusive authority to determine which teaching credentials and other documents authorize teaching courses pursuant to Education Code Section 44225(e). The District Board does not get to decide which credentials authorize which teaching assignments, nor do District staff. ESUHSD must follow the law when acting on behalf of the District and may simply not defer to its staff's judgments or incorrect legal analysis. This is not a lawful finding for denial. The District Staff did not provide any findings that closing the EPCTC would be in the best interest of students.
District Concern 19: ***Use of Contractor Teachers without Credentials*** *EPCTC's failure to ensure that the teachers supplied by the external staffing agency possessed a credential or permit needed for them to teach further demonstrates that EPCTC is unlikely to meet the teacher credentialing requirements and successfully implement its education program.*
EPCTC Response: EPCTC has already addressed this concern with the District and the District Staff's attempt to turn this into a Finding is unwarranted. As Escuela Popular discussed in its

response, it learned in or around early February of 2026 that its third-party vendor had been sending substitute teachers without Emergency 30-Day Permits for various short teaching assignments, without Escuela Popular's knowledge or consent. Escuela Popular immediately directed the vendor to only send substitute teachers with the appropriate Emergency 30-Day Permits, and no unpermitted substitute teachers were sent by the vendor after the first week of February 2026. This issue is not ongoing at the time of the Staff Report. This is not a lawful finding for denial. The District Staff did not provide any findings that closing the school would be in the best interest of students.
District Concern 20: *Comingling of Staff* *The Renewal Petition describes EPCTC as an autonomous, standalone charter school. District expressed concern about shared staffing model between EPCTC and its sister school, Escuela Popular Accelerated Learning Center.*
EPCTC Response: EPCTC disagrees with the characterization the District Staff makes of EPCTC's charter, which **does not prohibit the use of shared staffing between the schools**. The structure utilized by Escuela Popular's schools reflects the operational reality of two small charter schools operating on one campus under the same nonprofit organization.

Additional Indicators of Success:
For EPCTC, all local indicators on the CA Dashboard are indicated as "MET," demonstrating compliance with the state accountability system. (*See* Exhibit D.) These include:

- Basics: Teachers, Instructional Materials, Facilities
- Parent and Family Engagement
- Local Climate Survey

While District Staff have documented extensive "concerns," most of which have already been addressed by EPCTC in voluminous communications over the past several years, and none of which have any legal bearing on EPCTC's renewal, the District Staff provided exactly zero findings of fact that closure is in the best interest of students. Therefore, District Staff have not met the legal standard required to deny renewal for a DASS charter school.

* * *

As demonstrated herein, the EPCTC charter renewal petition meets or exceeds the legal requirements for approval, and the Staff Report presents findings that are unsupported or impermissible bases for denial of the charter renewal. The District can only deny the renewal of EPCTC with a finding that closure is in the best interest of students. As evidenced above, that is demonstrably not the case here. The Staff Report does not show a viable reason to close EPCTC,

and closing would be an enormous disservice to the community. Further, the Staff Report does not even contain findings to sustain a conclusion that EPCTC is unlikely to be able to implement its program. While this is not the standard for renewal of EPCTC, it is still important to stress that EPCTC continues to successfully implement the program set forth in its charter.

As discussed above, EPCTC respectfully requests approval of a five-year charter term. The academic program and services that EPCTC offers are a great benefit to students and families in the District. EPCTC looks forward to answering any questions from the District or its Board of Education, and the opportunity for collaboration with the District to continue to serve the students of our community. Please do not hesitate to contact me at patricia@escuelapopular.org or (408) 426-6593 to discuss further.

Re: Response to Additional Concerns Regarding EPCTC Charter Renewal

Dear Mr. Gedeon,

On behalf of Escuela Popular del Pueblo ("Escuela Popular"), I am writing to confirm receipt of your letter dated February 6, 2026, which lists additional concerns and requests for information which you state is relevant to the charter renewal process for Escuela Popular Center for Training and Careers ("EPCTC" or the "Charter School"). While the East Side Union High School District ("District") may not legally deny EPCTC's charter renewal petition based on any of these topics, for multiple reasons, Escuela Popular submits this response to address the issues that you raised. After reviewing these issues, Escuela Popular can confirm that it is legally compliant with regard to each of these topics.

Response to Concern 1: Charter School Shared Leadership and Staffing Model

EPCTC is compliant with the requirements of its approved charter petition, including Element E: Employee Qualifications, and remains in full compliance with credentialing and assignment monitoring requirements.

The District expressed concern that EPCTC is described in the charter as "standalone" and "autonomous," (in District staff's words) while oversight observations reflect a shared leadership and staffing model with EPAFLC. Escuela Popular disagrees with this characterization of EPCTC's charter, which does not prohibit the use of shared staffing between the two schools. EPCTC acknowledges that both schools operate under one governing board and one Executive Director. Additionally, certain leadership and instructional staff provide services across both schools. This structure reflects the operational reality of two small charter schools operating on one campus under the same nonprofit organization.

While governance and executive oversight are shared, EPCTC maintains clear site-level programmatic accountability. Principal Olivia Cortes provides leadership oversight across both schools and supervises Instructional Leaders assigned to EPCTC as well as those assigned to

EPAFLC. Within this structure, EPCTC's instructional program, staff assignments, student services, and daily operations are implemented and monitored with site-specific accountability. Instructional Leaders supporting EPCTC (morning and afternoon sessions) are responsible for supervising instruction, supporting teachers, and ensuring the EPCTC program is implemented in alignment with its charter.

Shared staffing is an intentional resource-efficiency model designed to maximize leadership and teacher capacity across two small schools on a shared campus. However, shared staffing does not keep EPCTC from maintaining accountability for its own compliance. EPCTC independently monitors and documents:

- Staff assignments specific to EPCTC
- Appropriate credentialing for each EPCTC assignment
- Full-Time Equivalent (FTE)/time allocation when staff serve both schools
- Site-specific supervision and evaluation structures

All instructional staff assigned to EPCTC hold the appropriate credentials for their roles, as defined by Education Code section 47605(*l*). For staff serving both schools, credential compliance and assignment monitoring are reviewed and documented by program to ensure clarity and compliance.

To further address the District's concern and strengthen transparency, EPCTC is formalizing a site-specific staffing and supervision matrix that clearly delineates:

(1) staff assigned to EPCTC
(2) any cross-school assignments
(3) FTE allocation by school
(4) reporting/supervisory lines for EPCTC.

EPCTC remains committed to maintaining clear documentation, strong site-level instructional oversight, and full compliance while responsibly stewarding resources within a shared-campus model.

Response to Concern 2: Finance and Operations

EPCTC is fiscally compliant with its approved charter and maintains sound financial practices under the oversight of its governing board and Executive Director. The school operates with financial transparency and in alignment with the fiscal policies outlined in its charter petition.

The District has expressed concern that the previously submitted five-year budget did not reflect EPCTC as an autonomous, standalone charter school, and did not clearly delineate leadership, staffing, and teaching positions with associated Full-Time Equivalent ("FTE") allocations. The District further requested documentation to determine whether EPCTC could

independently implement its educational program without reliance on shared staffing with EPAFLC.

While EPCTC and EPAFLC currently utilize a shared staffing model as a strategic approach given that both schools operate on one campus under the same nonprofit organization, EPCTC is not financially dependent on EPAFLC for implementation of its educational program. The shared model is a resource optimization strategy, not a structural necessity for program viability.

In response to the District's request, EPCTC is providing updated financial documentation [link to Exhibit A] that includes:

1. A complete roster of all leadership, staffing, and teaching positions required to operate EPCTC independently;
2. The Full-Time Equivalent (FTE) allocation for each position;
3. Identification of teaching session assignments (AM, PM, or both); and
4. Funding source(s) supporting each position (General Fund, grants, restricted funds, etc.).

