American Rescue Plan Act Elementary and Secondary School Relief Fund (ESSER III) Safe Return to In-Person Instruction Local Educational Agency Plan Template

Background on ESSER

The American Rescue Plan Act (ARP) signed into law on March 11, 2021, provided nearly \$122 billion for the Elementary and Secondary School Relief Fund (ESSER). ARP ESSER, also known as ESSER III, funds are provided to State educational agencies in the same proportion as each State received under Title I-A of the Elementary and Secondary Education Act (ESEA) in fiscal year (FY) 2020. The U.S. Department of Education (ED) published Interim Final Requirements (IFR) on April 22, 2021 requiring Local Educational Agencies (LEAs) receiving ESSER III funds to submit an LEA Plan for the Safe Return to In-Person Instruction and Continuity of Services. If an LEA had already developed a plan for safe return to in-person instruction and continuity of services prior to the enactment of ARP that meets the statutory requirements of section 2001(i) but did not address all of the requirements in the IFR, the LEA must revise and post its plan no later than six months after receiving its ESSER III funds. This applies even if an LEA has been operating full-time in-person instruction but does not apply to fully virtual schools and LEAs.

Purpose of the Template

The IFR issued by ED outlines several requirements for all LEAs that receive ESSER III funds, including that LEAs have in place a plan for ensuring safety during in-person instruction (either in-progress or planned) as well as ensuring continuity of services should the LEA or one or more of its schools be required to close temporarily for COVID-19-related public health reasons in the future. LEAs who had a plan in place by March 11, 2021, which incorporated opportunity for public comment and was posted publicly have six months from the date their ESSER III Assurances were completed to update and revise the plans to meet those requirements. Examples of previous plans that may be allowable would be a completed Cal/OSHA or Assembly Bill 86 plan, as long as it meets the requirements previously stated. LEAs which did not have a statutorily compliant plan in place as of March 11, 2021, must create and post this plan within 30 days of completing their ESSER III Assurances.

If you have questions as to which category applies to your LEA, please contact EmergencyServices@cde.ca.gov. Plans are required for all LEAs, regardless of operating status, unless an LEA is fully virtual with no physical location. All plans must be reviewed, and, as appropriate, revised, at least every six months to incorporate new or revised CDC guidance and other changed factors.

This template has been created to assist LEAs in the creation of these plans and to ensure all required elements are met. The following requirements and assurances pertain to both the statutory requirements and the IFR published by ED. LEAs may provide any additional information they believe are helpful in assessing their plan. If you have any questions, please contact EmergencyServices@cde.ca.gov.

Opportunity Youth Academy

Option for ensuring safe in-person instruction and continuity of services: will amend its plan

1. Please choose one:

NOTE: If your LEA already has a compliant plan as of March 11, 2021, and has assured such by checking the box above, then you may skip questions 2-4 and complete the Assurance and Contact sections.

The LEA has amended/created a plan compliant with the IFR using this template and has posted/will post it within 30 days of completing the ESSER III Assurances.

NOTE: If checking the box above that you are using this template to meet the 30 day plan requirements, you must respond to each question in the template.

Please note whether the LEA has a compliant plan and include a link to the plan, or acknowledge that the LEA is submitting a new plan and will post it within 30 days of receiving funds.

The Opportunity Youth Academy (OYA) is a dependent charter school of the Santa Clara County Office of Education. OYA operates 6 sites across Santa Clara County. Our students are youth and young adults aged 16-24 who are disengaged from school and community. Our staff are dedicated and committed to re-engage students through an innovative curriculum that integrates technology with academics ensuring their success. We are committed to ensuring the quality education, services, support and care of our students and staff. The health and safety of our school community is a top priority for OYA.

This document is intended to provide staff a guideline for health and safety protocols for the safe operation of inperson schooling for all of our sites so that members of our school community can share in the continued success of our students. These guidelines are in line with the County of Santa Clara Public Health Department, the State of California Public Health Department, and the Federal Centers for Disease Control and Prevention (CDC).
