

# Dual Enrollment

Taking free college courses while at OYA

# What is Dual Enrollment?

- Taking a college courses while in high school
- Get 10 elective credits at OYA
- Work on a certificate/degree ahead of time
- Graduate college early

# Associates Degree or Certificate?

— — —

An Associates degree is a college degree that includes studying general education and your major classes (allows you to transfer to university)

A certificate contains only the classes you need to learn specific skills for the job you want. Usually takes a year or less to complete.

# The Process

# Meet With Your College Liaison!

- Part of the graduation process is to meet with your College & Career Liaison to create a transition plan
- A transition plan is what you plan to do after graduation such as work, go to college or trade school
- Contact Linda Ahmad to set up a meeting to begin creating your plan either over Zoom or in-person.