The revised documents demonstrate that EPCTC has the fiscal capacity and enrollment-based revenue projections necessary to sustain its educational program as a standalone operation, should shared staffing no longer be utilized. The financial model reflects conservative revenue assumptions and includes all core leadership, instructional, and operational positions required to meet charter commitments.

EPCTC remains committed to full fiscal transparency and to ensuring that its budget clearly reflects staffing allocations, programmatic needs, and long-term financial sustainability.

Response to Concern 3: Student Enrollment and Attendance

EPCTC is compliant with the terms of its charter on the issue of student enrollment. EPCTC remains committed to accurate enrollment reporting, fiscal transparency, and responsible planning aligned with current student demand.

We respectfully clarify two enrollment figures referenced in the District's concern:

• The 2024–2025 enrollment was 658 students based on official CALPADS reporting, not 787.
• As of October 1, 2025, EPCTC's enrollment was 420 students, not 525.

This reflects a year-over-year decline from 658 to 420 students (an approximately 36% decline from October 2024 to October 2025). EPCTC acknowledges this decline and has proactively adjusted its renewal projections to reflect current enrollment trends. The revised petition includes updated enrollment projections of:

- 525 students in the initial years of the renewal term (aligned with current actual enrollment and conservative growth assumptions)
- 550 students in Years 4 and 5

The charter-authorized maximum enrollment of 750 students represents a cap, not a required operating level. EPCTC's updated projections reflect a responsible recalibration of enrollment expectations based on post-pandemic shifts in student mobility, alternative education demand, and regional enrollment trends.

Material Change Consideration

EPCTC recognizes the District's reference to a 30% decline from the authorized maximum. By revising projected enrollment in the renewal petition itself, EPCTC has effectively addressed the enrollment shift within the renewal framework. The updated projections represent the Charter School's realistic operating model for the upcoming term.

Fiscal Impact and Sustainability

The revised five-year budget has been rebuilt using conservative Average Daily Attendance (ADA) assumptions aligned to current enrollment levels. Expenditures have been right-sized accordingly, including staffing allocations and operational costs.

Response to Concern 4: Educational Program

Grade Promotion and Retention Practices and Alignment with Graduation Requirements

EPCTC is compliant with its charter in terms of policy and procedure for grade promotion and alignment with graduation requirements. The larger number of students in Grade 9 reflects an intentional strategy of promoting students based on readiness for English 1 specifically. This may take longer for EPCTC's adult, English learner students than it would take a native English speaker promoting from Grade 9 to grade 10, for example. For EPCTC's specific student population, English competency is essential in order for students to succeed in higher grades and in different subjects.

EPCTC acknowledges the District's concern regarding the grade-level enrollment distribution reflected in DataQuest, specifically the concentration of students in Grade 9 and smaller populations in Grades 10 and 11. The District further expressed concern that students may be retained beyond typical promotion timelines despite earning credits and that some students have been enrolled for more than five years.

EPCTC affirms that grade-level placement is not age-based and is not determined solely by time enrolled. Placement is governed by a structured, credit-based, and proficiency-based transition policy designed to ensure students are academically prepared for rigorous graduation coursework. Students are not artificially kept in Grade 9. Occasionally, there have been errors in

calculating credits for grade promotion, but those have been limited to inadvertent mistakes which have since been corrected.

Grade-Level Structure and Academic Rationale

As outlined in the EPCTC Grade-Level Structure and Enrollment Impact table (below), grade progression is tied to clearly defined credit bands and English/ELD course benchmarks:

- **Grade 9 (0–60 credits):** Completion of ELD 1A → 3B
- **Grade 10 (61–120 credits):** Entry into English 1 after ELD course sequence completion
- **Grade 11 (121–180 credits):** Completion of four quarters of English 1, then progression to English 2
- **Grade 12 (181+ credits):** Enrollment in English 3

The higher concentration of Grade 9 students reflects the structured completion of the ELD course sequence before advancement into English 1.

Emphasis on ELD Proficiency and Academic Foundation

EPCTC serves a high population of newcomer and English learner students. The ELD course sequence (1A/B → 2A/B → 3A/B) is intentionally designed to build mastery across four essential domains:

1. Listening
2. Reading
3. Speaking
4. Writing

Students must demonstrate strong proficiency before exiting ELD and entering English 1. Departmental standards require students to pass ELD coursework with strong mastery (typically 80% or higher) to ensure readiness for higher-level academic rigor.

A typical student completes the ELD sequence in approximately 1.5 years (six quarters). Advancement occurs after completing the ELD course sequence and achieving the 61-credit threshold.

This instructional model prioritizes long-term academic success over premature advancement. EPCTC's instructional strategy involves an expectation that it may take longer than one year for adult English learner students to achieve enough English competence that they can attempt courses in other subjects (taught in English). EPCTC's program is designed for the needs of this specific student population, and therefore it intentionally does not always involve grade advancement on a conventional 4-year timeline. This is a feature, rather than a flaw, of EPCTC's program structure.

Factors Influencing Grade-Level Distribution

While EPCTC maintains a structured, credit-based, and proficiency-based transition policy, student progression timelines may be influenced by the realities of the population served.

1. Students Retaking ELD Courses

Students who retake ELD courses may remain within the Grade 9 credit band longer than in traditional comprehensive high school models. This reflects mastery-based progression, rather than arbitrary retention.

Approximately:

- 40% of students progress through the ELD sequence without retaking courses.
- Approximately 30% of students may retake one or more ELD courses, extending their time within the Grade 9 credit band.
- 30% leave school due to personal reasons and re-enroll at a future date

2. Employment and Family Responsibilities

EPCTC serves students who frequently balance:

- Employment obligations
- Family caregiving responsibilities
- Economic instability

These circumstances may result in:

- Interruptions to continuous enrollment
- Delayed credit accumulation

Such factors can extend the time required to complete the ELD course sequence and reach promotion credit thresholds.

3. Interrupted Enrollment and Re-Enrollment

Some students leave school for extended periods due to employment, housing, or family circumstances and later return after long periods of time.

Upon re-enrollment, students may:

- Return credit-deficient
- Re-enter within the Grade 9 or Grade 10 credit bands
- Retake coursework to rebuild academic momentum

This mobility contributes to higher concentrations in lower credit bands and smaller cohorts in upper grade levels.

Grade-Level Structure and Enrollment Impact (EPCTC)

Grade Level	Credit Band	ELD / English Progression	Academic Purpose	Impact on Enrollment Distribution
Grade 9	0–60 credits	Completion of ELD 1A → 1B → 2A → 2B → 3A → 3B	Develop strong foundational proficiency in Listening, Reading, Speaking, and Writing to ensure readiness for rigorous academic coursework	Higher enrollment concentration due to structured language acquisition timeline and credit accumulation requirements
Grade 10	61–120 credits	Entry into English 1 after ELD course sequence completion	Transition from language development to graduation-track English coursework with increased academic expectations	Smaller cohort, as students must meet both 61+ credits and ELD course sequence completion
Grade 11	121–180 credits	Completion of 4 quarters of English 1, then progression to English 2	Continued transition from language development to strengthening analytical writing, academic discourse, and content comprehension across math, science, and history	Enrollment reflects students who have accumulated sufficient credits and completed foundational English coursework
Grade 12	181+ credits	Enrollment in English 3	Demonstrate advanced literacy, analytical writing, and readiness for graduation and postsecondary transition	Cohort includes students meeting final credit thresholds

Alignment with Graduation Requirements

EPCTC affirms that its graduation requirements are compliant with California's minimum requirements, which are legally applicable only to traditional public schools (Education Code Section 47610.). Grade-level promotion is based on clearly defined credit thresholds (61 / 121 / 181 credits) and completion of required English coursework as outlined in the course matrix.

