

Message from Dr. Mary Ann Dewan, County Superintendent of Schools

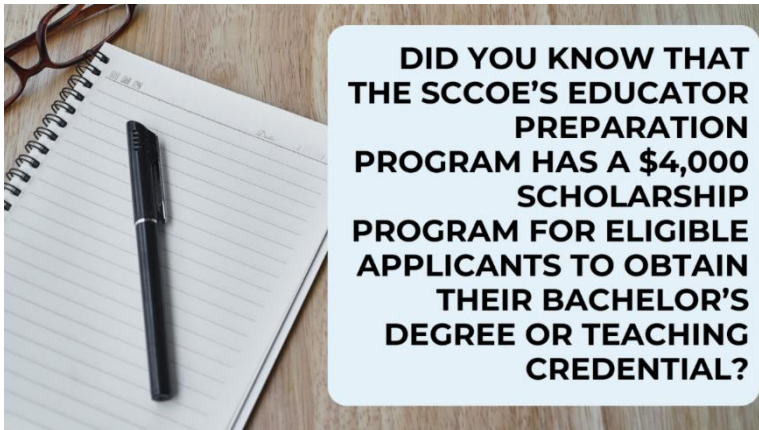

Dear Santa Clara County Community,

A career in education is one of the most rewarding experiences. Work in the public sector not only supports personal goals but also uplifts the community.

When people consider a career at an office of education or school district, the profession that comes to mind is teaching. Teachers are an integral piece of our community and we appreciate their dedication to educating the children in our county. And yet, there are many other types of certificated roles available too. Counselors, school nurses, speech-language pathologists, school psychologists, and audiologists all play an important part in education.

Mary Ann Dewan, Ph.D.
County Superintendent of Schools

The Santa Clara County Office of Education (SCCOE) will host the annual Step into an Education Career Fair on Saturday, February 10 from 9 a.m. to 1 p.m. This is not only an opportunity for community members to learn more about the professions available at the SCCOE but also an opportunity to speak to partners and university staff regarding credentialing offered through our Educator Preparation Programs. To learn more about this event, visit: <https://sccoe.to/StepIntoEducation>

Anyone can step into the SCCOE. I hope you choose to join us.

In partnership,

Mary Ann Dewan, Ph.D.
County Superintendent of Schools
