Hello everyone,

Teachers play an important role in molding children by inspiring them to become future leaders and innovators. It’s a unique profession that has a direct impact on a child’s life.

Despite the fulfillment of a teaching career, the number of graduates pursuing a credentialing program continues to decline. Local schools, early learning programs and childcare facilities struggle to attract and retain teachers and staff that represent the diversity of students in the county. There are many job opportunities available in education and all contribute significantly to the lives of children. The federal government, local municipalities, and the Santa Clara County Office of Education have created programs and added incentives to pursue a career in education.

As a result of the COVID-19 pandemic, the Department of Education announced major changes to the Public Service Loan Forgiveness Waiver. These changes are designed to support the workforce in early care and education including certain preschool and childcare programs. Staff who work for a qualified employer, including Head Start, preschool and childcare programs, may be eligible for federal student loan forgiveness, even if they were not eligible before. The deadline to apply for this waiver is October 31, 2022.

California students enrolled in a teacher preparation program in a high-need field such as bilingual education, special education and transitional kindergarten may be eligible to receive up to $20,000 through the Golden State Teacher Grant Program. And, for the first time, staff who
are enrolled in a program to pursue a Pupil Personnel Services (PPS) credential for counseling, social work or related areas may also be eligible for the Golden State Teacher Grant. In Santa Clara County, the Earn One, Add One program provides current school employees the opportunity to earn a special education credential tuition free.

Former UCLA basketball coach John Wooden said it best when he was quoted about the unique contributions of the teaching vocation, "I think the teaching profession contributes more to the future than any other single profession."

We are #StrongerTogether.

Be well,

Mary Ann Dewan, Ph.D.
County Superintendent of Schools

**Arts Grants**

We are pleased to announce our next grant cycle to support teachers in bringing arts experiences to their classrooms.

This year we have two (2) options: a $500 grant that can be used for arts materials and supplies or, funds (amount specific to project/experience) for an art project, performances, workshops, field trips or art experiences. The materials and supplies grant is intended for a single classroom.

For the larger grant award, teachers may opt to apply together for a joint art experience for multiple classrooms. Please include all participating teachers in the grant application. So get your creative juices flowing for an art project or activity that will engage and inspire your students!

The grant applications will open Friday, September 9 and will close on Sunday, October 9. Grant funds must be expended by May 12, 2023 with the final report due by May 31,
2023. Our team will review the applications and will contact awardees by Wednesday, November 2.

The Department of Education announced major changes to the Public Service Loan Forgiveness program for a limited time, as a result of the COVID-19 national emergency. Some borrowers will need to consolidate their federal loans and/or submit a PSLF form by Monday, October 31 to take advantage of this opportunity.

Passed by Congress in 2010, House Resolution 275 designates the week beginning with the second Sunday in September as National Arts in Education Week. During this week, the field of arts education joins together in communities across the country to tell the story of the impact of the transformative power of the arts in education.

There are several ways you can join in this year’s campaign:
1. **Celebrate.** Host a virtual celebration for your community, whether big or small, an existing event, or a new one. Download and use the shared logo to use for promotion. Be sure to download the 5 Ways to Partner Packet for other ideas of how to celebrate in your community!

2. **Advocate.** Work with your elected officials and decision-makers to share the value of the arts in education. Whether a mayor, principal, or U.S. Congressman, check out sample resolutions and videos, send an op-ed to your local newspaper, and use the Arts Education Navigator—an online tool with six action steps to crafting a personal advocacy plan.

3. **Participate.** Share your story in the social media campaign, #BecauseOfArtsEd, to bring national visibility to the issue of arts education. See below for more information and download the Social Media How To Guide.