To strengthen clarity and alignment:

- EPCTC is conducting structured transcript audits to ensure accurate credit documentation.
- Quarterly graduation progress reviews are being implemented for all students.
- After meeting with the District's transcript expert, EPCTC is proactively transitioning to a more standardized transcript format consistent with District guidance to ensure clarity, consistency, and accurate reporting.
- Students enrolled beyond four years have individualized graduation plans with defined credit completion timelines.

The grade-level distribution pattern identified by the District reflects:

- Structured completion of the ELD course sequence (1A–3B)
- Credit-based promotion thresholds
- Mastery-based language progression standards
- Students retaking courses to strengthen proficiency
- Employment, family responsibilities, and interrupted enrollment patterns

It does not reflect arbitrary retention or non-compliance with graduation requirements.

EPCTC remains committed to academic rigor, accurate reporting, timely promotion based on earned credits, and ensuring that students are fully prepared for success in higher-level graduation coursework and post-secondary transition.

Integrated Science Program

EPCTC's Integrated Science program is fully aligned to the California Next Generation Science Standards (NGSS) and is intentionally structured as a coherent two-year integrated pathway that addresses Life Science (LS), Physical Science (PS), and Earth & Space Science (ESS) performance expectations.

The State of California does not mandate a three- or four-year sequence for NGSS implementation. Rather, schools are required to ensure that high school NGSS performance expectations are met with rigor and fidelity. EPCTC's Integrated Science 1 and Integrated Science 2 courses collectively meet this requirement.

Integrated Science 1 emphasizes:

- HS-LS1, HS-LS2, HS-LS3, HS-LS4 (Life Sciences)
- HS-ESS3 (Human impacts & climate connections)

Integrated Science 2 emphasizes:

- HS-PS1, HS-PS2, HS-PS3, HS-PS4 (Physical Sciences)
- HS-ESS1, HS-ESS2, HS-ESS3 (Earth & Space Sciences)

Across both courses, instruction is three-dimensional and includes:

- Explicit NGSS performance expectations
- Embedded Science & Engineering Practices (SEPs)
- Crosscutting Concepts (CCC) integrated throughout units
- Engineering design challenges aligned to NGSS intent
- Phenomena-based investigations and modeling

The two-year structure is not an accelerated model. It is a deliberately integrated model designed for EPCTC's student population, including newcomer and multilingual learners. The program emphasizes depth of understanding, modeling, academic discourse, and repeated engagement with crosscutting concepts such as:

- Cause and Effect
- Systems and System Models
- Energy and Matter
- Stability and Change

To further strengthen documentation clarity, EPCTC is submitting:

- A comprehensive NGSS Performance Expectation Crosswalk (see below)
- A unit-level alignment matrix identifying anchoring phenomena, SEPs, CCCs, labs, and assessments
- Links to all labs and performance-based assessments demonstrating three-dimensional rigor

EPCTC remains committed to ensuring its science program fully meets the rigor, coherence, and intent of the NGSS framework.

NGSS Domain	Performance Expectation Cluster	Integrated Science 1	Integrated Science 2
HS-LS1	Structure & Function	✓	
HS-LS2	Ecosystems	✓	
HS-LS3	Inheritance & Variation	✓

The following links address the requests below:

Integrated Science 1 Scope & Sequence
Integrated Science 2 Scope & Sequence

(1) Links to all labs that correspond to the units taught, including clear objectives of the unit referencing the NGSS standard being addressed by the lab.
(2) Links to all assessments (quizzes, exams, projects, etc.) that correspond to the units taught and the rigor of NGSS, including clear objectives of the unit referencing the NGSS standard being addressed by the assessment; and
(3) Updated core curriculum resource lists that reflect NGSS alignment and submitted scope and sequence.

Conclusion

Although none of the above-mentioned issues should determine the outcome of EPCTC's charter renewal, Escuela Popular takes these issues seriously and appreciates the District's concern with ensuring compliance related to these topics. Overall, EPCTC has taken on the unique challenge of adapting a K-12 educational model to fit the needs of an adult, highly mobile, English learner population with numerous life challenges that impact educational success. Because of this, EPCTC's program may look different from a traditional high school program as it has implemented strategies to serve these specific students. This is by design, and this is exactly what charter schools, and DASS schools in particular, are intended to achieve.

Escuela Popular welcomes the opportunity to work collaboratively with the District on these important issues.

Re: Response to Notice of Concern – Brown Act Compliance at November 17, 2025 Board Meeting

The Board of Directors ("Board") of Escuela Popular del Pueblo ("Escuela Popular") is in receipt of your Notice of Concern dated December 2, 2025 ("Notice") regarding Brown Act Violations that the East Side Union High School District ("District") claims to have taken place at Escuela Popular's November 17, 2025 Board meeting. The District claims that the Board failed to report out the vote of an action conducted in closed session and that Board Member Maria del Rocio Preciado's remote participation did not comply with the rules for use of teleconferencing. After reviewing the District's concerns, reviewing the Board Meeting minutes, communicating with individuals who were present at the meeting, and conferring with legal counsel who was also present at the meeting, the Board has determined that the claimed Brown Act violations did not occur.

Overview of the November 17, 2025 Escuela Popular Board Meeting:

The November 17, 2025 Escuela Popular Board Meeting took place on the Escuela Popular Campus (address 149 N. White Road San Jose, CA 95127). This address was reflected on the Board Meeting Agenda, which was posted online and publicly available by the required timeframe prior to the meeting (see Board Meeting Agenda attached as Exhibit A). Also on the agenda, addresses were posted for the locations of telephonic participants, including Maria del Rocio Preciado (address 7 Commodore Dr., Emeryville, CA 94608) (see Exhibit A).

Additionally, Mayra Mejia had informed the Board in advance that she needed to join the meeting via zoom from her office in San Jose. Thus, the Board had added her address when it posted the agenda. However, on the day of the board meeting, she reached out to say she could come in person and preferred to do so. Ms. Mejia then did in fact show up in person. Her office is staffed and had a member of the public shown up, we would have done a two-way teleconference from her office to allow member(s) of the public to join from this location even though she was at the main location with the other Board members. As a result, this location was compliant.
The November 17, 2025 Board meeting was recorded only for internal purposes, not for public distribution or for purposes of capturing the entire meeting, as the Brown Act does not require that our meetings be recorded. The recording took place during the first open session portion of the meeting, then the recording was turned off when the meeting went into closed session. After the

closed session concluded, the recording was not turned back on. This is why the read-out following the closed session cannot be heard on that recording. The failure to turn the recording back on when we got back to open session was not intentional. But the failure to turn the recording back on did not result in a Brown Act violation because no recording was required in the first instance.

Immediately following the closed session, Escuela Popular's Board did publicly report the action taken in closed session and the vote or abstention on that action of every member present. This was witnessed by Escuela Popular's attorney Ellen Doty, who confirmed that she was present and was listening attentively to the read-out to ensure compliance. This was also witnessed by all of the Board members present at the time, as well as any members of the public who were in the room when the meeting returned to open session or who were participating via Zoom.

The November 17, 2025 Board Meeting Minutes (attached as Exhibit B and posted on Escuela Popular's website) accurately describe the read-out from the closed session:

> "The Board of Directors voted to approve the responses to the Notices of Violation issued by the East Side Union High School District for both Escuela Popular Accelerated Family Learning Center and Escuela Popular Center for Training and Careers, including associated evidence, and directed the Board Chair to deliver these responses and associated evidence to the East Side Union High School District today. The vote was 7-0, with the following Board members voting yes: Dr. Bernard Gifford, Dr. Sherry Segura, Dr. Ellen Middaug, San Juana Ochoa, Robert Escobar, Rocio Preciado, and Dr. Pablo Reguerin. There were no directors voting no and no directors abstaining."

District's Claim of Failure to Report Out Decision from Closed Session:

The District's claim of failure to report out the decision from closed session is false—the Board did in fact report out the decision, including a vote tally that listed the vote of each member. This was a unanimous vote, with no members voting no and no members abstaining. The District's factual premise is inaccurate.

