TK enrollment counts represented by location (zip code) of school site, with addresses obtained from **California Department of Education, California School Directory** (<https://www.cde.ca.gov/schooldirectory>). Estimated enrollment of CSPP-eligible children by applying a proportion to TK enrollment in each zip code based on the estimated percent of income-eligible families in each zip code.

Number of 3- and 4-year olds enrolled in Head Start in 2024-25 provided by **Head Start Program, Early Learning Services Department, Santa Clara County Office of Education**. Dataset provided included suppressed values for zip codes with enrollment of fewer than 6 children (\*). Underestimates for the suppressed values were used in calculations for the purposes of this report.

Population data were obtained from the U.S. Census Bureau's 2024 ACS 5 year estimates (Table B01001: Sex by Age) using the tidycensus R package. Income data were obtained from the U.S. Census Bureau's 2024 ACS 5 year estimates (Table B19001: Household Income in the Past 12 Months (in 2024 Inflation-Adjusted Dollars)) using the tidycensus R package. Estimated percentage of households below 85% SMI by applying a proportion to the income bracket group containing the 85% SMI value.

Number of 5-, 6-12, and 12+ year olds enrolled in CalWORKs Stage Two Child Care (C2AP), CalWORKs Stage Three Child Care (C3AP), Alternative Payment Program (CAPP), General Child Care and Development (CCTR), and Family Child Care Education Home Networks (CFCC) obtained from California Department of Social Services (October 2024). Dataset provided included suppressed values for zip codes with enrollment of fewer than 11 children (\*) as well as complementary cell suppression (\*\*). Underestimates for the suppressed values were used in calculations for the purposes of this report.

Number of 5-year olds enrolled in Head Start in 2024-25 provided by Head Start Program, Early Learning Services Department, Santa Clara County Office of Education. Dataset provided included suppressed values for zip codes with enrollment of fewer than 6 children (\*). Underestimates for the suppressed values were used in calculations for the purposes of this report.
