EQUITY | DIVERSITY | INCLUSION | PARTNERSHIP

Message from Dr. Mary Ann Dewan, County Superintendent of Schools

Dear Santa Clara County Community,

Engaging our youth in civic and community activity is an essential role for all of us. Together, we have the precious responsibility of helping students find their voices, supporting them as they engage in activities and efforts to make a positive impact, and uplifting them as leaders.

Youth in our county have an opportunity to develop leadership skills this summer as part of [Ed100 Academy for Student Leaders](#). Students ages 13 and older throughout the state will connect with their peers, policymakers, researchers and advocates. The Ed100 Academy for Student Leaders has extended its deadline for applications to Wednesday, June 15.

This free conference scheduled for June 20-22 encourages students across California to participate in leadership and civic engagement. Participation at this conference helps budding student leaders find their voice and provides opportunities to learn, lead and make positive changes in areas affecting their communities.

Adults can participate as [allies](#) by [encouraging students to apply](#) and attend the conference as well.

I encourage youth to continue their journeys in civic engagement and leadership. Youth have the power to make changes today that will have a lasting impact for generations to come.

We are **#StrongerTogether**.

Be well,

Mary Ann Dewan, Ph.D.
County Superintendent of Schools