Even if a violation had occurred, a violation of Govt. Code, § 54957.l(a) is not subject to an actionable offense pursuant to Government Code section 54960.1. In other words, the section that the District claims Escuela Popular violated is not listed among those sections to which an agency action can be nullified.

District's Claim of Failure to Comply with Requirements for Telephonic Participation in Meeting:

In regard to the District's claim of failure to comply with the requirements for telephonic participation of Board Member Maria del Rocio Preciado (a.k.a. Rocio Preciado), Maria del Rocio Preciado's address for her call-in participation was noted on the meeting agenda (i.e., 7 Commodore Dr., Emeryville, CA 94608) (see Exhibit A). This satisfied the requirements for "traditional teleconference remote attendance" as described in the District's letter. Gov. Code, § 54953(b) states, in relevant part:

(1) Notwithstanding any other provision of law, the legislative body of a local agency may use teleconferencing for the benefit of the public and the legislative body of a local agency in connection with any meeting or proceeding authorized by law. The teleconferenced meeting or proceeding shall comply with all otherwise applicable requirements of this chapter and all otherwise applicable provisions of law relating to a specific type of meeting or proceeding.
(2) Teleconferencing, as authorized by this section, may be used for all purposes in connection with any meeting within the subject matter jurisdiction of the legislative body. If the legislative body of a local agency elects to use teleconferencing, the legislative body of a local agency shall comply with all of the following:

(A) All votes taken during a teleconferenced meeting shall be by rollcall.

(B) The teleconferenced meetings shall be conducted in a manner that protects the statutory and constitutional rights of the parties or the public appearing before the legislative body of a local agency.

(C) The legislative body shall give notice of the meeting and post agendas as otherwise required by this chapter.

(D) The legislative body shall allow members of the public to access the meeting and the agenda shall provide an opportunity for members of the public to address the legislative body directly pursuant to Section 54954.3.

(3) If the legislative body of a local agency elects to use teleconferencing, it shall post agendas at all teleconference locations. Each teleconference location shall be identified in the notice and agenda of the meeting or proceeding, and each teleconference location shall be accessible to the public. During the teleconference, at least a quorum of the members of the legislative body shall participate from locations within the boundaries of the territory over which the local agency exercises jurisdiction, except as provided in subdivisions (d) and (e).

Escuela Popular complied with these provisions by including the address of the remote participant Rocio Preciado in the notice and agenda of the meeting. Ms. Preciado participated from her workplace in Emeryville, California, which is accessible to the public. Ms. Preciado confirmed that she did post the agenda for the November 17, 2025 Board Meeting at her office.

Further, no member of the public was denied access to this meeting. The meeting agenda, posted publicly on the Escuela Popular website, included a public Zoom link that allowed any member of the public to participate via Zoom from their own location. This is greater access to the Board Meeting than is required under the Brown Act.

Escuela Popular provided its draft meeting minutes from the November 17, 2025 Board Meeting to Bjorn Berg when he requested them on November 24, 2025. Escuela Popular would have been happy to provide its final Board meeting minutes, and November 17, 2025 meeting Agenda, to the District upon request. This would have allowed Escuela Popular to confirm that the address listed on the meeting agenda is Rocio Preciado's address for remote participation in the meeting. The read-out of the vote from closed session during the November 17, 2025 Board Meeting, including

the roll call and voting tally, is a demonstrable fact observed by more than half a dozen witnesses. The District could have just inquired with Escuela Popular about this situation instead of issuing a formal notice based on inaccurate information. Cooperating informally—by reaching out, asking questions, and verifying the facts—would save both parties significant time and resources.

I am available to discuss further as needed.

Sincerely,

Dr. Pablo Reguerin, on behalf of the Escuela Popular Del Pueblo Board

Re: Response to Notice of Deficiency – Attendance Tracking and 6th Period Enrollment
Escuela Popular Center for Training and Careers, Family Learning

Dear Mr. Berg,

The Board of Directors ("Board") of Escuela Popular del Pueblo ("Escuela Popular") is in receipt of your Notice of Deficiency dated November 14, 2025 ("Notice") regarding enrollment and attendance concerns that the District has observed after looking at Escuela Popular Center for Training and Careers ("EPCTC") data on PowerSchool. After reviewing the District's correspondence on these topics, Escuela Popular staff worked with EdTec (our school back office support provider) staff to review PowerSchool information for each of the identified concerns and made corrections where applicable.

Global Points of Clarification for District Interpretation of the Data:

The screenshots of PowerSchool provided in the District's November 14, 2025 letter are missing important information that you gain when you click for more detail in the PowerSchool software interface. Escuela Popular worked with EdTec staff to create the following PowerSchool screenshots for each of the students at issue (enclosed as Exhibit A).

Clicking on a given date to show more detail reveals information that is relevant to Average Daily Attendance (ADA) analysis. For example, you would need to click for more detail to see exactly which periods a student was present or absent for in a given day. This is important because, for ADA reporting purposes, attendance for any part of the school day counts as present for the day. The California Department of Education guidance on ADA and attendance taking (enclosed as Exhibit B) states:

> In order to generate and claim attendance for apportionment, school districts must meet all the applicable instructional time and scheduling requirements, and the students must be in attendance under the immediate supervision and control of a certificated employee of the school district while engaged in educational activities

> required of them **for at least some part of each school day** for which attendance is generated. (emphasis added)

This explains why a student may be present for less than the entire school day on PowerSchool but would still be noted as present for purposes of claiming ADA for that day. This is how schools and school districts across the state report attendance for ADA purposes. We note that each student is required to attend each day for all class periods pursuant to a Board policy (see attachments to letter from Board Chair enclosed as Exhibit C). The Board policy titled Enrollment and Attendance in All Six Periods of Study states, "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C). However, just like in a traditional public school, some students have medical appointments or other good cause to miss class.

Additionally, classes which were later dropped by a given student do not show up on PowerSchool unless you click "show dropped classes." Without clicking "show dropped classes," it is inaccurate to assume that the absence of information about a class means that the student was never enrolled in that class.

Students at Issue:

Student A

The District's letter claims that student A was absent on August 29, 2025 but was marked present in the ADA monthly report for August. Escuela Popular staff reviewed the data on PowerSchool for this student and determined that Student A was NOT absent for the whole day on August 29, 2025—this student was present for Period 4 (see Exhibit A).

Student A was enrolled in all six periods during the time period at issue and is required to attend all class periods by the Board policy which states that "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C).

Student B

The District's letter claims that student B was absent on August 19, 2025 but was marked present in the ADA monthly report. Escuela Popular staff reviewed the data on PowerSchool for this student and determined that Student B was NOT absent for the whole day on August 19, 2025—this student was present for Period 3 (see Exhibit A).

Student B was enrolled in all six periods during the time period at issue and is required to attend all class periods by the Board policy which states that "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C).

Student C

The District's letter claims that Student C was absent on August 28, 2025 but was marked present in the ADA monthly report. Escuela Popular staff reviewed the data on PowerSchool for this student and determined that Student C was NOT absent for the whole day on August 28, 2025—this student was present for Period 2 (see Exhibit A).

Student C was enrolled in all six periods during the time period at issue and is required to attend all class periods by the Board policy which states that "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C).

Student D

The District's letter claims that ADA was claimed for August 5-6, 2025 for Student D when this student was not enrolled at this time. Escuela Popular reviewed the information on PowerSchool and determined that this interpretation appears to be a misunderstanding on the part of District staff. Student D was enrolled from August 5, 2025 to August 11, 2025. There was later a scheduling change. Based on the PowerSchool information, Student D was enrolled as of August 5th and appears to have had perfect attendance for that day. Then, on Wednesday August 6, 2025, this student was present for one period.

