Hello everyone,

The new school year is set to begin for most schools in the coming weeks. Educators, families, and communities are taking steps now to get ready for the school year such as securing school supplies, engaging in enriching learning opportunities, and getting check-ups. Education and health are interconnected.

National Immunization Month serves as a timely reminder about the importance of vaccinations for people of all ages; vaccinations to protect ourselves and our community against preventable diseases, help keep children healthy and able to attend school regularly.

Providing an updated immunization record to your child’s school is part of the required documents to enroll in school. Now is the time to work with family doctors or nurses to catch up on missed checkups and recommended vaccinations. The Santa Clara County Public Health Department provides resources regarding child immunization schedules, how to find a clinic, and how to request a copy of an immunization record.

The California Department of Public Health has updated COVID-19 related vaccine information and resources for parents on the Parent Page: Safe Schools for All. Parents will also find resources on the Parent Page about how to access free COVID-19 self-test kits to have on hand.

Eating healthy foods, exercising, getting regular medical, dental and vision checkups, and staying up to date with immunizations are key for staying healthy.
We are #StrongerTogether.

Be well,

*Mary Ann Dewan, Ph.D.*
County Superintendent of Schools

**DID YOU KNOW?**

Did you know 90% of a child’s brain develops by age 5? Children attending early learning programs build strong foundations for success in life and future careers. The Santa Clara County Office of Education has resources to help families and caregivers find and enroll their children in programs that fit their needs. For more information, visit [https://www.enrollsantaclara.org/](https://www.enrollsantaclara.org/)
The County is proposing Zoning Ordinance Amendments relating to Senate Bill 9 (SB 9) which allows for a parcel/lot within a single-family residential zoning district and within a U.S. Census-defined urbanized area to potentially obtain ministerial approval of:
• Two dwelling units on a parcel (Urban Two-Unit Development), and/or
• Two-lot subdivisions, each lot with up to two single-family dwelling units (Urban Lot Splits).

These Amendments pertain to properties in the unincorporated County. The County is conducting an Information Session to present the proposed amendments after receiving recommendations from the San Martin Planning Advisory Committee and Planning Commission and prior to bringing the amendments to the Board of Supervisors for consideration.

The County encourages comments and participation from the public, especially from those interested in these changes and those living in areas where SB 9 is applicable. For more information regarding the proposed amendments and location of parcels/lots eligible for SB 9, or to submit comments or questions, please visit the County’s SB 9 webpage at https://plandev.sccgov.org/senate-bill-9.

Register for the virtual meeting on Thursday, August 4 from 6:30 - 7:30 p.m. at https://sccgov-org.zoom.us/webinar/register/WN_zyZboVkmR-ymijhDJJoTyGA

Children's Discovery Museum has teamed up with Stanford Flu Crew to administer COVID-19 vaccinations for the last eligible group - children ages 6 months and up. The clinics are Saturday, August 6, from 9:30 a.m. to 12:30 p.m. and Sunday, September 11, from 9:30 a.m. to 12:30 p.m. at the beloved institution in downtown San Jose. Walk-ups are on a first-come, first-served basis. The clinics are open to all eligible people for first and second doses and booster shots for eligible people five months after their last dose.

With funding from Anthem Blue Cross, every family whose child or adult gets vaccinated will receive a family pass (FREE MUSEUM VAXPASS) for a free museum visit. Families can use the pass the day of their vaccination or return by January 29, 2023. One pass per family.