Student D was enrolled in all six periods during the time the student attended school at EPCTC and is required to attend all class periods by the Board policy which states that "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C). Student D dropped all of their courses on August 11, 2025 and then re-enrolled at the school in October of 2025. This appears to have happened because the student changed from the AM program to the PM program, apparently after trying the AM program and finding the student preferred the later option.

Student E

The District's letter claims that ADA was claimed for August 5, 2025 for Student E even though the student was not enrolled at this time. Escuela Popular reviewed the information on PowerSchool and determined that this interpretation appears to be a misunderstanding on the part of District staff. Student E was enrolled at Escuela popular on August 5, 2025, which was the first day of classes. This student attended class the first day, found those classes didn't work for them, then dropped those and added new classes as of August 6, 2025. If you click on "show dropped classes" on PowerSchool you can see that the student was indeed enrolled and had attendance that day. If you do not click "show dropped classes," then it may, incorrectly, look as if the student was not enrolled in any classes at that time.

Student E was enrolled in six periods August 6, 2025 and is required to attend all class periods by the Board policy which states that "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C).

Student F

For Student F, the District noted that the student appears to have absent at the start of classes and then present for the rest on August 11, 13, and 15, 2025. Escuela Popular reviewed the data on PowerSchool for this student and confirmed that on August 11, 2025, Student F missed periods 1, 2, and 3, showed up 4 and 5, and did not show up for 6. The same occurred August 13, 2025 and August 15, 2025.

This student is an outlier in that the student tended to have more than the typical number of absences. Escuela Popular checked the school's records and can confirm that the student no longer attends the school at this time. This is not the norm; the vast majority of students can make it to all class periods.

Student F was enrolled in six periods during the time period at issue and, before the student left the school in mid-November, was required to attend all class periods by the Board policy which states that "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C).

Student G

As to Student G, the District's letter claims the student was marked absent for the month of August, but is showing he was present for 1 day on the monthly report. Escuela Popular reviewed the data and is confused by the District's interpretation as to this student. When you look at the details on PowerSchool, you can see that this student was actually present a lot in August of 2025. Sometimes this student would only show up for one class period, but the student showed up for some portion of the school day for every school day except one during August 2025.

Student G was enrolled in six periods as of August 21, 2025 and is required to attend all class periods by the Board policy which states that "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C).

Student H

The District's letter claims that student H was absent on August 29, 2025, but was marked present. Escuela Popular staff reviewed the data on PowerSchool for this student and determined that Student H was NOT absent for the whole day on August 29, 2025—this student was present for Period 3.

Student H was enrolled in six periods during the relevant time period and is required to attend all class periods by the Board policy which states that "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C).

Student I

The District's letter claims that student I was absent on August 18, 2025, but was marked present. Escuela Popular staff reviewed the data on PowerSchool for this student and determined that Student I was NOT absent for the whole day on August 18, 2025—this student was present for two class periods that day.

August 19, 2025 was an excused absence for Student I. This was an inadvertent error on Escuela Popular's part, where the "E" was logged as present instead of as an absence. Escuela Popular can correct this information in PowerSchool and in its ADA reporting.

Student I was enrolled in six periods during the relevant time period and is required to attend all class periods by the Board policy which states that "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C).

Student J

The District's letter claims that student J was absent on August 19, 2025, but was marked present. Escuela Popular staff reviewed the data on PowerSchool for this student and determined that Student J was NOT absent for the whole day on August 19, 2025—this student was absent periods 1 and 6 that day but present every other period.

August 18, 2025 was an excused absence for Student J. This was an inadvertent error on Escuela Popular's part, where the "E" was logged as present instead of as an absence. Escuela Popular has corrected this information in PowerSchool and will correct it in its ADA reporting at the next reporting date.

Student J was enrolled in all six periods during the relevant time period and is required to attend all class period pursuant to the Board policy which states that "All students at Escuela Popular schools are required to attend all instructional minutes offered by the charter school" (see Exhibit C).

Students K and L

The District claims its staff cannot find Students K and L in the PowerSchool system. Escuela Popular staff checked this and were able to locate both of these students in the system. Difficulty likely arose because both of these students were once enrolled at Escuela Popular but later became inactive. When searching on PowerSchool, you have to put a forward slash before the student's name in the search bar in order to get PowerSchool to show inactive students. When you do this for both Student K and Student L, they show up in the PowerSchool system.

In some cases, a student may show up for one day of school and then drop from the program completely. Even if that happens, a charter school can absolutely claim that student's one day of enrollment and attendance for purposes of ADA, just as a school district could.

Board Adoption and Confirmation of Implementation of Enrollment and Attendance Policies:

The Escuela Popular Board of Directors officially adopted enrollment and attendance policies at its September 18, 2025 meeting. These policies require 1) attendance be taken every course period rather than once a day and 2) every student to be enrolled in all six course periods, with only an exception for high school seniors who are in their last year and have sufficient credits to graduate without all six periods. As Board Chair, I then provided a copy of the policies to the District, on behalf of the Board, in a letter dated September 26, 2025 (see Exhibit C). This letter stated:

> This correspondence shall serve as written confirmation from the Board that these policies have been approved. We want to assure you that the EP leadership team and Board reviewed and discussed the recommendations in earnest and implemented some practices as early as the first day of school and then had either commenced or completed all of them by September 15th.

Discussions between the Board and Escuela Popular's attorneys in closed session, or between the EP leadership team and Escuela Popular's attorneys, regarding recommendations such as those in the Ryland audit report, are subject to attorney-client privilege.

The Board believed that the September 26, 2025 letter to the District satisfied the District's request that the Board assure the District that these policies have been implemented. If the District needs further assurance from the Board that these policies have been implemented, the Board can provide it but would need additional guidance from the District regarding what the District wants the assurance to look like.

Explanation of Attendance-Taking Procedure at EPCTC:

The District also asked for clarification about attendance-taking procedure at EPCTC. The teacher of record is the person who enters attendance into PowerSchool. If the class is a vacancy, then the substitute teacher is able to enter attendance into PowerSchool. For excused absences, the front office staff enter the "E" into PowerSchool.

Explanation of Process and Results from EPCTC Administration's Weekly and Daily Attendance Audits, Including Corrective Action for Employees:

For the weekly and daily attendance audits, instructional staff monitor weekly and daily attendance by running reports in PowerSchool. If they notice a teacher has missed entering attendance, they will follow up with the teacher to ensure attendance is submitted. They have found they have had to follow up with a small number of teachers about this. The next step has been to formally write them up if they do not improve on entering attendance after being warned. To the extent that this occurs, it would be a confidential personnel action, so the personnel documents related to this would not be shared. Outside of the personnel disciplinary process, Escuela Popular staff do not formally write any findings about their weekly and daily monitoring of attendance.

In monitoring attendance-taking by staff, Escuela Popular has not found that entering attendance incorrectly has been an ongoing issue with any of its staff members. Escuela Popular has found that some staff members enter attendance correctly, but late (rather than on the same day the class occurred). These staff members have been counseled regarding the importance of entering attendance timely.

Assessment of Attendance Discrepancies and Next Steps:

After reviewing the attendance discrepancies the District identified, Escuela Popular determined that all but two were the result of District Staff misinterpreting the data. This is understandable, as PowerSchool is not user-friendly in many respects. Escuela Popular Center for Training and Careers has approximately 489 students total. Multiplying that number times the number of school days so far this school year, if EPCTC only had two instances of attendance errors, that would represent an admirable success rate.

Still, EPCTC does not want to have any errors. The two instances of misreporting "E" ("Excused Absence") as "Present" have been confirmed corrected on PowerSchool. The next steps will happen at the P1 reporting period in mid-December. Whenever there is a change to ADA during a month that was already submitted to the District, the typical process is Escuela Popular staff compiles the same monthly reports and shares updated versions, typically at the P reporting deadlines, P-1, P-2 and P-A.

In terms of blanks where PowerSchool defaults to having the blank indicate "Present," where the student actually was present, these have not been changed because the data is accurate.

Assessment of District's Concerns re Enrollment Policies and Next Steps:

Escuela Popular understands that the District would like the school to have a Board policy to remind students more than one time per school year regarding the enrollment requirement. The Board discussed this with Escuela Popular staff and has been assured that, going forward, Escuela Popular will go above and beyond the current Board policy and will notify students at least once per quarter regarding the enrollment and attendance requirement.

In terms of the District's claim that certain students have enrolled in a Study Hall or Study Skills class but never attended it, Escuela Popular has reviewed the Power School data and discovered that during Q2 so far, there are 74 out of 433 (17.1%) active EPCTC students who have been absent in a study hall or skills class for every day of Q2. Escuela Popular will follow up with students regarding the importance of attending study hall and will further investigate ways to ameliorate any challenges related to this issue.

Thank you for providing us with an opportunity to clarify these points and I am available to discuss further as needed.

Sincerely,

Dr. Pablo Reguerin, on behalf of the Escuela Popular Del Pueblo Board

Re: Response to Notice of Concern – Alleged Delay in Providing Information

Dear Mr. Gedeon,

The Board of Directors ("Board") of Escuela Popular del Pueblo ("Escuela Popular" or "the School") is in receipt of your Notice of Concern dated December 12, 2025 ("Notice") regarding the East Side Union High School District's ("District") claim that Escuela Popular has not provided access to information for charter oversight and renewal in a timely manner. Escuela Popular disputes the District's characterization of its responses to the District's numerous requests. Escuela Popular responds to each of the District's claimed concerns in the Notice below.

Escuela Popular: (1) has now provided all of the requested information; and (2) is waiting on the District to provide availability for scheduling staff interviews.

Escuela Popular has received and responded to dozens of requests and notices and has consistently responded to them in a timely and thoughtful manner, which has required many hours of staff time. We have received notices with less than thirty (30) days to respond, including additional notices while we were still in the response window of previous notices. Staff have worked nights, weekends, and over holidays to meet the District's arbitrary deadlines. Given the high stakes of these requests, we conduct due diligence in evaluating and responding to each request, which includes review by the Executive Director, school staff, legal counsel, consultants, and our Board. We work on these as a team, and that does require sufficient time for consultation to ensure we have a complete, accurate, and vetted response. The numerous notices have increased stress, adversely impacted the climate for staff, and diverted precious staff time from meeting student and school operational needs.

Response to Claim of Delay in Providing User Credentials and Access to PowerSchool Student Information System:

The District claims that Escuela Popular unreasonably delayed in providing the District with unfettered access to Escuela Popular's PowerSchool Student Information System. Characterizing this as an unreasonable delay is misleading and factually inaccurate. In reality, just two days after the District's July 14, 2025, extraordinary request for full PowerSchool access, Escuela Popular's counsel e-mailed the District's counsel and explained that Escuela Popular is reviewing the student and employee privacy rights issues of granting the District access to PowerSchool. The District's

counsel e-mailed Escuela Popular's counsel requesting follow-up, and on July 22, 2025, Escuela Popular's attorney Jerry Simmons provided the following response to the District's attorney William Schuetz:

> "I did have a call with the client yesterday afternoon. They are comfortable giving read-only access to PowerSchool records that the District requires in order to perform its oversight functions. Can you tell us what fields the District would like access to so that the school can grant this access? I am assuming enrollment and attendance, but we can make other fields available to review if the District indicates that this is required for its oversight. Of course they would like a commitment from the District that it will maintain all such confidential student records with the same degree of confidentiality that the school is legally required to meet under FERPA. I assume your client will have no objection to this. The school just needs something in writing to meet its obligations to protect confidential student information except as necessary for the District to perform its oversight function." (See e-mail chain between Escuela Popular counsel and District Counsel enclosed as Exhibit A).

The July 22, 2025 correspondence clarified that Escuela Popular did not grant immediate full access to PowerSchool because it needed to review the school's relevant legal obligations with giving open access to a third party and receive confirmation from the District that it would treat access to these records with the same level of legal compliance applicable to Escuela Popular. In addition, Escuela Popular needed to work with its outside vendor (i.e., EdTec) to configure access to PowerSchool by the District.

In the subsequent e-mail correspondence between Escuela Popular's counsel and the District's counsel, Escuela Popular's counsel discussed logistics for facilitating full access while ensuring compliance with laws regarding confidential student records, among other considerations. On July 30, 2025, Mr. Simmons e-mailed Mr. Schuetz the following:

> "Edtec (the school's back office provider) has finalized the read-only access setup for the District in PowerSchool. We would like to recommend a walkthrough for the assigned District staff member. Once we confirm who will be receiving access on the District's end, we'll gladly coordinate a time that works best for them to walk through the system and ensure they can easily navigate and access the information they need. PowerSchool's complexity is definitely something we want to help mitigate. Do you know who specifically at the District the School and Edtec should coordinate with?" (See Exhibit A).

That same day, Mr. Schuetz provided Mr. Simmons with the contact information for the District staff members who EdTec could contact to provide access to PowerSchool. The District's letter acknowledges that, on August 6, 2025, the District received limited access to PowerSchool, and on August 15, 2025 the District received view all access. From the District's July 14, 2025 request, to August 15, 2025, Escuela Popular was consistently working first with its attorneys, then directly with the District's legal counsel, while at the same time working with EdTec, then with District oversight staff to set up and facilitate access to PowerSchool in a way that would both comply with the School's legal obligations and enable District staff to navigate the software platform.

Additionally, it is highly unusual for an authorizing school district to demand direct access to a charter school's PowerSchool or other student information system. Indeed, our counsel advises us that in 32 years, they have never seen a District request full access to PowerSchool, as the database includes comprehensive confidential student record information, staff personal information, medical information, etc. These are complex systems containing a large quantity of sensitive student data. The School has a legal obligation to protect personal information of our students and students' privacy, and all requests need to be vetted to provide legally compliant access while maintaining the highest level of security for student data. Balancing these needs is the responsible thing to do and should be considered in any case.

And **there is no legal obligation for a charter school to provide an authorizer with direct access to this type of system**. The Charter Schools Act only requires a charter school to "promptly respond to all reasonable inquires"; there is nothing in the law that requires the charter school to grant continuous live access to its database systems. The normal process would be for a district to request certain information and for charter school staff to pull that information from the system and provide it to the District. PowerSchool, in particular, is a software platform that is difficult to use and requires some level of technical knowledge to operate. This can cause misunderstandings such as District staff assuming that certain information is not present, when in reality the information is there and requires a particular set of commands in order to access it.

To be clear, Escuela Popular is willing and able to provide the District with whatever information it needs in order to maintain oversight as the authorizer; however, Escuela Popular rejects the characterization that it delayed or inhibited the District's oversight in any way by working with the District's and Escuela Popular's legal counsel to meet this unusual and extraordinary request for unfettered live and continuous access to Escuela Popular's data. Escuela Popular continues to allow the District access to PowerSchool on a voluntary basis as a demonstration of transparency.

Response to Claim of Delay in Providing Contracts for All EPCTC Employees:

According to the Notice, the District requested copies of the contracts for all Escuela Popular Center for Training and Careers (EPCTC) employees on November 13, 2025. This extensive request for records (that required administrative staff to pull more than 1000 pages of contracts out of numerous employee files) came in shortly before the Thanksgiving holiday and was on top of the other requests from the District for information or responses to various issues (for example, a request for detailed credentialing information which had a response deadline of November 17, 2025). Escuela Popular apologizes for any delay in providing an estimated date for receipt of the requested contracts. We are also currently undergoing a transition in our HR and Talent Acquisition procedures with the expertise of an outside vendor, Vertex HR.

Escuela Popular has attached the requested contracts to this correspondence as Exhibit D (https://ymclegal.sharefile.com/d-s0790e904d02342fe92c4a0ff1a947d8b). Exhibit D1 is the initial employee agreements that were in effect at the start of the 2025–2026 school year. Exhibit D2 includes agreements that were updated, amended, or replaced after the start of the school year and were in effect at any time between November 13, 2025 (the date the District originally made

this request) and the present. Exhibit D3 includes agreements for employees hired in January 2026. Please do not hesitate to contact us if you need additional information related to this topic.

Escuela Popular disputes the premise that these contracts were necessary in order for the District to "verify compliance with credentialing laws and personnel policies." Escuela Popular has already provided detailed information to the District about its employees, their positions at the school, and their teaching assignments and credentials. In particular, on November 17, 2025, Escuela Popular provided the District with Commission on Teacher Credentialing screenshots and other relevant paperwork (as applicable) for the school's entire teaching staff, along with a list of each teacher, the person's assignment, and an explanation of how that particular teacher's credentials allowed them to teach in the assignment under California law.

Response to Claim of Delay in Providing a Private Room and Staff Meeting Schedule for Annual Oversight Visit on November 18, 2025:

Prior to the November 18, 2025 oversight visit, District staff e-mailed Escuela Popular a request to hold one-on-one meetings with School personnel; this was an unusual request and a radical change in practice for the District had made previously as part of its annual oversight visits. Escuela Popular immediately responded, requesting information about these interviews and requesting that a school administrator be present during each interview. The subsequent e-mail thread regarding the request and scheduling is enclosed as Exhibit E. To be clear, the School NEVER denied the District the right to meet with the School's staff. As you can see from the attached communications, Escuela Popular confirmed that the school is willing to make the employees available during the work day for the interviews but desired to have someone from the Administration (or the Board) be present during the interviews. (see Exhibit E). Ultimately, the District failed to hold or reschedule these meetings.

In addition, on November 18, 2025, when District staff were on campus for the oversight visit, Ms. Reguerin asked the District staff if they still wanted to meet with individual staff members as they had requested, and reiterated that the School's preference was to have an administrator present. Bjorn Berg responded that the District would prefer not to have an administrator present. In response, Ms. Reguerin agreed that they could go ahead and schedule staff interviews around noon and that she would follow up via e-mail with the schedule. This required coordinating with multiple staff members and took longer to facilitate than anticipated. At 12:50 p.m. that same day, Mr. Berg e-mailed Ms. Reguerin letting her know that, because he had not received the interview schedule yet, he would follow up at a later date with this request (rather than conducting the interviews that same day). To date, Ms. Reguerin has not received a follow-up correspondence from Mr. Berg regarding these interviews.

As noted above, Escuela Popular was willing and ready to facilitate these interviews on November 18, 2025. It was the District staff's choice to decline to move forward with the interviews on November 18, 2025, or to subsequently reschedule the interviews. It is disingenuous to claim that Escuela Popular has delayed or interfered with the District's oversight when the School granted permission for the interviews and the District refused to hold or reschedule those interviews.

Additionally, demanding private, one-on-one interviews with staff is atypical and unorthodox for a school district authorizer conducting its annual oversight visit. This is not a standard expectation; it is an unusual request, and the District should not treat any claimed failure to do it fast enough as some kind of violation. **There is no legal requirement to present a school's employees for interview.** The Charter Schools Act only requires that the *charter school* respond to reasonable inquiries from its authorizer, not individual *employees*. Escuela Popular was, and remains, willing to accommodate interviews with the appropriate conditions.

Actions to Address the District's Concerns:

Rescheduling One-On-One Meetings with Staff

Escuela Popular remains willing to schedule interviews between District staff and Escuela Popular staff.

Our understanding is that these interviews will be voluntary on the part of the individual staff members in question. We also request the a copy of the interview questions be provided to Escuela Popular's legal counsel at least 5 business days in advance of any interview for this purpose so that counsel can then provide the questions to the relevant staff member. Additionally, some Escuela Popular staff members have expressed that they felt they were being interrogated in prior meetings with District oversight staff. In order to mitigate the fact that one-on-one interviews can feel intimidating for staff members, Escuela Popular will have its legal counsel present during these interviews. District staff are welcome to contact Escuela Popular's legal counsel to coordinate these meetings. Attorney Ellen Doty (edoty@ymclegal.com) will be the main point of contact for this purpose unless the District is instructed otherwise.

Submission of Contracts for EPCTC Employees

Escuela Popular has now submitted the contracts for EPCTC employees (see Exhibit D). Please reach out if additional information is needed.

Additional Steps to Facilitate Provision of Requested Information to the District

Escuela Popular does not believe that it has unreasonably delayed providing information to the District. However, Escuela Popular has taken steps to increase administrative staff's capacity to quickly respond to the District's requests. In addition, Escuela Popular has retained the assistance of an external Human Resources company, Vertex HR, to provide administrative support, including on issues of recruitment and credentialing development. Escuela Popular is hopeful that this will increase the speed at which Escuela Popular can respond to the District's information requests.

Even with these additional measures, Escuela Popular respectfully requests the District to provide adequate time to research and respond to District's questions, draft a response, and then get Board approval of the response. Although other authorizers routinely accept responses from the charter school's administration, the District's insistence that each and every response be Board-approved has slowed Escuela Popular's response time. Escuela Popular would like to direct its

administrative resources toward the goals it shares with the District of increasing the number of fully credentialed teachers at our schools and improving student outcomes.

In closing, I want to reiterate that we work as a collective team between school leadership, Executive Director, the Board, legal counsel, and our providers/consultants in responding to the District. This is done to ensure accurate and appropriate responses.

I am available to discuss further as needed.

Sincerely,

Dr. Pablo Reguerín, on behalf of the Escuela Popular Del Pueblo Board

Bill,

Edtec (the school's back office provider) has finalized the read-only access setup for the District in PowerSchool. We would like to recommend a walkthrough for the assigned District staff member. Once we confirm who will be receiving access on the District's end, we'll gladly coordinate a time that works best for them to walk through the system and ensure they can easily navigate and access the information they need. PowerSchool's complexity is definitely something we want to help mitigate. Do you know who specifically at the District the School and Edtec should coordinate with?

As far as the student-to-student analysis necessary to respond to attendance issues in the Ryland report, that is in progress and will be ready by the 8th of August.

Best,

Jerry

Thank you Jerry.

Confirming that the District requests *read only* access to the following fields/modules in PowerSchool for performance of charter oversight obligations:

- Attendance
- Enrollment
- Master schedule fields (both for the course list/teacher assignments, as well as student course enrollments)

Additionally, the District requests access to the "Advanced Reports" feature to run reports associated with the above-listed fields/modules.

The District will maintain the confidentiality of charter school student records/information obtained through its access to PowerSchool to the same degree that the charter school is legally required to meet under FERPA, except as necessary for the District to perform its oversight function as you referenced.

Also, Ms. Reguerin represented in her email on July 16, 2025, that Escuela anticipates providing a full response within one week, once they have completed their internal review and gathered all pertinent information. Since it has now been over one week, please advise regarding status.

Thank you,

Subject: FOR IMMEDIATE ATTENTION: Report by Ryland Strategic Business Consulting

Hi Paul, the District received the below response from Ms. Reguerin this morning in which she states:

Additionally, we are assessing the appropriate level of access to our systems, including PowerSchool, that aligns with internal protocols and data security requirements. We anticipate providing a full response within one week, once we have completed our internal review and gathered all pertinent information.

While we understand that additional time is needed to provide a response to the report, there is no justification for any delay related to accessing PowerSchool. The District again requests that Escuela provide the District with direct read only access to Powerschool without delay. Please ask your client to contact the District directly with that access information.

Additionally, as to the preservation of records request – since your client received the correspondence from the District enclosing the Ryland report on July 11, 2025, our expectation is that all data and records were preserved as of July 11.

Thank you.

Aloha Patricia and Cindy,

Per Education Code section 47604.3, EPCTC/EPAFLC "shall promptly respond to all reasonable inquiries" from the District and "shall consult with" the District "regarding any inquiries." We believe that open and cooperative communication between the District and the Charter School is an integral part of our relationship, and timely responses by EPCTC/EPAFLC to our reasonable inquiries are mandated and critical to fulfilling our oversight function/responsibilities as authorizer.

To ensure EPCTC's compliance with teacher credentialing, the District is requesting the following items:

- Contracts for all EPCTC Teachers
- Contracts for all EPCTC Instructors, Paraprofessionals, Teaching Assistants, etc
- First/Original start date of hire for all EPCTC Employees

Can you have this completed by the end of the day on Tuesday, November 18?

Thank you.

Please don't hesitate to reach out if you have any questions or concerns.

Between
ESCUELA POPULAR & Karina Mendel Batres

THIS EMPLOYMENT AGREEMENT ("Agreement") is entered into by and between the above-named employee ("Employee") and the Governing Board ("Board") of Escuela Popular ("EP"), a California public charter school approved by the East Side Union High School District ("District"). The Board desires to hire employees who will assist EP in implementing its purposes, policies, and procedures, and in achieving the goals and meeting the requirements of EP's charter. The parties recognize that EP is not governed by the provisions of the California Education Code, except as expressly set forth in the Charter Schools Act of 1992.

WHEREAS, EP and the Employee wish to enter into an employment relationship under the conditions set forth herein, the parties hereby agree as follows:

A. STATUTORY PROVISIONS RELATING TO CHARTER SCHOOL EMPLOYMENT

1. EP operates a charter school which has been established pursuant to the Charter Schools Act of 1992, Education Code section 47600, *et seq*., and which has been duly approved by the District, according to the laws of the State of California.

2. Pursuant to Education Code section 47604, EP has elected to be formed and to operate as a nonprofit public benefit corporation pursuant to the Non-profit Public Benefit Corporation Law of California (Part 2, commencing with section 5110 *et seq*. of the Corporations Code). As such, EP is considered a separate legal entity from the District, which granted the charter. The District shall not be liable for any debts and obligations of EP, and the employee signing below expressly recognizes that he/she is being employed by EP and not the District.

3. Pursuant to Education Code section 47610, EP must comply with all of the provisions set forth in its operative charter, but is otherwise exempt from the laws governing school districts except as specified in Education Code section 47610.

4. EP shall be deemed the exclusive public school employer of the employees at EP for purposes of Government Code section 3540.1.

B. EMPLOYMENT TERMS AND CONDITIONS

1. **Duties**

   The Employee shall work in the position of **Student Data Specialist**. The Employee will perform such duties as EP may reasonably assign and the Employee will abide by all EP policies and procedures as adopted and amended from time to time. The Employee further agrees to abide by the provisions of EP's charter. A copy of the job description for the above position is attached hereto and incorporated by reference herein. These duties may be amended from time to time in the sole discretion of EP.
2. **Work Schedule**

The work schedule for this **Classified NONEXEPT** position shall be located on their Paylocity Self Service Portal. While the Employee will be properly paid for all hours worked, the Employee is required to obtain EP management's prior written consent before working hours in excess of this work schedule, including overtime for school committees, school events, or other work assignments. The Employee will not render services in person or by electronic means, paid or otherwise, for any other person or entity during contracted work hours with EP.

FTE:1
Total Number of Work Days for Position: 234
School Calendar:12-Month

3. **Compensation**

The hourly pay for this position is **$34.16**, subject to all regular withholdings. The Employee shall be paid semi-monthly. The Employee shall not be permitted to earn overtime compensation without the prior written consent of EP.

4. **Employee Benefits**

The Employee shall be entitled to participate in designated employee benefit programs and plans established by EP (subject to program and eligibility requirements) for the benefit of its employees, which from time to time may be modified by EP in its sole discretion.

5. **Performance Evaluation**

The Employee shall receive periodic performance reviews conducted by his/her supervisor. At a minimum, performance evaluations will be conducted annually, on or about the anniversary date of employment with EP. The frequency of performance evaluations may vary depending upon length of service, job position, past performance, changes in job duties, or recurring performance problems. Failure to evaluate the Employee shall not prevent EP from disciplining or dismissing the Employee at-will in accordance with this Agreement.

6. **Employee Rights**

Employment rights and benefits for employment at EP shall only be as specified in this Agreement, EP's charter, the Charter Schools Act, and EP's Employee Handbook, which EP may amend and modify from time to time. Employment rights and benefits may be affected by other applicable agreements or directives or advisories from the California Department of Education or the State Board of Education. During the term of this Agreement, the Employee shall not acquire or accrue tenure, or any employment rights with EP.

7. **Licensure**

   The Employee understands that employment is contingent upon verification and maintenance of any applicable licensure and/or credentials.

8. **Child Abuse and Neglect Reporting**

   California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his/her professional capacity or within the scope of his/her employment whom he/she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident. By executing this Agreement, the Employee acknowledges he/she is a child care custodian and is certifying that he/she has knowledge of California Penal Code section 11166 and will comply with its provisions.

9. **Live Scan/TB Clearance**

   The Employee must complete a criminal background check which will be acquired through the California Department of Justice Live Scan process. The Employee will be required to assume the cost of all fees related to the Live Scan process. The Employee will be required to submit evidence from a health care provider that the Employee was found to be free from tuberculosis risk factors, or active tuberculosis if risk factors were identified. Both clearances must be in place prior to the first day of service.

10. **Conflicts of Interest**

    The Employee understands that, while employed at EP, he/she will have access to confidential and proprietary information. The Employee therefore shall not maintain employment or contracts for employment, or engage in any consultant or independent contractor relationship, with any other agency or school that will in any way conflict with his/her employment with EP.

11. **Outside Professional Activities**

    Upon obtaining prior written approval of the Executive Director, the Employee may undertake for consideration outside professional activities, including consulting, speaking, and writing. The outside activities shall not occur during regular work hours. EP shall in no way be responsible for any expenses attendant to the performance of such outside activities.

C. EMPLOYMENT AT-WILL

EP may terminate this Agreement and the Employee's employment at any time with or without cause, with or without advance notice, and at EP's sole and unreviewable

discretion. Either party may immediately terminate this Agreement and the Employee's employment upon written notice to the other party.

The Employee also may be demoted or disciplined and the terms of his/her employment may be altered at any time, with or without cause, at the discretion of EP. No one other than the Board has the authority to alter this arrangement, to enter into an agreement for employment for a specified period of time, or to make any agreement contrary to the terms of this Agreement, and any such agreement must be in writing and must be signed by the Board and by the affected employee and must specifically state the intention to alter this "at-will" relationship.

In the event of charter revocation or non-renewal, all contractual obligations under this Agreement cease immediately upon the effective date of revocation or non-renewal.

D. General Provisions

1. **Waiver of Breach**

   The waiver by either party, or the failure of either party to claim a breach of any provision of this Agreement, will not operate or be construed as a waiver of any subsequent breach.

2. **Assignment**

   The rights and obligations of the respective parties under the Agreement will inure to the benefit of and will be binding upon the heirs, legal representatives, successors and assigns of the parties hereto; provided, however, that this Agreement will not be assignable by either party without prior written consent of the other party.

3. **Governing Law**

   This Agreement will be governed by, construed, and enforced in accordance with the laws of the State of California.

4. **Partial Invalidity**

   If any provision of this Agreement is found to be invalid or unenforceable by any court, the remaining provisions hereof will remain in effect unless such partial invalidity or unenforceability would defeat an essential business purpose of the Agreement.

E. Acceptance of Employment

By signing, the Employee declares as follows:

1. I have read this Agreement and accept employment with EP on the terms specified herein.

2. All information I have provided to EP related to my employment is true and accurate.
